The big graded and high school here also gave a big treat to every child in Shepherdsville and surrounding neighborhood on the same day.

### \*\*\*Good Man Dies

Mr. Thomas Shepherd, who was stricken with paralysis December 23 at the home of Mr. and Mrs. Fred Hatzell, died December 31 and was laid to rest in the Barrall family burying ground January 1.

Mr. Shepherd was born in England, near Yorkshire, June 6, 1837, and came to this county when a young man. For more than forty years, he had made his home with the families of S. F. Barrall and J. J. Samuels, and for the last two or three years, he had spent most of his time with Mr. and Mrs. Hatzell. He was a good, kind old man who never did anyone any harm and was very proud of children.

He spent many happy days with the above-mentioned families and thought as much of Mr. and Mrs. Barrall's children and Mr. and Mrs. Samuels' children as if they were his own. He leaves no relatives in this country to mourn his loss, but his death will be mourned by those whom he lived with and those who knew and loved him as much as if he were related to them.

He is gone but not forgotten and when he crossed the river at the foot of hill of life may he ever dwell in endless bliss.

## \*\*\*Death

The death of little Paul Mount Davis last Sunday evening December 31, 1916. The angels came in the home of Mr. and Mrs. Davis and claimed their little darling who was only ten months and three days old when God called him home where with Him, there will be no parting or pain. He leaves to mourn his loss, father and mother, brother, grandfather, besides several aunts and uncles.

Left us yes forever more, but we hope to meet our baby on that bright and happy shore. Lonely the hours and sad the hours since our dear one from us has gone. But, oh, a brighter home than ours in heaven is now his home. His hands are clasp upon his breast.

We have kissed his lovely brow, and in our aching hearts we know they have darling now. Our darling, how we loved him, he was their joy and pride, we loved him, oh, perhaps too well, for soon, so soon, he died. All is dark within our home, lonely are our hearts today, for the one we loved so dearly has forever passed away. Through all pain at times, he'd smile, a smile of heavenly birth and when the angels called home, he smiled farewell to earth. Those sparkling eyes, his pearly brow, and baby's lips so sweet to kiss are closed forever now. His little heart that beat so high is free from all care and gloom. Are hidden now from those he loved, beneath the silent tomb. His little chair is vacant now, his little clothes laid by. A mother's hope, a father's joy, in death's cold arms doth lie. Lord, give us strength our loss to bear, and lead us in the heavenly.

## \*\*\*Educational Jottings

This office just received the following resignation:

Mr. Ora L. Roby, County Supt., Shepherdsville, Ky.

Dear Sir -

I hereby tender my resignation as a member of the County Board of Education.

My relations with yourself and the Board have been exceedingly pleasant and I sincerely hope that your future administration of the school affairs of the County will redound to the honor of yourself and the County Board.

Very truly, C. C. Daugherty.

Mr. Daugherty and Mr. H. H. Glenn were both sworn in office as trustees of the Graded and High School here, and the selection is a good one, as they are and have always been good school men.

In the death of Mr. W. T. Lee, which occurred Saturday, this community and county has lost one of its most progressive citizens. He was well known over the entire county, and a cousin to the late W. Jeff Lee, who served the school people of this county for many years.

Last Wednesday the fifth installment of the teachers salaries arrived on time and checks are being mailed out to all teachers who have made their worthy reports.

The little state of Rhode Island has for a number of years maintained the largest public school of any state in the Union.

Troutwine, will give up her school Feb. 1<sup>st</sup>, and the vacancy will be filled, as we have been informed by Miss Bertha Trunnell.

The school at Mt. Washington is now using the splendid new building at that place and with the help of their Commercial Club, better known as the "Boosters Club", gave a supper for the benefit of the school and had a large attendance and realized a good sum for the cause.

In last weeks' educational column, a slight mistake occurred, in which 215 ladies of each of the great parties would set in this session of the National Congress, the word "ladies" should be been omitted.

The new single seats have just arrived and have been sent to the school at Pleasant Hill.

The good people there and their trustees and teacher have paid one half of the costs.

Mrs. Floyd Jenkins, a highly respected lady of Zoneton, died Jan. 14<sup>th</sup> and was buried the following day.

She was the aunt of Mrs. Ethel Jenkins, who formerly taught school at Clermont.

Miss Neva Magruder, teacher at Woodsdale School, near Lotus, is on the sick list and has closed her school for the present.

The first Common School Diploma Examination for 1917 will be held at the Court House in Shepherdsville, January 26<sup>th</sup> and 27<sup>th</sup>, while the last will be held May 11<sup>th</sup> and 12<sup>th</sup>.

A diploma from this examination

gives Kentucky pupils three privileges: the right to enter high School, attend the State College or State Normal, all free of any cost for tuition.

The High School here, under the leadership of Prof. Sanders and Miss White, with Dr. Ridgway as coach, went to the big consolidated school last week at Worthington, near Louisville, and played two games of basket ball. The first, our boys won 26 to 22 and our young ladies won 24 to 16.

Another game will be played here soon and the largest crowd ever gathered at the local "Gym" will no doubt be on hand.

Congratulations to pupils, teachers and coach.

Below we print a list of 29 splendid boys and girls of the Sugar Valley School taught by Mrs. Dora Harris, who did not miss a single day last month.

There were 30 enrolled and the 29 below did not miss a single day and some live 4 miles away.

### \*\*\*Death of W. T. Lee

#### Prominent and Wealthy Citizen Yields to the Grim Reaper

Mr. William Thomas Lee, one of our wealthiest, most prominent, and best liked citizens, after an illness of one week died at his residence in Shepherdsville last Saturday evening at 8:45. Contracting pneumonia, just one week before his death, Mr. Lee, his physician and family realized that due to a weak heart, his condition was most critical. The best of trained nurses were provided, and all that love and skill could do was done, but death would not be denied.

The funeral services were held in the Baptist Church Monday morning and were conducted by Rev. H. C. McGill of the Baptist Theological Seminary, of Louisville, after which the burial took place in Hebron Cemetery.

The active pall bearers were C. L. Croan, J. C. Jefferies, S. B. Simmons, R. H. Glenn, Lindsay Ridgway and W. N. Griffin.

The honorary pall bearers were: Richard Wathen, Ora L. Roby, Leo Dawson, C. V. Muir, Otis Russell, D. J. Russell, J. F. Combs, W. F. Knight, W. S. Rouse and J. R. Zimmerman. The funeral services were attended by a large concourse of sorrowing relatives and friends who braved the deep snow and severe weather to pay a last tribute of love and respect to the memory of a departed neighbor and friend.

William Thomas Lee was born near Belmont, in Bullitt County, February 10, 1857. In 1875, he was married to Miss Sarah Atcher. To that union were born eight children, six of whom are living, the other two having died in infancy.

He is survived by his widow, Mrs. Sarah Lee, three daughters, Mesdames S. W. Bates and C. P. Bradbury of this place, and Mrs. B. Alfred Owen of San Antonio, Texas, and three sons, Robert E. Lee, of this place, Dr. Curtis J. Lee, of Oklahoma City, and Herbert W. Lee, of Detroit, four sisters, Mrs. William Miller of Hodgenville, Mesdames Thomas Smith and Ernest Anderson, of Louisville, and Chester Hill, of Belmont, and two brothers, C. D. Lee, of this city and John H. Lee, of Belmont.

Mr. Lee united with the Baptist Church in his boyhood and was an active member until claimed by death. He had been a Trustee of the Shepherdsville Baptist Church for more than twenty years, always willing and ready to do what he could.

He was public spirited and enterprising, and one of the most energetic men Bullitt County ever produced. All the way from his boyhood to the day his last illness forced him to seek his bed, his life was filled with hard work and vigorous activity. He was a large employer of labor, and will be missed by the many to whom he gave work. The large estate which he left to his widow and children came through his matchless energy and splendid intellect.

To his grief stricken companion, with whom he braved life's

storms and struggles for more than forty years, and to his sorrowing children and relatives, we tender our deepest sympathies.

### \*\*\*Fine Public Spirit

On Sunday last, Shepherdsville witnessed a real example of public spirit. A nine inch snow had fallen overnight, the deepest in years. As people peered thru their windows that morning, their hopes of attending Sunday School and church or anywhere else began to go glimmering. Ploughing the depth of snow would be well nigh impossible, especially for women and children.

Just when things looked blackest, or rather whitest, the man of the hour appeared on the scene. Seemingly oblivious of the chilling wind which must have penetrated his very marrow, he came blithely along riding upon a wooden wedge shaped plow drawn by stalwart horse and where ever this triumvirate went, the snow was bound to fly. A British "TANK" could not have done it better. All up and down the main streets and sidewalks, and even up the walks of private residences, this public benefactor came. Time nor cold seemed no object to him. As a result of his labor of love, his fellow towns folks went about their Sunday affairs as little handicapped as possible.

The citizens of Shepherdsville owe Mr. S. C. Bridwell and sons a debt of lasting gratitude, not only for the intrinsic value of the service which he rendered, but also for the shining example he set for other citizens in similar cases of public need that the

future may hold in store. P.H.R.

\*\*\*Notice - I hope to be well enough to preach next Sunday evening, Jan. 21.

As I was not able to be at the services on our last regular preaching day, and as there will be a matter of church business to attend to, this service will be held at the Baptist church. All are invited to attend. Rev. H. C. Combs

\*\*\*Unlawful to kill game.

It is now unlawful to kill game of any kind, except ducks, and persons violating the game laws should be reported and fined. Farmers should not only report all violations, but they should feed the quail. The quail is one of the farmer's best friends. He catches insects which destroy crops and eats weed seeds. The quail eats very little grain, but confines its operations to destructive insects and wild seeds.

\*\*\*Hebron

The B.Y.P.U. of Little Flock will meet next Saturday night with Mr. and Mrs. Chas. McKenzie.

With a nine inch snow, we are reminded of the winters talked about by the oldest inhabitants.

Norman Jenkins and wife were called to the city to attend the funeral of Pete Fischer, brothers of Mrs. Jenkins, who was killed by his brother-in-law, near Brandenburg, Ky, last week.

The midwinter examinations are on at the High School of the city, and our young ladies who are students there will have a week's holiday, as the examinations extend over two weeks.

Mr. Raymond, of Brooks, has moved to the residence of Dave Crumbacker, and will work for him the current year, while Colin White moved to Mr. Cochran's farm.

Miss Marion Cooper and brother, Price, have the mumps.

Every sled is in requisition this weather, and many regret not having any to use. Not often do we have an opportunity to enjoy the sport of sleighing and skating as we can now.

Did you buy an Aladdin Lamp from Albert Kulmer: If not, then you can not get the full pleasure out of these long winter evenings.

Two funerals at one time in our cemetery does not often occur, but Monday, the burial of W. T. Lee took place at Hebron, while the funeral service for Mrs. Floyd Jenkins was being held in the church.

Mrs. Floyd Jenkins (nee Miss Rose Scott) died Saturday night Jan. 13<sup>th</sup>, 1917, aged 39 years and some months, after an illness extending over about three years. She leaves a devoted husband with four sons to mourn the loss of the one who made home happy. Mrs. Jenkins was a bright, energetic woman, a great favorite with all who came within the circle of her acquaintance and she made a brave fight against the insidious disease which sapped her life. She loved her family, she loved her beautiful flower crowned home, but God saw it was best to take her hence, and while we cannot understand, we can trust Him to reunite the family circle some day. To husband and children, father,

sisters and brother, we extend our sympathy.

Point, Ky. Dear neighbors: Well, boys, the first thing is to ask you is to forgive me for not writing to you sooner, but as you know, I had a pretty hard time for the first few weeks I was here. So since I have been able to get around, I have been viewing this place and right now, neighbors, I want to say that we have the best Sanatorium in the world. I have been here a little over three months, and have gained nearly 40 pounds, so you can imagine that we have some good eats. They just finished the new hospital before I came at a cost of \$200,000. It is up-to-date in every form and will say everything here is as nice as can be. We have a dentist here that does all our dental work free of charge. Also, an up-to-date laundry, and all work is free. So, boys, you can see what myself and all the other neighbors are getting for 3 cents per month, otherwise, it could not be had for \$75.00. So one of the best things I ever did in my life was when I joined the M.W. of A. and I want to thank you good neighbors for advising me to joint the best lodge in the world. We also have for our social benefit, Church, Sunday School, Lectures, Picture Shows, and Concerts every week. So you can see, it is not as lonesome as you would think. We chase the cure about 5 hours a day, and the rest of the time we are at leisure to do as we please. We sure have some nice men here from every state in the Union, about 230 in all. We have six doctors and about fifteen nurses, and I write to say and tell you we have the best that money can get.

Well, boys, I often think of you

and wish I was with you, but as I am not and cannot be for some time, I wish you all well, and may God bless each and every one of you, and boys, if you know a good thing, stick to the M. A. of A's. Fraternally yours, R. O. Mattingly.

Miss Bertha Engle of Belmont, Miss Edna Stark of Pleasant Hill are on the sick list. Miss Stark has given up her school for the present.

Sex Barger and Rev. Brashear have been serving on the board of tax supervisors.

All trustees for the rural schools of the County will, under the new law, meet at the Court House March 3<sup>rd</sup> to reorganize and elect a new County Board for the coming year.

The high school team from the school at Boston, KY played games at the local "Gym" here Friday night. The score being 56 to 6 and 20 to 4. The visitors are a fine bunch of players but this is their year.

Supt. R. O. Rohemer of Warren County Schools died last week at Nashville, Tennessee following a recent operation.

Miss Nell Anderson who has been teaching at Whitfield for two years, left for her home in Indiana.

Mrs. J. L. Laswell was sworn in as Trustee last week at the Belmont school to fill the vacancy caused by the resignation of Mr. R. B. Purcell.

Mr. Purcell is connected with the Rail Road Company, is his only reason for leaving his school duties.

Mr. Chester Hill, another good school trustee at the same place, will have charge of the large new store now being built in that town by G. S. Patterson & Co.

Several patrons of the Graded

School at Bardstown Junction have asked for petition to be circulated and presented to Judge Funk asking that a day be fixed on which a vote can be to abolish said graded school.

The action, so they claim, is caused by the new law compelling all graded schools to carry a high school course or go back to the rural school, the plan making said change possible is also a new law and may be abolished by a majority vote of the patrons.

This school was voted some 15 or 20 years ago and since it is the first in the county to ask for such a vote, the result will be watched with a good deal of interest by this and many other counties throughout the entire State.

Miss Beulah Lee of the Belmont school is seriously ill with the pneumonia at her home at Wooldridge Ferry. She is the daughter of Mrs. Clarence Lee and had expected to enter high school at the end of this term.

Mrs. Lem Nichols, a highly respectable lady of Cupio and grandmother of Miss Eunice Ridgway died Monday at her home of cancer from which she had been a sufferer for several years.

\*\*\*McCauley's Theatre

Louisville will be the only Kentucky city to be visited by the those famous comedians, Montgomery and Stone, in Charles Dillingham's production of the musical fantasy "Chin Chin". The engagement will be at the McCauley Theatre for one week beginning Monday night, Jan. 29 with matinees Wednesday

and Saturday only. As this will be the last season of Montgomery and Stone in the "Chin Chin", there will be a lively curiosity on the part of play goers to see this entertainment which holds all known records for receipts and longevity. Produced in September, 1914, it ran for 72 weeks at the Globe Theatre, New York, Boston and Chicago. Now it is visiting intact some of the larger cities of the country, carrying the entire original company of the hundred, including besides Montgomery and Stone themselves, Douglas Stevenson, the young Kentuckian, who has made such an enviable record for himself in musical comedy. Mr. Stevens (sic), a native of Versailles, KY plays the role of Aladdin, the fortunate possessor of the magic lamp until the wicked magician gets it away from him; but not for long, because Aladdin recovers it, and marries the beautiful Yankee princess. Mr. Stevens sings the song that has sold more copies in the past three years than any lyrical number in a decade, called "Good-By, Girls, I'm Through". Montgomery and Stone, America's two funniest men are each seen in five different characters, and there also is with the company, the six Brown brothers and their clown band playing the saxophone and whose music records are on everyone's self player or phonograph.

Knowing that many hundred persons will desire to see these two comedians and realizing that many will come from the outlying towns around Louisville, and will wish to catch the trolleys home, the curtain will raise promptly at

### \*\*\*Death

The angel of death came into the home of W. F. Owen of Jeffersontown last week and claimed for his own his wife Lula E. Owen (nee Roby) and youngest daughter, Hazel.

Little Hazel was sick only a few days. She was taken so quickly from the bosom of those into whose lives she was so tenderly loved and cherished, with pneumonia. We do not know why this little one was taken from the home where she was so much comfort, but we do know that our Heavenly Father has deemed it best in his infinite wisdom to call her home and that God doeth all things well. She leaves to mourn her loss a heartbroken father, one brother and four sisters besides a number of other relatives and friends. She was born September 27, 1910, died January 14, 1917 being 6 years, 3 months and 17 days of age. Funeral services were conducted by Rev. Wheat at Bethel after which her remains were buried at that place. Weep not for little Hazel dear father, she will be a bright shining Angel in the resurrection morn. Christ said "Suffer the little children to come unto me and forbid them not for such is the Kingdom of Heaven".

Little heart, it has ceased its throbbing; Little hands lie still on her breast.

Sweet lips do not answer the smiling, Bright eyes closed forever in sleep.

Away from all sorrow and care, We are so lonely and often weep, for we miss you everywhere.

The mother of this dear little baby, Mrs. Lula E. Owen fell asleep in death just two days later, being Jan. 17<sup>th</sup>, 1917 at 4:15 a.m. at her home near Jeffersontown. She was born March 22, 1869, being 47 years, 10 months and 14 days of age.

She spent all her life in Bullitt, until about five years ago, she with her family moved to Jefferson County, where she was when death came. She had been in ill health for several years, but seemingly was as well as usual until last Tuesday, she took suddenly with pneumonia and never recovered.

During her girlhood days, which was spent in Leaches, she was universally loved and admired for her bright, sunny disposition and many beautiful noble traits of character. 28 years ago, she was married to W. F. Owen, from this union was blessed with ten children only five survive. They are four daughters, Mrs. Mike Brumley, Mrs. Claud Stallings, Misses Nora and Mamie and one son, Earl. She joined the Baptist church when quite young, but in order to be in same church with her husband, she went to the M. E. Church where she was a faithful member until the end. She leaves besides her husband and children to mourn her loss, one brother, J. A. Roby of Leaches, one sister, Mrs. Kate Hall of Pleasant Grove vicinity and one half-sister of Crete, Illinois,

besides a host of nieces, nephews and a large circle of friends. Funeral services were conducted on Jan. 18 by Rev. Wheat at Bethel M. E. Church, after which she was peaceful (sic) laid to rest before a large crowd of relatives and friends. One link has been snapped from the golden chain, one member has left the family circle to return no more. Somewhere beyond the dark tides of the mystic river her spirit is at rest and from invisible heights, she is watching with undying love the dear ones who are mourning her sad and untimely departure. To the sorrowing husband and children, the writer extends her deepest sympathy. We know she cannot come back to us but let us prepare to go to her where there will be no more sorrow or pain. A living niece and cousin.

matter, but a town clock on the Cupola of the Court House would not only reflect credit to the town and county, but would be a much needed accommodation and add to every citizen in the county a pride. It seems that when the building was contracted, the Cupola was built for a clock, but up to the present, no chime has ever rang out from the pinnacle of the county's building, telling the hours as they go by. Let's have a clock on the Court house.

## \*\*\*Works of a True Man

In the demise of W. T. Lee, Shepherdsville and Bullitt County suffers a great loss. Mr. Lee was essentially a self-made man, and when his lite closed, no man could dispute the fact that his work had been well done. The secret of his success was industry. His energy was unlimited. With his splendid physique coupled with his ambition and energy, success was a question of time.

His real beginning in life was on the farm just west of Shepherdsville, which he bought and moved upon less than thirty years ago, and there he toiled and managed and dreamed and succeeded, year by year, educating children and fitting for duties of life. Leaving the farm in about 1895, and purchasing and occupying as a home, the house in which breathed his last, he became one of Shepherdsville's best and most enterprising

citizens. For many years, he was Chairman of the Board of Trustees of the town, always working for the best interest of the town.

In his religious and political views Mr. Lee was fixed and unchangeable but he accorded to every man the same rights which he claimed for himself and many of his best and warmest friends belonged to churches and parties other than his own.

At the time of his death, he was a Trustee in the Baptist Church, Vice-President of the Bullitt County Bank, and member of the Town Board, and he filled each of these positions with fidelity and ability. His friends were legion. Everybody liked him because he liked everybody. In a hundred ways, he had been helpful to our county. He was Vice-President and President of the Bullitt County Fair, a member of the board of Directors, prominent in building up our Graded High School, zealous in church and Sunday School work and in many other ways. As a neighbor, he had no superior, and as a friend, his faithfulness could not be doubted. In the latter years of his life, he was wrapped up in his family and his children and grandchildren. His great desire was to see them prosper in life and he rendered them every assistance.

Just before the somber shadows of death settled upon him and shut out from his family visions, the forms of his loved ones, he recognized his two grandsons, Charles and J. W. Bradbury, and called them to his bedside, and requested them to bring him some snow; they did do, and he

impartially ate some of it from the hands of each and lapsed into unconsciousness. The numerous floral designs and the tears of many strong men attested the high esteem in which he was held. The chamber in which his remains lay was a bower of beautiful, fragrant flowers. In industry, in energy, in ambition, in patience, in stability and in many other ways, the young men of Bullitt County can afford to emulate the splendid example of William Thomas Lee.

### \*\*\*Death Claims Mrs. Bemiss

After having been afflicted with infirmities for a long period, death came Saturday morning at 1:30 o'clock to Mrs. Cordelia Bemiss, age 84 years, at the home of her son, R. T. Bemiss in this city. Mrs. Bemiss had withstood

old age in an exceptional manner until a short time ago when it was seen that her body was fast failing under the weight of years, and then every thing was done to make the few remaining days on earth as pleasant and comfortable as possible. In many respects, she was a remarkable woman, retaining all of her faculties almost until death called.

The remains of Mrs. Bemiss were conveyed to Bloomfield, her old home, Sunday where funeral services were conducted at the Christian Church, which organization she was a member, after which her remains were interred in the cemetery at that place.

### \*\*\*Died at her Home

Mrs. Mary J. Stallings departed this life at her home near Lebanon Junction, January 18, 1917, at 12 o'clock. She was almost 83 years of age. Death was caused by complication of diseases; she had been in declining health for several years, but was bedfast only a short time. Funeral services were conducted at her home by Rev. Bell of Lebanon Junction. The house of filled with people who came to pay their last tribute of respect to the deceased. She became a Christian in early days. She was married to Henry Stallings in 1853. Before her marriage, she was Mary J. Stader. To this union were born 8 children, of whom 4 have passed on before and 4 survive her. They are Mr. W. C. Stallings of Charleston, Missouri, R. S. Stallings, J. P. Stallings of Lebanon Junction, one daughter, Mrs. Clara French, of Highland Park, KY. She also leaves to

mourn her loss, many grandchildren, great-grandchildren, nieces and nephews to whom we extend our sympathy to the bereaved ones. She and her son, James, had lived together for several years, her husband having been dead for 42 years. She was a kind and helping neighbor who was always ready to lend a helping hand. She was a loving mother and grandmother. She was loved by all who knew her and will be greatly missed in this county where she had lived about 60 years. She live in a mile of where she was born and reared.

Another paragraph of flowery words only.

Signed, a Loving Great-Granddaughter.

### \*\*\*Only a Little Talk

Some observations that can't be obliterated while out in the ozone.

Mr. Millard Troutman was a guest at the Majestic Apartments in the city recently. He goes in frequently, if not more frequently, and each visit seems to call for another, all of which causes some of our girls to sit down and take notice.

S. Thomas Hornbeck, the old sleep loser, lost some sleep in Louisville Sunday night hunting for Harry. After church, Harry went to the Hotel, and retired, and Tom, not knowing what had become of him, looked and looked and just kept on looking until it was away after nine of the clock, after which he was tired and retired, still tired, and he looks tired now.

"Deacon" James Hardaway, after spending Saturday night and

Sunday with his parents, came into town Sunday evening just to rest up for a short day's work Monday. Jimmie Lee Williams stayed out at home and got into town Monday morning, just in time to wake Jim Hardaway for breakfast.

The last time we saw C. F. Troutman Jr, he was in the midst of a large patch of ecstatic delight, or words to that effect. He was on the bridge, she was on the bridge, they were on the bridge, walking, talking, smiling, frowning, saying those sweet little nothings which are so inexpressively sweet to the loved and loving young in love time, when the whole world is one big flower garden, and life is one sweet dream.

Have you observed that wonderful chimney which our mutual friend and beloved brother, John R. Buckman, has erected or constructed in his Art Emporium, just on the southern edge of Salt River: Notice that Rube Waddell curve? It's a kind of double reverse curve with a snake twist to it. John had a double base ball pitcher working on that chimney and he surely sent over a beautiful "high in" for the higher it go, more inner it was. But it is a beautiful chimney and the twists and curves will not obstruct or retard the upward tendency of the smoke, but on the contrary, will accelerate and very greatly accentuate the upward movement of that vapory matter.

### \*\*\*\*Bullitt Jail Empty

Not a single inmate of the Bullitt County jail is the record just at present. Claude Simmons was released from the county bastille Monday after serving a sentence for shooting Welsh Beecham and when the big iron doors were thrown wide and Beecham walked out to his liberty, it left Jailer Lee without a single boarder.

### \*\*\*C. P. Bradbury

This issue of our paper contains the announcement of Hon. C. P. Bradbury who enters the race for the Democratic nomination for County Judge. Mr. Bradbury is now completing his third term as County Attorney of Bullitt County and his official record is one of which he and his friends can well afford to feel proud. Almost every man, woman and child in Bullitt County knows "Pres" Bradbury. Born in Leaches, a farmer's boy, he had all the experiences which come to the average boy on the farm. Everybody worked at the Bradbury home, including father and "Pres" did his part, working hard all summer and fall, and attending school in the winter. At last, by hard work and good management, he obtained

sufficient funds to attend school in Lebanon, Ohio where he completed his classical education. Serving one term as Superintendent of Schools in this county, he took a course at the Louisville Law School and began the practice of Law. By hard work and harder study, he has gradually climbed upward and today is regarded by lawyer and litigants as a hard working, talented Lawyer.

His success in life shows what a man can accomplish by industry and determined effort. In all our campaigns for the past seventeen years, he has been an uncompromising, hard working Democrat, making speeches in all parts of the county and contributing liberally to every campaign fund. If given the county Judgship, he will take into that office a world of rich ripe experience. He is perfectly familiar with the road working system and fiscal affairs of the county, and his great industry should make him a tireless worker in behalf of better roads in Bullitt County.

### \*\*\*Mr. Monroe

In this issue of the Pioneer News will be found the announcement of W. F. Monroe for the Democratic nomination for the office of jailer at the coming August primary election. There is no better Democrat any where than Frank Monroe, or one that has rendered better service to the party and at no election since he became a voter has he failed to lift his voice for the nominees of the Democratic party.

Mr. Monroe was born and reared in Bullitt County, out on Knob

Creek, at which place he lived until he removed to Lebanon Junction to engage in railroad work as a fireman and his best friends say he was a splendid employee of the company while he was at that place. There seems little doubt in the minds of his friends that he will win the race and if elected to this office he will, in our judgment, make the county a good, fearless official and will at all times be found at his post of duty.

### \*\*\*George Hough

Elsewhere in this issue of the Pioneer News will be found the announcement of George Hough as a candidate for the Democratic nomination for jailer of Bullitt County. Mr. Hough is well and favorably known in the Leaches and Mt. Washington precincts, where he has always lived. He is an energetic and prosperous farmer and is a son of the late J. D. Hough, who at one time was sheriff of this county, also a member of the Fiscal Court from the Mt. Washington district. Mr. Hough has a host of warm and loyal friends in all parts of the county who'll rally to his support and if nominated at the August primary will add strength to the ticket.

### \*\*\*The World Record Tobacco Price

Paris, Ky. Feb. 1 - The sky seems to be the limit in the matter of prices paid for tobacco on this market. Following a State record price of \$113 received for part of a crop Monday came a world's record price Wednesday when part of the crop of Brennan and Gray, this county, sold for \$126 per hundred pounds. This is the top price ever paid for burley tobacco on any market. The average received for this entire crop was \$28.24.

One house sold 131,185 pounds for \$27,300.50, averaging \$20.81 per hundred. Prices ranged from \$20 to \$126.00. In another house the sale was blocked on account of darkness and will be continued tomorrow. At a third house, 36,510 pounds were sold at an average of \$20.25. The quality was fair to poor, but prices were on a rising scale and bidding was spirited.

\*\*\*New Law Fixes Amount Candidates May Spend.

Kentucky's corrupt practices ace, passed by the last session of General Assembly limits candidates for the offices of Mayor, Police Judge, City Commissioner, City Clerk, City Assessor, City Jailer, Magistrate, County Commissioner and Constable to expenditure of \$500 for the regular election. In light of the extravagant sums expended in municipal races in a number of the cities of the State in the past, this limit is paltry and is calculated to arouse the ire of the fellows who found fat fate when candidates were in the midst of a hot campaign. The law so hedges about the limit that there seems to be little likelihood of much evasion, for it specifies that the limit is to embrace all money expended by the candidate and by others for him or in his behalf. There is to be no having some fellow spend a lot on his own account to all outward appearances and just for friendship sake as it were. Now in the matter of the county offices, the law fixes the limit higher. In a county having a city of the first class (Jefferson) county officers are limited to \$2,500. In counties having a city of the second class (Kenton, Campbell, Fayette and

McCracken) county offices can spend as much as \$2,000 each. In counties having a city of the third class (Warren, Franklin, Henderson, Bell, Daviess and Christian) the limit is \$1,500. And in all other counties, it is \$1,000. State senators and would be state Senators are limited to \$500 and Representatives and candidates for the nomination or nominers for Representatives are permitted to spent \$350.00

### \*\*\*School News

In the death of Thomas Ritchey which occurred recently at his home near Cupio, this county lost one of its best citizens and scholars. He was the father of a large, intellectual family and years ago married a sister of Miss Margaret Merker, a well known educator and social worker of Louisville.

School books and public library books that have been in use for some time have long been under suspicion as possible collectors and distributors of disease germs.

A test of the matter has just been made by Dr. C. A. Laubach, bacteriologist of John Hopkins University. He took 75 books from a public library, all of which has been in circulation for years among children in whose homes the sanitary conditions were known to be bad. He also took 150 books from homes where there had been diphtheria. The leaves were carefully wiped off with moist cotton to gather any germs there might be. Cultures made with the cotton showed plenty of bacteria, but they were all the kinds normally found in

the atmosphere and believed to be harmless. In no case could the bacillus of diphtheria be found.

So far as this experiment goes, it is indicated that books are not commonly to be feared as carriers of disease.

T. C. Carroll

In another column of this paper will be found the card of T. C. No young man in Bullitt County is better known than Tot Carroll. Born in this county 28 years ago, he has spent all his life here, except when attending Kentucky State University at Lexington, KY, where he graduated both in the literary and legal departments.

Tot began the practice of law in this county about seven years ago, and since that time, has

established a good reputation as a successful lawyer. Four years ago, he made the race for County Attorney and after a hard fight, was defeated in the primary. In the canvas that fall and every one since then, he has been active in the support of every Democratic nominee and the party principles, rendering valuable services to both.

So far, Tot has no opposition and his many friends hope he will be accorded this nomination for County Attorney without opposition, believing his past party services and qualifications entitles him to this honor. After intense suffering, she passed peacefully home. Altho sorrowing for the loss of a loved one, her family can only rejoice that she was so well prepared for death. With no regret except that

If Kentucky should vote State wide prohibition, the "old water wagon" will still keep running.

The Kaiser of Germany and Villa Mexico should be yoked together with unbreakable chains and driven into the red hot and belching furnace of Hades.

Now that women are wearing pants or "pantellets" in Chicago, we suppose the legs are constructed extra large in order to slide over their noted "Chicago feet"

The people of Bullitt County have never had brighter prospects for a prosperous year than the indications are at present and we are sure that one the most successful years in the history of the county.

Just how the "Hoosiers" will manage to get along without any beer and "snops" after Indiana goes dry is a serious matter for them to solve. They might send down to Georgia and get receipts (recipes) for "home makin'."

Almost unprecedented fall of snow helping one of the very worst winters.

More than four feet has fallen in Kentucky this winter, the heaviest downfall of the "frozen white" ever recorded in the famed old Commonwealth. Twelve inches of snow fell from Saturday night until Monday at 8 o'clock.

\*\*\*Death Comes to a Former, Old Citizen. Mike Wilder (Weyler) passes away at his home in Parkland on last Sunday morning.

Death claimed a former Bullitt County citizen last Sunday night at his home in Louisville when Mr. Mike Wilder (Weyler) passed away after an illness surrounded by his wife and family. He resided in Parkland and had served some time as County patrolman for Jefferson County, and was said to have been a splendid official, who gave entire satisfaction to everybody.

George M. Weyler was born March 21, 1846, in Louisville, Ky, died March 4, 1917. He was married to Eliza Jane Phelps Feb. 26, 1874 at Shepherdsville, Ky. He leaves a wife, three sons and three daughters, all of whom live in Louisville except Mrs. Frank Fensterer, of Cairo, Illinois, Eight grandchildren and a host of friends to mourn his loss.

Mr. Wilder (Weyler) resided many years here and in the county, but several years ago removed to Louisville, where he and his family have since resided. During his residence here, he was regarded as an energetic, honorable man, who had many friends around Shepherdsville who will hear of his demise with much regret.

The remains of Mr. Wilder (Weyler) were conveyed Tuesday morning to the Phelps burying ground out in the county where they were deposited. The burial occurred at 11 o'clock and many friends attended the interment.

at Frankfort and all over the State.

That Senator J. R. Zimmerman is a popular man among the solons at Frankfort, and over the State, is exemplified by the many times his name is used in legislative matters which invariably get into the daily newspapers. Mr. Zimmerman has been, and is, one the most conservative, conscientious, faithful and hard-working legislators in either House or senate, and has striven with unceasing energy to do his duty in each and every instance, while in Frankfort.

Two Western Kentucky State Senators, members of the present Legislature, speaking to a Pioneer-News man some three or four months back, said "We regard Bob Zimmerman as one of the most zealous, energetic and able legislators there is in either branch of the present General Assembly.

The Louisville Times' Frankfort correspondent in Tuesday's paper says: "Speaking of the Senators who filibustered against the armed neutrality bill, Senator Zimmerman said he regretted to learn that Senator Stone, of Missouri, is a native of Kentucky. The history of Kentucky and the patriotic and inspiring careers of so many of her sons illumine the papers of American history, that it is a pang of keen regret he sees a native son so conduct himself."

The above is illustrative of Bob Zimmerman's sincerity and unshakable loyalty, for which all Bullitt Countians are willing to enter a testimonial thereof.

\*\*\*Popular Man out for Clerk

In this issue of the paper will be found announcement of Lindsay Ridgway for the Democratic nomination as Clerk of Bullitt County in the August primary. There is not a person in Bullitt County who does not know Lindsay and if popularity wins, he should be an almost unanimous vote, as he is one of our most efficient and popular officials. Lindsay is a Bullitt County man and one of whom we are all proud. He has served this county

for several years in an official position and has always been found attentive to his duties and has more than once demonstrated the fact that he has always the best interest of the citizens of this county at heart. Through his efforts, the weight of another bond issue has been taken off the shoulders of the citizens of this county and this one thing demonstrates his interest in the welfare of the county. \*\*\*Grim Reapers Work Throughout County

Mrs. Deats, Mrs. Magruder and Mr. Solomon answers final summons this week.

Mrs. William E. Deats, wife of William Deats, residing in the flat neighborhood west of Belmont, died Sunday at her home from a complication of diseases. Mrs. Deats had long been ill, and during the period of her affliction was a patient and uncomplaining sufferer which demonstrated the good woman she was.

Mrs. Elizabeth Magruder, one of the early pioneers of this section, died at the home of her daughter, Mrs. J. L. Thompson, Monday, at Lebanon Junction. Mrs. Magruder was over 90 years of age, and a lady who had many friends who will hear of her demise with much regret. She is survived by two daughters, Mrs. John L. Thompson, with whom she made her home, and Mrs. Claude Martin, two sons, J. L. Magruder, all residing at Lebanon Junction and George Magruder, agent for the Illinois Central railroad at Elizabethtown.

Death came to Mr. John L. Solomon at his home near Bardstown Tuesday, March 6. During his entire illness, he was a patient sufferer, and frequently spoke of his loyal faith in a merciful God. He had a host of friends, was a good, true neighbor throughout his community, and will be greatly missed. He leaves a son at Lebanon Junction and several other relations in Bullitt County and elsewhere.

Mr. Solomon was born in the county of Washington, this State, sixty-seven years ago and was a faithful member of the Glen's Creek Baptist Church. The immediate cause of the venerable man's demise was bright's disease, from which he had long

been afflicted, and for which he had sough in vain for relief, although realizing the futility of the malady.

Mr. Solomon is survived by his wife, three sons and daughter. W. P. Solomon, of Lebanon Junction, is a son.

The remains of the deceased were tenderly laid away the day following his death in the family cemetery, many friends and relatives being in attendance to pay a last tribute to the memory of their departed friend and relative.

\*\*\*Kicked by Old Horse

A horse which had been owned by the family of John McDaniels, a farmer, four miles from South Park, for twenty-five years, kicked Mrs. Mahailey Horine, 80 years old, late yesterday afternoon, inflicting injuries which will prove fatal, according to Dr. C. B. Coogle, of South Park. Mrs. Horine was carried to the house by Mr. and Mrs. McDaniels, with whom she made her home, and was unconscious until noon.

Mrs. Horine had accompanied Mr. and Mrs. McDaniels to the farm to feed the stock. The aged woman's right jaw was broken, her right eye was knocked out, and her right shoulder was shattered.

\*\*\*Fighting is almost a certainty now. Our bravery and patience which won us independence is still much alive.

At last "patience has ceased to be a virtue". Generous consideration for a nation already at war has brought home disaster and

contempt, and our county is virtually at war with Germany. Not with the brave, industrious, generous citizens of Germany, but with the greedy Emperor of Germany who is sacrificing his country and his countrymen to satiate his damnable greed for more power.

That even this heartless war lord should have believed for one moment that he could drive American ships and commerce from the high seas by one of his dogmatic threats or decrees, is almost unbelievable, but such is the case, and it now remains for us to teach him the folly and disaster of such reasoning.

The solemn truth is, we have dallied too long with this pirate and he mistook our humanity for a lack of national stamina. Does he think that the blood which flowed through the veins of the heroes of the great Revolution had dried in our veins?

Does he imagine that we are living for the welfare and glory of his Empire? We want peace with honor, but it must be maintained with honor, or we shall have war.

The High Seas do not belong to Germany as yet, and she cannot drive our ships there from by edicts, decrees and ultimatums; she will have to use her guns.

That love of liberty which filled the heroic breasts of three million patriotic colonists, and that bravery and patience which won our independence, still live in the hearts and breasts of one hundred million loyal, patriotic, brave American citizens, and if it comes to the worst, they will fight as loyally and bravely now as did

their forefathers in the trying times of the unforgotten past.

\*\*\*Food Problem Now a Big Question. Advice given people how to reduce the "sky-high" living of the present.

After an earnest and careful investigation in this State relative to the high cost of food ingredients - the necessities of life - the basic cause can be placed upon the fact that the farmers of Kentucky during 1916 failed to plant and produce a sufficient amount of food products, not alone to supply the local demand but an inadequate amount for their own family consumption, and are today buyers in the open market for such.

The citizens of the cities and towns are not expected and cannot plant and produce these necessities, thus relying upon the farmers, and when both county and city people become competitive buyers in open market for these products, it is no wonder that prices soar to the present unreasonable proportions.

The first duty the farmer owes to his family is the production of a sufficient amount of food products to sustain and feed the members of that household. This

being done, they are independent. Then conserve the products at hand. At this time, there are many efforts being put forth to teach the need and advantage of conservation of home products. It is done through organized work, through all bulletins and through teaching and fortunate is the farmer who as learned this lesson of "production and conservation". In the way he will be surprised to find to what an extent this larger production and caring for the surplus produce will mean in money in his pocket and sustenance to his fellow beings.

It is for this reason that I call upon the farmers of Kentucky to materially increase their planting, this year, so that all surplus may accrue which when placed upon the market will reduce the extremely high cost of living and drive penury and want from the many hungry starving families of this Commonwealth. Commissioner of Agriculture.

A small crowd was in town on Monday attending county court, and not a great deal of business was on the calendar for the day. The wills of John J. Samuels and Wm. Buckman, deceased, were probated. anything but the kind for a farmer to depart from his own comfortable fireside, just to mingle in an ordinary county court day crowd.

\*\*\*Sound Advice from the Sanitary Board. Have a care for the prevention of hog cholera and other contagious diseases.

\*\*\*Patriotism is sure on top in Bullitt. Heroic men who are willing to brave all obstacles in order to serve the people.

As the quadrennial Derby now coming on apace, and the ambitious and aspiring gentlemen who are preparing to fight for a place at the good, old "pie counter", come into the arena, not one by one, but by the dozens, we are reminded that the fires of patriotism are not extinguished in old Bullitt.

Look at the army of heroic men who are willing to brave the icy blasts of winter as well as the scorching suns of summer in all their laudable efforts to obtain office.

"My Kingdom for an Office" is the motto and in within the next few months, the highways and byways and even the highways of Bullitt will swarm with ambitious candidates who are just dying to "serve the people". The tales of woe which they are going to tell the patient voters, the babies they are going to kiss, the truths? they are going to – and this hurts – the good food they are going to devour, to say not a frazzling word of the Ciceronian oratory which is going to run as free as rain water on a hillside – all this and much more helps to make up a campaign.

The offices are here and must be filled. May the voters make no mistake in selecting the men to fill them.

\*\*\*Illness Result of A Noon Day Spread. A Sumptuous Dinner of Popular People Requires Services of Family Physician.

Tuesday was a dark, gloomy day with an occasional snail-like descent of jupiter pluvis, whose former "stunts" had made preambulation on some of the thoroughfares in Shepherdsville very near to the impossible - so not desiring to tackle the combination of aqua and terra firma, with a possibility of getting stuck in said mixture, by going to their meridian menu's, Misses Katie Edlin, Ada Greenwell and Mr. J. C. Jeffries dined at the Pioneer News office Tuesday. Procuring about three dozen eggs, 6 pounds of boiled ham, 4 kinds of pickles, bread, pies, cakes and 57 varieties of canned goods, they enjoyed a meal that was fit for a crowned Head. That part of the menu which required the cooking process was artistically executed by Miss Greenwell, whose culinary art has widespread fame. The "devil" procured them a fresh bucket of water, brought in coal, and mended the flue, then the preparing of the meat, after which a pleasant mastication of the viands ensued. We are just dying for this epicurean party to pay us a return visit – Later - The doctor attended two of the members of this dinner party Tuesday night.

\*\*\*Prohibition Lecture

Mr. Michael J. Fanning, of Philadelphia, addressed a large and enthusiastic audience in court Monday night on the subject "Everybody's War". In graphic style he traced the history of the prohibition movement, which is now sweeping the county like a tidal wave, holding his audience by his wit and logic. A large crowd was out to hear the famous lecturer, and he was given the closest of attention, everyone seemingly appreciating the orator and his subject. Mr. Fanning was introduced by Mr. J. F. Combs.

Mr. Fanning showed that in the beginning, the temperance people favored high licence, while the liquor forces opposed it. It was not long, however, before both

sides were converted; the former "from it" and the latter "to it". The speaker proved conclusively that prohibition does prohibit, showing that if it were not for the wet territory, no liquor could be shipped into the dry. He pointed out that local option is "too local and too optional"; that a remedy must to coextensive with the evil - that a state-wide evil must have state-wide remedy, nation-wide evil a nation-wide remedy. Mr Fanning demonstrated that constitutional prohibition is preferable to statutory, in that is more permanent and that it will unite the various elements within the temperance forces by enabling a man to vote his straight party ticket, if he so desires, and still cast his ballot for a constitutional amendment for state-wide prohibition. This statement was of special interest to the voters of Kentucky, a majority of whom are determined to send representatives to the next legislature of whom they can rely to submit the question to the people.

Mr. Fanning asserted that the liquor traffic is the foe to man, God, his church, the home, and even to the commercial welfare of the nation. To prove the latter point, he gave some startling statistics, some of which are as follows: drinkers of this country submerge a battleship every day of the year, except Sundays - a superdreadnaught of the nine million dollar class; all the coal mined in the county per year will not pay 77 days drink bill; the wheat crop will not pay 66 days; the wool supply will not pay 8 days, and Kentucky's tobacco crop will not pay 2 days.

## The Pioneer News, 1916 - 1917, J. W. Barrall, Editor

Transcribed from Microfilm by Edith Blissett in the year 2003

The combined salaries of 650,000 public school teachers of the country for the year 1913 would not pay 41 days of the country's drink bill. Mr. Fanning showed how he could take only two thirds of the annual expenditure for intoxicants and could with this sum, pay off the entire interest-bearing debt of the United States Government, could build canals and improve waterways all over the country, and still have left several millions of dollars to take care of himself in his old age. Prohibition prohibits, he stated, and carefully compiled figures show that in eight prohibition states, there was not enough beer manufactured to give each citizen more than one third of a drop per day, while the per diem whiskey allowance per person would be only fifteen one thousandth.

Mr. Fanning is the oldest temperance speaker on the platform today, having personally taken the pledge of William Jennings Bryan when the latter was a boy. He was instrumental in starting several of the prominent temperance speakers before the public today. At the close of his address, he received a free-will \$10.00 for his personal expenses, \$9.00 for the State W.C.T.U. and the names of four new members for the local union.

The next regular meeting of the Shepherdsville W.C.T.U. will be held at the residence of Mrs. C. Fillmore Troutman next Monday night, March 19, at 7:30 o'clock.

### \*\*\*R. H. Smith Announces

In this issue appears the announcement of R. H. Smith, candidate for the Democratic nomination for County Attorney of Bullitt County, subject to the action of the Democratic primary August 4. Bob Smith was born on a Bullitt County farm 42 years ago, and is a son of the late Judge J. F. Smith, who was a prominent citizen and Democrat of Bullitt County who faithfully served the people in many official capacities. Bob Smith was educated in the Shepherdsville schools, after completion of the courses here, he received his

classical training at the old, historic St. Mary's College over in Marion County. Bob is every inch a patriotic American. When the Cuban troubles culminated with the treacherous sinking of the Maine in 1898, and war with Spain resulted, he was one of the first to volunteer his services, shoulder his gun, and march away under the Stars and Stripes. In nineteen years, he has not asked a pension from the Government. Should this land become embroiled in a conflict with the hosts of Emperor William, you will find Bob again ready to show the red blood that courses his veins.

From every stump in Bullitt County, our citizens have heard the voice of Bob Smith raised in defense of the eternal principles of democracy. He is a Democrat to the core. Whenever his party has been assailed by the enemy, not once has he failed to buckle on his armor and go forth and defend his political convictions. As a lawyer, R. H. Smith has had an abundant experience in his civil and criminal branches to well prepare him for the office of County Attorney. In all his undertakings, he has made a success. If elected, he says he will diligently prosecute all offenders of the law; give a business like administration and to faithfully guard the expenditure of the people's money. He earnestly solicits your support in the coming primary election.

\*\*\*Never in the history of this country has there been so much garden truck raised as there will be this year, if the seasons are good. People are going to plant gardens that never did before, and thousands of acres of soil will be put in garden stuff that perhaps never was cultivated before. All of this, of course, is due to the high cost of living, and it is hoped that the home raising of vegetables will materially aid in the reduction of the exorbitant prices that are prevailing for the necessities of life. Even railroad companies have donated their right of ways to their section men and other employees for gardening purposes. The prospects are, if a good season ensues, a bumper crop of vegetables will be raised.

The accused girl was seated with her parents near the jurors stand, and throughout the deliberation, evinced no sign of nervousness. As the jurors filed into the room, her face lighted up expectantly and broke into a smile when the verdict of acquittal was read. She continued smiling as friends and

acquaintances crowded about to congratulate her. So great was the relief experienced thursday the parents of Miss Monroe that they wept audibly following the reading of the verdict.

After a short illness which it was not thought to be serious, death came to Mr. Arthur H. Roy last Tuesday at 3:30 a.m. at his home near Brooks. He had all of his life been an active man, always at his post of duty which had gained him a reputation of punctuality for the railroad company he served so long.

Mr. Roy had worked as agent and operator for the L & N railroad company for fifty-one long years and during this long period of continuous and faithful service, it was deeply appreciated by the railroad company as they evidenced the fact by placing him on the employees retired list a year or two ago. He had worked for the company over at Colesburg a number of years, but several years ago was transferred to Brooks where he served the Company until his retirement.

Mr. Roy was well known up and down the road and was an honest, conscientious highly respected citizen whose demise will cause a widespread sympathy.

He is survived by a wife and one son. The remains of Mr. Roy were shipped to Zanesville, Ohio for burial.

Apparently in a normal state of health, and almost without the semblance of a warning, death came suddenly to Mrs. Myra Bell Hoffman at her home in Louisville at Wednesday's midnight hour. The unexpected death of Mrs. Hoffman came as a distinct shock to her mother, Mrs. Sarah O'Brian, her sister, Miss Maude O'Bryan, and Mrs. Earnest Masden, her niece, and they have received from many friends, tender messages of sympathy in their hour of sorrow.

Mrs. Hoffman, before her marriage, was Miss Myra Bell O'Brian, born in this city, and from girlhood grew in womanhood instinctively receiving all the true and pure traits characteristic of moral and proper training and surroundings. She was a popular, good woman, and her numerous friends in Shepherdsville and Bullitt County will receive the news of her sudden demise with profound sorrow.

Mrs. Hoffman was about 52 years of age and had resided in Louisville several years.

Mrs. Hoffman is survived by two daughters, Mrs. Hugh Welch and Miss Esselle Hoffman, her mother, Mrs. Sarah O'Brian, sister, Miss Maude O'Bryan and two brothers, Eugene and Claude O'Bryan, the latter residing in Birmingham, Alabama.

Up to noon Thursday, it has not been definitely decided where the remains of Mrs. Hoffman would be interred, but they will be buried either in Cave Hill, Louisville or Fairfield.

### \*\*\*Judge Funk Asks for Reelection as County Judge.

In the proper column will be found the announcement of Judge A. E. Funk as a candidate for the Democratic nomination for County Judge. Judge Funk, now serving out the last year of his tenure in office, is seeking a re-nomination and re-election at the hand of the people. There are few better and more worse men than Judge Funk. While his administration has been stormy at times, it has, in the main, been a successful one.

It many respects, Judge Funk has made an excellent County Judge and along certain lines, he has

proved the best Judge ever elected in this County. One thing can be truthfully said in his favor, he has at all times been County Judge. No faction or set of politicians have ever been able to control his actions.

As a revenue getter, the Judge excels any official who ever held that office in this county. The records will show that he has collected more fines off law breakers and paid more money in to the Trustee of the Jury Fund than any predecessor. More miscreants have been kept on the rock pile and public roads of the county than by any former Judge. The information comes from reliable sources that last year, due to a scarcity of labor, the rock crusher would have been forced to shut down, had it not been for Judge Funk's chain gang of misdemeanor prisoners whom most Judges permit to lie idly in jail and be fed at an enormous public expense.

During the past three years, considerable road work has been done in various parts of the county, and the fact stands forth that all these improvements have not been contracted around the town of Shepherdsville.

Judge Funk has at all times advocated doing things right. He has had the satisfaction of seeing constructed during his tenure, two steel bridges with concrete floors, the county's only structures of this type. Just at present are under construction, a large steel bridge over Rolling Fork, at the Wooldridge Ferry, and a smaller one over Wilson's Creek, at Hewlett Harned's. Both will see completion in early spring. These

Transcribed from Microfilm by Edith Blissett in the year 2003

bridges cost many thousand dollars, yet the people appear to want bridges more than roads, hence it has been necessary within the past two or three years to expend a large portion of the road fund for bridges.

That the affairs of the County Judge have been well conducted and that the accounts have been kept in a business-like manner, stands fully attested by the recent visit of the State Inspector. That officer, after a careful examination of the official records, warmly congratulated the Judge on his excellent conduct of affairs.

No one has ever doubted Rade Funk's democracy. In every campaign for years, whether national, State or County, he has not failed to answer all calls for service, raise his voice and use his splendid talents to promote the aims and welfare of the Democratic Party.

Judge Funk is just in the prime of life, strictly sober and industrious. The people could not be mistaken in giving the Judge the nomination and re-electing him.

\*\*\*In the Race for Jailer

With this issue of the Pioneer News, we publish the announcement of Frank Maraman as a candidate for the Democratic nomination of Jailer of Bullitt County, subject to the Democratic primary, August 4.

Mr. Maraman is a well-known young man, who for the past term has served his district as Constable and has executed every important paper placed in his hands in a manner entirely satisfactory to all concerned.

With his assistant, a few years ago, he ran down and helped send to prison some criminals who were almost given up, and who were believed to have escaped from the State. Before he was elected constable, he served a couple of years as County Patrolman, and in all these positions he served for little or no pay, and his friends hope to see him given a better and more lucrative position than he has had, and believe he is now entitled to it.

He is a lifelong Democrat, has always worked for his party and is a member of one of the oldest families in the county, and a nephew of the late Clay Bowman, who served for 24 years as jailer of this county. He places his candidacy upon his official record and his faithful execution of all things entrusted to him. He insists that inquiries be made from the courts as to the manner in which he has discharged his duties as an executive office of this county and district. There are several good men asking for this nomination, but Mr. Maraman's friends are willing and feel that the office should be filled by the one who will make the best officer and in this they think he is "the one", judging from his record as a county official. He expects to make an active canvass and will try to see every voter in this county before the primary.

decorated in green and white. On arriving, each gentleman was given a package each of which contained a large green tie or cravat for himself and a green sash for a young lady, and his Irish name for the evening, also the name of the young lady whom he should escort to supper. Prizes were given for the best Irish joke told; for the most shamrocks found hidden; for the one forming the most letters in the words Saint Patrick. The most enjoyable feature was the exquisite rendering of Irish melodies by Mrs. W. O. Beaty, whose rich soprano lent to the plaintive airs.

The refreshment table was in white and green, shamrocks scattered over the white damask cloth. From the chandelier over the table depended a green horse shoe from which ribbons were drawn to the four corners. The menu was two kinds of sandwiches tied in green ribbons, potato salad on lettuce, pickles and olives, cakes, chocolate mints. A large white cake on which were placed 34 tiny, green candles made a pretty center piece. Each guest received a beautiful little flag of Ireland as a souvenir.

### \*\*\*In Memoriam

On Christmas Day, 1916, Benjamin Thomas Wooldridge of the Wooldridge Ferry neighborhood, passed away at his home on the Wooldridge Ferry Road in the vicinity in which he had spent his whole life. Seventy-three years ago, he first saw the light, only a short distance from where he breathed his last. Arriving at manhood, he chose as his life partner, Miss Margaret

Dowdell of Hardin County, who survives him. To this union were born six children, four of whom are living: J. W. Wooldridge, of Hardin County, Joe Wooldridge and Mrs. Katie Greer, of the Wooldridge Ferry neighborhood, and Mrs. A. M. Floyd of Nashville, Tn.

Deceased was one of the pioneer members of the Pitts Point Baptist Church, having united with that church in the historic days of the Willets, of which faith he was a consistent member at the time of his death. "Uncle Ben" as he was familiarly called by neighbors, was one of the old landmarks of that neighborhood, his ancestors being among the earliest settlers of the community, and the family from whom the neighborhood gets its name. He was one of the optimistic type, looking on the bright side of everything, making the best of everything, meeting misfortunes with a smile. He was generous to a fault, and a neighbor of the type who occupied Acadia prior to the conquest by Great Britain. At "Uncle Ben's" the latch string hung on the outside and a light of welcome glowed on the inside to all of his friends or neighbors who crossed his thresh hold.

He was kind and indulgent father, tender and loving husband, and a citizen who will be greatly missed from the community where he spent a long and useful life.

### \*\*\*Morgan Raider Tells a Story.

Capt. Lucas, Frankfort, feels as fit as in the old day.

Morgan's Old Horse Thief, Capt. Mason B. Lucas (Photo)

Morgan's Raiders, loved and honored by every man and woman in the South and feared throughout to North in the days of '61, are still remembered by their daring raids into the very heart of the North. These fearless men, led by John Morgan, stopped at nothing; and time after time they slipped past the Union lines and back again bringing with them thousands of dollars worth of plunder.

There men, often riding day and night for weeks at a time, sparing nothing to aid the cause of Dixie, earned for themselves the famous name of "Morgan's Raiders". They gave the flower of their youth and strength to the cause dear to the South, and those of them that are left are still remembered and loved in the South and honored in the North.

Captain Lucas Popular. Among those is Captain Mason B. Lucas,

who is known throughout Franklin County as "Uncle Mace". He is now finishing his second term as County Jailer, and there is no more widely known or popular citizen in all Frankfort or Franklin County.

During the war, he was Morgan's right-hand man, and his friends love to call him "Morgan's Old Horse Thief", as he was always given command of foraging parties when they had got past the Union lines and were in Northern Territory.

"Uncle Mace" is now 73 (or 78) years old and not long ago he felt that he was getting into the class of old men. But he feels fine again now and says he believes he can straddle his horse from the ground and make as hard a ride as he could in the days of '61.

\*\*\*Popular Young Man Cut Down by Death. Typhoid Fever ends life of Russell Hall after long period of patient illness.

After a long, patient illness in which everything was done trying to stop the execution of the grim reaper, young Russell Hall calmly and peacefully passed from life unto death at 2 o'clock Wednesday morning, at the home of his father, Mr. R. K. Hall in the Bethel neighborhood. He had long been ill from typhoid.

Russell Hall was a popular and moral young man and out in the Bethel neighborhood where he had grown from infancy to young manhood, the universal esteem he was accorded was demonstrated by the actions of his many friends. A member of the Bethel Methodist Church, his loyalty to that religious organization, his

every execution and his excellent character had made him a most deservedly popular young man. Just budding into manhood when the rosy hues of life are the most expectant, it seems strange that the cold hand of death must take him away.

The young man is survived by his father, one little sister, and a brother, Earl.

Thursday morning at 11 o'clock in the Bethel Church cemetery, all that was mortal of Russell Hall was tenderly laid away, many relatives and friends being present to pay a last love and respect to his memory.

### \*\*\*Need of Big Corn Crop

There ought to be a big crop of corn produced this year. The present and prospective shortage of the winter grain crops make a big corn crop almost essential to well fed live stock and people next winter. We would not advise any reader to plunge into corn any more than into any other crop, but we do believe it safe to urge readers to give the corn crop the best possible show this year and to endeavor to produce an abundant supply for their own needs, and at least a little surplus for sale if this is at all practical.

No reader should forget, however, that corn is a rich land crop and that it seldom pays to plant it on poor ground. Corn still remains our greatest crop, but we are not as dependent on it as we once were. Land that cannot reasonably be expected to produce twenty-five bushels of corn to the acre had better go into soy beans.

\*\*\*County Boys are Lured to The City.

Gay life of big towns drawing America's young manhood to strenuous life.

The following article was given to us a young lady, who is endowed with all the true traits that noble womanhood can be possessed, and modestly asked us to reproduce it.

"It's about time to put the kibosh on all that talk about keeping the boys on the farm. Why should a boy or young man want to stay on a farm when he can go to the city and after tramping through the heat, of cold, or rain, or snow, for five or six weeks, land a fine, fat, easy soft snap of a job as a motorman: Then all he will have to do will be get up about 5 a.m., winter and summer, swallow a boarding house breakfast that a hog on his father's farm could spurn, dash merrily to the car barn, take the abuse of a slave driving car starter, and go gaily to work. Ah, what pleasure to stand all day in a vestibule that is perfumed with all the vile smell of the unwashed bodies of the just over immigrant labors, on their way to work in a sewer. Think of the fragrance of all grades of tobacco in cigarettes, in cigars and in pipes of many degrees of strength. It is simply great to breathe this spicy air all day. In the meanwhile, one hears sweet compliments of the ladies and gentlemen who do not happen to think of signaling when they want to get off, but who rightfully feel that the motorman should have known, if he were not such a fat-headed slob, and who do not hesitate to tell him so. Oh, Yes, it's great.

Every farm boy ought to leave

home at once and dash to the city. Think of all the wages he'll get. Why, at the end of a month, after paying for board, room, laundry, clothes and uniform, union dues, and assessment, he'll have almost enough left to go to a movie show. But he probably won't go because he'll be so all in and so full of the poisonous reek that he inhaled all day, that he will tumble into bed to forget it until the alarm clock calls him to begin all over again.

### \*\*\*Twin Brothers Die from Same Malady.

Pneumonia fatal to young men who were nearing twenty-first birthdays.

Lacking a few months of reaching their twenty-first anniversaries, death claimed young manhood in dual role in the last few days at the home of Charles Hilton, of Victory neighborhood, when George and Jack Hilton succumbed to an illness from the measles, after making a heroic battle to stave off the disease that ended fatally. Their illness was not considered serious until a short time before their demise.

George Hilton died on Wednesday, March 14, and just two days thereafter his twin brother, Jack passed to his reward. It is said that they had partially recovered from measles,

when pneumonia developed with them, and the double malady was more than their impaired constitutions could withstand.

These twin brothers, George and Jack Hilton, were industrious, honest, energetic young men, who were struggling in their honest way to get a start in life, and had saved money anticipating the purchasing a home of their own. They were esteemed highly by all who knew them and were model young men.

They are survived by their father, mother, one sister and four brothers. Their remains were interred in Cedar Grove Cemetery, those of George being laid to rest Friday after he died Wednesday and while this burial service was in progress, Jack passed away; his remains being deposited beside that of his brother, George, Saturday, in the silent city of the dead at Cedar Grove.

\*\*\*Tornado Deaths Now Growing Larger.

New Albany, Indiana, amid a pall of gloom from recent terrible catastrophe.

The death list from the awful cyclone that wrought so much damage to property and cost so many lives, continues to grow as each day passes, for numbers of people were so seriously hurt by the terrible twister that all hope of their recovery was practically abandoned when the victims were discovered. The wreckage that lay in the path of the cyclone has almost been removed, convicts from the Indiana Reformatory doing the labor.

People from all parts of the

county have been prompt in aiding the storm stricken city, contributions coming from many towns and cities. Louisville gave liberally to her neighboring city that suffered so unfortunately by the fury of the elements. Mayor Morris, of New Albany, displayed an undaunted energy in loyalty to the people of his city, braving the fury of the storm trying to protect and save his people.

Up to Wednesday, the number of deaths from the tornado had reached 38, and it is believed a number more will die. Thousands of people from cities and town near and distant to New Albany have been to the scene of death and devastation, several from Shepherdsville having gone to the storm stricken city.

\*\*\*For Jailer

With this issue will be found the announcement of Mr. J. R. Howell as a candidate for the office of Jailer of Bullitt County, subject to the action of the Democratic Primary election August 4, 1917. "Bob" Howell as he is best known among his friends, began life on a farm 47 years ago and has spent most of his life here and at Lebanon Junction and for nearly 15 years, served as "special detective", doing valuable service as Constable, Marshall, County Patrolman and served for a time as assistant with the United States Detectives, in which he made many remarkable arrests at Lebanon Junction, through the South, and in the mountains of Kentucky, all of which peculiarly fits him for the office he now seeks or at least gives him the unusual experience in dealing with handling criminals.

In addition to arresting one of the smoothest moonshiners that ever operated in the county near Belmont some 15 years ago, Mr.

Howell's best known work in his county was probably done in handling the famous "Whitier and White" case, both jail breakers from Charleston, West Virginia and the well remembered "Martin Case", at Lebanon Junction a few years ago, in which two men were killed, one of them an officer, and the third seriously wounded.

Mr. Howell's friends attest the fact the he, at all times, has discharged his official duties in an upright efficient manager and he will, if nominated and elected, make a splendid conscientious officer. Many years ago, he married a well-known teacher of Nelson County and as a family, they are very prominently identified with all Christian work and moral uplift of the community in which they live.

\*\*\*Circuit Court is to Reconvene Monday. Man sentenced to penitentiary Monday morning in record breaking time.

Owing to the weather, high water and other reasons, the Bullitt County court that convened last Monday, was adjourned Wednesday afternoon until next Monday, April 9, at which time, Judge D. A. McCandless' tribunal will reconvene for the continuance of the April term. The criminal docket is small, but there was a large number of civil suits that are on the docket for the present term, but it is doubtful if all of the cases will be tried at this term.

When the session convened on Monday morning, business began to "pick up" immediately, for before the hands of the clock had reached 12, one C. T. Brown had drawn one year behind the cheerless, steel gray walls of the Frankfort penitentiary. Other cases disposed as follows:

Commonwealth VS Jerry Tindle, two cases, not guilty.

Grand Jury - Following is the personnel of the April Grand Jury: Rufus Balee, Will Becker, J. H. Jones, William Hoag, Sandford Foster, T. F. Roberts, G. Hardin.

All kids within the town limits are invited to see Mr. Carroll, secure tickets and get in the game.

Mr. Dan Gober, Town Clerk, has arranged to get a quality of flower seed through Congressman Ben Johnson and parties wishing to plant flowers can secure seeds by seeing Dan.

With Uncle Sam's soldiers ... the first step in preparedness should

This is a worthy movement so let us all join in, and in a short time we can have the cleanest and healthiest little town in the State.

At a regular meeting the Board of Trustees of the Town of Shepherdsville, Ky, on motion by Dr. David Smith, seconded by J. F. Collings and C. L. Croan, the following resolution was adopted:

Be it resolved by Board of Trustees of the Town of Shepherdsville, Ky, that Tuesday April 17, 1917, be designated "Clean Up Day" at which time all citizens of this town are earnestly requested by the Board of Trustees to unite and co-operate in cleaning the streets, sidewalks, gutters, alleys and yard of this town.

\*\*\*War With Germany Now Stern Reality. Country preparing for conflict to help Allies end inhumane bloodshed in Europe.

Activity for the preparation of bringing to an end the unreasonable and inexcusable bloodshed waged by remorseless Germany is predominating in every branch and in every State of the patriotic and glorious Government of ours and a conflict with Germany is no longer problematical but a stern reality.

Work getting ready for real war is assuming huge proportions and even definite executions are well underway for our Government to engage in war. All things will be in perfect readiness when the order comes to "go forward."

A state of war now exists and while this is true, there is no occasion for people to be unduly alarmed, for business will move on just the same, only being naturally stimulated by hostilities which will no doubt make prices soar even higher than at present.

Young men all over the country are rushing to all recruiting stations, and it now seems that Uncle Sam will have no trouble .....

\*\*\* Announcement for Magistrate.

In the usual column will be found the announcement of J. L. Kelley for re-election as Magistrate for the Pine Tavern District. "Squire"

Kelley was born and reared in the district, the son of a Confederate Veteran, and has always been an active Democrat. In his youth, he learned the carpenters trade and has at times been engaged in farming and also stock breeding and is at present a member of the firm of Kelley and Langley, merchants of Lebanon Junction. Probably no Fiscal Court has even been subjected to such organized obstruction and persecution as the present ward, but in the face of it all, there has been more road and bridge improvements done in Pine Tavern district than was ever done before in the same length of time. Squire Kelley feels that a re-election is due him in recognition of his earnest efforts in behalf of his district as a vindication and in order to carry out contemplated road work which he was unable to have done during his present term.

### \*\*\*For Assessor

In the regular column will be found the announcement of Mr. Present Parrish of Mt. Washington, as a candidate for Assessor of Bullitt County, subject to the action of the Democratic Primary on August 4. Mr. Parish is one of the best known men in Bullitt County, having served three full terms as Assessor which qualifies him for the office. He is one of the hustling Democrats of the county, and a campaigner. He will make an active canvass of the county and present his claims to the people.

### \*\*\*Out for Representative

Editor, Pioneer News - My Dear Sir:

In obedience to the demand of my friends, I desire to make an official announcement as a candidate before the August Primary, to represent the people of Bullitt and Spencer Counties in the next General Assembly of Kentucky subject to the action of the Democratic Party.

I favor the County unit law, good roads and schools. I also believe in the initiative and referendum in matters of legislation, which means that my platform shall not be so "iron clad" that I cannot

meet conditions and vote the sentiments of the people, regardless of what my personal opinions might be.

I am a farmer and a tax payer in two States and know the purpose of taxation. I have served twice as a member of the "old State Legislative" Committee, sent there by State Farmers Union, of Kentucky, and do not feel that I am entirely without experience in matters of legislation, and in the event of my election, I promise to the good people of Bullitt and Spencer Counties, a square deal upon all questions. I most earnestly solicit your support. Very respectfully, J. C. Drake.

### \*\*\*Child Burns to Death

She was buried in the Cundiff graveyard. She was 8 years of age and is survived by a father, mother, five sisters and three brothers.

### \*\*\*Card of Thanks

We wish to thank our many friends and neighbors for the kindness shown us during the sickness and deaths of our mother, Mrs. Hite Wells and our aunt, Mrs. Katie Purcell. We deeply appreciate all the kind acts administered to our departed and love ones. Children, nephews and nieces.

\*\*\*C. R. Smith for Magistrate

With his customary vigor, C. R. Smith this week, "cast his hat into the ring" for re-election to the office of Magistrate in the Shepherdsville district. "Bob" Smith is too long and well known to require an introduction to anyone anywhere in Bullitt County. He first became prominent in local politics by defeating that old war horse, the late Clay Bowman, for jailer, an office which he held for one time with efficiency. Many of our older citizens claims that Bob Smith as an arresting officer and custodian of county buildings, was one of the best jailers Bullitt County ever had, when defeated by E. DeMotive Jones.

Bob took the stump and worked harder for his successful opponent than he would have for himself. In every campaign since, national, state or county, he has taken the stump in defense of Democracy and a few local orators have "anything on Bob" in debate.

Four years ago, he was elected Magistrate by an overwhelming majority and has striven diligently to serve all factions in his district, which by the way, has a third more roads to maintain than any other district in the county, and at the same time has been broad minded enough to vote for public improvement in other districts which would benefit the county at large. When convinced that a large number of his constituents thought the services of a road engineer were not needed, he voted to dispense with that office and has since attended to a large part of the duties of road supervisor in his district gratis.

During his present term of office, Squire Smith, along with the rest of Fiscal Court, has been harassed by a political guerilla warfare, the bitterness of which would have driven many men with less back bone into private life. A few "pibald insurrectionists" early in the term began a systematic campaign to discredit the duly elected members of Fiscal Court and if possible to keep them from the offices to which they had been elected by the Democratic voters. Using the educational department as a screen, Squire Smith with the others have been constantly fired upon by self seeking political snipers, keeping just outside the pale of libel action, and without opportunity to defend himself. These efforts culminated in the indictment of the whole Fiscal Court, the adverse advertising of our county in the outside press, a useless legal expense to the county and the officers individually, and a boost in the stock of Republicans and so-called "Independent" office seekers who are now hoping for success through democratic dissensions (sic). In seeking re-election, Squire Smith requests careful inspection of every vote cast by him during his present term. A constitutional right to be heard and to defend himself and the Democratic Party which elected him and to oppose the effort to establish a precedent which would attempt to throw out duly elected officers before the expiration of their term, the discrediting of the county to the outside world and the humiliation of the Democratic Party at home.

Those that know Bob best are his warmest supporters. He has been

called the watch dog of the treasurer.

\*\*\*Your business is solicited. The Home Insurance Company of New York is the largest fire insurance company in the world. \*\*\*School News

The school board was in session Monday with a full set of new members as follows: J. E. Chappell, E. Z. Wiggington, W. J. Shaw and A. C. Viers.

The school at Mt. Washington closed Friday. The school for the past year has been in charge of O. W. Pearl, Elizabeth Bell and Sara Jane Buckman.

Miss Eunice Ridgway, teacher at Nichols School, is spending this week with friends in Jefferson County.

Prof. Edward Barrall took the physical examination for entrance to the Navy Monday, while Thornton Shepherd was also examined this week for Federal Service.

The county school board, Monday after hearing both sides on the Hebron School question, unanimously decided to rebuild at the old site, a modern two room school house instead of dividing the district. The school census in this school is now 123 and has been over 100 for several years.

The box supper and entertainment given at Glen Ella last week was

well attended and enjoyed by all patrons and friends present. This school is now taught by Miss Clara Linn Funk with H. M. Trunnell as trustee.

J. Q. Drake, a well known farmer and former trustee at Whitefield has just announced for the democratic nomination for representative of this and Spencer Counties.

Miss Edna Stark is finishing her school at Pleasant Hill. The postponement of their school was caused by illness of the teacher who has a severe case of measles.

A large delegation was before the school board, Monday from Hebron, Mt. Washington, Leaches and Knobs.

The musical given here Saturday evening by the Red Men's Brass Band was a decided success and is one of the best things ever started in this town. The success of this undertaking is largely due to the efforts of Nat Maraman and Millard Troutman and now has among its members such splendid school boys as John Glenn, Charles Lee Bradbury, Roscoe Tucker, Samuel Ridgway, Hardin Bros., Troutman Bros., and several old heads.

Dr. Thomas was here Monday and reports the school at Lebanon Junction is still in a very flourishing condition. All the old teachers will probably be retained which indicates a successful school term next year.

Mr. Bud Starks, a well known and highly respected citizen, living near Lebanon Junction, died at his home last Saturday of heart trouble.

Don't forget the annual meeting of Kentucky Education Association which will again meet in Louisville this year beginning April 25.

### \*\*\*School Entertainment

Miss Birdie Ball, the wide-awake and efficient teacher at Mt. Elmira, gave a delightful entertainment March 31, to a large and appreciative audience. Judge A. E. Funk made the introductory address in his usual happy vein, after which the audience enjoyed a program of choice recitations and dialogues. The recitations of Miss Birdie and her sister, Miss Katie May, deserves special mention. Each pupil helped to make the evening a success, and their performances reflects great credit on Miss Ball as a teacher and trainer of our children.

\*\*\*Life Comes to a Close for Popular Man. Mr. J. L. Stark goes to reward Saturday at his home in Lebanon Junction.

The angel of death again entered Lebanon Junction on last Saturday, April 7, 1917, at 9 p.m. claiming Mr. J. L. Stark, one of its best liked citizens. His illness was of short duration, being a period of little more than three days. This served to make the shock seem the more severe because of the suddenness. As soon as physicians were called, his condition was pronounced quite critical, and all that skill and loving hands would do was done.

The funeral services were held in the Baptist Church Monday afternoon, conducted by Rev. H. Bell, pastor of the church, who spoke words of hope and comfort

to the bereaved, after which the remains were taken to Lebanon Junction cemetery and interred. The vast concourse of sorrowing friends and the floral designs all testified to his popularity and to the grief and sympathy for the sorrowing wife and family.

The pall bearers were: Marsh ? Stark, Marion Stark and James Bryant Anderson and James Anderson, all cousins of the deceased and the latter two of Charleston, Missouri.

Mr. Stark was born near Lebanon Junction in 1861, and had been a faithful member of the Baptist Church 35 years. He married Miss Fannie Smith, to which union were born two daughters and three sons, all of whom are surviving, namely: Mrs. John Samuels, Fannie Lucile Stark, Messrs Wilbert, Selby Smith and John L. Stark.

We most sincerely sympathize with his heart-broken companion and his sorrowing children and relatives, all of whom so deeply mourn his loss. May God, who called the father home, protect and bless them. A niece.

\*\*\*Fighting to Soon be Real Proposition. Now is the time for Young men to display their patriotism for Grand Old Flag.

The Government of the United States has declared that a state of war exists between this county and the Imperial Government of the German Empire. This fact is doubtless, by this time, well known by all the civilized world. We have gone to war with Germany, not from a selfish motive, but in defense of those time honored principals of the

## The Pioneer News, 1916 - 1917, J. W. Barrall, Editor

Transcribed from Microfilm by Edith Blissett in the year 2003

indisputable rights of neutrals to pursue their commerce, whether they will upon the high seas which are not, nor ever shall be controlled or governed by anyone nation or league of nations. Also because of the inhumanity of the German Edict, which boastingly declared to all the world, that all ships would be sunk in a certain zone regardless of their nationality, cargo or purpose.

The inevitable result of such a submarine campaign would be the slaughter of innocent men, women and children who might be compelled to venture upon an ocean voyage on perfectly legitimate and peaceful business, resulting the frightfulness and dastardness of such a system of divert warfare, the Congress of the United States called into special session has declared war upon the German Empire and has empowered the President to use the army and navy as he sees fit, to aid the Allies in conquering Germany.

The President immediately authorized the recruitment of our army and navy to its full war strength, which means that over 120,000 young men are needed to make the new regiments, which are to be formed in the various branches of the services. Aside from the unparalleled opportunities for advancement which now therefore exist in the army, it is the bounden duty of every unmarried male American, under 32 years of age, who is physically fit for service, to present himself immediately at the nearest recruiting office, or to some postmaster recruiting agent, and signify his willingness to "do his bit" as a soldier, thereby aiding to

uphold the principles of the greatest democracy in the world - America.

Young men! Your country needs you. Are you ready to answer its call - in other words - ARE YOU GAME? W. H. Kendrick, Recruiting Service U. S. Army

\*\*\*Army Must be had; young men first. Draft system only way to raise adequate Army is President Wilson's opinion.

The only way to raise the necessary army of 500,000 or 600,000 men for the war with Germany is by the draft system, according to President Wilson's opinion and it is probable that his recommendations will be carried into effect by Congress sitting now in a special called session. To enlist an adequate army for the present conflict is causing no little debate and diversion of opinion by the members of the National body.

The inclinations and desires of the American people have never been strong for army life, and the fact has been commented upon by other nations, yet we believe that loyalty and patriotism exists in the hearts of all true Americans as much and deep as any nation upon the face of the globe.

It is very probably the draft, and it is sure to come, will be a call for America's young manhood with age limit from 18 to 25, and all physically sound, able bodied men in the prescribed limit will be compelled to serve the country.

Just what each day will bring forth in the army is hard to say, but certain it is that fight we must and it takes men, money and

nerve to fight.

\*\*\*Gets into the Jailers Race

Another popular young man has entered the race for the Democratic nomination for Jailer of Bullitt County in the person of C. L. Troutwine, who this week makes his formal announcement subject to the action of the Democratic primary election August 4. Curran Troutwine is a hustling young Democrat, and is a well-known stock trader, and is a wide-a-wake young businessman, who has many friends in all parts of the county, who will rally to his support. Mr. Troutwine will make an active canvass in all sections of the county and present his claims. He promises, if elected, to faithfully discharge the duties of jailer and fill the position with credit to himself and the county.

\*\*\*Oil Men are Now on the County's Soil. Optimistic expressions from the men taking leases on land in our section.

Encouraged by all outward appearances and indications that oil and gas is to be found in paying quantities, is evidenced by the fact that Messrs Vincent and Vannoy, oil men, of Lexington, will at an early date, begin drilling wells in the Bullitts Lick neighborhood. Wells in other sections will be put down at later dates and the belief among oil prospectors and many others is that the crude product will be developed in paying quantities.

Messrs Vincent and Vannoy are at the present engaged in taking leases, and expect to secure a big number of them. Citizens in the various sections are encouraging

the prospectors and rendering all assistance possible to them.

That oil is to be had by penetrating Bullitt's soil is almost an assured fact, and the possible development of it means much to our county. Just when the actual drilling will begin has not been definitely decided.

In the possible development of oil in the county, the land owners have everything to gain and not a thing to lose.

### \*\*\*First Circus of the Season

The circus is coming to Louisville April 25. It is the John Robinson Ten Big Shows. This interesting topic is on tongues of Louisville folks today. The small, boy, his sister and grownups as well - everybody is unusually interested, for the John Robinson Circus is easily one of the largest that has ever been transported from city to city.

It is of more than ordinary interest to note that old John Robinson, long since passed across the "great divide" was the daddy of circus business.

It was away back in 1824 when he first organized his one ring tented

outfit, and therein laid the foundation of what later developed into the very largest and most successful circus and menagerie that has ever traveled these United States.

Like the proverbial "acorn and oak", the original John Robinson handed down to his sons and to posterity an enterprise that promises to rival the "rushing brook" in continuity.

The sons and grandchildren of the founder of the Ten Big Shows have one and all guarded the reputation of the mammoth institution bearing the name of Robinson.

At no time during the past 93 years of its existence has the standard of the John Robinson circus been allowed to deteriorate and from everywhere that the big circus has exhibited this season comes satisfactory reports that augur well for the quality of the exhibition. That will shortly visit Louisville on April 25, 1917.

Mr. N. H. Lee, a well known farmer of this county, died at his home Tuesday. He was a distant relative of the late ex county superintendent W. Jeff Lee, of this county.

Many teachers and school people of this county are in Louisville this week, attending the annual session of the Kentucky Education Association.

Miss Elnora Bridwell and sister have just purchased a splendid new "Maxwell" touring car.

The Bryant and Stratton Business College, of Louisville, has just sent our county the following letter asking for essays on the subject, "Our Flag, its origin and significance".

Dear Mr. Roby:

Write an essay on the above subject to consist of not over 1000 words. Send to us and if it is the best sent in by anyone in your county, we will award you as a prize, one of our Expert Booking Course Scholarships, Value \$50. The contest is open to any student of our county who has finished a common school course and who is not over 21 years old. You will be notified as to who the winner

is and your entry returned ....

This county now has spring terms of school at the following districts: Hebron, Mt. Washington, Woodsdale, Edgewood, Clermont, Pleasant Hill and one or two other places.

The members of the "Cherry Club" held their annual Banquet at the "Seelbach" Friday evening from five to eight o'clock. Several Bullitt County people were present.

Let every school child in the county and especially every farmer's son plant a big garden for 1917.

Mrs. Billy Morrison attended the graduation exercises of the Glendale High School last week. The 1917 class is as follows: Maria Ashcraft, Lelia Craig, Gladys Patterson, Lillie Webb, Verna Allen, Mabel Stewart and Ruth Walker.

The latest reports from Battle Creek are that our friend and co-worker, J. Calvin Rouse is gradually improving and we hope will soon return to this county, where he is well-known and well liked by both young and old.

Miss Henrietta Bailey, a teacher of Jefferson County, was married last week to a Mr. Becker, of Louisville. The bride is the oldest daughter of George Bailey, of the Hebron section and a sister of Mrs. Herbert Lee, of this place.

demonstration here Friday afternoon, following the Red Men's Band, which was in charge of W. B. Troutman. Around the Court House square to the spot formal. All the teachers of the school here have been re-elected for the coming year and we, the county Board, guarding as we do the interest of the County High School pupils, are not only satisfied with what has been accomplished here and at Lebanon Junction, but are extremely anxious that all teachers at both schools accept their places for the coming year.

\*\*\*Nationwide Go To Sunday School May 6

Shepherdsville should turn out largest attendance in history of organizations.

The Kentucky Sunday School Association has designated Sunday, May 6<sup>th</sup> as the Fourth "Go to Sunday School Day" when it is expected that again one million people will attend the Sunday Schools of the State. We congratulate this Association upon the great work it has done in making greater and better Sunday Schools for a greater and better Kentucky.

Believing implicitly in the great work that is being done in our Sunday Schools and desirous of encouraging the efforts of those who are contributing their time, energy and money to this great case, we unite in the invitation to all Kentuckians, as well as the visitors within our boundaries to attend the Sunday School of their choice on May 6, 1917.

Shepherdsville should have a banner day in attendance upon

this day, and everyone in town should go to one or the other Sunday Schools.

\*\*\*Missionary Union

The Women's Missionary Union of Nelson Association held their ninth annual session at Mt. Mariah Baptist Church, Boston, Kentucky last Tuesday. Essays and reports .. the ladies of the YWA's and Sunbeams, a Sunbeam Solo by Miss Mary Alice Stoner of Cox's Creek, talks by Miss Broadus, Miss Hinkle, and a visiting missionary, from China, made up an unusually interesting program. The Union and visitors were delightfully entertained by the Boston ladies.

\*\*\*Old Glory Proudly Waves Over School.

Shepherdsville Public Schools raise flag and engage in general celebration.

The wave of patriotic enthusiasm now sweeping over our loved county has found responsive echo in the hearts of principal, teachers and pupils of the Shepherdsville public school, who by their own efforts and subscriptions, raised money and purchased a beautiful National flag that now proudly floats from the staff on the school building.

On Friday afternoon last about 2 o'clock, pupils of the High and Graded Schools assembled at the school premises, and under the management of Prof. Jack Sanders and his efficient corps of teachers were soon marshaled in marching order, according to grades and positions previously agreed on.

Headed by the Red Men's Band that had kindly volunteered their services and a squad of soldiers from the Fighting First Kentucky, now stationed here, the procession moved through the principal streets of our town to public square, Main and Second Streets, where it was halted and formed into a hollow square.

Patriotic airs were played by the band, military maneuvers executed by the soldiers, and National Airs sang, that were heartily joined in by all those present. The most beautiful and interesting feature of the occasion was a splendid flag drill by the older pupils, girls of the Junior, Senior and Sophomore classes under the direction and leadership of Miss Bessie White, the accomplished Senior Class instructor. A more beautiful sight than the drill and maneuvers of those pretty and graceful girls, all dressed in spotless white and each carrying a small edition of Old Glory has seldom, if ever, been seen on the streets of Shepherdsville. It reflected much credit both on the girls and their splendid young teacher.

The drill of the youngest class of pupils under direction of their teachers, Misses Crawford and Williams, was also a pretty sight and much enjoyed by spectators. After drills, the pupils were again formed in marching order and the parade, accompanied by a large crowd of our citizens, returned to the school building and then repaired to the gymnasium where after a musical program consisting of patriotic songs by pupils to accompaniment of Miss Mayme Stephens on the piano.

Senator J. R. Zimmerman delivered an able and instructive address that was attentively listened to and greatly enjoyed by both pupils and visitors. After that, the audience returned to the yard where, as the band played the Star Spangled Banner, and a military salute was fired by the squad of soldiers, amidst shouts of applause from spectators, old glory was run up to the mast head and there from hence will proudly wave over this portion of "The Land of the Free and Home of the Brave" God Bless her.

\*\*\*Great Day's Labor Nicely Performed.

Clean up day found responsive persons willing dirt and trash workers.

The greatest day for this burg in many years was Tuesday, April 17, Clean Up Day. Upon request of the Town Board, every one, old and young, black and white, "got busy" and gave this good old town an overhauling the like of which it never got before. With one accord a great army armed with shovels, rakes, hoes and brooms made a valiant attack upon the hosts of Truck and Trash of every description and by noon, great piles of debris awaited the ambulance corps who carefully carted it away to where it would do the most good, the spot which was once the tile works pond, before it was drained. Frank Monroe volunteered as conductor of the cart drawn by Clarence Croan's old Daisy, with Dr. Smith as chauffeur.

Someone tacked the cards of rival candidates upon barrels and boxes containing garbage and One Way Frank "tied into" them and

consigned them to the dump, a sight to behold. Only once did the gallant Franklin waver or hesitate. It was when he came to the small collection of his neighbor and opponent, Curran Troutwine. With tears in his eyes, he begged that the rules be suspended and Curran given at least third prize, "for", he argued, "I want to see him win something and I know it can't be the jailers race". Thirty loads of trash were collected which included 1793 empty flasks of all shapes and sizes, most of them evidently left by the early settlers. Uncle Gib Griffin offered one dollar for the concession to extract the tears from these flasks, but Bro. B. W. Hardin was on the job representing the WCTU and there was nothing "do'in". After figuring all week, Uncle Gib states that he has just been beat out of one gallon and seven pints, by the Prohibition wave.

A small flask of liquor was found in the ash can of the Hon. James W. Barrall, which looked bad for a time, but by clever detective work, Jailer Monroe declared that it had been placed there by some agent of the High License League in order to "queer" Jim with the dry element. Owing to a misunderstanding of the contest for the largest and handiest pile, there were only four entries to qualify.

The premium was won by Aunt Jane Turner, the genial janitress of our high school, with Bertha Bowman a close second. The special for largest lot and greatest variety of empties was a tie between Will Ashby, dry Republican and Geo. Wilson, old line wet. They both had everything from Old Grand Dad

to Red Ox, but in order to preserve harmony in the party during these trying times, Will waived his claim to the premium and tried hard to establish an alibi on the bottles. After much searching, Harry Combs donated two frazzled collars - 1910 models, to the collection. Jim Hardaway of the Peoples stated that three weeks ago, his cash failed to balance by one cent, and would we kindly sift three loads of ashes and try to locate missing copper. Carl Daugherty joined the clean ups long enough to have a fine coat of ashes dumped on his driveway, when he was taken deathly sick and had to spend the next day on the beach - fishing.

The Sanitary Board wishes to thank all of our citizens for their hearty cooperation and especially Bowman Bros., J. Dave Buckman and John Eddington for assistance with hauling, also all our soft drink merchants for prompt compliance to the order to remove empty cases from the side walks. In order to give all candidates an equal chance with Frank Monroe, to show their ability as sanitarians; every 17<sup>th</sup> of the month up until August primary will be set up as clean up days. Get in the game, boys, let your actions speak as loud and long as your words and our town will be whiter than snow.

\*\*\*More Consideration Ought to be Shown

"Fun" Poked at Patriotism may have a turning point when draft system comes. Letter to J. W. Barrall, Editor, Pioneer-News.

Dear Sir:

It has come to my notice that

## The Pioneer News, 1916 - 1917, J. W. Barrall, Editor

Transcribed from Microfilm by Edith Blissett in the year 2003

certain youths of Shepherdsville have seen fit to poke fun at some of the young men of your town and county who have had the manhood to come forward and offer their services to their county. I am sure the good people of your town and county do not approve of such conduct and furthermore, it is a direct violation of a Federal Criminal Statute.

I want, therefore, to ask you to publish this letter and to express my appreciation of the patriotism of the young men of your county who have unselfishly and nobly offered their services and their lives to their country. I feel sure that Bullitt County has more patriotic young men who will come forward before the passage of the draft bill gives the public a chance to say they volunteered because they had to. E. W. Carter, Capt. 1<sup>st</sup> Kentucky Infantry, N.G. Recruiting Officer.

### \*\*\*Big Increase in Deposits in Bullitt County Banks.

The statement of the banks of our county, made as of date April 10, in response to the call of the Bank Commissioner of Frankfort, show the increase of deposits in the four banks to be \$106,254.35. This increase has been made since June of last year. At that time, the Banking Commissioner having made a like call. This big growth in the deposits of the banks of our county, in less than a year's time, show the present prosperity of our people, and the good and strong condition of the Banks.

The fact that the deposits total almost a half million, show that the farmers of our county never

had so much money on hand as at the present time. The increase in the four banks and as between the above-mentioned dates are as follows: Bullitt County Bank, \$9,786.94. Lebanon Junction Bank, \$26,593.95. Mt. Washington, The Peoples Bank - \$27,683.54. Shepherdsville, The Peoples Bank - \$42,187.92 for a total of \$106,254.35.

### \*\*\*Home Boys are Pleased in Service of Uncle Sam

Patriotism paramount in hearts of Shepherdsville lads who are now in Army.

We have been requested by some of our young boys, who have enlisted, to say that any boy or boys who think anything of themselves and their country should come in and enlist in Company D and be with us boys of Bullitt. Lieut. Young would like to have a great many of Bullitt's boys in his company serving Uncle Sam. We need you in the army and navy. Don't be a coward. Uncle Sam has no use for a coward; they should be in some other country. If I was you today, I would enlist tomorrow. We have a good time and get to see some experience of a soldier. The services of every young man is needed. Say, Boys, of my county! If you want to be of service to your Government, enlist now, for now you are needed. Don't be a draw-back, but be an honor to your county and country. Come up like a man and enlist in Company D. Listen to a friend's advice. Friends, who are serving now. H. T. Shepherd, Johnie Snider, Milton Formhals.

\*\*\*Methodist Revival Starts at Local Church Sunday. The pastor

will preach Sunday, Rev. B. W. Hardin will preach Monday night. On Tuesday night, Rev. G. W. Crutchfield, of Jackson, KY, will preach - and will take the revival in charge and do the preaching from then on.

Bro. Crutchfield is Presiding Elder of the Jackson District of the Kentucky Conference, is an able preacher and a man of splendid personality. Those that are able to hear him will count themselves fortunate.

This promises to be one of the most interesting meetings ever held in Shepherdsville and everyone should lend a helping hand in this great work.

### \*\*\*Mr. Harshfield Dead

Mr. J. S. Harshfield, age 52 years, died at the home of S. F. Harshfield, near Bullitt Lick, Tuesday morning of a complication of diseases. He was a son of the late Hardin Harshfield. His remains were laid to rest in the Bullitts Lick Cemetery Thursday.

\*\*\*Death Come to a Most Beloved Woman. Mrs. T. J. Brooks answers last call at her home April 13 near Zoneton.

Mrs. Nellie Patton Brooks, beloved wife of T. J. Brooks, died Friday, April 13, 1917, at St. Infirmary, Louisville, following an operation. She had been in ill health for several years, and suffered much, but longed to live

for the sake of her children and husband but would say, "Thy will, not mine, be done." Mrs. Brooks was very popular with all who knew her, possessing a magnetic personality and containing rare traits of character, an optimist's temperament, high sense of humor, deep spirituality. Quick of discernment and practical, she made an ideal worker in the church or society. She had been an active member of Little Flock Baptist Church and did much to enlarge its field of usefulness, as organist and teacher in the primary department. She was faithful until compelled by illness to resign her work. Mrs. Brooks is survived by one sister, two brothers, and her husband, all of whom reside in Indiana. Her funeral was preached at Little Flock Church Sunday, April 15 at 11 a.m., her pastor Rev. W. O. Beatty officiating.

The pall bearers were the six brothers-in-law, W. J. Bell, Albert Priest, Charles, John, Joe and Clarence Brooks. The interment was in Hebron cemetery, where we laid our friend and heaped the beautiful blossoms, for to her, they were "symbols and poems". To the heart broken husband, daughter, and son, we may think not of her as gone never to return, but say they shall hunger no more, neither thirst anymore, neither shall the sun light on them, nor any heat, for the Lamb which is in the midst of the throne shall feed them, and lead them to living fountains of water, and God shall wipe all tears from their eyes.

Sleep on, beloved, sleep on and take thy rest, lay down thy head upon the Savior's Breast, we

loved thee well but Jesus loved thee best. Good Night, Good Night, Good Night.

#### \*\*\*School News

The Shepherdsville High School will close its session May 21 with the following class: Buren Hardin, Ralph Henderson, Roy Childers, Laura Daniels, Thelma Lee, Lucille Wooldridge, Willie Chickering, Lula Cook, Lula Ashby and Mary Kirk.

Prof. S. E. Hancock returned to his home here last week, after having closed a successful term of school at Lafayette, Kentucky. He was also a teacher from here who spent the latter part of the week at the KEA.

The following may be of interest to some of our teachers and pupils. Ten thousand (10,000) strawberry pickers will be imported to Warren County to pick and care for the 1917 strawberry crop. Boys can make \$1.50 to \$3.00 per day picking

berries and teachers can get work as patch foremen, inspectors, craters, etc. Board is furnished by the growers at thirty (30) cents per day to all who work at least twenty five hours per week.

The State YMCA of Kentucky will conduct a camp with regular camp games and tent life for boys twelve to twenty years old on the Claggett and Covington farms during the strawberry season. Men teachers are wanted as leaders for their own group of boys. You can assure parents that boys in the YMCA Camp will be under manly Christian leadership with safe environment. Bring a bunch of your boys and come for an outing and some vacation money. Season opens May 21 and lasts about three weeks. Buy your ticket to Bowling Green and ask to be taken to the YMCA Camp. For further information write, wire or see Stanley A. Harris, State YMCA Boys' Work Sec'y. 341 YMCA Building, Louisville, KY.

The school at Lebanon Junction will also close its session this month with a class of three young ladies as follows: Mayme G. Myers, Theodora T. Westerfield and Georgia Whittinghill. For 1918, the class at this school will be Nellie Perkins, Elsie Burshell (sic), Oliver Roller and Harry Blandford.

The KEA at the close of its annual session elected for 1918 the following officers: J. A. Carnagay Pres, T. A. Hendricks, V. Pres., Lida E. Gardner, Treas. and R. E. Williams, Sec'y.

Miss Maria Atkisson, a well-known teacher of Knob Creek was recently married to Mr.

Emery Sterling, of South Park. If you want to get married, young ladies, go to teaching in Bullitt County.

The last common school diploma examination for 1917 will be held here May 11 and 12. The class this year will probably be the largest that the county has ever had, as at least 74 are expected.

Miss Cecil Funk, who has been doing successful teaching for two years at Highland, has declined to accept the place for another term and will probably give up teaching for the present.

Prof. K. E. Southerland, a popular teacher at Lebanon Junction, has accepted the principalship of a large graded school in his home county.

Mrs. Fanny King, who taught in this county a few years ago, has announced for the office of Superintendent of the Hardin County Schools. She is the first lady to ask for this office in Hardin County.

The school at Lebanon Junction had a big flag raising Tuesday, May 1, with some 600 people present. Rev. Bell delivered the principal address, while Prof. Southerland gave a splendid history of our flag. No better school has ever been held there than the present one.

Mrs. Chester Hill, Mr. and Mrs. Clarence Lee, O. W. Pearl, Mrs. Wooldridge, Mr. and Mrs. Newman and several others of the Belmont Flats section attended the School flag-raising at the Junction Tuesday.

everyone to contribute to Country's imperative demand.

The State Board of Education, convinced of the imperative need of husbanding all the resources of the Commonwealth, especially that of labor on the farm and in the garden, urges upon the teachers, school officials and the great army of pupils who have talent or capacity for services of any type, the patriotic duty of making their contribution in this hour of National need. Since Kentucky is an agriculture state and there is scarcity of help on the farms and the school code provides that directors and teachers may excuse the absence of pupils for urgent reasons. \*\*\*Purloining of Fowls Causes much Grief. Woman and men are held under charge of working combination of Chicken Roost.

Mr. "Unpleasant" Hodge and Mrs. L. Eva Garr Hodge, Miss Ura "Peach" Case and Mr. Crady answered present when the roll was called in Judge Funk's legal school at the court house Wednesday morning, where the aforesaid ladies and gentlemen were arraigned on charges of "kidnaping" chickens (feathered chickens), eloping with Uncle Jack Price's horse and wagon and other infractions of the codes and statutes.

Each one waived examination and was held over to await the action of the grand jury which will consider their cases just about the time Kentucky watermelons put in their annual appearance.

It seems that Mr. Hodge and

Messrs Crady and Howell, figured it out that there were too many chickens in their neighborhood, and fearing an epidemic of chicken cholera, they patriotically decided that the best way to avert such a terrible calamity was to get rid of the chickens. So they visited the home of the Scarce brothers, where they borrowed about thirty-five fowls, and went on to Louisville where there was a good market.

They had selected more chickens before visiting the Phelps henhouses, and when they finally pulled out for the Kentucky metropolis, their feathered cargo was worth about eighty "bucks". Officers finally winged the whole gang, except Mr. Howell, but the chickens have not been recovered. Uncle Jack found his "nag" and wagon, but had a fairly good sized feed bill to pay before he could bring his horse home.

The defendants will be the involuntary guests of the Hon. Robert E. Lee, at the stone mansion just east of the court house until they are ready to face the gentlemen of the jury next August, and after that, it is more than probable that they will be introduced to Mack Pythian, the genial Warden at the Frankfort pen, where they will have time to study the many intricacies and tangles of the chicken business. This the biggest movement of chickens since Phil Smither and Ed Frye were convicted of making away with twenty Indian Runner ducks. The case of Miss Case is a most puzzling case, since she seems to have no pecuniary reason for being in on the case, but such cases come

along once in a great while, and Miss Case can lay her case before a jury.

\*\*\*Bullitt County Boy Re-Elected Mayor.

Dr. S. W. Johnson, a native of Bullitt County, was recently reelected Mayor of Sullivan, Illinois, after a hotly contested election, which was the most exciting ever held in the town of Sullivan. Dr. Johnson was born and reared about 4 miles west of Shepherdsville. When a young man, he attended a medical college and after graduating, he practiced his profession here for some time, but several years ago, left here and settled in Sullivan.

Since Dr. Johnson's adoption as a citizen of the Illinois town, he has rapidly forged to the front as one the leading and most prominent

physicians of that section of Illinois. His popularity has been demonstrated by being elevated to the Mayoralty of his adopted town for the second time and he stands high there in every way.

Many friends and relatives in and around Shepherdsville will learn with pride of the success that has come to Dr. Johnson's efforts, energy and ability, and we predict even greater honors him professionally and otherwise in the Illinois community.

Shepherdsville has just reason for feeling proud of the Red Men's Band which has been in existence just a little more than one year.

Under the direction of their competent leader and teacher, Mr. Straw, the boys are making rapid progress and in a year or so, can play just as good music as many of the larger, older and more pretentious bands in the larger towns. Encourage the boys, for they certainly are a credit to our town and source of pleasure to our citizens.

### \*\*\*Notice

I have been informed that Mrs. Arp Harmon is very much grieved of seeing her name published as a delinquent tax payer. I know that this is an injustice to Mr. Harmon and family. I therefore take this method to explain this matter. It was no fault of Mrs. Harmon, neither was it my fault, but the fault of the Assessor who made the mistake in assessing her with a poll tax. I went before the Fiscal Court and got them to release her from the payment of this poll. The law requires that all releases shall be published. W. S. Rouse.

\*\*\*W. C. Herps for County

Surveyor

This issue of the Pioneer News  
contains the announcement of W.  
C. Herps, who again seeks the  
Democratic nomination for  
county surveyor. Mr Herps does  
not need any introduction at our  
hands, for he is known from the  
vine clad hills of Victory to the  
lower reaches of Pond Creek, and  
from the Hardin County line on  
the south to Jefferson County  
hills on the north. He has made  
the most accurate surveyor Bullitt  
County ever possessed and his  
knowledge of land titles is away  
beyond that of any other man in  
the county. He is a neat penman  
and his maps are works of art.  
There is no better Democrat in  
Kentucky than Bill Herps. He was  
an ardent supporter of Goebel and  
was one the first supporters to  
rally to the Goebel standard in  
this county. He never bolted a  
Democratic ticket his life and has  
at all times stood by the party and  
it's nominees. He has made  
Bullitt County a good officer and  
if re-nominated, will serve the  
people faithfully and well.

Croan and Conrad Maraman is  
now engaged in raising by

necessary expenses connected  
with the eventful occasion. It is  
proposed to make this a county  
wide celebration and citizens

breaker. Come, everybody, and

County, your Country and Old  
Glory.

\*\*\*First Regiment Loses Young  
Recruit by Death.

David T. Boston dies after  
nineteen days illness at City  
Hospital.

Sorrow once more reigns among  
the boys of the First Regiment,  
for death last night took another  
of its youngest and most popular  
members. David T. Boston, 20  
years old, of near Mt.  
Washington, Bullitt County, died  
at 6:45 o'clock at the city hospital  
where physicians in vain had  
fought for his life during a  
nineteen day illness. A form of  
blood poison, growing out of  
kidney trouble, caused his death.

Four weeks ago, young Boston  
felt the call to the colors. His  
father's farm was twelve miles  
from the nearest enlistment post,  
but this did not stop the young  
fellow. He walked the distance  
and was quickly made a member  
of Company C, of the First.

Boston had but nine days with the

\*\*\*Juniors Entertain Seniors

The Senior Class of the S.H.S. was entertained in Louisville by the Junior Class on the evening of May thursday fifth. The machines of Messrs C. L. Croan, W. N. Griffin, C. P. Bradbury and Ed Tyler were used to convey the two classes to and from Louisville.

All have been brought together, we left Shepherdsville at 2:45 p.m. But after starting, we were together only at short intervals when the faster drivers would stop to allow the slower ones to catch up. Everything progressed very nicely until we reached town. When Mr. Bradbury passed one of the machines of our comrades, stationed on the side of the street with a flat tire, he stopped to examine the tires of his machine, a threatening blowout was found. He put on his peculiar extra tire which is attached to the side of the punctured one. As this gave it the appearance of a rear wheel of a large truck, of course, it attracted much attention and caused many comments.

After a short drive in town, we were taken to the Tyler for 6

o'clock dinner. The girls were much pleased and also surprised to find that they were to be given a private room. All seemed to enjoy their dinner except Lula Cook and Ralph Henderson. Lulu could not keep her eyes from following the Head Waiter, .. gentleman of color, (can't read) Was do (sic) to the extra plate which was near enough to tantalize his vigorous appetite, but when formality and politeness forbade him to take, or perhaps he failed to have the courage to ask for it. And then C. F. and Prof. Sanders were disturbed by the caller, for business I supposed. The toothpicks were very attractive, being decorated in different colors. There were none used for their purpose since we wished to keep them as survivors (sic).

We were next taken to the Mary Anderson. Soon after the show, we went to our respective cars to start home. As Ralph was separated from the ones in his company, and the machine in which he came, had been moved, he started for the Seelbach, thinking he had been left.

All were in the best of spirits when we arrived at home at a proper time, as it was not yet "two" late. I feel sure I can represent the entire Senior Class when I say we have not words to express our gratitude for the pleasure we derived from that pleasant evening.

\*\*\*Man Who Never Swore dead in Kansas City, MONDAY

Edward Brown, a hog salesman at the Kansas City stockyards, thirty-three years, and known far and wide among stockmen as the "Man who never swore", is dead. When Brown went to work at the yards, cowboys and cattlemen who came in from the ranges of the west, were men of broad oaths and picturesque profanity. Contact with these men day after day soon got employees of the yards into the same habit - all except Brown. No one ever heard an oath from his lips, and his abstention became marked. Brown, however, suffered nothing in popularity.

There were 60 out of 65 that made passing grades, while the January examination had 19 failures out of a total of 33. Most of those who failed in January came back and were successful this time.

#### \*\*\*Silver Wedding Anniversary and Birthday Celebration.

Much joy was anticipated by both the young and old that were gathered together at the home of Mr. and Mrs. D. B. Monroe, near Lebanon Junction, on last Sunday, May 20. On Saturday, May 19, was the date of their silver wedding anniversary, also Mrs. Monroe's 42<sup>nd</sup> birthday, but the celebration took place on Sunday.

The guests arrived early and after the gifts were presented to Mrs. Monroe, a bounteous dinner was served which was enjoyed by everyone.

The afternoon was spent in making pictures and telling tales of the past. The young folks especially enjoyed listening to their parents tell of the "days when they were young."

All of Mrs. Monroe's sisters were present. The guests were:

Looking sad and tearful and accompanied by a sad looking young lady, Charlie Daniel, went to the depot Sunday afternoon. Shortly thereafter, boarded a train and pulled out for Louisville, where he will work until the school bells ring about the first of July. Charlie is fond of bells, and nothing would bring more unadulterated delight to his wildly palpitating young heart than the sweet sounds of wedding bells. We are for Charlie. He is a clean hearted, clear brained, hard working young man who tries to keep busy. He is bright, sociable and happy, and of such we always look for and realize the very best.

\*\*\*Hard Blow for our School

The loss of Miss Bessie White is a great loss to our school. She has been with us the past two sessions and has shown herself to be a fine teacher, splendidly educated, and well equipped for her work, liked by her pupils and by all the patrons as well. We are losing entirely too many good teachers without any good reason and our school suffers the loss. Miss Lorena Robinson, who was in a class all by herself in high school work, and Miss Crenshaw, who was a splendid teacher, and later Miss Mary Hall, the best primary teacher in Kentucky and now Miss White, who stands next to Miss Robinson, in high school work. Petty grievances and dislikes are all right in private affairs, but in matters affecting the whole public, the teacher who has the education and the ability to impart knowledge should be held fast to, for they are not so plentiful.

\*\*\*History of Mothers Day

The pretty custom of "Mother's Day, as celebrated in this county, had its origins in the love of Miss Ann Jarvis, of Philadelphia for her mother and her desire to honor her, it was first observed by Dr. J. Wilbur Chapman in connection with his evangelistic work. Being 2<sup>nd</sup> Sunday in May and the white carnation is worn in "Mothers" honor, as it is thought to stand for purity, vacancy, faithfulness, love and charity. It is claimed that our presidents of the United States had good mothers. It is said that John Quincy Adams, until the day of his death, recited the prayer that his "mother" taught him. Garfield said, "You brought me to this", on the day of his inauguration, as he kissed his mother. Grover Cleveland said, "Worldly honors or worldly perplexities will never cause me to forget the lessons my mother taught me." Lincoln said, "All that I am or hope to be, I owe to my aged mother."

Jane Taylor says, "who ran to help me when I fell, and would some pretty story tell, or kiss the part to make it well? My mother."

M is for the millions things she gave me, O means only that she's growing old, T is for the tears she shed for me, H is for her heart of purest gold, E is for her eyes with love light shining, R means right and right she will always be.

Put them all together, they spell mother, A word that means the world to me.

The mothers in the Barrallton neighborhood were so well remembered some by letters, some visits from their children, whom they had not seen for some time. And in many other lovely

### \*\*\*Death Claims Popular Lady

On Monday evening, May 7<sup>th</sup>, the death angel with its sable mantle, spread gloom and sorrow when it called from the home of Mr. R. L. Master, his beloved wife, Mrs. Birdie Clark Masters. Besides her husband, she is survived by one daughter, Mrs. John D. Cooper, and one son, H. C. Masters, a mother, Mrs. N. L. Clark, four brothers and four sisters, all of Louisville. Her death occurred at her home in Louisville. The funeral services were conducted at St. William's Church and she was laid to rest in St. Louis Cemetery.

Her life was characterized by cheerfulness, kindness and thoughtful interest in her church. During several years, her health was very poor, the last five weeks, her illness became very serious. She suffered intensely during this time but it was then the beauty of her faith in Christ seemed to blossom into full flower. She was patient, bright and ever ready to smile through her pain. As her physical strength waned, her spiritual energies seemed to abound. She endured as one who really saw Him in whom she believed. In its illness, her life bore testimony to the reality of that sustaining grace promised to those that believe. (And a Poem)

### \*\*\*Notice of Registration

June 5, 1917, every man between the ages of twenty-one and thirty

years of age is expected, and it is his duty to go to his voting place in the precinct in which he has his residence and register as required by the laws of the United States. This is for Military purposes under the Selective Draft law recently passed by Congress, and any person who is of proper age and fails or refuses to register is liable to a heavy fine and imprisonment for not less than one year.

The hours for registration are from seven a.m. to nine p.m. and it is the duty of everyone of proper age to register.

All persons more than thirty but under thirty-one on the day of registration are subject to registration and must go. And the Pioneer-News wishes to burn it into the minds of its readers that they must go and register if they are subject. Let fathers and mothers and sisters and brothers see that every male member of the family who is subject to the draft goes and registers.

We not only appeal to patriotism of every young man of the proper age to go and register, we desire to impress upon his mind that he will be severely punished if he does not go, for Uncle Sam is very much in earnest about this matter.

The following is a list of registers who have been appointed to serve on June 15<sup>th</sup>, 1917 for the selective draft under Presidential Proclamation: Dan Gober, Sim Mans, John Pendleton, John Barrall, S. G. Thornbury, Jim Pope, Bert Hall, J. C. Drake, Chas. Bridwell, Will Swearingen, P. L. Dawson, Virgil Duvall, W. Jenkins, C. W. Newman, T. L.

\*\*\*A Regular Methuselah in Leaches

Would you old fellows down about Cupio believe me if I were to tell you that Uncle John D. James is playing ball this year? When Charlie Nichols and Joe Samuels and Charlie Bender and the Horine boys were in their

prime, Uncle John was some player but that was just after the civil war and many of the above named gentlemen have become old men, but not so with Uncle John. If you were to see him dash with fire and agility across the green sward which coats the diamond, and pick up a grass cutter and hurl it to first, you would guess that he was yet in his teens, but brother, you would be away off, for the aforesaid Uncle John was a young man when his cousin, Jim Rouse, was a boy, and Jimmie is not exactly what you could call a Spring chicken. But John has defeated Father Time, hung crepe on the front door of old age, openly defied the doctors, laughed at the undertakers and declared war on Old Maids, and is building a fleet of submarines to use in his piratical dashes on the sea of matrimony.

### \*\*\*To Voters of Bullitt and Spencer Counties

At the solicitation of my many friends, I have entered the race for the Democratic nomination Representative in the lower house of the next General Assembly of Kentucky. In becoming a candidate, I am not unmindful of the importance of the position and if nominated and elected, I promise now to serve the people to the best of my ability.

I was born and raised on a farm near Brooks Station in Bullitt County 43 years ago and have been a citizen and tax payer of the county of my life.

I acquired education in the common schools of the county, and at the Western Normal at Bowling Green. The days of my boyhood and young manhood were spent on the farm where I done (sic) all manner of work and continued to till the soil until about seventeen years ago, since when I entered the journalistic field and have been in the newspaper field ever since. I still have a farm, here in Bullitt County, and claim to be a farmer.

At the time of my advent into the newspaper business, the county had gone Republican and the Democrats were without a mouth piece and were in sore straights and sadly discouraged.

Through the instrumentality of my newspaper, the Democratic majority has increased in the county year by year until the present time when it reaches the handsome toll of 800.

How well and faithful the Pioneer News has served the party during all these years, I am willing to submit to the voters of the district. Four years ago, the Democrats of the district honored me with the nomination and election as their Representative in the Legislature. Being a new member, I was not familiar with the underground wireless systems of a corrupt and relentless lobby and other nefarious influences at work in and around the capitol, and naturally could not accomplish as much as I desired, but I favored and openly advocated a law reducing railroad fares from three to two cents per mile which finally culminated in securing a 2-1/2 cent rate. I voted against all bills creating new and

useless offices, fought every bill carrying with it a large appropriation of the people's money, and if nominated and elected in the coming election, I shall favor abolishing all useless offices and reducing the large and profligate salaries paid to many of the officials under the present laws.

I favor good roads and good schools, and I will do all in my power to put Old Kentucky in the lead for good roads and education. I shall also favor a law making all revenue collected in the form of automobile licenses, and hunting licenses payable into the road and bridge fund of the county where collected, instead of paying it into the State treasury from where it never gets back to the counties under the present laws.

I favor a resolution submitting the prohibition question to the voters of the State at the earliest possible time, for ours is a government of the people and the people should have what they want.

Asking the voters to observe a time honored custom of giving every man an endorsement who is worthy of it, which will fill my heart with gratitude and place me under many and lasting obligations. I Submit my claim without fear, and promise cheerfully to abide the result. Very respectfully, J. W. Barrall.

### \*\*\*Old Glory

Proudly floats from high pole in front of Court House.

The largest and most enthusiastic crowd assembled in Shepherdsville this year was at the Court House Saturday afternoon to see the National flag run up the 75 foot pole concreted in front for that purpose. The Red Men's Brass Band was on hand and enlivened the occasion with National and patriotic airs.

Capt. W. W. Daviess, of Louisville, a veteran of the Spanish-American War was

introduced by Hon. Chas. Carroll in a few well timed remarks and delivered a clean, clear cut and masterly, patriotic address to as many of our citizens as could crowd into the Circuit Court room. The rapt attention paid him and liberal applause that greeted his many telling and beautifully, sounded sentences, proved how greatly it was appreciated and enjoyed by the audience. Lieutenant Olte, of the First Ky. Regiment, also delivered a stirring address that brought sound after sound of applause and aroused the patriotic feelings of the crowd to the highest pitch. Lieut. Olte was born in Mt. Washington, and the announcement of that fact added, greatly, to the high feelings of regard and esteem already felt for him by our people. After his address, the crowd repaired to the yard and street where, as the band played the Star Spangled Banner and the crowd stood with uncovered heads, Old Glory was run up and then greeted with shouts and hand clappings as she proudly spread her folds to the stiff breeze that gladly greeted her as she settled at the mast head.

The flag was purchased by the Fiscal Court. The pole and all expenses connected with the raising were paid for by private subscriptions which were cheerfully made by our patriotic citizens.

The committee consisting of Judge W. T. Narrow (Sic), Jno. L. Sneed, Lindsey Ridgway, Dr. S. H. Ridgway, Sam'l Hornback, C. L. Croan, and Conrad Maraman, having the ceremonies in charge were prompt and efficient in the discharge of their duties and to

Mr. S. B. Stevens, for his assistance in raising the pole, a special credit and the thanks of our people are due.

### \*\*\*Dedication

At Bardstown Junction, Next Sunday, June 3.

Everybody is invited to the dedication of the new church building at Bardstown Junction next Sunday, June 3. The morning service will begin about 10:30. After the first service in the church about an hour will be spent in eating dinner and in delightful Christian fellowship. There will then be an afternoon service in the church. The third and last service will be at 7:30 p.m. All who can do so are expected to bring their lunch baskets with them. And those who cannot will be abundantly provided for. Let everybody in all the surrounding country come and help to make this a great day in the history of Bardstown Junction. Rev. O. E. Bryan, of Louisville, will be chief speaker of the day.

### \*\*\*Some Good Tips

If the men who have families and who are losing money on the races will take some tips from us, they can win. Put your money on Obelisk and Country Ham and Jersey Butter and Fresh Eggs and New Peas and Early Beans and Mother's Bread and Breakfast Bacon and Fresh Beef and Dried Beans and cannot lose. The odds may not be as great, but you are

always inside the money. You do not have to go to the race track to put your money up; you can place it at the grocery store and take your winnings home in a market basket. Talk about hard times, when men deliberately hunt out those gambling holes and foolishly allow crooks to cajole them into placing their money on sure losers.

Spend your money for some thing to eat and wear and let your wives and children be the beneficiaries.

### \*\*\*Do not fail to Register

Every person who is eligible to register under the selective draft law should be sure to register as all persons who fail to do so are liable to be sent to the federal penitentiary and any person who assists another in avoiding or dodging registration is going to be prosecuted in the federal court and severely punished.

Every male person twenty-one years of age and under thirty-one must register, and it is the patriotic duty of every red blooded, lion-hearted Bullitt Countian between those years to register.

Again and again, we wish to urge all the eligibles to register as those who fail are sure to be vigorously prosecuted in the federal court.

\*\*\*I Am Coming Back to Bullitt (Poem)

I am coming back to Bullitt,  
When summer comes, Louise.  
When the fields are full of  
blossoms;  
And the air if filled with bees  
Where the streams are clear  
and sparkling,  
And the skies are bright and  
blue;  
I am coming back to Bullitt,  
To Bullitt – and to you.

Ah, we will walk down in the  
meadows.  
Where the rarest violets  
bloom,  
And we'll thread the tangled  
wildwood  
With its solitude and gloom;  
We'll wander on the hillsides  
Where we watched the  
summer sunsets  
In the happy long ago.

Yes, I coming back to Bullitt  
In the brightest days of June;  
When the trees are thronged  
with song birds  
And the birds are all atune.  
When roses with their blushes  
Nod in every tender breeze.  
And the brooklet onward  
rushes  
In its journey toward to sea.

I'm coming back to Bullitt  
Where the brightest sunbeams

fall.

And the Crimson Rambler  
riots on the dear old  
spring-house wall.  
Where my dear ones all are  
buried  
And fond hearts are always  
true

I am coming back to Bullitt  
To Bullitt and to you.

### \*\*\*Notice to friends.

We save money when we pay  
cash. Have decided to sell goods  
strictly for cash and for less  
profits on merchandise as a whole  
in the last eighteen months has  
been outrageous, both to the retail  
merchant and the consumer. But  
when we pay strictly cash for our  
goods, we then expect less profits  
to be made when we pay cash. So  
then come and let's do business, a  
profit sharing business.

When you buy goods on credit  
and get slow and delinquent, why  
then it puts the average merchant  
in the same position. Then the  
first thing you both know, you  
both in the middle of a bad fix.  
Let's pay cash for what we get  
and then everybody is ready to  
sell us goods at the right price.  
We cannot get offended at this  
way of doing business for when  
we pay cash, we do not have to  
carry any books or say to the  
sellers "Will you charge this till  
tomorrow or next week or next  
month, or till pay day" You know  
pay day does not come with some  
people at all. Then it makes you  
feel bad because pay day did not  
come, your goods are all gone and  
no pay day. Yet, then what?  
Collect it if it is not collectible.

So this is just a small touch on the  
credit system. So then, let's pay  
cash and we will stop this rumor.

So then we will start our cash  
business on June 25, 1917, at six  
o'clock a.m.

Those owing old accounts will  
please call and settle by cash or  
note. W. M. Logsdon, Clermont,

\*\*\*Photo - Announcement for Hon. Haynes Carter

To Democrats of Bullitt County:

In announcing myself as a candidate for the Democratic Nomination in the Twelfth

Senatorial District composed of the counties of Bullitt, Hardin and Grayson, I take this means to greet the voters of Bullitt County, many of whom it has not been my pleasure to meet. The next General Assembly of Kentucky will have to deal with some of the most complex and vexatious questions that have arisen in half a century; to meet and solve these questions as they appear will require the attention of those possessing ability and undaunted courage. The tax question and the reforms relating thereto must be met and mastered.

The workman's compensation act no doubt will have to be amended to meet the requirements and for the protection of those who risk their lives and limbs in the work accident to the operation of the great mills, mines, factories and quarries.

Laws relating to the maintenance of the splendid roads already built as well as the extension of the system for the construction thereof should be promptly enacted.

The civil and criminal codes should be amended so as to eliminate long and vexatious delays in the trials of causes pending in our courts.

An arrangement should be made for the separate confinement of the criminal insane - those who have escaped punishment by questionable pleas of insanity and who under the present law are set at liberty without confinement or punishment of any nature.

These are but a few of the many things that should engage the attention of the next legislature.

In order that my position may be known upon the liquor question, I take this means to state to the voters that I favor submission for a vote by the people of an effective, state-wide prohibition amendment to the Constitution and if nominated and elected, I shall so vote in the Senate.

To those who are not acquainted with me, I will say that I was raised on a farm in Hardin County; that I am 35 years of age and a lawyer, having been admitted to the bar 15 years ago, and have been engaged in the practice of my profession since that time.

I feel that in a modest way, I can claim some recognition at the hands of the voters in my county and district, having given freely of my time and means to further the interest of my party in every campaign that is has waged in the past eighteen years.

With this brief statement, I shall close this letter assuring all that I shall use every effort to protect the interests of the district and the state in the event of nomination and election. Sincerely, Haynes Carter.

Mr. Denton, of Grayson, has arrived to spend some time with his daughter, Mrs. Hardin.

Mrs. Rennison spent several days last week with her sisters, the Misses Hecker.

Hilary Dawson was here Thursday on his way from Highland Park to Pitts Point. Hilary is one of the best young farmers and stock traders in our county and is, in addition to that, a fine young man who numbers his friends by the hundreds.

Charlie Shepherd was here recently and told us that his dog had killed two rattlesnakes, one of which was eight years old. The age of the other could not be ascertained because the dog, in killing the snake, shook its rattles off. Rattlers are reported as being very vicious this year and hunters and others when in the woods should be very careful.

Henry D. Shafer, of Pitts Point, was here Tuesday. Seeing Mr.

Shafer reminded us of the big peach crop which he and Jas. A. Ice hauled to market for Clarence Holsclaw several years ago. Clarence raised a peach that year which was known as the "Late Snowball" because of the fact that it ripened about the time snow fell. Jim Ice hauled peaches until about Thanksgiving and never thawed out until the following July and as for Mr. Shafer, he says he is still cold.

Burns Holsclaw was here recently, and the whole burden of his conversations was that hoopsnake which Charlie Shoptaw killed on the Mountain Top last year. He says he has had some bad dreams, and has been the victim of some horrible nightmares, but never even in the worst of nightmares, did he see a hoopsnake.

Colonel Samuel A. Hornbeck, attired in his grayest of gray suits, and wearing a radiant smile, left for Washington last week, where he attended the only Confederate Re-Union ever held north of the Mason & Dixon Line. Col. Hornbeck was a member of the Orphans Brigade, the best and gamest body of men Kentucky ever sent to the Southern Army, and he was one of the bravest men in that body of lion-hearted soldiers.

His hundreds of warm friends are congratulating Lindsay Ridgway upon the fact that he has no opposition for the nomination for county clerk. This is a deserved compliment to a splendid, deserving official, whose urbanity and kindness are known the county over. We make hold to say that Bullitt County never

possessed a more obliging official than Lindsay Ridgway, at least since the death of his lamented brother, William H. Ridgway, who was county clerk when he died. And we may add that Lindsay is just as competent as obliging.

Mr. V. Howell Smith, individual book keeper at the Bullitt County Bank and one of the ablest and most accommodating young men in our town, is away on his annual vacation. His friends wish him a pleasant and beneficial rest, and an improvement in health.

Mr. H. H. Combs, who has spent his vacations at French Lick Springs for the past several years, has been lured away from that resort by James H. Hardaway, who has induced him to go to Atlantic City, NJ where he can watch 'em bathe. Thousands of girls go there every year to enjoy bathing in the thin parts of the ocean, and Jimmie has been going up there for several years to watch them swim, and induced Harry to wend his way to that attractive summer resort. Jim says you can see all sorts and sizes there when they get their bathing suits on.

Bryan, of Louisville, assisted by Rev. Leaverett of Louisville, and Rev. H. C. Combs, of Shepherdsville, did their part nobly as ministers of the Lord. The result was that our little church is now practically out of debt. We feel thankful to those who assisted in any way in erecting and paying for our church.

\*\*\*School News

The teachers took the examination here for white teachers Friday and Saturday, June 15 and 16. Bertha Engle, Laura Daniel, Lula Hoagland, Sylvia Phelps and Hugh Porter. The examination for colored teachers will be held one week later on June 22 and 23 while the examinations for all certificates will be held in September.

The Kentucky Ladies Quartette led by Miss Wimberly, violin

teacher in the local school, gave a most excellent musical entertainment at the Masonic Temple Thursday evening and we congratulate Harry Combs and James Williams for selecting such able artists to appear before the young people of this community. These ladies go to Glendale this week for an evening's program under the auspices of the High School at that place.

Prof. J. H. Sanders spent a few days last week at Bowling Green and Lexington in the interests of the High School here.

We have just seen a part of the program for the Red Men's Picnic here July 4 and it is decidedly the best we have ever seen. A hurdle race, an automobile demonstration, candidates handicap races, candidate parade with a dozen other new features makes this a very attractive program. The program that day will probably be led by Mr. Sanders.

A report has been issued by the special committee of doctors appointed to investigate last summers epidemic of infantile paralysis in New York. The committee made a study of 1498 cases but learned less than had been hoped. The following conclusions are given:

1. Infantile Paralysis is communicated by personal contact.
2. Slight and non-paralytic cases are the most frequent sources of infection as these cases arouse no suspicion, others come more in contact with them.
3. The disease usually develops from three to ten days after

exposure.

4. Previous good health does not give immunity from attack.

Persons are warned to keep children who are ill away from other children until it is certain that the illness is not the dreaded disease.

Miss Mamie Quick, Dessie Harris, Estherine Rouse and Martha McCormick, well-known young ladies of this county, returned this week from Nazareth Academy, where they have been attending school.

All teachers in the rural schools of this county may get all supplies by calling at the Court House, June 30.

\*\*\*Mrs. Roena Ashby

Mrs. Roena Ashby, relict of the late C. D. Ashby, died at her home here June 16th, after an illness of more than a month. She was a daughter of the late Jerry V. Froman, and was born near Mt. Eden, May 16th, 1852. In 1876, she became the bride of Charles D. Ashby and side by side they walked the pathway of life for thirty-seven years, sharing life's sweetest joys and bitterest woes. Mrs. Ashby leaves surviving her eight children, W. E. Ashby, Verlie Ashby, Mrs. Frank Hardy, Mrs. Clarence Holsclaw, Mrs. Ed Quick, Mrs. George Bowman, Mrs. Birdie Griffin and Miss Chrissie Ashby and two children who died in infancy. Mrs. Ashby lives within a stone's throw of the house in which she first saw the light of day until after the death of her husband when she yielded to the importunities of her children and came to Shepherdsville. She was one of

Bullitt's best women. A good neighbor, who was always ready to help the needy and distressed; a faithful and helpful wife, a tender and loving mother and an unfailing friend, she measured up to the standard in all respects and was loved and respected by all who knew her and had seen her good work. In her home, she was self-sacrificing and untiring. She looked well to the needs and wants of her loved ones; was never too weary to perform some loving service for the members of her household, or some sick and distressed neighbor. Out in the neighborhood of her old home, where she was born and raised her children, she was known, she was pronounced "a good woman". What a high eulogium (sic) and what an honor. Earth knows no greater blessing than "a good woman" and throughout her life, Mrs. Ashby was that. On Monday after her death, after brief services at the home, all that was mortal of the beloved mother and friend was conveyed back to the old home, where her parents lie asleep, and there in the family cemetery by the side of her husband, who had gone on before, she was tenderly and lovingly laid away to sleep the long, long sleep, which ends not until God shall summon the sleeping millions to meet them on the Resurrection morn. During her illness, Mrs. Ashby was given every attention by her loving children and loving friends. All that medical skill could do to stay the hand of death, was done, but to no avail, for she had been summoned to come away from the activities and joys and sorrows of life; to lay aside her pains and infirmities, and to cross

over that mystic river and enter Eternal rest on its farther shore. To her grief-stricken children, we tender our deepest sympathy. No words of sympathetic friends can heal their bleeding hearts, only God can do that. But in this their greatest loss, we cannot refrain from speaking to them a few words of condolence. (Poem)

\*\*\*Big Deal of Timber

The well-known local firm of Shelton and Masden have just closed a big timber deal with Meeker Brothers, near Lebanon Junction, for the purchase of nearly 300 acres of the best timber laid in the county. The firm will employ a number of men and will take about 2 years to complete the job.

Last week we received notice of the marriage of Miss Nancy Smith and Mr. Floyd Weller. Since then we have been informed that such was not true. \*\*\*Announcement Party

Transcribed from Microfilm by Edith Blissett in the year 2003

Miss Nancy Oldham and Mrs. Margaret Craig entertained with a charming informal sewing party on Thursday afternoon from 3 to 5 o'clock at their home in Buena Vista. An interesting feature of the afternoon was the letting the "cat out of the bag" announcing of Miss Martha Wilson Bosley to Mr. Charles Oldham Bruce, of New Castle, Kentucky.

The house was attractively decorated in pink and white roses and color scheme was daintily carried out in the lunch, which consisted of a salad course with an ice and heart-shaped cakes. The favors were cupids in pink and white.

The guests were Misses Martha Wilson Bosley, Cecile Winstead, Lucy Bar, Clara Pope, Anna Lee Lumpkin, Wella Bosley, Milton Boulware, Nellie Pope, Mary Bosley, Pearl Dinkelspeel, Nancy Oldham and Elizabeth Oldham; Mesdames Thomas Howard, Jack Bosley, L. ### LOOK AT THIS

\$40 in prize to pacing and trotting horses.

Two big automobile contests, plug horse race, mule race, and then one of the freakiest races ever seen; the candidates foot race for which the following prizes are generously provided: first prize, box five cent cigars; second prize, one box two for five cigars; third prize, one box three for five cigars and for the fourth and last prize, one box cigarettes.

Other prizes have been added and the very best and biggest picnic ever given by Redman Tribe will be seen here that day.

There will be twenty-five (25) big contests of all kinds in which big prizes are offered.

And then in the early evening, there will a splendid picture show at The Masonic Temple. Mr. Harry Combs informs us that he has gone to much expense and trouble to secure the very best pictures and has been successful beyond his brightest hopes.

After the picture show, the disciples of Terpsichore, who like to thread the mazy waltzes and skin along over polished floors, keeping time to sweet music can step over to Fraternal Hall where the "Lame Ducks" (whether domestic or wild, we know not) are going to give one of the best dances with such music and such a splendid floor, one just cannot keep from getting out there and dancing some.

All in all, July 4<sup>th</sup> bids fair to be a big, busy day in this old Municipality. The picnic begins at 9 a.m. and the dance will last until well into the wee sma' hours of July 5<sup>th</sup>, the day after. There will be something doing every minute of the time and you can see a better time right here than in some big city.

\*\*\*The Special Picture Show at the Masonic Temple, Shepherdsville, Tuesday night, June 26<sup>th</sup>, beginning at 8:15 o'clock, is the biggest one ever run there, a thrilling 5 reel drama and two reels of delightful comedy, 7 reels in all, and for only 15 and 5 cents admission.

### \*\*\*Pitts Point Basket Meeting

Every arrangement has been completed for the all day meeting which is to be held at the Pitts Point Baptist Church next Sunday.

Quite an interesting program has been prepared and a large number of people are expected to be present. Good sermons will be preached both morning and afternoon and much attention has been paid to the musical side of the service.

Those coming will bring their dinner and each family or group will spread separately.

The purpose of the meeting is to revive the old organization and again have regular service. There has been no service held here since the high water of 1913 injured the house. It is probable that the meeting will vote to move the building to higher ground.

### \*\*\*Supt. Ora L. Roby Announces for Re-election

In the county political section of the present issue, will be found the announcement of our efficient County School Superintendent Ora L. Roby for another term.

Not a few of our citizens place the proper estimate on the importance of an able overseer for our free schools. No other officer in the county has presented to him the many opportunities for benefitting his fellow citizens for the present and future. The

perpetuity of our free institutions has a direct dependence upon an adequate public school system. Without these schools, our representative government will languish and come to naught because the masses, without the light of education, are unfit to self-government.

Ora L. Roby measures fully up to the standard of a man for this office. As a Democrat, he is as good as the best. He stands for the best ideals; he is a model citizen, both in his public and private life; he has brought to the office and interest in education affairs and an energy for doing things – two requisites that will always be in action of the maintenance of our schools and their betterment.

Ora Roby is strictly a Bullitt County product and has fought his way to the front single handed. Educated in our public schools, his training was completed at Bardstown under that able and scholarly man, J. H. Greenwell. For a number of years, he was a successful teacher. This experience enables him better pilot young teachers along safe and sound courses.

During Mr. Roby's term of office, our schools have taken on renewed life. Especially do we find this true with regard to our County High Schools. When he entered upon his duties in 1911, only two County High School students were to be found; now there are more than one hundred in attendance upon our three High Schools at Shepherdsville, Lebanon Junction and Mt. Washington.

Mr. Taxpayer, these things have been accomplished with little

increase in taxation. Voters of Bullitt County, you cannot do better than to continue in office Ora L. Roby, who has so admirably conducted your school affairs for the past six years.

### \*\*\*Wholesale Negro Killing

The greatest Negro killing that has occurred in this country within the past twenty years, took place over at East St. Louis, Illinois, last Monday and Tuesday when a white mob lynched, shot, cut, clubbed, scared, drowned and burned thirty-three of the colored brethren, burned 310 houses belonging to colored people and caused thousands of Negroes to leave the place through fright. This was in Illinois, the home of Abraham Lincoln, the great Emancipator. Just suppose such a bloody affair had taken place in Alabama, Georgia, Mississippi, Texas, Florida, the Carolinas or Tennessee. What a howl would have gone up from the great northern papers. They would have had it at the door of savagery and ignorance. Not long ago, near Memphis, but in Mississippi, a mob roasted a couple of Negroes for assaulting a little white girl and then murdering her. If we remember correctly, the Courier-Journal of the city of Louisville, stood right upon one of its hind legs and deposed and said some awful things, it did, about that mob. But not a line has been printed in that paper condemnatory of that Illinois mob, which burned several

## The Pioneer News, 1916 - 1917, J. W. Barrall, Editor

Transcribed from Microfilm by Edith Blissett in the year 2003

Negroes, hanged many more, and shot and hewed many others to death. In almost every instance, the Southern mob has done its bloody work after the white womanhood of the South had been assaulted and outraged. But what actuated that Illinois mob?

The majority of those Negroes had gone up there from the South to work and the members of the mob, in many instances, had lost their jobs and Negroes were holding them. That is the reason, it was not in defense of sacred womanhood, but filthy lucre.

We wonder what the Eastern, Western, and Northern press, which has at all times been ready to malign and vilify the South when a Negro has been killed, will say now when thirty-four Negroes have been murdered without any sort of excuse, and when three hundred and ten Negro homes have been reduced by raging flames to flying ashes. Surely the Courier-Journal will not remain so silent about the matter, but will drench the Star-Eyed Goddess, that perchance she may grasp her trenchment and facile pen and fittingly "crack down" on that Illinois mob.

#### \*\*\*School News

Mr. C. H. Miller, of Western Kentucky, will be one of the new teachers at Lebanon Junction the coming year.

Miss Mayme Stephens is much improved and will take active charge of her school this week at Corinth.

Miss Jennie Carpenter was the recent guest of her sister and other friends near Mt. Washington.

C. C. Daugherty, former member of the county school board and Frank Goldsmith have purchased the Croan lot opposite the Masonic Temple here and will soon erect a first class automobile

shop.

For the best percentage of attendance at the picnic, the Pleasant Grove school received the prizes, having an attendance of 70 per cent of the enrollment, while the Oak Grove school was next with nearly 60 per cent.

The picnic given by the local Red Men recently was the largest, decidedly in every respect, that has ever been given. A large crowd turned out from the city and everything was called on scheduled time. The ring was in charge of Prof. Sanders, S. B. Simmons and Charles Morrison.

Beech Grove School house, near Zoneton, will be the scene of a very "clever" gathering when the county and district candidates start their campaign "stumping" there Monday night, July 16th. The same high class performers will also "entertain" at several other school buildings before August 5, 1917.

Miss Martha McCormick, who recently carried off most of the honors for the 1917 class at Nazareth Academy, and the oldest daughter of former School Supt., the late C. E. McCormick, is reported seriously ill at the home of an uncle, Abram Brooks of this county. The family will probably take her west for her health.

Any teacher through patriotism or otherwise are at liberty to teach a moonlight school again this year. The letter enclosed will explain the attitude of the state officials, who will be glad to send you all the information direct, with supplies, etc.

Dear Superintendent:

I am writing you to advise that you take up with your teachers the Moonlight School question and have all, or as many as possible, to volunteer to teach a Moonlight School, beginning July 23. These teachers will be furnished with a list of all of the registered men who cannot read and write who live in their districts, and we are extremely anxious that the teachers get these men into the Moonlight Schools and if they cannot do this, that they see to it that these men are taught to read and write before they are called to the colors. Urge this matter upon your teachers and take the initiative yourself, and see if we cannot teach all illiterates in your county this year.

Very truly yours, V. G. Gilbert,  
Superintendent, Public Instruction.

\*\*\*To the Voters of Pine Tavern District

Since announcing myself as a candidate for Magistrate a few weeks ago, of the above district, I have made an effort to see several of my friends in behalf of my race, and as I found many of them under promise to support some one of my opponents and owning in the primary being so near, I hereby withdraw from the race and trust that the best man will be nominated and as all my opponents are good men and good Democrats, I'll take the stump and vote for the nominee. By thanking all my friends for the interest shown to my behalf and by hoping that a full Democratic ticket is elected this fall, I am gratefully yours, Ben H. Cundiff, Belmont

\*\*\*President Wilson has issued a proclamation calling all the State Guard units into service August 5<sup>th</sup>. They will be sent to some training camp in the South, and held there until sent abroad. All constitutional bars have been removed and the men can now be sent on foreign soil. It is more than likely that all our State Guard unites will be in France by Christmas, perhaps sooner.

The Government is proceeding carefully and doing it's work just as thoroughly as possible, and when we once get into the game on the French front, our Teuton cousins will change their minds about our soldiers not being fighters.

\*\*\*Miss Emma Goldman and Mr. Alexander Berkman, anarchists who were recently tried in New York on the charge of obstructing the selective draft, were convicted and sentenced to two years in the federal pen.

Mr. Berkman will spend his time in the big building down at Atlanta; while Miss Goldman will rusticate in Missouri. For years, these two "birds" have been very troublesome in this country. Whenever and wherever they could cause trouble, they have done so. They have been under arrest scores of times, but have slipped through the meshes of the federal dip net, but this time the meshes were fine enough to hold them, and they will have time to reflect while their sentences are slowly expiring.

\*\*\*To the Voters of Bullitt County

Gentlemen: I take pleasure in notifying you that I have withdrawn from the Jailor race. I

am frank to say I had the least conception of what politics consisted before I entered the campaign, but as things developed, I decided to get out. Now for the protection of my opponents, I feel it my duty as well as privilege to speak a word in their behalf; knowing the mental and physical exhaustion that they are undergoing, I advise that they have medical aid available on the trip up Salt River, as the voyage may not be accompanied with much pleasure. Having some knowledge of medicine, I have known great results derived from just a little camphor and asafetida, but if there should be any discovery made that could be injected into politics that would make it purer, the application should be made at once in the protection of the rising generation. Again, I thank my friends for past favors. I Remain Yours, P. T. Munford.

\*\*\*Sells Store

Mr. Robert Davis has sold his store at Belmont, Kentucky to W. W. Davis, the well-known merchant. Mr. Davis has been in the store business there before and his many friends will be glad to see him back again.

\*\*\*First Load of Peaches

Mr. Clarence Holsclaw passed through here Thursday with a load of peaches on his new auto truck. There is the first load and will bring a fancy price.

\*\*\*Great Bullitt County Fair

The approaching Bullitt County Fair, which has long since been conceded to be the very best county fair in Kentucky, will in many ways be the best exhibition

ever held on these grounds. The officers of the fair offer the following reasons why this will be the case:

Better Police protection and therefore better order.

Better music, better horses, better stock generally.

A special place to park automobiles and a special man to look after the automobiles.

Better facilities for reaching and leaving the grounds.

Better agricultural and horticultural exhibits.

There will be many other attractive features and conveniences which we cannot mention. The Bullitt County Fair has at all times been the friend of the farmer and stockman, and no less the good friend of the orchardist and trucker. Since the organization of this institution, the grade of all kinds of live stock has improved in Bullitt County to no less than 50 per cent. It has improved everything connected with farm life and orchardizing. It has improved the class of vehicles and farm implements, and it has brought the people of the county in close touch with each other. Socially, financially, and in every other way the Bullitt County Fair has done more than all other agencies and institutions combined. Do you believe this? If so, do appreciate good service! If you do, then show your appreciation by coming to the Fair.

\*\*\*Camping Party

The beautiful camping ground on the farm of Mr. Hough, has been the scene of much festivity for the

## The Pioneer News, 1916 - 1917, J. W. Barrall, Editor

last ten days, for there was encamped a party of Louisville young people, so full of life and merriment that from daybreak to midnight frolicking of one kind or another was going on. With fish fries, marshmallow roasts, fudge parties, masquerading, long tramps in the woods, boating and bathing, not a minute hung heavily.

One of the young ladies played the ukulele exceedingly well and so added much to the pleasure of the party every night when they grouped about the campfire to sing and tell stories. The party proper was composed of Misses Lynwood and Virginia Plock and Florence Huchstrasser, Messrs Edward Greene, Ray Pontrich, and John O'Brien, chaperoned by Mrs. Mary Lee Jones and Mrs. Plock; but it was enlarged from time to time by the coming of Misses Martha Randle, Elizabeth Rudd and Hattie Davenport; Messrs Harold Kremer, Francis Gudgel, Walter Raibel, and Bert Weiman. All are much indebted to Mr. Hough for his kindness, certainly no camping spot could be more delightful than Liberty Lodge nor a host more thoughtful and accommodating than Mr. Hough.

A splendid new cistern has just been completed at Mt. Olive.

After making careful investigation, we find that every school in Leaches in session and most of the others in the rural district.

The young folks of the Christian

Church at Lebanon Junction gave a splendid play there last week. They were ably assisted by the Senior class of the Lebanon Junction High School.

Mr. Bernie Lee, son of Rice Lee, and a teacher of this county, has just returned from a visit to Detroit, Michigan, where he has been employed in the automobile business.

Miss Nell Brooks, was recently married to Mr. Eugene Orr of Louisville. The bride formerly lived in this county; is prominently connected, and before going to Jefferson County, was one of our best and most wide awake young teachers.

Mr. John Gaban, President of the Bullitt County Fair Assn., and Eva Cochrane, Secy, has authorized us to announce that all school children's tickets will be given, again this year, only change being that Co. Supt. of Schools, Ora L. Roby, will be at the front gate Wednesday, and have in his possession a ticket for every school child in Bullitt County, who attended school last year or who has enrolled this year. This change is made to avoid any mistakes or confusion and to see that every child gets a ticket.

All ladies of Shepherdsville and Bullitt County who are interested in the preservation of fruits and vegetables for the coming year to combat the high cost of living, should read the following message just received from the State Dept. of Agriculture.

Dear Mr. Roby:

Miss Jacqueline Hall will visit Shepherdsville on July 21<sup>st</sup> for the

purpose of giving a demonstration to women and girls in Bullitt County in the new scientific method of home drying of vegetables and fruits. Very Sincerely, Helen Walcott, Secy, Dept. Home Economics, State College.

When I announced my candidacy for Magistrate for Shepherdsville District No. 1, I stated I would return the first year's salary to the road fund of the district, if elected. Since then, I find there is a question whether I could do that or not; so I withdraw that statement, but will work to improve all the roads which the district is in need of. Very respectfully yours, J. A. Barrall.

J. W. Barrall, Candidate for Representative 4<sup>th</sup> Legislative District of Bullitt and Spencer Counties, subject to the action of the Democratic Primary August 4, 1917.

For many years, I have published the county paper of Bullitt County and am acquainted with and interested in the residents of the county. All of my interests are here. I am a taxpayer of the county. All of my efforts in the past have been in behalf of the county and not in another county or state.

I feel I am better qualified to serve you now than I was before, and ask you to give me one more term, which has been customary heretofore and I will do all in my power for the best interest of people I represent.

\*\*\*The Sage of Bullitt

Purity in politics is about as plentiful as sugar in crab apples and the feller that goes into politics to clean the thing up is either fooling somebody, or he is being fooled, for there has been politics since Eve ate that Rome Beauty in Eden and it has always been as rotten as it now. Politics, my natural field, and fun is all I get out of it. It just come as natural for me to extract fun from politics as it does to the bee to take the nectarine substance from the clover blossoms, and I love to interview the candidates and see how they view matters and just how badly some of them are guessing. It is all a game of guess work and the fellow who does the craziest guessing is often right.

Next to politics, I like sweet

widows. Girls are too young and giddy, and old maids are cranky, but the widows are all right and easy to make friends with. Suffer the widows to smile at me and forbid them not, for verily their smiles light up the darkest and most gloomy recesses of my heart. The widow is an angel undisguised and undiluted. She is the lily of the valley (unless she lives on a hill) and the Rose of Sharon combined. A sweet widow can take an old sucker like myself and smile at him a few times and he is rejuvenated, rehabilitated and reincarnated. He throws aside his blues, casts away all morbid and morose reflections and becomes as pessimistic as the young girl when she catches her first beau.

Next to widows, give me string beans. They are the very identical thing doctors prescribe; string beans, if eaten at the proper time will fill you with— fill you with— with -- fill you with string beans— beans and piety. No man of mature years can eat well seasoned shoulder meat and string beans without becoming a better citizen and feeling more love for his country. Patriotism, in a limited way, can be augmented and accentuated by the reasonable use of string beans.

Next to sting beans, pass me the Kate Gravely. Now, those who are not acquainted with Kate Gravely may think she is some girl who has just entered the moving picture business, but that is not true. She does not sing in either of the choirs, nor is she a teacher of any kind in our schools. In fact, she is not a she, and I am not sure that she is he, but she he may belong to the

neuter gender, for what I am talking about, or that which I am conversing in regard to, or language of similar import, is plug tobacco.

My old college chum, Harry Combs, has gone to the seaside to take his vacation. Before Jim Hardaway spiled him, Harry went to French Lick, where he worked and dodged the women, but after Jim Hardaway went up to Atlantic City and saw all them girls bathing, and came back and told Harry, French Lick has been a back number. As old and as ramshackling as the women think I am, if I had the coin, I would be found present up at Atlantic City when they call the roll next week, for if Jim Hardaway knows the difference between salt and sugar, and I think he does, then that is the place for me.

\*\*\*Gipsy Band

Last Sunday afternoon our town was disquieted by ominous rumors of a large band of nomadic invaders, who had pitched their tents in and about the abiding place of young John Saar on the Bardstown Junction road.

At first there was a fear that Villa had surreptitiously and mysteriously crossed the Rio Grande, and moved up into the fertile domains of Uncle Sam. As this fear subsided, another took its place in the minds of our people, who thought the Turks had slipped through the Golden Horn and had come to slaughter and conquer. But all this was mere moonshine. It was big band of gipsies, made up of Arab and other dwellers of the great desert wastes. While at Mr. Saar's place,

Transcribed from Microfilm by Edith Blissett in the year 2003

they took everything in sight. Their hungry horses ate all the oats, grass and corn they could get and, in addition, the Gipsies themselves took chickens, cabbage, beans, wood and everything that could be purloined.

At last, Mr. Saar made complaint to Sheriff Rouse, who took a big posse of citizens and soldiers and went and rounded up the whole tea party and brought them over to the baseball grounds where they were guarded during the night and Monday morning early, they were put into the big road and told to travel and they thereupon pulled out for the County of Jefferson. All told, there were five men and ten women, fifteen children, twelve horses, six wagons, fourteen dogs, seven cats, one big soup kettle, four coffee pots, three pistols, two shot guns, one pair of sheep skins, seven goose eggs, ten quarts of lice, four acres of dirt on the faces of the children, no clean clothes in the crowd, thirty empty stomachs, thirty thieves, old and young, and the worst crowd of beggars, liars, purloiners and all around sin-soaked, battle-scarred, conscienceless, heartless, humorless, moneyless, foodless, fireless, clothless, brainless wretches we have ever seen. The plan adopted by Will Rouse was the wisest one he could have thought of for that gang would have stolen everything steabable that night if they had not been guarded. We learned that the Gipsies were just plain Mexicans, who have been on the road so long that they can outgipsy the gipsies.

\*\*\*Indorsement Customary

It has always been customary to give a man a second term as an indorsement and I ask the voters of this district to give me this honor.

You cannot hope to get the service from a new man that you can get from a man who has served one term, and I know that I can do much better next time than I did the last.

You have given Mr. Roby an indorsement as School Superintendent and also indorsed your splendid County Clerk, Mr.

Ridgway; Judge Funk is asking for an indorsement and former Judge Daniel will rely on his past record; some time ago Mr. Bradbury was indorsed as County Attorney and before him Mr. Fletcher Combs.

Having indorsed all these men, why not give me one more term. You indorsed Ed Croan, who was Representative and for years you have been indorsing Congressman Ben Johnson. If it is fair to indorse all these men, don't you think it would be fair to indorse me?

I can promise you more than any of my opponents, because they will require one term to become acquainted with duties of the office, while I have already become familiar with them.

For fifteen years and more, my newspaper has fought the battles of democracy in this district, through thick and thin, and at no time have I hesitated or halted when the Democratic Party was in a fight, but have placed all myself beneath the folds of the old Democratic banner and marched on to battle for the principles of that party.

I ask every Democratic voter to consider my claims and indorse my past record by giving me his vote at the August Primary.

Lee, who was Committeeman for that precinct many years prior to his death.

A Big Story was created in political circles Wednesday when Frank Lee, candidate for constable in this district, made the magical discovery that he was too young and withdrew from the race and thereupon and forthwith, Mr. John Harriss, the other candidate withdrew magnanimously, declaring that he would not take any advantage of Mr. Lee and would wait till Mr. Lee was old enough, when he would run and beat him for the office.

Some are sighing and some are smiling, all for the same reason. The soldier boys are gone! I guess you understand that the home boys are the ones that are smiling for they have had to go way back and sit down for so long.

Mr. C. F. Troutman Jr was in this diminutive municipality last Sunday and the way that white child "cut up" was just simply a caution - two are three caution - we might say. "C. F." is one of the sparkiest sparkers in the Big Town of Sparkersburg, and Glendale, Kentucky, and that town in Illinois, both know him as the "guy" who put Lash and a-r in dear.

Mr. J. "Bug" McCormick, who holds a very nice place in the Department of Education in Louisville, was here Sunday, looking after some of the teachers and preparing for the approaching session. To look at Mr. McCormick's usually happy face, one would not imagine the he cared so much about school life, but he is "crazy" about teachers and teaching.

"Cousin" Winfrey Meredith, that urbane little bookworm, who can study for three weeks without eating, is spending some time with his pa's relations. Winfrey is

one of the most popular young men in this section of KY and his friends are a legion. He is also what one might call "a cat" in society, and his girls are so numerous that he has a system of numbering them, which has been copied by the men who are working on the draft.

Jim Hardaway, always intrepid, is none the less so at this critical juncture, and notwithstanding submarines, sea nettles, pretty girls and the cramps, will take his annual vacation to Atlantic City, where the fair damsels from the big cities come to bathe in the ocean, and swap smiles with the men. Jim loves to lie about the ocean when it is filled with bathers; and this summer he will meet some very fascinating girls from Philadelphia who was there last year.

Mr. Jimmie Lee Williams informs us that his school at Clermont is just doing splendidly. As Superintendent, Mr. Williams has been a success. His teachers are fine educators and splendid girls and everything is moving along nicely. Mr. Williams said he has made assistant to the assistant at Glendale, and is looking forward to a splendid session of school at that place. Miss Bessie White, who taught here last session, will teach there, and as she a first class teacher, the Glendale School is bound to be a big success.

We are informed by Dan Gober that Harry Combs, who left here on his way to Atlantic City, where nearly all the pretty New York girls go to watch Jim Hardaway bathe, was so overcome by the overwhelming super-abundance of too much contemplation, that

he changed his mind and pulled out for Battle Creek, Michigan, where he is under the care of one of the prettiest trained nurses in America. His physician is also a pretty woman and under their tender care, has been wooed so far back toward good health that he is almost ready to leave his doctor and nurse, and come back to the radiant smiles of his Kentucky girls.

\*\*\*Thanks, Officers, For Good Work.

Mr. Will S. Rouse, who had charge of the registration under the selective service draft, informs us that only one man in the entire county charged for his services, as precinct officer, and no one charged for the building in which the registering took place. Mr. Charles Bridwell, editor of the School Journal, was the only officer who charged Uncle Sam for his services. He was one of the precinct officers at Pleasant Hill, or what is known as Leaches precinct. Mr. Rouse desires to thank all the officers for their good work, and to those who did not charge for their services, he desires to express his gratitude and thanks for their loyalty toward their country.

She is one of forty experts who are going through Kentucky for the next six weeks, giving women and young girls a few lessons in scientific canning and drying of fruits and vegetables and as she has only six counties to visit, she will be back for further service in about two weeks and will probably visit several rural sections.

Many ladies who are legal voters in this state under the new law will vote in Nelson and Hardin

Counties for County School Superintendent this year. W. T. McClain, of Bardstown is being opposed by Miss Mary Lillie Woods for Superintendent of Nelson's schools, while Superintendent Payne of Elizabethtown has as his opponent, Mrs. Fanny King of Glendale, Kentucky, a former teacher at Lebanon Junction. The result of these races will be given in this column after August 4.

The parents and young people of these districts should, and no doubt will, attend these socials and help these industrious young ladies, who are doing their best to create interest and help the school cause in these communities.

### \*\*\*That Option

A rumor is being circulated that I signed an option on a parcel of land in Jefferson County for a tavern.

In order to brand this as a falsehood, I publish herewith the statement of the man who sought the option, Mr. Robt. Melcher.

I will also say that I have in my possession the option Mr. Melcher had drawn, and which I refused to sign, and I will be glad to show this option to any one who may be interested. S. G. Thornberry.

July 11, 1917 To whom it May Concern: I, Robert Melcher, state that I never bought any land from S. G. Thornberry and state further that I tried to secure an option for thirty days and that he refused to grant this and then I got an option from Wiggington on some land across the pike from Thornberry's. I got a petition for a tavern and I state further that S. G. Thornberry refused absolutely to sign my petition for a license. Robt. P. Melcher

## \*\*\*Card of Thanks

To the Democratic voters of Bullitt and Spencer Counties: I wish to thank the many Democrats who voted for me in last Saturday's Primary. I made a clean fight, neither used money or whiskey. I owe the vote I received to solid reliable and unpurchasable votes. I did not have the Anti-Saloon League or the administration behind me for I think anyone who will sell out to either before the election will sell later and is not fit to represent the people. I made clean fight and I feel very grateful for the votes I received. Thanking my many friends and wishing them a long a pleasant life, I remain, Respectfully, J. W. Barrall.

## \*\*\*Card of Thanks

I wish to thank my many friends who worked and voted for me last Saturday and I have the kindest feeling for all who opposed me. Very respectfully, E. T. Colvin.

\*\*\*Box Supper - at Hobbs School House, August 18, 1917. Proceeds will be used for benefit of school. Everybody cordially invited. Verna Mudd, teacher.

## \*\*\*Card of Thanks

I wish to thank my friends all over the County who were so loyal to me and voted for me last Saturday and I will do my best to make a good officer. To those who voted against me, I have nothing but the best feelings. Again thanking the Democrats, I remain, Bert Shepherd.

## \*\*\*Political Liars

In the primary just closed, nearly everything was told but the truth, you could always hear something what some candidate had done. It was told that I was a whiskey man, was running in the interests of the whiskey people, which was a lie, and a man who would tell such a thing is a thief, he tries to steal a man's honor, and is worse than a murder.

### \*\*\*Editorial

Court opened Monday with Judge D. A. McCandless on the bench. Judge McCandless is rapidly becoming a good circuit Judge. The position is a very difficult one to fill and for the first few years, the young Judge had a rocky row, but Judge McCandless to begin with is a splendid lawyer and a good student, considerate of the feelings of the lawyers and public, kind to the court officials and liked by all. He is a hard worker and pushes the lawyers along in a good natured way and gets through with a big volume in

a short time. We venture the prediction long before his term ends, he will be known not only in his district, but elsewhere as a fine Circuit Judge.

The School Board at Bardstown Junction met last Saturday to accept the resignation of Prof. Mathis, and selected Miss Jennie Carpenter to fill the vacancy. Miss Carpenter, who is one of the county's best teachers, will be ably assisted by Miss Fanny Bell Melton.

The recent primary election was very kind to the teachers, ex-teachers and school people and remembered the following well-known men: County Judge, C. P. Bradbury, a teacher and ex-County Superintendent; Representative, S. G. Thornberry, a former teacher, and a recent member of the county school board; while Trustee Ike Mudd surprised himself by being elected Deputy Assessor. Trustee bill Carrithers will ace as "Squire" for Mt. Washington for 4 years while Prof. Bridwell was give the nomination for Surveyor. All won over strong tickets and good men.

our vicinity by the appearance of "Mad Dogs". The original invader was duly slain by Jesse and Horace Dawson, but his trademark was left on several other animals in the neighborhood, among them being a cow of Mr. Chas. Dawson, a goat of Len French. The goat has since gone mad and has been killed.

Our elder friend, Moses Webster says the mad dog had a "fit" in his cabbage patch at midnight as the dog passed through. Some folks about here claim the old gentleman has been mad ever since himself, and that the town will have to recall its mayor.

J. C. Atcher, our leading merchant, has purchased the stock and goods of Ivan Cosby,

another merchant here and will continue to supply the good people of Pitts Point with the necessities of life.

Mr. Chas. Dawson, one of Bullitt's best citizens, has given two of his boys to serve their county. They volunteered as bakers and are now in the service at Ft. Thomas. Mr. Dawson still has two boys at home, his eldest and youngest, besides the two he lent to Uncle Sam. That's the kind of man Mr. Dawson is. He will divide the very best he has if someone else is in need.

Wheat threshing is all done in this vicinity. We wish to thank the man who did the moving of the thresher. The engine broke down all the bridges along the road for three miles and the county had to put in new ones at once. The old ones were really dangerous and we are glad to see the new ones put it.

\*\*\*Reported Corruption in Recent Election.

Since the late primary election held August 4<sup>th</sup> to nominate candidates for various county offices, it has been reported that both money and whiskey were used by many of the candidates in their respective canvasses. I submit the following affidavit, which I believe is due the Democratic voters of Bullitt County.

Affidavit - This is to certify, and state positively, that in my recent canvass for nomination before Democratic primary for position of Representative, I did not use either money or whisky to influence voters in my interest, not did I authorize any one else to do so or become in any way responsible for such use. Nor do I believe any of either was used by my friends in my interest.

My actual expenses, for travel, hotel, livery, advertising, etc was \$43.20. J. W. Barrall. J. L. Sneed, Notary.

I respectfully call upon and request the candidates who were opposed to me, each and every one, for a similar statement, which I will cheerfully publish without charge, or any other candidate who wishes to publish personal statement.

Lee Schultz VS L & N RR - Judgment for defendant.

In the race for County Attorney, Tot Carroll, with his coal black locks and handsome face, just ran off from the other candidates and came under the wire pulled up, five hundred and sixty two lengths to the good. Mr. Carroll is a fine young lawyer, a hard worker, and ambitious, and we predict that he will be a fine county attorney.

In the race for Representative, Garrow Thornberry carried off the nomination, winning over five hard fighting opponents. Either man would have made a good Representative, and Mr. Thornberry can be counted on to make us a good man. He is well fitted for the place in every way, being a well-educated man, a Christian and a fine citizen. We doff our hat to Mr. Thornberry and wish him a successful term in Frankfort.

\*\*\*School News

The Shepherdsville Graded School Board has just announced the following teachers for the coming term. Superintendent - J. H. Sanders; High School - Willie Mae Stallings, Irene Crutcher, Edyth Stephens; Grade - Zora Raymond, Sara Williams, Bertie Manor; Violin - Bernice Wimberly; voice - Hilda Goodwin; Expression - Irene Crutcher; Piano - Misses Ripy, Hancock and McClasky.

Prof. Frank L. McVey of the University of North Dakota, has

been appointed president of the University of Kentucky, which is located at Lexington, and has been in charge of President Barker for many years.

The unfortunate circumstances in connection with the death of Mr. E. A. Cochran makes it one of the saddest that has occurred in this county for many years.

Mr. Cochran was a teacher here for several years, and was a very popular business man. He was a hard worker and endured unusual mental strain during the past year, and which had, in the opinion of his physician, unbalanced his mind.

Miss Carrie Chambers, a former teacher in the school at Lebanon Junction, was recently married in Louisville to Mr. Jno. L. Thompson, a wealthy young man of this county.

School Children's Day at the Bullitt County Fair brought out only about 600 children, owing to the severe rainy weather.

Mr. Edw. Barrall who was selected to teach the Sunnyside school has resigned and Miss Grace Griffin will open the school early in September.

Mrs. Oscar Pearl is much improved and will soon be able to return home, after a severe operation at St. Anthony's Hospital.

The Bullitt County Teachers Institute will be held at the Court House in Shepherdsville week beginning September 3<sup>rd</sup>, and all schools will be suspended for the entire week.

Prof. T. S. Williams of the K. E. A. and one of the best educators

in Western Kentucky will lead the discussions.

The feature of the week will be Thursday night, when 74 young students will receive diplomas from the Common Schools, which makes them eligible for High School.

The State and County Teachers Examination for 1917 will be held at the Court House, Sept. 21, 22.

Below we give a letter just received from Supt. V. O. Gilbert which would seem to indicate a shortage of teachers. All teachers desiring a certificate for this year, or even 1918, will make no mistake in taking this examination.

My Dear Mr. Roby:

I am writing you in regard to the last examination to qualify teachers during this year. This examination comes the third Friday and Saturday, Sept. 21 and 22. Urge all of your teachers who are not now legally qualified to take this examination as it is the last opportunity to become legally certified.

I am going to have the School Inspectors check up and record all of the legally qualified teachers in your county sometime during the year. Give as much publicity to this as possible.

You understand this examination is for white teachers, county and state.

\*\*\*Messrs Hodge and Company Go Up

When Mr. Pleasant Hodge, the genial gentleman, whose fuzzy voice usually causes a titter whenever heard, faced Judge

McCandless, in the circuit court week before last, he did not look so pleasant as his name might indicate.

Mr. Hodge was there with C. F. Jacobs, and young Mr. Crady to plead to an indictment charging chicken stealing and each and all entered pleas of guilty and when given the lowest penalty, except Crady, who was sent to the Reform School, on account of his youthfulness.

Messrs Hodge and Jacobs will remain in Frankfort next spring after the adjournment of the Legislature as their sentence was one year in the pen at hard labor. Whenever a chicken stealer gets into the circuit court, he is a goner. Beginning with Jim Bell, every man who has been indicted for that offense has been sent up, with the exception of Phil Smither, who was declared not guilty of charge of stealing chickens, but Smither came right back in a few years and was sent up on a charge of stealing Indian Runner Ducks.

Messrs Hodge, Jacobs and Crady, or Crady, Jacobs and Hodge, or Jacobs, Crady and Hodge, (we did not read the articles of incorporation) simply broke all records for purloining and embezzling feathered fowls.

They ate chicken just any old time, and it ceased to be a luxury. When they got ready to take their neighbor's chickens to town, they borrowed Jack Price's horse and wagon and took the chickens all right, but left so many identification marks that the officers went out and got the boys.

At the same time, Mrs. O. Eva Garr and Miss Sheza Case were caught in the drag net, but the grand jury concluded that they were not guilty and failed to indict them.

If Mr. Hodge and his side partner, Jacobs, are good, and obey their superiors, they will land in Bullitt next year just in time to thin corn and harvest wheat.

\*\*\*Wins Prizes

Mr. Hardy Cruise, one of the best fellows in Bullitt County, and also the best stockman, won nearly all the blue ribbons at the Fern Creek and Bullitt County Fairs with his fine stock.

Hardy is a big-hearted fellow and we are glad to see him win. He left this week for Bowling Green and we wish him success.

Photo - A. F. Funk Jr.

We present herewith the picture of A. E. Funk Jr, son of Judge A. E. Funk, who left last Sunday for Fort Benjamin Harrison, where he will undergo three months of strenuous training as a member of the officer's reserve corps.

Mr. Funk, who was a promising and brilliant member of the Bullitt County bar, begs us to thank his many clients for their kindness, and to assure them that he will carry to France, or wherever his lot may be cast, many pleasant remembrances of their kindness. He also asked us to say that when the war is over, if he should be spared, he will come back to the best place on earth - Old Bullitt - and try to regain his lost practice - lost while he was fighting for his country and liberty.

The many, many friends of

Erving Funk will watch his career with interest, and pray for his safe return to his parents and young wife, and his successes will be chronicled here and elsewhere in Bullitt with genuine pleasure.

\*\*\*

Another boy of the Free State of Bullitt, who goes to Fort Benjamin Harrison for training in the officers' reserve corps is our young friend, Wilson Summers Jr, son of Mr. and Mrs. Wilson Summers of Brooks. Mr. Summers, with his many relatives and family connections and social ties, leaves a host of warm friends in Bullitt and adjoining counties, who will watch his army career with much interest. He comes from an old and distinguished stock and those who know him look for his advancement and promotion as the war progresses.

The only young men from Bullitt County fortunate enough to get into the camp at Fort Benjamin Harrison were Wilson Summers and Erving Funk, both of Brooks, and living within a short half mile of each other.

\*\*\*The Thirty Thousand Campaign

The campaign for \$30,000 for school equipment for Kentucky's 30,000 illiterate soldiers is still in progress in a few counties, and the results cannot be determined until all have finished and reported. The Ninth Congressional District of which J. W. M. Stewart, of Ashland, is Commander is in the lead having turned in \$1,650 on his apportionment. Mason, Boyd, Carroll and Marion are counties that have oversubscribed. The

largest single contribution, \$100.00 was from Mr. Theodore Ahrens, a Cleveland, Ohio man, who has a branch business in Kentucky, Ahrens & Ott, in Louisville.

\*\*\*High Hikers

Last Saturday evening, the "High Hikers", a newly organized walking organization, met at the intersection of the Pitts Point and Holsclaw Road, left their cars at the foot of the hill and carrying their supper, hiked up to a point about one-fourth of a mile from Mr. Quick's, built a good fire, spread their cloths and placed suppers thereon, and did eat.

It was high living away up on that hill, but Clarence Holsclaw lives about three hundred yards higher, so we did not mind it a bit. The air is clearer and warmer, and the exercise produced an appetite which threatened to cause a small panic, but more food was found, and the threatened trouble was averted.

Just about the time supper was being placed on the spreads, it was discovered that about twenty lovely ham sandwiches had been forgotten and had been reposing in the back end of a buggy which was reposing in a fence corner at the foot of the hill. Talk about unadulterated grief; young Tom Trunnell almost fainted and Mr. Porter lectured the whole crowd on the great evil of forgetting things, especially good sandwiches and more especially when people are very hungry.

But happily and luckily, Miss

Mary Jane Trunnell dissipated the woes of the crowd by broiling, or scorching, at least by cooking some delightful marshmallows and while the aforesaid marshmallows were being devoured, Miss Ray discovered some light bread and cheese. Miss Oaks opened several bottles of olives, and Miss Newman found some rare breakfast bacon and pickles, and in a short time, a vertiable (sic) feast was spread by the young ladies.

Supper over, several splendid stories were told by Misses Ray, Pottinger and Mooney, and Messrs Porter and Caldwell. Several songs were sung, some ghost stories were related, and then the moon ran down and the crowd gathered up its belongings and hiked back to the rigs, and after adieus, departed for their homes feeling than an exceedingly pleasant evening had been passed and wishing for another. Among those present were: Misses Lillie Mooney, Marie Pottinger, Mary Ray, Ethel Newman, Mary Jane Trunnell, Amelia Lee Oaks, Miss Trunnell and Messrs Calvin Caldwell, Harvie Miller, Tom Trunnell Jr, Clay Porter and J. R. Zimmerman. C. P., Bardstown Junction

happiness was granted this devoted couple.

Three children blessed their union, who with their father, are lonely indeed since the light of the home went out. Mrs. Cochran was a member of Little Flock Baptist Church and her funeral sermon was preached by her pastor, Rev. W. O. Beatty, in the home, after which the remains were tenderly laid to rest in the Hebron Cemetery.

Mrs. Cochran was domestic to her tastes and a true helpmeet to her husband in every sense. She made many friends since coming among us who deeply mourn her early death and who sympathize with the bereaved ones. Earth hath no sorrow that Heaven cannot heal.

Mr. Ernest Crenshaw, one of the best-known men of Leaches, was found dead in a barn on his brother's place last Tuesday evening with a bullet hole through his head. It is supposed he put a

He was about 55 years old and leaves one brother, Ewing Crenshaw. His remains were laid to rest in the family cemetery Wednesday.

\*\*\*E A. Cochran

On Wednesday morning, August 22<sup>nd</sup>, about 10 o'clock, gloom was thrown over this community when the news spread that Mr. E. A. Cochran was dead.

Mr. Cochran was about forty years old and one of our most popular young business men. He was secretary of the Bullitt County Fair Association, an officer of Masonic Order and a leader in the M. E. Church.

Mr. Cochran was born and raised near Zoneton, Kentucky. He taught for several years in the common schools. About 15 years ago entered the firm of O. A. Lutes & Co. and had been with them ever since.

The funeral services were held at the M. E. Church, Rev. Wheat officiating, Friday, August 24, after which the remains were laid to rest in Hebron Cemetery. Services at the grave were conducted by Masonic Order.

He left a wife and daughter, a father and several brothers and sisters.

visiting his parents, Mr. and Mrs. J. W. Croan. Mr. Croan is with a big construction company and is employed in the engineering department. He is a graduate of State College, Lexington, Kentucky and is, we are glad to say, making good in the battle of life.

Another State College boy who is making good is Frazier Lee, formerly of this place, but now of Atlanta, Georgia, where he holds a position which will bring him speedy promotions. Frazier, like Walter Croan, made a fine student while at school, and seemed to have but one ambition, to achieve success, and we are happy to say that both boys are succeeding.

Johanithan (sic) Quick, of Nebraska, has arrived to spend some time with his relatives.

W. A. Shepherd and family, of Chicago, are the guests of relatives here.

Mrs. Will Hays, of Cincinnati, spent Saturday evening here.

Mr. Dawson and son of Clermont spent Saturday evening here.

Noah Smith and wife spent fair week with their daughter, Mrs. G. S. Patterson.

Walter Croan, of Philadelphia, is with his parents, Mr. and Mrs. J. W. Croan.

Lem Stringer and wife, of Muncie, Indiana, spent Fair Week with relatives.

A. V. Greenwell and wife spent Friday in the city.

Catherine Rouse was operated on last Saturday.

Mrs. Hamilton spent last week

Miss Mary Ray, one of Lebanon Junction's prettiest, best and most talented young ladies, spent last week with Miss Amelia Lee Oaks, returning to her home last Sunday. Miss Ray is quite a favorite in this section of Bullitt, and her many friends are always glad to see her come.

Miss Marie Pottinger, of Louisville, is visiting relatives and friends at Bardstown Junction. Miss Pottinger, for several years, has taught in the Louisville schools, and is a talented teacher. She is a granddaughter of the late Henry Trunnell and is at home in Bullitt County where she has many relatives.

Miss Edith Wagner, of Louisville, who spent last week with her friend, Miss Essell Hoffman at the O'Bryan Hotel, returned home Monday morning. Miss Wagner is a beautiful girl and by her unaffected manner and social disposition, made many friends while here.

Miss Edith Hancock, who spent several weeks with her sister, Mrs. Turner, at Hazard,

Kentucky, has returned home, much to the joy of her many, many friends. She is highly pleased with the mountains, and the good people up there, and was sorry to leave her sister, but the call of Shepherdsville was so loud and insistent that she just had to come back.

Mr. James W. Hardaway, who has been sour and glum for several weeks, is all smiles and sunshine once more. He says there is much Hazard about visiting in the mountains especially in Perry County, and since the cause of his smiles has returned, he feels like smiling, because there is no Hazard about smiling indeed, visiting in Perry County is Hazardous, but not dangerous.

The Picture Shows presented at the Masonic Temple during past week were certainly fine; especially was this true of "The Parson of Pannamint", a western mining photoplay of moral and human interest. Dustin Farnam never exhibited greater ability than in his portrayal of the parson who lived his gospel. The Masonic Temple Committee are to be congratulated on their evident ability to select the best photoplays.

Mrs. Lizzie S. Winter, of St. Louis, Missouri, is spending the week with her brother, Jno. L. Sneed. She leaves for her home tonight.

Misses Eugenia and Catherine Gober left Wednesday for a trip to Upton, Kentucky where they will visit their aunt, Mrs. Ernestine Atterbury.

\*\*\*Introducing Mr. Fisher

Mr. Fisher - not Bud Fisher - of Louisville is promulgating and advertising the virtues and benefits derived from the use of Paroquet Mineral Water as a beverage - not in the sense of getting from the use of it a real "kick", which results in a joyous, glorious, rollicking "bun", but from a remedial standpoint.

For there is no question but what Paroquet Mineral Water does contain certain properties which are beneficial and helpful to individuals who have acquired certain ailments which the human race fall heir to.

Paroquet Springs is situated within a short distance of the main business and residential district of Shepherdsville, "a town in which life is worth living" and a boost for Shepherdsville.

Wake Up! Shepherdsville! Wake Up! For through this water you possess an advertising medium that could make this town "famous" throughout the South - north and southeast and west - and be of inestimable value to this community.

Detroit is known for her autos,

Chicago for pork, Kalamazoo for celery, Boston for beans - why not Shepherdsville as the "Home of Paroquet Mineral Water?"

Mr. Fisher has invested a considerable sum in improving the springs and surroundings, and while it will be considerable time before he realizes on his investment, he is entitled to a great deal of credit, for in advertising and handling Paroquet Water, he is also advertising and "boosting" Shepherdsville.

We might speak of some of the really remarkable cures induced through the use of Paroquet "Mineral Water", namely the man who had paralysis for seventeen years - but we will let Mr. Fisher tell - he is a cracking good advertiser himself.

Mr. Fisher is rapidly securing a pleasing and ever growing clientele of users of Paroquet Water, especially in Louisville and vicinity. Keep it up, old boy! Keep it up!

However, we might suggest that Mr. Fisher change the sign on his auto truck so as to read: Paroquet Mineral Water From Shepherdsville.

Miss Eunice Ridgway and her pupils at Nichols School was a decided success and something over \$85.00 was made for the benefit of the school. Congratulations!

Prof. Chas. Daniels returned to this county last week, and will leave Monday for his school at Mt. Washington.

Miss Mary Jane Trunnell, substitute teacher for Bullitt County, has been offered a fine school in Nelson County, and Miss Thelma Lee will teach in Spencer County beginning next week.

Saturday, Sept. 15, there will be a Pie Supper and Candy sale at Corinth School for benefit of the school. The sale begins at 4:30 p.m. The public is invited. Miss Maymee D. Stephens is the teacher at this school.

Mr. Forrest, a farmer living near Zoneton, and father of Miss Forrest, is dangerously ill and his recovery is doubtful. His illness was caused by being overcome by heat while at work last Saturday.

Miss Mary Dawson, teacher at Pitts Point, announces a Pie Supper, Entertainment, and County Store at her school night of Sept. 15. Good music and a

pleasant evening is in store for all who attend. Everybody will be welcomed by teacher, trustees and pupils.

There is a \$25.00 fine imposed upon every person who failed to list their dogs for taxes under the "Croan Dog Law".

If you "harbor" a dog or have one in your possession Sept. 1st, 1917, you had better inform the Assessor when he come around. Bullitt County has only about half as many dogs as we had a few years ago.

Read the following letter and "spread the news" to every person or persons who have not seen this notice:

Supt. Ora L. Roby:

From annual figures taken from the State Auditors Books, your county is listing only 826 dogs.

Under the law, it is the duty of the Assessor to list each dog in the county over four months old for taxation, and after all claims for sheep killed in the county are settled, the remainder of the tax of \$1.00 per dog goes to your school fund. Therefore, it becomes your duty as the Chief School Officer of the county to insist, by all persuasive and legal means, that a correct list of the dogs in the county be made.

I am instructing the School inspectors this fall to carefully look into the school revenues derived by each county by this dog tax.

While we believe that the sheep industry and the education of the children are vastly more important to the Commonwealth of Kentucky than is the dog

industry, yet we are not taking any position for or against the dog law, simply calling upon the school people, who above all people, should obey the law and see that it is obeyed; to see to it that so far as within their power, the law is applied and obey in regard to the tax law. Very truly yours, V. G. Gilbert, State Supt.

Brooks - Mrs. Mary Elizabeth Richardson Brooks, widow of S. W. Brooks, passed away at 4 p.m. Sunday morning, August 19, 1917, after two hours suffering from apoplexy, aged 79 years, 7 months, 11 days.

She was married Dec. 26, 1855 and her and husband lived more

than 50 years together. To them were born 13 children, 11 of them survive:

Mrs. Mary Price, Okolona; Mrs. Mattie Ridgway, city; Mrs. Richard Priest, Indianapolis; Mrs. W. J. Bell, Miss Irene Brooks; Chas. and Ben Brooks of Indiana; Joe, John, Clarence, and Tom Brooks. She left 34 grandchildren and 8 great grandchildren. Also she is survived by two brothers and one sister, and many nieces and nephews.

Mrs. Brooks was a truly good woman - a consistent Christian - her life exemplifying the teachings of the Lord she served.

"The best woman I ever knew" is the verdict of more than a few mature women and men who have known her beautiful life of sacrifice and service.

Her funeral was held at Little Flock Baptist Church of which she had long been a beloved member. Her pastor, Rev. Beaty, took as his text "She has fought a good fight; she has finished her course; she has kept the faith" and paid a beautiful tribute to her life and work, but no one could fittingly tell the wonderful blessing she has been to her generation.

Her remains were interred in Hebron Cemetery, and the pall bearers were six grandsons, Lieut. Arch Priest, Preston Ridgway, Logan and Jesse Brooks, Charles and Clarence Priest. "Precious in the Sight of the Lord is the Death of His Saints" Poem in tribute by Mrs. J. R. Holsclaw.

You are required to list every fowl, and other live stock; each bushel of grain you harvest, and also what you may have stored.

So get ready for the Assessor when he starts coming around, so as to facilitate the necessary work as quickly as possible under the circumstances.

We intend to publish the bill in an early issue, however, as we interpret it, the farmer gets the hot end of it.

When Colonel Sam M. Simmons became so inspired that he arose from his seat during the 1911 session of the Teachers Institute, and in is cultured, optimistic way, presented his gift of \$1,000 to out public schools, little did he dream of the happiness that his gift would bring to thousands of innocent boys and girls year after year at the only real children's affair held in Bullitt County and which will again be held to gladden the hearts of the young and even the old, on September 29<sup>th</sup>, 1917.

Colonel Simmons has passed on to his eternal reward, but his generosity will live on and on and future generations will honor him for his gift - the annual proceeds from this bond will always come to our schools, so long as Kentucky has public school system, and the little prizes will

forever stand as a monument to his memory and an honor to his name.

The little son of E. L. Ridgway is ill at his home near Cupio. Mrs. S. H. Ridgway is also ill at St. Anthony's Hospital, where she had a recent operation performed for gall stones, while Miss Forrest's father is slightly improved.

Miss Janie Chappell, a former teacher of this county and a daughter of J. E. Chappell of the County School Board was recently married to Mr. Roy Masden, a well known young farmer of the Hays' Flat section. Miss Verna Snawder and Mr. Vernon Holsclaw were also married at the same time and place.

Miss Alleen Swearingen, who teaches at Cedar Grove gave a social entertainment at her school recently, and with the help of the pupils and the cooperation of her patrons, realized over \$80 for the benefit of her school.

Miss Edith Stephens, who was elected to teach in the local high school, failed to report and Miss Burkhart arrived Sunday to fill her place.

The County School Board met Monday and in the afternoon drove out to inspect and receive the splendid new school house at Hebron.

This is a first class job in every respect, and the contractors, Rennison and Triplett, deserve due credit for the honest job given the taxpayers of the county. The work was gladly received and a complete settlement was promptly made.

The following resolutions were adopted last week at the close of the Institute by the teachers:

Second - We tender our thanks to and express our appreciation of the conscientious work of our instructor, Prof. T. S. Williams.

Fourth - That we put forth an honest effort to increase the attendance in our schools.

Fifth - That we ask the General Assembly of Kentucky to amend the law so that each graded school will be required to offer a full four year high school course to each eighth grade graduate residing therein and being of legal school age.

Seventh - That we pledge our moral and material support to our

nation, state, county and community in the solution of the perplexing problems now confronting us.

Woodford B. Troutman and Millard, his cute little brother, were in the city Sunday evening until almost midnight dinner time, and at that when they came home, they left Old Man Tom still on parade.

Porter Bridwell and "Bud" Combs were "somewhere in Bullitt or Jefferson" but being afraid of German spies, they did not let their whereabouts be known.

It is said by "June" and other competent youngsters that the female contingent of the high school faculty is the best looking this burg has even seen, and after two or three accidental glances, we are not prepared to dispute the correctness of the statement.

S. T. Hornbeck, whose portly form is frequently seen on the sidewalks of Fourth Street, was in Louisville Sunday, and spent a portion of the "short" night at the "Croker", or Croaker. Tom has fallen in love with the Croaker, and so have several of our boys?

Mr. James Hardaway, whose velvety cheeks and lovely brown eyes have turned the glances of many modest maidens in the direction of the Peoples Bank, was a visitor in Louisville Sunday afternoon. He was with Conrad and Mrs. Maraman and well, he - I mean she - was along.

It is quite likely that a certain young man, whose home is in

Deatsville, will have to go to the army and it is just as likely that a certain pretty school teacher is going to shed a myriad of salty tears if he does. They say that it is a sight to see the boys tell their girls "farewell". We have heard of people who heard them say goodbye, but did not see it, due to closed doors, etc.

W. W. Stallings, Assessor for Bullitt County, with his two deputies, tendered their resignations to Judge Funk last Monday - stating that under the exacting terms of the new Tax Law, they could not possibly complete the listing and appraisal of property to be assessed in county by the first of January as required.

As there is quite all of \$600.00 kinda derived from the office, they would be unable to secure additional assistants to compete the manifold additional duties, and could not refrain from passing the buck.

Judge Funk, up to the present time, has not acted upon the resignations.

Nearly all the prominent citizens of Shepherdsville attended the State Fair this week and all reported an interesting and most enjoyable time.

The Zeppelins must have dropped a bomb on Second Street! Walking over that sidewalk is like entering the trenches - you have to evade so many shell craters.

There are a lot of "fans" in Shepherdsville pulling for the Colonels to cop the pennant.

Robert Browning and Wm. B. Hopewell were rejected at Camp Taylor for being physically unfit for service. They must have had "horseshoe of the hip".

It isn't advisable to swap horses with the man who is always shouting "I'm honest."

Hope they won't pass the anti tobacco law - for what will the poor soldier boy do without his "makins". Some folks would have them kinda going around carrying pink and polka dot parasols to keep off the sun.

Judge Daniels is like a boy with a big red apple ever since he singed up with Lutes & Co. The Judge can still pitch a few curves - and show younger men how to handle business transactions.

Our soldier boys at Camp Taylor sure know right foot - left foot by

this time, as they are getting the foot movements drilled into them for a fare thee well.

Two of the young lady teachers visited the office the other afternoon. We don't know who they were, but they were evidently romantically and politically inclined. They requested a copy of "The Lone Grave" and the cartoon "Going Up Salt River".

What a privilege for teachers and pupils to have a fine new school house to occupy.

A lady asked if we recalled the day when the old school house was first opened, and that incomparable teacher, Mrs. Robt. Tyler, took charge.

Well, it brought back happy reminiscences and we wished our present teachers would prove to be as cultured as she was, and that this new house would serve the generations as well as did the old; for we can point with pride to many who laid good foundations in that building.

The pupils of this school have formed an organization known as the "Opecanacough Club". Its purpose is to promote interest in the school as a whole, to give entertainments, to give the pupils some knowledge of business organization.

#### \*\*\*The Lesson we Need

The United State of America has yet to learn that we are engaged in the most gigantic and pitiless war of all the ages. We know, in a way, that our country is allied with some other counties and that we are supposed to be fighting Germany, but we do not know it in the right way.

It has been written with ink, but before we come to a full realization of just is means, it must be written with blood. We speak of our boys who are in our training camps, but wait until we speak of our heroes who are asleep for all time in far away France.

We attend fairs and shows and dances. We live highly and with no thought of economy - in fact, our extravagance has diminished very little since we entered the war.

Unless all signs fail, we must put two or three millions of our best young men in France to engage in deadly battle with he foe, and many thousands of those who go

over to France to fight for Universal Democracy and Freedom, will never come back to greet their dear ones.

This war means much to us in many ways, and we might as well face the cold, unsympathetic facts now, as to wait until the death lists begin to come back. It means the expenditure of billions of dollars. It means the sending abroad of millions of our strongest, sturdiest, bravest and best young men. It means that there will be a vacant chair in almost every home, that our land shall be full of broken-hearted mothers and fathers, and our country so happy and peaceful before this war began, shall be full of desolation and gloom.

We are going to succeed because we are right, and the Great God of Hosts who rules the land and sea; Who rides upon the mighty storm and stills the voice of the foamy ocean waves, Who rocks the foundation of the earth and shakes the very archways of the heavens, will lead us through the awful period of bloodshed and death to victory. But we must work and save, and deny ourselves, and suffer, and strive more mightily than ever before.

We must realize that ours is no mental part, but rather a leading role in this stupendous tragedy which is being played upon the World's Stage. We are facing the most crucial and critical period in the whole history of our country, not excepting the great American Revolution, and the tyrant who threatens now to throw about us his chains and shackles, is more cruel and despotic and more heartless than were those from

## The Pioneer News, 1916 - 1917, J. W. Barrall, Editor

Transcribed from Microfilm by Edith Blissett in the year 2003

whom we gained our liberty.

We shall win, but we must work; we shall emerge victorious, but we must be loyal, vigilant, and alert, and withal, brave and determined. In the Revolution, we fought our own kinsmen - kinsmen who were human and considerate. In this war, we fight a man who has no heart, no sympathy, no soul - a blood-thirsty, greedy, power hungry, selfish monster, who would enslave and Germanize, the whole world to satiate his lust for territory and slaves and gold.

He is the reincarnation of all the foul demons of those awful regions which are inhabited by the doomed and damned. The arch conspirator whose hellish designs have resulted in the murder of thousands of innocent children; the debauching of thousands of girls and mothers; the murder of thousands of old men and young boys and the ushering into the presence of Almighty God of hundreds of thousands of souls, prepared or unprepared. He it was who precipitated this awful cataclysm; whose word of command sent forward to kill and be killed, millions of soldiers, and he it was who ordered trained nurses to be shot because they were loyal to their country and not his.

When we consider all that this monster has done, is doing, to destroy humanity, uproot Democracy and strangle freedom; when we consider the hundreds of thousands of happy homes which have been made desolate through his avaricious desires and cruelties, we wonder that Columbia, Home of Freedom,

Land of Liberty and birthplace of Democracy, does not rise up as one man, and take every step necessary to defeat, dethrone, and destroy this Titanic Tyrant of the German Empire, who lusts and greed and bloodshed and monstrous cruelty have made him the hated enemy of all mankind.

We have dreamed too long. We must awaken to the facts and conditions which control us. We must set about accomplishing the task which has been set apart to us. We have boundless resources and these must be made ready for use. We have money and this must be made available. We have men, and they must be trained as speedily and thoroughly as may be and we must produce more abundant crops, and prepare to help those who are our allies in this noble undertaking. The prize is worth all it will cost.

We fight for Universal Freedom, which shall endure for all time. We fight to escape the shackles of slavery which the German Emperor would fasten about us. There was - there is - no other alternative - we must fight and fight valiantly and intelligently, as we have fought in all previous wars.

This war is the special and all important business of every person in Kentucky who is a loyal American. You are needed in this mighty conflict, and you are not doing your whole duty if you do less than all you can.

Encourage the young men who have been drafted; spread the doctrine of patriotism about you; help the Red Cross and all others who are aiding the soldiers.

Help with your speech, your money, your time, your gold, your property, your hands and your solemn and earnest prayers; for your County Needs You and Yours in this, the greatest Conflict of all the Ages.

As it will take all of us to win, for we are confronted on the battle line by the craftiest, more resourceful and unscrupulous foe that ever opposed the forces of Right. It will require all that we have and can do to win this great fight, but by the help of Almighty God and with our resources, men and intrepid allies, we shall write there on the devastated fields of France the most splendid pages of the world's history, and we shall establish for all time the freedom of all the peoples.

\*\*\*Warning

To the people using Paraquet Water. If my gates are found open any more, I will close the place to the public, and no one will be allowed in the grounds. S. B. Simmons.

\*\*\*Good Roads

We venture the assertion that Bullitt County has more good roads in proportion to the amount of money spent than almost any other county in Kentucky. Hardin County spends very much more than Bullitt, while Jefferson spends twenty times more. Spencer and Nelson Counties had

## The Pioneer News, 1916 - 1917, J. W. Barrall, Editor

Transcribed from Microfilm by Edith Blissett in the year 2003

fine turnpikes which they inherited from the toll road systems, and they are not as good as when toll was collected.

The road fund in Bullitt County is not very large and some of it may not have been spent as judiciously and economically as it should have been, but if those who are disposed to criticize will go to Breckinridge and Grayson Counties, and even Meade County, and look over the roads there, they will find that we are not so bad off.

At that our roads are not what they should be, but it will take crushed stone and manual labor to make them better, not cuss words. In other words, the citizens who live along the highways will be compelled to contribute labor and money, if they are anxious for better roads, for the money in our county available for the purpose is not sufficient.

There is patriotism in road work, no less than in joining the army, and our exceedingly small revenues make is necessary for that patriotism to come to the front and make itself known.

### \*\*\*14 Off for Camp Taylor

Fine body of our patriotic young men answer Country's call.

Wednesday afternoon, fourteen of Bullitt County boys, truly a fine representative body of the American young manhood, entrained for Camp Taylor.

There was a serious air about the attitude of these young men, but now and then some of the jollier members would cause a laugh by some humorous remark. However, it was evident even among the crowd of friends and well wishers that the seriousness and exigencies of this war have entered into the hearts and minds and reached the very thresholds of the town.

The following is the list of the young men composing the second contingent from Bullitt. We had ten in first quota, who left at one o'clock Wednesday afternoon.

Clemmens Manning, Thos. J. Tyler, Irving D. Snelling, Frank W. Field, Elmer Samuels, Wm. G.

At this time the prevailing decorations and color for School Rally with be red, white and blue.

Down at the State Fair, Porter Bridwell ate some of the candy which bears such a striking resemblance to raw cotton, and after eating two bunches of it, he said to the vendor, "I would give a million dollars, if I had it, for the farm on which you raised this sweet cotton."

During one of Miss Ruth Law's flights at the State Fair, Uncle Ben Belmear gallantly offered to go up in her place, saying that she was too sweet to take such risks, but she got back by telling him he was too nice a man to go riding with death.

More than twenty big trucks and dozens of autos have already been chartered for Sept. 29<sup>th</sup>, besides forty or fifty big wagons.

Frank Fields, the efficient operator at Bardstown Junction,

was in town Wednesday as a member of Bullitt County's Second contingent on the way to Camp Taylor. Frank says that Johnny Bull could not lick the Germans single handed and sent for him. Frank was one of the very best operators in the employ of the L & N and we feel sure that he will prove just as good a soldier.

Rev. J. Stafford, of Stamping Ground, Ky, former pastor of the Christian Church, was in the town the latter part of the past week. Though Brother Stafford has been preaching 47 years, he is still active in the Master's Vineyard and delivered an excellent sermon at the Christian Church last Sunday morning.
