She raised a large intellectual family and every son and daughter were at some time during their lives connected with the schools and the educational affairs of this county.

The friends of Prof. J. H. Sanders, as a small token of their appreciation of his services to this town, school and community, gave him a handsome gold watch for his Christmas present.

This crowd of boys are not only a good bunch of athletes, but are as fine a crowd of boys as could be found in the state.

The Schott Case

The country at large has had enough of the Schott case. For weeks, the Louisville papers have teemed with all the filth and mire that busy scavengers could gather. Horrible

details have been printed in full and the whole reading public should be ready for something decent.

Family Reunion

New Year's Day was a most happy day for Mr. and Mrs. James Ice, for on that day, all of their children were with them for the first time in several years. And not only their children were there, their grandchildren were there as well,

and really monopolized all the time of the dotting grandparents. Those present were: Lesle Ice, wife and children of Belmont, Chas. Roby and family of Belmont, Mr. and Mrs. James Langley and children of Louisville, Jessie Ice of Detroit, MI., Arthur Ice and family of Shepherdsville, C. L. Troutman, wife and baby, of Shepherdsville, Robert Ice, wife and baby, of Shepherdsville and Mr. and Mrs. Jas A. Ice.

The fact that Mrs. Ice is an excellent cook is well known in most parts of Bullitt County, but on this occasion, she excelled herself in preparing for her children and it was a most bountiful feast to which the Ice family sat down.

The day, which was all too short, was most pleasantly spent and when at last the falling shades of approaching night warned them that the day was done, all felt that it had passed away much too soon. It is the hope of Mr. and Mrs. Ice's numerous friends that they may be able to have all their children with them and may the next time always prove the happiest.

Many handsome presents were received by Mr. and Mrs. Shepherd, and in turn, Mrs. Shepherd prepared

a dinner for her guests which will never be forgotten. Just about everything which appeals to the inner man and tickles the fastidious palate was on the table, and it is not a stretch of the imagination to say that the guests did ample justice to the spread.

After a most pleasant day, the guests took their departure wishing Mr. and Mrs. Shepherd many, very many anniversaries of their wedding and the hope that they might see their Golden Wedding and their guests on this occasion might be with them on that occasion.

Deaths

Mrs. Lydia Fullenwider Hornbeck died at her home in Shepherdsville, Dec. 25th, after a short illness. The immediate cause of death was heart trouble and pneumonia. On Sunday, the 28th day of December, after sad and impressive services at the Baptist Church conducted by Rev. W. J. Banks, all that was mortal of the splendid wife and mother, neighbor and friend, was laid to rest in Hebron Cemetery. Lydia was born

in Meade County, Kentucky, May 25th, 1846 and journeying on toward the seventy-fourth milestone when the summons came. She united with the Little Bend Baptist Church with her mother and three sisters in 1862. She was married to Samuel A. Hornbeck, December 23, 1867.

She is survived by her husband, Samuel A. Hornbeck, two sons, Samuel T. Hornbeck of this place and James Hornbeck of Texas and four daughters, Mrs. Mary Collings, Mrs. Letitia Wilson, and Misses Annie and Martha Hornbeck, all of this place. One daughter, Mrs. Bettie Griffin preceded her to the grave. She is also survived by one brother, Robert Fullenwider and four sisters, Mrs. Eliska (sic) Grigg, and Mrs. Columbia Hollcroft (sic) of Meade County, Mrs. Julia Davis of Davis County and Mrs. Charles Nasel, of New Albany, Indiana.

We do not make our words too strong when we say that Mrs. Hornbeck was one of the best women in Bullitt County. Her life was an open book upon whose fair pages there was no blot or stain. In every relation of life, she measured up to the loftiest standards. Her ideals and conceptions of life were all that the most exacting could desire and she lived up to her high ideals and fine conceptions. Just two years ago, with her faithful husband, she helped to celebrate the fiftieth anniversary of her marriage. For more than fifty two years, she had borne the honored name of wife. The black clouds of war had scarcely lifted their hideous forms from the sunny skies of our beloved Southland when she gave her hand and heart to her gallant young soldier lover and for more than half a century, they fought life's battles

together, sharing its burdens and pleasures, its sunshine and shadow, standing together on the heights of happiness, and walking arm in arm through the valleys of grief and sorrow. Her place was in her home and there as wife and mother, she was the central figure around whom the other members of the household gathered.

"Her children arise and call her blessed; her husband and he praiseth her." The Psalmist never uttered truer words, nor words more appropriate to the subject of this sketch. Her long and useful life may be summed up as follows:

She gave to her God seventy years of unselfish, consecrated Christian service. She gave to her husband fifty-two years of her loyal loving life. She gave to her family all her love, advice, wisdom and service. And she gave to her friends and neighbors all the attention and service possible, for she was a model neighbor and unfailing friend. We cannot, with the weak, inadequate words at our command, fittingly describe or portray her many good qualities and virtues.

The large concourse of sorrowing friends and relatives who filled to overflowing the Baptist Church during the funeral service, the large number of beautiful floral designs brought by loving hands attested the love and esteem in which she was held.

The sympathy of every heart in this community goes out to the grief stricken husband and children, and especially to the aged husband whose love and loving companion was taken away from his side in the gathering shades of life's twilight in that hour when failing strength made

them more dependent upon each other.

We extend to the bereaved ones our sympathy in this their darkest hour of sorrow. No words of ours can assuage their grief. God alone can wipe away their tears and God alone in the years which lie ahead can lead them to that bright land where the angel spirit of their loved one dwells.

Census Taker

Enjoyable Xmas

Most everyone enjoyed themselves Xmas as all we hear from had a good time and if anyone had too much John Barleycorn, we have never heard of it.

It is necessary for boys and girls to laugh, romp, play and enjoy themselves, for it is at that stage of life that the foundation is laid for future health.

The new firm takes this opportunity of saying that they expect to carry on the business in a business-like way. To do this, it will be necessary for everyone to have meters. The new firm will expect everyone using lights to have a meter in and working by Feb. 1st.

Persimmon Beer

There is much inquiry these days as to the taste, strength, kick and color of persimmon beer. Men who formerly refused to discuss such a weak beverage will sit and talk about it for hours and we predict that in a few years, persimmon beer spiked with cocoa cola (sic) will be considered our strongest and best drink.

If this turns out to be the case, large persimmon groves will become the order of the day and the once despised and scorned persimmon will become the king of all the wild fruits.

Sleet, Rain, Snow

Last Thursday, we had about every kind of weather that could possibly be had in one day. It first started raining, turned to snow and then to sleet and kept it up all night. Friday, it was still sleeting. It was the heaviest sleet in years and did much damage to timber and fruit trees. Saturday, it began to rise and we had our fifth high water.

Hang the Profiteers

Unless something is done to check the upward tendency of prices on all sorts of foodstuffs, it will soon be impossible to live unless one is a millionaire. There are hundreds of middle men in this country who should be sent to prison or put to death.

It is just as much murder to starve people to death as to shoot them to death. It is up to the poor people of this country to raise more vegetables. More people should go to the farm and become producers. The lure of high wages in the cities and manufacturing centers is a delusion and snare. Under the prevailing high prices, no matter what kind of wages one receives, after the necessary expenses are paid, there is very little left. If the government would imprison some of the conscienceless men who are becoming millionaires, while thousands are barely able to exist.

In loving Remembrance

Early (sic), Hazel and Viola Ferguson, beloved children of Mr. J. D. Ferguson, a farmer near Brooks.

Just one year ago today, January 9 (looks like), 1919 the death angel entered the home of Mr. J. D. Ferguson, a farmer near Brooks, and took away his beloved son, Earl Ferguson, aged 14 years.

On Sunday, January 12, 1919 the two little sisters passed away. That makes it more sad, for the three were all he had. These are the saddest deaths that ever occurred in the neighborhood.

They are not only missed by their own family, but there is a vacant place in the school where their bright smiling faces have been missed more than tongue can tell etc, etc.

And a poem written by a school mate.

Federal Land Bank

The Federal Land Bank of Louisville Declares a Dividend.

Mr. Ora L. Roby, Secretary-Treasurer of the Salt River National Farm Loan Association of Shepherdsville, has just received notice from the Federal Land Bank of Louisville that the Directors have declared a dividend of six per cent per annum on all stock held by national farm loan associations. This will enable this association to declare a dividend to its shareholders, who are farmers in this vicinity borrowing from the Federal Land Bank. This dividend is not unexpected by persons acquainted with the progress being made by this bank. Although it has been in business for little more than two years, it has paid all its organization expenses and has placed twenty five per cent of its net earnings in reserve account, and after paying this dividend, has a nice sum left in undivided profits.

Regular dividends will be declared in the future. This dividend serves to reduce the interest rates to the borrowers. All of the profits of the Bank go back to the borrowers in dividends, thereby giving the money to them at nominal cost. The borrowers will soon realize that

stock owned by them in the national farm loan association and the Federal Land Bank is a good investment and one to be highly valued.

The Louisville Bank now has loans of more than \$19,000,000 and it is estimated they will increase to \$30,000,000 within the next year. The success of the Federal Land Bank is assured.

More than \$50,000 has been loaned to Bullitt County farmers the past two years at 5 per cent on long loans and any farmer who desires loans on good farm land should see: Geo. W. Maraman, Pres. or Ora L. Roby, Secy.

There is some petty thieving going on and some day a trap will close on the guilty parties.

Our road making goes on apace and we hope to see some improvements soon. It seems to an ignorant onlooker that much material could be saved, as well as a shorter road, by cutting straight lines. True, it might inconvenience some for the present, but when anything of such permanence as a turnpike is involved, men should rise above

petty personalities and look only to the interest of the greatest number and to the future, but alas! self is the highest object most of us can see and our own little affairs loom larger than the universe.

The boys midget basketball team of the Shepherdsville High School played the Midget team from St. Xavier College of Louisville last Thursday afternoon at the local gym, which resulted in a victory for the home boys by a score of 12 to 10.

This was one of the best games that has ever been played here and the

result was in doubt until the last second when the whistle blew and the referee announced 10 to 12 in favor of the "County Jakes".

The following boys played for the home team: Morton Weller, Robt. Tyler, Chas. Lee Bradbury, Pat Pope and Jas. Stallings.

The Belmont School, whose high school course of study has recently been approved by the State, began a class of some 8 or 10 in the first year's high school work Monday.

Mrs. L. L. Daugherty died at her home here Sunday.

She was an excellent lady and had many friends at Stithon where she had always lived. Her family had only recently moved here.

The following article appeared in a school paper last week and may be of interest to our students who have recently witnessed the burial of one John Barleycorn.

It was 278 years ago that the prohibitionists launched their first drive on John in this country, when Maryland, in 1642, passed an act punishing drunkenness by a fine 100 pounds of tobacco. In 1544, Pennsylvania legalized the selling of liquor to both whites and Indians. Connecticut and Rhode Island found it necessary to prohibit selling it to the Indians and other colonies later took similar action.

In 1650, Connecticut forbade "tippling for more than half an hour at a time". In 1654, Massachusetts fined tavern keepers 20 shillings who sold liquor to a man who was already drunk. Maryland, in 1658, decreed that any man found drunk should be put in the stocks for six hours. Virginia decided that a

common drunkard was a person who had been drunk three times. That state had to legislate against the clergy, who were specifically forbidden by law to "give themselves to drinking unlawful games".

New Jersey ordered, in 1668, that no one should drink.

In 1685, the Quakers of Pennsylvania and neighboring state declared solemnly against intemperance and in 1760 they sought to forbid the use of liquor at funerals. New Hampshire in 1700 forbade innkeepers to allow people to drink in their inns Saturday night or Sunday. Georgia, in 1757, prohibited giving a liquor selling license to any one who was "capable of gaining a livelihood by honest labor".

It was in 1789 that the first temperance society was started in this county, (country), at Litchfield, Conn. In 1794, the "Whiskey Rebellion" broke out in Pennsylvania against the taxation of liquors. In 1802, Congress began to pass general legislation on the subject of liquor and made provision for stopping the selling of it to the Indians.

The first national temperance convention was held at Philadelphia in 1833. The movement gained ground till Neal Dow, known as "the father of prohibition" organized the Maine Temperance Union in 1887. Two years later, Connecticut invented "local option" to allow each community to decide the liquor question for itself.

In 1842, Lincoln addressing a temperance society at Springfield, Ill. urged a "temperance revolution".

The next year, Oregon passed a prohibition law, but soon repealed it. Maine first went "dry" in 1846. In 1849, Father Matthew, a priest from Ireland come to this country and began a great pledge signing crusade. In some places, riots resulted over the whiskey issue, and in 1855, the militia had to be called out in Chicago.

Lincoln, when elected President in 1860, refused to give drinks to the notification committee and also refused to accept a gift of liquor. Next year, he signed a law forbidding the sale of intoxicants to soldiers, and in 1862, Congress repealed the law which allowed a daily ration of liquor to men in the Navy.

In 1843, John H. Gough, the famous temperance orator, had begun his campaign against drink. In 1871, Francis Murphy helped to organize the Catholic Total Abstinence Union and he delivered sermons all over the country. In 1874, the Women's Christian Temperance Union was formed and the women of the country began to take a decisive part in the work. Steadily more and more territory was won to prohibition. Sometimes it was only a town that was declared "dry", then a county, then a state - and finally the whole nation.

Aug. 1, 1917, the Senate authorized the submission to the states of the prohibition amendment. The House gave it approval Dec. 18. All the states, except New Jersey, Connecticut, and Rhode Island finally ratified amendment and the ratification was proclaimed by the state department Jan. 16. 1920.

Death - Mrs. Grace Daugherty

Mrs. Grace Daugherty, wife of Leonard Daugherty, died at her home in this city last Sunday from the effects of cancer with which she had been suffering for some time. She was about 41 years of age. She was a member of the Baptist Church and also a member of the Order of Eastern Star. On Tuesday, after impressive services at the Baptist Church conducted by Rev. H. S. Bell of Lebanon Junction and Star of Hope Chapter, O.E.S. of this place, her remains were taken to Hebron Cemetery and laid to rest. The pall bearers were H. H. Combs, O. P. Means, Joe Chappell, O. L. Roby, Embra Deacon, Charles Morrison and Arthur Ice.

The flower bearers were Willie May Roney, Eva May Thompson, Ethel May Kulmer, Lydia Wilson, Lois Sanders, Aurette (sic) Maraman, Aleen Maraman, Martha Ice, Gladys Ice, Beulah Barrall, Ruth Kerr and Martha Morrison.

Mrs. Daugherty leaves here to mourn her loss, her husband and three children and many other relations in Hardin and other counties. In every relation of life, she measured up to the requirements. She was a Christian woman, a true and affectionate wife, a loving and devoted mother and kind neighbor. In the very prime of life with her husband and children about her, she was summoned by the invisible messenger when life meant much to her. The withering, blighting hand of age had not been laid upon her; she had not begun that sad march from the highest point along life's highway, down to the brink of the mystic river, when the shadow of death fell around her, and she passed

from the activities of life to the silence of the tomb.

The fragrant flowers brought by loving hands to beautify her last resting place must soon fade and be borne away by the biting winter winds, but in that land which lies beyond the farther borders of this life, the redeemed spirit of the wife, mother, friend, and neighbor shall live forever in presence of an all merciful God.

To the grief-stricken father and children, we tender our deepest sympathy and we know that God who mark the sparrow's fall and tempers the wind to the shorn Lamb will comfort them in the sad and lonely hours which lie ahead of them.

Death - Maxie W. McDaniel

Maxie W. McDaniel was born August 14, 1884, died February 10, 1920. He was 36 years, 5 months and 27 days old.

He leaves to mourn his loss a wife, four children, Woodford, Thomas, Carl, Ethel May and three step-sons, James Mason, Claud and William, one sister, Mrs. Annie Shepherd and one brother, Bates McDaniel.

His remains were laid to rest in the Bullitts Lick Cemetery Wednesday. He had been a member of the Bullitts Lick Church about 20 years. He was a noble husband and father and with his neighbors he was kind and obliging. He had toiled hard all his life and was preparing to enjoy the remainder when death took him away.

We extend to the bereaved ones our sympathy. We know that his family and neighbors have sustained a great loss.

Peace to his ashes and each Spring when the grass grows and flowers bloom, may they beautify the mound beneath which he lies asleep.

Asleep in Jesus. Blessed sleep, from which he never wakes to weep.

Banks, father of the bride, officiated. Mr. Guy Hecker was best man. Misses Mary Carolina Huber and Ruth Kerr were flower girls. It was a most beautiful and impressive wedding. The fair young bride never looked more lovely in a traveling dress of taupe cloth and black picture hat. Both the bride and bridesmaid wore a corsage of roses and carnations.

The groom wore the conventional black. After the ceremony, the happy young couple left on the north bound train for Louisville, where they will

make their home. The bride is the daughter of Rev. and Mrs. W. J. Banks, and is a young lady of beauty and refinement and during the short time she lived in our town, made many friends by her affability and charm of manner. Town on Boom

Goldsmith, Dougherty and Trunnell have begun work on their new garage and will soon have it completed.

We hear that there will be several new residences built which will help out town considerably.

Coming Down

Dice and playing cards will surely be cheaper in Louisville now, as the police have been ordered to stop all gambling. It will hit the dealers hard who handles gambling material.

Taxes High

The county Supervisors, Pet (sic) Wiggington, of Mt. Washington, Ewing Crenshaw, of Leaches, John Collins of Lebanon Junction and Bob Smith of this place were in session Friday and Saturday hearing complaints from the ones they had raised the week before.

The Board at Frankfort sets there and says what each county must pay. The County Judge appoints a board here, one from each magisterial district to go over the assessors books and raise who they want to.

The Board should be good businessmen who have made successful farmers, but often it is some one who cannot put a fair valuation on what little they own themselves.

We know some property that is raised to as much or more than the owner asks for it, while others have property for which they paid \$20,000 to \$30,000 and can cash it for that amount and still they do not pay taxes for over half that amount.

It is the poor man with only a small and poor farm who pay the heaviest tax.

A Splendid Office

While in the city recently, we called at the office of Drs. J. V. Prewitt, S. W. Bates and Frank P. Strickler, in the Republic Building, NE corner of Fifth and Walnut. They have splendidly equipped offices and are able to care for all cases which come their way.

Dr. Prewitt is a well known and highly skilled surgeon and Dr. Strickler, who is a son of Dr. Strickler, of Elizabethtown, is a young surgeon of rare skill and great promise. He had several of practical work and experience in the late war.

As for Dr. Bates, (Our Sam), he needs no introduction at our hands. He is one of the best young physicians in Kentucky and with the great experience which he got in the late war, is second to none in the civil practice of medicine.

If you feel that you want medical or surgical attention from city doctors, do not fail to call on Drs. Prewitt, Bates and Strickler in the Republic Building.

Death - Mrs. Emma Murry Troutman

Mrs. Emma Murry Troutman, beloved wife of R. L. Troutman, died of apoplexy at her home in this place last Monday morning about 4

o'clock, after an illness of less than one half hour. Her husband, R. L. Troutman, heard her made a slight noise, and rushed to her bedside to find her in the throes of death.

Medical aid was summoned, but she died soon after the physician reached her. Mrs. Troutman was married to R. Lee Troutman about twenty years ago. Before that time, she had lived on Blue Lick, in the Northern part of the county for many years. She was a member of the Baptist Church with which she united shortly after her marriage.

She leaves as her immediate survivors, her husband, R. L. Troutman and two sisters, Mrs. Nannie Gross and Mrs. Kate Miller of Indianapolis, Ind.

She was buried in Cave Hill Cemetery on Wednesday after services in the Baptist Church in this place. Rev. W. J. Banks conducted the services and preached a most tender and touching sermon.

The large concourse of people attending the service and the many beautiful floral designs attested the esteem in which she was held. The people of our community sympathize with Mr. Troutman in his great bereavement. He has been bereft of his life companion just when she was needed most.

To the stricken husband and sisters, we extend our sympathy.

Death - Mrs. Amanda French

Last Thursday morning, Mrs. Amanda French, beloved wife of Chas. French, departed this life, aged 25, after an illness of three months.

Here where she opened her eyes to the light of day, she closed them in

the twilight of death. Her brief life was lived here, it was open as a book and pure as a flower.

Among those who knew and loved her, childhoods happy day passed by and the child became a woman. While yet in the border land where childhood and womanhood blend together, she gave her young heart to God and meekly took her stand beneath the banner of the cross. We stand and wonder at the strange Providence that takes away our treasures at such an early hour in life. To find that they have been suddenly cut off so bewilders our minds that we cannot fully realize the truth that there are no accidents with God. The end was peaceful and expected. Her family was with her in her suffering and all was done to comfort her that loving hands could do. How we hate to give her up and miss her, but God called her and she answered the call.

She leaves to mourn her loss a husband, Mr. Chas. French, father, mother, two brothers and five sisters, besides a host of relatives and friends. (And a Poem)

Death - George Philpot

Silver Wedding Anniversary

Mr. and Mrs. H. C. Lovelace. This brilliant and beautiful occasion was celebrated at their superb home, 2823 Virginia Avenue, Louisville, Ky., Saturday evening April 3, 1920 by about two hundred relatives and friends, both sexes and all ages, forming a perfect bouquet of humanity, grace, elegance, good taste and heartiness characterized the whole scene from first to last.

The arriving joy-bringing guests, the long line of autos on the square; the many beautiful presents; the bounteous delicate refreshments and the general freedom, joy and gladness of all made a deep impression and left a beautiful picture on the minds of us all and one that will not soon fade away.

The original wedding was solemnized in the Baptist Church at Shepherdsville by the writer. The bride was Miss Ida Rayman, daughter of Mr. and Mrs. J. R. Rayman of Pitts Point, Bullitt County. The groom, Mr. Herbert C. Lovelace, of Boston community, Nelson County. There were both my pupils, she first at Pitts Point, and then both of them at Boston. She was thus, for a time, a member of my family and has always seemed like one of my children.

There were good pupils, always considerate, differential and aspiring.

The took the vow and responsibilities of matrimony at an early age but their happy domestic life and successful business career are proof that they made no mistake.

Hand in hand, they have combated life's storms to their present successful state and richly deserve the congratulations heaped upon them. Seven attractive, promising children have blessed this union. Words cannot describe the appearance of the two youngest, one a girl of about six and the other, a little boy of four as they marched down into the parlor ahead of "Mamma and Pappa". Few children have such a pleasure and honor. The other children know as well as their parents how to make guests feel at home. Among those present to share with pride and gratitude the high honors done the couple were the mother, brother, and sister of the bride and the mother, father, and sisters of the groom and aunt Mal. Some old friends and neighbors also came in for a full share of the greeting besides quite of number of their schoolmates from Pitts Point and Boston. These made it seem like a reunion to me and gave me great joy for all seemed to be thriving and happy.

Their new found friends and neighbors entered with equal zest into the festivities and contributed music, laughter and song.

May heaven's richest blessing continue with this happy couple and with all who shared their home and hospitality that evening. And may they live to have a golden wedding and may many who were present on this occasion be spared to celebrate that with them is the wish and prayer of their devoted friend and teacher. W. B. Gwynn.

Red Mens Picnic, Monday, July 5

To be held on Monday, this being the legal holiday, as the 4th falls on Sunday.

The vacancy on the committee due to the absence of J. B. Buky, who has been very active and instrumental in making the former picnics so successful was filled by the appointment of Waverly Bell. Dr. Ridgway and Conrad Maraman are the other members of the committee.

A contract with one of the best bands in the State was just closed which insures excellent music for the occasion. The entertainment committee is now working on the program and will complete it within a few weeks. They promise a number of new and novel features.

At night following the picnic an exceptionally fine picture show at the Masonic Temple is promised. A big dance has also been scheduled for the Fraternal Hall. It appears that a sum total of all attractions for this day is going to make Monday, July 5, a red letter day for Shepherdsville.

School News

Misses Bertha Trunnell, Lillian Thompson, Thelma Lee, Fanny Belle Melton, Elizabeth Stamper, and Gertrude G. Forrest have just entered the Normal School.

Mrs. Maggie Sanders, who is assisting as teacher this spring at the school here, has been on the sick list for the past week.

William Thomas is the name of the new visitor that has just arrived at Bardstown Junction to pay an indefinite visit to Mr. and Mrs. Moser.

Mrs. Moser, before her marriage, was one of Bullitt County's best known and most popular young ladies and was one of our best young teachers.

Misses Margaret Hardesty and Elizabeth Cash have just returned home after having closed a successful school at Nichols.

The last common school diploma examination will be held here Friday and Saturday, May 14 and 15. About 75 pupils are expected.

Miss Pearl Hickerson, of Springfield, KY, has charge of the 8th grade class in the local school and has about 30 pupils for the common school examination.

All counties in Kentucky are required by the new school law to levy a tax of not less than 25 cents on the \$100 or not more than 50 cents on the \$100. The counties near us have just made the following levy:

Meade County - 50 cents
Hardin County - 45 cents
Jefferson County - 50 cents
Nelson County - 40 cents
Spencer County - 40 cents
Bullitt County - 25 cents

The Bullitt County School Board is in good shape financially. We are glad to report no indebtedness whatever, and will have approximately \$8,000.00 cash on hand at the close of the school year which ends June 30, 1920. The increase in the school taxes for the coming year from 15 cents to 22 (sic) cents on each \$100 is the result of the new state law which forced the school board to raise the levy which was reluctantly done by Fiscal Court, but as the County has no choice, the levy had to be made at not less than the minimum 25 cents.

Rara Avis

Brooks Station held sway in our local courts Monday and Tuesday and some of the trials eclipsed the proceedings in the circuit court. First one side and then the other won a round, but at the close, those who did the fighting had sore heads and sour dispositions while the State and officers have the coin.

For animated, artistic testifying, for animation and animosity and real anagosity, the proceedings were in a class by themselves. These fights of themselves are not very harmful, but they cost the fighters money, and then they may lead up to something more serious. Our advice to them is

to stop right where you are. Fighting does not pay.

Death - George Philpot

George Preston Philpot, age eighteen years, eight months and twenty-seven days, fell asleep at his home 724 W. Oak Street, Louisville, Sunday, April 11, 1920, after a lingering illness of one year.

He was the oldest son of Peter P. and Barbara Mathis Philpot and was always a good boy, so kind, so gentle, and so thoughtful of others.

Apparently, he enjoyed health all his life until last April when he developed diabetes.

Local physician, specialists, chyropractor, (sic), in fact, everything was done for him that loving hands could do, but to no avail. He continued to suffer.

Through it all, he never murmured, but was patient to the end, his last message being, "Praise the Lord. I am going home."

"The Lord giveth and the Lord taketh" so the spirit took its flight to that heavenly home. His life was a benediction to all who knew him.

The funeral service was conducted by the Rev. W. J. Banks in the Baptist Church at Shepherdsville, after which the remains were taken to the family burying ground on the Hardy farm near Pitts Point for burial, there to await the Resurrection morn.

He leaves to mourn his loss a father, mother, two brothers, seven sisters, many relatives and host of friends.

To the bereaved family, we extend our deepest sympathy.

A Candy Pulling

Miss Katie Mae Ball entertained the little folks of her spring school with a candy pulling April 24, at her home in Zoneton.

There was quite a bunch of bright looking children present and every one voted the afternoon a perfect success.

Miss Hall instituted many entertaining games and proved to be a very charming hostess.

After the candy was cool, the children entered into the pulling of it, with much zest and before long delicious golden threaded taffy was placed on oil paper to be enjoyed by the children.

More entertaining games were played, photos made, the fun increasing as the time passed.

At 6 p.m., the children told their efficient teacher, the hostess "good bye" and a tired but happy troop of boys and girls went to their respective homes.

Miss Ball's spring term was equally as successful as her six month term at Cedar Glade and the children made good progress.

The large stock barn of Tom Cochran of the Long View stock farm burned to the ground Saturday evening about 7:30 p.m.

The loss in stock, wagons, implements and fee will amount to about \$10,000, with very so insurance. (sic). The original of the fire is unknown.

If thou turn away thy foot from the Sabbath, from doing any pleasure on my Holy day, and call the Sabbath a delight, the holy of the Lord, honorable; and shalt honor Him, not doing thine own ways, nor finding thine own pleasure, nor speaking thine own words, then shalt thou delight thyself in the Lord; and I will cause thee to

In memory of

Our dear sister, Alice A. Hardy, who departed this life, April 29, 1920. Age 61 years, 3 months and 13 days. She began her career early in life as a teacher. Forty years ago, she was given a position in the public school at Wenzel and Market Streets, Louisville, which she held until death claimed her. She was loyal to the call. And it was said of her by her teacher friends she was a soul of honor. As I sit tonight with tear dimmed eyes, I can truly say she gave her life for others and was loved by all who knew her. She was the oldest of twelve children; father, mother, 2 brothers and 3 sisters preceded her. As I sat by her bedside and watched her parting breath, I felt that the Lord was near and could hear Him saying, "Thy life's work has ended, thou good and faithful servant, come up higher."

She has been a member of East Baptist Church a number of years. Loyal to her church. Just two years and one month since mother was called from earth to heaven and now both are sleeping side by side in their silent tombs to await the resurrection morn. As I stood beside her casket and looked at her sweet face, my heart almost breaking, the thought came to me, "Blessed are the pure of heart for they shall see God." For it can be truly said of her she was pure and noble.

And a poem ending: By a sister who loved her. Mrs. C. C. Parrish

No more trustee elections will be held in rural school under the new law. The present subtrustees will hold office this year and beginning Jan. 1921, the County School Board will appoint all trustees, both white and colored.

The salary schedule for rural teachers in this County for the coming year has been returned from Frankfort and the salary is as follows:

1. For a teacher holding a 2nd class certificate or its equivalent, \$75 per month.
2. For a teacher holding a 1st class certificate or its equivalent, \$78 per month.
3. For a teacher holding State Certificate or its equivalent, \$80 per month.

Experience, attendance, etc. is very similar to the 1919 salary schedule.

Today, Bullitt County has only one 2nd class certificate.

Miss Katherine Griffin and Mr. Gabe Bealmear, a popular young couple of this place were quietly married here on the evening of May 15th.

The bride has been one of the County's most successful teachers and is a most excellent young lady, while everybody knows and likes Gabe Bealmear.

They will probably make their home in this County, in the Hebron section.

Marriage

Griffin - Bealmear

Miss Catherine Griffin, daughter of Mr. William N. Griffin, of this place, and Mr. Gabe Bealmear, of Zoneton, son of the late Ben Bealmear, were married at the home of Mr. and Mrs. Roy Maraman, of Salt River, Saturday evening, May 15th. Rev. Henry K. Deacon, of the M. E. church performed the ceremony.

Miss Griffin was one of Shepherdsville's prettiest and best liked girls. She is a graduate of the High School and has always been a great favorite wherever known. She is the youngest daughter of Mr. Griffin and will be greatly missed by our people.

Mr. Bealmear is a well known young farmer of the Zoneton section, and is as well liked by all who know him. For several years, Mr. and Mrs. Bealmear have been devoted to each other, and their wedding seemed only a question of time.

The many friends of Mr. and Mrs. Bealmear wish them long life and

much joy and in this wish the Pioneer News joins with the added wish that their pathway may be one bower of beautiful roses and their love for each other always as warm and tender as when they first linked their lives together.

Cochrane - Skidmore

Cards have been received here announcing the marriage of Mrs. Maud Samuels Cochrane, of Barrallton, to Mr. Chas. B. Skidmore, of Indiana, on Mar. 13, 1920.

Mrs. Skidmore was one of Bullitts most popular young ladies, while Mr. Skidmore is a well known businessman.

Card of Thanks

We wish to thank our many friends for the kindness shown us during the illness and death of our beloved father, Mr. Crist Deacon. Sons & daughters.

Shepherdsville High School

Shepherdsville High School closed last week in a veritable blaze of school glory.

There were declamations, orations, essays, valedictories, salutes, gifts, presents, speeches to the graduates, class histories, sweet girl graduates, and the usual profusion of fragrant flowers, to say nothing of proud parents and happy teachers.

Beginning at Fraternal Hall on Monday evening, the exercises held the boards until the including (sic) Friday evening when the diplomas were given at the Masonic Temple and audience and graduates listened to an address from Prof. Karquahar (looks like) of the University of Kentucky, which was pronounced by

competent critics to be one of the best ever heard here. His subject was "Literature" and he held to his subject throughout. His address was logical and convincing. It was ornate and bordered on the classic. His language was beautiful and from all standpoints, his address was masterly. It was heard with patience and pleasure by one of the largest audiences which has ever been present on such an occasion, many being compelled to stand during the entire exercises.

Thirteen graduates received diplomas and did not seem to be one bit abashed on account of the unlucky number. Those receiving diplomas were: Misses Martha Lee, Margaret Combs, Cora Cash, Glacie Orms, Catherine Melton, and Ruth Smith and Messrs Thomas Trunnell, Dorsey Hecker, Robert Borger (sic), Johnson Ash, Theodore Combs, Thomas Stallings and James Collings.

The week's exercises brought to the surface much talent and the large audiences were delighted with many selections, many of the young scholars showing gifts which had not ever been suspected by their friends.

The school spirit is still on the incline in Bullitt and we hope to see the time when a high school education will be considered indispensable to the future success of every boy and girl. Boys are going from this school to the University of Kentucky and the U. S. Naval Academy in Annapolis.

Geographically, Bullitt is one of the best located counties in Kentucky. In intelligence and those sterling qualities which go to make a great people, the citizens of Bullitt are not lacking. With churches and school

houses filled with the best of our people, there need be no fear for our future. The verdict of our citizens after witnessing and hearing the closing exercises was: That Prof. Sanders and his splendid corps of teachers had measured up to all requirements and done all that could have been done and they are entitled to the sincere thanks and gratitude of every person in the County, for our school is a county school.

But three of the graduates, Misses Ruth Smith, Cora Cash and James Collings, live in our school district. All the others are from other districts.

New Teachers

It seems certain at this time that our High School faculty, with the sole exception of Prof. J. H. Sanders will teach elsewhere.

Miss Birdie Manor, Helen Burkholder, Mary Thompson, Pearl Hickerson and Martha Stevenson have made it known that they will not be back next session. The departure of these splendid young ladies and excellent teachers must and will be regretted by all friends of our school.

Miss Manor, who taught the wee ones, was a splendid teacher, in her department, painstaking and gentle, and loved by every child in her room. She is a young lady of the character and added much to our town socially, in church work and wherever she could be of service. She goes with the hearty good wishes of all.

Miss Burkholder will leave a place which will hard to fill. She is a young lady of learning and wide reading and is one of the best teachers in the State in the subject

which she teaches. In going, she leave a multitude of warm friends and many affectionate pupils to regret her going.

Miss Mary Thompson, who shared with Miss Burkholder, the arduous duties of teaching in the high school department, is another teacher who made many friends here by her unaffected manner. She is a graduate of Georgetown College, the daughter of a prosperous Shelby County farmer and is a splendid young teacher.

When you speak of Miss Thompson, you are bound to think of Miss Hickerson, and vice versa, for they were almost inseparable companions. Miss Hickerson, whose home is near Springfield, is Washington County, is also a splendid well equipped teacher, conscientious in her work, unassuming and retiring. She leaves a world of good friends here, and had she come back for more than one session, her friends would have increased in number, for one had but to know her to like her.

Miss Martha Stevenson, the alter ego of Miss Birdie Manor, was the last to come to our school, but she made many friends very rapidly and her departure causes genuine regret. She was a splendid teacher and young lady as well.

We have not learned whether Miss Nadine Melton will teach here or elsewhere, but Miss Melton's work in the school room is too well known to need comment here. She is one of our best young teachers and most splendid young ladies.

We lose these splendid young ladies and fine teachers, principally because they can make more money

elsewhere. While the costs of living go up, our taxes furnish about the same amount of money and we are bound to keep within a certain limit.

Pleasant Grove

The bride of Mr. Ira C. Flood, of Kansas City, was not Miss Bessie Grant of Leaches, but Miss Eudell Grant of Pleasant Grove, and the only daughter of Mr. and Mrs. K. Grant. They were married by Bro. Brandon in Shepherdsville, May 4th, 1920 and they left for LaGrange and did not locate in Kansas City. We wish them happiness and prosperity.

Born to the wife of James Harris, May 2, a girl.

Born to the wife of Marion McNutt, May 13, a boy.

Born to the wife of Charley Harris, May 17, a girl.

Hebron

Everyone is talking and growling about the H.C.L. and yet on every hand we see the canvas covered plant beds, signifying that farmers will put the best ground into tobacco instead of corn, sorghum or some useful crop and why? For the sake of the money in it.

Away with the noxious week! Help feed the world not debauch it. "Am I my brother's keeper?" I am.

Misses Mary Cynthia Holsclaw and Kuth (sic) Thornberry returned from a delightful visit to Mrs. Carrithers at Ting or Edgewood.

While there, they attended several delightful affairs, BYPU at Mt. Washington, and enjoyed an extended auto trip with Mrs. Carrithers and Squire Carrithers in their new "Dodge". Both want to repeat their visit soon.

Mr. Morton Long, of Brooks, has returned from Okolona City (sic), and will farm with his father. His sister, Miss Vida, will remain until August.

Bealmear - Griffin

We were pleasantly surprised Sunday with the news of the marriage of Mr. Gabriel Bealmear to Miss Kathryn Griffin of Shepherdsville. Gabe was considered one of the confirmed old bachelors and his friends are glad he turned benedict.

We do not know the bride, but know her family and feel sure she is every way worthy to reign as mistress in the home where Gabe's mother hold gracious sway so long. We wish the happy couple much joy and prosperity.

We are certainly glad the Hebron Manse is occupied again. It is good to have a resident minister.

Mrs. Jordon Brooks entertained the WMS of Little Flock Thursday, May 6th. The forenoon was devoted to sewing carpet rags. At noon, a bountiful luncheon was served on the co-operative plan and at 2:30 p.m., all assembled in the parlor for the spiritual feast of song, scripture and study of Mountain Schools. Mrs. Brooks has the rare faculty of making the individual guest feel especially honored.

Mrs. John L. Whitley lies in dying condition at his home with Mr. Henry Jenkins and Mrs. Jenkins. The silver chord has been loosening for some months and two weeks ago, he

fell in his room fracturing his hip. Mr. Whitledge has long been a unique personality here, honest, honorable, with a humor that was irresistible, everybody liked him. He was a friend to be depended on in time of need, and perhaps helped more neighbors than any other one man. And now they have a opportunity by tender ministrations to show their gratitude.

Several of our 8th grade pupils took the exams last week. Hope all passed.

Mr. Price Howlett, Pitts Point, spent the week end with J. R. Ball and family.

Misses Meta Cooper and Mary Holsclaw visited friends at Edgewood Sunday afternoon.

We shouldn't like to send children to a teacher who refers to them as "kids". To me, that indicates a coarseness and lack of culture inconsistent with what a teacher should do.

We are glad the Mt. Washington folks have expressed themselves so emphatically against Sunday baseball. We say Amen! Some of our National calamities may be due to our abuse of the Sabbath. Remember the Sabbath to keep it holy and wholly!. How do you spend Sunday?

A few friends surprised J. R. Ball on his birthday by coming to spend the evening. All enjoyed. Me too.

Mr. Chas. Kelley was given a surprise party on his birthday. (Cant' read when)

Because of small salaries offered by the Graded and High Schools of this County, only about 6 of the 21 teachers are asking for their old positions.

For once, the rural schools are being regarded as they should be.

All rural teachers will be elected by the trustees in the various divisions of this county July 5.

This is the last year that trustees will select the teachers for rural schools. In the future, all teachers will be appointed in Kentucky by the County School Supt.

In the recent diploma examination, Mary Dell Barnes of Mt.

Washington led the class, while Harris McAfee of the same town made the second best grade, owing to the fact that the questions were so hard, only 29 out of 75 passed.

The leader, Miss Barnes, is a bright young girl of attractive appearance and shows good traits, while young McAfee, who was only a few points behind Miss Barnes is also a bright young student.

They have been trained the past nine months by Miss Bertha Engle of Belmont.

Mrs. F. C. Porter was very agreeably surprised last Saturday night by 50 of her friends quietly slipping in to celebrate her birthday. All report a pleasant evening with lots of good things to eat.

We like to give our bouquets to the living, so we are glad to tell thru the kindly arbitration of Mrs. Ella Swearingen, between the base ball boys and their employers the games thru the summer will be on Saturday afternoon instead of Sunday. The players all appreciate her interest in them and we all feel that we owe her a debt of gratitude.

We also realize that the release of the boys on Saturday afternoon means a sacrifice on the part of the businessmen and farmers, especially Wiggington and Porter at the Cyclone Store who have two of their employees on the team and Saturday is their very busy day. We have to have many good ball games here and dates are now open for Saturday afternoon games.

There is always a right and a wrong way to accomplish good results and win people's confidence; Mrs. Swearingen chose the successful way and her reward is the good will of all concerned.

Shepherdsville was very much surprised at the ball game here last Sunday and we don't blame them, if they judged by the playing of our boys at Shepherdsville. Last Sunday's game was declared by many to be one of the best they ever attended, not only the playing of both teams, but there was not a contention nor an argument by players or outsiders. The score was 7 to 5 in favor of Shepherdsville.

The Old Horse Shoe

A poem, not transcribed, written by Mrs. J. P. Wood, Heber Springs, Arkansas, and sent with a rusted horse shoe to her sister, Mrs. J. W. Herin, on her 68th birthday, April 19. It was inspired by childhood memories of their home and parents. Their father was Mr. Henry Bridwell, a first class blacksmith of former day, and who has long ago passed from earth.

Miss Nunnely's Musical

The musical given by Miss Nunnely and her pupils during commencement exercises has been very highly complimented by many competent critics and skilled musicians. The ukahoula (sic) is a new instrument comparatively speaking, but it has come to stay. No

one can listen to the sweet tones of the little instrument and fail to fall in love with it. Mr. E. E. McCormick, who attended the performance and gave close attention, pronounced it a perfect success and said he believed he would purchase an instrument and take lessons himself.

Judge H. H. Glenn was even more unstinted in his praise than Mr. McCormick. The Judge has purchased two ukahoulae and threatens to purchase six more. He was ecstatically delighted and sang the praises of all the youthful performers as well as of the little instrument from the Hawaiian Islands.

Many ladies in the audience were highly delighted and were unsparing in their praises.

Jim has a lovely, light haired, light complected, blue eyed blonde down in the city, and when she gets into the car and gives Jim one of those "angelic" smiles, Jim just naturally turns the machine loose and speeds up.

Mr. E. E. McCormick is thinking of taking lessons on the Ukahoula. He is just dead stuck on the pesky little Hawaiian instrument, and thinks it makes the sweetest music ever. The Ukahoula is "some instrument".

No Road Yet

The bid of the Hoke Construction Co. of \$48,000 was rejected as the board thought that amount was too much to pay to have 3-1/2 miles of road built. It would have taken all the road and bridge fund for the next three years to have paid it and by that time would have been worn out.

Baseball

The strong team at the Junction again defeated the home team last

Sunday at that place, without a single marker to our credit.

The locals were crippled by the absence of Hagan and Funk while the Junction boys had out all the "old heads" from Chas. Atcher down to handsome Elmer Stamper and the "nifty" 3rd baseman J. Bird and they played like a house afire, too.

Out the series of 5 games to be played, another victory will give the prize to the boys from our "Smoky Town". So get right, home boys.

The Score 5 to 0, Lebanon Junction. The Louisville team will play here June 13th.

Baseball

Left Over From Last Week

The team from Camp Taylor came out Sunday and played our boys in one of the best games played here for years.

The soldiers were all large men and several of them had played professional baseball before they became soldiers.

Manager J. E. Chappell had the home team doing their best and he says it is better to lose a good game than win a poor one. The home team lined up as follows: Bridwell, 1st; Hagan, 2nd; Bell, 3rd; Pace, short; Lee, RF; Cundiff, CF; Henderson, LF; Hardy, Pitcher; Hardy, Catcher.

Score - Camp Taylor 4, Shepherdsville 2.

The home team is composed largely of farmers and what we need is a lot of practice to win our part of the games.

About \$165 was made up here last week to be used on the grounds and grand stand and to buy 12 nice new suits for the home team.

The Lebanon Junction boys played New Haven last Sunday and beat them worse than they did us, the score being 7 to 1.

Green, Bowling Green, former member of the faculty of Western Kentucky State Normal and president of the Kentucky Educational Association, today resigned as member of the State Tax Commission and was appointed chief supervisor of high schools to succeed McHenry Rhodes, who will become head of the secondary education department of the University of Kentucky.

Important Meeting

There is a Disease that has been killing and crippling men and women in our midst for a long, long time and has been wrecking more homes and happiness than tongue can tell, and yet it has been considered as a secret trouble, a matter "that you must not talk about".

Intelligent Americans are demanding that this false modesty, which has lived only at the expense of innocence and purity, be brushed aside and that they be told the truth. American men and women are big enough to face the facts .. Bad tho they be ... and to gladly accept messages that shall help them to do better with the problems confronting them and their children hereafter.

In this strange new day which we are living in, it appears to our leading men and women that the time is at hand to teach everybody the truth in regard to Social Diseases, and

medical men and Nurses are carrying the word everywhere.

Dr. Leon Solomon, one of the best physicians in Louisville, and who has had years of experience in this work at the City Hospital and University of Louisville, will lecture at the Masonic Temple, Shepherdsville, Friday, June 25, upon the subject "Social Communicable Diseases". He will speak to women and girls of 14 years and over in the afternoon, and to men and boys over 14 years at night. The night lecture will be illustrated by both moving pictures and slides.

Everything will be free and a large crowd is expected at both lectures. There will be some great surprises in store for you. County Board of Health.

Louisville - The Bingham estate has been revalued at \$80,000,000. The state claims an inheritance tax of \$3,800,000.

A Trip to Frankfort From Pleasant Grove

On Thursday morning, June 4, four farmers started for Frankfort - Judge Cassell, T. H. Wise, J. W. Lloyd and Arch Magruder were our party. We left J. W. Lloyds place about 7 o'clock.

Our first stop was made at Mt. Washington for gasoline and while there, a certain man made this remark "that sheep would be killed today" and one of our party said, "they might be eaten today". So we motored by the way of Jeffersontown, Middletown, Shelbyville and other small towns.

We reached the Capitol about ten o'clock and very much surprised to

find it is a hilly county although a nice place on the Kentucky River.

We saw the front of the Capitol, the Statue of Goebel, who was assassinated.

Next, in the reception room where we stood on a rug which cost eighteen hundred dollars.

Next to the Legislative Hall, we saw the desk which had been occupied by our Bullitt County legislators such as Hon. J. R. Zimmerman, James Lee and also the Editor of the Pioneer-News.

Next we went to the Senate Chamber and to the Historical room where we saw the pictures of all the old heroes. Washington was there, who never told a lie. His picture was worth \$10,000, John Quincy Adams, Daniel Boone and his old rifle, with a notch cut in it for every Indian he killed.

Foster was there, who composed "My Old Kentucky Home" and "Swanee River". We also saw the statue of Lincoln.

There are granite columns in the Capitol which cost \$1,800 each.

The building cost about \$3,000,000.

And there was the white mansion standing on the banks of the Kentucky River, a beautiful building, quite a contrast to some of our humble farmers who have to work day by day to help support all of these things. One of our members suggested that we go over and take dinner at the White House or the Mansion (whichever you please to call it) It was just 12 o'clock, but we thought the cook might be away. Anyway, we went to a hotel for our dinner and we got, as Lloyd said, "Candlestick corn bread". We got

plenty of water as it was on the Kentucky River.

The next place was the penitentiary with its 1,200 inmates. This was not a pleasant sight to behold. Suppose it is a necessity to protect the good citizens and to punish the ones who violate the laws of our land.

We saw where they baked 1,100 loaves of bread at once.

We were especially impressed with the Hospital with its white cots and clean appearance.

So it was about 8 o'clock and it was time to leave for home and we all decided we were more than paid for our trip.

Henry Lincoln Johnson

Henry Lincoln Johnson, a Negro, was elected National Committeeman for the great state of Georgia by the Republican national convention at Chicago. He had been chosen by the Republican delegates from Georgia and the convention reacted what had been done. He defeated a white man for the place.

He is one of the delegates from Georgia, and along with Dr. George, the Negro delegate at large from Kentucky, is attracting much attention.

The Negro, as a big and prominent factor in Republican Conventions and councils is here to stay and cannot be denied. He enjoys equal political rights with his white co-workers in the republican ranks, and must be given an equal show and opportunity. He is entitled to it. He

never bolts for years in and years out, goes faithfully to the polls and casts his republican vote.

The Negroes are demanding social equality and equality in holding offices and in the schools. They are demanding that separate schools be abolished and both races be compelled to attend the same schools. Why not? It a white woman and a colored man can go to a convention as delegates at large, why should not their children sit together in a school room?

Rev. H. D. Burns filled his appointment at Bullitts Lick Saturday night and Sunday. It was a sad occasion for after six years of faithful service to our church, Bro. Burns tendered his resignation, which was very reluctantly accepted by the church, in fact, only after a second appeal by the pastor who felt the call of duty elsewhere. To say that we are sorry to give Bro. Burns up does not begin to express it. A naturally gifted speaker, a helpful pastor, at all times proving himself a true servant of God, he has done untold good as pastor of Bullitts Lick Church.

Our best wishes and prayers go with him to his charge. He will continue his work at Victory and Pleasant Grove.

Stephens - Martin

Miss Maymee Duncan Stephens, of this place, was married to Mr. J. Clifford Martin, of Lebanon Junction, Wednesday, June 16th, at the residence of Mr. Ernest McMillen, in Louisville, Kentucky, the Rev. R. H. Tandy, pastor of Weaver Memorial Baptist Church performing the ceremony. The happy young couple left soon after the ceremony for St. Louis, where they will spend their honeymoon. They will reside at Lebanon Junction, where they will be at home to their friends after June 25th.

Mrs. Martin is the only child of Mr. and Mrs. S. B. Stephens of this place and the writer can conscientiously say that she is one of the best girls ever reared in this town. She is a talented musician, a splendid school teacher and an upright Christian girl.

The groom has been a resident of Lebanon Junction for some time and is said by those who knew him to be a splendid young man. He has been in the railroad service for several years and stands high in the estimation of his employers. We have nothing but good wishes for this newly married couple. Having lovingly and trustingly joined hands and started upon the journey of married life together, may they have clear skies and no real sorrows. May

the few clouds which overcast their sky soon pass away and only the sunshine of true love fall upon their pathway until they reach the distant sunset hour.

The new law positively requires all counties in this State to employ at least one delinquent or truant officer

for the schools and the State Dept. of Education will soon hold a 10 days school at the State University, Lexington, for these officers.

This officer need not be a resident of the County where he is employed and need not be a teacher as his whole duty is to go out to the parents and find out why the children from 7 to 16 are not in school, thus taking this duty off the trustees and chairmans of our rural and graded schools.

As we preferred a County man, Mr. W. C. Kulmer, one of the County's best young men has been given this position and will devote his entire time to the aiding and assisting the poor children of Bullitt County in securing what they are entitled to receive, at least a common school education.

Any family in the County having books or clothing that they no longer need, will please help this "home mission move" by notifying W. C. Kulmer, Shepherdsville.

Red Mens Picnic

Article describing the Picnic. (Not transcribed in full).

Must have been close to three thousand people on the grounds, hundred from Louisville and nearby towns. Brings a large number of friends together who have not seen each other since last time.

Usual contests put on seemed to please the crowd immensely, especially the ladies tug of war.

Hardy Cruise, as usual, carried off the honors in the trotting and pacing contests.

One of the most inspiring sights to be found was the weiner stand,

where those odoriferous chunks of peppered sausage were split open, fried and placed between two slices or pieces of bread and sold for ten cents. They went like hot cakes in cold weather. To watch some youth with a capacious mouth and a large and ever growing appetite grasp one of those sandwiches on one hand and a bottle of "Coke" of parlay in the other, and then proceed to surround the whole outfit, was indeed inspiring. The dining room did a good day's work and the refreshment stand was simply swamped at times.

Jim Hardaway was at the cash box all morning, but in the afternoon, there was too much Rush, and he went to the grand stand.

Jack Newman was working under a big strain all day. His girl was in the grandstand and he was needed in the refreshment stand, and he settled matters by dividing his time.

Johnny Buck had on his first flat derby, which means that he was making good orangeade, as no man can make good orangeade unless he wears one of these flat derbys a la Compton.

It was just about the best picnic Chicora Tribe has ever given. The only thing lacking was Jess Buky, who spent the day fishing on the right bank of the Atlantic Ocean near Fort Pierce, Florida.

Of course, we do not intend to overlook Waverly Bell, who was right in the thickest of the work all morning and the sweetest of the courting in the afternoon.

Most of the society boys were dressed a la mode; that is to say, georgette pants with peekaboo shirts trimmed in white crepe with black socks to match; straw hats, Irish

Cobbler smiles and an appetite for talking "bunk".

Among the newcomers at the picnic was Fred Newman and family of Mobile, Ala., who are in Bullitt on a visit to relatives and friends.

Another visitor was Mr. Carter, of Shelby County, who was here visiting James Hardaway and friends. Mr. Carter is a prosperous farmer of Shelby County and may decide to settle down this way.

Personal

Our handsome friend, H. H. Combs, cashier of the Bullitt County Bank, was the happy recipient of one of the prettiest girls we ever saw. She represented the movie people - one of those altitudinous artcraft concerns and believe us, Chawlie, (sic), she was a beauty. She looks like ice cream tastes. She makes American Beauty Roses and pretty flowers like bunches of dried onion tops. She staid in the bank and talked to Harry in that sweet way so peculiar to pretty girls until forty two minutes of train time, when she evinced too much interest in Bud and Harry took her to the depot.

How a man can look at a girl of that kind and talk sense is utterly beyond us. Under the impression of her dark eyes and sweet smile, a fellow might give twenty-five dollars a reel for pictures that were not worth seeing.

Fletcher Swearingen, of Leaches, spent Monday here.

Rufus R. Hall and J. C. Dickey, of Mt. Washington, spent Monday morning here.

Buck Wade, of Louisville, spent the 4th with his parents.

Bud (J. T. Smith, son of the late Judge J. F. Smith) was here Monday shaking hands with his numerous friends and relations. Bud has a good position in the city and is doing well, we are glad to state.

"Junebug" McCormick went to Louisville July 4th, and saw the colonels win two games and was so well pleased that he arose early Monday morning which was still the 4th and arrayed himself in his georgette pants and poplin shirt, white shoes, stiff straw hat, Panama Beach coat and other articles of up to date dress, and went right back to the city to take in two more games, which he did, and the pesky colonels lost both, much to his disgust.

Woodford Troutman, who has been spending his vacation at work, over at University of Indiana, is at home for a few days. "Woody" looks well and is making fine progress at the University, where he is taking the Summer course in Medicine.

Talk about your wonderful babies, why that Moser child is simply great for Coe told me confidentially that it was the most wonderful baby on earth and he should know for he is with it all the time.

Visits Home

Mr. and Mrs. Fred Newman and daughter, of Mobile, Ala., are the guests of Mr. and Mrs. John Newman and Mr. and Mrs. T. J. Trunnell. Several years ago, there were not more popular people in the younger set than Mr. and Mrs. Newman. She is pleasantly remembered as Miss Kate Daniel, daughter of Col. Daniel, of the

Bardstown Junction neighborhood and everybody remembers Fred with his pleasant smile and good nature. Fred has become one of the fixtures of Dixie and is one of the dependable commercial travelers of that section. Like all loyal Bullitt Countians, Mr. and Mrs. Newman have come back for one more look at old scenes, and another handshake with old friends. Their many friends welcome them back and trust that their stay may be a most pleasant one, for here in the Free State of Bullitt, there is a welcome to all former sons and daughters who come back to gather inspiration from the old homes and the sweet memories which cluster about the family hearthstone.

A Call to the People

Governor Edwin P. Morrow has sent out a call to the people in behalf of the Kentucky Memorial Building Fund. In that call, he asks the people

not to forget the 2756 sons of the State who gave their lives in the World War.

Forget those boys? God forbid that we should. Let's erect two memorials, one here in Kentucky in the form of a building and the other at Washington in the form of The League of Nations and stop all wars in the future.

As I have a new ton Ford Truck, I am now prepared to haul small loads on it or large loads on my 1-1/2 ton service truck. Robert Ice, Shepherdsville.

Mt. Washington

The new Methodist Church was dedicated last Sunday with a very impressive service. Rev. S. H. C. Burgin read the 24th Psalm, followed by a prayer. His second lesson was

read from John's Gospel and his subject was "Looking for a Home". At the close of his sermon, he made it known that \$3,000.00 was needed to finish the indebtedness of the church and in a short time, this amount and an additional \$2.00 had been given, mostly cash subscription.

The building was then formally dedicated to the service of God followed by a prayer by Rev. J. C. Brandon, of Shepherdsville.

Dinner was then announced and the crowd of more than 1,000 was bountifully served with plenty of good things and some to spare.

In the afternoon, Rev. M. L. Dyer, of Woodbourne Avenue, Louisville, preached a splendid sermon and at the close, the ministers present came to the altar where the congregation gathered in a good old time Methodist handshaking.

The ministers present were Revs. S. H. C. Burgin and M. L. Dyer, of Louisville, J. C. Brandon, Shepherdsville, F. M. Petty, Jeffersontown, and W. L. Griggs, of Cedar Creek Baptist Church. The special songs by Miss Rebecca Parrish, Bates Bros. and the men of our choir were enjoyed by all.

We are justly proud of our new church and appreciate the kindness of every one who contributed to the success of our labors, either by their presence or in a financial way.

Largest Fish Ever Caught In Kentucky Waters

The largest fish ever caught in Kentucky waters was caught last Friday eve in Salt River near West Point, Kentucky.

It was giggered by Emmett Crenshaw and after 40 long minutes of hard fighting and worrying with him, he was landed by Steve Simpson (the best one in the state on landing big fish).

The fish was an Alligator Garr weighing 161 pounds, measuring 7 feet, 2 inches in length and 37 inches in circumference.

He was skinned and later will be remounted and with all probability, he will be at the Bullitt County Fair.

This fish had just devoured a 5 pound German Carp.

It was estimated by several that this young shark could easily devour a child 10 or 12 years old.

Last Tuesday was our birthday and just as we were feeling a little blue and lonely because of the empty nest, why, in came some relatives and in a few moments, an auto horn announced the arrival of others and on going to the door, why we knew it was one of those lovely "surprises".

Our dear friends and relatives to the number of twenty came with baskets and boxes of every thing that makes a perfect dinner, from roast and fried chicken to the cake and ices. Some tables were carried out under the trees (we were ordered to keep hands off) and the beautiful repast served by the merry matrons assisted by Mr. Will Beeler, who is a master in the art of carving and, by the way, Mr. Beeler brought us some of the first fruits of the tomato vines. Other friends who couldn't come sent tokens of love and so our anniversary was indeed a red letter day in our experience. To know we have friends who cared so much for our happiness aroused emotions too tender for words.

This day of happy associations passed all too swiftly, but the fragrance of its memory will abide forever.

School News

The school examination for white and colored teachers will be held here Friday and Saturday, Aug. 6th and 7th.

Get ready for it, any young or old teacher can easily secure a school in some county as most every county in the State is short from 10 to 25 teaches.

Prof. Chas. Hardesty will have charge of the school at Mt. Washington the coming year. The other teachers have not yet been selected.

Misses Carolyn Hackney and Kathryn Melton have been appointed to teach the coming term at Edgewood and Clermont.

Miss Claudia Duvall, teacher at Hobbs, spent the week end with her parents at Okolona, Ky.

Some of our teachers are not reporting as they should do to W. O. Kulmer, County Truant Officer. The new law says:

At the end of each week the teacher shall report to the Attendance Office the name and age of every child residing in her school district who fails to attend school as prescribed by law. It is the immediate duty of the Attendance Officer to investigate such cases. If non-attendance be due to neglect or refusal on the part of the parent or such person who has such child under constant control, it becomes the duty of the Attendance Officer to report such case or cases to the nearest court having jurisdiction and it shall be the duty of said court immediately to issue his warrant against the person having control of such child, and said court shall try said case as other criminal cases are tried.

Mr. Colvin says: Length of rural schools, six months or 120 days. Average attendance to these schools, 18 per cent. Kentucky pays for the attendance of every child every day in the school year. Heretofore, under our lax school attendance laws, the legal right to remain ignorant was annually granted to thousands of children.

Now you see Mr. Colvin is after us and we are after you, so you must get your little folks in school regularly.

Bullitt County has a Judge, County Atty. and a Sheriff that will do their part and no such excuse as "We don't like the teacher" will be accepted this year.

Some 15 to 20 families here and at Lebanon Junction paid from \$10 to

\$25 last year for not sending their children to school.

The State per capita for the coming school term has been fixed at \$6.10 or the same as the past year.

So many complaints have reached us about teachers in rural graded and high schools not teaching a full day that below we give a letter just received.

Dear Supt. Roby: Six hours actual work per day and twenty days per month are required of rural teachers and of other teachers, whether working in rural committees or in graded schools. Yours truly, Geo. Colvin, Supt.

Mrs. Laura Lee, widow of the late Orlean Lee, died at the home of her daughter, Mrs. Chester Hill, last Sunday after a very brief illness.

Article (not transcribed) regarding above. We want permanent peace and the peace and the League of Nations will bring it.

Building Good Road

Mr. Hoke, to contractor, who is building the pike is getting along very well and we hope will soon have the pike completed.

Fight with a Cow

While engaged in a scientific sparring match with Jake Buky's cow, W. C. Herps was painfully bored in the right hand.

The cow had attacked a colored child and Willie (Mr. Herps) went to the child when the cow went for Mr. Herps (Willie). Finally the cow became so positive and vicious that Mr. Herps had to catch her by the horns. He took the cow by the horns and held her until he could get a chance to retire in good order, his face to the cow.

Mr. Herps says cows should have their horns eliminated, whatever that

means, but Mr. Herps does not state where eliminators can be purchased.

The wound which the cow inflicted upon Mr. Herps is healing nice and does not in the least affect his ability to sleep or enjoy coca cola.

Mrs. Monroe Departs

Mrs. Mary M. Monroe, widow of the late J. B. Monroe and a former resident of this place, has gone to Portland, Oregon to make her home with her daughter, Mrs. C. C. McCrea, formerly Miss Louise Monroe.

Mrs. Monroe leaves a warm host of warm friends here who will miss her very much indeed. During the many years of her residence here, she took

a leading part in all that was for the uplift of the community. She was one of the most useful and active members of the Christian Church and in the sick room, she was truly an angel of mercy. No sick person failed to receive a visit from Mrs. Monroe and she always took some delicacy of her own cooking to tempt the appetite of the convalescent.

She was a fine cook, splendid housekeeper and good neighbor and loved to entertain her friends. We wish her much happiness in her new home and know she will never forget the good friends and loves ones left back here in Old Kentucky.

For Sale

A good black horse mule, broke to work in wagon or plow, 2 Duroc male hogs, eligible to register. H. C. Bohlsen, Shepherdsville.

Lawyers

Over in England, lawyers are divided into two classes; Barristers and Solicitors, but in this county they are all, or very nearly, all solicitors. The old lawyers used to stay in their offices and wait for clients, but now clients wait for lawyers, for they know they will be

around. It is a long fall and a far cry from the ethics of the old school, but just about everybody who is in the practice of law "goes after" with both feet.

Monday afternoon, quite a crowd of our citizens lined Main Street to watch a young woman break unbreakable mules. She is said to be connected with a circus, and she certainly rode the part. She rode them as they were brought to her, sidestepping none, and after she had subdued all in sight, she "took up the customary collection" and went away smiling. That young lady should be able to manage Jim Hardaway or some other refractory bachelor.

Death of Richard Moore

Richard Moore, who died at his home in the Knobs last week, was in his 64th year. In his early manhood, he was married to Miss Dora Stine and five children blessed the union. William Moore, the eldest child, died in infancy, but the other children, Mrs. Mamie Funk, Mrs. Maud Wooldridge, Fletcher Moore and Mrs. Emma Huber, together with the widow, survive the departed father and husband.

"Dick" Moore, in many ways, was a classic. He was the strongest man in his friendships the writer has ever known. There was no burden too heavy for him to bear for his friends. He was an honest, kindly hearted neighborly man, true to his friends, devoted to his home and loyal to his country. He was a Bullitt Countian to the manor born and loved the

Knobs as a child loves its mother. His entire life was spent there and at the close of life's day, his ashes were laid to rest in the beautiful little cemetery at Mt. Eden, whence so many of his friends and loved ones lie asleep.

Mrs. Laura S. Lee

Mrs. Laura Selby Lee, aged 76 years old, beloved wife of the late Orlean Lee, died at her home at Clermont, Saturday evening after a lingering illness of cancer and other diseases.

Many years ago, she united with the Belmont Baptist Church and has always been a faithful worker and devoted Christian.

She was laid to rest Monday morning in the Lebanon Junction Cemetery.

To the sorrowing friends and relatives, we extend our sympathy.

Cowboy Girl Rides

Just about the greatest fiasco every pulled off or perpetrated in this town was the exhibition of horseback riding given by the cowboy girl last Saturday. In the first place, the horse was as tame as the old family buggy mare and the mule which she led was also tame. Before she rode, the cowboy girl demanded her money, and a collection amounting to about ten dollars was taken up. It was a good thing it was done, for after looking at the rotten exhibition of riding, no one was in the humor to give anything. Such things should not be allowed. There was a big crowd in town and it was really amusing to see the people run from point to point to watch - nothing but a little rotten riding. The woman is said to belong to the circus which exhibited at Bardstown. She should remain with the circus, for she is no account in such exhibitions as she gave here, and people should not contribute to such miserable creatures. It encourages people who should be at work. If this so called wonderful rider is as good as she professes to be, she would not have to go upon the streets of small towns to earn a living. She could have a permanent place with some big circus. We hope we have seen the last of her. If she comes back, she should not be allowed to fool the people any more.

Mrs. Laura Selby Lee

In the death on Saturday evening, July 24th, 1920, of Mrs. Laura Lee, there went out into the unknown beyond, one of the most self-sacrificing and truly Christian lives that has ever been known in this county.

Mrs. Lee passed away at the home of her daughter and only child, Mrs. Chester Hill at Chapeze.

She was born on Nov. 30, 1843, near Elizabethtown, was married in 1880 to Mr. Orleans Lee, of Belmont, where she lived for almost forty years.

After the death of her husband, she remained at the old homeplace, mother and daughter together, whose devotion for each other knew no bounds. After her daughter grew up,

married and had a home of her own, mother went with her.

The death of Mrs. Lee came as a great shock to her daughter and friends, as she had been ill for some months past, but recently showed marked improvement and every hope was entertained for her recovery.

She first became violently ill at the home of Mrs. Wm. Raney at Lebanon Junction where she had gone for a visit a short time prior to her death. She was taken home at once and although everything was done to relieve her, she continued to grow alarmingly worse and from Wednesday till Saturday when death came, was unable to receive medical assistance, lapsed into unconsciousness and remained so to the end.

Of a once happy family, only one sister, Mrs. Bettie Morgan, of Elizabethtown, survives. Mrs. Morgan was ill and could not be at her sister's bedside.

Mrs. Lee had a large acquaintance. A good, kind friend and neighbor, and will be sadly missed, but all that mortal hands could do was done to save her. God chose otherwise, and her spirit took its flight from the sinful world to the beautiful realms of life.

May His grace sustain the daughter a few more years when she, too, will cross over and join her dear mother where partings are no more.

The funeral took place on Monday morning, July 26, from the Belmont Baptist Church, of which she was a member. It was one of the largest ever held here.

Services conducted by the pastor, Rev. Mr. Owen, were short

appropriate and most impressive after which the remains were tenderly away and laid to rest in Lebanon Junction cemetery beside those of her husband.

In death, they are united as in the memory here of friends and companions they dwell together.

Her paths were the paths of peace and gentleness. Her work finished, her journey ended, like a child, she closed her eyes in sleep.

Card of Thanks

We want to thank the many friends for their many kindnesses and help to us in our great sorrow and loss of Lou. Mr. and Mrs. Will Stillwell and family.

The past year the school census in Bullitt County was 2714. The total number of all children that enrolled in all schools last year was 2,267. Pretty good, don't you think. But listen, only 1521 of those children attended regularly, so the new truant law will be required to look after that ½ of the 746 splendid boys and girls that only enrolled, but never attended after that. Truck Train Coming

Advance committee representing the Louisville Truck Dealers Association is making arrangements for the visit of the truck train scheduled to come on August 21, 1920.

This motorcade is visiting the territory surrounding Louisville for the purpose of demonstrating the utility of the motor truck in the farm field. No sales will be made and no business will be solicited while on

this tour, as it is made for purely educational purposes.

It is a known fact that the pneumatic tired truck will accomplish what it takes four teams of horses to do, and that the truck does not consume anything unless it works, while it takes the product of five acres to maintain each horse, regardless of whether it works or not. - Etc.

A local committee consisting of Judge Bradberry, H. H. Combs, C. S. Morrison, Frank Goldsmith, O. W. Pearl, O. P. Means, W. T. Hill and T. C. Carroll will handle the details in connection with the reception of the modern caravan.

Death - Thomas L. Crandell

Reverend Thomas L. Crandell, pastor of the Methodist Churches at Lebanon Junction and Shepherdsville, died at his home, 1064 Lynnhurst Avenue, Louisville, last Friday afternoon after a brief illness.

"Brother" Crandell, was he was so affectionately called by almost everyone who knew him, was one of the oldest ministers in the Louisville Conference. He was been a minister for forty years.

During his ministry, he assisted in building thirteen churches, and it was one of the fondest dreams of his life to complete the church at Lebanon Junction and bring the number to fourteen.

He was born in Hardin County, Kentucky in 1851, where he spent his boyhood. Later on, he went to Louisville, where much of his life was spent, and where he did much good, hard work for his Master. This was Brother Crandell's second year on this circuit, and it is safe to say he would have been returned at the next Conference, had he lived. No one doubted Brother Crandell's Christianity. He was a friend to everybody, Methodist, Baptist, Catholic, Presbyterian, Christian, Episcopalian, Unitarian and pagan. He was friend to all mankind and everybody liked him.

He was a splendid preacher, forceful, eloquent and convincing, possessing much power and logic. He had all the wit of an Irishman, and loved a clean wholesome joke as well as any man. Brother Crandell was regarded as one of the best businessmen in the Louisville Conference. He looked after the financial end in way which many ministers cannot grasp and as a result, his collections were always in full.

Brother Crandell was a many sided man, and one of his most pleasing gifts, if we may so term it, was his fondness for children and his ability to please and charm children. He made friends with all of them.

He leaves as immediate survivors, his widow, Mrs. Bunnie Crandell, of Louisville, one son, Dr. L. A. Crandell, of Princeton, W. Va., two brothers and one sister.

In uprightness of daily walk, unyielding fidelity to his God, love for fellow man and usefulness to those with whom he traveled the great highway of life, we shall not soon again look upon the equal of

Thomas L. Crandell. Peace to his ashes and sweet be his well earned rest.

Dissolution Sale

In order to dissolve the partnership in Main Street Garage property, all of said property will be sold in the next few days. Lot and improvements on corner of Main and Second Street. Etc. O. W. Pearl, J. S. Bell.

Circuit Court

The August term of the Bullitt Circuit court will end this week after a quite busy term. Judge McCandless has demonstrated in a marked degree, his eminent fitness for the office of Circuit judge. He is as fair as a judge can be, is well versed in the law, courteous and affable toward attorneys, witnesses and litigants and hurries court proceedings along just as much as possible, consistent with the due administration of justice. We do not go without the bounds of truth when we say that Judge McCandless is one of the best circuit judges in Kentucky and should he announce for another term, (and we trust he will) he will have no opposition for it will be of no use for any man in this district to oppose him.

Shepherdsville Gains

Shepherdsville had in 1909, 277 and in 1910, 318 and in 1920 has 520, which was a gain of 202 in ten years.

Shepherdsville is the second oldest town in the state and is nearly 50 years older than Louisville and we have heard old men say that in 1820, it was a population of nearly 2,000.

Lebanon Junction, which had a population in 1900 of 599, and in 1910 a population of 807, now has

882, which was a gain of 75 in the last ten years.

At Shepherdsville and Lebanon Junction, nearly as many people live outside of the town limit and are not included in the population of the town.

J. Lewis Williams

Since coming to the office of Commonwealth's Attorney, J. Lewis Williams, has made himself immensely popular with all classes. To begin with, Lewis is one of the best, most social fellows on earth. Is a good official, industrious, studious, attentive to his office, and always anxious to see that justice is done. He is a fine lawyer, splendid speaker and is fine a good prosecutor. When he believes a man is guilty of a heinous crime, he prosecutes ably and fearlessly, but if he knows it, no innocent person is prosecuted in his court. Lewis Williams is a self-made man, and people are beginning to awaken to the fact that he had made a very good job of it. Up in this end of the district, the people are beginning to form a true and accute (sic) estimate of J. Lewis Williams and if he stands for reelection, it goes without saying that he will get a big vote in Bullitt. He deserves an endorsement.

Marriages

Kuhn - Bridwell

Miss Evelyn Kuhn and Mr. C. Porter Bridwell were married Wednesday, August 18th in Shepherdsville, Kentucky. Rev. Carter Luton officiated. Miss Kuhn is the daughter of Mr. and Mrs. H. A. Kuhn of Buffalo, New York. The Kuhn family once lived here, but left about two years ago for their present home.

Mrs. Bridwell is a beautiful and highly accomplished young woman and during her residence here made many warm friends who will be charmed to welcome her back as a permanent resident of our town.

Mr. Bridwell is the son of the late Samuel Bridwell and is one of our most highly respected young men. He is an overseas veteran, having been stationed in Germany for some time. He is prominent in Masonic circles and is a favorite in social circles.

For some time, it has been suspected that Dan Cupid was carrying some important messages between this happy young couple and people wondered and guessed when the happy day would dawn, but no one knew and Porter and his fair young sweetheart kept their secret well and so when the day finally came, it caught all the gossip and news dealers off guard. But all the world loves a lover, and we "all" love Porter and his wife and everybody is

wishing them a long long life of unalloyed happiness and few troubles as they make their way along life's great highway.

Hall - Smith

Miss Ora Dell Hall, of Bethel, and Mr. Omar Smith, of Brooks, were married in Louisville on August 17. Mrs. Smith is the only daughter of Mr. and Mrs. Mage Hall, and one of Bullitt's most popular young ladies. Mr. Smith is a son of Mr. and Mrs. J. W. Smith, of Brooks and a popular man. They will make their home in Louisville where Mr. Smith has a good position.

Their many friends join The Pioneer News in wishing Mr. and Mrs. Smith a long and happy married life.

Davis - Roby

Miss Mabel D. Davis was married last week in Louisville at the Broadway Methodist Church to Mr. Bernard Roby, of Solitude, and after a six weeks bridal trip through the west, will probably make their home in Louisville.

The bride is the daughter of Mrs. Lena Roby Davis, formerly of Owensboro, Ky. and is a beautiful young lady. She is well known and well liked in the east section of this county while the groom is a fine young man and is the oldest son of Mr. and Mrs. A. J. Roby of Leaches.

The Pioneer News extends congratulations.

Trip to High Bridge

Mr. and Mrs. Oscar Kulmer and daughter, Ethel Mae, Mrs. Violetta Thompson, Misses Lavena Kulmer, Geneva Swearingen, Messrs James Thompson, Gussie and Will

Swearingen made a delightful trip via Bardstown, Fredericksburg, Springfield, Perryville, Danville, and Harrodsburg, arriving in Shakertown at 1 p.m. Luncheon was served, leaving for High Bridge, arriving there at 2 p.m. where a delightful hour was spent on the Kentucky River, leaving there at 3 p.m., arriving back in Springfield at 4 p.m.. Supper was served, leaving for Shepherdsville, arriving there at 9:30 p.m. A very enjoyable day and one long to be remembered was spent by each one in the crowd.

Frank Bell has returned from a visit to his brother, George Bell, of Kansas City, Missouri.

Miss Fanny Bell Melton is visiting friends in Shepherdsville.

James Bell, of Florida, is visiting relatives here.

Miss Meta Riley Cooper gave an ice cream supper at her school house August 14, which netted her about \$100.00. The proceeds will be used to equip the school with proper furnishings and to start a library. The exciting feature of the evening was a beauty contest, Miss Ruth Thornsberry winning the prize of a box of candy, after much excitement over voting. The box candy, I'm told, brought about \$90.00. Our personal opinion about these contests in school affairs has been expressed before, so we only ask, "Do the ends justify the means?"

Two ministers who made an unexpected call at Beech Grove school recently told me Miss Meta Cooper has the best drilled pupils they ever way in a country school.

The picnic at Cherokee Park by and for the Editorial Staff of the Jeffersonian was a most enjoyable affair. It was held at Gaulbert Pavilion near Big Rock, the most beautiful park and was attended by a large crowd of correspondents and their friends. A basket dinner was served at 1 o'clock on the gallery of the pavilion and at 3 p.m., a program was rendered. In the absence of the editor, Mr. Hummell, who was ill, the Associate Editor, Mr. Jones presided with grace and dignity. Mr. Marriman, county agent, spoke on encouraging the "Community Spirit" and papers by Mrs. Benegor on tact in Gathering News; by Mrs. Holsclaw on Brevity in the news letter; by Mrs. ---- on Why the Jeffersonian should be in every home and a beautiful poem by Miss

Lula Barnes was read by Miss Weibel. Ice cream and cake provided by the editor was served during which Miss Stutz rendered music and Miss Abby Risinger recited. Those who went on the street cars were met at the entrance by motor cars and returned in the afternoon. A severe storm coming up kept us later than usual. Long live the editor of the Jeffersonian.

Colored Boy Scouts

The Colored Boy Scouts of Louisville have been in camp near the Fair Grounds for a week. About 40 boys and men were in camp and the regular Boy Scout program was carried out in detail. The boys were a courteous and well behaved bunch of fellows and showed the splendid benefits of their training as Boy Scouts.

Special interest attaches to this camp because of the fact that it was the first Colored Boy Scout camp held in the United States. The White Boy Scouts have been having camps for several years. The Boy Scout organization in Louisville is getting to be a strong one, having in its membership about 2,000 white and colored boys. The organization numbers about a half a million in the United States and is a great power for good in the training of future citizens.

The boys were the guests of the Bullitt County Fair one afternoon and enjoyed themselves immensely. The Boy Scout organization, through Messrs A. T. Benson and R. M. Wheat, of the executive staff and the boys themselves expressed deep appreciation to Mr. H. D. Shaffer, President and Mr. J. W. Barrall, Secretary, and the Board of

Directors for the courtesies extended.

Good Work

Last Monday, a horse belonging to Mrs. Maggie Welch got its foot tangled in a barbed wire fence above town and severed an artery. A couple of the colored boy scouts who are encamped back of the Fair Grounds, under the charge of R. M. Wheat, happened along, extricated the animal, applied tourniquets to the bleeding limb and applied first aid in a very skillful manner, after which they turned the case over to Dr. Smith.

This is only one branch of many in which the boy scouts are trained and the manner in which these lads performed is certainly commendable and credit to their instructors.

Poem

In loving memory of my dear husband, W. L. Hall, who died Nov. 1, 1919. Signed, Edna

An Aged Democrat

Over at Belmont, Grandma Skaggs case her first vote and it went right under the rooster. She is 98 years of age, and while she is rather young to be dabbling in politics, we understand that she was just as deliberate and steady as some of the older ladies. Three cheers for Grandma Skaggs and long may she live to vote for principle and justice as against deception and disloyalty. Grandmother Skaggs is old and infirm and could not go upon the stump and explain her cause as well as some men, but in her vote last Tuesday, she showed more real Americanism than the so called great leaders of the Republican Party.

Card of Thanks

I wish to thank the many friends and neighbors for the kindness and favors shown me during the sickness and death of my sister, Mrs. Joe

Tucker. Signed, Mrs. Maggie Tucker.

J. R. Ball has gone to Whitfield to begin the new school house. He will board while there with Mr. James Tinnell, trustee.

Well, just come and see our new bridge and the splendid fills on either side. Then, open your purse and give liberally to pay for it.

The recent entertainment at Hebron school was ideal in every way, except the young man present were not as liberal as might have been expected. However, a ??? sum was realized and everybody had a good time. Mr. V. A. Beam, of the Willys Electric Light Co. brought a dynamo and strung the building and grounds with brilliant lights which contributed much to the occasion. Prof. Sanders, as auctioneer, was fine, and there was little room for anything but praise the teachers and pupils. The cakes and pies contributed by patrons and friends were perfect in their various types and didn't bring their full value. Let us have more occasions like these.

Mr. J. W. Ferrill, of South Park, who is hauling logs from Mr. Hackney's farm, lost a valuable horse by it the culvert near McKen??? farm and fracturing a leg. This place has been a menace for a long while and should have been repaired long ago, or at least had a danger signal placed. There are two holes in the road near here.

We are sorry, with many others, to hear of the death of little Leola Owen. She was a bright little girl and will be missed. As long as she could talk, she told the ones who were around her bedside not to cry. Christ says, "Suffer little children and forbid them not to come unto me; for of such is the kingdom of heaven." We sympathize with the sorrowing ones. We know there are broken hearts God along can heal. Leola was the daughter of Mr. and Mrs. Herman Owen. Death was caused by diphtheria.

School News

Mr. Hines, from Brooks school, is the first parent this year to have a fine to pay for not sending his children to school.

W. O. Kulmer, the County Attendance Officer, went to see this man and tried to get him to promise to send to that school, but he refused to start them at once but insisted that

the law was a "farce". Later, he was arrested and brought here by Sheriff Burr Harris and last Friday Judge Bradbury and T. C. Carroll read to him the new law and he pled guilty and paid his fine.

The two children, 7 and 10, started to school Monday.

The County School Board met here Monday and awarded the building of the new school room at Whitfield to Mr. J. R. Ball, of Zoneton. Joe Ball is a first class contractor and will erect a good substantial house for the children of that district.

A feature of the week was the exercises for the County class on Thursday evening at which diplomas were given 54 pupils. Prizes for the highest average in the 1920 county diploma class went to Miss Minnie May Combs for leading the January class and to Miss Mary Dell Barnes for finishing first in May.

The Bullitt County teachers voted unanimously to co-operate with the county community for the purpose of raising funds to erect a suitable memorial for our dead soldiers.

Charles Fillmore Troutman

Mr. Charles Fillmore Troutman, one of our best and best know men, died at his home here last Saturday morning at 1:30 after an illness of more than one year. The cause of his death was cerebral hemorrhages.

After brief but touching service at the Methodist Church, conducted by Rev. Carter Luton, the remains were taken to Louisville and buried in Cave Hill Cemetery by the Masonic Lodge of this place, of which the deceased was a Past Master and was for many years secretary.

Surviving Mr. Troutman are his widow, Mrs. Ada B. Troutman, two sons, Woodford B. Troutman and C. F. Troutman Jr, one brother, R. L. Troutman, and three sisters, Mrs. Mary Meredith, Mrs Emma Combs and Mrs. Ida Carroll, all of this place.

Charles Fillmore Troutman was born in Bullitt County, Kentucky, on the 6th day of June, 1856, the son of Michael and Sophia Troutman. He was for many years the junior member of the well known firm of Troutman Brothers, of this place, and for many years was the Cashier of the Bullitt County Bank. On October 6th, 1892, he was married to Miss Ada Bates, daughter of the late Dr. D. M. Bates, whose good name for years a household word in Bullitt County. To this union were born three sons, two of whom survive him. The other and eldest son, Millard Troutman, sleeps "over there" in France, having lost his life in the great World War. There was not more loyal man than "Phil"

Troutman, nor one with more patriotism, and from the very moment our country entered that struggle, his heart and sympathies were with the entente allies. With a self abnegation which may have been equaled but never surpassed, he advised his eldest son, the idol of the home, to enlist in the cause of Liberty for all mankind and with breaking heart, blessed his boy and sent him away to become a soldier in his country's cause. When the sad news was flashed back that Millard Troutman had been killed in battle, Phil Troutman was a heart-broken man. His heart was set upon welcoming back his boy - his boy who had fought so bravely and gloriously, and this was denied him, there was nothing ahead but heart broken sorrow and death. A few months after the news of his son's death, he received a paralytic stroke and was a helpless man until his death. There is much to be said in praise of Phil Troutman. He was one of the most generous men in Bullitt County. He was a public spirited man and above all, a home loving man. He was at all times solicitous for his friends and ready to lend a helping hand.

When the writer's father died, and he was preparing to go back to the old home and comfort his mother, Phil Troutman came to him and said, "I do not know condition your finances are in, but when you go home, just draw your check for what you need and you haven't the funds in bank sufficient to meet the check, I'll see that it is honored." That was characteristic of the man; he was a friend under all conditions. His whole life was spent here in Bullitt County where he first saw the light of day. He was closely identified

with everything which sought to better his town and county and gave liberally of his time and money to all worthy causes. The crowd which filled the Methodist Church to overflowing and the many beautiful floral tributes of loving friends, fully attested the high esteem in which he was held. Several years ago, he became a member of the Methodist Church and died with a Christian's faith. Somewhere in that better land, beyond the chilly tides of death's cold stream - somewhere beyond the ken of mortal ones, father and son have been reunited - somewhere in that land not made of hands, spirits of the heroic son and heart broken father await in the eternal sunshine of Paradise the coming of the loved ones left behind them.

G. L. Heitzman, Misses Lela and Margaret Heitzman, of Crestwood, spent from Thursday until Saturday with their aunt, Miss Carrie Pawson.

Jim Hardaway has been criticizing the way the baby was handled in the play last week. He says it looks as if the players lacked experience. Well, Jim has been playing with his brother, Jess's baby so long that he considers himself competent to raise a child, but shucks, wouldn't you like to see Jim administering castoria and catnip tea and other soothing lotions to a baby who was simply shaking the rafters loose with it's yells? Of course, after Jim has helped raise a family of children, he will be in a position to say when a doll baby has been properly handled, but at this juncture, we consider him one of the rankest of amateurs.

Miss Pearl Rush has gone to Lewisport, where she will teach school for nine long dreary months. They may not be long or dreary so far as she is concerned, but to a certain young gentleman in this burg, the time will drag as heavily as the head line of a big sein. (sic) In the meantime, Jack will be right in town with his pockets full of rocks.

Misses Deane, Bratcher and Saunders will board with Mrs. Edith Cochran while here. A casual glance convinces us that we have a splendid faculty. When the last one was broken up, it seemed as Prof. Jack would be unable to get another one, but he has gotten together another, which looks mighty good to us. Here's to our school and its teachers. Let's give them our undivided support and they will give us their best efforts. Let's encourage them in every way possible, and we shall get out of our school all that we put into it. It is the big institution in our community and deserves the support of everybody. There is just one Jack Saunders and we have him. Let's said him and his corps of splendid

teachers all we can and we shall not regret it.

Mrs. Maggie Sanders, meaning Mrs. Jack Sanders, of course, is surely deserving of much praise for the admirable manner in which she trained and taught her actors and actresses for the play last Friday night. She had all sorts of difficulties to overcome and almost everything to contend with, but she did all was necessary and more and no one was more pleased with the success of the play than she. She is a most capable little woman and you just cannot lose her. At the organ or piano in church, in the chapter room, sick room in the choir - anywhere, everywhere, she is there ready and capable of doing her full share in the best manner possible.

From old Bullitt County Friend

J. W. Barrall, Dear Sir:

I am sending you check for your paper and the Louisville Times. We all look for the News for it is just like a letter from home.

Well, Jim, I have caught fish here until it looked like a shame to pull them out of the water, but I cannot quit fishing. I go out with pole and line and in 2 or 3 hours catch anyway from 50 pounds to 100 pounds.

I started a small grocery store Dec. 2, 1919. I have been gaining trade ever since. In July and August, my business run about the same as it did in Shepherdsville when it was at its best.

I see Jeff has gone into the auto business. Tell him to write and let me know how he likes the business.

Tell everybody howdy. With best wishes to you and family, Yours truly, J. B. Buky.

Work on Streets

For several weeks, the Town Board have been putting rock on the streets patching up the worst holes which is a good move as the streets were in need of repair. We hope they will keep the good work going until the streets are in good order.

A trip to Mammoth Cave

A crown chaperoned by Dr. and Mrs. L. S. Settle started one morning in a large truck from Mt. Washington. We started at about 6 o'clock and traveled all day. Although the means of traveling was rather rough, none of us can say anything except that we enjoyed the trip immensely.

The crowd consisted of young people, chiefly, but a few older ones were along. Our driver was Harold Barnes, commonly called Jack and one of the most skillful drivers to be found, also the jolliest and most big-hearted fellow ever.

The first town of any consequence that greeted us was Bardstown. While on the outskirts of that town, we got a splendid view of Nazareth.

We took special notice of St. Joseph's Church. The exterior the building is beautiful and we were told that the interior far surpasses it. A French king, Louis Phillippe, was protected by this church ??? European war and when he regained his throne, he presented it some grand ?? paintings, then valued at \$10000? each and a most wonderful bell, which on a still summer's day, can be heard over the surrounding country, a distance of ten miles.

The next town we came to was Balltown, the old home of many moonshiners, then New Haven and between these two towns were the peaceful Knobs. The scenery through there was beautiful. Some of the cone shaped hills were so arranged as to resemble stair steps and there were the broad valleys below and the houses sheltered at the foot of the hills.

Beyond New Haven was Athertonville, where John Barley Corn was once quite prominent, but he holds sway there no longer. His doors were locked and his house was indeed still.

The next point of interest was Muldraugh's Hill. The road leading to the top is long and wide, winding and sheltered by the over hanging branches of the many trees on the hillside, making a beautiful drive. It was two and one half miles long. Upon nearing the top, one can look far down into the valley below, where the houses have diminished to less than half their actual size and the trees to bushes. We noticed the old road almost straight up and down, over which many a sturdy Kentuckian has gone in his big wagon drawn by strong oxen.

Who could help comparing the old way with the new? When I recall some of the innumerable disadvantages with which our late ancestors had to contend, I thought how blessed we are and still not content. Yet, we can not change our human nature. If all were perfectly satisfied here on earth, what need would there be of heaven?

About noon, we passed through Hodgenville and stopped for lunch a few miles beyond there, near a nice farmhouse.

After leaving Hodgenville, we passed through no real town until we reached Mumfordsville, a very nice town on the fertile banks of Green River. Over the river is stretched an iron bridge of very unusual length and before crossing it, we were obliged to stop and pay toll. The man who keeps the toll gate informed us that we not so very far from Cave City and "The Mammoth Cave is about twelve miles from that". Does not that sound something like we have heard of the Green River country? However, all the strangers we met were very polite and friendly.

We passed on the outskirts of Horse Cave, an ordinary sized, busy-looking town and from there into Cave City. Before we reached Cave City, we met a jolly bunch of rural school children on their way home. Being a teacher myself, they were a pleasant sight to see.

We soon left Cave City and just as the sun was sinking through the trees, we drove into Mammoth Cave Hotel grounds with glad spirits and tired bodies.

There were many people at the Cave walking about or sitting on the hotel.

The accommodations there are very good, a good hotel run by white people and a splendid dining room managed entirely by negroes.

It was not long after supper until time to take route 2 through the cave. There are four routes. We were very eager for it. The girls dressed in middies and bloomers was necessary and at 7:30 all started to the cave. We descended a very long hill, the entrance being at the bottom. We walked two abreast, each couple carrying a light???. Unlike one woman, we didn't wish to wait until daylight so no light would be needed.

I shall not even think of describing Mammoth Cave in detail. It would take too much space in the Pioneer News and we do not want to be that selfish.

The mouth of the cave is wonderful, being as large as the side of a house. The cave was discovered in 1802 by a man named Hutchens chasing a bear.

We noticed, not far from the entrance, the saltpeter pipes which were used in the making of powder in the War of 1812.

There was a little chamber all to itself called Olive's Bower. It contained a very large stalactite (sic) growth at least a foot in diameter. It was alive, being fed by the dropping water, an inch forming each century.

In one long avenue were a number of stone rooms, called Consumptive's Cabins. Fourteen consumptives were taken there for their health. One died after being there a short time and the others died soon after being removed.

No one who saw the Star Chamber could ever forget it. We sat down on comfortable benches, extinguished our lights while the guide went below into a pit, leaving us in total darkness. Darkness in the cave is real darkness, morning, noon and night. The reflection of the guide's light on the ceiling, which was composed of sulphate of soda, made it appear to us that we were sitting between two great converging walls, looking through the top opening at a cloudless, starlit night sky, a comet could be discerned among the stars.

The guide requested us to be perfectly still and wait for the sunrise, whereupon he kept going further away from us, until the rays of his lantern were barely visible and he was lost to our view. When all was quiet and still, we heard faintly the crowing of a cock. Then following, the bleating of a lamb, the bawling of a calf calling its mother, the trotting of a horse, a farmer calling his dog, which seems to come barking and bounding anxious to do its master's bidding, the meowing of the house cat for his morning greetings, ending with a few cross spats at the dog. All this time, the light was gradually approaching us and finally came into full view, just as the sun bursts upon us from behind a hill at daybreak.

Other interesting things were the Methodist Church, the Water Clock, which has ticked out many a long century and the Devil's Cooling Pool just below Joseph's Pit. The guide refused to tell the name of the pool until all the ladies had a drink. Perhaps he acted wisely.

We came out about eleven o'clock, tired, but full of pure thoughts about the great work of nature.

We awoke the next morning, refreshed and ready for route 1. We started at 9 o'clock. There were so many very interesting things to do on this route, I do not know which to mention.

Skin Head Alley was rather hard on the tall folks, they having to walk for some distance in an uncomfortable, stooped position to keep from actually skinning their heads. While Fat Man's Misery was a trial to stout ones, it was narrow winding path between high bulging rock. It was about a quarter of a mile long.

We crossed the River Styx and Purgatory Slough. These were black, somber, ugly looking pits of water, thirty feet deep. We crossed on a bridge. Just below here was Echo River. We took a pleasant row up the stream singing all the while. We were quiet when the guide made some odd sound and oh, the echo was heavenly. It sounded like music. Who would not loved to have heard Jenny Lind when she sang on that river?

The Echo River is black water from Green River. It is thirty feet deep and 360 feet below the surface of the earth.

After disembarking from our flat boats, we went to the Mammoth Dome, which is 300 feet from top to bottom. The great columns there appeared to have been fashioned by man, but the skillful hand of nature did it all.

Somewhere in this vicinity, before reaching the River, is the Scotchman's Trap. It is a huge rock, about a foot thick, leaning against the wall, and threatening to fall any minute. One must stoop and pass under before getting through here. A

certain Scotchman refused to do so, lest the rock fall and pen him in on the other side. Hence, the name.

We climbed the famous Corkscrew, retraced a little and once more entered the realms of daylight at 1 o'clock.

In the late afternoon, we went in our truck to the Great Onyx Cave, which is four miles from the Mammoth. If the Mammoth Cave is one of the seven wonders of the world, truly the Great Onyx is the eighth.

It contains thousands of stalactites, stalagmite and helectite growths and gypsum formations. The entrance is surely unequalled. It is awe inspiring. Most of these growths are crystalized and when the light is held between them, they are very translucent. They are various shapes and sizes. One in the entrance represents an elephant's ear. It is the exact shape and size of that animal's ear and is in the same position as if it were attached to its body. There is also a rat in a gnawing position and other animals, all of which are quite natural.

One could not starve in the Great Onyx, for there hangs the breakfast bacon, there stands the perfect jelly molds, and there lay the nicest potatoes in the hills. The macaroni also is in the factory.

If one suffers from the toothache, there is the dental parlor at hand, though the teeth are hanging from the ceiling. There are thousands of them.

The flower garden has all but the odor. It contains lilies, just burst into bloom, daisies and other flowers perfectly formed.

In the jewelry shop are rings, spectacles, necklaces and every thing imaginable. Nearly all of these things are pure Onyx.

It would take a genius to paint with his facile pen these perfections of Nature's skill and even he might fail. The best description I can give is the poet's definition of Love:

Something so divine, description cannot make it less;

Something we know, but can't define;

Something we feel, but can't express.

We dreamt that night of fairy grottos leading to heavenly flower gardens and magnificent Onyx chambers decorated with gypsum.

We set out on our homeward journey early the next morning. We traveled the same road on our return, with a few exceptions that we had gone over on our way to the Caves. We stopped a while at Lincoln's Farm to see his birthplace, drank from the spring where he first drank; but even thoughts of the great Lincoln could not drive out those of the Cave's wonders.

Before we visit foreign territories, let us see the great things in our own good state. Kentucky is more wonderful than we realize, even if politics are exciting and the moonshine is the stillest, etc. Kentucky is the best place, outside of Heaven, the Lord ever made.

Signed, Virginia Foreman.

Judge A. E. Funk

yields to the Grim Reaper. The people of Bullitt County were shocked last Wednesday morning when the sad intelligence was flashed over the telephone wires that Judge A. E. Funk was dead at his home at Brooks Station. He died in the early morning hours after an illness of about two weeks. His trouble was heart disease and acute dysentery. Thursday, his mortal remains were borne to Hebron Cemetery and interred there after brief service at the home conducted by Revs. Thorpe and Lloyd.

Judge Funk was born in Bullitt County on the 14th day of June, 1859, and was at the time of his death, fifth nine years, three months and eight days old. He was a son of Robert Funk and spent his early life near Mt. Olivet. He was educated in the common school of Bullitt County and Bardstown, and was a man of splendid educational accomplishments. In 1894, he was elected as magistrate in the Shepherdsville district and served with distinguished ability. In 1913, he was elected Judge of the Bullitt County Court and served four years in that honorable and responsible position, filling it with ability and retiring from it with an unsullied reputation.

Judge Funk was twice married. His first wife was Miss Victoria Holsclaw, daughter of the late William Hardin Holsclaw. Two children were born to that union, Mrs. Edith Gober and Mrs. Irving Sanders. Some years after the death

of his first wife, he was married to Miss Eugenia Holsclaw, sister of his first wife. He is survived by his wife, seven daughters, Mesdames Edith Gober, Ora Sanders, Ernestine Atterbury and Cecil Queenbury, Misses Verna, Clara Linn and Ursa Funk, and Messrs A. E. Funk Jr, William Funk and Muir Funk and two brothers and one sister.

“Rade” Funk, as he was known all over Bullitt, was a man of brilliant mind and much ambition, both latent and patent. He was a splendid speaker, witty and eloquent and rendered yeoman service in his party’s behalf in many hard fought campaigns in Bullitt County. There is much by which he will be remembered as the fleeting years go by, but his most distinguishing trait or characteristic was his undying devotion to his wife and children. His whole married life was one long season of absolute devotion to the huge task of educating and caring for his children, and he performed that task well and creditable. His baby, Muir Funk, has been at Georgetown College two years, and Judge Funk was looking forward to the time when his last child would finish school and the stupendous task completed. From his immense peach orchards, he had sold enough fruit this year to pay all his indebtedness and place him on his feet and with his splendid farm at Brooks, covered with good crops and his large family of children either married and in homes of their own or making their own way the in world, it seemed that the declining years of his life were to be spent in a well-earned rest, but just when the summit was in view and the hopes of a lifetime were about to be realized, the dark shadows of death fell across

his pathway and the unseen messenger called him away from his lived ones and left his home in sorrow and gloom. There is tragedy in every death, but if we consider the work performed by Judge Funk, if we consider what he had accomplished, how nearly his work was completed, his sad and untimely death was tragedy indeed. But death takes no account of our labors, neither performed nor those which lie ahead and the work which Judge Funk has almost finished will fall upon other shoulders. His earthly labors have been finished. He has left the world a better place than he found it. He leaves behind him ten splendid, bright-minded, confident, accomplished children, well educated and equipped for life’s battles and he has left to them a record of labors performed of which they may well feel proud.

We tender to the stricken ones our sympathy and we feel that their great loss is one which is shared by our entire county.

Kind Friends

Meet Mr. McAllister, the new Big Chief of the Republican hosts of Bullitt County.

Big Mac is six feet, three and weights around 275 pounds, about the same size as candidate Warren G. Harding.

We opine that both were chosen on account of possessing the proper dimensions required by the GOP for jumping on the martyr invalid of the White House.

Mr. McAllister come here from Nelson County. He spent seven years in the Revenue Service, all of which time he was not standing up,

nor on a “hunger strike” as you will observe.

The late National Republican Convention granted the Negro of the South full Representation and equality in all party councils.

Big Mac is a large party and a capable Real Estate and insurance man, but you got to admit, that in attempting to reunite the white Republicans and culled ladies of Bullitt into one harmonious voting organization, that he has some contract on his hands.

School News

Misses Ethel Wise and Ada Monroe, the popular young teachers at Cupio gave an ice cream supper a few weeks ago and made more than \$100 and best off, they have one of the best schools ever had in that section of the county.

John Barrall has just finished some repair work at the Sunny Side School.

Miss Mary Weller, the teacher at Victory, with the help of the attendance officer, Mr. Kulmer, easily made their quota last week to the Soldiers Monument Fund.

Mrs. Vernon Jones, one of the most prominent women of Leaches, died at her home near Victory Monday after a lingering illness of several months.

Warrants have just been issued by Attendance Officer, W. O. Kulmer, for several more parents who are not sending their children to school regularly.

We have received books and clothing for poor children from several of our districts and other are still trying to help in this worthy cause.

The following were the first to report: Mesdames H. M. Trunnell, Fred Rush, John Chambers, Nick Hall, Herbert Cundiff, J. H. Sanders, Lindsay Ridgway, C. P. Bradbury, Clarence Dawson, W. A. Armstrong, R. N. Masden and Golden Masden.

The committee from Mt. Carmel sent us \$5.00 in cash to be used to help poor children this winter. This school is being taught by Miss Elizabeth Cash, of Belmont.

Miss Willie Mae Ridgway gave a splendid entertainment at her school last week, which was well attended. The cake for the ugliest man (after a heated race between J. W. Hardaway and Sed Bell) went to Mr. Bell, while Mr. Hardaway consoled himself by the simple statement "That he believed the right man won."

Miss Ida Mae Greenwell also gave a pie supper at her school in the Hays flats last week. One of the largest crowds that we have ever seen was on hand to help and the young men who had been in the Army did their best to put her school over the top and this they easily succeeded in doing.

Additional schools reported their contributions:

Hays School, quota, \$53, reported \$58.

Cedar Grove, quota \$41, reported \$65.

Cedar Glades, quota \$30, reported \$30.

Kind Friends

Shake hands with Mr. W. F. Joyce, Chief Button Hander Outer for the Republican party in Bullitt County.

Billie is one of those who was born a Republican and expects to die a Republican. Poor Chap - he's hopeless.

However, he is one of the most intelligent and capable Republicans in this county.

For a quarter of a century, he has done yoeman service for his party without reward.

Once, he was an applicant for carrier on a mail route under a Republican administration and although he passed the best examination, the job was given to a well know Democrat.

They already had Bill, and they might book the Democrat. See.

It remained for the Democrats to recognize the sterling qualifications of Bro. Joyce, and to honor him with the office of Town Marshall of Shepherdsville, an office which he has filled with great credit.

We have naught to say against Billie Joyce. He is one of the cleanest and most deserving Republicans in the county.

BUT - To the Ladies and other First Voters, those of you may have a laudable political ambitions - let us point you to Billie Joyce as a living Example of the base ingratitude of the Republican Party in Bullitt County.

On October 4th, I commence business for myself, hoping to serve my friends in a more satisfactory manner. On October 5th, in order to give them even better service, I took in my life-long friend, Clarence Dawson, as partner. I am now glad to welcome you to our new location on Main Street. J. Everett Smith.

The Preston Street Pike

The contractor has finished building 3-1/8 miles of splendid pike from Shepherdsville to Brooks Run on the Preston Street Pike, recently contracted by our Fiscal Court. Lack of funds belonging to the County made it impossible to construct another mile, leaving 4-1/2 miles of miserably rough road the balance of the way to the Jefferson County line. Public spirited citizens knowing that nothing further could be done without raising private funds are undertaking to secure at least \$2500.00 in donations to build another stretch of pike like that already built that reach from the Jefferson County line to McKenzie and Betis Store, a difference of little

over one mile and covering the worst part of the pike and for the further purpose of repairing that part of the road between that point and Brooks Run to which point the new pike has already been built. If this can be accomplished, a smooth road all the way from Shepherdsville to Louisville will be secured.

The Preston Street Pike is the most used and the most important road in Bullitt County and if the above sum can be secured, the Fiscal Court will appropriate a like amount and the road work above described can be done at once. The contractor will be obliged to move his machinery from the county without doing this work unless the above sum can be pledged or paid not later than next Saturday morning, the 9th instant, and this opportunity will be lost. Every person is hereby solicited to donate without delay and to come forward and do so without further request as the time is so short it will be impossible for solicitors to call on all who must give to make the road work a sure thing. The funds given will be turned over to Fiscal Court to be used as above.

Subscription papers are in the hands of Dr. G. W. Kirk, Nat Maraman, Jas. W. Hardaway, H. H. Combs, C. F. Troutman Jr, J. F. Collings, Will Jenkins and others.

The following pupils were on the honor roll for the first month for attendance and punctuality: Mary Lee Maraman, Gladys B. Engle, Ida Mae Brown, Cora B. Snellen, Marjorie Purcell, Julia Maraman, Virgel and Tom Lewis Coakley, Tom Raley, Robert Easton, Herman Maraman, Geo. Maraman, John Raley, Logan Murray, Franklyn McCubbins, Willie Brown, Patterson McCubbins, Brunton Purcell, These pupils are all in the six lower grades.

Our music, under the supervision of Miss Rush, is making rapid progress. An expression class is to begin its work soon and Miss Engle will have charge of same.

Miss Grace Wise, one of our freshmen, was ill a few days recently, but we are glad to know

that she is again able to be present at roll call.

Three cheers from the citizen of Belmont to the members of Russellville College in honor of the fact that the Bethel College has gained one of our High School pupils of last term. G. F. Conner has taken up the work there that he began here last year. All reports from there made by him are in favor of the college. Rev. Burns will begin a series of sermons at Little Flock Wednesday night of this week.

We are proud of the attitude of our Hebron teacher in regard to the memorial to our dead heroes. Instead of having a beauty contest or pie supper, she is teaching her pupils patriotism by appealing to noble impulses and has appointed committees of pupils to solicit free will offerings. Is it honoring the dead on "Flanders Fields" to have value received for every cent we contribute? Suppose in the midst of hour hilarity, one of these dead soldiers should step in.

School News

Tom Carr, of the Mt. Carmel School and Milton Weir of the Bullitts Lick School were each fined in Judge Bradbury's court here Saturday for failure to send their children to school regularly as is now required by the new state attendance law.

Since these fines frequently fall on parents that are the least able to pay them, we hope that the public will aid us in creating school sentiment as much as possible so that we may

get delinquent children in school instead of getting their parents in court.

Miss Myrtle Hornbeck, a well known lady of this place, opened the school at Sunny Side Monday. There a few better teachers in Kentucky than Miss Hornbeck, and we are glad to have her return to the school work.

Pleasant Grove

Pleasant Grove service flag has been framed which shall ever be a reminder to us of the great victory won by the aid of those for whom the stars stand. It seems remarkable that among the fourteen stars, there are no gold stars. It seems remarkable, with the exception of two, that our boys are among us physically and mentally as strong as they were when they left us, even though some of them were in the great battles. While we are proud of our flag, we hope and pray that the world has learned its lesson and never again will give occasion for presenting such a flag. May this be the last and therefore, an everlasting memorial of abiding world peace.

Some time ago, Charlie Shoptaw, of "Mountain Top" started squirrel hunting and when had gotten some distance from the house, he was surprised to find that he had been accompanied by the large Maltese Tom cat which dwells in and about the Holsclaw domicile. Reaching the woods, Charlie soon found a squirrel and shot it. As it fell, he was surprised to see the cat rush in and

seize it. As a rule, cats will run when a gun is fired, but this cat proved an exception, and shook the squirrel just as dogs do and soon killed it. Charlie has been offered a good price for the cat, but has indignantly spurned all offers. A good squirrel cat is hard to find. The cat is bound to be better than a dog, for it can climb a tree as well as a squirrel, and when squirrels lodge in trees after being shot, the cat is all to the mustard as it can go right up there and throw the squirrel down, whereas the dog can only sit on the ground and bark.

School News

The most patriotic gathering of loyal people that could be found met last week at the Clermont School and under the leadership of Mr. Knight and Mr. Hess, made almost \$100.00 for the Soldiers Fund.

This was done in the absence of the teacher, Miss Melton, who was seriously ill at that time and who took sick after the entertainment was announced.

This is the largest amount made by any district this year of equal size.

Trustees J. M. Havy (sic) and J. E. Quick are having some repair work done on the school building at Brooks.

Contractor Joe H. Ball will some have the new schoolhouse completed at Whitfield and the School Board will offer for sale the old building as soon as the new one is completed.

Mr. Lee Bradbury and Mr. J. L. Laswell have qualified as trustees at Belmont School to fill the places of John R. Hill and Dr. Murray.

The school at Oak Grove has just sent a cash donation of \$2.00 for poor children. Besides, Mrs. Clarence Dawson and Mrs. Walter Armstrong bought us lot of good clothing, also Glendale and Sugar Valley has just sent a nice lot.

Through the efforts of a few of Bullitt County's good women, 33 poor children were completely dressed up for winter at the office last Saturday and Oscar Kulmer can fit up a boy as quickly as a clerk in an up-town clothing store.

We are indeed thankful to all who helped us make this move a success for these eight poor families.

Mrs. Blanche Cundiff gave one at Beech Grove and the teachers at Bardstown Junction held theirs the same night. We have not heard the results of any of them, but are hopeful that all were successful.

The Box Supper which was given at Brooks was a success in every way. A cake donated by Miss Wilma Hatzell for the most popular girl was won by Miss Bessie Elliot and brought \$69.50 (looks like)

The box supper at Mt. Elmira was a success and Miss Elsie Rusch was the most popular young lady there.

Halloween Party

Mrs. Edith Cochran entertained quite a number of her friends Halloween eve, complimentary to the young ladies who are stopping at her house. Many interesting and entertaining games were played during the evening and the silvery thread of conversation remained unbroken throughout the evening.

Misses Crenshaw and Bratcher performed very artistically on the piano and in addition to her clever work on the piano, Miss Bratcher sang several selections with much effect. She has a very sweet voice and will prove quite an addition to the musicians of this community.

Among those present were: Mesdames Edith Cochran, Fletcher Smith and C. F. Troutman Jr., Misses Mantie Bratcher, Ruby Dean, Zollie Swearingen, Fannie Belle Melton, Nadine Melton, Bertha Trunnell, Nancye Trunnell, Helen Burkholder, Margaret Combs, Ethel May Cochran and Eunice Crenshaw and Messrs Gustavus Swearingen, C. F. Troutman, Myron Combs, Harry Hyman Combs, Theodore Combs, Floyd Weller,

Jimmie Hardaway, Thomas Stallings, Ralph Henderson, and Robert Zimmerman.

Mrs. Cochran was voted to be an ideal hostess and the guests betook themselves homeward trusting that she would not make that party her last one.

Voted at 82 years old

"Yes! I am a Democrat. Send a machine for me at 3 o'clock", quoted Mrs. Martha Wells Rouse of Solitude. Mrs. Rouse will be 83 years old February 12, 1921. She comes from a long staunch family of Democrats. Her sons, James V. and Will S., are leading Democratic politicians.

Needless to say, the machine arrived promptly driven by her great nephew, Wayne Harris and she proudly cast her vote.

May her dear children, as the twilight gathers and the evening stars think of Memories dearly treasured, but fondly laid aside by this dear "little Mother" with greatest love and respect proudly say to her "she did her duty well."

Mrs. Sarah O'Brien

The death of Mrs. Sarah O'Brien occurred at her home in this place, Tuesday evening. Burial took place today in St. Louis Cemetery, Louisville after services at the Catholic Church in this place. In a more explained article, we shall give full particulars of the death of this good mother, friend and neighbor in our next week's issue.

Mrs. Mary A. Gill

Mrs. Mary A. Gill, (nee Rennison), aged 76 years old, died at her home here Wednesday, Nov. 3, of old age.

She was married to Andrew Gill in 1859 and had lived all her life in this county. She had been a member of the Christian Church for 50 years.

She leaves three daughters, Miss Lillie Gill, Mrs. Emma Lee and Mrs. Leila Triplett.

Funeral services were conducted at her home Friday by Rev. Lloyd after which the remains were laid to rest in the Hebron Cemetery.

First Women to Vote

Mrs. Everett Smith and Mrs. Frank Monroe have the honor and distinction of being the first two women to vote in Shepherdsville.

Mrs. Fred Hatzell was the first woman to vote at Brooks. All three of these women are Democrats and are proud of the fact. Mrs. Hatzell is the daughter of the late S. F. Hatzell, who was a life long Democrat. She is proud to know she lives in a white man's state.

Women Voters

The women have voted. At last, the stupendous task which rested upon the shoulders of a few consecrated women has been accomplished and women have the right of suffrage. And she went to the polls and cast her vote, and did it quietly and well. The number of spoiled ballots was surprisingly small and most of those can be charged to the men.

The entrance of women into the political arena will not be followed by disaster but blessings. She will purify politics and make the country cleaner and better. She will grace and adorn her new position as she has the church and school and in a few years, the people will wonder why she has not been voting all the time man has had the ballot. Upon

all great moral issues, women can be counted upon to vote right. That the women will divide upon politics just as the men have goes without saying. But their coming into politics means a decent election and better and more efficient officials.

Time was when a slick politician could take a plug of tobacco and some booze and convince men that he was the man for the place, but you cannot fool a woman that way. The women of Kentucky, who prize and appreciate the right to vote, owe a great debt to Miss Laura Clay and Mrs. Madge McDowell Breckenridge. They were the first to take up the fight in Kentucky and there never was any lull in the fight. Under the most disheartening circumstances, they fought on and both have lived to see the fight won.

Mrs. Breckenridge, the most eloquent women in the south, almost sacrificed her life for the cause, and is today in poor health as the result of the many sacrifices which she made from time to time.

The Pioneer News congratulates the women upon the intelligent manner in which they cast their first vote and predicts here and now that in the years which lie ahead, they will make splendid use of the ballot so recently placed in their hands.

In Memoriam

In memory of Lou Peal Hibbs, who died in London, England, November 7, 1918, of the flu, while in the service of his country. Was brought back to this country and buried in the sacred soil of Old Bullitt December 18, 1918. His heroism and sufferings shall never be forgotten. Stricken in a foreign land, he suffered and died there, alone,

without the tender touch of a mother's hand or the soothing sound of a sister's voice. He gave his all for his country and the great cause of Universal Liberty.

Around and upon his last resting place, the beautiful flowers of Summer bloomed, and threw upon the whispering zephyrs their fragrant perfumes and there, too, the golden sunbeams came to beautify and adorn the earthly couch of the heroic dead and in those Mansions, Eternal in the skies, we know his immortal spirit has found an abiding place many times brighter and more beautiful than the lovely robes of Summer which nature placed upon his sylvan couch in the little cemetery at Cedar Grove.

Serious Accident

While working around a hay press the latter part of last week, Mr. Walter Armstrong was seriously injured by having his clothing caught in the machine. He wheeled over and over keeping time with the fly wheel on the gasoline engine and but for the quick thinking of George Osborn, who shut the engine down, Walter's career might have come to a close right there. Extricating himself from the machinery, Walter jumped in his machine and drove to Tom Hibb's, using just one hand to steer the machine. Tom brought him to town and Dr. Ridgway dressed his injuries.

His right arm was pretty badly hurt, his head was bruised, and his left side and back were bruised and lacerated considerably.

It would have killed anyone else, but three days after the accident, "Walt" was looking after his farms and other business as usual.

Walter's many, many friends and admirers will be glad to know his injuries were not more serious. He is one of the real hustlers and live wires of this county and numbers his friends by the number of people who know him and everybody wants him to succeed.

Breaks Ankle

Mr. Dick Straney, a prominent farmer, broke his ankle while he was working at a saw mill near his home and while moving a log it turned and broke his ankle. He was attended by Dr. Kerr and is resting easy. His many friends hope to see him out soon.

All accounts are totaled and the books are at my residence so will be glad for all debtors to come and settle with my wife. G. S. Patterson.

Death of

Mrs. Sarah Hardy O'Brien

Mrs. Sarah Hardy O'Brien, widow of the late Wm. O'Brien, and proprietor of the well known O'Brien Hotel of this place, died at her home here on the evening of November 9, after an illness of more than three weeks. On Friday, after impressive services at the Catholic Church conducted by Ref. Father Pitt, her remains were taken to Louisville and buried there in St. Louis Cemetery.

Mrs O'Brien, daughter of Mr. and Mrs. Joseph Hardy, was born on Cox's Creek in Nelson County, November 2, 1842. She was married to Wm. O'Brien in 1857 and to that union were born fifteen children, eleven of whom grew to maturity, but when she was summoned by the invisible messenger, but three were living, Miss Maude O'Brien of this place, Claud O'Brien of Decatur, Ala and Eugene A. O'Brien of Louisville.

Mrs. O'Brien was a remarkable woman in many respects. She was real remarkable for her great industry and indefatigability. She was remarkable for her charity and Christian piety. Her long life was one of unremitting toil and great usefulness. She was a home lover. Almost her entire life was spent in her home at work. Her success in

conducting her hotel was due in a large measure to her industry and close attention. Religiously, she was a staunch Catholic and died prepared for death. But she never argued religion, and her hotel was patronized more by Protestants than Catholics. During her last illness, all that skill and affection could do, was done, but the sands of life had become exhausted and seven days after her seventh-eighth anniversary of her birth, in the second hour of the evening, she passed from this vale of sorrow to that home which was prepared for those who live as she lived and died as she died. For more than three weeks, her only living daughter, whose devotion to her aged mother was almost super-human, a splendid nurse and the family physician had done everything that could be done to preserve her life, but in vain. At the end of the long, long day of her life when the shadows of death gathered about her couch, she was ready. As the ripened leaf is gathered unto the harvest, as the colors of the summer sunset pass away before the hades (sic) of twilight, so passed the spirit of Mrs. O'Brien.

She raised and cared for more children than any other person who has lived in She in the past 70 five years (sic). She reared a large family of her grandchildren. She fed the hungry, she clothed the naked, she added all she could to the sum of human happiness, and when her work was done, she left the world better than she found it. The beautiful flowers, sent by those who loved her, and the many friends who called during her illness and after her death, attested to the high esteem in which she was held.

Attired in a beautiful burial robe, and tenderly laid away in a beautiful steel casket, moistened by the tears of her dear ones and covered by beautiful, elegant flowers, all that was mortal of the good Mother, Friend and Neighbor, was borne to the little church of which she was a devout and model member, and there funeral services were held. It was just such a funeral as she would have desired: the casket, the flowers, and the service were just as they should have been, her boarders, and each of them considered her as a mother. The sympathy of the community is extended to the bereaved children and grandchildren and especially to the faithful daughter who has given the best years of her life to the care of her mother and who was heart-broken and disconsolate when the end came.

School News

Letter sent to County attendance officer, W. O. Kulmer by Supt. Geo. Colvin thanking him for fine showing Bullitt County is making in school attendance.

It has only been necessary to bring a very few cases this year before the County Judge, but in every case, a fine has been promptly assessed.

County Attorney Carroll, Sheriff Croan and Judge Bradbury held a court of inquiry here last week to determine, if possible, where liquor is being obtained by some of our boys and young men.

Mrs. Chas. E. Funk, trustee at Mt. Olive, was here Monday.

Mr. Earl Armstrong was kicked by a horse last Saturday and is in a bad condition at St. Anthony's Hospital where an immediate operation showed perforated intestines. He has only an even chance for recovery. We have since heard he has died.

Mrs. Mallie Lee Anderson died at her home in Louisville Friday after a lengthy illness of several weeks.

She was well known and prominently connected in this county and was born near Belmont.

Miss Nellie Polk, formerly a teacher in this county, was called home from Kansas City last week on account of the death of her mother, Mrs. Nathan W. Polk.

Samuel Ridgway, who is now attending College at the University of Kentucky, is being given a try out on the 1920 basket ball team of that

school and his many friends here will be glad to see him succeed.

Shepherdsville 22, St. Mary's College 12 was the score of the first game of basket ball this year by the local high school boys. The local for this year are: Summers, Ashby, Monroe, Wiggington, Weller, Walker, Stallings and one or two others.

Total raised by the schools for the Soldiers Memorial Fund - \$1,700.68.

Misses Maud O'Brien and Essell Hoffman have returned from the city where they spent a few days. Miss O'Brien will reopen the O'Brien Hotel December 1 and will take care of all transients as usual.

Death of Earl Armstrong

Earl Armstrong, son of Mr. and Mrs. Robert Armstrong of this county, died at St. Anthony's Infirmary Monday morning of this week after an operation which was performed in an attempt to save his life. With his wife, he was visiting in the home of Mr. Ambrose Skinner in the Knobs and while feeding a horse about dusk on last Saturday evening, was kicked by the horse he was feeding, his intestines being perforated. He was taken to the home of Mr. Skinner and apparently was not badly injured, but on Sunday morning, he began to suffer and a physician was summoned. The physician realized the great danger he was in and had him removed to Louisville where he was operated on, but it was to no avail. On Monday morning, he passed away. On Tuesday morning his remains were brought to Shepherdsville and on that afternoon, after brief but impressive and touching services at the Baptist Church conducted by Rev. Carter

Luton of the Methodist Church, all that was mortal of the departed husband was buried in Hebron Cemetery. The death of Earl Armstrong was more than usually sad. He was just twenty one years and two days old. Just two years ago, he was happily married to Miss Christina Skinner and with youth, strength and industry in his possession, and the girl of his choice by his side, life was to him a happy, happy dream. He was a young man of sterling qualities and much promise. The large concourse of people who attended the services at the church, filling it to overflowing and the many beautiful floral designs were feeling tributes to the popularity of the deceased. We extend our deepest sympathy to the parents of the unfortunate young man in their great loss. They have the sympathy of all and the heartfelt sympathy of every one goes out in double measure to the young widow. She was a school girl here and our people learned to love her for her bright face and sweet disposition and in her great sorrow, they mourn with her as she faces the future and its many trying ordeals. May that God who "plants His foot upon the wave and rides upon the storm" comfort and keep her as she mourned he loss of her departed companion.

Martha Devers

Martha Elizabeth Devers, little daughter of Mr. and Mrs. Devers, died Tuesday morning from the effects of a severe burn. On Monday, she was standing before an open fire when her clothing caught fire. The fire was extinguished almost immediately, but the injury was great enough to cause her death.

She was three years old, bright and pretty, the idol of her loving parents and a favorite with all who knew her. She was buried on Wednesday in Hebron Cemetery, after services at the home. We tender to the bereaved young parents our deepest sympathy. No words of ours can dry their tears or heal their broken hearts, but in that better land to which the spirit of their beloved little daughter has been called, there is One who can comfort father, mother and little baby sister and console them and He will dry their tears of grief and comfort them in their great sorrow.

Death of Robert L. Dawson

Mr. Robert Lee Dawson, one of Bullitt County's oldest and best known citizens died at Pitts Point on the afternoon of December 12, after a very brief illness of paralysis.

Mr. Dawson was the oldest son of the late William Dawson, whose wife was Miss Margaret Lee, both members of two old wealthy pioneer families of that section and at one time were the largest land owners in Bullitt County.

The deceased was born near where he died on August 11th, 1846 and on October 23rd, 1871 was married to Miss Rena French, who survived

him with the following children: Mrs. A. C. Viers, Mrs. Harce (sic) Padgett, Mrs. Chas. Howlet, Mrs. Herman Lee, and Miss Mary Dawson, of Louisville, Frank, Lee and Joe Edd also three brothers, Wm. and J. B. Dawson, of Louisville, C. J. Dawson of this County and one sister, Mrs. Robt. Lee of South Louisville besides a number of other relatives and friends.

Mr. Dawson was himself a large land owner and one of the most accommodating farmers and neighbors to be found. He was liked by both young and old and anything that pleased the rest was all right with Uncle Bobby, as he was well known to the young people in his community.

Mr. Dawson very seldom left home and his greatest pleasure was in spending his entire time with his loved ones. We have never seen a more devoted husband and father than he.

R. office at Brooks and had them billed to Louisville, but on Monday morning, the agent called Sheriff Croan and wanted him to come down and change the bill of lading as two boxes of raisins had disappeared out of the lot, but Sheriff Croan flatly refused to change the bill.

Notice

Reduction in Trucking. Owing to the fact farm products have depreciated in value to a greater extent than other commodities and appreciating that many are now operating as a loss, I have decided to make a substantial Reduction in Trucking Rates to take effect at once. While operating expenses have not declined, yet I feel it is up to all of us to help bear the Farmers Burden

while drifting back to Normalcy. I am prepared to handle live stock, farm produce and other freight, promptly and carefully. Phone me day or night. No. 23, Fred Harshfield. Shepherdsville.
