Christmas Eve Killing

This town was shocked on Sunday evening, December 24, about 5 p.m. when the news came that Jas. Marcum, aged 55, had shot and killed his neighbor, Tom Goldsmith, aged 65, in Goldsmith's horse lot.

Marcum was brought here and lodged in jail Sunday night about 10:30. Marcum and Goldsmith had been neighbors and friends for several years and thought to be on the best of terms.

Marcum was given an examining trial Wednesday, December 27th and held to the Circuit Court without bail.

The evidence was that Mr. Marcum, wife and daughter had visited Mr. Goldsmith and family Saturday night and left in the best of humor. Sunday morning, Mr. Goldsmith and Marcum had gone to attend to some business matters together, there being no trouble whatsoever.

Sunday evening, about 3:30, Mr. Marcum, wife and daughter and a hired man passed Goldsmith's place, Marcum and wife got out of the machine and went near the fence calling Mr. Goldsmith from the woodpile, where he had gone to get a back log, and shot him in the breast, using a single barrel shot gun. Goldsmith only lived a few minutes.

The remains of Mr. Goldsmith were laid to rest in the Mt. Eden cemetery Tuesday. He leaves a wife and several children.

Mr. Goldsmith and Mr. Marcum were both well to do farmers and the killing cast a gloom over the entire neighborhood.

Mrs. Marcum and the hired man, by the name of Dennison, were arrested Saturday and held on examining trial Monday and were held under \$2000 bond each. Later, Mrs. Marcum gave bond. Dennison failed to give bond and is still in jail.

Editorial

1922 was murder year in Bullitt County.

Within seven months, two cold blooded murders were committed in our county. One man was shot in his field on Sunday while salting his own cattle and the red handed murderer with Lee Middleton's blood on his soul is still at large.

Such things should not be, and the only way to stop it is to condemn the black hearted, bloody souled men who do such things, and let them forfeit their own lives. Unless a halt is called, Bullitt County will be considered one of the bloodiest counties in Kentucky.

We've taken down the Christmas bells and holly wreaths, and in their place hung the beautiful new calendars. The one from the Okolona garage is so far the prettiest (as it matches my walls) and the one from the Bullitt County Bank is the most utilitarian, hence it hangs over my writing desk.

Sorgumville

Hello, Mr. Editor, as I have not seen anything in your paper about this

neck of the woods, I thought maybe you don't know it was in Bullitt County, but it sure is. It is right down in the Northwest corner and if it had been one fourth mile further North, it would have been in Jefferson County and I would have to be a Republican or I couldn't get no public work and I would of starved to death. Well, I would rather be a dead Democrat than a live Republican. I want to tell you this is a fine place to live. When you get here, you can't get away.

The town has one saw mill, one sorgum mill and God knows how many moonshine stills.

Mr. Rufe Able has moved to Paul Brashear's bottom farm. He is going to whistle for Paul's mill this year, we think. We can run this by gas. Paul Brasher, Rufe Able, Henry Sanders, Elvin Beghtol and others can surely furnish enough gas.

Mr. L. B. Samuels and son, Elmer, of Louisville, spent Sunday with Elvin Beghtol.

I sure agree with you all about Sunny Side, the best people in Bullitt County live there. If Mrs. Samuels and Mrs. Defler had lived there when I was a boy, maybe I could spell cat without the K. Well, I had better say my prayers and go to bed, so here it goes.

Now I lay me down to sleep, while bed bugs and fleas all over me creep;

If one should bite me before I wake, I hope his dog gone jaws will break.

From Mayor of Sorgumville.

Mr. John Gaban and Mrs. Gaban will leave for Ft. Pierce, Fla., next Wednesday, where he will make his home if he can find a suitable location. Mr. Gaban is one of our best citizens and while our people regret their leaving, they wish them every success in their new home, and we beg to assure them that there is always a welcome awaiting them in Old Bullitt.

Letter from Geo. Colvin, State School Superintendent, outlining teacher requirements.

Letter

To J. W. Barrall, accompanied by a check for subscription to the Pioneer News.

My dear Mr. Editor: Why haven't you sent me a dun? Do you expect a fellow just to come and hand you the spondulicks?

I waved my hand at you last Fall as I was making my get-a-way out of the state, but I had her in high and was giving her the gas and was not afraid but what I could get by should you have tried to halt me. We had been for a week up around Lexington and came to Shepherdsville by Harrodsburg, Springfield and Bardstown, and ten miles this side of Bardstown turned down through cedar glades, over hills, rocks and ravines and finally reached Shepherdsville over the damnest roads in Kentucky. You people have some of the finest scenery in the world, why don't you make some roads so a fellow can see it?

Yours, S. W. Johnson.

Dr. Johnson, the above writer, was born and raised near here, after graduating in medicine, he located in Sullivan, Illinois, where he has lived and made a fortune as well as friends. About 14 years ago, he was elected Mayor and has been reelected for his 4th term. Here is to Doc, long may you live and prosper.

G. W. Maraman

George W. Maraman, one of the best known men in Bullitt County, died at his home at Salt River, January 29th, 1923, after an illness of two days. His death was due to a stroke of paralysis which he sustained while at his store on Friday, January 27th. On Tuesday, January 30, his

remains were laid to rest in Hebron Cemetery after services at the home conducted by Mr. William Ruedemann.

Mr. Maraman was a son of the late Henry O. Maraman, for many years a prominent and prosperous citizen of this community. He was married to Miss Sue Swearingen, daughter of the late Clark Swearingen, of Leaches, on the 16th day of November in 1876. Had Mr. Maraman lived until the 24th day of February, he would have been seventy-five years of age. He was born in 1848, and was thirteen years of age when the Great Civil War began.

While his parents were in good circumstances, he was taught at an early age the value and importance of thrift and industry, and the lessons thus learned in his early youth clung to him through out his long, busy and successful life. In his dealings with his fellow man, he was courteous and kind. His friends were legion. To his friends, he was loyalty itself. In 1891, with his brothers, H. L. Maraman and W. J. Maraman, he erected the present splendid and commodious store building in which he was doing business when the last summons came, and it marked the dawn of a better day for Shepherdsville. For fifty years, he was closely connected with business and social life in Shepherdsville. Measured and judged from every angle and view point, he was high above the average as a man and citizen. It was not in his store, nor yet upon the street, nor in the gay throng that he was seen at his best. It was in his home with his invalid wife that his strong, manly qualities shone forth in all their brightness. There in the quietude of his home with the sweetheart of his young

manhood, the one who had been his constant companion for almost forty-seven years, the sharer of his joys and sorrows, his business cares were laid aside and he was all tenderness and patient. The outside world has never known of his self abnegation and his wonderful devotion to his afflicted wife. He was the last member of his father's family to answer the last call. He is survived by his widow, Mrs. Sue Maraman, one daughter, Mrs. Geneva Henderson, four sons, Conrad Maraman, Horace Maraman, Henry Maraman and Roy L. Maraman, all of Bullitt County, and all at his bedside when the end came. The many beautiful floral tributes, and the large number of friends who gathered at the home where the funeral services were held bore testimony to the high esteem in which he was held. To the bereaved ones we tender our sympathy, especially to the grief-stricken wife whose loving and watchful companion has been taken from her side. May He who marks the sparrow's fall and guides the destinies of mankind, comfort and sustain her in dark hours of sorrow.

Sunny Side School

Miss Martha Hornbeck, teacher at Sunnyside, closed her school Wednesday, January 24th, after teaching a very successful term with good attendance. Several visitors were present on the closing day, and enjoyed the songs that were sung and the games played. She gave all the children a nice treat.

Miss Hornback has taught three successful schools at Sunnyside and in that time we have learned to love her so much that we regret when each term of school closes. We have had a splendid Sunday School and

BYPU since she has been with us and her help will be greatly missed. We all join in wishing her success in the future, hope to have her visit us often and to have her with us again this year. Sunnyside BYPU

Mrs. Mary Smith Shaw

On Thursday, January 25, 1923 at 6:30 o'clock in the evening, Mrs. Mary Smith Shaw, at her home in Belmont, fell peacefully and sweetly into that long and dreamless sleep, no pain, no suffering, just a passing from that time to eternity.

Her death was caused by a cancer from which she had been a sufferer for two years. Her condition, however, did not assume a serious nature until five weeks prior to her death, and although conscious of her failing powers and approaching dissolution, no word of complaint or impatience ever escaped her lips.

Mrs. Shaw, or "Grandma" as she was affectionately called, was one of the dearest and sweetest Christian characters that every lived in this county and her passing away has cast a cloud of sorrow and gloom on all. She was a kind, loving, devoted wife and mother, loyal to her friends, and no one can ever take her place in their hearts.

Little children loved her and always found a warm welcome in her home, for although she had passed her eighty-first milestone, she had a heart that never grew old. She was never so happy as when doing good for others. Was a member of the Baptist church to which she gave liberally of her means, and

generously of her time until the hand of affliction fell upon her.

The ending of such a life calls neither for sorrow nor tears, but rather for the bugle note of triumph, the shouts of victory. Would that we could see it thus.

In 1865, she was married to Mr. Henry Shaw of this county, and in all the long years of their married life, she was his constant companion.

Besides her husband, she leaves six children, three sons, Morgan Shaw of Middlesboro, Warren and Will Shaw of Belmont, three daughters, Mrs. Maggie Cundiff, Mrs. Effie Cundiff of Beech Grove and Mrs. Mattie Joyce of Louisville, all of whom she recognized until the day before her death when she sank into a stupor and remained so to the end. Twenty-six grandchildren and nine great grandchildren also survive. Rev. Richard Cundiff, pastor of the Belmont Baptist Church being a grandson. One sister, Mrs. McConothy survives also. The funeral services were conducted at the church by the Rev. Mr. Norman of Shepherdsville. His words of condolence were kind, sympathetic, and impressive. The remains were laid to rest in the pretty little family grave yard just a short distance from the home of the children at Bardstown Junction, there to await the Resurrection Morn.

To the heartbroken husband and children, we offer every condolence.

Chair Bound

Mr. Frank Thomas, the eminent Jefferson County murderer, who has the scalps of three unfortunate dangling at his bloody belt, has been escorted to Eddyville and placed in a death cell at the penitentiary there until sometime during the week beginning February 4th, when he will be placed in the big electric chair and given an overdose of too much electricity, which is believed will cure him of his murderous habits. Right on his heels comes Mr. Weick, who waylaid and murdered an innocent man whose only crime was the possession of a wife who had caught Weick's fancy. We believe the electric chair was especially designed for such men as Weick and Thomas. They richly deserve all the current the electrician can send through their bloodstained bodies. They have forfeited their right to live and associate with their fellow men.

New Bank Building

In this issue, the Bullitt County Bank announces the fact that it will begin business in its handsome new brick and stone banking house on Saturday, February 24.

The architects who designed this building are Messrs C. C. & E. A. Weber, natives and residents of Kentucky, with offices in Cincinnati. They are architects of wide experience and planned numerous modern bank and school buildings

throughout Ohio, West Virginia and Kentucky, including the beautiful and up-to-date home of the Marion National Bank of Lebanon, Kentucky and the splendid High School Building of the same place. (Mr. W. E. Weber of this firm served two terms in the Kentucky Legislature from his district, one of them with our Senator J. Robert Zimmerman) To the skill and experience of the architects in planning the building have been added the ideas of the bank officers and directors in making it one of the best suited and most helpful and serviceable for public use. The general contractors are Jenkins-Essex Company of Elizabethtown, Kentucky who built the modern bank building completed last week for the First Hardin National Bank of that place.

The Bullitt County Bank's building is of Bedford stone and pressed brick on two street sides and of common red brick on the other two; it has an asbestos roof and is so constructed as to be practically proof against fire, especially from the outside. It is 85' by 64' and there are eight rooms for rent on the second floor. It occupies one of the most public and convenient corners in town.

The entire first floor is taken up for banking purposes, most of the space being devoted to the use and accommodation of the bank's customers and the public, the remainder for the occupancy of the bank's working force in serving them.

On the first floor is the vault, which provides safe protection of the bank's records and cash and the securities and valuables of its customers against fire, robbers and

burglars. In it are for rent safety lock boxes in which may be safely kept valuable papers, jewelry and other articles, the property of the renters. Many tons of concrete and specially prepared steel are used in the construction of this vault, and so secure is it that in this part of Kentucky there exists no other vault nearly so strong except one in another county and some in Louisville.

Entry of the vault over night by burglars is impossible and those persons most uneasy and restless concerning the safety of their cash, securities and valuables have no grounds for the slightest fears if they are on deposit in it. It provides an exceptional opportunity for safety for those who need it, and close to home.

The character of the building and its equipment and conveniences is some evidence of the measure of the esteem held by those connected with the bank for the people of Bullitt County, to whose use we dedicate and present it, and of their appreciation of the business of their customers, both present and future.

In Loving Remembrance

In loving remembrance of my darling baby, Gladis Louise Paul, two long years have passed, O can it be the last of my dear baby. I deeply feel, O how I loved her. But God loved her still and some some bright day I will meet my dear baby never to part no more, but how I miss you, my dear little Louise, O how I miss those sweet little smiles, that little voice I loved so well and them sweet little arms so often clasp mother's neck, and those sweet little blue eyes, had to close in death. But mother will live in hopes to meet her dear baby never to part no more. A precious one from us is gone, but her voice we love is still, a place so vacant in our home which never can be filled. But O how hard it was to give her up, but God needed one

more little bright angel to join his band and he came and clasped Dear little Louise's hand and O how lonely it is to me to think of living in this world without dear little Louise. Signed - A sad broken hearted mother, Mrs. Tom Harris.

Emma Melle Harris

Friday, February 2, at 4:30 p.m., another dear one was called from home and community to her home above.

Emma Melle, daughter of Maurice A. and Pearl Buky Harris, after an illness of several months, quietly fell asleep.

Her life so short and full of promise, cut off when her future seemed so bright and happiness assured will remain in the memory of friends as a monument of her patient, cheerful Christian character during her time here on earth.

Just 23 years of age on Sunday before she left us, quiet and unassuming in her manner at all times, loved and esteemed by her associates and few social affairs were considered complete if she were absent.

All the months during her illness, fruit, flowers, etc came daily from friends and cards and letter from distant friends, all interested in making the time pass pleasantly while she was shut in.

Her appreciation of each remembrance never waned. She was always studious; attended Normal School at Bowling Green, High School in Louisville, taught successfully here and at Waterford and a year ago took a business course at the Spencerian, but was never able to accept a position.

The Pioneer News, 1923 - J. W. Barrall, Editor
Transcribed From Microfilm by Edith Blissett in the year 2005

One unusually sad feature of her going was that it followed so closely the death of her older sister, Mrs. Isalene Troutman, who passed away with such little warning last August.

The devoted parents of these two have the deepest sympathy of their many friends.

The one remaining sister, Marianna, who was pal as well as sister, left nothing undone that could help in any way to make her last days peaceful, ready at the tap of the bell day and night to minister to every need.

Every visitors name was recorded and at Christmas a card expressing her appreciation was sent to each one.

During all her illness, she was never heard to rebel but never lost her desire to recover if possible.

Funeral services were conducted by her pastor, Rev. W. X. Coakley of the Baptist Church Sunday at 11 a.m. at the Methodist Church; he spoke feelingly and sincerely of his association with the family and comforted them with the assurance they have of her eternal home.

Tho the day was disagreeably cold and gloomy, the church was crowded; many coming quite a distance to pay this last tribute of love to her memory.

The bereaved father, mother, sister and little niece, Stuart Troutman, will feel the absence of this loved one for many weary days, time alone easing the aching void in their sorrowing hearts.

But we have these comforting words to sustain us; "Blessed are the dead who die in the Lord" and know that she was in reality one of these.

Signed, Aunt Lillian

Mrs. Nannie R. Lewis

Mrs. Nannie Roberta Lewis, widow of the late N. L. Lewis, died at her home in West Point, on the morning of January 30 and was buried the next day at the Brashear burial ground in lower Bullitt. She is survived by three children, Mrs. Elizabeth Stanfield, J. B. Lewis and N. L. Lewis, and she also left four brothers, Robert Ridgway, Dr. S. H. Ridgway and Lindsay Ridgway of Bullitt County and Ben Ridgway of Breckenridge County.

Mrs. Lewis was a daughter of Capt. J. W. Ridgway and Mrs. Carolyn Brashear Ridgway. All of her single life was spent in Bullitt County, but since her marriage, she lived mainly at West Point.

She was a devoted wife, mother and sister, a self-sacrificing neighbor and

loyal friend. She was a home lover, and her life was spent in her home. She was born in 1857 and was but sixty-five years of age when the summons came. Shunning ostentation, she was modest and retiring, but in the home of her neighbors and friends, when sickness and sorrow were there, she was ever present and every ready to do what she could, and she was one of the best loved women of her town.

To her devoted children and brothers, we extend our sympathy in their sorrow. We know the strong affection which bound them together and the grief which followed the breaking of love's sacred ties.

Card of Thanks

We gratefully acknowledge the expression of sympathy and kindness shown us by friends and neighbors during the illness and death of our husband and father, Geo. W. Maraman.

Especially do we appreciate the respect shown by the businessmen of our town by closing their respective places of business during the funeral.

Signed (Mrs.) Susan Maraman & family.

Fire

Last Monday, the splendid home of our friend, L. N. Patterson, caught on fire, but was discovered by Albert Lewis, who spread the alarm, and in a short time a great crowd of men were on the grounds with buckets and ladders and the promised conflagration was squelched. The soot caught fire in the main chimney and flying particles of the burning soot caught on the roof in many places. In one place, it burned through and the paper underneath the sheating (sic) caught on fire. The roof is very steep and high and hard to fight a fire on, but Roy Simmons and Charles Morrison and others burst a hole through the roof through which water was drawn up and the flames were soon put out. Mr. Patterson's house was erected by C. L. Croan and is one of the best in our town. Had it burned, several others close by would have gone too.

Jeffries - Newman

No, this is no wedding announcement. It simply means that J. C. Jeffries and Arthur (Jack) Newman have bought a part of the Shepherdsville Motor Company from Charlie Morrison, and have full charge of the concern. No cleverer men ever went into business in our town, and if clever, honest dealing will win the business, they will get their share. It is their purpose to give the men who come to their garage good work at reasonable figures, and they ask the public to give them a chance. Both are well known in Bullitt County. Joe Jeffries was a merchant here for years, and is favorably known all over Bullitt County. Jack Newman is one of the

cleverest and best young men in Bullitt County. Both men are energetic and honest and fair in their dealings.

Mrs. Dora Tyler Harris

February 27, another death came as a shock to our town when the word came Saturday afternoon of the passing away of Mrs. Dora Tyler Harris at St. Joseph’s Infirmary in Louisville. She was operated on the twenty-third of January for gall trouble and other complications and had seemed to be improving rapidly; was able to leave the infirmary and had been at her brothers for several days. Last Wednesday night, she had a relapse and became worse rapidly, blood poison developed and she was returned to the infirmary, Friday afternoon became unconscious and passed away about 4:30 p.m. Saturday.

The body was brought here Sunday morning to the home of her mother, Mrs. Nancy J. Tyler. Funeral services were conducted at the Methodist Church Monday by her pastor, Rev. W. S. Coakley of the Baptist Church.

Besides her mother, she leaves one daughter, Mrs. Maud Overall of Lawrenceburg, two sons, Heisner of California and Emil Hoke, two sister, Mrs. Della Scooble of New York and Mrs. Ruby Rouse of Taylorsville, three brothers, Hampton Tyler of Louisville, Orlando and Will Tyler, three grandchildren, several nieces and nephews, other relatives and a host of friends.

Mrs. Harris was one of the most efficient teachers of Bullitt and Spencer Counties.

She loved her work and no hardship was too great, no work too difficult for her to overcome if it were for the betterment of her school work and the advancement of her pupils. She started teaching when a young girl and then as in latter years she gave time and strength unreservedly that she might give her best in helping the girls and boys in her charge to best equip themselves for future years.

A large part of those attending her funeral was composed of former pupils.

She was 56 years old last week and it seemed only a few weeks ago that she had many more years of helpful service to the cause she so clearly loved. She is gone but much good may come to the world through some of the lives she helped fit for service.

With one end of the rope tied about his waist, little Willie Willis made a successful effort to lasso a Ford delivery truck Saturday afternoon. He has decided that he would rather be a missionary than a cowboy.

School News

Mr. George Essex, Chairman of the Lebanon Junction School Board and Col. Jno Heft spent Wednesday here on business.

Mr. John Conniff, former trustee of Clermont, died at his home near Chapeze Tuesday. Mr. Conniff was one of the county's most substantial citizens.

The school at Brooks, taught by Mrs. Gladys Stackhouse, closed its session Monday.

The citizens of Cane Run district have placed \$550 in R. M. Hocker's hands to be paid on a new modern school house to be erected on the pike leading from Belmont to Lebanon Junction.

The sudden death of Mrs. Edyth Henderson Cochran, widow of the late E. A. Cochran, has cast a shadow of gloom over this community where she was well known and prominently connected, having spent her entire life among our people. She was a former teacher in this county and the oldest daughter of the late W. F. Henderson, one of the county's best men.

Miss Neva Magruder is on the sick list and her place at Hebron is being filled by Miss Thelma Daugherty.

The County School Board met here Saturday with all members present. They voted to run the Belmont and Bardstown Junction school full nine months and asked Sheriff Roby to continue his efforts in collecting all taxes due in these districts.

If you don't like your school trustee, get ready to elect one in May. This state will be given this privilege this spring and your trustee will, to a large extent, select your teacher.

The tournament in this district was very successfully held last week and several hundred visitors were present.

The good people of our town gladly opened their doors to the visiting students and Prof. Sander tells us he could easily have handled twice the number.

The tournament financed itself and our town is not out a penny but instead is considerably ahead in a financial way. The big affair belongs largely to the Prof. of our school, Mr. Sanders, who deserves a "Gold Crown" for the noble efforts in every way that he has put forth in our county.

Mrs. Edith Henderson Cochran

Yields to man's last enemy.

Mrs. Edith Henderson Cochran, relict of the late E. A. Cochran, died at her home in this place on the evening of March 1st, 1923 in the forty-third year of her life. Her death was caused by Bright's Disease and heart trouble which was superinduced by Bright's disease. On Saturday, March 3rd, funeral services were held in the Methodist Church, conducted by Rev. D. R. Peak, in the presence of a concourse of relatives and friends which filled the church and left many standing in the aisles. The casket was covered by numerous beautiful and fragrant floral offerings from those who knew her best and loved her for many splendid traits. The Sunday School class which she had taught so conscientiously and faithfully, composed of small boys and girls, were the flower bearers. In the funeral sermon, which was one of the best Rev. Peak ever preached, he departed from his usual custom, and eulogized the dead. He spoke of her life of self abnegation; her daily Christian walk and good and faithful work in the church. After the sermon and other services were conducted, the remains were borne to Hebron Cemetery where the services were held by the Star of Hope Chapter O.E.S. after which they were laid to rest beside her husband, who has preceded her to the grave. Mrs. Edith Cochran (nee Henderson) was born at Bardstown Junction in

Bullitt County on the first day of December, 1879. She was the oldest child of W. Frank Henderson and Mrs. Annie Combs Henderson. She was educated in Bullitt County and for a few years taught in the county schools. She was married to E. A. Cochran, January 1st, 1900 and since her marriage, has been an honored resident of Shepherdsville. For many years, she had been a faithful member of the M. E. Church in Shepherdsville. She was a faithful member of the Star of Hope Chapter OES of this place and the officers of that chapter held a beautiful and touching service at her grave, just before her mortal remains were laid to rest. She is survived by her daughter, Ethel Mae Cochran, her mother, Mrs. Anna C. Henderson, one sister, Mrs. J. E. Smith, and two brothers, F. E. Henderson and Ralph Henderson of this county, besides many other relatives. Her death, while expected, caused widespread sorrow in our town and out in the county wherever she was known. The many, many kind friends who did all that could be done during her illness and afterward, feel profoundly sympathetic in the death of this mother and neighbor. The sympathy of everyone goes out to the little daughter, who has lost her all. Years may heal the jagged wounds so far as others are concerned, but the little fatherless, motherless girl will always mourn the loss of her mother and feel the need of her advice and help. May God, who sees all and knows all, be her guide and protector in the years which lie ahead of her.

As we stood by her grave at Hebron, and looked upon the profusion of beautiful, fragrant flowers, fresh and gladdening to the eye, but soon to wither and die, our thoughts turned

to life; its morning of bud, its noon tide of blossoms and its evening of blight and death. The paths of glory lead but to the grave, but the life of the true Christian leads to God. Let our young people strive to emulate the example of our departed friend, and to hold fast to those virtues and principles which beautified her life and which are worth so much in this world and the world beyond.

Teacher Remembered

Miss Zora Raymon, of Kennedy School, was tendered an agreeable surprise last week, when she was presented with a most beautiful

Sheffield Silver Pitcher by her 8th grade pupils, who are all now enrolled in high school. These five bright pupils feel truly grateful to their teacher for her earnest, untiring and kind spirit in which she trained them, thus fitting them for a higher education. So they felt that a gift would help to portray their keen appreciation to Miss Zora Raymon for her ever abiding interest in them. (Tho Miss Raymon was heard to remark that she felt no extra credit was due her, for she had only done her duty) Etc.

Miss Raymon gratefully acknowledges her sincere thanks and appreciation for her handsome gift.

Of our 5 who have entered high school: Alma Louise Schneiter carried the highest average of the class; but 'tis needless to say we are duly proud of each one of them, and our only boy of the class, Mason Mittler, is only 11 years old.

News came last week announcing the accident of Earl Owen and Everett Newton. They were in an auto and a street car hit the back part turning the machine over and caught Earl, but he was not seriously hurt. Everett received a few bruises. Both boys formerly lived here in Pleasant Grove neighborhood. We were glad they were not seriously injured.

Mrs. Earl Wheeler was a recent guest of Mrs. Kirby Grant.

Basketball

Another article discussing the big tournament held in Shepherdsville, not transcribed except this one line. Hebron

Our burg was visited by a cyclonic storm about 11 p.m. Sunday, which did much damage to fruit and forest trees besides unroofing the ell of Will Jenkins residence and that of another on his farm, beside minor damage.

N. H. Miller and Bell and McKenzie have bought the stock of groceries and fixtures of Mr. Thornton. Mr. Thornton has gone into the real estate business at Highland Park,

Mr. and Mrs. Schleichter spent Sunday with her parents at Highland Park.

Miss Ethel Thornton and brother took supper with Miss Mary Holsclaw and Boone Cooper Saturday evening and all went to the box supper at East View.

Looking over a list of marriages performed by the late Rev. Geo. Rogers, covering a long period, we see this one of Tom Bolix and Laura Ballard (colored), March 28, 1874. Now these good folks have lived this long here, good citizens in every sense and we propose that the community celebrate their golden wedding by giving them a shower to show our appreciation of them.

A very pleasant evening was enjoyed by those who attended box social given by the PTA of East View School, Miss Gertrude Thornberry, teacher.

The first thing was a program of song and recitation and etc by the "Reader" in their incomparable way. They were introduced by Prof. Chas. Bridwell in his usual happy style. After the large audience had thoroughly enjoyed this program, boxes were sold by Mr. L. Helm of Okolona. And such beautiful boxes we never saw before. Then after all

had partaken of the bountiful lunch thus provided, (there were pies also) a contest for ugliest man and prettiest girl was put on. W. B. Reaher (sic) won the first prize and Miss Gentry second. \$72.00 was netted. But the best thing was the social pleasure.

The WMS met with Mrs. Earl Smith Wednesday. Mrs. J. L. Stone and Mrs. Mothershead, city, attended.

Mrs. Frank Bell is much better.

Deacon Collings Adventure

During the big storm which struck this place Sunday night, J. F. Collings, Chief Justice of the Shepherdsville Police Court, awoke and being a little uncertain as to the size and ferocity of the aforesaid storm, went out on his front porch to take an inventory of it. It might be mentioned sub rosa that the Judge was in his "nighties", and also that he wore upon his shapely feet a pair of house shoes, bedroom slippers or something of the kind. When he went out the door, he failed to arrange the night lock so it would be on safety in case door slammed to, and while he was looking up into the dark and lowering skies and drinking in the sublime beauties of the night and listening to the distant peals of deep voiced thunder and watching with keen delight the firey (sic) flashes of lightning as they played across the archways of the skies, there came from somewhere a hord (sic) and cruel wind which wrapped the Judge's nocturnal robings about his large but pretty form, and at the same time, slammed the front door shut, and left him there upon the

The Pioneer News, 1923 - J. W. Barrall, Editor
Transcribed From Microfilm by Edith Blissett in the year 2005

cold, concrete floor of the porch. Owing to the great noise of the storm, the other members of his family could not be aroused from their deep slumber and it looked as if he might be forced to finish out the night in the barn or woodshed, but when the storm wore away, he used his powerful voice to good purpose and soon was back in his bed snoring away as if nothing had happened.

Insurance Agents Busy

All Insurance Agents have been busy since the storm, settling claims as many roofs were blown off.

It was the worst storm in many years and thousands of dollars damage was done in the county. In many parts of the state, it was worse than in this county. So far, 23 have been reported killed in the state, many more hurt. The damage in the State will run up in the hundred of thousands of dollars.

Notice

All persons having claims against the estate of Ambrose Shanks, deceased, will present same properly proven to me or to T. C. Carroll, Shepherdsville. C. E. Rogers, Administrator.

John Conniff

Mr. John Conniff, one of the best known and best liked men in Bullitt County, died at his home near Chapeze Wednesday, March 7th, after a long illness. The cause of his death was cancer. His suffering was great, but he bore it uncomplainingly. He was buried in Calvary Cemetery in Louisville on Friday, March 9th, after services at St. Louis Bertrand Church.

John Conniff was born in Milltown, Galway County, Ireland, June 10th,

1848, and came to America in 1867. He settled at Chapeze, Bullitt County, Kentucky in 1881, since which time, he has been one of the county's best citizens, at all times law abiding and enterprising. He is survived by his widow, Mrs. Maria Conniff, children, Bernard, William, Michael, Margaret and Helen.

Mr. Conniff owned a fine farm near Chapeze and was prosperous and splendid farmer. He was a director in the Peoples Bank of this place, was interested in the Bullitt County Fair, and was an advocate of anything which would better the condition of his fellow man. He was a kind and affectionate husband, a loving and indulgent father, and at all times a true friend and good neighbor, and above all that, he was God's noblest work, an honest man. He was a devout and consistent member of the Catholic Church and was sympathetic and charitable in the presence of distress and charity.

He was a plain, unassuming man, but well read, was generously endowed with good common sense, and possessed all the humor and wit which belong to the Irish. Mr. Conniff will be greatly missed by his friends in Bullitt County and by his neighbors among whom he had lived so long. He will be missed more in the home, by his loved ones, where his genial smile and kindly encouraging words brought sunshine and happiness. We extend our condolences to the bereaved ones.

He also visited all points of interest in that part of the state and is full of interesting facts about Florida. He didn't admit it, but confidentially, we think he found the fabled fountain that Ponce De Leon searched for, as he looks so well and seems rejuvenated.

Mr. and Mrs. C. P. Brooks, Okolona, and Miss Irene Brooks, city, spent Sunday with Mr. and Mrs. W. J. Bell after services at Little Flock.

Sorghumville News

Dear Editor: As I have not sent in any news for some time, I thought I had better as I read in your last week's paper an article from this burg and I think he or she must have been a Republican from what they said about the dead Democrats, but I think that mud will be dried up by the next election and they will think that the Republicans had some kind of epidemic and if they will just step over the Jefferson County line and see if they can see a Democrat working on the county road. If they do, he has got to look like and smell like a Republican before he can get a job.

School News

Below we give the teachers salary schedule for the coming term which has just been approved by the state so that all teaches may know exactly their salary before they accept a rural school in this county.

All counties are now required to make out salary schedule for their county which must be submitted to the State Supt. for approval. This is the third one sent up before we could get one that the state would approve:

Basal salary (paid to all teachers) \$70.00

For each year of High school, not exceeding 4 years, per month, \$1.00

For each year of College and Normal work above the 4 years High School, per month, \$4.00.

For 6 weeks or more of Summer School work in 1923, per month, \$1.00

For reading and passing examination on professional books, per month, \$1.00

For each year's experience, not exceeding (5), per month, \$1.00

For successful conduct of school, \$1.00 to \$5.00.

The Pioneer News, 1923 - J. W. Barrall, Editor
Transcribed From Microfilm by Edith Blissett in the year 2005

For 70 per cent attendance, per month, \$1.00

For average attendance of 35 pupils per term, per month, \$1.00

For an additional attendance of 5 per cent above the necessary 70 per cents, per month, \$1.00

For an additional attendance of 5 pupils per term above the necessary 35, per month, \$1.00.

In the death of Clarence Holsclaw, this county has lost one of its most public spirited citizens, who at all times has been a factor in public improvement, especially in the matter of road building. Few men in Bullitt County gave more of their time and attention to the subject than did this man and few men understood road building any better. Mr. Holsclaw was also prominent in all affairs of this county and as a horticulturist, he probably never had an equal in this section of the state.

We have just been reliably informed that Shepherdsville has the largest high school and the tax rate in proportional to its enrollment of any town between Bowling Green and Louisville. The tax rate both here and at Lebanon Junction has been decreased 5 cents on the \$100.00 the past year while our county tax rate is lower than any county in the 4th or 5th Congressional District. This office is in a position to prove the above facts and the "growlers", who annually complains of high school taxes had better stay here where he is "at" for only two counties in Kentucky have tax rate as low, and this is due largely to the fact that the great L & N RR, with a double track valued at over \$65,000 per mile runs entirely thru Bullitt County.

Fisher Harned, trustee at Hays, has just been appointed special Dept.

Sheriff for that section of Bullitt County.

Had Spoon Diet; Lives

Parson, Kansas, March 16. John Malgrene, 35, a patient in the State Asylum here, is alive after an operation by physicians, who took 27 spoons, 6 spoon handles, 15 pins and 1 safety pin from his stomach. For months, Malgrene's condition has puzzled physicians. Wednesday, he was put in the observation ward. A nurse saw him swallow a dessert spoon. Xray pictures of his stomach showed a "mass" of spoons in the left-hand corner. According to Dr. Julius Rotter, who conducted the operation, Malgrene's mania for eating spoons was due to his mental condition.

J. C. Holsclaw

Mr. J. C. Holsclaw died at his home on the "Mountain Top" last Saturday evening after an illness of two months. He became ill about the 18th of January and on the 21st, pneumonia developed. He recovered from the pneumonia, but it left his heart in such a weakened condition that he was unable to regain strength. Cardiac asthma was the immediate cause of death. On Tuesday of this week, after services at the Baptist Church in this place, he was laid to rest in Hebron Cemetery. Rev. McKinley Norman conducted the religious services after which the Order of the Eastern Star and Masonic Lodge held services. Clarence Holsclaw, as he was known by his host of friends, was born in Bullitt County, September 3rd, 1866, son of W. Hardin and Jane Holsclaw. When about 20 years of age, he took charge of his father's fruit farm known as "Mountain Top", and the remainder of his life was spent there.

He was married to Miss Estella Ashby, daughter of the late Charles D. and Rowena Froman Ashby, on the 18th of October 1896. He is survived by his wife, Mrs. Estella Holsclaw, two sisters, Mrs. Dupree of Louisville, and Mrs. Funk of Jefferson County, and one brother, Robert Burl Holsclaw of this county. He united with the Beech Grove Baptist Church in October, 1913. Of his life, his splendid qualities of heart and mind, his charity and usefulness, his boundless store of patience and toleration, much could be written. He was a plain man, averse to pomp and ostentation, but always glad to assist his friends in their efforts to advance. He was seen at his best in his home and out among his trees on his beloved "Mountain Top". There where the sun seems to shine brightly, where Summer linger longer, and where Nature send forth her first fragrant blossoms to herald the coming of Spring, he was happy and contented. He was the best fruit farmer in Bullitt County. He was a road builder and a man of much public enterprise. Large of body, he was also large at heart and mind, and possessed as much good, common sense as any man we ever met. As a neighbor, he could not be excelled. He has an affectionate, solicitous and considerate husband, and a friend beyond compare. He was easily one of the best, most substantial men in our county, and a man of great public spirit. Through industry and thrift, he had amassed enough of this world's goods. He had erected a splendid home in which he hoped to spend the sunset hours of life, after his years of usefulness had ended. But alas! The flowers of hope blossoms to wither and die, and the sweetest dreams to be shatters. Seemingly with many

The Pioneer News, 1923 - J. W. Barrall, Editor
Transcribed From Microfilm by Edith Blissett in the year 2005

years of useful, happy life before him, with his loved companion at his side; with much to live for, he was called away when life seemed sweetest, and when the future was most promising. Clarence Holsclaw had as many friends as any other man in our county. The was true. The Baptist Church was crowded with sorrowing friends who came to pay a last tribute of love to a Real Man, and this great concourse of friends and the numerous floral offerings bore witness to the fact that he was held in high esteem. We tender our sympathy to the sorrowing ones. Their loss is our loss, is Bullitt County's loss, for Clarence Holsclaw, through his public and fraternal spirit, belonged to Bullitt County.

Wylder Harris, who is seriously ill with flu and complications.

Dr. Peak gave encouragement to the family for her recovery, but at this time it is too soon for any decided improvement to be noticed. Miss Ora O'Brien, a practical nurse (and one of the best) has charge of the patient.

Rev. Mr. Herin, a former pastor of the Baptist Church here and now a missionary in China, preached at the Baptist Church Sunday morning to a large crowd, many of them who were members during his pastorate here and many friends of other denominations. He went to Waterford for the night service.

Rev. E. D. Ryan was unable to preach Sunday evening and asked J. E. Fisher to conduct the service and as usual found him ready and willing to help.

His text was "Saved or Unsaved", based on Jeremiah's words, "The harvest is past, the summer is ended, and we are not saved?" Many preachers with many years of study and experience fall far short in eloquence and interest of this splendid young man.

We feel ourselves fortunate above the average congregation in having this splendid Christian young man always willing to help to the utmost in any department of the church.

Should Conference ever fail in sending us a preacher, we could never feel ourselves without a preacher or leader if Edgar Fisher is at hand.

Miss Statira McFarland and Walter Mathis were quietly married last Wednesday at the home of the officiating minister, Rev. A. L. Mell, of Hill Street Methodist Church,

who also officiated at the marriage of the bride's parents, when he was pastor here.

Mrs. Mathis is the eldest daughter of W. H. McFarland, local Funeral Director. Mr. Mathis is a progressive young farmer of Lenore, a splendid young man, and we congratulate him on his selection of his life's partner; and try to console ourselves for the loss of one of our efficient helpers in Epworth League and other church work. They left Monday for their future home he'd prepared before the marriage near his former home.

Avenue, Louisville, James Bradley Vaughn in the 27th year of his age.

One of the saddest funerals took place at the Wesley Methodist Church, 23rd and Jefferson Streets, Thursday afternoon, when James Bradley Vaughn was borne into the sacred edifice and placed before the altar. The casket was covered with flowers and the altar steps was banked with beautiful floral designs from relatives, friends and choir of which he was a member. Brother Butler preached on "The unknown land", he dwelt on consoling his heartbroken mother, sisters and brothers on losing such a loving son and brother. When he closed, there was not a dry eye in the church.

Well done, James Bradley, your relatives, friends and church will unite in saying, none knew but to love him, none named him but to praise him. (And a poem)

Hebron school will close Friday. Sorry our schools cannot have a 10 months session, but well, the dawn of better things is near.

While awaiting the funeral cortege Tuesday, we were warmed at the school fire. It is always a pleasure to visit Hebron school and Miss Neva Magruder has such fine morale. We were much interested in the quiz on physiology and Mr. Rufus Balee gave us some delightful reminiscences of the days when he

was a pupil here in the old brick school house. Ever hear him tell how Mr. Morrison (teacher) tried to teach him that X did not spell Ox?

Let us have a box or pie supper to finance a walk, concrete, or gravel to reach the school door.

Mr. Amos Stewart Brandenburg died at his home here March 13 after a year's illness and intense suffering from spinal trouble caused by injuries suffered when he jumped from a moving engine on the L & N RR where he was a fireman. His home was at Highland Park, but last November, he bought the farm of Gober Cochran and moved here with his family hoping to be benefitted by farm life, but he was never able to be out.

He is survived by his widow, and three small children, his mother, two brothers and three sisters. He was 35 years of age and until the accident, a very strong man. His remains were removed to the undertakers chapel at Highland Park March 14 where in accordance with his desire, the funeral service was held the 15th by Rev. Wheeler, pastor of Highland Park Christian Church. Interment in Cave Hill.

Rev. Stone filled his appointment at Little Flock Sunday and was guest of Mr. and Mrs. E. Z. Wiggington.

Paul Holsclaw was out Sunday.

Roy Hansbrough and mother and Miss Emma Bailey spent Sunday with Mrs. George Bailey.

The death of J. C. Holsclaw was a shock to his friends and relatives here. We tender condolence to the bereaved.

Breaks Arm

Miss Frona James fell last week and broke her arm. Dr. Ridgway was called, at last reports she was doing nicely.

Nathan Henry Owen

In Loving Remembrance

Precious father left us December 8, 1922, the time seems so long since he was with us all. A kind and loving father has gone on before us to wait for his loved ones. He is waiting at Heavens gate to welcome his children home, where from sin we will be free. We know not why God thought best to take our dear father from us, but God's will be done, not ours. I trust we all be ready to meet our Savior and be worthy of a home in heaven, so we can mingle with our loved ones in heaven. We miss him every where we go, but by the help of God, I shall join him soon, when the toils of life will all be over and death and parting can no more be. He has gone from this wicked world forever, we can see him no more. It is so sad to say that we can only go to his grave, look at it with broken hearts, look at his pictures in our home that's so dear to us. We grieve about him and weep through the day, dream of him at night. Oh, how I long to greet him in heaven where not say good bye. A little while and we shall see him again. The Lord gave and the Lord hath taken away, and now he has gone from us to dwell beside the crystal sea. Since he is with dear ones there, where all is beautiful and fair. Our cheeks with tears are wet, our pain and loss we shall never forget. But with finer, clearer sight, we shall see at last the perfect light. (And a Poem)

The Pioneer News, 1923 - J. W. Barrall, Editor

Father loved his bible, read it day and night, always taught us to search the scriptures, that no man deceived us. He always said for us to obey God's word, let the world go as its way. I heard it said the world was changing and we ought to keep up the time. But I look at it this way, It is the people that is changing. God's way never changes, he says his words will never change. I want to put my trust in God. Let the world say and do as it may. The oldest daughter, Lillie May Owen.

School News

H. M. Trunnell, W. A. Cook, W. T. Whitman, Claude Hill, Robt. Brashear, Fisher Harned, Wayne Harris, Lee Dawson, O. H. Masden and one or two other trustees are here this week attending court.

School law appealed by last session of the General Assembly now places the selections of trustees in the hands of patrons instead of them being appointed by the County School Board. Bill was introduced

by Judge Frank E. Daugherty, of Bardstown, and as far as the County School Board can see, we are for the change, but have usually found it hard to get folks to vote in school trustee elections.

Miss Fay Magruder and Miss Thelma Daugherty, two of our brightest young teachers, will enter school at Bowling Green this summer and expect to continue in school there until they have finished the life certificate course.

Supt. George Colvin claims the basis for the present teacher shortage is due to the low wages being paid. He says that 5,000 teachers must receive certificates this year if the normal vacancies are to be filled.

The BYPU at Little Flock had their Easter social the home of Miss Ethel Thornton and T. J. Thornton, forty-two guests enjoyed the evening, at least half of whom were guests of members. Rev. J. L. Stone and Mrs. Stone came out and Mr. Stone added much to the pleasure of the occasion by his happy rendering of Riley's "Knee Deep in June" and Mark Twain's "Huckleberry Finn". An egg hunt by moonlight on the lawn resulted in J. W. Brooks and Vivian Jenkins winning prize. Refreshments of brick cream and cakes, from a beautifully decorated table with favors and souvenirs. Can't Spoon on Graves

Coshocton, Ohio - April 1 - Lovers who prefer the seclusion of the grave yard are relegated to the benches in Coshocton's parks.

So says Charles Wells, supt. of the city cemetery, today. During the last two months young couples in increasing numbers have been using Oak Ridge Cemetery for their spooning using the grave markers as seats.

So many complaints have been made that orders were issued to stop all love-making in the cemetery.

Suicide

Cincinnati, Ohio, March 25. Leaving a note, "I told a big lie, better off dead," Charles John Koehler, 23 years old, of Pooles Creek, Ky, committed suicide near here today, by firing a pistol into his mouth and at the same time leaping from a rafter with a rope around his neck.

Koehler's father, William Koehler, it is said, committed suicide about two years ago. Young Koehler had seemed melancholy for about a week friends said.

Members of his family said that they know of falsehoods which he has told.

Who would have thought it?

Who would have thought that there are nine times as many automobiles as there are dogs in Bullitt County.

County Clerk, Ridgway, has issued this year, 91 truck licenses, 579 passenger car licenses, a total of 670 in all. He has only issued 68 dog licenses this year.

We believe there are at least 2,000 dogs in Bullitt County. The Assessors Book show that there were 1118 dogs given.

Last Saturday, we were down on Knob Creek and gazed with much pleasure on the fertile land in that section. It is one of the most fertile and productive sections of Bullitt County, and the people in that section are as good as God ever endowed with the breath of life. But do you know the people on Knob Creek might as well live in Indiana, as far as Shepherdsville is concerned, for bad roads have cut them off. When they want to visit the stores or railroad station or other places, they go up Knob Creek to Mitchell's Hill and there they have a good pike right into Louisville. And the people of lower Knob Creek go out by Stites and on to Louisville, by way of the West Point Road. Because of our bad roads leading from Shepherdsville to Richard Miller's on Knob Creek, we are losing many thousands of dollars yearly and not only that, we are losing the friendly, social presence of a great big section of our county. Knob Creek is full of fine road making gravel which has been washing down from the hills for

hundreds of years, and roads can be built more cheaply there than elsewhere in our county. It would not take a great amount to build a good road from Shepherdsville to Knob Creek and it would pay a large dividend in money. It would pay another in the presence and society of our friends and fellow countians down there, for with good roads they would come here and trade and mingle with us. As it is, we have lost them to Louisville and West Point. It should not be so. We should make a good road so that they might be able to come here, and they would come. If our officials will not take this matter up, our merchants and other businessmen should do so and push it through, for it would help us in many, many ways. If the county would undertake the make the road good, it would receive much help from the people down there and all the way up to Shepherdsville.

Easter Hunt at Victory

An enjoyable time was spent last Monday evening at Victory School house, given by the teacher, Miss Ruth Crenshaw to her pupils and the children in the neighborhood. There were several married ladies present that took a part in hiding the beautiful eggs. There were 14 dozen to hide and twenty five children to hunt them. The teacher gave a nice present to the one finding the most eggs. Leroy Harris was the lucky one. After the children had found all they could, they decided to put them all together and divide them equally. After the eggs were divided, the evening was spent in enjoyable games. The married ladies were enjoying themselves so much they took a part in the games, too. Every one reported a good time, thanking Miss Ruth for her kindness to everyone.

Bullitt Circuit Court

The third week of the Bullitt Circuit Court began Monday. The case of Jas. Marcum for killing Tom Goldsmith Christmas eve was called. The Commonwealth announced ready. Mr. Marcum's lawyers asked for a continuance, but failed to file the proper grounds and the case was called for trial. Failing to get a jury out of the regular panel, 125 men were summoned, nine men accepted out of this number, 50 more were summoned for Wednesday and the other three were soon accepted.

Following are the jurors who were sworn in to try the case:

Jess Mann, C. J. Boswell, Jno. Pound, Will Hall, Fred Gentry, Chas. Masden, Hubert Wigginton, W. C. Harned, Bob McAfee, Wm. Lamb, Geo. Hood and Hardy Cruise.

J. F. Combs, C. P. Bradbury of this place, Huggin and Oldham of Louisville, are representing Marcum while T. C. Carroll Jr, Lewis Williams and Chas. Carroll are for the Commonwealth. Every legal point is being fought.

Miss Mable Snellen, who is a student at the State Normal School at Bowling Green, spent Sunday with relatives and friends in this county.

Col. John Chambers is much better and reports are that he will soon be out and able to come home.

Mr. Chambers is at present a member of the Bullitt County Fiscal Court, President of the Burley Tobacco Growers Association, former school leader in his district and about one of the finest all around men that we have in this county.

Miss Ruby Perry, who taught very successfully the past term at Mt. Washington, has opened a spring term at that place.

Questions will soon arrive for the Common School Diploma Examination which will be held here Friday and Saturday, May 4th & 5th.

Because of sickness in our family and a busy week in general, we overlooked speaking of the Junior High School Play which was given a few night ago by the local school in a very pleasing manner and to an audience that showed its full appreciation at every pause. Pat Cruise and Miss Hagan had the leading parts, but all players did their part well. The play was given under the full direction of Miss Troxler, English teacher in the local high school.

Mr. Ora L. Roby, County Chairman for Bullitt County for the Citizens' Military Training Camp Association wishes to announce the Government camp for young men will be held at Camp Knox, KY, beginning July 27 and continuing for the month. Many boys have attended these camps in the last two years and have derived

huge benefits in health, knowledge, and pleasure therefrom. The age limit is from 17 to 24. The quota for this corps area, consisting of Ohio, Indiana, Kentucky and West Virginia, is four thousand men and it is expected that this number will be recruited rapidly. It behooves those desiring to go to this camp to apply to the local chairman at once. The applications will be filed in the order as received and the young men are notified of their acceptance or rejection immediately. The government pays all railroad fares to and from Camp Knox, feeds, clothes and quarters the men without any expense on their part. Their expense is only what they may want to spend.

The local physician making the free examination for the government in this district is Dr. Kerr.

Purpose of the CMTC:

The purpose of these camps is to bring together young men of high type from all sections of the county on a common basis of equality and under the most favorable conditions of outdoor life; to stimulate and promote citizenship, patriotism and Americanism and through expert physical direction, athletic coaching and military training, to benefit the young men individually and bring them to realize their obligations to their country.

Recreation at the CMTC:

CMTC Students have ample opportunity for play, recreation and entertainment. Athletics, including group games, field and tract sports and mass play have a large and important place in the training program. Candidates are encouraged to take along such athletic clothing and uniforms as they possess, also

track and baseball shoes, musical instruments and cameras.

At the CMTC Camp in the Fifth Corps area, moonlight excursions are taken along the Ohio River and trips are made to surrounding points of interest, including Mammoth Cave and Lincoln Farm Memorial. Dances are held, to which parties of young women from Louisville come and to which relatives and friends of the students are welcome.

There will be moving picture programs, amateur and professional musical and dramatic engagements, boxing and wrestling matches. Full use of the Post Exchange facilities, mail service and club room will be provided.

President Harding has repeatedly said, "I hope every young man who can arrange it will attend one of the Citizen's Military Training Camps conducted by the War Department in each of the nine Corps Areas. In this way, he will increase his worth to the nation and obtain individual benefits of priceless value to himself and to the community in which he lives. I hope to see established during my administration a comprehensive system of voluntary military training for at least 100,000 men each year.

Colonel Peter E. Traub, Cav. USA, who was the enthusiastic and very popular commander of the Fifth Corps last year will be in command of Camp Knox again this year.

The Marcum Verdict

The jury in the Marcum case returned a verdict Friday morning, finding the defendant guilty and fixing his punishment at five years in the pen. It would have been better if they had acquitted him. If the jury believed his story, he was entitled to

The Pioneer News, 1923 - J. W. Barrall, Editor
Transcribed From Microfilm by Edith Blissett in the year 2005

a verdict of not guilty. If his story was not believed, he should have gone to the electric chair or to the pen for life.

The verdict of this jury paves the way for more murders in Bullitt County, and brings us nearer the mob law. If juries will persist in turning bloody murderers loose, then the people will take the law into their own hands. When the courts cease to redress wrongs and punish those who are guilty of heinous crimes, the people will appeal to Judge Lynch and rope. In five months, two murder trials have been held in our Circuit Court. Both men were believed to be guilty. One man was acquitted and in the Marcum case, the defendant was let off with such a short term in the penitentiary which was worse than no punishment at all. More than nine tenths of the people who heard the Marcum trial believed the testimony, which cleared the defendant, was absolutely false. The one thing which keeps men from committing crime is the fear of the law, and when that fear is removed, men do not hesitate to kill or plunder. Some day, we shall have a reign of blood and fire in Bullitt and it will be because those who commit crimes are not adequately punished by our juries. Men of Mr. Clem Huggins' type, who go about clearing the bloody murderers, glory in their court room triumphs, but such lawyers are enemies to society and a menace to the peace and quietude of our country. It encourages others to murder and bloodshed, perjury and disregard of our law. Destroy that or render it ineffective and homes are no longer secure. We have no criticism to pass upon the jury, for they were good men, but far too sympathetic. Bullitt County is

rapidly becoming a county of bloodshed and violence. Her good name has been blackened and disgraced, and it is because criminals are not punished severely enough. A few years ago, Bullitt was one of the most orderly and law abiding counties in Kentucky, but that was some years ago. Today, she does not hold that high place. Her soil has been reddened by blood and her name blackened by murder.

Harvey Miller

Mr. Harvey Miller, son of Mr. and Mrs. S. M. Miller, died at the home of his parents at Salt River last Thursday morning of pneumonia, after a brief illness. His remains were laid to rest in Hebron Cemetery on Saturday afternoon. Services at the home by Rev. McKinley Norman and after services at the cemetery rendered by the Red Men. In the sad and untimely death of Harvey Miller, Bullitt County has lost her best young man. He was good in all that goes to make a good man. In honesty, sterling manhood, Christianity, charity, industry, patience, love for his fellow man, devotion to duty – in that goes to make a real man, he measured up the highest, most exalted standards. And yet, with it all, he was as modest as a woman. He was free from love of ostentation and show. He chose rather to take his way along the cool, sequestered value of life, to do his duty as he saw it. His love for his parents and singular devotion to them elicited admiration on all sides. He was in his forty-fifth year, and all the active, useful years of his useful and well lived life had been lived for his parents. His was a rare character, rare in its nobility. With the exception of about three years spent in Missouri, his whole life had been lived in Bullitt County. When he

was in Missouri, his parents were there. He was a consistent member of the church and loyal member of the Chicora Tribe of Red Men. It can truthfully be said of him that he did not have an enemy. He had just as many friends as acquaintances. He is survived by his parents and one sister, Mrs. Ollie Miller Lively, of Highland Park, two uncles, Messrs James and Hilary Greenwell, and many other relatives. A large concourse of sorrowing relatives and friends attended his funeral and burial, and there were many beautiful, fragrant floral designs attesting the high esteem in which he was held. When death lays its icy hand upon such noble characters as Harvey Miller, there is no language in which the sorrow and sympathy of the people can be expressed. The deep and sincere sympathy of all our people have been extended to Mr. and Mrs. Miller in the loss of their noble son. He was their all. In their declining years, they learned to depend upon him entirely and he did not fail them. Their loss is irreparable and overwhelming. In the sunset years of life, they are heart broken and disconsolate. May that God who tempers the wind to the shorn lamb and who marks the sparrow's fall, soothe and sustain them in their great sorrow.

Mrs. Georgiana (sic) Childers

Mrs. Georgiana Childers, aged 72 years, wife of Mr. John Childers, died at her home at Lebanon Junction April 13. She was one of the best known women of that place.

She is survived by her husband, two sons, Vernie and Harry Childers, two daughters, Mrs. Arch Riggs and Mrs. Carroll McGlasson and one brother.

In our article on the Shepherdsville High School, we advertently failed to mention the names of two boys who graduated here and are now doing nicely in college. The two young men are Thomas Trunnell, who is in Georgetown College, and Gabe Summers, who is at Centre. Both are splendid young men, good students and fine athletes. Both sprang from good Bullitt County stock and much is expected of them in the future. Both were well trained by Prof. Sanders and his splendid assistants and they are bringing honor to our high school. Right here, we wish to state that the faculty with which Prof. Sanders has surrounded himself is one of the very best our big school has ever possessed. They are God-fearing ladies, well trained for their life's work. Prof. Sanders is not only a fine teacher and Christian gentleman, he is endowed with the rare and fortunate faculty of selecting fine teachers to help him conduct his school.

Our Junior BYPU was represented by Brooks Bell, president; W. B. Miller, V. Pres., Ernest Brooks,

group capt., and Mesdames Bell and Holsclaw, leaders. The senior was represented by Mrs. Earl Smith, Miss Mary Holsclaw, and Harry Bell.

We never saw such a fine body of young people together before as that which overflowed Walnut Street Church and young people with the stamp of noble purpose on brow and lip and the speakers chosen for this convention were all princes of Israel. Dr. Agar, of New York, has no superior, while Robert Jolly, of Houston, Texas, as both speaker and singer is a delight. It was worth going a long ways to hear him sing "Nor Silver, Nor Gold", "The Great White Throne" and his last one, "I am Satisfied with Jesus, Is He Satisfied With Me?" Then our own Dr. C. M. Thompson, Mr. W. S. Farmer of Frankfort, Rev. O. J. Steger of New Port, who closed each session with quiet thought. Miss Samuels, of the city, and Miss McNeal, of Nashville, who were special singers of much ability, all added to the inspiration and spiritual uplift of the meeting as well as several others. Lyman Hailey is a great state leader who has caught the vision.

Rev. C. J. Olander, of Oakland, who was at the convention with some of his boys, took time to run out here for a few hours to see the friends here where he was pastor for too (sic) years.

Miss Mary Holsclaw was hearing her history class the other day and asked a little girl to describe the first Thanksgiving. "Well," she said, "They all went to church first, then they came home and ate a big dinner of game and turkey, then they spent the rest of the day shooting craps!"

It was certainly a pleasure to go up to Shepherdsville Tuesday evening to hear the "Reader Trio". The program is varied and reveals their versatility. The audience was fully appreciative and responsive, and we heard some very flattering comments by people who are capable of judging a performance. The excellent music provided by Miss Mellie Smyser, Okolona, niece of W. B. Reader, was also appreciated.

As Treasurer of our pledge to 75 Million Campaign Fund, we feel like using this means to make an appeal to all Baptists to come forward to help our appointment to the close of this, the fourth year. That means each one who has or should have pledged. One young girl has paid her pledge of fifty dollars and fourteen dollars more as thank offering. A teacher? Yes, but there are some teachers who have given nothing.

Goes to Frankfort

Sheriff A. L. Roby and Deputy W. F. Monroe took Jas. Marcum and Jim Rowe, a colored man to Frankfort Monday, who were given penitentiary sentence at the last term of court. Rowe was given one year for stealing about \$2.50 worth of merchandise.

Marcum was given only five years for killing one of Bullitt County's best citizens. Marcum was so well pleased with the verdict that he shook hands with jurors and thanked them as he only hoped to escape the chair. He called Sheriff Roby and

asked to be taken to Frankfort Friday evening.

Dr. J. Philip Jenkins and Dr. Ben L. Bruner, both of Louisville, came out to Little Flock Sunday and had charge of the morning service in behalf of the 75 Million Campaign. On the 30th of this month, the 4th year closes and our church as well as many others, is behind in payments. Why are people more careless of their written pledges to the Lord than they would be to the local Bank? Is it fair or honorable?

Is it customary for University students to tote pistols, and go out in automobiles at night with female students and wonder into blind alleys? They shoot watchmen who are faithful to duty? Must be by the verdict in the Middleton case.

Resolution

On Saturday evening, March 17th, 1923, as the sombre shadows of

night were blotting out the departing beauties of St. Patrick's Day, the silent and unseen messenger summoned from our midst Brother J. Clarence Holsclaw, who had for some time been a faithful and loyal member of our chapter. Just at the very apex of his mental and physical power, when the arduous labors and numerous privations of an industrious life were bearing their fruits, and just when life seemed replete with happiness, and the future held forth promises of greater happiness in the years which lay ahead, our stricken brother beheld of the sun of his life go down almost in mid-day, while his hopes and aspirations withered and died beneath the icy touch of Death.

John Chambers

John Chambers is no more. He but lives in memory. He died at St. Anthony's Hospital on the morning of May 6th, of a complication of diseases after an illness of more than two months. His remains were brought to his home in the afternoon of May 6th and rested for the last time in the splendid home which he had erected on the farm where most of his useful life had been spent. On the afternoon of Monday, May 7th, his remains were brought to the Baptist Church in this place where funeral services were conducted by Rev. McKinley Norman, whose sermon was very touching. During the services, there were few who did not shed tears. After the church services, interment took place in Hebron Cemetery, where Masonic Burial services were conducted by Bullitt Lodge of Masons, W. F. Joyce officiating, and a large concourse of relatives and friends

followed the remains to their last earthly home in beautiful Hebron Cemetery where so many of our precious dead lie wrapped in the dreamless draperies of death's long sleep.

John Chambers was born in Bullitt County December 14th, 1872 and his entire life was spent around his birthplace. He was married to Miss Kate M. Foster, daughter of the late William and Margaret Means Foster on the 22nd day of February, 1899. He is survived by his widow and one daughter, Mrs. Clarence C. Armstrong. John Chambers was one of Nature's noblemen. From his early boyhood throughout his life, he was quiet, generous, fair, tenderly considerate and scrupulously honest. He was one of the best farmers in Bullitt County. He was a member of the Shepherdsville Baptist Church, Member of the Bullitt Lodge #155, F&AM, head of the Burley Tobacco Growers Co-op of Bullitt County, member erative (sic) Marketing Association in of the Bullitt County Fiscal Court, and one of the leading citizens of lower Bullitt, and was rapidly gaining recognition as one of the leading men in the county. One of his chief charms was his modesty and yet, that modesty had held him back for fifteen years from being Bullitt's leading citizen. In his home, with his wife and child, he was tenderness itself. There with the sweet-heart of his young manhood and his only child, shut out from the gaze of the world, his happiest hours were spent and with the subject of our sketch, there was "no place like home". It can be said of John Chambers that he died as he lived - right. His life was an open book. The book is closed forever on this earth. Our feeble words cannot allay the anguish, cannot assuage the grief of

the stricken wife of our departed friend and brother. For twenty-four years, she walked by his side, sharing his joys and sorrows. Much of his success was due to her love and encouragement and her sorrow out-weighs the sorrow of all others. May that God who paints the rainbow on the storm clouds and calms the raging billows of the mighty deep, soothe her and comfort her in her great sorrow.

J. W. Jacobs

New has just been received of the death of Mr. J. W. Jacobs, which occurred at his home, No. 23 Savannah Street, Atlanta, Ga.,

March 19th, 1923. "Pap" Jacobs is well remembered here where he lived for many years. He left here a few years ago for Atlanta where he resided until his death. He was here last year for a few days. Mr. Jacobs was a relative of Mayor Jacobs' of Louisville. At one time, over in Taylor and Adair Counties, he was a prominent man, owned a good business and was very prosperous. He was a brave Confederate soldier. Surviving him are his wife and two children, Pontanus and Beatrice Jacobs. We extend to them our sympathy in their loss. We shall miss "Pap" and his quaint humor, his ready smile and words of cheer. May his sleep be sweet down there in the sunny, flowery vales of Georgia and we trust his spirit is with it's Maker beyond the chilling tides of the mystic river.

O. W. Pearl Returns Home

Mr. O. W. Pearl and family, after having wintered at Fort Pierce, Florida, reached Shepherdsville last week in fine health and very much in love with Florida. He spent more than a week on the road. At this season of the year, the trip is not half bad. While in Florida, Oscar met hundreds of Kentuckians, many of them there for the winter, others there permanently. Jess Buky, a former merchant in Shepherdsville, and now a merchant in Fort Pierce is

the magnet who has drawn many Bullitt Countians to Fort Pierce and will draw many more in the future. Judge Daniel, still in his teens, is down there reveling in sea breezes and sunshine, his elegant whiskers warding off the futile attacks of mosquitos while he plays havoc with the ?? tribe of Indian River or out at sea. At present, the Judge is down in Homestead, engaged in raising tomatoes, but in a short while his post office address will be Fort Pierce. Charles Daniel and wife, Mack Weller and wife, John Gaban and wife, Len Daugherty, wife and daughter, Mrs. Maud Bowman and son, Millard Daugherty and other Bullitt Countians, not including our dear old friend, Jess Buky and his estimable wife and the children, are knee deep in the social and business life of Fort Pierce. Florida is a Spanish word which means flowers and the consensus of opinion is that it is well named. Flowers, sunshine and climate are the three great commodities provided by nature. You can make or spend, or you can make and spend a great deal of money in Florida, just as the notion strikes you. It is rapidly becoming a great state. People and money are pouring in there from outside places and great changes are taking place. It is the one place to spend the winter. People with money can dodge our cold winters by going down there where the sun shines and flowers bloom, where birds sing and fish bite. You can stay on land or go to sea just as you please. You can wear a beautiful red flower in your coat all the time, and watch bees and humming birds drink from the prettiest flowers that ever grew on earth. You can stroll along the sandy shores of the ocean and listen to the sad croonings of the incoming tide or go to the Everglades and hunt

The new Louisville Baseball park, was opened May 1st when Louisville played Toledo. The crowd was the largest that ever attended a game of ball in any of the eight cities which make up the American Association and numbered at least 18,000. Louisville won 5 to 1. Hugo Rouse, Bud Combs, C. F. Troutman, Tom Martin, Charles Morrison and other forty third degree fans from Shepherdsville were among those present when "play ball" was heard along the base lines. Nicodemus Von Cullopp, of Chilehowie, VA was on the hill for Louisville while a Persian by the name of McLaughlin did mound duty for Toledo. Notice to tax Payers

We, the County School Board, are glad to announce that for the year 1923, we can hold the school tax again down to 25 cents, altho last January, because of the extra month of school, we asked for a 10 cent increase.

Through the efforts of our County Attorney who has just collected several hundred dollars in back whiskey taxes, the kindness of our Fiscal Court and the increase in the State's per capita, we are able to make and ask for this reduction.

We further wish to state that all funds for running the schools the extra month have to be paid by this county and not by the State, which has forced most counties to raise the school tax levy, but as long as it is possible, we expect to hold the tax to

the State Minimum, which is 25 cents, but may be forced to raise the rate in a few years.

We believe our people are entitled to this information and trust it will be received in the same spirit in which it is given.

T. L. Mattingly, E. Z. Wiggington, H. M. Trunnell, Emerson Welch, Joe T. Harris, Bullitt County School Board.

The Ape

Some people are so ugly that we are tempted to believe implicitly in the Darwinian Theory, and then again some people are so heartless that we are almost forced to believe they are descended from gorillas or tigers, but our opinion does not settle a thing, and if it did, what would the settlement be worth? What does it matter about our origins. We are here, and we should worry, if worry we must, over the port of final entry, not port which our ancestors left some millions of years ago. (And a couple of more paragraphs comparing mens and apes actions, not transcribed)

Pittman - Rimmer

Miss Lillian Pittman, formerly of this place, and Mr. William Rimmer, formerly of Virginia, but now a resident of Eastern Kentucky, were married in Harlan County last Tuesday, the 15th and immediately left for a trip to New York and other eastern points. Miss Pittman is a niece of Mesdames Foster and Howlett of this place, and lived here for years while attending the Shepherdsville High School, from which she graduated a few years ago. After teaching in Bullitt, she taught in the big school at Lynch, in Harlan County, where she has taught for several years. She is one of the most beautiful girls our town has ever claimed as a resident, and withal one of the most splendid girls in Kentucky. While strikingly beautiful, her beauty did not spoil her. She was one of our cleverest, most sociable girls and was very popular and deservedly so. Mr. Rimmer, the fortunate young man, is not known here, but is a splendid young man. He is a graduate of Yale, a mining engineer by profession and is said to be wealthy. There is no doubt about his being lucky. After a wedding trip in the east, Mr. and Mrs. Rimmer will make their home at Prestonburg, in Floyd County, Ky. We extend to the happy young couple our congratulations and best wishes for a long and happy life.

Commencement Week

This is the week of all weeks - Commencement Week. The final exercises will be held tonight at the Masonic Temple and during which twenty-two graduates will receive their diplomas. This is by far the largest class of graduates Shepherdsville High has ever turned out. It is a large class for any school

in a town the size of Shepherdsville, in a county as small as Bullitt. It speaks well for Bullitt County. Many of the graduates live out in the county. It speaks well for Prof. Jack Sanders and his splendid corps of teachers. But to return to what we started to write, tonight thirteen sweet girl graduates arrayed in their very best and looking their very sweetest and that will be as sweet as the sweetest can look, and nine of our handsomest and bravest boys will be the center of attraction, the cynosure of all eyes, as they sit upon the stage. Among those twenty-two fortunate, happy young ladies and gentlemen will be Salutatorians, Historians, Giftorians, Prophets and valedictorians. Many sweet blushes will mantle the cheeks of the girls, while many sad sighs will be heaved by the dear boys as they think of the vanished school days. It will be a great night for Prof. Sanders, and a great night for Misses Burkholder, McCracklin and Troxler, High School teachers, who have done their best in pushing forward the members of the senior class. It will be a great night for the graduates as they receive the plaudits and presents of their relatives and friends. And then it will be great night for Mother and Father. They bought the clothes and books and food and they furnished the machine or vehicles or train fare by which and through which their children got to school. Do not forget the parents in this glad hour of graduation. It may be that they did not get into the school building during the term, but they'll be there tonight and they are the real power behind the throne, for they furnished the children the clothes they wore, and the food they ate, and the transportation to school and they did through hard work and in many instances by denying

themselves the necessities of life. Honor to the Teacher, honor to the scholar and double honor to pa and ma.

The WMU of Hebron will have an all day meeting at the home of Mrs. E. C. Tyler, May 24th. It will be birthday party and each member will bring as an offering a penny for every year of her age. So little for a thank offering! But the women of the southern Presbyterian church expects in this way to raise \$25,000 for a school for girls in Mexico. The women of Texas have pledged an equal amount. Little Well (sic) they tried the plan once before and the result was the Dowd School in Japan.

Cigarettes

Cigarettes may not injure the health, but they have destroyed manners. In the olden days, when the old fashioned gentleman wanted to smoke a cigar or pipe in the presence of ladies, he asked permission, but now days, when our modern smokers of coffin nails want to smoke, they ask nobody. They take it for granted that everybody likes their odor.

One feature about high prices, folks who carry their own groceries do not have to carry such heavy burdens.

In the old days, a ford was the place where you crossed the river. Now its every place you cross the street.

Mrs. Jennie Whitledge passed away on the night of May 19th, 1923, of complications. She had been ill for

over three months. Deceased was 77 years old, a mother in Israel. (sic) Her companion preceded her several years ago. Everything was done that loving hands could do by children, friends, and medical aid, but God called the mother home. Deceased was a noble mother to her children. No one ever entered her home without a warm welcome, nor left without feeling the effects of warm hospitality. The cares of life and disease did not destroy the charm of loving disposition, or diminish her unselfish solicitude for her loved ones. Mother was all the same in her children, and though business care and home circles of their own had come to each of them, they were still her boys and girls. We know in future years the memory of her will make them better men and women. Deceased leaves to mourn her loss four sons, Claud, John, Clay and Lewis Whitledge, four daughters, Mrs. John Stallings, Mrs. Ambrose Ridgway, Mrs. Ed Bridwell and Mrs. Vivian Clark, sixteen grandchildren and a host of friends. She has been a member of Pleasant Grove Baptist Church for many years and always attended as long as health permitted. Funeral services were conducted by Rev. Burns at Pleasant Grove Sunday afternoon, an excellent sermon was preached from the 5 chapter and 26 verse of Job, "Thou shalt come to thy grave in a full age, like as a shock of corn cometh in his season". Comforting words were spoken to the children and relatives and a warning to all to be ready when God calls. Deceased was laid to rest in the Pleasant Grove cemetery. We tender our sympathy with many others to sorrowing ones. Mother will be missed in home and community.

The Knob Creek Road

Life is too short for repetition but we want to make one more plea for a good road over Martin's Hill and on down to Richard Millers where it will intersect the road leading up Knob Creek and up Mitchell's Hill. There are many good, weighty reasons why this road should be repaired and made safe and pleasant for the public to travel. (Rest of article not transcribed, but discusses the endless supply of gravel in Knob Creek)

Bullitt County Farmers

The Circuit Court room was crowded with farmers, their wives and daughters Saturday afternoon who met for the purpose of organizing the Bullitt County Farmers Educational and Co-operative Union.

Several paragraphs discussing the advantages of forming the cooperative. (Not Transcribed)

The following County officers were elected to serve till the regular election in December: E. S. Brookshire, President; J. R. Cornell, Vice President; Dr. David Smith, secretary-treasurer; J. B. Ashby, conductor; J. E. Bass, doorkeeper; J. O. Ridgway, chaplain; J. L. Walls, Albert Armstrong and Claud Gentry, county delegates; J. B. Ashby, County business agent. Installed by President Harrison and organizer McKelvy will remain two more weeks. etc.

More Mad Dogs

C. F. Troutman lost a valuable bird dog last week from dumb rabies.

Joe Trunnell also lost his beautiful collie, which had been acting strange and quarrelsome for a week and which Dr. Smith on being notified,

pronounced a typical case of rabies or hydrophobia.

It is an established fact that dogs which have been bitten by rabid animals may bite other dogs and inoculate them with the dread disease several days before any symptoms are noticed at all.

It is very probable that several dogs in town have been exposed or bitten. All dogs which run at large should be watched closely and upon showing any unusual symptoms should be confined and the live stock inspector notified.

Close of School

The hundreds of children who thronged our town for more than eight months have gone home. Teachers, Misses Powell and Mullins left last week, Miss Powell going to her home in Western Kentucky and Miss Mullins to hers at Bradfordsville. Misses Gibson and Hendrick left Monday, Miss Gibson going to her home at Campbellsville and Miss Hendrick to hers at Smith's Grove. Misses Burkholder and McCracken will leave next week for their homes in Tennessee. Miss Troxler left Tuesday morning for her home in Louisville. Prof. Sanders will fish for a few days and will then probably engage in light work on the road until school time. Miss Maggie McClaskey, one of our splendid music teachers will go to her home at Taylorsville while Miss Mary Hardaway, our other music teacher, will be at her home near town.

(Several more lines telling of their fine work in the past school year not transcribed.)

High School Commencement

Held at the Masonic Temple Friday evening. Address delivered by Dr.

Carr, of the State Educational Department. Miss Ruby Bowman, daughter of Mr. B. L. Bowman, of this place was Salutatorian and right did she perform her task. Mr. Crumbacker Jenkins, son of Mr. William Jenkins of the Crumbacker Mills section, was Valedictorian and his fine address was complimented by all.

The following named young people are the graduates: Misses Ruby Bowman, Dorothy Samuels, Evelyn Adams, Rosalee McKinney, Lora Mae Deacon, Lillian Roney, Kathryn Taylor, Pauline Crenshaw, Audley Hatfield, Mary Engle, Mary Triplett, Thelma Masden, Elizabeth Harned, and Messrs Hewitt Harned, Vernon Quick, Stanley Muir, Charles Lee Bradbury, Kenneth Bailey, Jerome Monroe, Crumbacker Jenkins and Clarence Stansbury.

Twenty two graduates in a school of this size is unusual and we here venture the assertion that no school of similar size in Kentucky produced so many graduates.

Two more paragraphs discussing the fine work and congratulations to everyone not transcribed.

Col. Sam Miller, a well known farmer and mill man died at his Salt River Home this week after an illness of many months. His death followed that of his beloved son, Harvey Miller, who died just six weeks ago and this shock probably hastened his death. Uncle Sam, as he was best known, was not only well liked by his friends but possessed an unusual sunny, cheerful disposition.

Mr. Chas. Rogers has received appointment as Justice of Peace in this the 1 Magisterial District to fill the vacancy caused by the death of John Chambers. Chas. is one of the best and most prominent men in the county and will no doubt make a good officer.

Samuel H. Miller

Mr. Samuel H. Miller, one of our best known citizens, died at his home at Salt River last Monday morning, after an illness which extended over a period of several months. His death was caused by a complication of diseases, hardening of the arteries, predominating. He was buried at Hebron Cemetery, after services at the home by Rev. D. R. Peak. Mr. Miller is survived by his wife and one daughter, Mrs. Ollie M. Lively of Highland Park. He was born in Nelson County, Kentucky, in 1856 and came to Bullitt County in 1875. He became a member of the Christian Church in early life, but being no Christian Church in section in which he lived, he affiliated with the Presbyterian Church and for many years had been a consistent member of that church. Until about twenty years ago, Mr. Miller lived in the Pitts Point section of Bullitt County, but about 1903, he moved to Salt River, where he has since made his home. Among his fellow men, he had few peers and no superiors. All his useful life, he had been an honest, industrious man. He was kind hearted and generous and in his home, he was an affectionate, sympathetic husband and loving father. He was a very hospitable man. As a neighbor, he had no superiors. Measured by the most rigid standards, he stood forth as a man in the best sense of that term. Until a few years ago, he had been a large, robust man but his health had been sapped away by the troubles which ultimately caused his death. The death of his beloved son, Harvey Miles Miller, was a severe blow, and in his enfeebled condition, it was more than he could withstand. Slowly, but surely, sorrow and disease weighed down upon him,

and in beautiful morning hours of June 4th, when beautiful, fragrant flowers, and sweetly singing birds and tender beams of radiant sunshine had transformed the green vales and hill of Bullitt into a veritable Paradise, he bade farewell to his loved ones here and passed beyond the river to meet those who were awaiting his coming there. To his devoted wife and daughter, who but recently knelt at the bier of their son and brother, we extend our deepest sympathy in their great affliction and irreparable loss.

Eugenic Laws Needed

Much is being said nowadays in the way of criticism of our lax divorce laws. Many remedies have been suggested, but none has been adopted. The seat of trouble is not in the divorce laws entirely, but mainly in the laws governing marriage. There are hundred of thousands of people in this big country who should not be allowed to marry, and countless thousands now married, who should have not married. There should be a law requiring every applicant for a marriage license to submit to a mental and bodily examination. Persons who are insane should be refused a license. People who have incurable diseases should not be allowed to marry. People who have tuberculosis and other incurable diseases should be made to stay single. If this were the law, in a few generations, we should have a strong, robust nation of people, free from deadly disease, and strong mentally as well as physically. When young people fall in love and make up their minds to marry, it looks harsh, possibly cruel to prevent it, but yet, that couple might marry and bring into existence a family of diseased or weak minded children and the race would be worse off because they were born. There is no other way to propagate a strong, virile race of men and women, with healthy bodies and sound minds except through the laws of eugenics. Unquestionably, we should have such a law in Kentucky and every other state and we should also have

The Pioneer News, 1923 - J. W. Barrall, Editor
Transcribed From Microfilm by Edith Blissett in the year 2005

a national law which agreed with the state laws, and the state laws should be uniform, so as to prevent their evasion or defeated by going from one state to another. Today the country is overrun with folks who are afflicted with incurable diseases contracted innocently. There are also thousands who have deadly venereal diseases which are as great a scourge as tuberculosis. It is high time steps were being taken to curb the ravages of these life destroying, race ruining diseases. Our legislature should take this matter up at it's next session and if necessary, amend our State Constitution and then pass all laws to bring about the desired end. This matter is more vital than the coal or tax questions; it overshadows all other matters because it has to do with the life and health of our people.

Mad Stock

Last week, Mr. John Saar, of Oak Grove, lost a valuable cow from hydrophobia. About six weeks ago, a stray dog came to the farm of Mr. Saar and bit a dog, two cows and a mule. The bitten dog was killed at once but the rabid animal escaped and may have bitten many other dogs and stock. Nine other dogs have either died or been killed recently which were said to be affected with rabies. Mr. Saar has his other stock under observation.

School News

The following young students took the teachers examination here Friday and Saturday: Bessie Elliott, G. L. Bridwell, Mary Holsclaw, Pauline Crenshaw, Julia Shaw, Mary Triplett and Ida M. Greenwell.

Mr. Myron (Bud) Combs, one of the counties best young men has just left for Asheville, North Carolina, where he will spend the summer for his health. Bullitt County has no finer young man than Bud Combs and his friends are hopeful that the pure air of the Southern Mountains will soon restore him to health.

Col. Sex Barger, of Leaches, and trustee at Pleasant Hill for the last 10 years, was here Monday.

In the death of Uncle Lee Troutman, we see the passing of the last member of the well known Troutman Bros. firm who for nearly a half century have been leaders in the merchandise business in Bullitt County.

Prof. Chas. Hardesty, who has just returned from college at Winchester and who still holds a Lieutenancy (sic) in the army has been called to Camp Knox to assist in training the civilian army there for the summer which begins July 27th.

The annual commencement exercises of Nazareth Academy were held last Thursday morning. Six girls were graduated from the collegiate department and fifteen diplomas were conferred on girls for high school courses. Eleven received certificates as teachers.

Guy E. Stansbury was elected adjutant of Old Kentucky Home Post No. 121 of the American Legion. He

will succeed Monroe Hurst, who recently resigned.

Mr. Stansbury was a former resident of this county and was one of the most popular young men we have ever known.

By using a few substitute teachers until our young teachers hear from their papers and until others are through school at Bowling Green, we will have enough teachers this year to fill our schools in rural districts.

In commenting on the 52 graduates of State University in the Engineering class, the Lexington Leader has the following to say about one of our county boys.

R. L. Troutman

Mr. R. L. Troutman died at the home of his sister, Mrs. J. F. Combs, in this place on the afternoon of Wednesday, June 13th, 1923 of uraemic poisoning. On Friday, after brief services at the home conducted by Rev. D. R. Peak, the remains were conveyed to Louisville and buried in Cave Hill Cemetery in the family lot. Mr. Troutman was the last member of the well known firm of Troutman Bros. to answer the last call. He is survived by two sisters, Mrs. J. B. Combs and Mrs. Charles

The Pioneer News, 1923 - J. W. Barrall, Editor
Transcribed From Microfilm by Edith Blissett in the year 2005

Carroll, and numerous nieces and nephews. Mr. Troutman died as he had lived, peacefully, uncomplainingly and smilingly. Just a few moments before he passed beyond the portals, he conversed with O. W. Pearl, who was with him and but a short while before that, he ate a small morsel of food. On Thursday, he had an attack which temporarily rendered him unconscious, but rallied nicely and on Tuesday night was able to walk from the Morris Chair in which he usually rested, to his bed with the aid of his attendants. He was the son of Michael and Sophia Troutman, who lived south of Salt River, near where Mr. Clarence Dawson now lives. In 1874, the Troutman family came to Shepherdsville and H. F. Troutman, R. L. Troutman, and C. F. Troutman formed the firm of Troutman Bros., a firm which has been a leader in the business life of Bullitt County for more than fifty years. Of the many children reared by Michael and Sophia Troutman, but two remain this side the river, Mrs. J. F. Combs and Mrs. Charlie Carroll. There were few men better known and more generally liked than R. L. Troutman. He was quiet, unassuming and very considerate of the life of others. He was one of the gentlest and best men the writer ever knew. For many years, he had been a great sufferer, but he bore his pain with fortitude and without complaint. He was a direct descendant of Michael Troutman, one of the incorporators of Shepherdsville. Mr. Troutman was a very plain, unassuming man. His manner of living was very simple and this no doubt prolonged his life for many years, for he had been a weakly man for thirty and more years. His request that very few flowers be used at his funeral and

burial was in keeping with his entire life and plain way of living. But for that request, his casket and grave would have been hidden by beautiful flowers.

There is a splendid lesson to be learned from the life of R. L. Troutman. When Troutman Bros. began business here in 1873, they had very little of this world's goods, but by energy, thrift and fair dealing, they built up a large business and amassed comfortable fortunes. It should be inspiring to the young men of today, an incentive to those who wish to succeed in life. In his early manhood, Mr. Troutman worked for the Western Union Telegraph Co. in many parts of the country and did much hard manual labor. The hardships of early life strengthened and perfected his character and made him a friend of the poor and struggling. No worthy man every appealed to him in vain. He will be greatly missed at the store where he has been on duty for fifty years. He will be missed in the Masonic Lodge room where his real value was known and appreciated and where he was loved by his brother craftsmen. His familiar form will be missed on our streets. He will be seen no more where mortals congregate, but in the better land, we feel sure his spirit is at rest. To his devoted sisters and other surviving relatives, we tender our sympathy.

Mr. George Greenwell died at his home near Cedar Grove on Saturday, August 4, 1923. Deceased had been in feeble health and was able to get around but little for the past six months, but no one thought his condition serious until about ?? days ago, when he suddenly ?? worse. Uncle George, as he was familiarly called, has spent most of his life in this vicinity, being ... July 26, 1850 and married Miss Elizabeth Roby in the year of 1873. To this union were born six children, two daughters, Mrs. Lee Wheeler and Mrs. Will Roby; four sons, Gatton and Cromwell, of Louisville; Smith Greenwell of Cincinnati, Ohio; all survive him and Preston Greenwell who preceded his father to the grave some years ago.

He was a devoted member of the Baptist Church, giving his heart to God early in life and ever lived and died in good faith of a home in heaven and it is said among his fellow men that he never did a wrong to no one. He will be mourned and missed in his community and his death has left a void in this home which can never be filled, especially by his life partner who has walked by his side for almost fifty years sharing life's sorrows and joys and to her and their faithful children, we extend our sincere sympathy.

Bullitt Circuit Court

Walter Manion, Arthur Fitzallen and Millard Sidebottom, indicted for stealing chickens, were found guilty, the jury fixing their punishment at one year in the penitentiary at Frankfort. They were ably defended during the trial and swore voluminously and earnestly, if not convincingly, each one declaring that "he never done it" but juries sometimes turn deaf ears on defendants, and in this case, that seems to have been done. Clarence Lee, Price Smith, John Harned, Ace Hill Harned, Fischer Harned and other good citizens of that section were here to testify against the defendants, and a strong, convincing case was presented by the commonwealth. Since the verdict, we understand that the defendants are very much opposed to going to the penitentiary, on account of close confinement, disgrace and diet.

Right after the above case had been disposed of, Mr. Prather Browning of Browningtown, was ushered into the presence of Judge Mather, and told that he had been indicted for chicken stealing. Through his counsel, Judge Glenn, he entered a plea of guilty and after this week, his address will be Frankfort, KY in care of the warden. Prather thinks the change of air and diet and steady work will so reconstruct his constitution that he will come back a new man. We hope so. It will do him good. He is young, strong, handsome and fairly intelligent and could be of much service to himself and family and his fellow man.

In the Marcum case, a jury was summoned from Nelson County to try Mrs. James R. Marcum and Sol Dennison for complicity in the murder of W. T. Goldsmith, and at

The Pioneer News, 1923 - J. W. Barrall, Editor
Transcribed From Microfilm by Edith Blissett in the year 2005

the end of the trial, they found the defendants guilty and gave them two years in the pen. The verdict was much of a surprise to the defense. They expected a verdict of not guilty.

No matter what may be said to the contrary, the above convictions will do much good for law and order in Bullitt. Chicken stealing is one of the most annoying crimes in our statues. After a woman has toiled for the whole summer to raise a flock of chickens, she does not want them stolen, and this will help stop it. People who steal chickens do so to keep out of working; and they do not fancy working for a year or two in the pen and they will be a little slower about taking chickens hereafter. As for the murder of Tom Goldsmith, we have already printed our views, and it is not necessary to reprint them.

In the chicken stealing cases, the defendants withdrew their motions for a new trial and will take their medicine, which is one year in the pen. In this instance, the way of the henlifter is hard. Four young men have been selected by our juries to represent us in the penitentiary for chicken stealing. They will work about two hundred and eight days for the chickens they stole, which will make them pretty dear. It certainly pays not to steal chickens in Bullitt County.

Baseball

The young athletes who compose the Modern Woodmen Baseball team of the city of Louisville journeyed to Griffin's park in this place last Sunday and took the short end of a 6 to 5 game. It was a fine game, and for the greater part of the distance, it was anybody's game, but the home boys piled up a big lead in the early innings, and this could not be overcome. For the home aggregation, Stanley Bradbury pitched a strong, heady game. He used his "noodle" all the way and that counts in baseball as well as elsewhere. "Bus" Laswell, the tall boy, was on the reception committee, and he received the shoots and chants which Mr. Bradbury sent up to the plate in fine style. He also belted the pill twice and on bases was as fleet as one of "Uncle Sam's" big airships. At first, Fat Ashby, who is less fat than his nickname indicates, took care of everything which came his way, and in addition, he slammed the pellet into the outer pasture and made three bases before the outside sentinels could send it back. Sam Ridgway played his usual fine game at second and on at least two occasions, patted the sphere so hard that it flew out of the bailiwick of the center fielder. Samuel was right at home around the keystone, help much defensively and offensively. Sam Hardy played his usual fine game at short, cutting down ostensible safe hits and batting hard in the pinches. Over at third base, Manager A. E. Funk was the whole cheese. He will be (can't read one line) opposing hurlers hit him no less than three times. He turned in two scores and was as busy as a

hungry cow in a roasting ear patch. Arthur Cundiff patrolled the left pastured field and took care of his territory in fine style. Guy Burns, who is just as swift as a jack rabbit, certainly did mind his business out there in the middle garden. He caught several difficult flies and knew just what to do with the ball after the catch. Over in right, that urbane sparker and splendid young fellow, Phflanz Hatzel, got everything that came his way and it fell to his feet to make the great catch of the game. With two gone, the sacks loaded and two strikes in the 8th inning, one of the city boys shot what looked to be a safe drive to right. Phflanz rushed over that way and ran back just as far as the fence would let him go and shot his good right hand in the blue zone, and the ball landed there and stuck. He was roundly applauded. All the boys played well and deserved to win. The score was very close which made the game all the more exciting.

M. E. Church and was a faithful one as long as health permitted, was a consecrated worker of Bethel Missionary Society and was always ready to do service for God and had encouraging words for the society and help for others. In former years, she was a successful school teacher in several different places and in this capacity, she drew to herself a wide circle of friends who still hold her in pleasant and loving remembrance. Indeed, she was a woman of many neighborly deeds and passed away with great faith in her Savior whom she hoped to meet. She will be greatly missed in her home circle, by neighbors and friends. She leaves to mourn her loss one son, Edward Owen, one daughter, Mrs. Albert Fisher, one step-son, Oscar Owen, six grand children, Margaret, W. C. and Baxter Owen, Mrs. Harley Proctor, Mrs. Orian Nunnely, Herbert Owen, several great grandchildren; two sisters, Mrs. Mary Cox, of the city, Mrs. Irene Crist of Pleasant Hill and a host of friends. Funeral services were conducted by her pastor, Rev. Ryan, assisted by Rev. Peak of Shepherdsville. A portion of scripture was read from Psalms and the 15 Chapter of First Cor. after which was a very sympathetic discourse to the sorrowing ones and a warning to all to be ready to answer the call. The Eastern Star had services as she was a member and she was laid to rest in Bethel Cemetery. The many friends which gathered at the church and the flowers on the casket proved the esteem in which she was held. We tender our sympathy with many others. A mother in Isreal (sic) is gone. Valuable Info for Cripples

Mr. H. H. Combs, Cashier of the Bullitt County Bank has just received a letter from the Bowling Green Business University, which calls to his attention one of the most worthy movement in Kentucky today.

The Department of Civilian Rehabilitation at Frankfort, through Federal and State appropriations, is helping numbers of handicapped boys and girls to become self-supporting by increasing their educational advantages. The Department will pay for tuition, books, supplies and railroad fares to and from the school selected. The student must arrange to meet expenses of board and room. If the boy or girl is crippled in such a way as to limit his working capacity, he is a possible candidate for this training. A personal survey of each case is made by Mr. I. S. Mason, State Supervisor. So far, the Department has been very liberal in its decisions and numbers of young people have been placed in academic and commercial schools. There are a number of these students in the Bowling Green Business University and they are making splendid progress.

Notice

Sunday, Sept. 2 will be "Home Coming Day" at Bethel Church on the Mt. Washington charge. There will be "dinner on the grounds" and Bro. Ryan, the pastor, invites all who are interested in the Master's work to attend. Dr. J. B. Adams, of Louisville, will preach at 11 a.m.

Bullitt County Fair

After all is said, it takes figures to tell the real story, and figures tell us that the Bullitt County Fair was larger this year than last. The attendance was larger by hundreds and the concessions sold for more money.

The chief attraction at the fair was the speed match between Cruise and Miller. Miller took the first heat, but Cruise captured the other two in fairly early fashion. Miller had won at Taylorsville and Fern Creek, and it was pointed out that the track here was smaller and harder for the Miller horse to work on because it was not used to it. Bruno, the Cruise horse, has been on the track so often, he knows it like a book, but the Miller horse has also been on it for several seasons.

The mule race was much enjoyed and great interest was shown in the automobile race on Friday. The machines used in this race were the famous "H.C.S." machines with powerful motors. They are made by a company headed by the young Stutz, son of the man who made the famous Stutz car, and are designed to take the place of the Stutz car in this territory. They are said to be better cars than the Stutz car, and their sales will be pushed in this territory by Mr. Huber, the Louisville agent.

The Pioneer News, 1923 - J. W. Barrall, Editor

Another fine feature of the fair was the music. It was made by the Pfaff band of Louisville, and was warmly and highly commended by everybody who heard the music. The fruit display was good, if one will take into consideration the bad fruit year.

Next week, we shall deal more lengthily and specifically with the Fair, and point out wherein we think it may be improved and shall in that article make some observations on how to improve our fair. It must be done, and just how it should be done is the question.

The following officers were elected: Ike Mudd, Pres.; C. F. Troutman, V. Pres.; J. W. Barrall, Sec.; and H. H. Combs, Treas. Financially the Fair was a success.

Miss Emma May Wiggington, ringmistress, did fine and the Association wishes to thank her for the fine work she did and help she gave the Fair.

Presidential Duties

The duties of the office have grown with the country until the strain has become too great for one man to bear. Washington was President of 13 States and the total annual expense of his administrators were less than \$10,000 while President Coolidge governs 48 states with annual budget of \$3,000,000,000 and the end is not yet.

The recent death of President Harding and the collapse of President Wilson under this terrific strain, will possibly result in the establishment of some such office as Assistant to the President or a kind of Executive Bureau to relieve the President of a portion of his work. More than fifteen years ago, President Wilson in "Constitutional Government" made a prophecy that such assistance must come or no man of ordinary physique and constitution could become President and live.

School News

The contract for building the new State Normal School at Murray, Ky was let last week to a Henderson firm for \$77,000. The other State Normal school will be at Morehead and when completed, will give the state four public State Normal Schools.

Bullitt County will continue to be in the Bowling Green district which school is likely to always show the best annual attendance.

The Sharp School will have an entertainment in their school building on the evening of September 22nd. The school is in charge of Miss Sylvia Phelps with Col. R. P. Sharps at trustee.

Mr. C. E. Alford, trustee at Mt. Elmira, was in town Monday.

Miss Ruth Crenshaw gave her pupils an ice cream supper at her school house Saturday evening. A large crowd was present and a good sum was made for the school.

Several young people from here attended the ice cream social given last week at Belmont by Miss Combs and her pupils.

Mrs. Mattie Glenn, one of the county's most popular ladies, has accepted the school at Bardstown Junction, the place having been made vacant by the resignation of her cousin, Mrs. Wilson, of New Mexico, who has been teaching this year.

The County School Board has ordered all the old buildings sold at Cane Run school on Saturday

afternoon, September 23 and have appointed the following committee to look after the sale, etc. H. J. Massey, James P. Lee and George Collings.

Again complaints have come in about teachers in the rural schools dismissing too early. Trustees are requested to refuse to sign reports unless 6 full hours per day is taught.

After rather a stormy fall in which many happenings happened, we now have a legal qualified teacher in every Bullitt County school. Looking over the list of our teaching force, we find we have teachers from Bullitt, Hardin, Larue, Meade, Spencer, Nelson and Jefferson Counties besides one each from the state of Alabama, Indiana and Louisiana.

Frank Carrithers Porter

Frank Carrithers Porter was born in Bullitt County, August 13, 1854, was married to Miss Fannie Parrish, Oct. 11, 1877. To this union were born 10 children, seven of which survive him, four sons, Tom, Clarence, Lucian and Walter, three daughters, Mrs. H. P. Wiggington, Mrs. Sammie Smith and Miss Georgia Porter, one sister, Mrs. Sallie Boston, fourteen grandchildren.

Frank Carrithers Porter was every whit a man. When I say a man, I do not simply mean flesh and blood, bone and sinew, but I mean he possessed those elements of manhood, those attributes of character, those essentials of integrity, of virtue and of high mindedness that constitute and make up those resultants which in a general way we term character, which are in truth the distinguishing marks that make the man.

He was a man of fine mind. He was capable of a broad and comprehensive grasp of the questions that affected his community, church and country and was unselfish in his contribution to them. Base purpose did not fill his heart. His impulses were good, his aspirations were inspired by a noble instinct. He possessed a heart in which the red blood of human kindness flowed, that manifested itself in the contact and touch of the lives of his fellow beings a heart that was kind, a heart that beat in generous sympathy with his fellows and his friends. ... he a man of good heart, he was a man of generous purposes. He did not have malice and vindictiveness and hatred, a smile was upon his face, a kind word upon his lips, a warm clasp was in his hand shake. He was a man who had friends because he himself was a friend, generous, kind and warmhearted.

For six years of intimate association, I had a opportunity to know something of the make up of the man, we can say of the life and character of our brother that it was such as to command and generously to receive our commendation and our praise.

The Pioneer News, 1923 - J. W. Barrall, Editor
Transcribed From Microfilm by Edith Blissett in the year 2005

He was devoted to the interests of the church and gave his full share of service as an officer and generously contributed to its support. After all is said and done, the one commanding and domineering quality which makes a man stand out conspicuous among his fellows and caused him to be remembered long after all others have faded from the mind is that of absolute and unwavering loyalty. This was preeminent in the character of Frank C. Porter. He was loyal to his county and its institutions, loyal to his church, loyal to his friends. To have known him was to respect him, to have known him well was to admire him, to have known him intimately was to love him with a love that lingers long and with increasing fragrance in the memory of those admitted to his intimate friendship. He was a man of untiring energy and indefatigable worker unwavering in reverses, overmastering in purpose and achievement.

His home life was the richest and most beautiful of all, to which he gave his full share, like a patriarch he ordered his household well and his sons and daughters have brought honor to his name. I felt as I stood by his open grave that not only could I pay sincerely a tribute to his memory, but I felt that I had personally lost a friend, and in token of that friendship, I could sprinkle the rose of love and appreciation on his grave. Quietly and peacefully on August 7, 1923, he passed to his reward.

To the family and to those of the family that feel most keenly their loss, we generously offer our sympathy and commend you to him that numbers the hairs of our head, who permitteth not a sparrow to fall to the ground unnoticed, who

tempers the wind, to the shorn lamb, to his love, to his care, to his mercy we commend you.

Written by a friend.

Death of Wm. Newkirk

William Richard Newkirk died at his home Sunday evening, September 2, 1923 of a complication of diseases covering a period of several years, tho he was confined to his bed only a few days. He was 70 years old last Dec. and had been a member of Bethel Methodist Church for a number of years.

He was born and raised his entire life on the farm where he died. "Uncle Bill", as he was called by nearly everyone, was one of those generous hearted old fellows that had a host of friends. No one in trouble of any kind called on Uncle Bill in vain. He was always ready and willing to help those in need. Funeral services were conducted by his pastor, Rev. E. D. Ryan Sept. 4 at Bethel Church, where a large crowd of relatives and friends gathered to show the love and esteem in which he was held. There were many beautiful flowers. He leaves a widow, who was Miss Bettie Hall, one daughter, Mrs. Thomas Terry and a number of other relatives. Interment in Bethel Cemetery. May the Father, who doeth all things well, comfort those sorrowing hearts.

Death of Emily Ellen Travis

Mrs. Emily Ellen Travis, wife of C. E. Travis, age 55 years, died at her home Tuesday night, Sept. 4, 1923 of consumption, after a long illness having been confined to her bed for six months. Mrs. Travis moved to this community from Mt. Eden, Anderson County a few years ago and had made many friends. She was

a very patient sufferer and appreciated all that friends and neighbors did for her. She was a life long member of the Christian Church. Funeral services were conducted at Bethel Church, Thursday morning, Sept. 6 by Rev. E. D. Ryan. She leaves a husband, two daughters, Mrs. Mable Cummins, of New York, Mrs. Ruby Redman of Shelbyville, six sons, Clyde Travis of Briar Ridge, Herbert, Hugh, Arthur, Clifford and Robert Travis of this community, several sisters and brothers. Interment in Bethel Cemetery. We extend our heartfelt sympathy to the sorrowing ones.

Death - Laura Francis Hough Owen

Laura Francis Hough was born Jan. 7, 1848, united with the Methodist Church early in life and was a faithful member all these years and attended services whenever her health would permit. She was married to Mr. Henry Owen who preceded her to the grave last December. She died Sept. 3, 1923, age 75 years, 7 mo and 29 days. A long life well spent can truly be said of her.

She was an invalid for a number of years, but all that could be done for her by her children, who were the most thoughtful, kind and attentive to their mother, that we have ever seen. She was a true friend, devoted wife and loving mother, and to these children we would say, your loss is Heaven's gain, just another treasure awaiting you in that eternal home. She leaves three daughters, Lillie, Minnie and Anna Owen, four sons,

Struck Oil

Mr. Will Smith, who has been boring a well on the land of Mr. Ernest Miller, about one mile west of Bardstown Junction, struck oil there last Tuesday at a depth of 160 feet. He brought samples of the oil to town and when set afire, it burned freely until it was consumed. He does not know how much there is of it, but there was a considerable quantity in the well and the chances are bright for an oil field in Bullitt. Mr. Miller has sunk several wells in an attempt to find oil, and we congratulate him on the successful termination of his three year quest.

Pleasure - Insanity

Twenty years ago, the greatest desire of our American people was to own a home. They married, settled down to what they termed as a happy married life, in their own home and were content. Today, they refuse to marry and instead of buying a home, they buy an automobile and hit the highway - seeking pleasure. Or, suppose they do marry, with their desires to own a home changed to own a car, you will find the man with his wife beside him, roaring along the road at sixty per - with no home. What will become of their children, should they happen to have any? Will they tire of this constant on the jump method of living and go back to dear old quiet home life, or will they continue with the present day method of get out and get?

We are not sure about the color of the hat, but rather think it was a dark cream color with band to match. Bill Herps said the hat would have been cheap at half the money, but this was disputed by Jim Collings and others. The hat is used in Arkansas where it is known as "The Chestnut Pickers Skypiece". School News

The School Rally of the Shepherdsville school held Friday night at the Masonic Temple was well attended by the parents and friends of the local school and the interest shown was the kind that only good, loyal people can show to a good cause.

The Pioneer News, 1923 - J. W. Barrall, Editor
Transcribed From Microfilm by Edith Blissett in the year 2005

The object of the meeting was to raise money by public subscription to build more school room and the decision reached was to erect a new auditorium and take the old "Gym" for school rooms.

Prof. Sanders, in his usual earnest way explained his views on this subject and showed how the School, Banks, Churches, Lodges, Stores, etc had grown in our town the past ten years and called on the leadership of this town and county to help him keep up the same progressive spirit in the school.

The quiet solemn audience who had always stood by the school and who had listened attentively for more than an hour, burst into a loud applause when it was announced that C. F. Troutman, a former graduate, had given \$500.00

This was quickly followed by good substantial gifts from Billy Griffin, Frank Goldsmith, J. E. Smith, H. H. Combs, C. P. Bradbury, Ice & Co., Dr. Kerr, Fred Saddler, W. T. Patterson, Will Jenkins, Cleve Masden, Lindsay Ridgway, J. R. Zimmerman, Carl Daugherty, Will Joyce and others whose names we failed to get, were the largest subscribers.

The complete list will probably be printed soon but was something like \$3500 besides the \$2000 that had previously been given.

As far as the writer can judge, this co-operation speaks well for any town and certainly is one of the best advertisement any community can have.

A good school with good teachers, backed up by almost unanimous citizenship, makes ours a splendid place in which one may live and die.

The Louisville School Board has just completed a fine new school building in that city and has named it "The Margaret Merker School" out of respect and in memory of a teacher by that name who taught in that city for many years.

Miss Merker was well known in Bullitt County during her life time and was a sister of Mrs. Thomas Ritchey who spent almost her life in the Cupio section.

The two State Normal Schools recently established by the State has been to the town of Morehead and Murray. Dr. J. W. Carr will have charge of the Morehead school, while F. C. Bullou (looks like) has taken charge at Murray.

Miss Aldena Barrall, teacher at Sunny Side, will give her pupils an entertainment on the evening of Sept. 29th.

A large crowd attended the Pie Socials given last Saturday night at Glenn Ella and Culver Springs. Miss Ellis is the teacher at Glenn Ella while the latter is in charge of Miss Garnett Masden.

Hebron

An old pupil and friend, Charley Brooks, of Frielandville, Ind., was here to visit relatives and incidently to enjoy the Bullitt Fair and he took occasions to say he takes the Pioneer News in order to keep in touch with Hebron folks and affairs and so we had better be “carrying on” while here with his daughter and brothers; Ben and Charley made several auto trips to places of interest, such as Frankfort, High Bridge, Old Kentucky Home and etc. He also consulted a Louisville oculist about his eyes, which threaten to lose their vision.

One of our pleasures at the County fair was to meet Mrs. Walker, see Miss Mamie Roby, the popular teacher. She told us about her S. S. Class at Glendale, 25 girls, nearly all from the Baptist Orphanage there and these were always no. 1 in every respect and very enthusiastic over class work. What a pity children can't get the religious training at home that is given in the Orphanages.

Several from Little Flock attended Long Run Association at Immanuel church.

Another New Building

We are reliably informed that the town is to soon have a more complete and up to date drug store.

The Kerr Drug Company has planned for a larger building and will install a fountain and modern fixtures, and will carry a line of drugstore sundries as found in the Louisville stores. We understand that their policy of “Cash-Cut-Rate” has been satisfactory and well supported by our people and when they enter a new building with convenient and sanitary fixtures, the town shall be much helped and profited thereby. Shepherdsville is gradually moving forward in many lines.

After the shooting, Mr. Snellen made his escape to the woods, where he kept in hiding until Saturday evening, getting hungry he started to return to his home where he met a searching party who took him and turned him over to Sheriff Roby and Monroe. He was brought here and lodged in jail. His examining trial was set for Wednesday, Oct. 3.

Town Loses Oil tank

We have just been informed that the Standard Oil Company shipped two large Tanks here and wanted to put in an oil station here and was not able to buy any ground for the station. What a shame such people own land and will not sell at any price for a good purpose. It would have meant hundreds of dollars to our town in taxes. It would have paid several hundred dollars of tax to our schools and give employment to several men. Not only that, it would have helped in other ways to getting other business to locate here. The L & N RR gave them what ground they wanted at Salt River and they have begun their ??? and garage

there. Out town will lose taxes on several thousand dollars.

Motor Trip

C. G. Bridwell motored to Tiffin, Ohio, recently to join Mrs. Bridwell and Dorothy who have been spending the summer with Mrs. Bridwell's father, Mr. Clay Haltz. After spending a few days enjoying the hospitality of Seneca County, Buckeyes, they drove to Niagara Falls along the Lake Shore Drive. They were accompanied on the trip by Mrs. Lucy Rosenberger and little Louise Corthell, sister and niece of Mr. and Mrs. Bridwell.

The trip was greatly enjoyed by all. The principal crop of Pennsylvania and New York is tourists. They are cultivated by the population with meticulous care and certain profit.

There is a gasoline station and refreshment stand every mile of the way from Cleveland to Niagara. Every other house has a sign out, "Rooms for Tourists" and free camping ground everywhere. Next to tourists, grapes occupy the landscape. A larger percentage of the land is in grapes that is occupied by

corn in Kentucky. The road runs along the summit of a terminal moraine deposited by glaciers during the glacial epoch thousands of years ago. On both sides, as far as the eye can see, are grapes and then more grapes.

Accommodations are cheaper in private homes and hotels than in the Southland. The trip home traversed the Blue Grass region by way of the L. L. L. route from Covington by way of Falmouth, Cynthiana, Paris and Lexington into Louisville. Probably the most thing, especially in the Blue Grass, was the evident lack of farm help, many of our beautiful blue grass farms growing up in weeds, fence rows uncut and tobacco suckers in bloom.

Automobile Ownership

One of every fifteen Kentuckians owns a motor car, according to statistics made public in Washington today. Motor vehicle registration in this State, the report shows, reached 167,336 on July 1, comprising 149,537 private passenger cars and 17,799 motor trucks. These total new records.

The registration revenues from these machines, according to the report, from the beginning of the year to July 1 was \$2,657,619.72 and the entire amount under the law, is applicable to road work under the supervision of the State highway department.

There were 38,236 more motor cars in Kentucky on July 1 of this year than on the same day a year ago, and the increase in registration revenues amounts to \$549,927.37. The report shows that the number of motorcycles decreased from 841 to 681.

Finds Clothes

Last Thursday evening, Sept. 29 the news came that a body had been found near Mt. Eden on the Joyce farm. Dr. Shafer and W. F. Monroe left at once for the place and found that a 38 revolver, a suit of clothes, hat, shoes and neck tie had been found, also a small bone. Many think someone had been killed and his body been destroyed by wild animals, while others think some clothes had been hidden. One bone, supposed to be a human bone, was found.

Bowman - Laswell

Miss Mary Grace Bowman, aged 19 years and David V. Laswell, 23 years, were quietly married at the Catholic Church in Highland Park last Sunday.

Miss Bowman is a daughter of Mr. and Mrs. B. L. Bowman and one of Shepherdsville's prettiest and most popular young ladies. She was well liked by all who knew her. Mr. Laswell was a former Bullitt County boy, and for several months run a barber shop here, going to the city only a short time ago. After a short bridal trip, they will go to housekeeping in the city. Their many friends join the Pioneer News in wishing them a long and happy married life.

School News

Prof. Smith, who taught here during the summer of 1921 in our extension school, has been employed to teach in the new State normal school at Murray, Ky. Mr. Smith is a highly educated man and made many friends while in our county.

Mrs. Marie Griffin Maraman and little daughter are improving and hope to be out in a few days.

The big Sale held here for the past two weeks by the well known Troutman Bros. firm came to a close Saturday night, after many thousands of dollars worth of merchandise had been sold. The active leadership now of this big firm now falls to Mr. C. F. Troutman, one of the cleverest and most likeable young men we have ever known. We all just feel like giving him the glad hand and trusting that he may continue the excellent business that is a credit to any town and county.

A new school for colored children is being established at Hubers and will open this week. The Christian churches throughout the south have an available fund for this purpose and selected the old Huber farm of 165 acres because of its elevation, splendid water and excellent limestone soil.

Entertainments of various kinds were given last week at the following schools: Sharps, Sunny Side, Pleasant Grove, Hebron, Brooks, Glen Ella, Culver Springs and others. The teachers were: Sylvia Phelps, Aldena Barrall, Beryl Hall, Lillian Thompson, Mary Buckman, Mary Dawson, Miss Ellis and Garnett Masden.

We have splendid reports from the social entertainments given last week at Hebron by the popular teachers, Misses Thompson and Buckman. A similar affair was held on the same night at Pleasant Grove by Miss Hall and at each place, nearly \$100 was made for school improvements.

Miss Lola Iles, teacher at Pitts Point, has been offered a position as

assistant teacher in the Normal School at Bowling Green. Miss Iles lives in Ala and is a life graduate of that school.

Fool Things

Your electric lamp started life as a "fool thing". When Edison first corralled "lightning in a bottle", people were skeptical.

"Fool things", such as the electric lamp, the telephones, "horseless" cars and gas were not the result of blunders. They required years of experimentation and research costing millions of dollars.

Private capital took all the risk. The people would not have permitted government or city funds being gambled on "fool things".

We'd now be 100 years behind but for private capital and initiative, privately owned Public Utilities and kindred industries; we'd still be groping in the dark of the lamp age, riding in horse cars, cooking with cordwood fires and ignorant of the telephone.

The Auditorium

The big auditorium, which Prof. J. H. Sanders is raising money to erect, will be a great aid to the school and Bullitt County. It will be non sectarian, non political, non sectional, and non factional. While it will be erected for school purposes, and it will be open for all lawful purposes. If either one of our churches should desire to hold a meeting there, it will be at their disposal. If either party desire to use it for a housing a large gathering, they can do so. Educational gatherings can be held there and in fact, all gatherings which do not conflict with school meetings can be held there. Our Baptist brethren can

hold their associations there, and our brethren of the Presbyterian and Christian Churches can use it. It is purposed to build it large enough to hold one thousand persons. We could invite some of the big district conventions to come here. Ours is a very strategic point. The main line, the K. D., the Greensburg and Bardstown Junction branches of the L & N RR all run into our town. We are close to Louisville and accessible to all points and all places. It will be more of a county than district affair because it will be used by people from all parts of our county. Our school in the main is made up of country children. They out-number our town pupils three or four to one. This fact is being recognized by some of our most substantial farmers. Hardys, one of our best far.... and a good man contributed Hundred Dollars. Will G. Je.... , another good man subscribed a like amount, and Orb Masden, Cleve Masden and many other splendid farmers, who live in the county, and outside our school district, gave liberally and will give more if necessary. The people of all sections should contribute to the fund to erect this auditorium. It will help Bullitt County in many ways. It will be an aid to the boys and girls of the county in securing an education, and that will be of priceless benefit to our county. It is one of the most appealing and worthy projects our people have been called upon to contribute to in many, many long years. The children of today are the men and women of tomorrow. The best and most lasting gift we can bestow upon them is an education. We owe it to them, to ourselves and our country and state, to place every advantage in their hands and this auditorium will be a great aid to them in their school life. And then, it

will be great convenience and pleasure to every man and woman in Bullitt County who loves to attend big gatherings.

Death of Mrs. McConathy

Mrs. McConathy is dead. No four words that could have been uttered in Ocala would have seemed so unbelievably sad or occasioned so much sorrow to hundreds of hearts. Those four sad words came to the hearts of her many friends shortly after noon Tuesday, when the editor of this paper received the message from Judge McConathy, sent from Louisville. As her friends had not heard of her illness, they were indeed shocked and grief stricken caused by the unexpected intelligence.

Early in the spring, Judge and Mrs. McConathy left for St. Augustine

and Jacksonville for a short stay before going on to Bardstown and Louisville for a summer to be spent with relatives, while her friends here were eagerly awaiting for her to return but now she has been called to a "City not made with hands, eternal in the Heavens."

Judge and Mrs. McConathy came to Ocala shortly after their marriage and this city has since been their home. They soon identified themselves to all the paths of life and were numbered among our best known and most progressive citizens and could truly be said of Mrs. McConathy that "None know her, but to love her; none named her but to praise."

She was one of the most ardent workers in the Methodist Church and it is here and in the Missionary Society, which organization she was for a number of years its president, that she will be most missed, for without her loving help and council, nothing was ever done. Her head and hands were always willing workers for her church which she held so close to her heart; Besides being a worker in the church and its various branches, she was closely identified with the King's Daughters and other benevolent organizations that were for the betterment and uplift of the community.

The keynote of her life was loving service and it was her effort to help others and her many deeds of kindness that endeared her to every one from the tiny tot to the gray haired and truly she will be missed by many.

To her heart broken husband, we extend our deepest sympathy over the loss of his life companion.

Takes Third Degree

Gilbert Newman, Jerome Monroe and Herman Crenshaw took the Third Degree at the Masonic Lodge Monday night. The degree was conferred by the officers and drill team of Lewis Lodge, Louisville. The work was splendidly done and elicited much favorable comment. After the candidate had been raised, all present were invited below where a splendid lunch was served, consisting of ham and cheese sandwiches, pickles, coffee, brick cream and cake. More than a hundred brethren registered and during the ceremony, the large lodge room was well filled. Dr. Kirk stayed on the side lines and added much to the merriment of the evening with his rich stories. Ambrose Skinner, Fred Kulmer, Frank Monroe and two of the Louisville brethren carried off the blue ribbons in the banquet room, with Will Ashby, Henry Masden, Clarence Boss and other local brethren running close seconds. It was an evening long to be remembered by all present, and many repetitions of it are to be hoped for in the near future.

Skeleton Found

A short while ago, a gruesome find was made out near Mt. Eden on the lands of W. F. Joyce. Some human bones were found in an old grown up field near the county road. Near the bones, a hat, over-coat, suit of clothes and some underclothing was found and near-by, Iver Johnson's pistol was found. The fact that the over-coat was found made it seem probable that the man died in cold weather. Dr. Shafer and others went to the scene but were unable to discover any light on the mystery, or disclose the identity of the man whose bones were found there. The skull, by which it was hoped to unravel the mystery, has not been found. Many of the bones had been carried for long distance by dogs or other animals, and many of them have never been found. So far as

The Pioneer News, 1923 - J. W. Barrall, Editor
Transcribed From Microfilm by Edith Blissett in the year 2005

known, no one has been missing in this county. Whether the man died from some fatal stroke from within, or alcoholism, or was killed by some other person, is not known and in all probability will remain a secret until that day when all secrets shall be known. He might have been murdered by some one and brought from some other part of the county. He might have died of heart trouble, or he might have drunk too much moonshine and died from the effects of it. No one knows. The Mt. Eden section has always been one of the most orderly and law abiding sections of our county, and the finding of human bones caused much surprise.

Aunt Dolly Bowman

Aunt Dolly Bowman, widow of the late John Bowman and one of the oldest and most respectable colored women in Bullitt County died at the home of her son, John Bowman, at Bardstown Junction last Monday. Her remains were buried in the cemetery on the land of John H. Viers on Wednesday 3rd. She was about ninety three years of age. In her early life, she belonged to the Lees and Kinnisons and was splendidly reared and a woman of fine manners.

Like all of the old fashioned colored people, she was loyal to those to whom she belonged and only words of praise for her old master and mistress. Aunt Dolly was a woman of fine principle. She loved to talk to the white folks, and was an interesting talker. Every white person who knew her was her friend, and the members of her own race loved her. She was one of the few remaining links that bind the present to the past, and in a few more years, they will be gone. Peace to her ashes

and may her soul rest in that in that better land beyond the mystic river.

The following article may be of some interest to some ambitious girl in this county:

The demand for high type woman in the nursing profession has not been met since the war closed, in Kentucky, the need keenly felt. Graduate nurses have been found indispensable for duties other than the actual care of the sick. Social service and public health nursing - which covers the fields of health teaching and disease prevention - have called out large numbers of our best nurses. The demand is greater than the supply at every hand and young women who wish to grow in the field of the work undertaken by them may ... in nursing a scope for theirition and at the same time ... themselves a profession which commands respect and earns a good living.

Wanted

To Buy - 500 bushels of corn. E. H. Mathis, Shepherdsville.

To Whom It May Concern

I am well acquainted with Jim Hollie and he is a citizen of Hart County and the father of two fish skin children and has a large family to support and has been a tenant all of his life and works on a farm for a living. I have been told that he has the only two fish-skin children have to be bathed in olive oil.

Mr. Hollie is now putting these children on exhibition in Hart County and adjoining counties to make up enough money to buy him a tent and a truck so he can take these children south so the winter will not be so hard on them, as they suffer a

great deal in winter. Anyone wishing to help Mr. Hollie will certainly be appreciated by Hart County citizens as he is in very poor circumstances.

Mr. Hollie will be in Shepherdsville Tuesday, October 16, in a tent on the Public Square, a small admission will be charged to help pay expenses, don't fail to come and see them.

A female hound dog afflicted with the violent type of hydrophobia has appeared in the north end of this county early last week, bit a large number of dogs. On Tuesday, it came out the Preston Street Pike as far as Hebron. On Wednesday, it was seen on the Blue Lick Pike, attacking every dog along that road and was finally killed at the Silas Summers farm by Mr. Burks Williams.

Dr. David Smith administered the anti-rabic treatment to eight of the bitten canines and several others were killed.

A short time ago, a small fice (sic) bit four valuable dogs belonging to Mr. L. N. Patterson and several other dogs around town and was killed by Mr. Joe Jeffries in the stock room of his garage where it had taken refuge. About the same time, a fine "varmint" dog belong to Joe Garr, which had bitten by a stray early in the summer developed the disease and was confined and held for observation until it died.

As a bitten animal may develop this disease from nine days to six months after exposure the actions of all dogs should be closely watched and on exhibiting any unusual symptoms, should be confined or killed.

Mr. Bell has sold his interest in the store to Mr. McKenzie and they are busy invoicing goods. This firm has won the respect of all by their uncompromising stand for Sabbath observance, they neither buy nor sell on Sunday, neither do they keep soft drinks and so there is no suggestion of the saloon about there. Now, if they would drop cigarettes, there would be no temptation for young boys. Well, we are not dictating a policy. We feel sure Mr. McKenzie will regain the patronage of the store.

This will be Judge Evans last term of court, as he will resign about January 1st, 1924 and his successor will hold the March term, 1924. Judge Evans is 81 years of age, and has held the position of District Judge for almost twenty-five years. He is regarded as a very sound lawyer and one who loves to see justice administered, and the Kentucky bar as a whole will deeply regret his passing. There is no inkling as to who will be his successor.

When the three convicts who had held the prison guards at bay in Eddyville penitentiary for three days were finally captured, it was found that they had been through with living for two whole days. They were considerably "shot up" and it is not known whether they killed each other, killed themselves, or were killed by the guards. However, they were well killed, and that is the satisfactory part about the whole affair. Walters, who was the brains and the bullet which ended his murderous career, certainly did a

most glorious piece of work. It he had been killed in infancy, the world would be far better off.

Miss Willie Mae Ridgway, who is teaching in one of the large schools in Jefferson County at St. Mathews, spent the week end at her home here.

The following names have been sent in on the school petition to County Clerk Ridgway to be voted on as County School Board Members at the coming election: T. L. Mattingly, E. Z. Wiggington, H. M. Trunnell and Joe T. Harris. All school board members in every county will be elected this year.

Miss Elizabeth Cash, teacher at Sugar Valley, near Mt. Washington, was a recent guest of friends here.

Because the new teacher at Pitts Point failed to report, the school at that place was forced to close Monday until another teacher can be found. There seems to be a shortage of teachers in most counties this year.

In order to be absolutely fair, the School Board will send out the following circular letter to all teachers this week who are teaching in districts that contributed to the Soldiers' Fund.

To the Teachers, Trustees and Pupils of the ____ School:

Some time ago, a drive was put on thru the schools of Bullitt County for funds to erect a suitable memorial or monument to our boys who lost their lives in the late war. Because of a lack of funds to erect a large monument, we have decided to give this fund of \$2,000 to the local School Board to erect a hall near the school building at this place to be called "The Bullitt County Memorial Hall."

The building, when complete, will cost from \$8,000 to \$10,000 and is to be used free of charge for any

kind of educational gathering for the schools of Shepherdsville and Bullitt County.

In addition to having the privilege of naming this hall, which will be more than twice the size of any assembly room in Bullitt County, we reserve the right to place a bronze slab in said building, giving the names of all Bullitt County boys who died or who were killed in the World War.

We find that your school generously donated \$_____ to this fund and if as many as five of your patrons object to this plan, please have them sign the blank spaces below and we will gladly return this amount to you to be used for the direct benefit of your school.

Please give this matter all the publicity possible and let us hear from you by December 1st, 1923. If we fail to hear from your school on or before December 1st, we will assume that your people are satisfied.

Yours respectfully, Bullitt County School Board

Muss Lucile Riester, teacher at Green Briar, has purchased a tennis outfit for her pupils as well as several other simple devices for the training and development of her boys and girls. This teacher comes to us from northern Indiana and has one of the best schools we have in Bullitt County. When a real teacher is discovered (and we have lots of them) the patrons should get behind them, encourage them and make every effort to hold them. For under present conditions, laws, etc, many rural schools will soon have no teacher not only in Kentucky, but all over our country.

Mt. Washington School News

We are proud of the success of the Country Store, lunch ??? box and pie supper given last week Saturday night under the auspices of the PTA.

Every one contributed freely with their pies, cakes, boxes and articles for the County store and the crowd responded as freely by paying good prices for the goods sold.

Scarcely a box brought less than \$5.00 and several went for \$10.00 and \$12.00. The highest going for \$18.00. Pies sold at 25 cents to \$4.00 and the country store which had a 10 and 25 cent counter sold out early in the evening.

Mrs. J. A. Harris presided at the lunch counter and her coffee and sandwiches were in demand until the sale of pies and boxes claimed all attention.

A cake was sold for the prettiest girl which was easily won by Miss Hazel Hall. A box of cigars to the ugliest man went to "Grandad" Graham.

The honors for the occasion go to our splendid corps of teachers and the hearty cooperation of the members of the PTA.

We have not learned the exact amount cleared but about \$245 was realized from the entire sale and the expense was very little, so we are sure the workers feel amply repaid for their very efficient work.

Hydrophobia Still Spreading

A brindle cur came to the place of Mr. J. J. Blankenship last Monday and attacked his valuable bird dog, biting it six times before being killed. The dogs head was taken to the Board of Health for examination and the report was positive for rabies.

An investigation revealed that this dog had left his home on Martin Hill two days before after biting several dogs in that neighborhood and consequently must have traveled many miles before killed by Mr. Blankenship. The bird dog was given the anti rabies treatment promptly by Dr. Smith. If one tenth of all dogs bitten during this summer by rabid animals develop the disease, we will have an epidemic of rabies which will take years to eradicate unless vigorous measures are adopted at once. Etc. Etc. Etc.

Victory

The evening of Friday, October 26th, was made very enjoyable at Victory Schoolhouse by a delightful entertainment given by the school and the young people of the community, assisted graciously by the patrons. We should like to mention by name each one who so helpfully gave their assistance, but lack of space forbids. The hearty cooperating of the whole community has wonderfully united us in our common aim, and we are hoping for great results from our united efforts.

The house was crowded to its limit; everybody appreciative and beaming with good will. The young people did their best, and we are justly proud of them and predict great things for a community which can boast of such young people.

Mrs. Ollie Burch very successfully trained the young folks and exemplified to an appreciative audience very clearly her marked ability along this line. Her able leadership in musical as well as dramatic lines was a real pleasure to us.

Last, but not least, we cannot refrain from mentioning the sensation created by three of our helpful patrons, Mr. O. P. Basham and Dudley Ashton, a young society gentleman; Victory's good Trustee, Mr. Charles Ratcliff, as "Uncle Jeremiah", and Mr. Vern Jones, as "Sambo", the servant.

May Victory ever lead in the onward march for "Higher Ground".

School News

The teacher and pupils of the Harned School had a splendid Halloween party at their school building last week. This school is in charge of Miss Mary Ping and we note with pleasure that this is her second term there. We also found a good eighth grade graduating class making daily preparation to enter high school next September.

Mrs. Otis Porter, a well known and highly respected lady, died at her home near Bardstown Junction last Tuesday. She was the mother of a

large intellectual family, many of whom have been teachers in Bullitt and Nelson Counties.

The school at Edgewood has just installed a nice new basketball outfit, modern swings, slide, a library and a large American flag. This progressive school is in charge of Mrs. Mary Weller Collings with Col. Fred Gentry (looks like), as trustee.

Several rural teachers are having hot soup for their pupils noon day lunch this year. Misses Ruth Crenshaw and Beulah Lee have worked out this plan well and it is meeting with favor at Cedar Grove and Hays.

In the death of Col. John Duvall, this county has lost one of its best known citizens. Mr. Duvall was a splendid man in every way, public spirited and several years ago had ridden the Clermont district as Dept. Sheriff. He leaves a wife, two sons, three daughters, and probably as many other relatives and friends as any man that ever lived in Bullitt County.

The following well known school men were re-elected on the County School Board Tuesday for term beginning January 1st, 1924: E. Z. Wiggington, Joe T. Harris, T. L. Mattingly, and H. M. Trummell, while McHenry Rhoades, probably the best known school man in the state, will be State Supt. of Schools.

Seago - Caswell

Mrs. Becky Ann Seago and Mr. E. D. Caswell ... marriage license at the county clerk's office Tuesday and hurried across the wide corridor

which intervenes between the office of the county clerk and the office of Judge John Shelton and in a very short while, Judge Shelton had uttered the magic words made them one, and sent them on a cruise on the surging sea of matrimony. It was the second time out for both. Mrs. Seago told the inquisitive issuing clerk that she was seventy one years young, while E. Dennis set down a 6 and 2, which placed him a decade over the half century mark. To give the affair an added tinge of romance, the wedding was solemnized on Election Day. While political leaders and workers were doing all in their power to "get the vote out", E. Dennis and his charming, Becky Ann, were doing their best to have the chains of matrimony shackled upon themselves. Here's a hope and wish that the flowers of happiness may ever bloom along the pathway which they have chosen to walk together. The hour of sunset not so far distant, but we trust that they will utilize the few remaining hours in making each other happy.

Barrall. She received many useful gifts from her loved ones and friends. Mrs. Barrall was born in 1835. She was married to Charles Samuels, for many years deputy county clerk, and then County Clerk of Bullitt County. Mr. Samuels died in office. He was a fine penman and splendid clerk and his untimely death was greatly and widely lamented. Two of their children, Mrs. Thomas J. Barrall and Mr. C. L. Samuels are living. A third child, Mrs. L. M. Barrall, died last year. Her second husband, Mr. Christian Barrall, died several years ago. He was for several years Assessor of this county, and was one of the most upright and prominent men of his day. Mrs. Barrall enjoys good health and is still very industrious. Her hearing is not so good as formerly, but with that exception, her faculties are as yet unimpaired. She is a great reader and one of the best read persons of our acquaintance. Mrs. Barrall is a lady of the old school. With her, wrong is wrong and right is right, and there is no compromise. We sincerely wish we had a thousand more of her kind. We congratulate her upon reaching the 88th milestone on life's highway and trust she may see many more happy anniversaries of her birthday, which had its dawning(can't read)

Hebron

Dr. Holsclaw is on the sick list.

Glad to hear of the work being done on our road to Shepherdsville. Had thought of suggesting an air route. We wish our county officials or somebody would tell the public why our road is so nearly impassable. Every time an outsider comes here, we are asked this question, and all we reply is lack of funds and often they laugh to scorn and give reason why such cannot be the case. We confess appalling ignorance and wish to be enlightened, Mr. Editor.

Miss Mary C. Holsclaw, principal of school at Lyndon, spent week end at her home here. Her school had a Halloween affair. The writer would also like to be informed why Halloween is connected with a school. Will one pupil rise and tell us the origin of Halloween and the educational advantage of it's observance? (sic) For instance, why it seems necessary for some to celebrate it with rowdiness and even lawlessness? Seems to us but a step removed from the nightshirt and pillow case.

Little Flock has at last received the legacy of \$1,000,00 bequeathed to it by the late Miss Laura Brooks and which is to be in trust until such time as a new Building may be erected. Miss Laura had not been able to attend this church for many years but ever retained the greatest affection for this, the place where she was converted and first labored for God. We were in her S. S. class here.

Miss Myra Sanders writes most enthusiastically about her work at the Lee's Collegiate Institution,

Jackson, KY. She is one of a faculty of seven, all college graduates and very congenial. There are 130 students, 45 of whom live in the dormitory. The buildings are of brick, well equipped. She says (can't read one line" the air and scenery are delightful and adds, "Jackson is a nice town, too." concrete walks, electric lights, fine public buildings, pretty homes. And let us all pray that no more tragedy stalk thru its streets.

Mrs. J. Allen Tyler, nee Miss Pearl Cooper, is visiting friends and relatives here. She and Mr. Tyler, who have been living in Norfolk, VA, have come to reside in Louisville.

Mrs. H. B. Woods entertained for Mrs. Palmer Hedge last week Wednesday.

More Dog Depredations

Last week dogs got into the flocks of S. N. Brooks and Son and Mr. Williams at Hebron, A. M. Carr and Frank Robards of Hubers, killing and mutilating a number of valuable sheep. The dog population of this county now out-numbers the population two to one with all of the sheep assessed and not one third of the dogs.

If we cannot get a little law enforcement along the dog tax collecting fines, there will be nothing with which to pay owners for stock destroyed by dogs during the coming winter.

County Court

When "Uncle" Ephraim Quick called for order in the county court room last Monday morning, he looked as if he felt that something was going to happen. And as Judge Shelton slowly adjusted his spectacles, and slammed his gavel down on the Judge's stand, there were others there who seemed to feel that something was going to happen. In a few minutes, court was open, all right. After Lindsay Ridgway had called the docket and the perfunctory part of the proceedings had been done away

with, Mr. Ridgway smilingly retired, and Judge Shelton opened a portentous looking docket book which lay before him, and in ominous tones began to call off the names of diverse and sundry persons who had proceeded against the Peace and Dignity of the Commonwealth of Kentucky. As the names of those persons were called, they slowly and painfully walked up to the judge's stand and talked to the Judge and Tot Carroll for a few moments and above the painful silence which reigned in the little court room, could be heard the voice of the Judge saying: "Five Dollars and Costs". This happened to about eight persons, possibly more. Not a lawyer was employed as every one who was under arrest seemed to feel guilty. It was the biggest county court criminal docket we have had in years and drew a large crowd of the morbidly curious into the courtroom. There are already those who love to see the other fellow in trouble, and while we are not built along those lines, and cannot understand those who are, yet they are always present to rejoice over some poor unfortunate devil's misfortunes. Our opinion is that you will find people of that kind everywhere except in heaven. But getting back on the track, we desire to say that law breakers fared badly last Monday, and those who broke the law furnishing the officers the price of many a good juicy stake (sic), which might and would have been fried in their own homes, if they had not violated the law.

Horrible Game Wardens

From some mysterious source, a pair of pernicious game wardens dropped in and before any one knew they had even been born, they had nabbed several of our unsuspecting citizens and had them fined. While in our county, they picked up quite a tidy sum of money, but when they left, they were as unpopular as a housefly in the butter dish. The way the hunting laws are now, every dad sapped fellow can hunt on a farmer's land but the farmer himself. The law was written by a lot of city people who do not own any land and who commit trespass every time they go hunting. ETC, ETC

Hebron

Little child of Jess Owen is quite ill. Will soon be spoken of as in "Bloody Bullitt"

Thanksgiving will be observed at Hebron with the usual community dinner and all day service at church.

The writer had the pleasure of attending the reception or family gathering at the Plant of the Jeffersonian at Jeffersontown last Friday.

The live editor, Mr. Hummel, had a practical demonstration of the wonderful linotype machine at work and how a paper is made, from the copy which each was asked to write in his sanctum to the printing and folding of the newspaper, and each guest received a souvenir copy warm from the press. (Highlights)

Miss Ina Holsclaw writes from Stule, MO, that she led her class at High School so far this term. She

likes Missouri fine but misses the hills.

Just received a long letter from Mrs. W. J. Bell. They are located at Eau-Gallie, Florida well pleased it seems. Fishing is good and we who know Mr. Bell, feel sure he is pleased. Roy Stallings and his party of Bullitt folk had stopped by a few moments on way to Ft. Pierce. They miss the county paper and ask me to jog memory of Editor to hurry it on to Florida.

We Thank You

As Lee Street, we believe, is one of the most traveled side streets in town, has never had anything done to it since it has been in the town. The Town Board, refusing to do anything on it, Mr. W. F. Joyce, Mr. John Swann and myself have been trying to make the street the best we could to keep out of the mud and have it half done. Troutman Bros., Maraman & Sons, C. C. Daugherty,

Mr. Harry Combs, Miss Doris Miller and Mr. Bedford Crenshaw each gave us 2 loads of rock on the street for which we wish to thank them.

Farmers Union

Pleasant Grove Union last week contracted for \$1000.00 worth of ship stuff at a savings of fifteen per cent for its members.

This is one of the most active local unions in the county and by co-operative buying has saved thousands of dollars within the last half year for its members. They also have in operation a union truck which makes regular trips to the city. All that is now necessary to make this union a permanent success is a little cooperative work on the Mt. Washington - Shepherdsville Road which is in bad shape.

Mt. Washington local has a warehouse rented and is running neck and neck with Pleasant Grove in the matter of cooperative buying.

Saturday, December 1, will be the annual election of officers of the county union for the coming year. A president, vice president, secretary-treasurer, chaplain, conductor, doorkeeper and executive committee will be elected by the votes present count delegates. The election will be held in the court house.

N. B. Trunnell Sr

Mr. Neil B. Trunnell Sr, one of the best known men in this community, died at the home of his son, Henry M. Trunnell, about three miles west of this place, last Monday morning. The cause of death was cancer. He had been a sufferer for about three years, but had not been confined to his bed until a few weeks ago. Surviving him are his three children, Mrs. Jennie Trunnell Sinsil, (sic), of East Alcorn, Ohio, and Henry M. Trunnell and Neil B. Trunnell Jr, of Bullitt County, two sisters, Mrs. Howard and Mrs. Pottinger of Tennessee, and two brothers, Thomas J. Trunnell, of Bardstown Junction, and J. Morgan Trunnell, of Harriman, Tennessee. On Monday, after brief services at the home, the body was conveyed to Hebron Cemetery and buried beside the wife

The Pioneer News, 1923 - J. W. Barrall, Editor

of the deceased. Mr. Trunnell was nearing the 69th anniversary of his birthday. For forty and more years, he had been well known and popular in the business, political, and social life of Bullitt County. His father and mother, in their home at Bardstown Junction, had ever dispensed true Kentucky hospitality and the subject of this sketch was true to his teachings. He was one of the most hospitable men in Kentucky and lived for the enjoyment of his children and friends. Before the death of his wife, their home was always open to their friends and was a beacon for the young people. Mr. Trunnell was true to his friends under all circumstances. If he knew you were his friend, he would go his length for you. He was a splendid farmer and good business man and before disease laid its heavy hand upon him, took great interest in all public matters and enterprises. For several years before his death, he had spent the summers in a small house near Salt River. This was known as "All Inn Camp" and in this camp, his friends were always welcome. Before he died, he selected his pall bearers, members of the Camp, and .. of the handsome floral designs which helped to adorn his grave was the gift of his "boys" as he affectionately called the campers. On all sides, there is genuine sorrow because of the passing of a man who never harmed his fellow man; who did what he could to make others happy, and who was indeed and in truth, a Friend to all.

Mr. Chas. Alford, trustee at Mt. Elmira, was in town Monday.

The December term of the Bullitt Circuit Court will begin Monday, December 10th, with Judge Richardson on the bench. This will be Mr. Richardson's first appearance here as a Judge, and his friends predict that since he is a good lawyer, he will make a good Judge.

Judge Mather, the retiring Judge is very popular and no Judge at any time as even given better satisfaction to all concerned than has Judge Mather.

Robert Shanklin

Mr. Robert Shanklin, well known citizen of this county, died last Sunday at his home near Gap in Knob in which he was born almost seventy-two years ago.

In early life, Mr. Shanklin suffered a severe illness which left him badly crippled, but in spite of his physical disability, he was up until a short

time ago, extremely active and accomplished more work than many able bodie men. Afflicted in body, but strong and determined of mind; absolutely honest, of a cheerful disposition, and exceedingly industrious, a successful farmer who loved his live stock far beyond their monetary value. That was Rob Shanklin.

While never dabbling in party affairs, he was a staunch Democrat who kept well up on the current issues and greatly enjoyed a friendly political argument.

Mr. Shanklin never married. His body as laid to rest in the family burying ground back of the old garden beside his father, mother and only sister who has preceded him to the grave.

The pall bearers, appropriately chosen from old friends who had known him intimately and appreciated his friendship were: Wilson Summers, S. N. Brooks, Rufus Balee, Frank Bell, Ed C. Tyler and Dr. David Smith.

Pleasant Grove

We hope that truth and justice will rule in the day light murder of Dallas Foster in the Pleasant Grove neighborhood. It is an awful thing to shoot a good citizen down on his way home and just a short distance from his home. We hope that justice will be done and money will not rule and we have heard that quite a sum has been made up. The Bible tells us "For the love of money is the root of all evil". We hope and trust that no one will work for the money but for the true purpose of punishing the

K.K.K Speaking

Mr. Locker, a well informed, well educated, grammatical, fluent and very pleasant speaker addressed a large audience in the Court Court (sic) room in the court house Tuesday evening, just as advertised. He spoke for the Ku Kluk Klan, and presented his side of the question in a very nice way. We shall not attempt in this article to reproduce his speech, or any part of it. Those who heard it will remember it, and those who were not there evidently did not care to hear it, so they do not want to see it in print. The court room was crowded to the guards. Every seat was occupied and many had to stand in the back part of the room. A great many were strangers, and evidently came from a distance. Mr. Locker spoke without being introduced. He spoke of the many

times he has been arrested in Kentucky for attempting to make K.K.K speeches. No attempt was made to organize a unit here, but cards were given out and a great many were signed, we understand, and handed back to Mr. Locker and the man who accompanied him. We do not know what this may lead to, but it may lead to the organization of a unit at this place. Mr. Locker made the statement that the K.K.K. had 13,000,000 members in the U.S.

Hike to Paroquet

The members of the Senior Class of Shepherdsville High School, chaperoned by one of their splendid teachers, Miss Anderson, left the school building last Thursday afternoon, December 6, for a hike to Paroquet Springs. After roaming through thickets for an hour, jumping streamlets swollen by the recent rains, and climbing several fences, they located the historical "Lone Grave". A campfire was built nearby, around which the "hungry travelers" relished a repast of wieners, buns, pickles and cakes which the boys had generously supplied. On the return journey, the Sulphur Well was visited and the camping grounds explored.

The party of hikers reached the home town about 5 o'clock, each concluding that the trip had been very enjoyable, in spite of the fact that two of them had slipped into the creek and one into a sink hole. All were present at school the next day.

Boys and girls, lets "have a good time while we're young". Signed, A Hiker.

Was it or Not?

Mr. Mack Shaw was tried in the Circuit Court Wednesday for having liquor in his possession, but owing to the fact that the witnesses could not state whether it was or not the

real stuff, the jury hung. Some said it looked like liquor and smelled like liquor, while others said it was not liquor and with such a confusing maze of evidence to confound and bewilder them, the jurors instead of hanging Shaw, hung themselves.

Mr. Herbert Hibbs

Mr. Herbert Hibbs, who undertook through the medium of a forty-four (44) Colt revolver, to make an angle (sic) out of his Uncle Dan Druin, was tried in the Circuit Court Wednesday and was selected by the jury to represent Bullitt County in the Reformatory at Frankfort for a term of two years and six months. The evidence was very conflicting but the preponderance of it seemed to be very convincing. The trouble was all brought on by the poisoned tongue of gossip and in attempting to get things straightened out, Mr. Hibbs got them tangled up worse and will be compelled to mop pearly beads of perspiration from his alabaster brow for about one year and eight months, if he gets off for good behavior. It sometimes happens that the way of the transgressor is paved with jagged cobblestones and in some way, Mr. Hibbs got on that sort of road. Mr. Hibbs is a good mechanic and is an amiable young man. It is regrettable that he fell into that sort of bad company which always gets a fellow in trouble.

Mr. Ray Pfaff

Mr. Ray Pfaff, who was well known in this county, having played in the band at the Fair here the last two years, died at his home in Louisville last Friday. His wife is a granddaughter of Mr. Henry Shelton.
