### **\*\*\*School News**

Ralph Henderson, who has been at the Great Lakes Naval Training Station is spending his furlough with friends and relatives in this county.

Ralph is looking well and very much alive and when we saw him, he was wearing a broad smile that would easily reach from ??? Junction to Zoneton.

Prof. S. E. Hancock left Sunday to take charge of the High School at LaFayette, Ky, the quarantine having been lifted in that county Monday.

Louisville City Schools were reopened Monday, while the local authorities were permitted the ban to be raised at Lebanon Junction, but refused to modify it for other schools.

We may be able to begin Monday, Jan. 6, 1918.

Teachers, who have not completed their term of school should call Dr. Roscoe Kerr, Sec'y of the County Board of Health, or phone this office Saturday or Sunday preceding that day.

Mr. and Mrs. C. L. Troutwine are delighted with their new guest which arrived at their home in Louisville a few weeks ago.

Mrs. Troutwine was formerly a well known teacher in this county.

Prof. J. H. Sanders left Monday for a visit to his old home in Taylor Co.

In the death of Mr. Ham Croan, this county lost one of its best known citizens, his family a very indulgent father and the schools, a good, prompt, and honest trustee.

Mr. J. E. Quick, trustee at Brooks, was here on business Saturday.

Curtis Wise, of Lebanon Junction, who recently moved to this county, and is numbered among the dead in France is a brother of Miss Maggie Wise, a teacher in this county and the oldest son of Chas. Wise, living in Hays Flats.

T. C. Carroll, the popular County Attorney of Bullitt County, arrived at the Court House to take charge of his duties Dec. 26th.

Tot has been drawing contracts and doing other legal work for the Government in Washington DC and before the Commanding Officer knew he was a lawyer, they had him hauling cinders with a mule and dump cart.

Mr. Carroll is a fearless prosecutor and the evil doers had better sit up and take notice.

Prof. A. A. Allison and his teachers opened the school at Lebanon Junction Monday with a fine attendance.

Misses Nadine Melton and Neva Magruder are spending a few days in Nelson County with friends and relatives.

Miss Willie May Ridgway has just returned home after a pleasant visit with relatives at Lebanon and will leave next week to take up work in a Commercial School, either at Bowling Green or Louisville.

### **\*\*\*Boys Arriving Home**

cross the water, most of them wanted to.

George Greenwell, who spent several weeks in France, arrived Xmas eve to spend a few days at home, but will return in a short time.

Several more of the boys are expecting to return in a short time.

### **\*\*\*A Friend**

Wycote Byfleet, Surrey, England

Dear Mrs. Hibbs:

May I send a little note of sympathy to you for the loss of your lovely

boy. I can so well realize your sorrow for I, too, have lost mine.

He came to us, the American YMCA, ill from his ship. We thought it was nothing serious than a bad cold and weakness, so I just put him in a good, comfortable bed and mothered him about. I feel sure it will comfort you to know he was so happy with us, he called it home. Poor boy, he just seemed such a kid, I called him the "babe" and that name stuck to him all through the Hospital. I went there to see him. Fortunately, having been a nurse, I got in to see him. He was so glad to see me.

His three friends were so good to him, and also everyone at the Hospital, so I want you to know he was well cared for and not lonely, so that you may take a little comfort from that. I am so very, very glad I was able to be with him so much and to do what I could. He was such a dear boy, I know your poor heart must be nearly breaking.

I have had so many hundreds of boys to take care of since the war, have seen so many die and Oh! Believe me, one could not bear it if they did not know it is now all well with the lads and theirs is probably a far more glorious peace than ours.

With much tender sympathy, From Gladys Harlon. PS. Address was sent me from one of the boys on the "Texas" this morning.

## \*\*\*Flu Raging Again

For the last few weeks, we were feeling so good, thinking that the flu had about stopped, but just then, it looks like it took a new start, as 15 or 20 new cases are in town, which will last for several weeks again.

The flu kept most every one in and it was the quietest Xmas that we ever seen here.

### \*\*\*Water Wagon Starts on Last Trip Tuesday.

That famous vehicle, the Water Wagon, started Tuesday on what in all probability will be its last trip. It will be a half-year trip at that.

Promptly at the stroke of 12, the New Year's Water Wagon will rumble away. Its passengers aboard were perched with determination, others clinging trustfully, some with the air of "I'm afraid I'll slip".

The water wagon will continue its trip through June. Then the prohibition measure enacted because of the war will become effective. The water wagon will be put away to rust undisturbed, and the outlook is that it will not be necessary to haul it out again.

..... interesting .... after the close of this great world's war must be the reception of our boys, who after the hardship and danger of the struggle, are happily permitted to come home. It is a great day when our boys come marching back. I guess in some respects it will be equal to the celebration of the announcement of peace. Roy Stallings and Posey Grant, two of our Pleasant Grove boys, have been honorably discharged and are home to stay. 14 left for service from this place; six are across the sea and it has been reported three of the six have been wounded and the rest of the boys are in camps, yet none of these six have been killed in action as known and none have died of disease. We shall all rejoice and be glad to see them returning victorious from over sea, and there will be many tear drops in memory of those who are left behind as a willing sacrifice for the cause of humanity.

Thomas Bridwell sold a bunch of hogs recently.

## \*\*\*What Soldierboys Eat

The old idea that army diet should consist largely of beans, hardtack and coffee, is no longer approved. In the present training camps meat, preferably beef, is served twice a day, with white bread, baked in the general camp baker and kept 24 hours before serving. Where green vegetables can be obtained, they are used. Otherwise, canned goods are substituted. Coffee is served at breakfast and buttermilk, lemonade, tea, cocoa or water at other meals. Meals, which in the vernacular are "mess" or "chow", are served cafeteria style. Every soldier is furnished with an outfit, which consists of a meat pan, knife, fork and spoon, and a long handled cup. The cover of the meat pan serves as a plate and the outfit is so arranged that each man may do his own cooking in case of an emergency.

Each man takes his meat pan and passes before a table where he is served with the various dishes prepared. He then goes to a table, or if there is none, drops on the ground and eats in absolute contentment. Don't feel too sorry for the boys, even if they do write longingly home wishing for mothers cookies or Jane's fried chicken, Belle Case Harrington writes in Leslie's. Men in outdoor training have good appetites, and they are far better off physically than if fed on the salads and ices and sodas they probably would have at home. What they miss most is sweets. If you are sending things from home, put in cookies, candies and jams or jellies. Milk chocolate is one of the things a soldier seems to crave, and a jar of malted milk will come handy if he is not feeling well. Be sure not to send food that is too rich. The boys are on plain diet, with extremes of climate,

and sometimes doubtful water supply - and boys never do have sense when it comes to eating.

\*\*\*School News

The St. Joseph Basketball Team of Bardstown came down to play the local team Friday afternoon and lost to our boys by the overwhelming score of 75 to 3.

The Louisville High School Team which defeated our boys in the last game will be in here Feb. 1<sup>st</sup> at 8 o'clock and if you have any interest in our school or a particle of county pride, you will surely bring your whole family to see the game.

The following old "country Jakes" will play and will do their best to bring victory to Bullitt County and show the City boys that we are on the map.

Floyd Weller, from Glenn Ella with his Charlie Chaplin mustache, Roger Wiggington of Hebron with his smiling face and courage to win, Thomas Trunnell of Bardstown Junction, the player who never gives up, Samuel Ridgway of Shepherdsville, the deliberate old war horse who never gets excited, and Little Woodford of Bardstown Junction, whose speed cannot be followed with the naked eye. Come on out, Grandpa, and encourage the boys.

Miss Nellie May Scott is sick with the flu, but only in a very mild form.

The mother and sisters of Miss Nadine Melton also are ill of the same disease, but have about recovered. As a whole, however, the county is in excellent shape and there is little danger now of another outbreak if families are quarantined

by the physician in charge as directed by County Judge, C. P. Bradbury.

Mr. Chas. Newman, a prominent and wealthy farmer of the Rolling Fork section was in town Friday and qualified as trustee at Zion School.

Mr. Chester Hill, former Sect'y of the School Board at Belmont has just moved to his farm at Chapeze, Ky.

V. O. Gaban, trustee in the same school will move to Bardstown Junction and their places on the school board has been filled by W. A. Bradbury and Ed Miller.

Reports are very encouraging from the High School at Lebanon Junction and a full number of students are in daily attendance.

The school is in charge of A. A. Allison and M. E. Carpenter, assisted by a splendid corps of lady teachers.

Miss Mabel Funk, twin sister of Miss Mattie May Funk and one of Cupio's finest young ladies was quietly married in Louisville last week to Mr. Lawrence Jones, a prominent young merchant of West Point.

Mr. Jones has just returned from France and with his charming bride, expects to make their home at West Point.

The January examination for Common School Diplomas for County High School entrance was held at the Court House Friday and Saturday, Jan. 24<sup>th</sup> and 25<sup>th</sup>, but owing to the conditions that have prevailed in the schools this year, only a small class was in attendance. The following pupils were present: Mary Bell Howlett, Ethel Gram (sic), Orville Jenkins, Margaret

Hughes, Emily Craven, Crumbacker Jenkins, Mary E. Bailey, Gertrude Forrest, Mary Owens.

\*\*\*Monroe's Mule

The Live Stock Inspector was called to the farm of Tom Colvin last Sunday to diagnose an unusual ailment in a mule.

This mule had been found a week before up on a high knob wedged fast between a persimmon tree and a limestone cliff with all four feet rotating so rapidly that it was dangerous to approach him.

Gurley Smith, who was called in, said that he had been having business relations with mules for fifty years, but had never seen anything like this, but if there was such a thing, he would say this mule had Perpetual Motion.

The inspector found an ancient dun mule with a black stripe down his back and zebra legs, carrying on as described and making that peculiar noise like the exhaust on a carboned Ford with the cutout open, and at once recognized it as the mule which had stalled on Frank Monroe while being driven in to be "tanked" (looks like) and on which Doc Cad Songster had tried out his wonderful "speedmore" which he guarantees to start any kind of motor in zero weather.

As soon as Cad works out a "stopper" to go with his new

discovery, he will place in on the market.

The Inspector pronounced it a severe case of auto intoxication and destroyed the poor animal.

When Mr. Monroe was called up and asked what disposition he wished made of the remains, he said, "Just tell Tom Colvin to skin dat mule as neat as I skinned dem fellers in de primary and sell the hide and den he'll be makin' lots more 'an I'm makin' outn dis blankeety-blank jailors office.

Then, after taking a heavy liberation of yeasted grape juice, Frank made his way wearily to the telephone office and had Bojer Stephens telegraph the following to a Washington newspaper.

For Rent - A substantial stone building, thoroly (sic) deloused and dechinched with lawn smoothly barbered and shade trees with the latest college trim. Fine location for a Peace Conference or Monastery. Inquire of W.F. Monroe, Jailor Bullitt County.

Treves, Germany

Dear Mother:

Received your letter this evening and was glad to hear from you all. Well, we are in Germany now, and like this country very well as far as I have seen. You ask me if I had ever seen any of the Bullitt County boys. No, I haven't seen any of them. I had a letter from Red Roby about a month ago, and he was getting along fine and I had a letter from Howard a few days ago and I am going to write to him tonight.

Well, Mother, I got through the war all right and I am certainly proud that I did. I was on the front when the last guns were fired and, believe me, there was a happy bunch of boys. Tell Frank's people that he is back with the Company now, and is getting along fine. I am going to have some pictures made in a few days and I will send you all some of them.

Well, Mother, as I want to write to Howard tonight, I will close for this time. I will write to you more regular now. This leaves me well and hope it reaches you all the same.

Here's sending love to all. Your son, Corp. Orien W. Roby, Co. E, US INF.

\*\*\*The Victory Meeting

The Victory Meeting was a fine success, the day was ideal, the house well filled with an attentive audience, and, Oh, the joy that we experienced in feeling that at last this community had come out to a Temperance Meeting. Oh, yes, we are all Patriotic, but, after all, so few of us have given this very vital question any thought at all, but there is a new dawning for Shepherdsville and several of our Christian men and women are praying that this community will really and truly become dry. We all know that this is called a dry county, but is it? And after all, who is to blame, are we? If so, let us ???? about and try to stamp out this Monster that's such a menace to our young manhood. Oh, we will meet with oppositions, for the fangs of this demon rum are so deeply entrenched in our community, but we must win this victory for God is always on the side of Justice, so conquer we must for our cause, it is just, now want to thank each and everyone who helped in any way to

\*\*\*Prohibition in Tennessee

After ten years of prohibition (bone dry) in Tennessee, we clip the following item from the Nashville Tennessean of January 6, 1919.

Rice Urges Bill Fixing Price of Bootleg Whiskey.

A bill to regulate the price of bootleg whiskey has been proposed to several members of the Legislature by Mart Rice, former Warden at the State prison, as a timely and needed piece of legislation.

Bootleg liquor is being sold here at \$10 per quart, according to Mr. Rice, which is highly exorbitant and entirely out of reason. He contends that as long as liquor is being sold, the Legislature should take some steps to protect those who buy it from being robbed by the bootleggers.

\*\*\*Letter from a Bullitt County Boy.

Segrie, France,

Miss Mollie Roby: Dear Friend:

I will take the pleasure to answer your letter that I received wanting me to write you about Horrie Thompson. The telegram was true that his folks received. He was instantly killed in action in that big drive on the Hindenburg Line, September 29<sup>th</sup>, with a piece of shrapnel from a big shell and was buried near Belliscourt, a little French village.

I, with all the rest, sure hated to give him up for he was missed by his many friends in this Company. He was one of the two Kentucky boys that gave their lives for the Country in this Company.

I was wounded on the same day that Horrie was killed, by being hit with a piece of shrapnel in the foot, but stayed with the Company all day and night, after I was hit and my foot got so sore, I had to go to the hospital, but I am back with the Company now. I would like to be there to spend Xmas with you all, but I don't think it will be very long until I will get to come home and then I will tell you all the news. So, I will close for this time, hoping to hear from you again soon.

Your friend, Hugo Crenshaw, 30<sup>th</sup> Div. Co. D. 120 Inf. A. E. F. France.

\*\*\*Armenian and Syrian Relief.

In the Armenian and Syrian Relief movement, Bullitt County has been given a quota of \$955.00. Four million of the unfortunate inhabitants of Armenia and Syria have been driven from their homes by the heartless Turks, and face the alternative of securing aid from this country or starving.

Of the four million, four hundred thousand are children. This will mean an average of about ten cents for every person in Bullitt County, and the Red Cross members, preachers, school teachers, mothers and fathers, school children and all others are urgently called upon to help raise this money. The drive is on now. Send your money to R. M. Hocker at Lebanon Junction, or Miss Mary Ray of the same place; W. L. McGhee or Rev. Peak or Wilhoite of Mt. Washington, J. W. Hardaway or H. H. Combs, or myself of this place, or send it to Conrad Maraman, county treasurer for this fund. We have gone over in all previous drives. Let us keep up the high mark and maintain our good name. **\*\*\*Death of Frank Hardy**

Frank M. Hardy, formerly a well known citizen of Bullitt County, but at the time of his death, one of the leading businessmen and citizens of West Point, Kentucky, died in that city on the 19<sup>th</sup> of January, 1919. He was born at Pitts Point, Bullitt County, Kentucky, on the 10<sup>th</sup> day of September, 1870, and was just entering the 49<sup>th</sup> year of his life when called away by the unseen messenger. On the 13<sup>th</sup> day of March, 1893, Mr. Hardy was married to Miss Bessie Ashby, of Bullitt County, and to this union were born four children: William Golden Hardy, Enos Lee Hardy (now dead), Francis Bryan Hardy and Ethyl Hardy. Three of the above named children, together with his widow, survive him. He is also survived by five brothers and three sisters and one grandson. Mr. Hardy moved to West Point, December 5,

1905, and at once identified himself with the business interests of that wide awake town, and was soon recognized as one of its leading citizens and businessmen. In every move, which had for its object the betterment of West Point, Frank Hardy was a leading and controlling spirit. For many years, he conducted the Hardy Hotel, and was known and liked by all the guests of his hotel because of his cherry smile and pleasant address. He was not only a fine citizen, he was an affectionate husband and father, kind and obliging neighbor and loyalty itself with his friends. He was a member of the Masonic Lodge and was also a Shriner. Before leaving Bullitt County, Frank Hardy was one of the best liked men in lower Bullitt. He was enterprising and obliging, always ready to lend a helping hand and always the picture of good humor. His married life was happy and his children grew to be successful in life and popular with all who know them. Just at the happiest hour of life's long journey, when success had crowned his arduous labors and his sons were making a success of their business, and when he had more to live for than at any other time, he was bidden by the voice of death to leave the busy haunts of life and seek silent chambers of death. Hundred of staunch friends mourn the death of Frank Hardy, and those friends extend to his loved ones their deepest sympathy.

Dec. 18, 1919, Mr. John Greenwell and family.

Dear Friend:

At last we have completed our long hike which we started on November 18<sup>th</sup> from the Meuse Rive in France to the Rhine in Germany and hiked close to 200 miles or more. We sure saw some lovely country. We came through Belgium, Luxemburg and sure had a nice time.

I am staying with the Dutch now, it seems funny we were fighting them six weeks ago, and now we are living with them and they sure are nice to us. I will sure be glad when I get home so I can tell you all about my experience in the last 10 months. It sure has been worth lots to me and taught me one lesson I never will forget. John, I guess you all thought I never was going to answer your letter, but we haven't had very much time for writing for we came over here to knock the H— out of the Kaiser and we did and I we (sic) will

soon be back home to tell you all just how we did it and it sure will be an interesting story when you hear it told.

The people over here are all Catholic. I haven't seen any other church since we landed on this side of the waters.

Well, John, I guess I will be home next Spring, anyhow, I hope so. I will be in to run the old press so if there is any hay to be baled, try to engage it. Tell all my friends I am well and doing fine.

Well, John, I must close. Give my regards to Annie and the kids. Tell them I would love to see them, so bye, bye. As ever, your friend, Corp. Edgar Meutin (looks like). Co. M, 1<sup>st</sup> Pioneer Inf. AEF

\*\*\*Taps Sounded for Wallace Smith

Mr. John Smith received a dispatch last Friday notifying him that his son, Wallace Smith, died in France Jan. 9 of meningitis.

Wallace enlisted in the service about eight months ago, and was given a clerical position, and was sent overseas last fall. His parents have heard from him regularly and were expecting his returned at any time.

Sergt. Smith is survived by his two brothers, Claude Smith, who is employed at Stithton, Earl Smith, with the L & N, and a sister, Mrs. Mattie Hall, of Shepherdsville. He was a member of the Masonic Lodge at Mt. Washington and of the Baptist Church at Shepherdsville. He was a young man of the finest qualities.

Wallace Smith was one of our boys to be proud of. Ambitious, he ???? required an education and taught for some time in our county schools, but later specialized ??? commercial training and was filling a chair in a business college when he enlisted for service. Handsome and affable, also a Christian, he was a favorite with all, and his untimely death has caused deep sorrow in ???? Oh, the tragedy of war! (And a Poem)

**\*\*\*Revenue on County Roads**

For several years, we have been advocating that all the revenue from automobiles in the county should go on our county road. If it did, we would be at least \$10,000 from that alone and then we could get another \$1,000 or two from the Dog Tax and what we get for Road Work would be enough that we could build some roads.

We need roads, the time is here that we will have to have them. Can't someone suggest the best and quickest way?

Dear Ella Maude:

I just received your letter of Nov. 18<sup>th</sup> and was glad to know that none of you have been affected seriously with the "flu". I feared that with such an epidemic, some of you may take it.

I do not believe I wrote you of the fine nine day vacation that I had when we returned from the front; so will briefly write of it and tell you more when I see you for we expect to be home by Feb. 1<sup>st</sup> tho we may be disappointed and have to stay until spring.

Well, we left the front when the armistice was signed and hiked about six days to a camp near Verdun. Upon arriving there, thirty of our company were given furloughs and I was among the fortunate ones. We went to Verdun and stayed the first day awaiting transportation and had time to look at the great fortifications and city walls which kept back the Boches three times. The town was nearly destroyed, however, with shells and bombs and about all the civilians had left. While there, about 4000 Russian Soldiers came through. We knew not where from or where they were going, but they were pitiful looking objects without clothes, or blankets. That night, we left and were sent to Chambery, a summer resort on the Italian frontier and at the foot of Mt. Blanc (about the highest Peak of the Alps). There we were lodging in the finest hotel, all expenses paid by the Government, and free to do as we pleased. The YMCA was near and each day arranged trips to the surrounding mountains and lakes at small expense. On a mountain trip, we would go up on a tramway and return on bicycles. Some coasting. Chambery has about 40,000 population and the neighboring town, Aixies Bajus, 25,000. The later is the prettiest, being not quite so old. In it is the Astoria Hotel, owned by the Astors, and the Cosino, a noted, or rather notorious, gambling resort, which belonged to Harry K. Thaw for a short while.

Also at Aix were the famous sulphur baths, for which people came from all over the world to take. To us, those baths were free. There were not a great many tourists, they coming principally in the summer time. On the main street in

Chambery, is a long arcade and under the arc are the pretty little shops, displaying all kinds of trinkets, antiques, fine jewelry, laces, etc. in fact, about the prettiest stores I ever saw. We're told they are as well designed as those at Paris, tho not so numerous, of course. There were two (sic) large museums, several beautiful old churches, and many number of the old chateaux which we visited.

Well, our trip is over, and we are only a short distance from our old training ground when we first came to France. Right now, it is about the sloppiest place I ever saw for it has rained every day since we've been here.

No, I haven't a French girl and don't think I shall have one. I met at Chambery three or four awfully nice ones, who speak English, but they weren't very pretty. They have there quite a large school of languages, and a great many of the civilians speak Italian and English well. What I want is the USA and they can't send me home soon enough. My regards to Pat, love to you and hoping to see you soon.

Roy, Pvt. R. S. Magruder, Hdqts. Co., 51<sup>st</sup> Inf. ARFAPO777.

**\*\*\*1,002 Dogs Wearing Tags**

County Clerk Ridgway has informed us that he has issued one thousand and two dog licenses. More of the people in the County are complying with the law than what we expected would. Still only about one in every ten dogs you see has a tag on.

Under the new law, the name of everyone who has bought a tag will be printed in the county paper by Feb. 15<sup>th</sup>. We have been informed by Mr. Ridgway that he will have them published next week and then it is

# The Pioneer News, 1918 - 1919 - J. W. Barrall, Editor

the duty of the Sheriff to go to see everyone and to arrest anyone who has a dog in his possession without a tag and kill the dog. The fine is not under \$5.00 or over \$100 and a jail sentence or both.

The Sheriff, failing to comply with this law, will be thrown out of office with a heavy fine.

Mr. Croan has informed us that he is going to do his duty and will start out March 1<sup>st</sup> to hunt every dog and his owner, or the one who has it in his possession as it is the same penalty on the party who has a dog in his possession, or having a dog as the owner.

So, if you don't want to pay the dog tax, kill it.

Prof. Sanders says that he has several more teams coming that are equally as good.

## \*\*\*Government Takes Land

taught his first school here as principal and although young in years, he was settled in his ways and did fine work. The ways of God are mysterious and hard for us to understand, but faith will at last open our eyes to a knowledge of his dealings with us and our loved ones. To the sorrowing father and mother to whom he was so loyal and devoted, we extend our sincere sympathy also to his brothers and sister.

Mr. Jas. Ridgway, well known through out the county, died at his home at Orell, was brought here last Friday and interred in the Catholic Cemetery by the side of his first wife, who passed away several years ago. Funeral was conducted by Rev. Pike at the Catholic Church, of which he had recently become a member. His death was due to hardening of the arteries and other infirmities of old age.

He was a man who was noted for his goodness of heart and as a neighbor, was one of the best. He is survived by his wife, was who Mrs. Annie Hardman, two sons, Elmer and Claud, of Orell, three daughters, Mrs. Ernest Funk, of Louisville, Mrs. A. L. Harris, of Solitude, and Mrs. J. T. The auto driven by Alvin Pierce, a friend of Miss Borders, with she and his sister, Mrs. Sacre as occupants, all seated on the front seat when the machine became unmanageable, ran into a telephone post, turned turtle, throwing them out, but only slightly injuring the others, Miss Borders was thrown through the windshield and badly hurt about the head. She is at Norton Infirmary and hopes for her recovery are still held out, altho Dr. Rush and Dr. Ireland, who are in attendance, say they are vague.

In the recent County examination, Master Crumbacker Jenkins of the Beech Grove school made the highest general average.

Mr. Ora Roby, County Supt., Shepherdsville. Dear Supt. Roby:

No, there is no legal reason why a married woman cannot teach. The examination in Agriculture will be held at the regular May, June and Sept. examinations.

I judge that you have received from the Agriculture Department of State University sufficient copies of Bulletins 54 and 56 to supply your teachers. A proper study of these bulletins ought to prepare a teacher to pass the examination in Agriculture. Yours very truly, V. O. Gilbert, Supt.

Wallace L. Smith, the subject of this sketch was born in Bullitt County, on the 26<sup>th</sup> day of August, 1893, and died in France, January 11, 1919, of Spinal meningitis. Later on, he taught in the latter college and also in Krieger's Business College, and at the time of entering the military service, was in partnership with James Escott, (sic) one of the best public accountants in Kentucky.

In every relation of life, and in all his dealings with his fellow man, Wallace Smith was a real man. Being loyal, he readily entered the service of his country and gave the very best that was in him, as he had done in every other position he had filled. He was ambitious, honestly and commendably so, and his ambitions were being crowned with success when war took him away from his business. He was a Christian young man; the country's

most valuable asset. He was charitable. He was industrious, he was intelligent and capable and talented. Dying as he did, upon foreign soil, thousands of miles from home, with no friendly hand to soothe his fevered brow, no mother to press her lips to his, his death was peculiarly sad, and yet, God was there and best of medical skill was there, and his country's flag was there. We deeply sympathize with the parents of Wallace Smith.

They have sustained a great loss. No words which we might utter could take from their hearts the bleeding wounds which are there. God alone can do that.

3,139 were given licenses in 1918. Its New Gretna Green.

Louisville has turned the tables on Indiana as a Gretna Green for romantic couples, who seek to escape "home-made wedding celebrations".

Jeffersonville still may reap a small harvest of Louisville weddings, but the records of the Jefferson County clerk's office, kept by F. L. Koop, in charge of marriage licenses, show that some 1,000 Indiana couples were married here last year.

About 500 licenses were issued to Indianapolis applicants alone, said Mr. Koop yesterday. "The total number of licenses issued in 1917 was 2,991 and last year, the total was 3,139. A great many soldiers were included in these totals for both years, so the increase is not to be explained that way. The civilian population, as well as the soldiers of Indiana stationed in Kentucky camps, have just elected Louisville as their Gretna Green."

### \*\*\*In Germany

Coblenz, Germany, Miss Mabel Snellen, Dear Sis:

I am sending you a few verses that one of the boys over here wrote about the S.O.S. entitled "The Other Bird".

I don't agree with him about the YMCA for the YMCA Secretary went over the top with us as first aid

man and that is some job when the shells are bursting.

Irving D. Snellen, Coblenz, Sub Commission, Inter Allied Field Railway Commission.

### The Other Bird

When the other bird from the SOS sits down to his steak and pie  
He proclaims his wrath with scorching tongue

And swears he would rather die  
Than count out cans of monkey meat  
And check off loaves of punk.  
That he wants to fight and hit the gaff

And a lot of other bunk.  
He wears a good old campaign hat

And a pair of russet dogs  
And has a little madam, Iselle  
To share his dialogues  
While the Man in arms contents himself

With a can of old "Corned Bill"  
He casually reads his undershirt  
For literature is nil.

He wears a Stetson made of tin  
His "Dogs" weight many a pound  
When nightfall comes, he builds his "flop".

And turns in on the ground.

You read a lot of phoney junk about YMCA

But for all the fun the fighter has  
You bet your boots he pays,  
Somebody says down in fares  
There's a "Y" there that's a bear  
But the front line troops don't benefit

For the SOS are there  
Up there the big boys scream and howl

And there's gas and hell and all  
They're a myth, these red triangle men

Up where your comrads fall  
Here we'll have to pause and say a kind word for the chap

**The Pioneer News, 1918 - 1919 - J. W. Barrall, Editor**

Transcribed from microfilm by Edith Blissett in the year 2003

And he is the good old Red Crossman  
He goes up where they scrap  
He passes out all that he has  
And does it with a smile  
While the other bloke grabs for the francs  
Like a miser o'er his pile.  
Back to the bird in the SOS  
With his sorry doleful plight  
Who really hates to count shoe strings  
And thinks he wants to fight  
I crave to take these burning youths  
by their soft and slender hands  
And lead them to the scene of hell  
That's bound by moral bands  
But this now too late and they're going back  
These boys from the SOS  
They'll be the heros from "Over There"  
and we'll stay till we rot, I guess.

They'll tell of how they drove the Huns  
From the Marne to the River Versie  
While the men who actually hit the chunk  
Is still read AEF mail.  
They will tell of how they took the heights  
of Dizzy Montfaucou  
And in the siege of the Argonne woods  
Of how they carried on  
We'll occupy "der Vaterland"  
As we are doing now.  
And eat that Chinese army grub  
Better known as "Raw Tin Chaw"

Some day perhaps our scow will sail  
And take up across the foam  
But the only thing to welcome us  
Will be the fact we're home.  
The cheering throngs with welcome arms  
Who met our brave (?) SOS  
Will be dispersed and the passers by

Will say "More of those birds, I guess".

But we'll always know who striped the Boche  
And bridged the River Versie  
Who reduced the salient of St. Miheil  
And stormed the Argonne trail  
The SOS will spill their load  
And pull their hero stuff  
But when the fighting men come home  
Say, watch us call their Bluff.  
C. L. Moigs

\*\*\*Over Seas

Mantunach, Grand Duchy of Luxemburg

Dear Father:

Just six months ago today, I left New York bound for some European port. At that time, the war looked very bad for the Allies and it seems wonderful what we have accomplished in so short a time as five or six months.

I am going to try to tell you of some of the places I have seen and some of the fights I have taken part in since I have been across the sea.

I landed in Liverpool, England, but was only a few hours there; and at that time it was a busy, but dead city. England was a pretty country and I liked the people fine because they were for sacrificing everything they had and every life in the British Empire, rather than lose the war, and they wouldn't have been whipped yet, even had we never come into the war.

I crossed the channel to France June 28<sup>th</sup>, landing at Le Havre, which is a very pretty city, altho parts of it are very dirty. I went from Le Havre to La Courtine and after a while there

volunteered for service at the front, and with two hundred others left to join the 146<sup>th</sup> S A at Clermont Serrind, but when we arrived there, we found they had already left for the front and immediately started to catch them, but our train got lost and after passing through and laying over in such towns as Nevirs and Tours, we landed in Paris and for about six hours, I was free to see that wonderful town, and my time there was one of the best times of my life.

I finally arrived on the front July 13<sup>th</sup> and joined the 146<sup>th</sup> near Chateau Thierry on the 14<sup>th</sup> of July and was in all that fighting in that sector until August 20<sup>th</sup>, but Battery C only lost two men all through the drive, and they were killed at Epeids.

I was at Quentin Roosevelt's grave just after he was buried.

I was through Bellean Woods just after it was vacated by the Boche and I saw the first real American battle of the war, and no 4<sup>th</sup> of July celebration ever will compare to that. It was the first time the Germans had ever fought in the open and outside of a trench, they are as the French say "Pas Bon" or "No Good".

Our regiment was moved from the River Vesie to the St. Mihiel salient and I was in that fight, but we were lucky and never were located by the enemy and no loss of life was reported by our Battery and you know how victorious we were there from the papers.

Then we were sent to the Argonne or what was called the Port of Honor, as it was considered the German's strong point on the whole front. The Americans held it all by themselves and the best divisions in the American army were up there.

**The Pioneer News, 1918 - 1919 - J. W. Barrall, Editor**

Transcribed from microfilm by Edith Blissett in the year 2003

We were almost constantly under shell fire all through that fight which lasted from Sept. 26 until Nov. 11<sup>th</sup>, and lost in our Battery 21 men, and most all the men suffered from gas and I sure had the fear of God put into my heart, the worst was at a place called Cunel, where about two Hun Batteries opened a twenty minute barrage on us, we moved in there about noon and started to dig dugouts immediately. But were forced to put our guns in position and when they opened fire on us at 6 p.m. we had no place to go and had to take to the ditches and behind our guns. I fell behind again and a Corporal in a ditch right behind me was killed and others wounded all around me, but it is all the luck of war and I am still alive, well and happy, but I will never say, "I can't be scared" again for I hardly had any nerve for a week afterward and just on top of that we were gassed one night at supper, and because it was not so strong, we took off our gas masks and ate our supper and nearly every man in our Battery was sick for a week, but we managed to get by and allright again.

The German gas got very weak just before the end of the war and that was all that saved us.

I was at Montigny when the armistice was signed and we were ready to advance on Sedan when the good news came.

We went back behind the lines and billeted near Verdun and got all our material in shape and were ordered to the Rhine, and are now on the way just stopping in Luxemburg to rest awhile, but will hit the trail in the morning.

We have the big six inch rifles with a 20 foot barrel, four of them to a Battery and four Holl tractors, one

French tractor and 20 white trucks, everything motorized and we ride everywhere we go.

I will give you a list of the big places I have seen since I left the states, Liverpool, Eng., LeHavre, Tours, Clermont Ferrand, Nevrs, Paris, Miaux, Chateau Thierry, Soissons. Fere en Tar Ferademois, Chezy Sin Marne, Segame, BarLe Duc, St.Dizer, Verdum, Escn, Luxemburg, and I will try to keep you all at home posted from now on.

I hope business is good now and you and everybody well. Write me when you can.

As ever, your loving son, J. R. Settle. Battery C 146<sup>th</sup> FA, AEF, France. PS give my love to mother.

\*\*\*From Overseas

Dear Sis and All:

Just received a letter from you, which is the first letter I have gotten from home for a long, long time and believe me, Eula, words would fail me should I make the attempt to tell you how glad I was to hear from home once more. I am getting along fine, but it does seem like I am rather unlucky in a way for all the boys I came over here with have returned to the States and here I am, still stationed in France and the worst of it is I don't know when I shall get to go home, for it is rumored that we shall be sent to Germany to demand some German vessels. However, this may not be true, and I trust it isn't for I, like all the rest of the boys, want to go home and should I be sent to Germany, it would be some time before I could get home, but if I do not have to go, suspect I shall start for the States Feb. 1<sup>st</sup>.

I am now running a six ton truck to Belgium, hauling provisions for the Belgium relief fund. They certainly need help for they scarcely have anything left, you can't realize how terrible it is unless you could see for yourself.

Will write you again in a few days and let you know what I am going to do. Hoping all are well and to be with you real soon.

Write often to me, regardless of whether you hear from me or not.

Lovingly, your brother, Walter H. Funk, Seaman First Class.

We don't know if it is a tan yard or a sausage factory, but we believe it is the best thing to do with them would be send them to Germany as horse and mule meat. There is a demand.

\*\*\*Missing in Action

Washington - Last week's casualty report showing more than 10,000 men of the Expeditionary Force mission in action has been corrected to make the total 7,783, Gen. March said today. Gen. Pershing has reported the new total with the

information that the figures were being reduced by from one hundred to two hundred names per day as a result of the checking of records in the central records office in France.

At the same time, Gen. Pershing gave the War Department new totals of casualties in the 1<sup>st</sup> and 2<sup>nd</sup> Divisions, the Marine Brigade in the latter being included. The 1<sup>st</sup> Division had a total killed, died of wounds, missing and prisoners of 5,258, and the 2<sup>nd</sup> Division total was 5,260.

New casualty totals for the 1<sup>st</sup> and 2<sup>nd</sup> Divisions were given as follows:

\*\*\*WCTU Reorganized

At the home of Mrs. C. F. Troutman, on Monday night, Feb. 17<sup>th</sup>.

This is the third time this good work has been started in this community. In 1917, a few women and men conducted this work very successfully, but near the close of the year, nine of the members left the community for various reasons. That left just 4 members and as we could not get others interested, we decided to fold our tent and await events, then the bitter cup of war was pressed to our lips.

Then pestilence strode into our midst, but out of all this suffering and death, the world is awaking to its glorious opportunity of doing good.

And now, even as we organized, we are able to report 12 paid up members, 3 honoraries and many others have promised to join us. The officers are: Mrs. R. L. Troutman, Pres.; Mrs. Robt. Simmons, Vice-Pres.; Mrs. C. F. Troutman, Cor. Sec. and Treas.; Miss Martha Hornbeck, Rec. Sec. Our first meeting will be at 2:30 Sunday at the Baptist Church. We invite everybody as this is a union meeting. Temperance.

\*\*\*Judge Daniel Not Married

The report which was circulated hereabout some time ago to the effect that Judge Daniel had taken unto himself a wife is very much exaggerated. Roscoe Tucker, who was here Sunday, says there is nothing to it. "Rasky" says the Judge was in the act of drawing his pay the last time he saw him, and was

looking good and feeling in fine fettle. Should the Judge decide to quit single wretchedness for married bliss, we know of several old maids in this sector who would be glad to make the trip with him, however, this is said in the strictest confidence.

### \*\*\*In France

Mrs. Kate Hesler:

Dear Cousin:

I will answer your most kind and welcome letter which I have just received. It was sure a long time coming for you wrote it Oct. 10, 1918 and I have just received it Jan. 22, 1919. I was glad to hear you all were well at your writing. This letter leaves me feeling fine at present.

I am a long ways from home, I have been nearly all over France and over some of Germany soil. This sure is a pretty place over here. There has been a change made here since I received your other letter, I went to

the army Oct. 3<sup>rd</sup>, 1917 at Camp Taylor, left there Feb. 16, 1918, went to Camp Georgia, left there April 5<sup>th</sup> and went to New York, left New York April 8<sup>th</sup> and landed at Brest Coast in France April 23<sup>d</sup> 1918. I sure was traveling some. I don't hear from home very often for I move about from place to place so much, nothing can cheer me any more than a letter from any of my relatives or friends at home. If I could see you I could tell you more than I could write.

I will close, hoping to hear from you. Give my best regards to all. Your cousin, Rufus H. Alcorn, Co. 1 6<sup>th</sup> Infantry, APO 745 AEF

The League of Nations plan will be adopted by the people of the United States, because it is right. Ex-President Taft, a great lawyer, is for it, and sees nothing unconstitutional about it. opposition will not be tolerated by the American people. This is no time for political chicanery. Wilson, by the far the greatest intellect this country has ever contained since the days of Lincoln is right and fair play is going to demonstrate it and last the professional politicians who oppose his plan will be left in the lurch.

The death angel visited the home of Jim Ash and claimed his loving wife who was devoted to her home and children. She was a kind and loving mother. The physicians and loving hands did all that could have been done, but God knew best.

Mrs. Sallie Ash, wife of Jas. Ash, died at her home in Louisville, Saturday, Feb. 22 of pneumonia. She was 58 years, 7 months, and 22 days old. She leaves a husband and two children, Harry Ash and Mrs. Clarence Roby, a grandson, one brother, Lum Mudd, two sisters, Maggie Mudd and Mrs. A. B. Davis to mourn her loss.

The funeral services were conducted by Rev. D. R. Peak after which her remains were laid to rest in the Cedar Grove Cemetery Monday. The Pioneer News joins with her many friends and loved ones in extending heart felt sympathy to the sorrowing ones.

\*\*\*Somewhere in France

Dear Mother and Father:

Received your letter yesterday, was sorry that papa was not any better, hope is better by now. You said Ruby and Emma had gotten a letter from me. It is strange I can't hear from them, I have written them all most as many letters as I have sent home. It was terrible about poor Elmer Monroe, but this is a call we all must answer, and he went in about a month before I did. What was he in, did you all ever find out?

What branch of the Army is Daymon Green in? Was that his address you sent me? I never heard of that before. You wanted to know where I was. I am at Hairrie Court, not far from the Belgium line. I can't whether (sic) it is on the map, but it is a real small place. We came from Abensville here and Gondre Court was not far from Abensville. I have been here since the 7<sup>th</sup> of December.

Well, when I start home, I don't want to be as long as we were coming over here, we sailed from Montreal, Canada, and landed at Liver Pool, England. We were on the ocean 26 days, but I didn't get a bit seasick. I have been awful lucky since I have been in the Army; I haven't had a sick day, hope I continue so, but I don't want to get any farther (fatter ?) than I am now. If I do, I don't think I will be able to carry it.

When I got up this A.M., I saw some snow, but first I have seen since I have been in Europe. I guess you all have had plenty of ice and cold weather if it is anything like last winter. This is Sunday afternoon. I just got paid so I have plenty of

France dope, and no place to spend it.

Tell Nellie to be good and take care of papa and not stop school unless it is for papa's comfort, and then for her not to hesitate a minute.

This leaves me well and enjoying myself, hope papa's better when this reaches you. Tell him not to worry about me for I will make it OK. As ever, your true son, Pvt. William W. Green, Co. H. 3<sup>rd</sup> Bn. 22<sup>nd</sup> Eng. AEF

C. Daugherty, former member of the County School Board.

We have just received offers from the land office at Camp Knox giving the Government appraisement of the school property at Chappell Ridge and Highland, the former being placed at \$675 and the latter at \$1,175.

We regret very much to hear of the sudden death of Mrs. Ernest Funk, who with her husband and family recently moved from Cupio to Louisville.

Dr. Benj. J. Shields, of Spencer County, a first cousin of our old friend, Otis Russell, and who is now an announced candidate to represent Bullitt and Spencer at the next session of the Legislature, was here Monday.

## \*\*\*Temperance Meeting

The WCTU will meet in the Methodist Church March 16, 1919.

## \*\*\*Bullitt's Wealth

The total assessed value of Bullitt County for this year is \$6,827,578. We have been asked what the assessed property of the County was, so we give it to you from the Clerk's Books which is the amount of Taxable property in the County.

## \*\*\*A Worthy Movement by the Local WCTU

At the last meeting of the Town Board, a squad of the Woman's Christian Temperance Union, under the leadership of Mrs. R. L. Troutman, threw a line of pickets around the headquarters of the august body, which caused that aggregation of bald heads to run up the white flag and give vent to a yell of "Kamrad" that would make a husky Boche sound like a sissy.

The object of this visit was to have the Board call the attention of the public to the fact that Thursday, April 17, is our annual "Clean Up Day", which was inaugurated on the suggestion of Mrs. R. L. Troutman two years ago and carried out so successfully at that time under her superb leadership.

"Clean Up Day" this year will be under the direction of M. R. L. Troutman and the local WCTU and any steps they may take have the unanimous sanction of the town board.

The committee on sanitation has appointed alderman Fred Harshfield to co-operate with the WCTU and to furnish free transportation for the cleanings.

Let everybody "fall in" and see if we cannot rid our town of the germs of flu and other infectious diseases.

Mrs. R. L. Troutman also called the attention of the Board to the fact that the ordinance prohibiting the keeping of hogs within the corporate limits was being flagrantly violated.

While the board of last year permitted the feeding of hogs within the town as a war measure, the ordinance is still on the books and

should be enforced at least from April to December.

### \*\*\*Death

The burial of Joel H. Tucker took place last Thursday, March the 6th, the funeral was conducted at the home by the Rev. Crandall, after which the remains were buried on the Hall farm just east of Floyd's Fork on the Mt. Washington Road. Thus passed another land mark. Mr. Tucker was one of our oldest and best known men. He had passed seventy-seven milestones on life's highway. Mr. Tucker was a good man. He was generous, kind to his friends and neighbors and just between man and man. In his earlier life, he was an active, industrious man, with an inexhaustible fund of good humor and just as much clarity.

Several years ago, he retired from active work in this blacksmith shop, and since then, had spent the sunset hours of life in ease.

On Tuesday morning, March 4<sup>th</sup>, while milking, Mr. Tucker was stricken by paralysis, and the end came on Wednesday. All that loving hands and medical skill could do was done, but to no avail. The passing of H. Tucker leaves but three of the once large family, Bud Tucker of Uniontown, Jas. Tucker of Middletown and Thos. Tucker of this place.

His only daughter, Mrs. Annie Daniel, of Georgetown, Kentucky owing to the illness could not be present at the burial service.

When the writer came to Shepherdsville, Mr. Tucker and his family lived in the brick house which stood where Judge Morrow's residence now stands, and the Tucker home was a synonym for hospitality. Mr. Tucker at that time was in the prime of life. He was a small but powerfully built man; strong and active and very industrious. His shop stood up the alley above the house, and there were gathered the farmers who came to have work done, and many of the villagers who had no work to do.

The passing of Mr. Tucker reminds us that there are not many of the older ones left this side of the dark river. Here in town, not more than two or three are older than 77, and the next swing of the scythe may sweep more from our sight. The young may die; the old must die.

### \*\*\*Death

Two of the saddest deaths which have occurred for some time was the death of Mr. and Mrs. Freddie Raymond. Mrs. Raymond, aged 22 years old, died Tuesday in Louisville of the flu. At the same time her husband was too low to tell of the death of his wife.

She was brought here and laid to rest in the Bullitts Lick Cemetery Thursday morning. Saturday evening, the sad news came announcing the death of her husband, Mr. Freddie Raymond, aged 23 years old, of the same disease.

His remains were brought here and laid to rest in the Bullitts Lick Cemetery Monday morning.

Mr. Raymond was with youngest son of Mr. and Mrs. S. A. Raymond. He was born and raised in this county and had only moved to Louisville a few months ago. They leave one child, two or three months old.

Miss Mirtle Klapper:

Dear Mirtle:

I received your letter today and assure you it was certainly appreciated as it was the only one I have had from you since Xmas. It seems as tho I can't hear from anyone in Old Bullitt. I suppose the mail is tied up in France.

I heard from my brother, Otis. He is in France and is OK.

Enclosed you will find some postals, A m s t e r s t e i n a m R h e i n Khrenbreitstein a Rhein, Denkmal Kaiser Wilhelm I. Coblenz Rhine, a picture of the Rhine River which I am crossing now. Don't think I will be here long.

You ought to see this country, believe me, it is some sight. I think we shall soon sail, I will be some glad to, believe me, for I am actually tired of looking at the uniforms.

### \*\*\*School News

During the absence at the High School here of Prof. J. H. Sanders, the boys composing the Basket Ball Team under the leadership of Dr. and Lindsay Ridgway made a 3 days trip to Western Kentucky where they played several of the strongest high school teams in the state.

The boys won in total scores on the trip 95 points while 90 points were made against them, this is a splendid showing and certainly shows up remarkably well for a small town, when opposed by such teams as Owensboro, Hopkinsville, Paducah and several others.

The following boys made the trip: Samuel Ridgway, Rodger Wiggington, Thos. Trunnell, Jerome Monroe, Chas. Ashby, Wilson Daniel and Gabe Summers.

Mr. Geo. Armstrong has just been appointed and sworn in as sub trustee at the Needmore School, sometimes known as the Pleasant Grove school.

The is one of the County's largest schools and we are glad to have a good man take the place which has been ably filled for the past year by Mr. Lloyd.

Misses Lillian Spalding, Eunice Ridgway and Maggie Wise, well known rural teachers of this county were here Saturday.

Trustee Edd Rodgers was in town Saturday and has agreed to act as sub trustee for another year at Shades.

Misses Fanny Belle Melton and Alma Forrest have accepted positions as teachers in the schools of Jeffersom County.

Miss Nellie May Scott is finishing the few remaining weeks for Miss Melton at Bardstown Junction.

Miss Mayme Stephens, who has been confined to her room for some time, trying to get the flu to fly, resumed her school work at Lebanon Junction Monday.

Every member of the family of Trustee O. H. Masden have been suffering the past few days with the flu in a very bad form, but all are now better and there seems to be no danger at present of pneumonia.

Mr. Masden was in Louisville serving on the federal grand jury when stricken.

There is now every reason to believe that the salaries of all teachers in Louisville will be raised this year and should be as the city teachers these days received any better salary than is paid most rural teachers of the county.

Don't overlook the fact that all teachers who expect to teach in Bullitt County next fall must take the examination in agriculture either

the 3<sup>rd</sup> Friday and Saturday in May or June.

## \*\*\*In France

Dear Mother and Father:

Will answer your letter I just received and was glad to hear from you all. I hope when these few lines reach you, they will find you all well. I am so glad that Tom has got home, wish I was there, but I don't know when I will ever start for home.

Well, tell Pa if he can see any way at all to get that place and can get any help to handle it until I can get home, that I will be right with him and maybe we can buy it. I guess it won't be so awfully long before I can be with you all and I have it in mind now to get right down to business and begin to think about living differently to what I did before I came to the Army.

Well, how does Tom look in his uniform? Is he as large as he used to be? Since I came back from the hospital, I am picking up and they all say I am getting fat. I am on Police Duty now in the town of Bendorf and guess I will be until we leave here. I am on at night from five until eleven-thirty and I don't have to get up for reveille or stand any formations at all. Ask Tom if he don't miss first call every morning.

I will be so glad when I get home so I won't have to be in such a hurry. I hope when we leave here, we will be on our way home for my job will only last while we are in this town, I guess. We have been attached to the army of occupation and they have been left on the Rhine River to guard it, so I don't know when we will be relieved. I guess when we are that, we will come home.

Well, I will have to close for this time, hoping to hear from you all soon, as ever, your loving son,

Oliver, to Mother and Father. Bye, Bye with love to all and tell Tom he missed lots by not getting to come over here, but it may the best that he didn't get to come over. Answer soon. (And the M-O-T-H-E-R poem)  
Signed, Sergt. Oliver Elzy

## \*\*\*Letter from Camp Knox

Mr. J. W. Barrall:

I have been with Samuel W. Browning for six months in this army and he has been a friend of mine and has gained many friends in the army. He showed me some of your papers and I think they are good.

Now, we are going to part from each other and I will ask you to say in your news some good words for him to his county for he is just like a brother to the boys that are with him here. If he has friends in his home County like he has here, he has lots of them. He is a first class soldier, and he has gained friends in this army, and now he is going to be returned back to his home and loved ones and they will have his good company, and we will miss him at old Camp Knox, but I hope we will meet again some where in this happy world. He is liked by all of us in Camp Knox. If you will say some good words for him in your news, I will be glad.

He has told me all about leaving his dear wife and baby for six long

Miss Eunice Ridgway is another of our popular rural teachers that has been called to Jefferson County. She has just accepted a place in the city schools of Louisville at 5<sup>th</sup> & Kentucky.

The first interest bearing State Warrants ever sent to this County on the school fund arrived Saturday and checks were mailed out to all teachers Monday. The 6th installment will soon follow and it looks that at last, our poorly paid teachers will in the future be paid promptly after Oct. of each year.

Trustee Joe Chappell and family have moved to Shepherdsville as the Government at Camp Knox has taken over his farm, school and entire neighborhood.

Thus, we see in his leaving that section the last of a family bearing that name, whose ancestors years ago were so numerous in that community that a school was give the name, a long range of hills and a graveyard in which the remains of hundreds of our dead, many of them the Pioneer settlers of Bullitt County and among its most wealthy and prominent citizens.

Mrs. Ethel Newman Spinks died at her home at Lebanon Junction Friday of pneumonia following the flu.

She leaves a husband, four small children, was a niece of trustee Chas. Newman of Zion.

**\*\*\*Professor J. H. Sanders**, who was confined to his bed with the flu has gotten out and about, and is teaching again. Prof. Jack is the liveliest of all the live wires, and is the best school man we ever had here. During his illness, his place was filled by

Shepherdsville has never contained another man who could do as many things and do them well as Lindsay Ridgway and he does everything willingly.

Mr. Filson, the general Commercial Tourist was the guest of a local hotel one night this week. Mr. Filson is an optimist of the purest ray serene, and can get more smiles out of a thunderstorm than the average grouch can extract from a minstrel show. Never before in its history has Louisville suffered so much from the depredations of hold-up men, burglars, robbers, murderers and bad man generally. The police force of that town is not a joke, for they are too bad to be regarded as good jokes. Brought into power through a streak of good luck and blind fanaticism, the party in power made haste to rid the city of the old police force and give it a good one, and they made an awful mess of it. Last Sunday, thieves broke into a building on third street and stole several hundred dollars.

Had the police been awake, it seems that they could have been caught, but they got away with it. The Louisville Herald, which said so much about the old force, has not said a word about the inefficiency of the new force.

Mr. George Bowman, who has been with G. S. Patterson for several years, has accepted a position with the P. N. Curl Grocery Company, and will be around to see the merchants in the interest of his firm. George is a Bullitt County man, born and reared in Leaches, and is an experienced merchant and salesman and we trust the merchants in this county will give him a show. He represents a good home and will accord fair treatment to all who buy from him.

General Wilson, who has been very ill with flu is better and will be out in a short while. General is a fine

young man, has a host of friends, and is a good businessman. For years, he has handled the clothing department at Troutman's and has taken care of it in splendid style.

There are a few cases of flu scattered here and there, but in the main, the backbone of the disease seems broken and it is hoped that it stays broken.

The sun has crossed the line, and we may expect warmer weather from now on. At this season of the year, fowl and greens, sassafras tea, fresh fish and many other tempting things of that kind find their way to the table.

\*\*\*Wilson Summers Back

Wilson Summers Jr who has been rusticating at Paris Island, S.C. Is out of the marine service and back in Old Kentucky.

Wilson says rusticating is not the word, as they never have time for anything but work. He is glad he went, but glad he is back. He says he would not take a small fortune for his experience, nor would he go through with it again for a large fortune, unless another war came on. Like all the other boys, the war work and out of door living did him much good. He is heavier and stronger and looks fifty per cent better.

Wilson says there was a story out to the effect that they drilled sixteen hours and forty minutes, but he says that is not true; they only drilled sixteen hours and thirty-nine minutes. Early to bed and early to rise is the way to be healthy and wise is all they know in the Army.

### \*\*\*School News

It was with a feeling of great satisfaction that we paid to visit last week to the Shepherdsville Graded and high School, first since the State High School Dept. has made this an "A" grade credited High School.

This is indeed a great compliment to our town, a credit to Bullitt County and is probably the smallest town and county in the whole U. S. having the honor.

When you hear the pessimist criticizing the affairs of Bullitt County, her soil, roads, bridges and her congenial county officials, ask him about her high schools at three different places in the county.

The school at Brooks will be reopened Monday, April 7<sup>th</sup>, by

trustee, J. E. Quick, with Miss Effie Johnson as teacher.

Miss Nellie May Scott, teacher at the Zoneton School was here Saturday.

Miss Mollie Roby will soon complete her school at Frymire, Ky and expects to return to the county to teach this fall.

Miss Nancy Trunnell has accepted a position here with the hustling Enterprising Insurance Firm of Peddicord and Smith.

Mr. Jas. Stansbury, one of the county's oldest citizens and for many years a trustee at Bardstown Junction, died at his home near that place Monday morning, March 31 after several weeks illness.

The Harned School will close its session Friday, having had three teachers this year, but in spite of this handicap, is the only rural school that has had six full months of school.

Miss Moredock, the popular high school teacher here, spent Sunday in Louisville.

Misses Willie May Ridgway and Bertha Trunnell will soon finish their commercial course that they have been taking in Louisville at the Spencerian Business College.

The last common school diploma examination for the year will be held at the Court House Friday and Saturday, May 9<sup>th</sup> and 10<sup>th</sup>.

All pupils of the 8<sup>th</sup> grade should begin now to make careful preparations as these examinations are now getting rather difficult.

Get in school at once some where and stay there regularly until that day.

A good class is being prepared a Lebanon Junction and at Shepherdsville by Prof. Carpenter and Miss Raymond.

The school at Bardstown Junction closed Friday after a successful term which has been taught by Miss Jennie Carpenter as Principal and Miss Fanny Bell Melton as assistant.

A letter just received here from Harry Westerfield, who has spent 2 years in the army in France and 9 months of that time on the front ranks, goes on to say that he is now in Virginia is all together, but was both gassed and wounded two days before the armistice was signed.

Mr. Westerfield is well known here and attended high school at Lebanon Junction where he starred on the Base Ball field for two seasons. He expects to return in July.

### \*\*\*J. M. Stansbury

J. M. Stansbury, one of the best known citizens of Southern Bullitt died at his home West of Bardstown Junction last Monday morning of a complication of diseases. After service in the church at Bardstown Junction, his remains were buried in the Buckman Cemetery on the William Buckman farm on Tuesday. Mr. Stansbury was not a native of Kentucky, but came to Bullitt County after the war and has made his home here ever since. He was born in the state of Georgia, and was a Confederate soldier. In 1867, he married Miss Nancy Carpenter, who survives him, together with two sons and two daughters, Mrs. Richard Hays and Mrs. J. H. Lee, of Illinois, and Gus and Emmett Stansbury of this county. Mr. Stansbury was a kind and obliging neighbor, affectionate husband and father, and unfaltering friend. In 1917, in the

great wreck at this place, his son, Jas. Stansbury, was fatally injured, and this together with bodily ailments hastened his death.

There were few men in the county who had more friends than J. M. Stansbury and the intelligence of his death will cause widespread sorrow. His home was always open to his friends and old fashioned hospitality was dispersed there with a lavish hand. To the sorrowing widow and children, we tender our deepest sympathy in this, their darkest hour of grief.

**\*\*\*Judge Morrow Back**

Brown as a berry, hard as nails and feeling as fine as the proverbial fiddle, Judge W. T. Morrow, who has spent the past three months in the land of flowers and sunshine, appeared on our streets the other morning, and was given the glad hand by his many friends. The Judge wintered well and is in love with Miami, the place where he always spends his time. The Judge brought back of great many curios, relics which he is gladly showing to his friends at his home.

Before coming back to Kentucky, Judge Morrow visited Colonel T. J. Daniel and wife at St. Cloud, Fla., and found them well, but just as much in love with Kentucky as ever. N. B. Trunnell, who also spent the cold season in Florida, returned early in March, looking good and praising the Florida climate. For people who have the money and time, there is no better place to visit in the Winter than Florida.

\*\*\*Somewhere in the Alps

St. Gervais, France, Feb. 26, 1919

Dear Father and Mother:

I thought I would write you all a few lines to let you all know that I am well and all right. I am on a fourteen day furlough and staying in a big hotel, have everything that we want.

We are in the Alps Mtns., there are some mountains here, too, and plenty of snow. This is the first time I have ever had to chance to tell you all something about this war. They do not have anyone to censor your letters now, so I can write more.

There are lots of boys that will be left over here, they were hard fighting boys that were too game for the Germans. I think the ones that did the fighting deserve a discharge, but they are keeping us over here. We are living in hope for I guess we will get to come some day. We are living too good now for a doye (looks like) boy. We are used to living in a hole dug in the ground. We were going so fast on the last that we were covering a front of twenty miles wide and were five miles ahead on one end and eight or ten on the other. I have seen lots of our boys killed. When the shells burst around you, it makes you feel like you want to leave, but you cannot. The Americans waded right on through and did not stop for anything. That is what got the German's goats. I was hit a couple of times but it just stung a little and that was all, I kept going because there were not many boys in our Company and we needed all that were there able to go.

The day the armistice was signed, there was some fun asking everybody that passed what time it was. Everybody thought it was a

joke. We heard it was going to be about eight o'clock in the morning. We staid (sic) in our holes and waited and it was so. We were some happy boys sure. I will write again soon, our Company is still in the same place. They are talking about home, but there is no one pulling for us because we are in the regular outfit.

You want to pull for the Fifth Division, there are a lot of Kentucky boys in it. You all wanted to know how many times we went over the top. I think it was fifteen. We went over so many times on the last I quit counting. Going over the top is not what you think. Give everybody my best regards. I will be home the first chance.

Your loving son, Chester Longacre.

\*\*\*In France

Dear Mother:

Your letter was received today. Was so glad to hear from you all. This leaves me big and fat and mean as ever and as I told in one of my letters, I'm expecting to return some time in June or July. I got a letter from Lillie May, one from Will Wooldridge and one from Gladys. I'm getting plenty of mail now, but I do enough writing. That's all I do at night, for there is no place to go. I'm crazy to see Katie Bell's babies. I know they are cute as they can be.

Mother, I was reading a piece in the paper where some fellow wants to keep our boys over here to clean up France, who wishes to keep the boys of the AEF over here 12 months longer to clean up France. Has he ever been a soldier in France or has he any relations in France at present? If he has, I suppose they are making more money than they did in civil life. It would be a great

pleasure to a mother whose son has spent eight months over here and has went through flames of Hell and now that the war is over to keep us boys over here for twelve more months. What do you think she will say? Nothing? I suppose I'm most sure he has never thought of any of these things. What has be been doing all through this war, sitting and planning how to make a dollar so I suppose and to keep our boys over here as long as possible? What has the people got against the boys that they want us to stay over here and help clean up France? Tell me, on the other hand, where the profit would be in doing so.

France has today more money than she had four years ago when the war started. She must have enough food to run her for they still make Cognac Champain (sic) weaeir and beer, and if food was so scarce, why don't they stop the making of all the liquor and use it food, and after all we have gone through, there is someone that wants to make two million or men dissatisfied. I am sure he is not running for office. If he is, he is taking a back step, take it from me. Suppose they couldn't take our Service Shivrons (sic) away from us, he thought he would start something. What have you got against our boys? It looks to me someone has been trying to take the advantage of our boys ever since we came to France. Now, Mr. Man, will you please explain yourself as to what you have been referring to and make it clear to our boys. Of course, it won't make their hay loft any more comfortable, but it will ease the minds of lots of boys. I'm most sure and myself, for one. Do you realize there are mothers, wives and little children awaiting for our return to the USA? Well, I suppose you can see that I'm

**The Pioneer News, 1918 - 1919 - J. W. Barrall, Editor**

Transcribed from microfilm by Edith Blissett in the year 2003

one of the boys that can't see the advantage of keeping us over here, do you.

Well, tell Chester to write, tell all hello, hoping to see you all soon, with love to you all, your son, Lee W. Wise.

Hayden, 21, night telegraph operator at Brooks Station between Louisville and Shepherdsville, where the last signal was received by the engineer before the disastrous wreck at the latter place more than a year ago.

He secured \$27 from the cash drawer. The thug pretended to Hayden, at a side window, that he had shipped some freight and when Hayden turned to look for the supposed bill, the gun was brought into play, and he was forced to open the door.

He backed Mr. Hayden into a clothes closet and locked him in until he had looted the cash drawer and taken a look at all the papers in the office.

Then he let Hayden out and disappeared in the darkness.

Hayden, whose home is at Loretto (looks like), said the man was about five feet nine inches tall, weighed

about 150 pounds, and wore a dark suit and gray cap.

Dear Sir:

I desire to thank the people of the neighborhood and vicinity of Mt. Eden Church through your paper for their kindness shown me during my recent illness.

Mr. Editor, I believe there is more unadulterated Nazarine Hospitality to the square mile in this community than can be found within like boundary under the sun.

For more than thirty years, C. F. Troutman has been one of the leading businessmen of Shepherdsville. For many years, he was cashier of the Bullitt County Bank, and since the death of H. F. Troutman, has been the head of the firm of Troutman Brothers. For many years, he was secretary of Bullitt Lodge 155 and was at one time, Master of that Lodge. **\*\*\*In France**

To the editor of the Pioneer News

I am writing to you in regard to the Service Stripe that we boys of the AEF wear over here, but we see in the paper where they are trying to pass a law in the States for us not to wear them when we get home.

It is to laugh that proposed abolishment of the Service Stripe by those jealous stay at home and their pretty politicians who shape the destines of the land of Liberty for which we of the AEF have been fighting.

No announcement or action has aroused the rightful wrath of the

AEF more thoroughly than the recent notification that the valiant home defenders had gotten in their "dirty work" and that the Service Stripe was to be dumped into the ash can. It has been proved to them stronger than words that those at home are forgetting, even while the homeward stream of wounded still flows on, what the AEF has done for them.

It is a small, insignificant thing, the Service Stripe, yet it is tremendously big in its way; a mark of distinction of honor and pride to those who have fought and suffered and bled for it on these shell furrowed fields of France. It is those back there wearing the uniform who never came across who are to blame.

I will say 75 per cent of them could have come overseas and heard the whine of a Boche shell had they wished to, but they didn't, so they grabbed coffee cooling jobs back home.

Why? you ask. Well, I wouldn't want to say in plain, crude, vulgar words, why so many of them didn't come, but ask somebody that is not color blind to examine the vertebrae of one of them and he'll tell you. Oh, well, let the Service Strip go. I'll tear mine off. I know just how long I stayed over here and just what I went through and I don't care whether any one else knows it or not.

But it is to laugh, not a hale, hearty, joyful laugh, but a caustic chuckle of scorn and bitterness.

I would have seen that gang at home stand the gaff that the combat units did for six months or a year over here in the devil's domain. Then ask them whether they deserved the Service Stripe. Probably they would

vote themselves a couple of croux'de gnerres instead, just for going through it.

Yes, we'll tear off our Service Stripes, but the contempt, disgust and loathing for those responsible will linger in our minds long after those little gold insignias are tarnished and mildewed. Yours truly,

Pvt. Albert Thompson, Hq. Co. 52 Inf. Amer EFAPo 777, France.

Mrs. Katherine Scott, who has been in declining health for some time, passed away quietly last Thursday, April 3, 1919 at a sanitarium. Mrs. Scott, who before her marriage, was Miss Katherine Bell, of Bell's Mill, was the widow of the late James Scott and had lived her quiet beautiful life here in our midst. Always modest and retiring from a little girl up, she filled every relation of life in a dignified graceful way. A womanly woman and a Christian. What higher tribute can we pay her memory. The death of her beloved husband was a shock from which she never recovered. She is survived by two daughters, Mrs. Chas. McKenzie and Miss Nellie May Scott, and two grandchildren. One sister, Mrs. Tom Melton and four brothers, Willard, James, Henry and W. J. Bell, with many other relatives and friends who loved her. The remains were brought to the home of her daughter, Mrs. McKenzie while the funeral was held last Saturday with interment in Hebron Cemetery. Her pastor, Rev. Barnhill conducted the funeral service, taking as his theme, "the blessed dead". The floral

offerings were unusually beautiful. We extend sympathy to the bereaved ones and can say of their loved one: (Poem not transcribed)

**\*\*\*Somewhere in France**

Burden Banch, German, March 5, 1919. Mr. Duard Monroe, Shepherdsville. Dear Friend:

Will endeavor to answer your letter of February 14 and tell you what I know about Elmer Monroe. Elmer and I were together from about June 20 until Sept. 20. Then we were transferred from Co. G, 154<sup>th</sup> Inf. to the 32<sup>nd</sup> Div., 125 Inf. Elmer Monroe was put in Co. C. and I was put in Co. B, but we were close together until the 11<sup>th</sup> of October. I saw him just a little while before he got killed. I never saw him after he was wounded but some of this friends

told me that he was wounded with a machine gun.

Duard, we left Beauregard July 31, landed at Newport News, August 3, sailed August 6, landed at Brest in France the 18<sup>th</sup> and was sent to the front September 30. Elmer was wounded the 11<sup>th</sup>.

Duard, I know it was hard to give Elmer up, but I don't think any man can die for any more noble cause than fighting for freedom. If the Germans had won this war, we would have been slaves, but they didn't win it. Right is right, and wrong is wrong. Germany will never be anything as long as he is a nation.

Duard, I was at the front the morning the armistice was signed and believe me, there were some happy home boys. My brother, Jim, Elmer and Roy are over here some place and I never get to see them.

If I ever get to come back, I am sure coming to see you all. We are due to sail in May and I sure hope we sail, for I am longing for the good old U.S.A. I wouldn't live over here if they would give me a deed to this country.

Well, Duard, I will close for this time as I don't know of anything that would be of interest to you. Give my regards to Jessie and all of the children. As ever, your friend, Clyde Barnes, Co. B, 125<sup>th</sup>

**\*\*\*Serious Accident**

Friday evening, April 11, as Mrs. Clara Newman, Miss Ethel Newman and Mr. Arthur Newman were driving up Main Street, and just as they reached a point opposite the residence of Mr. Samuel C. Bridwell, their horse became frightened at an automobile which was being driven by Walter

# The Pioneer News, 1918 - 1919 - J. W. Barrall, Editor

Transcribed from microfilm by Edith Blissett in the year 2003

Harshfield and turned the buggy over, throwing the occupants out, injuring Mrs. Newman and Miss Ethel. The horse then turned North on Main Street, righting the buggy; and ran against Bridwell's shop. It then broke the shafts loose from the buggy, and started for home, but was stopped at Salt River Station. Some witnesses to the accident say that is a mistake, but the wheel on the side the auto was crushed. The top was torn off and the buggy was otherwise injured. The horse was injured when it struck the shop, but not so seriously injured when the force with which it struck the shop is considered.

Mrs. Newman fell on her face, breaking her glasses and sustaining slight injuries about the chest, while Miss Ethel Newman was ever less seriously injured than her mother, and both were able to attend the initiation of several candidates into the mysteries of the Order of the Eastern Star. It might be explained that when the buggy turned over, the horse had turned around and started south, and then turned back north. Immediately after this accident, Mr. Arthur Newman ordered an automobile.

## \*\*\*Death of Wm. O. Kimball

Wm. O. Kimball, of Bullitt County, KY died at his home in Huber Station, March 20, 1919 after a ten days illness of influenza and bronchial pneumonia on Saturday. He was buried in Bullitt Lick Cemetery, the funeral being in charge of Rev. Brandon, pastor of the M. E. Church. Mr. Kimball is survived by his widow, Mrs. Addie Stivers Kimball, two sons, Ora W. Kimball and Cecil E. Kimball, one daughter, Mrs. Henry L. Corum (looks like) and numerous other relatives.

Mr. Kimball was a devoted father, a kind and loving husband.

All that loving hands could do to keep in the home was done. But God, in His tender mercy came and no one could hold him here. Mr. Kimball was a member of the Knob Creek Methodist Church and was a devout Christian.

He was born June 13, 1880 and was in his 39<sup>th</sup> year when called away from life's labors by the unseen messenger. We know we are born to die, but still there is nothing so heartbreaking as to give up such a loved one as we know Mr. Kimball to be.

There is comfort and consolation to his loved ones to know that just across the dark valley, he is awaiting them there, where sin and sorrow are no more and where we will never say good-bye. Mr. Kimball was a strong character, with boundless energy, and honest in all his dealings with his fellow man. His word was his bond.

While he has gone from his loved ones here on earth, he is in a better and brighter world, where he is receiving his reward.

To his grief stricken wife and children, we extend our deepest sympathy.

May the Father of mercies and God of all comfort be with them in their great sorrow.

## \*\*\*Moonshine in Larue

A report comes from Hibernia that the Government authorities have made another raid in the county in an attempt to break up the moonshining which they believe is going on in that section. The prisoners, who were handcuffed together by some means escaped and have not as yet been located. Rumor states that no attempt is being made to capture them as there is some question as to whether the officers arrested the right parties.

\*\*\*In Germany

March 15, Gross Grow Germany.  
Mrs. J. L. Laswell, Dear Mother:

Am I am doing nothing, this afternoon, will write you a few lines.

How are you all getting along by now? I am fine and dandy and having a very good time.

I went to Wiesbaden yesterday and came back this morning. That is a summer resort where the Kaiser spent some of his time. It is a very nice city. We took a bath in the Kaiser's bath house and it is sure some bath house. It only costs four marks for a turkish bath that is something like forty cents in white money.

Do you think that is cheap enough?  
ha ha

The bath house is furnished with hot water from the Hot Spring that comes out of the ground, so I was told.

Well, we are not doing very much here. There is but very little to do. The most of our work is hauling French Officers from one place to another.

Have you made your garden yet? These people have made a little already.

But it is pretty chilly today and trying to rain, but it has been awfully pretty weather for the past two or three weeks.

What is Pearl and Bill doing? Do they stay with Mr. Lee's yet?

I believe I told you about our good beds and nice rooms to stay in in my other letter. We sure have got it fine here.

Well, I will close for this time, hoping to hear from you soon. Give my best regards to all.

\*\*\*Banks Furnish Eggs

Last season, the banks of Kentucky furnished 4,000 settings of purebred eggs to boys, girls, and women who wished to get rid of mongrel stock. Many of these banks notes, due in six months without interest, in payment for the eggs. A few banks asked the purchasers to bring them a

good pullet in autumn. These were frequently auctioned off to stimulate interest in purebred birds for every farm.

Of course, these 4000 settings of eggs only represent what the banks did in placing purebred eggs among people who did not have the ready money to buy purebred stock. The banks bought vast numbers of purebred eggs which were placed for cash in their neighborhoods. The mere fact that banks are cooperating with the Extension Division of the College of Agriculture in this splendid work assures Kentucky of a high place as a poultry producing state in the very near future.

Bullitt County will surely have some roads this year.

John Smith and Will Jenkins, of the Zoneton precinct, came before the County Court Monday with about \$1,300 in cash to make a Pike from the Preston Street Road towards the Fork Crossing. The County will put up as much as they will.

Also several citizens came with over \$1,000 to pike a road from Lebanon Junction towards Wilson Creek. The county will also furnish the same amount.

We hear that several are now working, trying to get a subscription of several thousand dollars to make a good pike from Lebanon Junction to the Jefferson County line.

We are glad to see so many people interested in good roads.

\*\*\*Scar-bearers to gain a fighting chance at work. Victory Loan will help to assure comfortable future for our boys.

For week now we have been reading, day after day, of the men who have been awarded Distinguished Service Crosses and Medals, Congressional Medals and other decorations. Some of our boys have won the proud medals of the English, many have won the French Croix de Guerre.

The medal winners, all the way from the humblest private up to Gen. Pershing, will total several thousand men.

Every man of them will have done something that is worthwhile in the eyes of their comrades, in the eyes of the peoples, in the eyes of the Allied Governments. The men who knows will tell you that a medal or a cross is not given for little things.

But there will be a larger number of man come back, hundreds and thousands of them are back now, who came out of the struggle bearing the marks of the conflict - an arm gone, a leg gone, blind, shrapnel scarred, bayonet marked.

Many of these men will wear no ribbon, but war has touched them nevertheless with the most characteristic of battle's decorations. More than 50,000 of these men will be found in the American Armies and their names will be carried on its muster rolls, its hospital records.

These are the Scar-Bearers, the wounded men. Not a man of them but faced death in all the scores of forms of the most devilish war in history. Every man of them has been exposed to death in all of the forms that the fiendish ingenuity of the Germans could devise.

They took the ordinary and the extraordinary chances of war as they came. It was their misfortune to be struck down, some of them without having their chances at the foe, others after they had left their mark upon men of the Kaiser.

There are thousands of these men who will not be permanently disable, in a few weeks after receiving their wounds, they were back in the ranks. Many of the men listed as wounded went back into the combat units, were wounded again and again, and again went back. Many of these have mustered out and are back in civilian life, holding down their jobs and asking no odds of any man.

But there are other thousands who were not so fortunate. There are thousands who would have been regarded after other wars, as hopeless cripples, permanently disabled, mere pensioners on the bounty of the American people. But things have changed since the other wars fought by America. The wounded man, the disabled man, is to have his chance this time.

This is one of the things to be kept in mind during the campaign for the Victory Liberty Loan. Much of this loan, we cannot tell how much, must go toward the expense of making such payment as we can to those who did their best to pay the price of world freedom from the Prussian menace.

While some of the money may be used for military needs, some for the ordinary and extraordinary expenses of the Government, a considerable sum from this last loan will be used in putting the wounded man and the disabled man in a position to make his own living, to again play the part of an American citizen.

Mr. F. J. Noel, of Bowling Green-Harrodsburg, so far as fine firearms are concerned, is the best qualified candidate in the field. Governor W. S. Taylor did not know so much about guns, but when the time came, he produced a lot of men from the mountains who were expert gunmen. Now if Mr. Noel is as well versed in statesmanship as he seems to be in gunology, he should make us one more Governor - "Some" Governor, we should say.

Messrs John Duncan and Mace Howell, two recognized hog authorities, are of the opinion that many of the hogs in the county are suffering from influenza. and plausible talker, Jimmie Lee Williams, who has recently come back from France. Before going into military service, Jimmie Lee was considered the latest whisper in courting, and with the experience which he has gained in France, the boys just simply take to the woods when he starts to see their girls. From some very recent remarks, he predict that Jim will soon be visiting a pretty girl out in the romantic regions and delightful domains adjacent to Hebron.

No, Miss Lucretia, John D. James is not thirty-seven years old by a decade or two, and we do not thank you for making such cruel insinuations. Of course, John is older than Iley Jones, or even Lem Swearingen, Stoney Weller, Ewing Crenshaw, Frank Tucker, Bill Lambert and a few others whose names have slipped away from us, were nineteen years old when the Spanish Flu broke out in Patagonia, but we do not know when that was.

Trustee Ally Greenwell and S. H. Ricketts were in town Monday.

The 1919 class of Shepherdsville High School consists of 12 fine young students, who live here and in the rural districts. After due and careful consideration, the class honors were given to Miss Mary Stallings of Glen Ella and Samuel Ridgway Jr of the local district.

Miss Mary Stallings, who recently received first honors is the only daughter of W. W. Stallings and is a very bright promising young girl, while Mr. Ridgway, in addition to being popular with his class is also a fine student and is the son of Mr. and Mrs. S. H. Ridgway.

The entire class seems to be strong pupils.

We have just been informed that at a recent meeting of the Belmont school, the following teachers were elected for the coming year, Miss Tea Hays, principal and Miss Ethel Wise assistant.

The Common School Diploma examination is being held this week. Some 60 or 65 pupils will take it.

### \*\*\*Methodist Revival Closes

The revival at the Methodist Church, conducted by Rev. Crandall and Pat Davis closed last Sunday evening. There were about seventeen conversions.

Rev. Pat Davis is a strong preacher. His methods are not approved by many, but they are effective and after all, saving human souls is the mission of the church.

When human souls are at stake, church members should work. Many people who frown on shouting in church do not stop to think that the saving of a soul is the greatest accomplishment earth can know.

Pat Davis is a good man, a Godly man, consecrated and dedicated to the great work he has chosen and he is doing much good. He is a very intellectual man, and his sermons are brimming over with fine logic and deep thought.

The family of Dr. Holsclaw were disturbed and distracted at about 11:30 Saturday night by several dogs in their gardens having a free for all fight presumably over their family cat. Paul took his rifle out, fired it up in the air, when persons were heard running from the vicinity of the meat house when Paul fired again at random as before, as it was dark, and no words were spoken. Sunday morning at church, Paul heard that he had fired on two boys, white and colored on their way fishing.

We presume they thought the dogs had treed a catfish in our back yard and had come up to investigate, but with hams so high, boys are in danger at 11:30 fishing near a meat house, especially if there is no water near. Circumstantial evidence is a might fickle thing.

Three well known teachers of the local school and one from Lebanon Junction have resigned and will not be with us next fall.

Miss Crutcher and Miss Moredock, of our high school, also Miss Zora Raymond and Miss Engle, 8<sup>th</sup> grade teachers at our two big high schools have tendered their resignation.

The former will probably give up teaching entirely while the latter will possibly accept places in Jefferson County.

Miss Bertha F. Engle and Miss Ethel Wise, of Lebanon Junction, were here last week with pupils for the Diploma Examination.

Ex-State Supt. Barksdale Hamlett, died last Sunday in Louisville.

Mr. Hamlett, in many respects, made a fine state official and had a wonderful mind and there is no doubt that the drink habit robbed KY of one of her most brilliant sons.

Miss Ethel Wise, of Lebanon Junction, will hold the position of Primary Department of Belmont Graded School for term 1919-20.

Miss Wise is one of Bullitt's most popular teachers and the pupils and patrons of Belmont consider themselves fortunate to secure so competent a teacher.

Prof. Chas. Daniels will arrive in a few weeks from Florida where he has been teaching for two years in

one of the leading colleges of the state.

Mr. Daniels is fine young man and is another Bullitt County boy who has made good away from home.

Mr. J. E. Quick, trustee of Brooks, was in town Monday.

In a recent examination, Miss Ruby Bowman led the class with the highest general average. Dorothy Samuels was only a few points behind her.

Both are extremely bright pupils and are very studious.

Ruby is the daughter of B. L. Bowman, one of our fellow townsman and Dorothy is the only daughter of Mrs. Fronie Samuels.

The Government plan of paying half the salary of a teacher of Agriculture and Home Economics in the rural schools, known as the Smith Hughs plan, will be discussed by patrons of the Worthington High School district in the southern part of Jefferson County at a meeting Friday night in the school auditorium.

McHenry Rhoads, state supervisor of schools, will explain the plan which was put into effect by an act of Congress in 1915, and is the work of Congressmen Smith and Hughs, seeking to benefit rural schools and encourage the teaching to practical and scientific agriculture.

Other speakers will be O. J. Stivers, county school superintendent and F. E. Merriman, state agriculture agent for this district.

## \*\*\*Derby Day

Derby Day drew a crowd of fifty thousand "Suckers" to Churchill Downs, where most of them were "trimmed" to a frazzle. Horse racing has been described as the "Sport of Kings", and it may be, but there are few kings in this country.

It will do for a rich man to bet on the races - that is if he can stand it financially, but a poor man has no business on a race track. He has about all he can stand caring for his family, and has no money to lose to the sleek fellow who make their fortunes in racing. Racing today is by far one of the greatest evils in our land. It takes conservative men and makes gambling fiends of them. It causes men to forget their creditors and their families and stake every cent they can raise on race horses. And as a rule, they lose it. The racing association eventually gets all the money for when a dollar has been bet on eighteen races, the racing association has it all. They get a commission of between five and six cents on each dollar bet - That is they get five per cent commission and all odd change which amounts to almost one per cent. Racing is about the crookedest game in existence. Otherwise, how could rank outsiders win over favorites which had beaten them so often? And then, the gambling feature is bad. It is the only kind of gambling which has been legalized in Kentucky. .... craps, he is hauled into court and fined. So is the poker player, and so are the other gamblers, if caught. But at the race track, you can bet to your heart's content and it is law ful. If men want to race their horses, they

have a right to do so, but the law legalizing gambling should be repealed by the next Legislature. The men who raise race horses, as a rule, are millionaires. And the ones who own them are rich men as a rule, but the majority of men who bet and lose are not rich men.

\*\*\*Deacon Collins

For some time, Deacon Jim Collings has been teething (sic) his cow out along the roadside, partly to assist in rendering the village beautiful and partly to reduce the high cost of living. Last Monday, Jim noticed that old Sook had cleaned up everything in reach and concluded to move her along to a fresh spot. The cow was so overcome by this surprising act of kindness on Jim's part, that she reared up, threw her arms around his neck and implanted a loving kiss upon his rosy neck. Of course, the Deacon went down and in so doing, fit squarely in a mud hole, judiciously provided by the town board (amen).

Outside of suffering a complete change of clothing and an extra bath, Jim was uninjured.

We understand the Deacon has been offered a fabulous sum to repeat the performance for the movies but up to this time, the cow refuses to repeat the performance.

Mrs. Edna Warren celebrated her birthday Monday with an afternoon party which was enjoyed by her young friends.

Games were played and refreshments were served consisting of delicious cake, lemonade, and candies. Those present were Edna Warren, Mellie, Margaret, (line missing), and Mary Melton, Geneva Brooks and Virginia Higsby.

With regret we heard of the death of W. A. Gailbreath of the city, but who had spent nearly all of his long life in the county. He was a gentleman of the old school kind and

always courteous. He was a member of the Christian Church, but used to worship frequently with the congregation of Little Flock, where his fine voice added to the song service. He sent us word only a few weeks ago that he always read with pleasure the Hebron news.

Mesdames W. J. Bell, C. P. Brooks, and J. R. Holsclaw were afternoon guests of Mrs. Tom Melton.

Misses Fannie Bell Melton and Nellie Mae Scott spent the weekend with Mrs. Earl Smith, city.

Mrs. W. J. Bell and the writer spent Tuesday with Mrs. J. W. Brooks.

Judge Morrow and Miss Pope, of Shepherdsville, spent Sunday with Jas. Pope and Mrs. Pope.

Judge Morrow did a very effective work for the county during the war by his patriotic talks and actions. We heard many speeches by both men and women, but nothing else made so solemn an impression on us as a little talk by Judge Morrow to a small group of friends on the corner of Shepherdsville. I shall never forget his "If Old Glory goes down, I don't want to live another day." How magnificent!

Miss Lila Brooks spent last week at her home here.

Mrs. Al Miller has been ill for the past two weeks.

We feel like we must place a wreath of appreciation on the graves of those two great specialists recently deceased, Dr. J. Morrison Roy and Dr. William Chatham, both masters of their professions and who both used their great talents as stewards for the Master. Personally, we owe debt to their skill, which mere money could not liquidate. For the physician who relieves suffering in

the home, charms our gratitude, our esteem, our reverence, and nothing could ever remove such a one from his unique position.

Who can fill the vacancies made by the passing of these great men?

Mr. J. W. Bell and family attended the three services at Cooper Chapel Sunday and dined with Joe Brook's family.

Mr. and Mrs. Earl Smith, Miss Neva Magruder, James Pope, Robt. and Ralph Henderson spent Sunday with Mr. Tom Melton and family.

Mr. Richard McNutt, aged 44 years old, died at his home near Denver, Colorado, about four weeks ago of a complication of disease. His remains were placed in a vault at that place until his wife could settle all of their business. He was brought to Louisville Monday and laid to rest in the Eastern Cemetery Tuesday morning. He had spent most all his life on Knob Creek, near Cupio. About six years ago he went to Denver on account of his health.

Robert Ice is on the sick list.

A large crowd was in town Thursday attending court.

The many friends of Mr. C. P. Troutman will be glad to know he is improving and will be home in a few days.

Mr. Jack Howerton was here last week. Jack has such splendid brown eyes and such a handsome face that he is quite a lion among the girls. A better young man has never been in these parts. While here, he called on one of our prettiest and best young ladies and they certainly made a splendid looking couple.

Last Sunday, James Hardaway was in Louisville, the guest of his pretty young widow. Nat Maraman caught sight of them on Third Street, and

we have his word for it that he never saw a happier looking pair of lovers.

Mr. Robert C. Henderson, who has been flirting with Uncle Sam in a military way, has returned home from Camp Dix, where he was in the service. He weighs thirty-five pounds more than when he went into the service and looks every inch a soldier. He is back, ready to do farm work again. Everybody is glad to see him back, not only on his account, but on account of his mother and father.

Mr. Waverly Bell, he of the broad smile and soft voice, is going to see his girl real often. Wave is a real sparker and it is a real pleasure to see him "chatem" (sic). When that Old Kentucky smile of his meets on the back of his neck, you may know his girl has said something very encouraging.

Jimmie Lee Williams, with his new Dodge, and French smiles is ready to a limited lot, amount, or quantity of courting, just according to the wishes of the girl. He is disposed to be real friendly since returning from the over seas service, and if we are not mistaken is preparing to help out the much dreaded rollers under a certain young man who lives in about the central section of our town.

The latest news from C. F. Troutman, who is at Hot Springs, Ark. is to the effect that he is very much improved. His condition is so good that the nurse has been sent home, and Mr. Troutman is taking long walks and other kinds of exercise. Shepherdsville claims no better, more useful citizen than Phil Troutman and his many friends and acquaintances will rejoice to know that he is improving so very rapidly.

In Louisville when a man is robbed and beaten half to death, the ivory domed policeman, instead of apprehending and arresting the man who committed the crime, arrest the poor unfortunate fellow who was wounded and robbed. The object obviously is to keep people from reporting robberies and other crimes as the poor policeman have been unable to arrest them in the majority of instances.

### \*\*\*Schools News

Miss Lula Cook, of Peoples Bank, a former teacher of this county, and Miss Willie May Ridgway have just returned from St. Anthony's hospital where they went a few days ago to have their tonsils removed.

Mrs. Thomas Ritchey, of Louisville, died in that city last Tuesday after an illness of several months.

Mrs. Ritchey had spent most of her life on a farm in this county, near the Highland School house and had just moved to the city since Camp Knox took over that portion of Bullitt County. She was born in Alsace-Lorraine, but came to America when quite young and was one of the most brilliant women that ever lived in Bullitt County.

The play given here last Thursday night by the Junior class of the local school under the direction of Miss Crutcher was a decided success and well attended.

The following students took part:

Ruth Smith, Thomas Trunnell, Martha Lee, Gabe Summers, Meta Riley Cooper, Chas. Ashby, Theo Combs, Dorsey Hecker, Glacie Orms, Thomas Stallings, Cora Cash, Beula Lee, Johnson Ash, William Conniff, Kate Melton and Margaret Combs.

They'll make you sit up and take notice "old man" even if things "hain't like they were" "when you and I were young, Maggie."

The school at Lebanon Junction closed Friday after a very successful full term. Prof. Allison, in our judgment, is the man for future of our high school at the Junction.

The first Agriculture examination ever given in KY was given in the various counties last Friday and Saturday and those who failed to take this one are required by law to take June examination if they begin teaching in Sept. 1919.

The following prompt, progressive teachers took it:

Ethel Wise, Hallie Wise, Mary C. Holsclaw, Eula Funk, Christina Armstrong, Edyth Howlett, Alma Forrest, Bertha Wallace, Madge Forrest, Ursa Funk, Nellie May Scott, Edyth Clark, Ruby Monroe, Enore Bridwell, Alleen Swearingen, Mollie Roby, Maggie Wise, Neva Magruder, Hallye Magruder, Bertha Trunnell, Lillian Monroe, Ada Monroe, Elizabeth Cash, Pearl Lee, Willie May Ridgway, Helen Burkholder, Jennie Carpenter, Fanny B. Melton, Mrs. Allison, Lillie Mooney, Mayme Stephens.

The Victory Loan was a great success and our great country over subscribed the quota by more than a billion dollars.

In Bullitt County, we as usual went over the top without scarcely any effort. In fact, the ladies led by Miss Mary Ray did a great work and something like \$58,000 was sold by them, while the County over subscribed our quota by anywhere from \$25,000 to \$50,000.

The success of this, as well as the 4<sup>th</sup> Liberty Loan drive is due to a great extent to the splendid leadership of our chairman, H. H. Combs, assisted by the other bankers in Bullitt County.

Our County and our people have done their duty well and all who helped deserve the protection of the great government under which we live.

We have just received four German helmets sent here to be given as prizes in the recent Victory Loan Drive.

These Five German Helmets were never used but were intended only for show and were taken from their hiding place just outside the gates of Paris by our American boys from the Germans, who had them stored in large quantities to wear upon their triumphal (sic) entry into Paris.

These five, however, will be used in some way as a reward to four of Bullitt County's loyal workers who have helped keep the "Huns" out of the beautiful city of Paris.

Mrs. Eula Wathen Aryes (Ayers) died at the home of her father last Saturday, May 17<sup>th</sup>, after an illness of several months, brought on by a recent attack of influenza.

She was the last and youngest daughter of Mr. Richard Wathen, and is the last female member of that family who only a few years ago was one of the happiest and most prominent families in the entire county. Her death is even sadder by the fact that her young husband who is a mining engineer out west is and has been wholly unconscious for several days.

Hilery Hardy, who has been in the occupational Army on the Rhine

River for some time, writes that he is now attending an Agriculture School in France and hopes to get home soon.

Many terrible experiences will be given by our boys when they return; but one of Hilery's experiences just before the Armistice was signed was as follows:

He was detailed with a squad of 6 or 7 young Americans to follow right up behind the firing line and almost daily under heavy fire dragged back dead soldiers for burial and for 7 days and nights, had nothing to eat but the food taken off the bodies of dead American heroes.

He says he often feared to turn over the dead soldiers lest they might prove to be a Bullitt County boy, but they were always strangers, a fact of which he was proud.

### \*\*\*Auto Thief Caught

Elmer Hupp and several more of his friends of Shimiston, West VA, stole a Ford Automobile and came as far as Springfield, KY, where they sold it to a Mr. Burns for \$55. They went on to Louisville, spent the money, and started to hike it south. It was a bright, moonlit night. As they passed R. T. Petticord's at Hubers, at 3 a.m., seeing his Ford Car not in use, they decided to take a spin.

Chief of Police, Frank Anderson, of Shimiston, WV, followed them from where they stole the first car and met them on their return trip. He captured one of the boys and brought him here, where he will board with Jailer Monroe until August, when he will be sure to take several years in the Frankfort pen.

### \*\*\*Mrs. Eula W. Ayers

Mrs. Eula Wathen Ayers, wife of Enos Ayers, and daughter of Richard Wathen, died at the home of her father near Bardstown Junction last Saturday evening after an illness of several months. The immediate cause of death being tuberculosis. The remains were buried near Irvington, Breckinridge County, last Tuesday. She is survived by her husband, Enos Ayres, her father, Richard Wathen, and one brother, Richard Wathen Jr. Mrs. Ayres was born in the house in which she died, about thirty-two years ago. She was a splendid young woman, bright, accomplished and religious.

Among her school mates and friends, she was a great favorite. About two years ago, she was married to Enos Ayres and since her marriage has spent a portion of her time away from Kentucky. Before her marriage, with the exception of visits and the time she spent away at school, her life was spent at her home where she was the idol of an adoring and loving father. She was deeply attached to her father and doubly so since the death of her mother and sister; and as the terrible disease which ultimately cost her her life made inroads upon her strength and sapped away her young life, she clung to him with almost super-human tenacity. In the sad and untimely death of his last daughter and most beloved child, his host of friends deeply sympathize with Richard Wathen.

For the third time in the past few years, the somber shadow of death has darkened his home, bearing away first his beloved wife; and next his eldest daughter, Miss Lizzie Wathen, who was one of the brightest and best girls Bullitt

Miss Ruby Monroe, Lebanon Junction Kentucky.

#### Dear Miss Monroe:

Your letter of March 14<sup>th</sup>, received. Elmer was wounded Oct. 9, 1918 at Gesnes, France by machine gun bullets through the hip. He was carried back to the hospital and died there; buried near Gesnes in the American Cemetery.

I am sorry to report so sad story to you. Your brother was a boy and his courage was a great stimulation to the rest of the men. We miss him as his memory will ever live in our association.

### \*\*\*Cussing must go.

If the crusade against the ancient art of "cussing" is kept up, that awful habit will soon be a thing of the vanished past. Recently in our courts, one young man was fined one hundred "beans" for cursing, and another was fined twenty-five "bucks" and put under a peace bond for one year. Out in the wild and wooly west, if a man chooses to express his feelings Billingsgate, he has the constitutional right to do so; but not so in the effete East. Even here in Kentucky, juries and judges look with little favor upon men who swear in the presence of ladies. Of course, if a man is by himself and mashes his foot, or a door swings to on his hand, or he runs against some object which is harder than his head, he can say some things which would not sound well in church, and the chances are he will not be molested, but it will not do to pour out a

roaring, foamy torrent of blue cuss words in the presence of the fair sex, for the bogey man will run you down sure. Exponents of "cussing" and those which have the habit so fastened upon them that stopping is next to impossible, can if they like give private "cussings", but the old days when man walked out on the public square, rolled up their pants, took off their hats, spat out their tobacco and waded right in have gone by and we are glad of it. After all, the swearing habit is a bad one, and men who cannot control their appetites for cussing should be fined and taught better. Of course, when a man is plowing or otherwise working a mule, he has the inalienable right to cuss which transcends constitutions and the laws enacted thereunder, and no man can say him nay.

One of the most remarkable evolution in education has taken place in Kentucky within the last twelve years. In that period, normals have been established and developed to a high degree of efficiency in the training of teachers for the state. These institutions are annually supplying a large number of trained teachers for the schools of the State. In the same decade, the old trustee systems has been changed and rural schools rendered more efficient in providing better rural conditions. All these changes have been revolutionary and dynamic.

However, simultaneous with these changes has gone another evolution which has made itself felt in all phases of school work throughout the State. In 1906, when the normal schools were founded, there were only eight public standard high schools within the Commonwealth, and very few graduates, for most of the people who pursued their education beyond the common schools were being educated in private preparatory schools or colleges, but in 1908 a law was passed enabling every county to furnish high school training for all of its public school graduates at public expense.

In the working of this law, a significant change in public school ideals and tendencies as been brought about that marks a new epoch in the educational history of the State. From eight public high schools, the advance has been made until every county in the State is the proud possessor of one or more high schools, and every city of any size has developed a high school of its own or maintains one in cooperation with the county. There are now in the State some two hundred high schools.

\*\*\*Photo - Rev. T. L. Crandell

On the first Sunday in October last, I took charge of Shepherdsville Methodist Church by the appointment of the Louisville Conference at their meeting in Madisonville, Ky in September.

I came to them after 12 years in the Louisville Conference. I came as "a stranger and they took me in" and have treated me kindly and shown me many favors. In spite of a closed church on account of the influenza for three months, we have had success along many lines. A good meeting has been held, Rev. Pat Davis assisting the pastor, in which seventeen were added to the church and much other good accomplished. The people of all denominations took active part in the meeting and gave much assistance in paying Brother Davis for his services. Rev. W. J. Banks, the good pastor of the Baptist Church, and his people helped us much with their presence and prayer. At the close of the meeting, a purse of \$62 was given the pastor to meet his expenses as a Delegate to the Methodist Centennial Celebration to be held at Columbus, Ohio June 20 to July 18<sup>th</sup>. This was a "Surprise Party" to the pastor and the gift came from all denominations, as well as our own, and people who belong to no church also gave liberally. My heart was full of thankfulness to all who gave.

The finances of the church are in good condition. The quota of \$1787.00 for the Centenary Fund, will be met in full, which is a success never before seen here in the history of the church. It seemed to be a pleasure to the people to give. Some friends to the church, not members of any church, gave liberally. One especially, I shall not call his name, gave \$50.00.

My two captains, Guy Hecker and Mrs. G. T. Wilson, with their teams, deserve much credit. Safe and sensible leadership is all this good citizenship needs to put over any honorable enterprise. The spirit of Christian harmony and fellowship prevails among the Christian people; and further success is in sight. Let us pull together for the Glory of God, the conquest of the world and the subjugation of the earth. Yours in Him, T. L. Crandall, Pastor. (Note headlines spelled Crandell, signed by Crandall)

### \*\*\*Snake Stories

George Quick was here this week and brought in a fresh supply of snake yarns from the Mountain Top.

In one day, Charlie Shoptaw killed seventeen black snakes, five copperheads, and three rattlers. Not to be outdone, Clarence Holsclaw went out the next day and killed nine cowsnakes, three garter snakes, six black snakes, four rattlers and six lizards.

If these stories came from any other section, we should stamp them as untrue, but coming as they do from such men as Holsclaw and Shoptaw, and brought in by George Quick, we are just simply running over ourselves in our hurry to stamp them as true stories.

We can prove by Burns Holsclaw that Charlie Shoptaw is the very personification of truthfulness when it come to killing snakes. He may be a little wobbly on squirrels and rabbits and fish, but on snakes, he would not know how to prevaricate. When he says he killed so many snakes, we know they were killed. We can almost see them piled up. The same is true of Clarence. He rarely ever goes snake hunting, but when Charlie Shoptaw went out and cleaned up all those venomous reptiles, Clarence knew that as a good citizen, it was up to him to do something and he did.

By the way, John Quick, J. B. Myers and Jap Pearl are trying to change the name of Mountain Top to Mount Veracity.

\*\*\*Dr. R. I. Kerr

Should be praised for attending the Great American Medical Association meeting, the largest gathering of medical men in the world and the program of lectures and discussions on the latest medical subjects and discoveries will be a great help to any doctor who tries to keep abreast of the times. Nothing in the world is making as rapid strides forward as medical science is at present time and the day of the "old foggy (sic) doctor" has faded with the oxcart.

Dr. Kerr already has had four years of hospital training and is trying "to school" a little more by attending this meeting. When we read the program of that meeting - where men fresh from the war and the care of millions of humans are to speak - we are pleased to know that Bullitt County has ears there. (highlights only)

\*\*\*Mrs. Frances Lutes

Mrs. Frances Weller Lutes, widow of George Lutes, departed this life on the 23<sup>rd</sup> day of May, 1919 at Aubrey, Texas at which place she had made her home with her two daughters for the past several years. Her death was due to the infirmities of age. Her remains were buried beside her husband's in Cedar Grove Cemetery on the 27<sup>th</sup>, the services at the church being conducted by Rev. Jno. B. Gardner, of Louisville. She is survived by three children, Ora A. Lutes of Shepherdsville, and Mesdames J. E. Copenhaver and J. E. Bonar of Aubrey, Texas. Three brothers - Messrs Thomas Weller, of Louisville, N. J. Weller, of Pineville and Geo. W. Weller of Shepherdsville, and one sister, Mrs. Amanda Weller, of Shepherdsville. With the exception of the few years spent in Texas, and one year spent at Salt River, Mrs. Lutes lived her entire life near the place where she first saw the light of day. She was married to G. W. Lutes about 1860 and together they shared life's sorrows and joys. She was a splendid neighbor, affectionate and faithful wife and devoted mother.

She had been a member of the Lutheran congregation for more than thirty years and was a devout concentrated Christian. We extend to the bereaved children our deepest

sympathy in the loss of their mother, the greatest of all earthly losses. As the years pass by, they will realize more fully just what it means to give up their mother. To her devoted daughters, Mesdames Copenhaver and Bonar, with whom she spent the sunset years of life, her loss will be doubly great and no words of ours can assuage their bitter grief, but that God who marks the sparrow's fall and tempers the wind to the shorn lamb, will heal their wounds.

\*\*\*The weather has put everybody on the bum. It has been impossible for the farmers to plant corn or even prepare the ground for planting it. Edward Tyler Jr was so sick over the situation last Wednesday evening that he went to bed about sundown instead of making the usual social call in order that he might commune and sympathize with the suffering farmers. Jim Haraday (sic) (Hardaway ?) did not make his usual Wednesday evening call, but went to the lodge meeting where he could meet the downcast sons of Agricola. The ground was too wet to work and Jack Howerton spent Wednesday evening with his girl, so you see it is an ill wind that blows no good. Edward secured some needed sleep; Jim got to see many friends and customers and Jack spent a most pleasant evening.

\*\*\*House cleaning season, the most pleasant and divine period of all the year is with us at last. How we have longed, cried and prayed for it's coming. Now we can eat our meals standing up. We can sleep in the woodshed on the heating stove and cover with the hall carpet. Then, too, the women are supremely happy. Smiles wreath their faces and their voices have the real angelic softness of tune when you look for your left sock and find your newest necktie in the coal box. House cleaning has caused all this bad weather. Mad women make mad weather. When their sunny smiles disappear, and their faces become clouded with vexation and aggravation, the other heavens also become clouded. We move that house cleaning in the future be done in January or February when bad weather is to be expected.

We have had several millions of gallons of very bad weather. At this time the prospect for a dry country by July 1<sup>st</sup> are bad.

## \*\*\*Masonic Banquet

The banquet given by McNeil Lodge at Lebanon Junction last Tuesday evening was just about the best ever, and the large number of visiting brethren who were lucky enough to be present showed more plainly than words just how popular these banquets are. McNeil Lodge has always been noted for it's splendid banquets, and it would be an infringement on the truth to say that the last was the best. Before the

banquet, the third degree was conferred upon nine. During the conferring of the degrees, the Master's chair was occupied by R. M. Hocker, George Bache, T. L. Mobly, Lindsay Ridgway, George I. Rennison, T. C. Carroll and J. R. Zimmerman. Rev. Tinsley and Otha Quick were present from Elizabethtown. Those present from Bullitt Lodge were Lindsay Ridgway, T. C. Carroll, Roy Maraman, Will Joyce, G. I. Rennison and J.R. Zimmerman. Too much praise cannot be lavished upon the good ladies of Lebanon Junction and vicinity for the most splendid feast with which and under, the tables groaned. It was characteristic of the splendid women through whose talents and fidelity McNeil banquets have become famous Kentucky over. George Bache was toastmaster and after the inner man had been feasted, introduced Rev. Bell, who delivered a splendid address of welcome. T. C. Carroll was then introduced and spoke upon Masonic obligations. He made a logical, eloquent address and was warmly applauded. Dave Jackson, the old war horse Secretary of Grand Lodge, spoke upon the subject "What it means to be a Mason" and his handling of the subject was superb. He was a great favorite at Lebanon Junction as elsewhere. J. R. Zimmerman as the last speaker, taking a whack at creation. Mrs. Otha Quick, of Elizabethtown, who came to assist the ladies who had charge of the banquet and was surrounded by her many good friends who greeted her with much warmth. T. L. Mobley was warmly greeted by all present Tom is a great favorite at Lebanon Junction. Another man who was give the glad hand was Otha Quick. Along about one of the clock in the misty, foggy

P.M., the whirr and wheezing of machines and saying of good byes were heard on all sides; in a short while the brilliant lights were supplanted by darkness and silence, and the best of all banquets passed from a living actuality to a most pleasant memory.

May 11, 1919, My dear mother:

Today is Mother's Day, so I thought I had better write to mother; I was at the YMCA last night and one of the Y women asked us all to write to mother this morning. I intended to write to you yesterday, but thought I would wait until this A.M., Mother's Day.

I am well and happy, I only wish I was at home this morning to attend church, although I am going to church here this Mother's Day, but you know it is not like being at home. I only hope the time is near that I can cross that deep blue sea on my way to that beautiful land of the old U.S.A, but, Mother, I am not able to tell you when that time will come.

I have never heard from my papers, guess I will hear from them next week. Well, Mother, as it is about church time, will close for this time. By-By, Cook James Hawkins, Cook Co. 6 AEC, APO 762 AEF France.

As a matter of economy which I trust you will overlook, I have in this enclosure two communications concerning the advent of prohibition.

Perhaps you may use one or the other or both.

Mr. Editor, take this from me. Prohibition is between the devil and the deep blue sea.

If it does prohibit the rich man, the working man will rebel and if it does go into the cellar of the rich man, there will be hell to pay.

No organization engaged in war  
work did a grander work than the  
Salvation Army, and this drive is for  
the purpose of starting them up in  
this country as they spent all they  
had during the big war. The soldier  
boys who saw service on the  
battlefields of France will bear  
testimony to the good work of the  
Salvation Army; how they went right  
into the very face of death and  
rescued wounded boys and in many  
instances, lost their lives in trying to  
save wounded soldiers. A letter will  
be sent to each of the above named  
workers, but in the meantime, begin  
work and do all you can to make up  
the required sum. J. F. Combs is  
treasurer and you can mail  
remittance to him or hand it to him  
in person. Old Bullitt is over the top  
in almost everything. Let us put her  
over in this drive. Let's bury all  
personal differences and go right on  
and make up this small quota.

The sum of \$500 will go to the  
Salvation Army and about \$500 to  
the starving Syrians and Armenians.  
As God has prospered us and  
brought Victory to our armies and  
prosperity to our country, and let's  
help those unfortunate victims of the  
cruel Turks, by giving all we can. J.  
R. Zimmerman, County Chairman.

The annual session of the Kentucky Educational Association will again be held this year in Louisville, June 23 to 26. The sessions will be held at the First Christian Church, and as our old friend, Orville Stivers is president this year, every teacher and trustee in Bullitt County should attend.

Prof. J. H. Sanders has accepted a call to Campbellsville, Ky, his old home town, to conduct the Teachers Institute, being attended by teachers from surrounding counties.

The U. S. Government has just given Bullitt County one of the big 3 ton Army trucks to be used in hauling sand, gravel, and stone on our public roads the coming year.

This is a part of the government's plan to help Kentucky in her fight for better roads and we congratulate the Fiscal Court in being among the first to get a big truck for road repairs.

The commencement exercises of the local schools were the best ever given Shepherdsville and the attendance was excellent on every occasion.

The class address was given by Dr. Sampey, a most scholarly one. There

were 17 to receive diplomas, making a total of 20 fine young students to complete the High School course in Bullitt County this year.

### \*\*\*Auto refused to go.

The unreliability of automobiles in general, and his own in particular, was discovered by H. H. Combs last Sunday evening. Accompanied by two young ladies, Harry visited Louisville, intending to return in his machine about eleven in the evening. Leaving the young ladies with some relatives, he went to see his own dear one, and when starting time came he bade her adieu and undertook to go, but the automobile would not consent to leave. Harry examined the spark plugs and carburetor, he kicked the tires and took off everything that seemed of any importance, but when he put it back and tried to leave, the blamed machine, mule like, refused to budge. If it had kicked up or put back its ears, Harry would have been happy, but it refused to bat its eyes or turn a hair. After fooling with the animal for several hours, Harry had it towed to an auto infirmary where

it was operated on, and now it is through convalescing and ready for business. The young ladies who went with Harry to the city stayed all night with their relatives and came back on the train. It was finally discovered that the machine had not been properly oiled.

### \*\*\*Sheep Murdered

In spite of the bad weather and the farmers being held back, the tobacco and other crops look good.

One of the most horrible and meanest things we have heard of thieves doing lately was one night last week some thieves went to J. T.

Martin's Sheep shed and caught one of his finest ewes and cut off one of her hind legs ham and all smothe (sic) off and left her to die. We would be glad to see the guilty parties caught and punished to the full extent of the law.

### \*\*\*Tonsils Removed

V. H. Rouse, clerk of the circuit court, went to Louisville last week and had his tonsils removed. Were it not for our voice, we should do the same thing, but we contemplate going on the stage from Glasgow to Burkesville. We have a splendid voice for eating cucumbers and drinking lemonade, and such an operation might ruin it. Hugo just did not care. He said his tonsils had become obnoxious and had to be ejected, and ejected they were. One of the dangers which attends such an operation is that of losing all your blood. Now, if your tonsils were on the outside where you could get at them, the danger would not be so great. But they are on the inside, as you know, and hard to reach. When they begin to bleed, you are not able to do much to stanch the flow. Then again, it is a very painful operation and we do not like to suffer. And then your tonsils have been an important member of the whole fraternity so long that we just hate to give them up.

Another thing we might mention is that we want to be buried all together, if we can. You bury your tonsils here, your arm there and one or two of your lower limbs elsewhere, and it will take you some time to get together if you succeed at all. For instance, suppose you bury your tonsils in Japan, your left arm in Greece and your right leg in Turkey, and then they bury the balance of you in Tibet. It seems to

**The Pioneer News, 1918 - 1919 - J. W. Barrall, Editor**

Transcribed from microfilm by Edith Blissett in the year 2003

us that you would be badly scattered and hard to collect, you may lose your head without having it taken away from the remainder of your anatomy, but when you lose an arm or leg, or your tonsils or appendix, it means that the act of severance has been perpetuated legally or otherwise, and something is lacking about you.

But this is enough. What we started out to do was to announce that Hugo Rouse had his tonsils removed and has recovered beautifully from the operation.

Last Saturday while a colored woman was talking to a Negro man at Huber, a black snake crawled up the woman, and crawling over her shoulder reposed its inky head on her bosom. She was so engrossed in the talk that she never saw the snake until a white lady noticed it and screamed. Just why the woman

# The Pioneer News, 1918 - 1919 - J. W. Barrall, Editor

Transcribed from microfilm by Edith Blissett in the year 2003

never felt the snake or saw it, we are unable to even guess.

After the white lady screamed, the colored woman jumped up and the snake fell to the ground, and was killed by some men who were attracted to the spot by the excitement.

Just what the snake meant by crawling over the woman, we are unable to say. It might have been attracted by her dark color, or the color of the man she was conversing with and then it might have been trying to scare her in order to have a little fun. Now, ordinarily we are not much afraid of ordinary serpents when they keep at the ordinary distance, but when they begin to crawl over us, we are just certain to move about the premises a little. And more, you might let us be conversing with the prettiest girl this side of the bright portals of paradise, and let a snake try to ascend us, and we are betting ten to one that we'd find it out right off the bat.

Of course, that man may be endowed with rare conversational attainments and powers, and may be able to hold the dusky dames and damsels with whom he holds converse, spell bound. That may account for the fact that his snakeship was not discovered, but we do not believe all the witches and hoodoo doctors and will o' the wisp fans and fairies in creation could keep us from discovering the presence of a snake that was climbing us.

Mr. Jack Howerton, of Bloomfield, was not here Saturday and his absence was noted by many. Jack is so cheerful and agreeable that the boys are happy when he comes this way.

Jim Hardaway was very happy Saturday night - at least his handsome face was a solid mass of smiles. On Sunday, Jim took a trip to Louisville, and came back just as happy as a whole flock of meadow larks.

Miss Irene Crutcher, who has taught in our High School during the past two sessions, left for her home at Ghent last Sunday. Miss Crutcher is a fine teacher and splendid young lady, and everybody hated to see her go. We regret to announce that she will not teach in our school the approaching session. She will come back to see us, we hope and believe, but not as a teacher, and while we shall always welcome her back with pleasure, there are many in the school, who will miss her. You know everybody will sympathize with "Tot" during the lonesome summer evenings.

Miss Birdie Manor, another of our good teachers, has gone to her home in LaCenter, Kentucky, where she will enjoy the miserable hot weather just ahead. She will be back with us next session, we think, and this will be good news to all, for Miss Manor, by her nice ways and sterling character has endeared herself to everybody in the district.

Miss Zora Raymond will not be with us in the next session. She was a splendid teacher and her place will be hard to fill. She will teach in Jefferson County. That county has obtained some of our most splendid teachers, but never a better one than Miss Zora. She goes with the best wishes of all.

We regret the departure of Miss Sarah Williams, one of the best and most efficient teachers. Her departure will be a distinct loss to the school and will be felt later

along. She was a young lady of great ability and her deportment was worth much to the young girls in the school. We think she should have been induced to come back, and failure to do so was a mistake, but we bow to the acts of our trustees.

\*\*\*We wonder how many of our readers have noticed the difference between the man who has been married but a short time and the one who has been married several years. You can always tell a young husband from an old one. When a man has been married a few months, you will generally see him working in the garden or fixing up about the house and while he works, he whistles, or sings, or occasionally looks toward the window to see if anyone is watching him. A year later, he is still working in the garden, but the smile has been exchanged for a frown and he occasionally look up toward the house, wondering why in the thunder breakfast is not ready. Another years rolls by and his looks would sour milk, but he is still at work, stopping occasionally to kick the dog or throw a brick at the cat. The next year, we find him sitting on the porch, smoking a pipe, while his wife does the digging in the garden. Now just watch our young men, as one by one they are caught in the Cupid's net and see if this rule does not work out the problem correctly.

\*\*\*Hon W. H. Shanks, of Stanford, Lincoln County, was here this week in the interest of his candidacy for Lieutenant Governor. Mr. Shanks is a farmer, owning one of the best farms in his section of Lincoln County. He is President of a Bank at Stanford, and is a man of affairs. He was reared on a farm and is not a stranger to hard work. He has served several terms in the lower house of the Kentucky legislature and is a fine parliamentarian. He is, and always has been, for the people and his knowledge of parliamentary law makes him the most available man

for the position he is seeking. He is a life long Democrat and if nominated for Lieutenant Governor, will be a dower of strength to the Democratic ticket in November. Mr. Shanks has never been a professional politician. He was too busy with his farm and other affairs to meddle in politics. He has always been independent so far as money was concerned, and always too clean to do the bidding of professional politicians. Because of his knowledge of parliamentary law and his sterling integrity, he will make a splendid Lieutenant Governor.

In a speech at Frankfort last Saturday, John D. Carroll, after saying of Judge Black, "I concede him to be a gentleman of high character. I do not question his integrity or doubt his honor", proceeded to lambast the Governor in a manner that would have done credit to Big Mack, running for alderman from a Limerick ward, back in the old days when Ned Butler of St. Louis was accustomed to send enough repeaters to uphold the noble traditions of the par-r-r-ty. Among other things, he decided that by writing a letter to the company, many years ago, when attorney for the L & N, asking for a pass, that Judge Black had disqualified himself as a candidate of the Democratic Party.

The late Wm. Goebel was not particular friend of the L & N and made his race mostly on the issue, "The People of Kentucky VS The L & N". There are unpleasant rumors afloat and many voters would like to know whether Judge Carroll was with William Goebel or the L & N at that time.

From the manner in which Judge Carroll is conducting his campaign, it would appear that in case he cannot secure the Governor's office himself, he wishes to make it unanimous for Ed Moore.

Mr. and Mrs. John Masden are the happy parents of a fine boy, born June 26. Mrs. Masden, before her marriage, was a well known teacher of this county.

The school book adoption for this state now seems to be settled, but it will hardly be possible to get the new books in the rural districts for some time which is a serious handicap to our teachers and pupils.

## \*\*\*Photo - Leyton Ashby

We present to our readers this week the picture of an over seas veteran, Mr. Leyton Ashby, who has recently returned from "over there" where he spent about nine months. Previous to that time, Mr. Ashby had spent considerable time in Hattiesburg, Miss. He was in the signal corps service where real nerve is required, and it is not out of place right here to say that Layton has as much nerve as any other American Soldier who went over and this includes Mr. Alvin York and the rest of the decorated heroes. Immediate after the signing of the armistice, Leyton was placed in the headquarters of the high officers where his knowledge of telegraph was a wonderful help. His legion of warm friends welcomed him back most warmly,

for he is one of the most popular young men and richly deserves the many attentions which are being showered upon him. At present, he is with his mother, Mrs. O. A. Lutes, in the Western suburbs of the town, and it goes without saying that there is one proud, happy mother in our little burg.

Although John Barleycorn has been dead almost a month, snakes are still being seen.

Saturday afternoon, July 19, 1919, about 5:50 o'clock, Slocum, the painter, discovered a large rattler just off the main street of Huber, Bullitt County, Ky. It was killed with a shot gun. It was fifty inches long, of the black diamond variety, (so Slocum says). It had only three rattlers and a button, but according to his size, seemed to have left some at home for the babies to play with.

It is a mystery why he came into such a quiet and peaceful neighborhood. My opinion is that he got dry like the rest of us. Being an ignorant cuss, he did not know that the whole country was as dry as Bullitt, and decided to find a better place.

Will some one please put a still at the Gap in Knob, or some other such place, and keep the snake out of Hubers?

Signed - a Reader

Counties. I made a mistake and wish to admit same. I have made the statement more than once that I would not make the race against any man who had served his country as a soldier in the war with Germany or against anyone who had volunteered his service to the Government whether called or not.

I have labored under a misapprehension as have many others as to the action of Dr. B. F. Shields, candidate for the above named position, as to his actions during the period of strife. I find that he did volunteer during that time. Hence, I am withdrawing from the race and will support him earnestly. \*\*\*School News

Miss Tea Hayes, who was recently elected to teach at Belmont as principal of that school, has just resigned because of ill health and the

trustees are about to employ a young man from Bowling Green, Ky.

Hardin County short about 25 teachers, Jefferson County short about 20, most every county in the State short 10 to 25.

Bullitt County is only short one teacher, and we hope to have that vacancy filed by Sept. 1, 1919.

The class from the Shepherdsville school who took the June State examination were all successful and passed a very creditable examination.

These papers are graded at Frankfort and only two such examinations are held during the year. The class was composed of Miss Sara Williams, Zella Owens and Bertha F. Engle.

Mr. J. W. Barrall, president of the Bullitt County Fair Association has just delivered to the County Superintendent office the children's tickets for the coming fair.

The school at Bardstown Junction opened Monday with Miss Thelma Lee and Miss Fanny Bell Melton as teachers.

Miss Martha Riley, of Owensboro, has been sent to Bullitt County for this year to act as rural school supervisor and county illiteracy agent. She is a very brilliant young lady and will make her headquarters with Mr. and Mrs. Lindsay Ridgway.

I. T. Mudd, trustee of Belmont Graded School with wife and two daughters, Varina, one of our prominent teachers, Mrs. Golden Masden, who was Miss Varina Dawson, one of our former teachers, and Miss Bettie Cash, motored to Frankfort and other points last Sunday and report a splendid trip.

Mrs. Hallie Phelps Pauley, of Weaver's Run, died at her home Monday and was buried at the old Phelps homestead near here, Tuesday. She was the wife of Mr. Tom Pauley, a well known farmer of that section, and an aunt of Miss Sylvia Phelps, one our rural teachers.

**\*\*\*Death of Mrs. Tom Pauley**

She leaves several sisters and brothers, besides a host of other relatives and friends to mourn her loss. No better Christian ever lived than this good woman. We extend our heartfelt sympathy.

**\*\*\*Porter Bridwell**

One of the best pleased young men in Shepherdsville just now is our esteemed friend, portly Porter Bridwell. Porter arrived on this side of the big pond just a few weeks ago, but he has let not grass grow under his shapely Trilbys, and when it comes to smiling those delicious and delightful sunshiny smiles that refuse to rub off, Porter is right there with four aces and a king. He talks very interestingly and intelligently about what he saw on the far side of the ocean. He brought back some splendid souvenirs. He is of the opinion that the Germans are cleaner housekeepers than the French. He says the French girls are very pretty, but not so pretty as the girls here in Bullitt County.

He was sorry to learn that Pete Smith had moved to the State of Indiana. Porter made a good soldier, did his whole duty, and is back in old Bullitt again for good and he richly deserves the hearty welcome which he is receiving from his numerous friends and acquaintances.

If you are slow, - very slow, go to some infirmary, but stay away from French Lick. The French Lick tract (if we may use some racing parlance), is intended for fast horses. \*\*\*Death of Mrs. Powers

On Sunday, August 3<sup>rd</sup>, the beloved wife of Ben Powers departed this life, aged 35 years and 4 months. She was the oldest daughter of Mr. and Mrs. J. L. Evans and the wife of Ben Powers. Her brief life was lived in Bullitt County. It was as open as a book and as pure and beautiful as a flower. We beheld her in her triumphant and nuptial hour when life was rich in promises and happiness mantled her cheeks, but did not know, could not know, that brief hours marked the pallor of death. Day by day, she faded and step by step drew near to the valley of death. Skill of physicians and love of husband and parents could not avail. Two sweet little children, the strongest ties a mother can have, could not prolong her stay. She had been called from life to death, from the busy scenes of this world to the rest and joy of the home beyond.

And so it was that beautiful Sabbath afternoon with golden sunshine everywhere, but in our hearts did she depart from this life. She was a member of the New Salem Baptist Church where she was laid to rest on Tuesday with floral tributes and many tears attesting the grief of the loved ones and the ones of the community in which she lived. She leaves a husband and two little children besides her father and mother, brothers and sisters. She had two brothers and six sisters, which are all living to mourn her loss, C. R. Evans, W. G. Evans, Mrs. Vesey Hatfield, Mrs. Mary Crenshaw, Mrs. J. A. Mudd, Mrs. John Warden, Mrs. Charlie French and Miss Frances Evans.

\*\*\*Cousin Clarence "Digs" Out

Early last week, C. L. Croan and his excellent family left for Louisville, where they have purchased property and will reside.

Bullitt County cannot afford to lose many Clarence Croans. He had his enemies, but he had his friends, and they are loyal as any man can boast of. Clarence Croan has pepper and ginger, and get-up-an-go and all that boundless energy and industry which push men along to wealth and prominence. He was honest and frank and fair. He was not afraid to tell a man just what he had to say. He was and is one of the truest friends who ever drew the breath of life. Beginning without a penny, he has by thrift and brain, amassed enough wealth to allow him to live in comfort and even luxury if he so desired. We regret to see him leave Bullitt County and we repeat that we

**\*\*\*Bank Cashiers Rusticate Among the Elite at Swell Atlantic City.**

Tiring of the ennui and monotony of dull old Shepherdsville, James Hardaway and Bud Combs, two luminous financial luminaries hid themselves away to the golden sands and gay haunts of Atlantic City last Sunday a week and from the meager reports which have crept into our town, the boys must be literally setting that ultra fashionable bathing resort on fire. It has been said by those who should know that they wear fewer clothes in Atlantic City than any other place in existence except Borneo and the Fiji Islands. Jim and Bud are stopping at the Monticello Hotel, where you can obtain very good cheap board for sixteen dollars and thirty-four cents per day. It is right on the board walk, close to the beach and the boys can look out of their windows and see the girls dipping their shapely forms into the murmuring waves of the vast ocean. The richest and most beautiful girls of the East visit Atlantic City and you can rest assured that Jim and Bud will hold their own up there.

A bountiful basket dinner was served at 12 n. consisting of lots of good eats.

Music, pleasant conversation, ice cream, lemonade, and melons made the afternoon pass all too quickly.

After singing "God be with you til we meet again" they left for their homes to meet again on Labor Day, 1920 in the home of Charles K. Fisher.

\*\*\*Will Locate in Louisville

The friends and acquaintances of the Bates family will regret to learn that Dr. and Mrs. Bates have decided to locate in Louisville and will remove there within a few days. While in the army, Dr. Bates was under some of the best physicians in the United States and had charge of many patients and his experience will be invaluable to him when he re-enters the practice. Before leaving New York, he was made a captain in recognition of his loyalty and splendid service. Both Captain and Mrs. Bates have lived here all their lives and have been prominent in church, lodge and social circles, and their many friends regret to see them go.

As for Evelyn, the pride and hope of the Bates household, we hope there

is not a person of her acquaintance who is not sorry to see her go, for she is the quintessence of pure unaffected cleverness and sociability.

When the women vote, we expect to see Miss Evelyn elected to just any office she desires, for when it comes to shaking hands and speaking to her acquaintances, she just about heads the list.

We wish for Dr. Bates and his splendid family success and happiness in their new home and whenever they wish to come back to Bullitt, the latch strings will be found on the outside.

gave pie suppers, socials and other entertainments at their schools and have made sums ranging from \$40 to \$82 for the schools where they teach.

Mr. Richard Stivers, a patron who lives near the Shades School, has not been sending his children to school this year and his trustee and teacher made the necessary report here last week and Sheriff Croan had him before the Court Monday.

He preferred a trial by jury and Judge Bradbury had six good men summoned and they found him guilty and promptly assessed a fine and costs.

Trustee Ed Rodgers and Mrs. Christina Armstrong have charge of this school and are having a most excellent school at that place.

Don't be uneasy, teachers and trustees, for if you will do your part and report the careless, negligent parent, Jas. Croan, Judge Bradbury and Tot Carroll will do their utmost to see that all children go to school. Stand by your trustee and teacher, encourage them and we will very soon have little or no need for the "Moonlight School" in KY to teach illiterates.

**\*\*\*Resolution**

We, the committee on resolutions for the Bullitt County Teachers Institute, hereby submit the following resolutions for adoption.

First - Be it resolved that we, as a teaching body, encourage efficiency among ourselves by attending State Normal School.

Second - Be it resolved that we put forth our greatest effort to eliminate illiteracy among the adults of Bullitt County by establishing moonlight schools.

Third - Inasmuch as the questions of thrift and economy have been put before us so vividly as at the present time, be it that we carry out the various phases of our "Thrift Obligation".

Fourth - Resolved that we endorse the program of the Kentucky Children's Home Society to increase its efficiency in the care and protection of the homeless of our Commonwealth.

Fifth - Since we realize that all children in this Commonwealth will soon be its citizens, that they will soon become our lawmakers, that as a result, our standard of citizenship and democracy may deteriorate, be it resolved that we put forth all possible effort to enforce the compulsory school law.

Sixth - It is with much regret that we learn of the illness of our former instructor, R. M. Shipp, and in his absence, be it resolved that we extend to him a hand of sympathy and an anticipation of his speedy recovery.

Seventh - Be it resolved that we extend our thanks to Mr. Bowman for the use of his piano.

Eighth - Be it resolved that we express our appreciation to Miss Carpenter for her systematic arrangement of the Institute School.

Ninth - Be it resolved that we express our gratitude to our many visitors and various representatives for their presence, co-operation and assistance.

Tenth - Be it resolved that we express our heart felt thanks and our sincere appreciation for the excellent entertainment furnished us by the Committee on Entertainment and by

the musicians, especially Mrs. Sanders.

Eleventh - Be it resolved that we realize it was a splendid and timely selection on the part of the Bullitt County Board of Education when it selected Miss Riley to such an important position as that of supervisor.

Twelfth - Be it resolved that we extend our sympathy to our conscientious and faithful teacher, Miss Meta Riley Cooper during her illness.

Thirteenth - As it has long been understood that teachers are underpaid, that many of the weak points of any teaching force are due to low salary, that under present conditions it is impossible to attain the highest standards, be it resolved all teachers of Bullitt County petition (sic) the Legislature of Kentucky at its next meeting for an adjustment of the salary schedule.

Fourteenth - Inasmuch as the schools of this county stand for the propagation of lofty ideals and civic improvements, be it resolved that we endorse the work of the Junior Red Cross as outlined by Miss Landau.

Fifteenth - Supt. Roby is one of the few who are willing to allow the home man an opportunity; Prof. Sanders is the man who has made good, even among his own people, therefore, be it resolved that we congratulate the former for his excellent judgment and express our thanks and sincere appreciation to the latter for his excellent and earnest work and for the assistance rendered the teachers of Bullitt County.

Committee: Charles Hardesty, Lillian B. Thompson, Maymee D. Stephens, Ethel Wise, A. A. Allison.

In the death of Miss Mattie Priest, superintendent of the Louisville Baptist orphan's home, we lose a woman of rare beauty of character and great worth.

The writer had the pleasure of attending the annual reunion of the reportorial staff of the Jeffersonian Inst. Saturday at Shawnee Park. A bountiful and delicious picnic dinner was served with all the lemonade, cake and peach cream one could desire. After which all went to the river for an hour, then back to the beautiful trees of the park where a program was rendered. "An attractive copy", by Miss Schneider, was a well prepared paper. "Brickbats" by Miss Sincoe (sic) of St. Mathews, and "A Growing Paper" by all were enjoyed, the general discussion being spirited. After this literary feast prepared by the editor, his charming wife took charge and had several contests and games which were amusing and refreshing. The editors present were Messrs Hummell and Jones, with Mrs. Hummell, were untiring in their efforts to entertain their guests. Each correspondent was allowed the privilege of bringing friends this time, and the writer had as guests Mr. and Mrs. W. H. Beeler, Mrs. H. L. Rogers, Mr. Beeler taking the party in his automobile, we could

ignore the strike, while others were not so fortunate.

At the reunion, the editor of the Jeffersonian distributed sample copies of various county papers that the correspondents might compare these with the Jeffersonian, and we noted several desiring the Pioneer-News. "Why cannot the Pioneer-News have a reunion, or rather a union, of its forces" Such occasions are certainly inspiring and redound to the prosperity of the paper surely.

\*\*\*Samuel Cassell Bridwell

Mr. Samuel C. Bridwell, one of our best known citizens, died at St. Anthony's Hospital, Louisville, Ky., Sept. 6, where he had been a patient for some time. For several years, he had suffered from postate (sic) glands, and several months ago, submitted to an operation which was not successful owing to the failure of the incision to heal. He had gone back and allowed the wound to be scarified, hoping that it might heal, but fate decreed otherwise. On Sunday, after brief service at the family residence on Main Street, all that was mortal of our friend and brother was taken to Mt. Washington and after brief service there in the Methodist Church, was laid away in the beautiful city of the dead where many of his kinsmen and friends lie asleep. He burial service was in charge of the Masons order of which he had long been a faithful and devoted member.

Mr. Bridwell is survived by his widow, two daughters, Mrs. Ed

Miller and Miss Lizzie Bridwell, two sons, Charles and Porter Bridwell, six sisters, Mrs. J. P. Wood, Mrs. C. A. Craig, and Miss Elmira Bridwell of Heber Springs, Arkansas, Mrs. W. T. Fox, Mrs. Josephine Herin and Miss Elizabeth Bridwell, of Mt. Washington, and one brother, Mr. J. T. Bridwell of Heber Springs, Ark.

Mr. Bridwell became a member of the Methodist Church in 1866 (or 1855) and has been a loyal and faithful member ever since. It would be very difficult to point out any one characteristic which more than all others endeared Sam Bridwell to his hundreds of friends. He was charitable, and one of the best neighbors our town has ever contained. He was God's noblest work, an honest man. Before the hand of disease was laid upon him, he was one of the hardest workers in our town. He was devoted to his family and the happiest occurrence of his latter days was the return from Germany of his son, Porter Bridwell, who has been in the American Expeditionary Forces.

The high esteem in which he was held was attested by the large concourse of sorrowing friends who followed his remains to their last resting place, and the many beautiful floral tributes which covered his grave.

We tender the bereaved ones our deepest sympathy.

**\*\*\*From the Editor**

To our readers and correspondents:

For the last four months, we have had a hard time to get out a paper at all. Our help in the office here left very suddenly and it was impossible to get a printer at all and we had to have most all our matter set up in Louisville on a machine and as the operator was not familiar with the names and the people, of course

there were a great many mistakes, but as the Fair is now over and we will have more time to devote to the paper, we will try to do better.

We would be glad to have a correspondent at all Post Offices in the county and other places of interest, but will ask each correspondent to make their letters as short as they can, as it is impossible to print great long letters unless they are very interesting. So please send us what interesting news you have, but don't send that which is not interesting to anyone.

**\*\*\*School Opens**

Mrs. Ella Maud Magruder Jen??? is acting as substitute teacher at Lebanon Junction until they hire a grade teacher.

Chas. R. Daniels left last week for his school work in Florida.

Every parent and guardian, and in fact, all law abiding citizens lend a helping hand in the enforcement of the new Compulsory School Law.

If teachers and trustees will do their part and make the necessary reports, the officers at the Court House have shown a willingness to do their part.

There were 12 cases tried in the police Court at Lebanon Junction last fall and winter for failure to send children to school and Judge Magruder assessed a fine in just exactly a dozen cases.

Sam is one of the finest boys in Bullitt County, popular with teachers and pupils and one of the best athletes to be found anywhere and will no doubt be a credit to our town, school and county.

Miss Weller is the oldest daughter of Col. and Mrs. Stoney Weller and is a very studious young lady and one of the sweetest young girls to be found in any town or county.

Both Miss Weller and Mr. Ridgway will make good and we hope more parents in Bullitt County will follow the example of Mr. Weller and Dr. Ridgway when a young child completes the County High School.

#### \*\*\*Shepherdsville High School

After long but enjoyable vacation, our High School is in full swing once more with bright prospects of a very successful session. Prof. Jack Sanders is at the helm, which augurs well for the school, and he is fortified by and with one of the best balanced faculties we have seen since our High School was organized. Misses Mary Thompson, Pearl Hickerson, Martha Stevenson and Nadine Melton are new teachers in the school, while Misses Helen Burkholder and Birdie Manor have taught here before. Our school is the life of our town. It has done more for

the town than any other institution in it. Prof. Sanders, the live wire who is at the helm, has done more good for the school than many realize.

Under his guidance and thru his begging and persuasion, the school room has grown from four rooms to eight rooms and a gym. He plans to make the school larger and better. The school is graded No. 1 and is in the same class with Owensboro and other cities. It is the only school in a town of our size which enjoys such distinction. Primarily and largely it is due to the good work and tireless energy of Prof. Sanders. And this man Sanders is not only a first class school man. In all the war work, he was out on the stump begging funds for the various organizations and preaching unadulterated Americanism to the boys and girls and men and women of Bullitt County. He is a high grade Christian gentleman and to such a man the fathers do not fear to send their children.

Education is the hope of every boy and girl in Bullitt County and the ambition of every parent is to educate the child - give him a better education than his parents received. The time has come when the boy or girl who would occupy high places must have a good education. The world demands it and those who ignore it must pay the penalty. Our people should rally around the school as one person. Let us do all in our power to make this the most successful session our school has ever enjoyed. Assist and encourage the teachers - pay your school taxes and do your part and we feel certain the teachers will do theirs. Here's a hearty welcome to all the teachers and with it the hope that they may spend a profitable and enjoyable session in our midst and do much

that is good in their noble efforts to teach the young idea "how to shoot".

### \*\*\*School Improvement League

With the assistance of Miss Anderson, a member of the Council of National Defense, there was organized Sept. 2<sup>nd</sup>, 1919, a School Improvement League with the following named officers: Mrs. Ada Ridgway, President; Miss Pearl Hickerson, Vice President; Miss Nadine Melton, Treasurer; and Mrs. Mattie Glenn, Chairman Buildings and Grounds. The purpose of this league is a spirit of cooperation between parents and teachers in order to improve and help the school. The object is a noble one and should enlist the sympathy aid (sic) of every grown person in our school district.

The officers are splendid ladies of high character and much ability, and we know they are going to make a success of their worthy undertaking.

After all, it takes the ladies to keep up our churches and schools. The men are too busy - talking and smoking to bother with such small affairs and the women - God bless them - have to the rescue (sic) in order that we may have churches and schools. We congratulate the good women upon their good judgment in organizing the School Improvement League and whatever help this paper can render shall be gladly and ungrudgingly rendered.

Our school is one of the best schools in the state and it has done wonders for Bullitt County and is still performing a great work. Let's hold up and strengthen Prof. Jack Sander's hands and let him know we are behind him in his great work. Let's help, not hinder. Let's boost, not blast. Upon the success of our

school, in large measure, depends the success of every school boy and girl now attending our school. As we value their success, as we look hopefully to the future, let us work for the success of our school, and in doing so, we are working for our boys and girls, the future men and women of this county. Let's pull for the League, for when we do, we help our school.

### \*\*\*Celebrate Golden wedding

On Sunday, Sept. 14<sup>th</sup>, Mr. and Mrs. J. Tom Foster celebrated the fiftieth anniversary of their wedding at the home of their daughter, Mrs. James Wallace. They were married in September 1869, and thru sunshine and shadows have pursued the journey of life together. Their children are grown, some of them have crossed the bar, and grandchildren are growing up to manhood and womanhood about them, but if one may judge by their smiling faces and happy dispositions, they are almost as young now was when they became one, and began married life. Retrospectively, they have little to regret. Their children grew into splendid men and women. To have been the parents of Kate Fosrer (sic) (Foster ?), were enough of life's glory, for with her heroic devotion to her family, her nobility of character,

## The Pioneer News, 1918 - 1919 - J. W. Barrall, Editor

Transcribed from microfilm by Edith Blissett in the year 2003

and her great usefulness, she surely made the lives of her loved ones worth the living.

Mr. Foster, "J Tom", as he addressed himself, is in many respects one of the most refreshing men the writer has ever met. He is philosophic, full of the most humorous of grim humor; never crushed by sorrow, and yet always solicitous and deeply sympathetic, and much in love with and children and their children. (sic) His inability to catch the "blues" or more properly speaking, his immunity from "the blues" has stood high in good stead, for he has had many serious troubles along the way.

As for Mrs. Foster, the Lord might have been able to create a better woman, and he might have done so, but she never lived in this part of the moral vineyard, at least since the writer has been around here. She has been one of the chief corner stones and a strong part of the foundation in the Foster household and as a wife, mother, friend, and neighbor, she is just about all that could be desired.

It was to honor and felicitate this splendid couple that the following persons met at the Wallace home Sunday, Sept. 14.

Dr. G. W. Kirk and Mrs. Kirk; Dr. J. A. Kirk, wife and son of Shelby County; Mrs. Edith Owen of Louisville; Mrs. G. E. Pearson of Louisville; Mrs. J. D. Tribble and son of Shelby County; Misses Mary and Inez Kirk; J. Robert Foster and family; Mrs. A. O. Hagerman of Beechmont; Leonard Howlett, Charles Shoptaw, Jasper Pearl, O. W. Pearl, Fletcher Pearl, Mrs. Bennett of Louisville; Harlan Shepherd; Mrs. Jennie E. Wallace of Louisville; Mr. and Mrs. James Wallace and family and Masters Quinmore Francis Lee Pearl.

The day was spent in conversation and good fellowship and many amusing as well as touching incidents were related. To say that Mrs. Wallace had prepared a good dinner would be a mild expression, but the table fairly groaned with all those delicious and sustaining dishes which strengthen and please the inner man.

Mr. and Mrs. Foster will not be able to see their diamond wedding dawn, but in departing their happy guests left the parting wish that they might live to see many more anniversaries of their wedding day and so say we.

### \*\*\*Buky Banquet

The reception, or banquet, given by Chicora Tribe at Fraternal Hall, last Thursday evening in honor of Mr. and Mrs. J. B. Buky, was a pronounced and flattering success. An unusually good sized crowd was present and everyone was in the best of spirits. After a splendid address by T. C. Carroll, and one of those impromptu speeches by Nat Maraman, which was full of good sense and brimming over with dry humor, the "crowd" was invited down below - we mean to the hall below, where a lot of good things to eat had been prepared by the ladies and after everybody had shown his or her appreciation and also his or her capacity for hiding the edibles, the crowd was invited upstairs where Mrs. Jack Sanders had arranged a program of plays and games etc and it was away after midnight before the good byes were said. Chicora Tribe never enrolled the name of a better, more faithful member than J. B. Buky. The night was never too dark, the task was never too big for "Jess". He was faithfulness personified and the reception given in his honor showed conclusively the

high esteem in which he is held. It is the first time in the history of Chicora Tribe that such an affair has been given in honor of a departing member, and we might state that it is the first time such a true, faithful member has gone. The departure of Bro. Buky leaves behind many, very many, good, faithful members but in the years which lie ahead, we shall certainly miss Bro. Buky. And in the work of Kenesha Council, Mrs. Buky was just as faithful. She was always faithful. She was always there when possible, ready to do more than her share of the work. The best wishes of this whole community, lodge life, church life, social life, and commercial life, cemented and combined - follow Mr. and Mrs. Buky to that land of sunshine and ever blooming flowers. May success follow their footsteps there and smile upon them as it did here and may they gather about them there on the golden sands of Florida, just as many and just as true friends as they left behind them when they departed from their Old Kentucky Home.

Bullitt County has the following churches that are now members of this association: Shepherdsville, Mt. \*\*\*Deacon Collins

At the "Tacky Party" which was given in the gym at the High School building Friday evening, Sept. 25, Deacon James Collings was awarded the grand prize for being the ugliest man in the house, and this in face of the fact that his two competitors

were red-headed men. The votes cost just 1 cents each and Mr. Collings received 568. Professor Sanders received 377, while J. R. Zimmerman received 53. After the show, we took a look at "Deacon" Collings and we are sure the right man got the prize. At first, we feared that the judges (sic) might be bluffed into giving the prize to Prof. Sanders, by the clamoring school children who were pulling with might and main for him, notwithstanding the vote, but fairness prevailed and the right man got the prize. It, therefore, follows that Mr. Collings is the official ugly man of this school district. He will wear his new honors becomingly and worthily, aye, proudly and boastfully. We might add that the tacky party was the big noise of the season. With all kinds of games, including cake walks and skips and the big gym full of people of all sizes, all kinds of soft drinks and good things to eat, how could one fail to have a time?

Miss Burkholder and Thomas Trunnell won the cakewalking contest; Miss Tompson won the chalk race; Wm. Lee Smith and Eleanor Glenn won the Junior Cakewalk. The affair netted about \$75.00 which will be used in purchasing much needed supplies for the school laboratory. The gross sum ran slightly over \$114. The school spirit here is the best to be found in Kentucky. Our people are solidly behind our school. The success of our boys and girls depends upon our school in a large measure. We cannot afford to allow our school to be anything less than the big success which it is proving. Who would not sacrifice time, money, and labor to help fit our splendid boys and girls for life's great battles? The boys and

girls of today are the men and women of tomorrow. They must be well educated and cultured, and our High School is the place to give them both.

**\*\*\*Remembrance**

In loving remembrance of my dear husband, who was killed in action on the bloody fields of France on September 29, 1918.

Two years have passed, dear Horrie,  
Since you into service were called to go.

For our hearts were made heavy to part with the one we loved so.

I breathe your name in every prayer,  
That mounts to heaven's blue dome,  
And dreamed of you as an angel "over there".

Trusting God to return you safely to love ones very soon,

But instead a wife, mother and brothers hearts were made sad.  
When he thought best and took you away.

Where your sweet soul entered into a place of rest.

One year ago yesterday.

In the grave yard are so many loved ones

Where there bloody waters wave.  
Lies my dearest loved one sleeping  
Silent in his war made grave.

There he sleeps with no tomorrows  
Wakes him in the silent tomb  
There he rests with no sign of sorrow  
But clouds of grief darken his rural home.

We shed our tears of tender love  
Our hearts are filled with pain  
For we shall never hear his sweet voice  
Or see his dear face again.

The golden gates were open  
A gentle voice said come  
And with farewells unspoken  
He calmly entered home.

By his loving wife, Violetta Roby Thompson.

Miss Engle and Miss Sutton are well known in this County and are certainly doing splendid work while Mrs. Wilhoit has taught in the biggest and best school of Kentucky and Southern Ohio and is one of the most brilliant women to be found in the state.

The teachers at Nichols School gave a very successful entertainment at their school last week.

The masquerade party given here last Friday eve was a success and notwithstanding the rainy weather, \$100 was made for the Ky. Children's Home Society.

The Shepherdsville High School for the past month has had an average

attendance of 40 pupils from the rural schools of this county besides a large number coming here for the grades.

Since the drive is now practically over for funds for the Ky Children's Orphans Home Society, we will print the final list of schools who have donated in next week's issue of this column.

But amid all his suffering which at times were very great, he did not complain. He was born Aug. 4, 1838 and had passed his 81<sup>st</sup> mile stone. He had been a member of Bethel M. E. Church for 53 years, having united there by letter in 1866. He was a faithful attendant at church services while his health permitted. He served as steward and trustee in his church for a number of years. He was a man that loved his church and church paper and was always kind and considerate of his pastor. He was a life long democrat. He leaves a widow, Mrs. Edna Hall, whose loyalty, patience and devotion to him throughout his long illness never waned for a moment, one daughter, Mrs. Louis Mothershead, three sons, Bert, Hal and Tom Hall.

His funeral was conducted Monday morning Nov. 3, 1919 at 10 o'clock

Clarence Douglas, who was quite ill last week, is better.

L. M. Gentry, who has been ill for several months, is gradually growing weaker.

Joseph Wesley Sanders, who died at his home Tuesday morning, Nov. 4, 1919, of infirmities of old age, was born in Pittsboro, Cheatham Co., N.C. on December 25, 1834.

Mr. Sanders volunteered as a Confederate soldier in March, 1861, and served for the duration of the Civil War in Co. D., 61<sup>st</sup> N. C. Regiment under Captain Alex Ramsey. At close of the war, he went to Greensboro, Guilford County, N. C. where on Nov. 21, 1876, he was married to Miss Sarah Osmet. They went to Terre Haute, Indiana, at once and lived there three years. The latter part of 1872, they went to Gallatin, Tenn., remained there one year and came to this County, lived at Belmont and Brooks until November 1869, when he bought and moved to the farm on which he lived at the time of his death. He voted the Democratic ticket all his life. He was a quiet, peaceful neighbor, a kind and loving husband and father. He leaves a widow, Mrs. Sarah Sanders, whose unbounded love and care for a number of years was wonderful. One son, Robert F. Sanders, two daughters, Mrs. Alonso Vaughn, of Lotus, Ky and Mrs. Hampton Bishop, of Seatonville, and seven grandchildren.

His funeral was conducted on Wednesday, Nov. 5, 1919 at Bethel M. E. Church by Rev. D. R. Peak, after which his remains were laid away in the cemetery there. A number of beautiful floral designs showed the esteem in which he was

held by his friends. Our sympathy goes out to the sorrowing ones.

\*\*\*Dry, then Wet

Ohio, which voted on the Lion of Questions, Nov. 4<sup>th</sup>, first gave the dry a majority of over 15,000 but later reports put it doubtful. Now it is conceded that the wets have carried the state by over 20,000.

Kentucky, which was reported wet, now changed to drys by about 1,200.

Bullitt County, which was about the first county in the state to go dry over 50 years ago and always voted dry, gave a majority of 525 against the amendment and for the wets the vote was, yes, 652, no, 1,177.

He was of a bright cheerful disposition, strong in his friendships and sympathies and numbering his friends by the number of his acquaintances. almost anything, and was a musician of no mean ability. He was a good neighbor, kind and affectionate husband and worshiped his children.

**\*\*\*Another Bullitt Countian Gone Right**

It may be of interest to our readers to know that the biggest newspaper man down in "Dixie", is C. P. J. Mooney, who was born and reared at Bardstown Junction in Bullitt County. He is Managing Editor and chief editorial writer of and for the Commercial Appeal, the biggest and best newspaper in the entire South. He is easily the most Democratic big

man in Memphis, Tenn and one of her most popular citizens. To know Charlie Mooney is to love him. He knows more people than any other public man in Memphis and he speaks to and shakes hands with more people than almost any other man in the South. While on a recent visit to Memphis, we had occasion to study Mr. Mooney at close range, right in his sanctum sanctorum where he was the One Man and we left with a most favorable impression of the great Editor. He is the idol of every employee of his paper; he is the latest whisper in journalism in the estimation of his thousands of readers who hang on his fine editorials and he is the hope of the far sighted people of Tennessee, Arkansas, Mississippi and Alabama, who appreciate the many great things he has done for the "New South".

While in his office recently, he received from the lips of special messengers, invitations to deliver "addresses" on the following Sundays, and there is no big occasion in the South to which he is not invited to deliver an address. He is a strong, forceful, intellectual writer and speaker; at all times a man of splendid ideas, expressing himself in just as few words as possible, but always expressing himself in a clear, convincing manner. Just now, we do not know of a more popular Editor South of the Mason and Dixon Line than Charlie Mooney, nor one who is closer to his people, and the citizens of this county have just cause for feeling proud of the fact that he is a product of the "Free State" of Bullitt.

Prof. George Colvin, State Instructor elect, has just announced his State Board of Examiners as follows: Prof. F. O. Peyton of Grayson County and Prof. J. A. Ryan of Lawrenceburg, while his choice to State School Inspector will be State Senator, Robert Antle.

The annual meeting of the Kentucky Educations Association will meet this year in Louisville in April.

### \*\*\*In Memoriam

By Mrs. Myrtle Hibbs

In memory of Blanche Armstrong, who died December 9, 1918 and her husband, Everette Armstrong, who died December 11, 1918, both being buried in the same grave at Pleasant Grove Cemetery.

Green be the turf above thee,  
Loved ones of the happy days;  
None knew thee but to love thee,  
None named thee not to praise.

Yet shrined with many a sweet sad thought,  
The loved ones memory lingers still;  
For O! They left a void that naught,  
But mournful thoughts can ever fill.

Leaves have their time to fall,  
And flowers to wither at the north wind's breath;  
And stars to set - but all;  
Thou asks all seasons for thine own  
O! Death!

Everette and Blanche Armstrong died during the terrible influenza epidemic last year, Blanche dyng Dec. 9, her loved and loving husband followed her on December 11. They sleep in the same narrow bed in the little cemetery at Pleasant Grove close by the church in which they had often gone to worship God. They were lovely in life, and in death they were not divided. Deeply attached to each other with the many, many promising years

reaching away toward life's sunset, with two sweet little children depending on their love and labor, the death seemed more than ordinary sad and tragic, but death has all seasons for its own, and brings all to one level. (And another poem)

## \*\*\*More Water

One of the hardest rains which has fallen here for a long time fell last Friday night with about 10 feet of back water. Salt River began to boom Saturday morning and the rain all day, it looked like we were in for the worst flood in the history of the old town, when fortunately, by Saturday evening, it began to turn cold and Sunday morning it was only 8 above zero, which stopped the rise in the river. It only lacked a few feet of being in town, but is predicted that if it had not been for the water freezing on the ground, that we would have had the largest water we ever had.

This is the fourth high water we have had in the last 6 weeks.

## \*\*\*In Memory

In loving memory of our dear brother and sister, Hamlet Croan and Virgie Cundiff, who departed this life Dec. 16, 1918 and Jan 5, 1919.

God needed some more angels  
Amidst his shining band;  
And so they bent down with a loving  
smile  
And clasped our brother's and  
sister's hands.  
Our home is sad since they are gone  
We now no longer know  
The pleasure of that happy home  
Of just one year ago.  
God sent for them to come  
That he might crown their brow  
They left us here to weep  
While they are in heaven now.  
We shed our tears of tender love  
Our hearts are filled with pain  
For we shall never hear their voice  
Nor see their face again  
Sad and sudden was the call  
Of our dear Brother and Sister loved  
by all  
We little knew that on that day  
That our loved ones would be called  
away.  
The rolling stream of time rolls on  
But still the vacant chair remains  
The face, the voice, the smiles of the  
ones that is not there.  
The flower we laid upon their graves  
May wither and decay  
But the love we have for you, dear  
ones  
Will never fade away.

Signed, Only Sister

Collings; three brothers, Mac, Ernest and Clark; the former two of Louisville, numerous other relatives and a large number of friends.

\*\*\*Fare Well

Farewell, farewell to the vanishing year.

Farewell to liquor, likewise to beer; Farewell to the days of hilarious fun, Brass knock, black jack, broomstick and gun.

Farewell to the brightly lit up saloons,

The drunken boys and tipsy coons; Farewell to the days of drunken cheer,

A long farewell to the vanishing year.

The things which we knew have passed away,

There has dawned a grander and better day.

A day for women as well as for man, A morrow built up on yesterday's plan;

A day for labor and honest toil, To follow the past with its drunk and broil,

A day of right and not of wrong, A day of music, sunshine and song, A day of honest and sober cheer, A thousand farewells to the vanishing year.

\*\*\*Make Rich Haul

The clever bank robbers who just walked in the Peoples Bank here Wednesday night, Dec. 17, got about \$10,000 in all.

They stopped at the Gap in Knob and broke in the section house and got a lantern, pick, crowbar and a saw, came on here and made a skeleton key and opened the front door. They broke the big steel door to the vault, opened the fifty lock boxes and took everything that was worth a cent to them.

Since the robbery, we have heard of several who lost valuables they had in the boxes.

Mr. Clarence Holsclaw lost his father's gold watch with some other stuff in his box.

Mrs. O. A. Lutes lost about \$400 worth of jewelry which belonged to her daughter.

The daughters of the late Wm. Simmons lost a lot of jewelry and etc which belonged to their mother.

Mr. Chris Englebrecht who had \$110 in gold coins in his box lost it.

Numerous others lost valuables. It will be several weeks before the full list can be given.

When the robbers finished, they closed and locked the door and left it as they found it, only with from \$8,000 to \$12,000 less in it.

Joe Sanders was called here by the illness of his mother, Mrs. Geo. W. Sanders. He started on the first train after receiving the message, but did not arrive until after she had passed away.

Joe R. Ball arrived home Sunday from Flint, Michigan, where he has been in business for some months. He says he feels the cold more here than up there in the zero temperature. Joe says if there is a city more beautiful than Flint is, he should like to see it.

Died Dec 9<sup>th</sup>, 1919, Mrs. Myra Miller Sanders, beloved wife of George W. Sanders, after a brief illness that was not thought to be serious until just before the end came. The trouble being a weak heart which was increased by her great anxiety over the illness of her daughter, Mrs. Marie Sanders Patrick, of West Va.

She suffered no pain and her going was as "One who wraps the drapery of his couch about him, and lies down to pleasant dreams. Conscious to the end, with nearly all her family seated around her bed, she spoke a pleasant word to one and another and then "fell asleep".

Mrs. Sanders was one of the best known women of the community, having been Postmistress here for several years and always taking an active part in her church and social circle, and very popular.

She is survived by her husband, who was much her senior in years, and by the following children, Mesdames W. B. Brooks, Montgomery, Alabama; Vernon Bell, Zoneton, John Patrick, Charleston, W. VA., Misses Myra and Sudie Sanders, Joe and George Sanders Jr, several

grandchildren, two brothers and many relatives and warm friends.

Mrs. Sanders was a handsome woman and one never thought of her as growing old. She was devoted to her children, their hopes and ambitions were hers, and they reciprocated with a beautiful loyalty to their mother.

Her funeral was held at the home where she had ruled as queen for more than half a century, the stately old Sanders home, with burial in Hebron Cemetery. Her funeral was preached by Rev. Bain; late pastor of Hebron Presbyterian Church of which she was a member.

Miss Sadie Sanders, who is with her sister, Mrs. Patrick, came home to attend the funeral of her mother, returning the same evening to Virginia.

Miss Dessie Cochran has been quite sick and it is feared an operation may be necessary.

Invitation have been received to the marriage of Miss Sue Vernon Brooks to Mr. Frank B. Brown, which will be solemnized at Little Flock Church at 2 p.m. Dec. 30, 1919.

Mrs. W. B. Brooks has returned to ?????? here after a week spent at the bedside of her sister, Mrs. Patrick, Charleston, W. Va. She reports that Mrs. Patrick, who is suffering from meningitis, is no better.

Mrs. Joe Raymond has pneumonia, but is better at this writing.

Mrs. G. W. Sanders is survived by five great-grandchildren.
