

## **Fundraising in the Library Policy**

*Approved 2/14/2012*

*Revised 6/14/2016*

Fundraising or selling of items at the Bullitt County Public Library locations to the public is not permitted unless the fundraising or sale is part of a library-sponsored event.

The following actions are permitted in the library:

- Artists may display contact information and business cards when displaying their arts on the library's art walls.
- Handouts and pamphlets in the library may advertise fundraising events that are taking place outside of the library premises if they are for community, educational, and non-profit groups. They can be posted in designated spaces in the libraries as long as space is available.
