

For Your Passengers

DVDs

Check out popular and/or classic titles from our regularly updated collection. Four regular DVD or Blu-ray titles can be checked out at a time for a period of 7 days. Also ask about our Lucky Day titles that have a stricter limit of only 3 days.

Zinio E-Magazines

Full digital copies of popular magazines that you can download to your mobile device and read while offline. Access the collection via our website.

Playaway View For kids of all ages.

Portable and pre-loaded with multiple videos; you just have to press play! Features external speakers, universal headphone jack, and an AC Adaptor to recharge. Check one out for 7 days; late fee is 5¢ per day.

Playaway Launchpad

Learning tablets created just for children. Comes pre-loaded with high-quality learning apps and games grouped by subject area, grade level, and age. Check one out for 7 days; the late fee is also only 5¢ per day.

Overdrive Read-Along

These e-book titles have professionally recorded narration that plays along while your child reads.

Hundreds of Audiobooks on CD!

The library has thousands of audiobooks in our collection, in many different genres. Choose from national bestsellers or classic literature. Each title can be checked out for 3 weeks. Our audiobooks on CD can be checked out for 21 days, are renewable, and have a late fee of only 5¢ per day.

Try a MP3 CD Audiobook!

An MP3-CD looks, sounds, and feels like a regular CD (compact disc). However, the content file is more compressed so that an entire audiobook will fit on one disc. New CD players which are marked as MP3-CD compatible will play MP3-CD audiobooks—as will most new DVD players, some computer CD drives, and new in-dash car audio systems. MP3-CD books can be checked out for 3 weeks. These titles are renewable and have a late fee of only 5¢ per day. Perfect for your everyday commute!

Thousands of E-audiobooks

Bullitt County Public Library offers two collections of e-audiobooks: Kentucky Libraries Unbound and OneClickdigital. Once checked out, an e-audiobook can be downloaded directly to a device like a smartphone or tablet. You also can download an e-audiobook title to your computer and then upload it to an MP3 player using OverDrive for Windows or Mac, or the OneClickdigital Media Manager. It is also possible to burn some e-audiobooks to CD using OverDrive for Windows or Mac. Access our e-audiobook collections via our website. Look for our brochures that explain the whole process!

Ever try a PLAYAWAY?

A small (about the size of a deck of cards) device that is pre-loaded with an audiobook. Our collection includes popular titles in both fiction and nonfiction genres. All you add is a AAA battery and ear-phones! Check one out for 3 weeks. They are renewable with a 5¢ per day late fee.

Direct Connect Cable

Some car systems have an auxiliary input for devices like PLAYAWAY, iPods, and other MP3 players. Just connect a Direct Connect Cable into the headphone port of the device and the auxiliary port in your car's audio system. These cables are available at electronics and department stores. They are also called "mini-stereo" or "headphone" cables; both ends look the same. (3.5 mm)

FM Transmitter

An FM Transmitter connects portable music players to your vehicle or home stereo quickly and easily. Just plug it in to the headphone port of your device (such as a PLAYAWAY) then tune your car stereo or home receiver to the clearest FM frequency and enjoy your book!

Cassette Adapter

Just plug the adapter's cable into the headphone port of your device (such as a PLAYAWAY), insert the adapter into the cassette player in your car or home stereo, press play, and enjoy!
