School News

Prof. W. J. Craig, Chemite teacher at Bowling Green spent several days here last week visiting schools. He spoke very favorably of the high school work being done by both the school here and the school at Lebanon Junction.

On our visit to the high school, we found that the High School Department alone had present over 100 pupils looked after by Prof. Sanders, Misses Crume, Hutchens and Anderson, while our other county high school, which is at Lebanon Junction, has some 60 pupils enrolled which is the largest high school attendance that school has ever had, besides the school spirit is there this year in great abundance. The high school department is taught by Prof. Pilkenton, Mrs. Cherry and Miss Kenner.

Mr. and Mrs. W. O. Kulmer, of Louisville, spent Monday here on business. Mr. Kulmer was formerly school attendance officer of this county and did a lot to get rural children in school during his two years of employment.

The St. Joseph's College boys from Bardstown will play the local school boys from here on the afternoon of

January 11<sup>th</sup>, 1924, while a return game will be played there February 29<sup>th</sup>.

Miss Sylvia Phelps was married recently to Mr. Fosket Barrall, the ceremony being performed by Bro. Brandon, a retired local minister.

The bride is a splendid young lady and has been a teacher in this county for some four or five years. She is teaching at the present time in the western section of this county and we congratulate Mr. Barrall on his remarkable good selection.

The groom is a well known farmer of that section, a clever young man and belongs to a fine old Bullitt County family, in fact, the Barralls and Phelps are among the county's oldest and best citizens and we trust that this couple has many years to live in this county and that their lives may be filled with sunshine and happiness.

S. H. S. Reception

One of the most enjoyable social evens of the year was the reception given by the Senior Class of the Shepherdsville High School at the gymnasium last Wednesday night in honor of all alumni of the high school.

The large gymnasium, which was beautifully decorated with gold and black streamers extending from each of the lights to the corners of the rooms and with S.H.S. pennants about the walls, never seemed more beautiful to the eyes of the graduates; and when Mrs. Sanders played "Skip to my Lou" on the piano and all engaged in a jolly skip around the room, it brought back memories of former days when they were students of this dear old school.

**Bullitt County Boy**

Schofield Barracks, Hawaii, December 12, 1923. Sir:

The writer was born near a little town in the vicinity of Lebanon Junction, Kentucky, on a line of the L & N Railroad, and feeling more or less lonesome, one usually gets that way living "Barracks life" in Hawaii, desire to write a few lines with the hope that some of my friends or those who are kindly disposed, and willing to strike an acquaintance with one so far from home, will read this and possibly write a few cheery lines.

Altho the Great War is ended, there still remains a large number of soldiers far from home. Altho not in "No mans land" in France, they are in Hawaii and the Philippine Islands. These soldiers, many of whom served in Flanders Field, and a great number, really young boys, are now serving Uncle Sam in far lands and are lonely and despressed (sic) with aching hearts and just being weary and wanting to make some new friends and to again get in touch with old friends. One medium, such as this, is thru your valuable paper, and I sincerely hope that some of my friends have not forgotten me, and reading this little write-up will drop me a few lines.

Hoping you will be able to publish this little appeal in our paper, I beg to remain, to all, A Lone Soldier in Hawaii, (The lonely soldier) William L. Brown, Hospital Co. 31, 11<sup>th</sup> Medical Regiment, Schofield Barracks, Hawaii.

**Decorates Mothers Grave**

Two of Bullitt County's College boys spent Christmas day decorating mother's grave.

C. M. Porter, from the University of Kentucky and H. Q. Porter, from Berea College, returned to their home at Bardstown Junction for the holidays and they, together with Nello Porter, spent Christmas day decorating the grave of their mother, Mrs. Ollie Porter, who recently passed to the great beyond.

At the time of her death, through a lack of correct data, the Pioneer failed to publish a full biography of her life. However, we take pleasure in giving a brief summary of it at this time.

**The Pioneer News, 1924 J. W. Barrall, Editor**  
**Transcribed from Microfilm by Edith Blissett in the year 2005**

Mrs. Clara Jesse Porter was stricken with paralysis early in September of this year. On October the 20<sup>th</sup>, she suffered a second stroke and from then she gradually sank until the end came October 30, 1923.

She was the daughter of Mr. and Mrs. George Jesse, of Spencer County, Ky, born February 16, 1863. On October the 12<sup>th</sup>, (no year given) she was married to Mr. Otis Porter, of Botland, Nelson county, Ky. where they lived for 24 years. In January, 1906, they moved to Bardstown Junction where they lived until her death.

To this union, there was born ten children, all of whom are living: Mrs. Hewitt Harned of Boston, KY., Mrs L. E. Owmn, (sic), Iowa, Mrs. Leslie M. Masden of Shepherdsville, G. Jesse Porter, Tampa, FL, Dr. Roger D. Porter, Central City, KY, Henry S. and Noble E. Porter, Louisville, Ky, C. M. C. Porter, University of Kentucky, H. O. Porter of Berea College and Nello B. Porter of Bardstown Junction. The youngest child will be 21 years of age in February.

Mrs. Porter was a member of the Christian Church as she cared very little for social life, she went to her church oftener than anywhere else. She loved her church, her home and her children. Those who knew her best knew that few children ever had a better mother. Her life was one of sacrifice, love and devotion for them.

Lee - Newman

Miss Thelma Lee, daughter of our esteemed townsman, Charles D. Lee, and Mr. A. L. Newman, son of Mr. John Newman and a prominent young businessman of this place, were married in Louisville

Wednesday. Mrs. Newman, while single, was one of the best teachers in our county and is a young woman of fine intellectual endowments. She has always been prominent in church and social activities and is very popular. Mr. Newman, or "Jack", as we know him, is one of the best fellows in the world, is a highly respected young man and numbers his friends by the number of people who know him. He is owner of the Main Street Garage and for many years was a contractor and farmer. We wish Mr. and Mrs. Newman all the happiness and good fortune that can or could possibly come their way.

Foster - Travis

Miss Thelma Foster and Mr. Hugh Travis surprised their many friends by going to Jeffersonville Saturday and getting married.

The bride is the daughter of Mr. and Mrs. C. G. Foster of Pleasant Grove. The groom is the son of Edgar Travis of Greenbrier.

Mr. and Mrs. Travis are making their home in Louisville. Their many friends wish them a long and happy married life full of love and prosperity.

\*\*\*

Mr. C. P. J. Mooney, Managing Editor of the Memphis Commercial Appeal, was in Bullitt County last week, looking over his farm near Bardstown Junction, and shaking hands with his many friends. Mr. Mooney was born on the farm which he now owns and has many relatives in this county. He edits the biggest and best newspaper in "Dixie" and is regarded as one of the real big men in the South. He is as plain as the proverbial "old shoe" and as intellectual (looks like) as any other

man in the Southland. Memphis, Tenn. is about the best city in the South and owes much of its success to the loyalty and efficiency of the Commercial Appeal.

Mr. Pearsons, mayor of Evanston, Ill., and his friend, Mr. Speed, who is superintendent of the .. carlines in the same city, were in Bullitt County last week on pleasure and business. While here, they were guests of Mr. Moritz Strickler, of Ridgview. Mr. Pearsons, it will be recalled, was one of the owners of Ridgview several years ago. He is one of the cleverest fellows on earth and like our friend, Mr. Mooney, a very plain, sensible fellow. He is very fond of Bullitt County and might come back to us in the future as he is owner or part owner of Ridgview.

Judge Walter Evans, twenty-five years presiding Judge of the District Court for the Western District of Kentucky, died at his home in the Weissinger-Gaulbert Apartment in Louisville last Sunday morning, aged eighty-one years. He had been in declining health for about six months or more. He was a remarkable man in many respects.

He was known throughout the United States as a protector and defender of the federal constitution. Until the last, his bright mind seemed to have retained all it's brightness.

It is more than probable that his place will filled by Judge Charles H. Moorman, of Louisville, formerly Judge of the Court of Appeals of Kentucky and before that, assistant District Attorney for the Louisville and Nashville Railroad. Mr. Moorman has tried many cases in our Circuit Court, where he was well liked and where his ability was recognized by all.

defeated the local Independent Five here a few weeks ago, met them here again last week full of confidence and lost by a decisive core of 35 to 18.

The High School boys lost to Elizabethtown on the local floor Friday night in a hotly contested game 14 to 9 and while we lost, the girls team was making a tour of nearby high schools winning every game they played.

Both girls and boys from the West Point High School will be here Friday night, Jan. 25<sup>th</sup>.

Mrs. Christian Armstrong and Mrs. Stackhouse have closed their school at Nichols which has been a very successful one in every way. Their average daily attendance is 55 pupils which is about as large as 6 or 10 small one room schools combined scattered throughout the county.

Mrs. Edna Hall

Mrs. Edna Hall, who had been ill for more than a year, passed away quietly and without suffering Tuesday the 15<sup>th</sup> at the home of her sister, Mrs. Fanny Porter. While visiting her sister, Mrs. Minnie McArthur in Louisville last winter, she contracted pneumonia which left her with a very weak heart. She was never able to regain her strength and for several months was unable to leave the house and the last few weeks, sat in her chair day and night.

She was twice married. Her first husband was Will Fields. She was married to W. L. Hall 24 years ago and was left a widow again at his death a few years ago. She never had any children but was like a mother to her younger brothers and sisters, and she was always welcome in their homes. Cheerful and jolly all the time, her presence made the days bright and pleasant when she was with them. Even thru her last days of illness, when not suffering too much, she never lost her spirit of cheerfulness and in her last hour of life, she showed the same cheer and brightness to those with her and left them so quietly that it was hard to believe that death had taken her.

Besides the sisters mentions, she leaves four brothers, Charles, Tom, Lee and Preston Parrish, a number of nephews and nieces and numberless friends.

She was 67 years old December 8, 1923, the oldest daughter of Lucien and Elizabeth Parrish.

She was a member of the Baptist Church. Funeral services will be conducted by her pastor, Rev. W. S.

Coakley, Thursday at the Methodist Church, assisted by Rev. E. D. Ryan and Rev. D. R. Peak.

Male Jury Soaks Him

When Mr. Taylor, of Lebanon Junction, faced Judge Shelton in the

**The Pioneer News, 1924 J. W. Barrall, Editor**  
**Transcribed from Microfilm by Edith Blissett in the year 2005**

County Court last Tuesday morning, just after the Quarterly court docket had been disposed of, charged with selling liquor "oldtimers", who have sat around the Temple of Justice for many moons, felt as if something "orful" (sic) was about to transpire. The defendant himself did not look any too much at ease and even his lawyer, Judge Glenn, seemed to be weighed down with a few tons of apprehensions. As motion after motion was disposed of, and the "preliminaries" were being brushed out of the way, an air of gloom seemed to pervade that section of the courtroom in which the defendant and his attorney were "holding forth". This was further accentuated by the personnel of the jury, and when the respective parties finally "locked horns", the general opinion as well as the consensus of opinion was that something was going to be "did". After all the evidence had been heard, instructions give and the small court room has been flooded and inundated with and by oratory of the most oratorical kind, the jury retired for a few brief moments and when they came back and read their verdict, it seemed as if - well, it simply seemed as if, that's all. \$200 fine and 50 days in jail, carrying with it automatically a peace bond of not less than \$1000 was what the jury said. The case had been tried before by a jury of ladies and they hung three and three, but in this instance, the jury was made up of old veterans and they decided to let the other fellow do the hanging. The defendant entered a plea of not guilty. Rank outsiders who sit around and do a lot of guessing were of opinion that a plea of the unwritten law, or non est factum, or son sault demesne, or pro bono publico, would have done just as well.

present finds them happy, while the future holds much in store for them and their dear ones. If the State of Kentucky were peopled by the their likes, court houses would be empty, desolate superfluities and confidence in humanity would fill every breast.

Roy Maraman and family have returned home from a few days stay in Ohio.

While in Bardstown last week, one of the Pioneer-News scribes had the pleasure of lunching with Mr. and Mrs. J. V. Rouse. It will be of interest to the many friends of the Rouse family to know they are pleasantly and comfortably located in Bardstown. They own a splendid building near the court house in which they live. It is steam heated and is a most comfortable building in which to live. While residents of Nelson, they are much interested in all that transpires in Bullitt and never fail to inquire about their friends. For a century, the Rouse and Hays families have been prominent and forward looking citizens of Bullitt County but the removal of James V. Rouse, to Bardstown, and William S. Rouse to Louisville, left but two of the name in Bullitt: V. H. Rouse, of this place and Hite Rouse, of Solitude. And there is not a male member of the Hays family in Bullitt County. The death of Hon. W. H. Hays, father of Mrs. J. V. Rouse, removed the last man of the name from our midst.

Mr. J. F. Combs continues to improve. He looks much better now than for several months, and is able to come down town much to the delight of his numerous friends. There are no better men than Mr.

Combs, and he has been greatly missed while sick.

The Woman's Club met with Mrs. J. F. Collings on January 12<sup>th</sup>. Mesdames Harmon, Burkhalter and Bridwell gave readings. Mrs. Means a biographical sketch of Riley.

#### Death

She had been an invalid all her life and for the past 14 months, had grown gradually worse until she developed pneumonia and after much suffering, she passed peacefully away to be with Jesus on January 19<sup>th</sup>. She was 11 years, 5 months and 9 days old. She leaves to mourn her loss a father, mother, one sister, two aunts and uncles and other friends and relatives. All was done that loving hands could do, but only death could relieve her.

#### School News

The Shepherdsville ladies have organized a Woman's Club with the following officers: Mrs. Sudie Means, President; Mrs. Ella Chappell, Vice-President; Mrs. Ada Troutman, Secty and Treasurer. The club is holding weekly meetings at the home of various members and

recently met with Mrs. T. C. Carroll, Mrs. Collings, Mrs. Harmon and Miss Mary Dawson.

This will no doubt be a fine game as each team has a victory to their credit and this to decide the real winner. The local Independent team is as follows: Ashby, Monroe, Buckman, Combs, Henderson, Westerfield, Wiggington, Rennison and Mumford.

Mr. Chas. Combs has accepted a responsible position with the Bullitt County Bank. Mr. Combs is a graduate of the local high school and has had one or two years at State College. This training, coupled with his natural ability and straight forward business like manner will, in our opinion, make him a valuable man to that institution.

Several prominent men of Lebanon Junction were before the Fiscal Court here Monday in the interest of a new bridge across the Rolling Fork River at a point directly south of their town. This would seem a direct line from Louisville to Elizabethtown, passing via Lebanon Junction and would be a great benefit to Lebanon Junction and

vicinity. The court decided on building the bridge in the spring.

In a recent game of basketball played between the Georgetown College Freshman team and the team from the University of Kentucky, the Georgetown boys were victorious 26 to 20. Of the 26 points made by Georgetown, 16 of them were made by Chas. Lee Bradbury and Stanley Muir, of this county, two fine young men who are attending college at that place.

Mrs. Betty Deacon passed away after passing the four score mark in life. While early in life, she united with the Baptist Church at New Salem. A few years later, moving her membership to the Methodist Church at Cedar Grove, where she was a member over 60 years. She was faithful to the church, always ready to attend services and the ordinance of the church where it was possible for her to do so. She was always ready to help anyone in sickness or death. She was a carpet weaver and wove many yards of rag carpet, flannel and jeans with her loom. It is safely estimated that in 60 years that she followed weaving, she wove over six thousand yards of carpet, flannel and jeans. Her health was good, all through life active work and good health accounts for her living to such a good old age. In March 1923, she had severe attack of pneumonia but with her strong constitution, good attention and medical aid of Dr. Ridgway, she pulled through and was able to be up most of the summer and fall. On January 16, 1924, she taken the second attack which was fatal. She passed away January 23, 1924 at 3:30 a.m., being 88 years, 6 months and 15 days old. On the following day, she was laid to rest in the Cedar Grove Cemetery after funeral

Commonwealth VS Howell

Jury of Women find him guilty; Bullitt County must pay the bill; Eph outpitches Tot in final inning; State

loses part of the time, county all the time, Jailer wins every time.

A few days ago, Harley Howell, a nice-looking young man of 19 summers was arraigned in the County Court and tried on a charge of transporting liquor. A woman jury was in the box. Tot Carroll was pitching for the Commonwealth while Judge Shelton was catcher. The game was called on account of darkness, but the next morning, it was resumed and as a climax., Bradbury, who essayed to do a little pinch hitting went out on a foul to Shelton while Harley struck out, this ending game with the score standing at one hundred beans and thirty days in favor of the Commonwealth, which means that Bullitt County and the taxpayers thereof were penalized in the sum of \$30.00 and costs which may amount to aggregate to the sum of \$175.00 depending upon Howell's ability to pay.

It happened this wise: The jury in its infinite wisdom found Howell guilty and fined him \$100.00 and 30 days in jail, the minimum penalty under the law.

It sounds good to hear that the guilty law breakers of Bullitt County are being fined and punished for their wrong doing as most people suppose that all fines go into the State Treasury and are used to build boulevards in the mountains, pay game wardens, oil inspectors, and tax ferrets, but such is not the case.

That used to be the law, but not now. In fact, it has not been the law since the Commonwealth Attorneys lobby stormed a recent legislature and by hook and crook, or otherwise induced the lawmaking body to see that it was wrong for the state or county to receive the fines collected from shiners and leggers who won't

behave and according "writ it in the book" that one-half of all fines collected from violators of the prohibition laws in any court must go to the Commonwealth Attorney of the district in which the fine is collected although he may have no knowledge of the case and take no part in the prosecution.

The County Attorney, who does all the work, receives 30 per cent of the fine, the state receives 20 per cent, but the county that foots all the bill, get nothing.

It is eminently proper for the County Attorney to receive a share of the gate receipts. He pitches the game and wears himself out physically and mentally trying to refute the testimony offered by the defendants and in his effort to get enough proof before the jury to convict the accused, although by so doing he places a burden upon the tax payers of the county, which means more mudholes in the road and less prosperity throughout the county.

The truth is the County Attorney should receive every cent of all fines collected and not paid into the public treasury.

Now at the beginning of the article, it was stated that Bullitt County was fined \$30.00 and costs.

Let's see if this is in keeping with the great commandment, "Thou shalt not bear false witness" etc.

Bullitt County, through its Fiscal Court, paid the Sheriff \$5.00 for arresting Howell and bringing him before the bar of Justice to be dealt with according to law. At the expiration of Howell's term of 30 days, in case he is cooperating under the pay-as-you-go plan, he will pay the Commonwealth Attorney \$50.00, County Attorney \$30.00, State

**The Pioneer News, 1924 J. W. Barrall, Editor**  
**Transcribed from Microfilm by Edith Blissett in the year 2005**

\$20.00, execute the Peace Bond for \$1000 when the Jailer will turn him out.

But in case the young man is unable to pay the Commonwealth and County Attorneys and the state, he will then be kept in jail 50 days longer, and when the 50 days are served, the Jailer again appears on the scene with a bill of \$50.00 which the Fiscal Court must pay.

The score now stands: Sheriff \$5.00, Jailer \$80.00, County 00, State 00, Commonwealth Atty 00, County Attorney 00.

#### Gasoline Going Up

Gasoline has jumped up 6 cents in the last two weeks. All users of gasoline should stop using it for a month, not a single gallon to be used and then it would show those money sharks that it could get along without it.

Our advice is don't use it unless you have to.

#### Fiscal Court

The Fiscal Court or the Court of Claims met Monday and Tuesday. They decided to help build a bridge across Rolling Fork River about one mile South of Lebanon Junction. Hardin County will pay about 62 per cent of the cost. The residents of Lebanon Junction will donate part and Bullitt County will pay about \$5,000.00. It will then be on a line to connect three county seats with a State Highway Road.

Mrs. J. W. Gilmore, who is spending the winter in Miami, Florida, writes us of the delightful climate there, says it is just like our June there now, and enthuses over the ocean breezes. The Bells write us of their fishing and picnics on the beach, their gathering oranges, grapefruit, pineapples and bananas. We can pick icicles and snowballs, go skating and are surely having breezes, but from the north pole, surely.

We hear with regret that Charlie Brooks, of Freelandville, Ind., lost his home by fire last week. It was the hotel of the town, and the fire was caused by a short circuit of the

electric light system. The fire occurred in day light and much of the contents were saved, but the loss is \$5,000 with but small insurance and the excitement and shock affected his wife so that she is in an infirmary in a serious condition. Charlie is a Bullitt County boy and has a host of friends here besides many relatives who sympathize with him. He has been having serious trouble with his eyes and is threatened with blindness himself. I'm like Job he will I trust him". (sic)

Lee Cochran has arrived here and is with his sister, Mrs. W. H. Beeler.

Jas. Eisenminger is out of the Jewish Hospital and it is hoped he may be able to come out home in another week.

The writer enjoyed the debate at Okolona Hall. The question affirmed that the inventions of Henry Ford have benefitted humanity more than those of Edison. Speakers for the

affirmative, Alex Gailbreath, Garrow Thornsberry, Dr. D. A. Bates, negative, Prof. Peck, Orville Stivers, Burke McDowell, Judges, Prof. C. Bridwell, Mr. Hubard, Mrs. Finj... Some side arguments were made on both sides and the verdict, two for Ford and one for Edison, which seemed remarkable as Ford is no inventor.

Brooks Johnson and Ed Lee Johnson, of Washington DC were called here by the death of their much loved mother, Mrs. B. B. Johnson.

The Woman's Auxiliary of Hebron meets this Thursday with Mrs. S. N. Brooks.

Fell to sleep, Tuesday evening, January 15, 1924, Mrs. B. B. Johnson, aged 78 years, after many years of suffering. Mrs. Johnson lived with her daughter, Mrs. E. C. Tyler and had been confined to her bed for ten years, tenderly cared for by her loved ones and to these, she was devoted. The last time the writer visited Mrs. Johnson, she spoke so tenderly of her children and their loving care of her, of her grandsons and their filial devotion and the while, her face was irradiated until it seemed almost as of an angel so ethereal was her beautiful face, on which was no trace of her physical suffering. Mrs. Johnson is survived by one brother, S. N. Brooks, the youngest of that family line, while Mrs. Johnson was the oldest. She leaves three children, Mrs. E. C. Tyler, Brooks and Ed Lee Johnson, three grandsons, Edward, Brooks and Robert Tyler, besides other near relative to mourn her passing. Her funeral was held at Hebron conducted by her pastor, Mr Wuthrich and her body was laid to

rest with the loved ones gone before. (And a poem)

The paramount issue of the day is not the tariff: It is not the dome of the famous teapot, with its fabulous flow of oil, not is it the outcome of the Sir Ramsey McDonald and his labor cabinet, but it is this. "Are you a Preston Street Piker, or a Blue Lick Piker?" In other words: "Is you, or is you not?" In either case you are bound to be a "piker". Mr. Collins has introduced a bill in the lower house to construct an intercounty seat road from Louisville through Bullitt by way of Shepherdsville and Lebanon Junction to Elizabethtown and the burning question of the hour is whether .... all the line of the .... ### School News

Mrs. Homer Cherry, one of the high school teachers at Lebanon Junction, was here on school business Saturday.

The common school examination held by the School Board are strictly a county affair in every way. Before any pupil is eligible to take one of these examinations, they will be required to bring a written recommendation from their last eighth grade teacher stating that they have been regular students and that they have faithfully and diligently prepared themselves to take up high school work and that their attendance has been changed.

Two splendid young men from this school, who are making real progress at Center College are Gabe Summers and Joe Blankenship. Gabe is very popular while Joe is a leader in all kinds of school and literary work. Both are pure Bullitt County boys and two fine young men in

every way. Thomas Trunnell is another Bullitt County boy who is making good in college. We hear from him over at Georgetown College, active in everything and especially strong in athletics.

Speaking of Bullitt County students in the various colleges, we are reminded of some fine girls who are in school at State College. Misses Weller, Stallings, Combs and others. All are popular young ladies, very studious and it is said that Miss Elizabeth Weller, who will soon finish is one of the most brilliant pupils that ever attended that university.

The three young ladies above mentioned, all come from the same rural district, Glen Ella, which district, by the way, has the largest percentage of its pupils in high school of any district in Bullitt County. This district was established a few years by County Supt. Combs and first taught by Mrs. Ella Sweeney Pope, whose popularity there also gave it a part of her name. Well known and prominent men that follow were pupils in that school at that time: C. P. Bradbury, James Bradbury, Harry Combs, Forrest Weller, H. M. Trunnell, Conrad Maraman, James Hardaway and other notables.

A drive will begin May 5, 1924 in this county by the "The Kentucky Children's Home Society" for funds to complete their buildings in Lyndon, Kentucky. Since this home was founded in 1895, more than 40 Bullitt County children have been received at that place.

The girls basketball team here has been playing fast and furious ball of late and have won every game played the last two months. The following girls are getting better

every day in every way, Elizabeth Pittman, Johnnie Summers, Bertha Feathers, Catherine Nusz, Martha Hill and Iva Elliott.

Mr. O. G. Howerton, who represented the Continental Fire Insurance Company in this county and who also represented the Henry Clay Fire Insurance Company of Lexington, Ky has sold his insurance business here to Gabe Bealmear and Gus Swearingen and has gone to Louisville, where he has a fine position with a large life insurance company. Messrs Bealmear and Swearingen, while new men in the insurance field, are not strangers to the people of Bullitt County, where both were born and reared and where both have lived since birth. They are first class young men, honest and accommodating, and will make splendid insurance agents. For several years, Mr. Swearingen was with Troutman Bros. where he made an enviable record. Before coming to Shepherdsville, Mr. Bealmear was engaged in stock raising and farming in the Zoneton neighborhood. He has operated a taxi for two years. Everybody knows and likes Gabe and Gus and everyone wishes them a world of success in their new business.

F. G. Thomas had a slight attack of vertigo Monday but is much better now.

Iva Elliott spent the week end with relatives at E'town.

Mrs. Robt. McEnnis and little daughter, of Louisville, spent Sunday with Mr. and Mrs. W. E. Ashby.

Gladys Hawkins, who underwent an operation for appendicitis Monday, is doing nicely.

O. G. (Jack) Howerton, wife and child moved to Louisville last Friday. They will make their home there in the future. The loss of Mr. and Mrs. Howerton is one which all good people regret. Jack, as he is called by all his friends, was well liked here, where his quiet manner and politeness won him many friends. Mrs. However, nee Grace Griffin, was one of the most popular girls who ever lived in our town and numbers her friends by the number of her acquaintances. We wish the Howertons much success in their new home and trust they shall not forget our little town and their many friends.

Mr. Thomas Peak Stallings was in town Sunday, looking as handsome and pious as usual. Thomas is one of our best boys and his friends are very much interested in him. He has been very deeply interested in a ship - courtship- for several months and it begins to look as if the vessels might be carried out to sea by the trade winds of love into the sea of matrimony.

Our handsome and esteemed young friend, Willie Frank Masden, who dwells on the topmost summit of Slate Hill, was "around here" Saturday night. In sparking, Willie Frank seems to get along nicely with his velvety voice, handsome face and nice ways. At this time, it looks

**The Pioneer News, 1924 J. W. Barrall, Editor**  
**Transcribed from Microfilm by Edith Blissett in the year 2005**

as if he will lead the field by miles in the Matrimonial Derby.

Judge Masden, of Louisville, was here Sunday. He informed us that Mrs. Essell Hoffman Goose, wife of Mr. William Goose, is the mother of a fine girl. Mrs. Goose formerly lived here with her grandmother, Mrs. Sara O'Brien and later with her aunt, Miss Maud O'Brien and her friends will be glad to know that she is doing nicely. It is likely that Miss Goose will favor her parents and others who may be present with some impromptu vocal music in the near future. Miss Maud O'Brien is with Mrs. Goose. The appearance of Miss Goose caused Miss Maud to temporarily postpone her visit to her aunt, Mrs. Jack Hardy, in College City, Calif.

Mr. O. W. Pearl, who is in business in Elizabethtown, came up Saturday evening to be with his sons, who are staying with Mr. and Mrs. Embra Deacon and attending school. Oscar is much pleased with his business in Elizabethtown.

Mr. Robert Foster, who has been confined to his bed for several days, is able to sit up, and will soon be out. He is an industrious, useful citizen.

Mr. Gus Swearingen, the confirmed young bachelor, just keeps flirting with Dan Cupid. Recently, he embarked in the fire insurance business all right, but every man who has gone into this section of the moral vineyard was either married soon after going into the insurance business. Of course, if Gus desires to fling aside his single bliss and take unto himself some fair damsel, he is certainly headed in the right direction and we should not be very greatly surprised in the near future, or even the nearer future, to see Gus

standing in front of some preacher, listening to the solemn words and nervously holding onto his girl's right hand, arrayed in one of those long, black coats, his eyes sparkling with love, and his nostrils filled with the rare and fragrant perfume of orange blossoms, Gustavus would make some bridegroom.

#### Big Meeting

The "get-together" meeting arranged by Dr. Ridgway between the people of Bullitt County and officials of the Lou and Nashville Railroad was large attended and was much of a success. Talks were made by quite a number of Railroad officials and local citizens. Mr. Mapother, President of the L & N RR, is arranging to hold quite a number of such meetings with the object of bringing the railroads and people in closer contact with each other, and making the relations more cordial.

Dr. Ridgway, local R. R. physician, J. F. Combs, local R. R. attorney, and Messrs W. C. Morrison and E. H. Thompson, who are the R.R. agents at this place, are doing much by their personal popularity to bring about a much better understanding and more cordial feeling on the part of the people toward the railroad.

..... sudden death of Will Griffin. Seems just a few years since Will went to school to the writer at old Chappell Ridge, and we think of the quiet, studious, gentle manly boy whom we could always depend on; and we feel sure he developed into that kind of a man tho' we never saw him after those school days. We tender sympathy to his daughters, son and other sorrowing ones.

We are trying to get up an entertainment at Hebron for benefit of those suffering German children and we call upon those interested to volunteer help, and hope for a generous response, both of talent and material. Just write to this scribe or call and find out how you can serve.

Radio Report of an Interesting Game  
Not long ago, Tom Taylor was tried before Judge Shelton charged with violating the prohibition laws in the sacred precincts of Lebanon Junction and was fined \$200.00, fifty days in jail and put under \$2,000 peace bond.

H. H. Glenn was on the firing line for Taylor, while Tot Carroll slung the pill for the Commonwealth.

Tot pitched gilt edged ball at all times and Taylor never had a look in until Eph put him in.

Glenn pitched superb ball at all stages, holding the state to one scratch hit up to the last inning, when John Ace hit a line drive to

Glenn, which he muffed, allowing Lawrence Roby to score on the error.

John Ace caught for both sides, covering himself with glory by nipping Taylor in the bud in nine attempts to pilfer second base.

He caught Glenn napping 13 times and out of seven times up, hit for a total of 14 bases, but failed to score. He figured in 21 double plays, assisted the pitcher 16 times and ran for Eph several times, scoring each time.

& several more paragraphs of such. Also mentions Frank Monroe and Bradbury.

His remains were laid to rest in Hebron Cemetery. In our next issue, we shall give to our readers a more lengthy article, in which we shall touch upon the life and death of our good friend. His death was such a shock that we do not feel equal to the task at this time.

There are few men of our acquaintance who have no enemies, but this was true of our deceased friend. And in turn, he was a friend to everybody. His charity and generosity were proverbial.

#### Claim Kentuckian Made First Auto

It is claimed by a former Augusta, Ky man that the make of the first automobile was a native of that city, the late Dr. Thornton R. Weldon. It is said that in 1860, Dr. Weldon built an automobile or "horseless carriage" and drove from Augusta to the Germantown fair, starting in the

early hours of the morning and returning late at night to "keep from frightening the horses". When Dr. Weldon reached the fair grounds with his strange vehicle, it caused so much curiosity that a tent was placed around it and an admission fee charged to view it. The craft, which did not have a top, was built on the order of a buggy, guided by a driver seated over the real axle with the lever attached to the front axle. The auto was propelled by two small steam engines.

#### School News

The following took the County examination here last Friday and Saturday:

Maudie Gidson (sic), Elizabeth Wiggington, Elizabeth Gardner, Lena Alberta Abel, Thelma Philpot, Linda Leigh Harned, Virginia Herin, Rena Shaw, Eugene Frick, Albert Rodgers, Edward Rhea, Thurston Long, Silas Greenwell, Vernon McAfee, Joe Hart Wiggington, Howard Gibson, Robert Anderson, Bertha Wise, Anna Mae Lynch, Kathryn Quick, Margaret Baldwin, Virginia Grigsby, Anna Garr, Beulah Elliott, Jessie Burkstresser, Harry Farmer, Raymond Hawkins, James Shaw, Curtis Ratcliff, Murrell Flint, James Clark, Coleman Quick.

Colored: Henry Owens Jr, Renabel Owen, Joetta Bowman.

At the funeral of Mr William Griffin, which was held last week at the Methodist Church by the Rev. W. B. Rwyans (sic), some fifty of Mr. Griffin's schoolmates of the old Pitts Point College were present.

Prof. Gwynn, as he has been called in this county for nearly half a century spoke in his usual touching

earnest way and as he closed his remarks on this sad occasion, we were made to feel that not only had Mr. Gwynn's pupils made the best citizens of Bullitt County, but that their leader in the closing chapters of his life, was still to them, as young, as brilliant and wonderful as he was more than 40 years ago when Billy Griffin was a small boy found his way to this leader of men.

Mr. John L. Quick, one of lower Bullitt's best know citizens, died in Tucson, Ariz. Mr. Quick and his only child, Miss Mayme, had gone there a few days before his death in hope that the change of climate would help him. He had been in very poor health for more than a year and during his entire life was regarded as one of the most likeable men in Bullitt County.

The marriage of Mrs. Christina Armstrong took place in Louisville last week, we have not seen the account yet. The bride is a splendid teacher and for the past two years, has taught the primary room at Nichols School near Cupio.

In the Alola Club, which is the name of the Junior Department of the Courier Journal, Mr. Evermont Fisel, of Lebanon Junction, has been a contributor for several years. At present, Mr. Fisel is the Club's Artist and his drawings from time to time have been very fine. Evermont was a member of the 1923 graduating class of the Junction High School and is a splendid young man.

#### W. N. Griffin

Last Monday morning, our people were shocked and profoundly grieved by the information that Mr. W. N. Griffin, one of our best loved men, had died suddenly in Louisville

**The Pioneer News, 1924 J. W. Barrall, Editor**  
**Transcribed from Microfilm by Edith Blissett in the year 2005**

the night before. His death occurred on Broadway, just east of the Victoria Hotel, at about 10 o'clock p.m. The cause of his death was apoplexy, superinduced by hardening of the arteries. He lacked but one day of being fifty-seven years of age, and until two years ago, was a strong, healthy man. Two years ago, he was advised by his physician to spend the winter in Florida in order to accelerate the flow of blood. This last December, he decided that he would not go to Florida, but in order to keep his blood flowing freely, would stay in a steam-heated building and according went to the Victoria Hotel to stay until the winter was over. Had he lived, he would have been home in a few weeks to stay.

William N. Griffin was born in Bullitt County, Kentucky, on the 18<sup>th</sup> day of February, 1867. He was educated in the common schools and at Pitts Point Academy under Rev. W. B. Gwynn. He was married to Miss Bettie H. Hornbeck on the 12<sup>th</sup> day of April, 1893. She preceded him to the grave several years ago. When she died, he was left with four young daughters and one son. Her death was a severe blow to him and one he never recovered from. Until the day of his death, he was true to the sweetheart and wife of his young manhood and he bravely born the burden which her death placed upon him of rearing four daughters and a little son and so tenderly and carefully did he discharge the sacred trust, that no mother could have reared better, more splendid children. In the eyes of the people who knew and know those well-reared splendid children, will always by an enduring monument to the honor, the refinement and tender love of Billie Griffin.

He is survived by Mesdames Marie Maraman, Ruth Rouse, Grace Howerton and Catherine Bealmear and W. N. Griffin Jr, his children and one brother, Jasper Griffin, and many other kinsmen.

He was laid to rest in Hebron Cemetery on Wednesday, the 20<sup>th</sup> day of February beside his wife. The funeral services were held at the Methodist church, Rev. W. G. Gwynn, his former teacher, conducting the services. It was the best and most touching sermon of Bro. Gwynn's life. During a greater part of the sermon, the relatives and numerous friends of the deceased were in tears. After the funeral sermon, the Mason services were held in the church also, and was conducted by William Fromiller, of Louisville. Like the regular church service, it was beautiful and impressive. The church was filled to overflowing by friends of the deceased and many had to stand in the aisles. Never before in Shepherdsville were so many beautiful floral offerings seen at a funeral. They were beautiful and silent tributes of the sorrowing friends of the dead father, brother, neighbor, friend. During the service, the banks and stores were closed and there was no school.

On the streets after the death of Mr. Griffin, groups of men, white and colored, mourned his death. He was everybody's friend. He was the best friend our school ever had. He had been a trustee for almost twenty years. His death was a personal loss to everyone. He was a quiet, unassuming, gentlemanly, considerate man. He was honest; he was brave; he was passionately fond of his children and his work for them was never ended. For almost twenty years, he had been a member of the

firm of Croan and Griffin, engaged in the lumber and cross tie business. An active, useful life has ended; a useful man has been called away from the busy scenes of this life. We shall not soon see his counterpart in social, the business, fraternal and political life of our county. We extend to his bereaved ones our deepest sympathy.

John L. Quick

Mr. John L. Quick, one of Bullitt County's best known men, died at Tucson, Ariz., February 21<sup>st</sup>. He had recently gone there in search of health. His remains were brought to Louisville to the home of his niece, Mrs. Clarence Hennephin, 3910 South Third Street. The funeral service was held in Holy Name Church, on Wednesday morning, February 27<sup>th</sup>, after which the burial took place in Calvary Cemetery.

John L. Quick was born in lower Bullitt, August 3<sup>rd</sup>, 1858. He was reared in Bullitt County and lived here all his life until 1922, when he went to Louisville and since that time, his time was divided between the home of his niece in Louisville and his home on Salt River, below Pitts Point. He was an industrious, honest, obliging man. Those who lived near him say there was no better neighbor.

His whole life was spent in one neighborhood and was open as a book, those who knew it, pronouncing it good.

He is survived by one brother, Samuel J. Quick, one daughter, Miss Mary Quick, and many nephews and nieces. To the sorrowing ones, we extend our deepest sympathy. Their burdens are heavy, but God will help them bear them, and will heal their wounded hearts and dry their tears.

**Advantage of an Auditorium**

One of the most magnificent and impressive buildings ever erected in Bullitt County is to be built on the Eastern side of Shepherdsville and dedicated, "The Bullitt County Memorial Hall" in honor of those brave Bullitt County boys who fought so valiantly in the World War.

This large Auditorium will have unlimited advantages in many ways. It will provide better educational opportunities, make school work easier, and add culture and attractiveness to the town.

Our school is good, our teachers are efficient, all we lack is an

auditorium to show what development we have achieved in the school room.

This auditorium will contain ample seating capacity, a place where we can watch in comfort the S.H.S. team win victories that would do credit to Kentucky's best basketball team. This floor will be large enough to accommodate the most exacting of players. The Shepherdsville School is becoming very crowded, soon our present gymnasium will be turned into a class room, and without a new gymnasium, basketball will be a thing of the past.

This building will be modern in every way, equipped with movable seats, a skating rink, two dressing rooms and a large stage where the commencement exercises can be rendered with credit to our school and town. Just think of the entertainment and inspiration the good people of Shepherdsville will derive from this new auditorium and the great pleasure it will afford the pupils in general.

What a success this will be from a financial standpoint, hundred of people will attend the commencements if they are assured a good comfortable seat in a well lighted building.

Our school is proud of its High School. Why not make our High School proud of our town by erecting this new auditorium? A building to cherish the memory of our war heroes, a building to inspire and thrill the pupils of Shepherdsville with desires and ambitions for good and a building that will be an honor to every man, woman and child of Bullitt County.

**Advantage of a New Auditorium**

The following themes are the ones that won first honors in the "Auditorium Contest" in Seventh and Eighth Grades of Shepherdsville Graded School.

The Shepherdsville School is similar to Christian in his journey (In Bunyan's Pilgrim's Progress). When he came to the cross roads, the one on the right leads to a better life? Advancement, and the one on the left to destruction. This school is now at the cross roads, and if the people of Bullitt County will wake up and see the advantages of a New Auditorium, it will go us and the school will move down the road to the right.

In discussing all the advantages of the New Auditorium, it would take a volume but will try to name and discuss a few.

The first is it will at Chapel time enable all the school to unite. At present, it is so crowded, the grades and High School are separate. Next, it will be a great help to athletics, something that has advertised Shepherdsville more than anything except the wreck.

Our Basketball team will be able to cope with any in the State.

The tournament will be brought here, which will not only help the school, but the business of the town.

At one end of this building, there will be a stage, and the closing exercises by the Graded and High School will be held there.

This building will seat three thousand people, there is no building in this town that will seat more than eight hundred and commencement exercises will be put on in great style.

Social gatherings of the right kind will be held there and the floor will be built for skating.

At one end of this building, there will be marble slab which will give the names of the "Boys" who gave their life in order that this nation might live.

This building will be a memorial, not only for those boys, but for the school.

And when the roll is called in September, nineteen hundred and twenty-four, there will be found a large increase over that of "23". This building will cost twelve thousand dollars, but what is twelve thousand dollars when one sums up the advantages of the New Auditorium.

#### WMU

The Women's Missionary Union of the Shepherdsville Baptist Church is making most satisfactory progress under the leadership of Mrs. Lindsay Ridgway. Besides being busy in local work, they have generously remembered our two orphanages and are now gathering a shower of towels for the Stout Memorial Hospital at Wuchow, China. Meanwhile, interest in Mission study has shown marked advance. They are observing the week of prayer for Home Missions, meeting daily at the Parsonage. Several are taking the WMU Manual Study Course in connection with the daily programs.

Notice

The members of the Ken-E-Sha Council No. 45 will meet at the hall Tuesday night, March 11<sup>th</sup> and expect to install officers for the ensuing six months and begin work for the year which is hoped will prove to be a great help to the Lodge. Every member and especially the elected officers are urged to be present.

After the business, a social program will be given.

A contest between the ladies and men is now on to see who can give the best social program, which will be given every meeting night.

Be one of the jolly bunch meeting every 2<sup>nd</sup> and 4<sup>th</sup> Tuesday night of each month.

Ten ways to kill a Tribe or Council:

First: Don's go to the meetings.

Second: If you do go, go late.

Third: If you attend a council fire, find fault with the work of the chiefs and members.

Fourth: Never accept an office; It's easier to criticize than to do things.

Fifth: Get sore if you are not appointed on committees, but if you

are, don't attend committee meetings.

Sixth: If asked by your Sachem or Pocahontas to give your opinion on some matter, tell him or her you have nothing to say. After the council fire has been quenched, tell everyone how things should be done.

Seventh: Do nothing more than absolutely necessary.

Eighth: When members are using their best efforts to help matters along and to build up the tribe or council, howl that the tribe or council is run by a clique.

Ninth: Hold back your dues or don't pay them at all.

Tenth: Don't bother about getting new members, let Bill or Mary do it.

Zollie S. Swearingen, Keeper of Records.

Hebron

Mr. and Mrs. Powell Ladusaw, Okolona, spent the week end with Mr. and Mrs. T. J. Brooks. Friday was the birthday of Mrs. Ladusaw, as well as G. Washington.

The Senior Bible classes of Hebron held their annual banquet at the manse last Friday evening and it goes without saying that it was a social success in every way. The two classes, male and female, have a contest as to attendance and the past year the men won by a large majority, so it was the women who had to furnish the entertainment. We congratulate the men.

Mrs. H. B. Wood spent Saturday with Mrs. Palmer Hedges.

Mr. Hamilton, of Bells Mill, had a sale last Saturday. It seems few knew of it until receiving their Pioneer that day.

The "Wicked flee when no man pursueth" was demonstrated last Friday night when the driver of a load of moonshine abandoned his machine and 40 gallons of liquor at Mr. Hackney's avenue when he saw the machines parked at Hebron parsonage and thought them revenue officers. "Thus conscience doeth make cowards of us all." I would advise that young man to go into some legitimate business. Mr. Hackney sent for the officers and guarded the outfit until they arrived.

Last Wednesday, these ladies met at Mrs. Harned's and outlined plans for benefit of starving German children: Mrs. S. N. Brooks Sr, Mrs. Chas. McKenzie, Mrs. Wood, Mrs. Harned, Miss Mary Kirk and Mrs. J. R. Holsclaw.

March 22, Hebron School House, varied entertainment including good things to eat, household articles, and home made candies, and best of all a program of music reading and playlet. We desire to thank those who have volunteered talent and time.

T. J. Brooks and little daughter, Nellie, spent Monday with Dr. and Mrs. Holsclaw, so pleasant to have old friends drop in.

Mrs. Price Howlett spent Monday with her sister, Mrs. Chess Owens, in the city.

J. R. Ball cut a tree having 160 rings, or in other words, nature had spent 160 years on that tree. About 75 years back, someone had cut into it and while healed over and overgrown with no outward trace, remained still that weak spot caused the tree to break there in falling.

Misses Mary Holsclaw and Meta Cooper spent the holidays with the writer. Both these young teachers are

School News

Mr. W. Knight, trustee at ... moved to Louisville ... and may make ... his home in the future. Few men have ever lived in Bullitt County that were more popular than Billy Knight and as a school man, road man, or public improvements of any kind, you would find him ever ready at all times to lend a helping hand.

Miss Garnet Masden and sister, Thelma, of Bardstown Junction, are attending school in Louisville at the Spencerian Business College.

The letter enclosed will be of interest to many young men who may want to attend the Government Civilian school next summer at Camp Knox.

To Mr. Ora L. Roby:

I am pleased to learn from a letter received by Dr. Frank L. McVey,

State Civilian Aide to the Secretary of War for the State of Kentucky that you have expressed your willingness to serve as County Chairman for the ... C. M. T. C. .... Submit to this office the names and addresses of the gentlemen appointed to assist you. It is hoped that there will be an M. T. C. A. representative in every town and village of your county.

Stanley G. Bradbury, RR 1, Belmont, Ky, successfully completed the 1923 Camp and this young man, if requested, would no doubt be glad to assist you during the coming campaign and would be very active in securing additional applicants for attending this summer's camp.

The only physician in your county, who to date, has volunteered to examine and immunize applicants free of charge during the coming campaign is Dr. R. I. Kerr, of Shepherdsville. May I also ask your favor to secure the free service of physicians in other parts of the county which .... entire county.

(This first column has a large gap and a large wrinkle, making the entire article hard to transcribe. I believe I have gotten the gist of the letter correct. - Edith)

Truck Used as Hearse For Negro  
Woman Weighing 800 Pounds

Shelbyville, Ky, March 2. "Aunt" Linnie Smith, 62, Negro, proclaimed by ballyhoo men to be the fattest woman in the world, is dead. She died Friday at her home on the Shelbyville pike, several miles from here and was buried yesterday.

"Aunt" Linnie weighed 800 pounds. It was necessary to tear down one side of a room to remove the body and a five ton truck was used to take

it to the cemetery when the hearse proved too small. Fourteen pallbearers labored under the load and a half-dozen others were called upon to help place the body on the truck.

She is survived by three brothers, Aaron Samuels of Louisville, James and Philip Samuels of Bullitt County, three sons, R. D. and James Snellen of Bullitt and Joseph Snellen of Louisville; one daughter, Mrs. Clifford Paulley of Jefferson County; three granddaughters, five grandsons and six great grandchildren and many nieces and nephews.

Mrs. Emma Blankenship is visiting the Sunday Schools of the county in order to obtain statistics for the Sunday School Association. We appreciated having her at Little Flock Sunday.

Mrs. Eisenminger visited Rev. and Mrs. Stone last Friday.

Mr. and Mrs. Charles McKenzie dined with friends in the city Sunday.

With our telephone out of commission and our radio not functioning, we feel like Robinson Crusoe must have felt.

A man from the city bought a home near here and also a good Jersey cow, but she failed in milk and a child was sent to a neighbor to arrange for a supply of milk. "Mother wants some milk," he said, "our cow is empty."

Mrs. W. J. Bell writes that they hope to be able to start back to Kentucky in time to attend the Southern Baptist Convention, which meets at Atlanta, GA in May.

The Readers' have volunteered their services in helping entertain at our Hebron entertainment March 22<sup>nd</sup>.

Their reputation is such as to need no comment from us. If you have never heard them interpret Riley, you have missed something. And Cawein's "On Floyd's Fork" is the real thing in the tragic line. Don't fail to be there.

A school teacher who says she fears she may not be able to get here for the 22<sup>nd</sup> writes and encloses a check as her contribution to German Relief. "Go thou and do likewise".

The Women's Missionary Union of Little Flock was beautifully entertained in the home of Mrs. Charles McKenzie last Wednesday. Seventeen ladies were present and several gentlemen also partook of the bountiful dinner.

The society will meet with Mrs. Holsclaw Wednesday to finish up a quilt. Don't you want to order a quilt made?

Mrs. Mallie Lee Hamilton

Mrs. Mallie Lee Hamilton, aged seventy-three, died at her home two miles east of this place Tuesday from the infirmities of age. Her remains were laid to rest in Cave Hill Cemetery on Wednesday morning after services at the Catholic Church of this place. Rev. Father Smith officiated. In the same house in which she was born and reared, and in which the greater part of her life was spent, she fell into deep sleep eternal and passed from the busy scenes of this fleeting life beyond the portals and into life everlasting. She was a daughter of Charles Lee Sr, one of Bullitt County's wealthiest and most prominent citizens. Reared in a home where wealth and intellect abounded, Mrs. Hamilton become one of the social favorites of this and other counties. Soon after graduating

from Nazareth, she was married to Mr. H. C. Hamilton, and removed to Louisville, where she lived until after the death of her husband. With her two sons, Lee and Henry, she returned to the old home in Bullitt County, where she lived until the close of her life. She was a devoted mother, kind neighbor and loyal friend. She was closely related to Phil Lee, the brilliant lawyer and orator and was distantly related to Robert E. Lee, the immortal leader of the Confederate Legions in the War Between the States. Her two sons, Lee and Henry, were devoted sons, and in the declining years of their mother's life, their patience and love knew no limit. Death has taken from them a mother whose love was boundless, whose every thought was of her boys. From their infancy until her eyes were closed in death, she lived and labored for her sons and her love was reciprocated. To those sons who have sustained the greatest loss which fate can inflict upon affectionate sons, we tender our deepest sympathy.

Former Bullitt County Lady

Bardstown, Ky. Mr. Barrall:

Your paper just came; my heart was almost overwhelmed with the glad news that Dear Old Bullitt will erect a "Memorial Hall" in honor of our dear boys. This money was given so readily during the Red Cross drives, to be used as a "token of love and esteem". All the county is interested and I do hope are delighted with the "Hall" instead of a "Monument". The "Hall" or rest room is the popular thing of today.

Relatives, friends one and all will feel they have a part in this "Magnificent Hall"; nothing can be a better "Memorial" to our brave boys that gave their priceless blood and bravery for our continued freedom and happiness. I love Old Bullitt and will be interested in every thing that is done there. I hope Nelson will do likewise with the money that was given for the same purpose. To whom are we indebted for this? The Ladies on the Board of Trustees? However it has been decided splendidly by good people.

I feel so extremely happy over it. I feel like a school girl. "Would like to throw my hat into the air" and yell "Hurrah! for Old Bullitt"

I am already planning to come to the "dedication".

I beg to remain, Sincerely, Nancy Hays Rouse.

A large crowd attended the sale at Mr. Heise's last Saturday.

The ladies of Little Flock WMS set lunch at Mr. Heise's sale. Owing to bad roads and other things, but few

Especially to the unknown young man who directed the making of the table and Joe Hart Wiggington for responding to our appeal and going for the buns. He ought to have the Carnegie medal or something.

Buy your supply of table covers, buffet sets, scarfs etc at Hebron March 22<sup>nd</sup>. You need these things for spring house cleaning.

No true American can object to helping starving children because of the fool action of the German Ambassador. We are too proud to notice such.

"America never waged war on children". At Hebron School, Saturday, March 22, there will be given a benefit for German relief fund.

The entertainment will consist of a varied program of music and readings with, we hope, a speech in behalf of the subject. There will also be a lunch of hot weiner sandwiches, pickles, coffee, ice cream, home made candies, a country store, and a fine collection of fancy work for the household.

No one who has studied the situation can doubt for a moment the appalling condition of these four million innocent children, nor the frightful diseases they are suffering owing to malnutrition, for fats and dairy products so essential to their nourishment cannot be obtained.

The money contributed is spent here in America for food and for every dollar contributed, 100 cents goes for food, as all expenses are met by a group of men out of their own money.

Our correspondence with Mr. Alfred Brandeis has convinced us of the merit of the cause and the list of names on the Kentucky Committee, 30 in all, numbers men whose judgment and integrity are above reproach. Maj. Gen. Henry T. Allen, Chairman of American Committee says children must not starve while political and economic problems are being solved.

Germany found out how strong we were; now lets show her how great we are.

Mrs. S. N. Brooks Sr, Mrs. A. Harned, Mrs. Chas. McKenzie, Mrs. H. B. Wood, Mrs. Earl Smith, Miss Mary Kirk, Mrs. J. R. Holsclaw, Sponsors.

Samuels, is to be the manager of the New Orleans branch. He come from Jackson, Tennessee, where he has had charge of Jolly's Motor Livery of that city. The slogan of this company is 'Fords that run like automobiles'". The W. E. Samuels spoken of in the above is none other than Earl Samuels, son of Mrs. Fronie Samuels, of this place. Since leaving here, Earl has devoted his time to machinery propelled by gasoline. he was in the air service for some time, that in the past several years has devoted himself to the auto business and we are glad to see that he is making a success of it.

In the case of Commonwealth of Kentucky Vs Grover Forsythe, the jury hung three and three. It was an off and on case with the testimony going both ways. Allegations, iterations and reiterations were as thick as honey being in a field of clover blossoms, and it is no wonder that the jury got hung up in a maze of convicting and acquitting testimony.

Lincoln Medal Presented

Miss Zella Carpenter, a member of the Senior class of Lebanon Junction

**The Pioneer News, 1924 J. W. Barrall, Editor**  
**Transcribed from Microfilm by Edith Blissett in the year 2005**

High School, won the Lincoln Medal given by the Illinois Watch Company for the best essay on the life of Abraham Lincoln. The contest was very close, and those having grades only a fraction lower were: Mona Johnson, Lula Belle Monroe, and Pauline Harned. A great deal of history was interwoven in the story of his life by Miss Carpenter, who is one of the A students of the school and is also in line to be valedictorian of the present class. Her record throughout the four years is one to be admired. Any boy or girl should be proud to possess a Lincoln Medal.

School is progressing nicely under the direction of Professor J. L. Pilkenton and a group of consistent teachers.

#### Basketball

The Shepherdsville Hi Girls Basketball team has made a wonderful record this year. Beginning when they defeated the Louisville Hi Girls on January 5 by the score of 19 to 8, they won every game they played before the close of the season at Lexington, defeating the following teams: Louisville, West Point, Elizabethtown twice, Campbellsville, Russell Creek, Columbia, Boston, Glendale and Horse Cave.

They won the Fifth District Tourney at Elizabethtown by defeating Glendale and Memorial and went to Lexington to play in the State Tourney.

At Lexington, they defeated Hazard 19 to 6 and the walloped LaGrange 22 to 5 after that team had beaten Louisville and were in the lead against the strong Georgetown five in the semi finals when Martha was put out in fouls in the first quarter.

The Girls feel that they were not given a square deal in this game, and think they would have no trouble defeating Georgetown at another time. They are making their plans now to win the State Championship next year, and we Shepherdsville people believe they can do it. The following girls with Miss Beulah Lee, Coach made the trip to Lexington: Iva Elliott, Johnnie Summers, Martha Hill, Elizabeth Pitman, Martha Feathers, Beulah Barrall and Kathryn Nusz.

#### Scandalous Report Run Down

Dr. Dave Smith, the proprietor of the Bullitt County Dog Hospital, has been very busy the past week trying to run down the false report that he or his official anesthetic expert, Jeffries, were consulted regarding the proposed mutilation of Mr. Gates at the mystery house in Louisville. Doc is a leading exponent of birth control in the dog and he fears that connecting his or Mr. Jeff's name with this crude work

might injure his business. Latest developments seem to indicate that this report was started by Sheriff Monroe to avenge treatment he received at the Dog Hospital when he was so frightfully gassed a few weeks ago in attempting to capture a car load of empty kegs.

#### Startling News

##### ½ Page Advertisement

During the last few days, the \$65,000 stock of merchandise owned by G. S. Patterson and located just back of the court house was taken over by Mr. D. Leichhardt, Banker of Jeffersontown, in exchange for his farm at Brandenburg, Kentucky. Mr. Leichhardt's banking interests have kept him from giving the necessary attention to the farm, and he decided to dispose of the property in this way. It was not with the intention of conducting the store business that the deal was made, but for the sole purpose of turning in into cash. Within the next ten days, the entire stock will be put on sale at prices that will sweep it from the store like a whirl-wind. Store will close next week until opening day of sale. Part of the Methodist Church just three doors away has been leased and a large portion of the stock will be moved there for selling. 6 second-hand automobiles will be given away to someone who has attended this sale. The quality of these cars will surprise you.

School News

State Textbook list adopted for the years 1924 - 1929. (Not Transcribed)

The Grand Jury is still in session (Monday) and rumors are that more indictments will be returned by any body of grand jurors that ever set in the history of Bullitt County.

Mr. George Essex, Secty of the School Board at Lebanon Junction has just been appointed Police Judge of that town. Mr. Essex is one of the best men in the county and will make our sister town known that he is on the bench.

It now seems a fact the road from Louisville to Elizabethtown by Shepherdsville and Lebanon Junction which was recently made a part of the State Primary Road System will come out the Preston Street Pike and work will begin in the near future. This will be the greatest single improvement that Bullitt has ever had and as far as we can see, is largely the work of Col. W. C. Montgomery of Elizabethtown, Hon. Chas. Carroll of this County.

The Camp will begin at Camp Knox, Kentucky July 2 this year, continuing for 30 days and is open to able bodied young men between the ages of sixteen and a half and twenty-four years, of good moral character and average general intelligence, residing in this area, which consists of Ohio, Indiana, Kentucky and West Virginia.

Sealed bids will be received until Saturday, April 26 for the Bullitt

**Hebron**

The news of the death of L. J. Stivers last week was received with regret by those of us who were his pupils when he taught here for several sessions long ago. Prof. W. H. Bartholomew said to the writer once that he could pick out pupils of Mr. Stivers' by their efficiency in mental arithmetic and grammar. He certainly specialized in those two subjects.

Another death will be of interest to many of our readers, that of Mrs. O. N. Clark of Indianapolis. She grew up here and was known and loved as Mollie Roby, or Tommie Roby as we called her at school, her name being Mary Thomas Roby, an unusually bright girl, too, and one who achieved success as a teacher.

Wallace Pearson came near losing a cow recently from, he supposed, drinking water into which moonshine liquor had been poured. Prohibition officers seized a load of whiskey and poured it out near a stream which flows through his barn lot. Dr. Smith was called and saved the cow, and doctors will dispense it?

Vernon and other points, then to New York. He will be gone a week.

We congratulate Hebron on prospect of S. S. rooms. They have labored valiantly.

Of course, we are glad and thankful that we are to have the state pike. It was merely a question of the most good for the greater number of people.

The WMS of Little Flock was entertained by Mrs. W. H. Beeler last Wednesday. Mr. Beeler very kindly came in his auto for the writer and several others who had no way to go. Such courtesies are very

beautiful. These ladies started a building fund that day and who knows, we may be having Sunday School rooms soon.

Mr. Will Shively is at work at L & N and will move to the city soon.

Only two more weeks of April. Have you paid the pledge you made to 75 Million? No! Then are you trying to make it fail?

#### Texas Blue Louse Killing Cattle

Ten days ago, Dr. Dave Smith was called to Hardin County to diagnose what was supposed to be a contagious disease in a herd of pure bred cattle. After a thorough investigation, including a post mortem examination, it was found that these cattle were dying from a heavy infestation of what is commonly known as the Texas Blue Louse. This louse is uncommon in this section but later investigation revealed several herds infested in Bullitt County. Dr. R. W. Deats also reports several herds in Nelson. This is a long nosed blue louse about the size of a flea, and is a blood sucker like the tick and not a crawler like our common pink louse. They are mostly found about the fore quarters and after the animal gets down can be seen in hundred about the eyes and around the muzzle. Cows about ready to calve are the first to go down and some, having strength

enough to go through the parturition, have no milk flow whatever. The treatment consists in first checking the lice by using an emulsion of gasoline and crude oil, either sprayed or applied with a paint brush, or dry dip curried in. This should be followed by a treatment which will supply the elements which are deficient in the body as rapidly as possible. The greased yard string tied around the neck is absolutely worthless in the treatment of the blue louse.

#### Circuit Court

The April Circuit Court is now a thing of the past. The Petit Jury was dismissed Tuesday, but the Grand Jury held on until last Wednesday eve, returning 78 indictments, more than have ever before been returned at a court session. Most of the cases were for whiskey hauling, selling and moonshining; but what a shame they don't get the higher ups as well as the poor men.

Mrs. Margaret W. Martin

Mrs. Margaret Watson Martin, beloved wife of Mr. I. N. Martin, died of heart disease at her home in this city last Monday evening. She ate a very hearty supper and seemed to be much better than for several days. She had been ill for some time, but seemed much better. On Wednesday, her remains were taken to Sonora, Hardin County, Ky and laid to rest in the Cemetery at that place, where many of her loved one lie asleep. Mrs. Martin was 76 years of age, having been born in Hardin County, Ky in 1848. She was

married to I. N. Martin in 1873. For more than fifty years, they walked life's pathway together, sharing each others sorrows and joys. For many years, she had been a devout member of the Christian Church. She is survived by her husband and three children, Thomas and E. C. Martin of this place and Mrs. Cora Martin, wife of O. N. Martin, of Louisville. She is also survived by two sisters, Mesdames Nannie Paulley and Josie Mason. Mrs. Martin was a loving and helpful wife, affectionate mother and kind and dependable friend. She was not an ostentatious, showy woman, but was always ready in her quiet way to do what she could for her God and for humanity. She will be missed by her loved ones, her friends and her church, but she will be missed much more by her aged husband who stands close by the brink of the grave, heart-broken and alone. All that he lived for has been taken away by the cold hands of death, and in the silence and solitude of his home, where she was ever to be found, there is not a ray on sunshine, saving what which springs from the hope that he will soon be with her "over there". May the God of the sorrowing soothe his wounded heart and dry his tears. We tender to the loved ones our sympathies in their deep sorrow.

George W. Sanders

Mr. George W. Sanders, of Zoneton, died at his home last week from the infirmities of old age. He was about ninety years of age. He was a member of the famous Orphan's Brigade, and served with valor and distinction. He belonged to Company D, cavalry, and was one of the bravest of the South's Immortals. His wife, Mrs. Myra Miller Sanders, preceded him to the grave, and since her death, he has lived at the old home with two of his children, Miss Sadie Sanders and George W. Sanders Jr. He is survived by five daughters, Mrs. Bettie S. Brooks of Montgomery, Ala., Mrs. Marie S. Patrick of Charlestown, W. Va., Mrs. Nellie S. Bell and Misses Myra and Sadie Sanders of Bullitt County; and Messrs Joe Sanders of Tennessee; and George W. Sanders Jr of Bullitt County. Mr. Sanders was a gentleman of the old school. For forty years, his home was known for the hospitality of the Sanders family. Mrs. Sanders, in her youth, was a typical Kentucky beauty, and in her home and neighborhood, she was loved for her kindness of heart and helpfulness to others. In times of sickness and distress, she was ever ready to do all she could for those who were stricken. Mr. and Mrs. Sanders reared a family of daughters who were much admired for their beauty and intellect. Like their mother, they were always ready to render assistance to those who were in distress. Mr. Sanders was charitable, sympathetic and helpful. He was always ready to aid his friends whenever he could. He loved his home and was proud of his family. With his passing, the Sanders home virtually ceases to exist. The father and mother sleep side by side in beautiful Hebron and the beautiful

daughters and splendid sons who once made (three lines missing) bygone days, where silence has taken the place of the silvery tones of happy childish voices once vibrant there. The passing of such a home brings sadness to all who visited here, and reminds us that Time, in his remorseless flight, sooner or later brings sad changes into the lives of each and all.

An Old Water Boy

Judge W. F. Morrow, of this place, who has recently come back from Brownsville, Texas, looking as fine as the proverbial "fiddle", told us one day this week that he was water boy for the Louisville and Nashville R.R. when it constructed its main line from Louisville to Nashville in 1854. He drew the water from an old well which was on the Troutman Bros. store lot, with an old fashioned windlass and carried two buckets of water each trip. He received fifty cents per day and was paid every Saturday evening. That has just seventy years ago, and as the Judge was about twelve years of age, it places him in the vanguard of those who are old enough to vote. While relating reminiscences, the Judge said the house which is now owned

and being repaired by Mr. and Mrs. Chas. B. Johnson, was at its present location in 1854. Some years before that, it was moved there from what is called the "Red Hill", a hill which stands between Charles M. Maraman home and the Henry O. Maraman home, which is now owned by young Henry Maraman, a grandson of the man who moved the house, or had it moved. In 1854, the year the L & N RR was built, Kentucky was visited by cholera, and Shepherdsville was almost depopulated. Just before the cholera, there was high water which flooded every cellar in town, and got up to the 2<sup>nd</sup> floor of about all the houses near the river, and the cholera was supposed to be one of the results of the high water.

Sophomore Picnic

The Sophomore class of the Shepherdsville High School left Saturday morning for an all day picnic at Myer's Camp. The party left about 8:30 and arrived at the camp about 9:30. The crowd consisted of four machines and a truck. All left Shepherdsville in good spirits for a jolly good time. At noon, the lunch of cakes, sandwiches, pickles, fruits and lemonade was served. Soon after lunch, they returned back home, all reporting a wonderful time. The boys were: Charles Shaw, Clyde Roby, Roth Ratliff, Bill Griffin, Robert Hays Simmons, Paul Patterson, Lee Logsdon, Ham Collings, John Wuthrich, Tommy Wilson, Lavern Lloyd, Wassell Rodgers, Paul Schaefer and Maurice Tatum. The girls were: Anna Rhea Combs, Evelyn Croan, Hazel Hall, Mildred Bergen, Etta Nusz, Dolly Stephen, Reba Dever, Margaret Sanders, Johnnie Summers, and

Thelma Crenshaw. Misses Clements and Shultz were chaperones.

**Bumper Crop of Hydrophobia  
Predicted**

Within the past ten days, two mad dogs have been killed east of Preston Street Pike, just over in Jefferson County and one on Knob Creek just over the line in Bullitt. All of these dogs bit numerous dogs before being killed and one of them attacked and severely bit Mr. Cal Mann of the Mt. Washington Road.

In order to protect the live stock of this county, Dr. Dave Smith, County Livestock Inspector, has decided to carry a stock of Rabies vaccine which he will administer to dogs owned in Bullitt at cost of vaccine which is \$1.50 per single treatment.

This treatment will protect the unbiten dog for a period of one year and abort the disease in the bitten dog if administered within forty-eight hours. If treatment is given later, it is advisable to repeat the treatment in four days.

Fright fits in dogs which has become very prevalent within the last few years is often mistaken for rabies or hydrophobia but does not resemble this disease in any way and is not transmittable.

The heads of all dogs killed and supposed to be affected with rabies should be taken to the State Board of Health, 6<sup>th</sup> and Main Streets, Louisville for examination, which is free.

May 2, 1924. Editor, Pioneer News, Shepherdsville.

Dear Sir:

During the borning, living and dying of the last term of the Bullitt Circuit Court, it was my pleasure to hanker around the numerous hankering places in Shepherdsville, and hobnob with the hob-nobbingest set of hob-nobbers I ever had the pleasure to meet with. We drank everything but intoxicants. We ate everything but Limburger cheese and did not eat any of that odoriferous article of food because it was not est. We talked and walked, chatted, toddled, scampered, slept, crept, shied, cried, almost died and often denied; We lingered in the sunshine and moonlight, but did not mix with the "moonshine" which engaged the close and undivided attention of the Grand Jury, of which body I was not a member. I got a close up view of all sorts and sizes over there in your town. It did me good. Roy Maraman even became so confidential as to show me some of his best embalming fluid and advised me to be sure and use it, which advice I shall not take as long as I can keep from it. One of our doctors made a close physical examination of my mind, and said it was all right in all respects with the exception of a dementia of the anti-senile order superinduced by Phaco's cystitis,

and indications of pink eye, reinforced by failure of the respiratory organs to function at critical periods. I left the doctor, went back to Roy Maraman, and ordered six gallons of his best embalming fluid, then sought Dr. Dave. There was where I hit the wrought iron of the head. Doc took me to his Dog Infirmary, called in "Jeff" and began a thorough examination. When it was over, Doc told me I had a slight touch of hog cholera which had been caused by my stinginess and hoggishness and advised me to loosen up. He charged me no fee for his service as I could not be classified as an animal under the stock laws of Kentucky, but I took both of them (Doc and Jeff) down to Masden's and set'em up to the best coca cola in the house regardless of cost. I then countermanded my order for embalming fluid and felt much better. After that, I appeared before the Grand Jury, but not until Frank Monroe had duly summoned be to appear there. If this escapes the waste basket, I shall relate some of my experiences before that August body of inquisitors and give some of the questions and answers as nearly as I can remember them. It was a great experience for me and one I shall not soon forget. Since that experience, I can tell you to ounce just how much wood and ivory my head contains. I can tell you it often happens that a fellow who is pretty smart by himself is not so smart when in the presence of others. It was my first visit to your town since Bob Smith was inducted into the Jailer's office in 1895. Your, for another letter, Seth Jenkins.

Convention at Lexington

The Democratic State Central and Executive Committee met in Louisville April 28 and decided to move the State Convention to Lexington on account of the Horse Races in Louisville. It was a wise move, the Horse races are enough for Louisville at one time. Delegates from the country, selected to represent their people at a big political convention, do not want to come in contact with the touts and parasites who make a business of following the races and robbing the gullible public. And then, all the pickpockets and confidence men and sneak thieves in the county will be in Louisville while the Horse races are going on. The hotels will be crowded to their limit and there will be no place or room for delegates there while the races are on.

“June” McCormick is not mad, friends; he is just cold. Since he moved into Bullitt County Bank Building, where they use the steam freezing system of heating, he has been as cold as a dog’s nose or a woman’s feet; and it has made him look a little peeved, it is all due to the fact that he has been cold heated. When warm weather comes back with it perspiration and young radishes, “June” will look himself once more.

#### Death

Once again has the icy hand of death been laid upon a loved one and a sweet young life has ended when its morning was the brightest. Miss Betty Stallings passed out of her sufferings, April 13, 1924 at her home near Lebanon Junction, age 24 years, 11 months and 13 days. Death was caused by tuberculosis, she having been in very bad health for some time. She bore her suffering patiently until the end came when God saw best to call her home. Tis sad to part with them in life so young, but God knows best and doeth all things well. (And a Poem, signed - A Friend)

Elizabeth Ky, May 5, 1924. Mr. J. W. Barrall, Editor, Pioneer News, Shepherdsville. Dear Sir: I have your letter of the 3<sup>rd</sup>.

Some time ago, I had a talk with Judge Shelton and he stated that Bullitt County would build the road from Shepherdsville to the Jefferson County line on the Preston Street Road if the State would build the road from Shepherdsville to Belmont.

The Highway Commission officially agreed to this.

I think that if Bullitt County will take care of the road north of Shepherdsville that the Commission will not expect them to make any contribution on the Belmont Road.

Very truly yours, W. C. Montgomery, Chairman, State Highway Commission

Speaks on S.O.S.

Dr. Dave Smith attended the first annual "Ag" day at the University of Kentucky, Lexington, last Friday and delivered his illustrated S.O.S. Lecture on "Moses and Modernism"

before the Agricultural students. Ag day is to be an annual affair where the work of each department is to be exhibited and at which each department is to pull some kind of "stunt". Dr. Dave, who is official cartoonist of the KY Veterinary Association, was asked to act on this occasion as "stuntman" for the Veterinary Department. The first Ag day proved to be a big success and was largely attended. The work being accomplished by this great Kentucky Institution is indeed inspiring, considering the limited funds, and is, as well as the road between here and Lexington, a convincing argument in favor of the bond issue.

Fort Pierce News

An Easter Dinner Egg-Hunt was enjoyed in the home of Mr. and Mrs. W. H. Drawdy, of Ten Mile, Easter Sunday. Lunch was spread on the beautiful grounds and was enjoyed by everyone. After lunch, about 100 eggs were hidden and the children spent the afternoon gleefully hunting them. It was a real get together of Kentucky folks who are now residing in this county. Those enjoying this affair were L. L. Daugherty and family, J. B. Buky and family, Virgil Gaban and family, John Gaban and family, C. O. Patterson and family, Mrs. Ida Hecker, Dorsey Hecker, Mrs. Roy Stallings and son, Mr. and Mrs. Wilson Daniels, and Edgar Elzy, James Collings, Jess Porter, Mr. and Mrs. C. E. Crawdy and daughter, Rev. Glaye, Rudell King, Mrs. Calhoun and children, and Mr. E. J. Parker and children.

The above article taken from the Ft. Pierce News, shows that our ex-Bullitt Countians are having a good time in Florida, where Summer continues forever and flowers and

bird song and balmy air conduce to the comfort and happiness of those who are fortunate enough to be there. We have been as far South as Colesburg, but Jim Collings Jr tells us that Florida is way beyond there. Of course, Frank Goldsmith and "Gib" Daugherty do not like Florida very much, and especially in mosquito season, but those who have "toughed it out" say it is a modern Utopia, whatever that means. Be this as it may, we are glad our friends down there are having an enjoyable time. We hope their lives may always be full of sunshine, and some day when they have time, we want them to come back to "Our Old Kentucky Home" for a visit, if they can not stay with us any longer.

First Call for Edward Heirs

All heirs to the Edwards Estate in York City, a part of which was leased to Trinity Corporation are requested to send in their lines as back as can be traced, including birth dates, and whom each married and the date.

This information may be sent to Dr. J. Clarence Edwards, 121 West Eighth Street, St. Luke Apartment, Davenport, Iowa, Rev. J. T. Turpin, West Irvine, Ky or Mrs. R. S. Walker, 222 East Oxford Avenue, College Park, Georgia.

The certified authentic data collected before, and for six years after the lease expired by Mr. J. T. Sadler and Mr. Spencer Edwards, is in the possession of Mrs. R. S. Walker, J. T. Turpin and Dr. J. Clarence

Edwards. These papers are open for examination to any heir. Mrs. Walker is willing to check these records against the data held by any individual, or organization now in existence. She is legal heir, and due to the fact that there are people collecting data from heirs all over the United States, she wishes to request the heirs for their own interests, not to give their information out.

The lineal decendancy of Dr. J. Clarence Edwards, Rev. J. T. Turpin and Mrs. R. S. Walker are established to the owner of the estate.

This is not to publish to collect fabulous amounts from the heirs, but only to assist them and make it known to them who really possess date worth while.

May 6<sup>th</sup> is the birthday of J. R. Ball and his friend, T. J. Brooks gave him a happy surprise by getting the band together and going to spend the evening with him. The writer was "let in" on it and assisted somewhat. The band, which discoursed sweet music, consisted of Thomas J. Brooks, Dr. Henry Beeler, Theodore Young and J. R. Ball. He was the recipient of several nice presents, among them a beautiful angel food cake made at Wolf's Confectionery and sent by his sister, Mrs. Mattie Church. Refreshments of cake, fruit and lemonade were served. Among the guests were Mr. Paul Holsclaw, Miss Mattie Church and Mr. and Mrs. Chester Owen; all these came out from the city for the evening. At midnight, all wished J. R. many happy returns of the day and departed to strains of Home Sweet Home.

We had the pleasure of attending the Senior play at Shepherdsville last Friday night, and enjoyed it thoroughly. While we do not wish to make invidious distinction as all did splendidly, still we must throw a bouquet to Orville Jenkins, Robert Ball, W. T. Whitman and "Yenny Yensen" while Uncle Deacon was delightful. Each scene was carried out in a very realistic manner. We trust these young folks will repeat

this play. All should see them in Deacon Dubbs.

Beginning June 1<sup>st</sup>, which will be Memorial Day at Little Flock, that church will have a week of training in stewardship and other denominational principles, under the leadership of Rev. Looking over an old note book of our grandfather, Rev. G. L. Jesse Porter and James Collings, who have been in Florida since last fall, have returned to Shepherdsville, looking as well as can be, and singing the praises of Florida as a land to winter in. Their stay down there was a very pleasant one, and they will go back this winter if their calculations are not upset. They report all Bullitt Countians as being in good health and doing well. Judge Daniel claims to have drunk from that "Fountain of Eternal Youth" which that good old Spaniard looked for in vain. The judge sends his regards to the ladies, and intimates that he may chin a few of them at the fair this summer. Jess Buky and family are all right, as are Len Daugherty and family. In fact, they are all doing nicely and seem to be in love with Florida.

**Why Can't we Have Bridges?**

There are about twenty bridges on the road from Shepherdsville to Mt. Washington and we will venture there are not five of them safe to drive over. Surely the \$20.00 per mile this road is allowed (tho never gets) could pay for enough lumber to make these bridges safe. Fox hunters are the only ones that can use these bridges and you know their horses are trained to jump.

The award for the new hall here has been awarded the Jenkins and Evans Company of Elizabethtown, Ky for something near \$11,000.00. This is one of best and most reliable firms in the state and is the firm that recently erected the John Boss Store and the new Bullitt County Bank Building on the Main Street of our town. The new Hall will be completed and dedicated about September 1<sup>st</sup>, 1924.

Mrs. J. R. Holsclaw, the talented wife of Dr. J. R. Holsclaw, of the Hebron Section, has suggested that in appreciation of what Prof. Sanders has done for this town and school, that his name should be placed on a slab and put in the new hall, as the funder (sic) and originator of the idea. Permit us, Mrs. Holsclaw, to offer a second in your motion.

Thanks to Mr. J. R. Ball we enjoyed several of the commencement exercises of Shepherdsville High School. We especially enjoyed class night with its diversified program and class spirit. We also appreciated Prof. Ragsdale's address and also Mr. Zimmerman's apt remarks. And the graduates looked so handsome and happy - it all brought back some happy days.

Paul Holsclaw is receiving some very happy compliments on his article, "Innocence Abroad".

Paul had a reserved seat and spent some time in the senate gallery listening to debate on the ??? question, and says the only really sensible one was by Mr. —, of Maine, Republican. Our Kentucky men were playing hookey as he failed to locate them.

W. F. Smithers

Another sorrow, sincere and profound, has come to us in the death of Mr. W. F. Smithers, which occurred last Friday night, May 16, at his home near Huber, this county. Mr. Smithers went to Florida last fall to spend the winter with his daughter, Mrs. Harry McCormack, and Mr. McCormack of Datona, and while there became desperately ill. His other daughter, Mrs. Samuel Leaman, of Louisville, went down to assist in nursing her father, and remained until he was able to come home April 21<sup>st</sup>. He was anxious to come back as he said to "die at home" and his wish was granted and he was at home with his beloved wife and son where he "fell asleep"

as gently as a tired child enters slumber.

Mr. Smithers was born and reared in Jefferson County, Kentucky, and was married some 56 years ago to Miss Kate Sanders of Brooks, KY, daughter of G. N. Sanders, prominent there for many years as merchant, postmaster and L & N Agent. Had Mr. Smithers lived until the 25<sup>th</sup> of this month, he would have been 81 years of age, while Mrs. Smithers was 80 the 6<sup>th</sup> last.

Mr. Smithers was the senior deacon at Little Flock Baptist Church and had been a loyal member of that church with is wife for more than half a century. Both ready at all times to respond in any call upon them for help, and that in such an unobtrusive manner that only the privileged few knew of their abounding liberality. He was ever ready to defend the faith, "once for all delivered to the saints."

Mr. Smithers fought to defend the Union in the War of the Sections, and while we have heard him relate his experiences, we have never heard him express any bitterness, but rather the broadest charity for all, and brotherly love.

Mr. Smithers has been known here for his interest and activities in horticulture and melon raising. He had many, many prizes and ribbons from various Fairs, state and county, and what a pride his took in showing theses to his friends. He has originated many varieties of plums, especially. He and his wife both loved flowers, and their home is a bower to beauty through the summer. The writer has spent many happy hours in Mr. Smithers's home, where real royal hospitality abounded, truly.

His funeral was held at the home Monday, Rev. Pitteard officiating. Burial in the family plot nearby. His last expressed wish was that his service be in charge of his church. The deacons to be pallbearers, these Messrs J. W. Brooks, Harry Hesler, T. J. Brooks, Paul Holsclaw officiated. Among the many floral designs was a beautiful one from the men of Little Flock.

Our sincere sympathy to wife and other relatives.

Methodist Church

It seems that it is time for the Town Board to organize the city government. I am in perfect sympathy with the effort they are making to effect the organizations. I think that every good citizen in this town should give to the Board their endorsement and help in making this effort a success. The bootlegger, the moonshiner, and their pals have dominated the town and community long enough. It is time for the good citizens of the town to rise up with righteous indignation and say to this element, "Thou shalt not dominate this town any longer".

At the Methodist Church Sunday night, the pastor will preach "The Devil a loose in Shepherdsville." You are always welcome at this church. Come and worship with us. Respectfully, J. R. Randolph, Pastor (Highlights)

Our Teachers

With the closing of our High School, the teachers who have been with us and a part of us for almost nine months, have departed for their homes, and we feel their loss most keenly. They were high grade girls, mete and fit exemplars for our children. Their daily walk was an inspiration for the little ones. Miss Alma Hutchins has gone to her home in Paducah, but it is said that she will soon follow the dictates of her heart and go to Central City where her chosen one is preparing a home for her. Miss Hester Belle Anderson has returned to her home in Stanford for the summer. Miss Lillian Crume will spend her vacation with her

parents at Vine Grove. Miss Ruby Deane will rest at her home in Marion, the county seat of Crittenden County. Shepherdsville agreed with Miss Deane as she seemed Weller here than elsewhere. Miss Virginia Clements is back with her dear ones in Owensboro, where she is looking over her assortment of Combs. She insists that Combs is a kind of Hackney-ed term, but we don't know. Miss Sallie Shultz is also interested in gathering up Combs and has not been so finicky as to reject Combs that are Harry as she says the hairs can be pulled out later on during family quarrels. Miss Geneva Gibson, who has been looked upon as one of our best teachers and young ladies, while not fond of jewelry, is thinking of possessing a Pearl necklace in the future. She will rest at her home in Campbellsville where the best wishes of all our people follow her.

Mr. Hugh O. Porter, of Bardstown Junction, has just won an important victory in a debate between Berea College and the University of Kentucky.

This is the second victory which Mr. Porter has won recently. In a series of debate contests between Berea and various other colleges, Berea has won every decision with one exception. Mr. Porter has done much to bring success to the Berea teams.

Judge Shelton should get out and over the road from Shepherdsville to Mt. Washington and investigate the bridges. Some of them are dangerous to cross. Surely the bridges can be kept up, for no money is spent on the pike. It has been nearly eighteen years since the Shepherdsville and Mt. Washington pike was built and nothing has been done since then. The farmers must pay their taxes and where does the money go? We are sure it does not go on the Shepherdsville and Mt. Washington pike. If Bullitt County doesn't built good roads, she will soon be on the delinquent list.

Greatest Invention of Century

The Mechanical Electrical Belt of Louisville, Ky. Electricity is life.

This is one of the most wonderful inventions of the age, combining at once cheapness, simplicity and durability, being more effective in the cure of diseases than any other Galvanic Belt which has ever been brought before the public at a trifling cost, so little that no one, sick or well, can afford to delay one day from purchasing this wonderful scientific invention.

The young and the old, the sick and the well need this belt. The well want to keep well and the sick want to get well. It is only a lack of knowledge of its benefits that causes any one to delay one day in purchasing it.

The following is a list of some of our grateful purchasers. We can furnish hundreds of others on application.

\*\*\*

Women were made to follow fads, fancies and fashions. They love innovations in dress. They tire of the old, and long for the new. The latest fad is bobbed hair, and it is by far the most deplorable. It has come to stay for a while at least and we are not "fussing" but mourning, for the glory of every woman is her hair, and she has been shorn of that, like Samson of old, her glory and strength have gone from her. But bobbed hair has come upon us, silently and swiftly; likewise powerfully. Like the tides of some stormy sea, it has swept over the entire land. Even old grandmothers are having their gray tresses cut off. It does not make them look younger or better, but horrible. With short skirts, bobbed hair, and the waist line moved either up or down some six inches, what in the name of Julius Caesar's grandmother are we coming to? A modest woman, instead of an honest man, is God's noblest work. Women have to yield to the decrees of fashion. The modest women of this country have fought short skirts and they are fighting bobbed hair, but they are being borne ... by over-powering numbers. The auto has brought on bobbed hair. The dust gathers in the hair to such an extent that it is hard to wash out and the women go so much they haven't time to wash their hair, so the only way out is to cut their hair off. It has some amusing features. It makes the woman look mannish. You are liable to call Julia, Mike or Thomas and when speaking to some aged victim of the bobbing habit, you are liable to call her "Uncle" Bill. But, if the women are for it, so are we. We usually know our cook and washer women, and it never was our policy to fall out with

our Secretary of War (our wife) on questions of dress or hair dressing.

#### Bobbed Hair

About all the older citizens, who have passed the heights of mid-life and started down on the other side, are unanimous in saying that the young folks of today are headed straight for the middle of perdition. Because the youngsters of today do not cling to the amusements which were in vogue forty or fifty years ago, they are lost. One trouble is we are not living forty or fifty years ago, but right now. Styles and customs have changed, but the older folks have not changed with them. On an average, people are no worse and no better than they were half a century back. They have the same nature which God gave to mankind when he created Adam and that nature is the same in all times and climes; enlightenment, environment and situation considered. How could it change very much for the better or worse? The boys and girls of today are but modern copies of their ancient prototypes, human copies of their grandmothers and grandfathers.

They is no use in growling and howling, for the young people will have their fling as they have had in all past generations and as those who are howling now, had when they were young. Fault finding is one of the prerogatives which belong to old age. It cannot be shaken off nor thrown aside, for it belongs to the aged just as white hair and physical infirmities belong to the m.

#### Essay Contest

Those who care to enter, please inform the pastor of the Methodist Church. Further announcements next week in this paper.

Respectfully, J. R. Randolph.

#### Memorial Service

Friday is Memorial day. On this day, it is the custom of Americans to hold Memorial Exercises and decorate the graves of our forefathers and comrades, fallen in the defense of the ideals and principles of a free and united Country. The battles of peace are less colorful and scarcely less strenuous than those of War. It is the privilege of the vast majority to die for their Country, but it is their duty to live for God and native land. Let us carry on! Let us hold high the torch of liberty, equality and fraternity thrown to us from fallen hands. The morning services

at the Baptist Church next Sunday will embrace the memorial idea.

#### Birthday Surprise

On Sunday morning, May 25, Mr. and Mrs. Tom Hall attended Sunday School at Bethel. After Sunday School, they were never more sociable and just kept on lingering to chat with friends until finally someone said, "Let's all go so the sexton can close the church".

Mr. and Mrs. Hall started home with most of the Sunday School following at a safe distance. When they reached home, they saw the long table in the front yard. Several were already there and had taken possession of the house. Then they realized what was happening. Mr. Hall never did unfasten the door of his machine, he just climbed right out over the top of it.

The 22<sup>nd</sup> was Mr. Hall's birthday and the 27<sup>th</sup> was Mrs. Hall's birthday.

The following guests enjoyed the pleasant day: Mrs. Hall's sister: Mrs. Mary Martin of Dawson Springs and Mrs. Tena Owen of Louisville; Mrs. Hall's brothers, Bert and Hal Hall and their wives; Mr. Hall's sister, Mrs. Lewis Mothershead and Mr. Mothershead; Mr. and Mrs. Basil Scott, Mr. and Mrs. W. least those who graduate this year would let us have all information concerning the closing activities of your school.

In the death of John R. Hill, which recently occurred at his home near Belmont, this county has lost a good man; while it is rather common to speak well of our dear friends, yet in the case of John R. Hill, we believe that no better man could be found.

He was a clever, high-class Christian gentleman, a leader in all church, school and social activities all during his life, most of which has been spent in Bullitt County and wherever you placed him, in school, in the church, in the community or in his home, you would find him a real man, honest, sober, industrious, pleasant and the kind of man at all times and the kind of a personality that goes with it, that we all long for but seldom possess.

Few men ever lived that did more to make a better Bullitt County than did our friend, John R. Hill.

Upon recommendation of the local trustees, the following teachers were appointed by the County School Board last Saturday:

Woodlawn - Mary Crenshaw  
Needmore - Prof. Burkstresser

were appointed as substitutes.

In accordance with the law just passed, the County School Board made the following order Saturday:

That all teachers will be required to have a copy of the Bible and read a chapter every day without comment at the coming term of school.

Teachers salary practically same as last year.

**Robert Ice Jr**

Last Sunday morning, while sweet toned church bells were calling our people to the house of God, death's angel strode into our little town and born away on his invisible pinions the pure, unblemished soul of Robert, the second son of Mr. and Mrs. Robert Ice. While playing in the street near the home of his parents, he was run over by an automobile driven by Mr. Sang, of Louisville and died within an hour. The terrible accident happened about nine o'clock in the morning, and cast a pall of gloom over our entire community, where Robert was known and loved by all. On Monday afternoon, after appropriate and touching services at the Baptist church conducted by the pastor, Rev. Burkhalter, all that was mortal of our little friend was conveyed to Hebron Cemetery and tenderly laid to rest in that beautiful city of the dead. Mr. and Mrs. Ice, parents of the little victim, have the sympathy of our entire community in their sorrow. Death, the destroyer of all that is earthly, is sad at all times, but much more sad when it robs us of our precious little children. The Master said "Suffer little children to come

unto me and forbid them not, for of such is the kingdom of Heaven" and in our tears and sorrow, consolation and comfort come from the knowledge that he is with those who dwell in the presence of God.

May God in his infinite mercy and love, bless and comfort the young parents of handsome, manly little Robert Ice, and through the eyes of Christian faith, may they see his little arms stretched out appealingly, bidding them join him on the shining heights of God's Eternal Hills.

"It ain't going to rain no more" may listen all right while it is being sung in Arizona or the arid portions of the desert of Sahara, but Bullitt County farmers, who have been trying their best to get in their crops, are about ready to begin singing, "It ain't going to stop no more".

**William Howlett**

Mr. William Howlett, one of Bullitt's oldest and most prominent farmers, passed away at his home near Pitts Point last Friday, aged about eighty four years. The immediate cause of his death was old age and the infirmities incident therein. He is survived by seven children, three daughters and four sons, namely Mrs. Maggie Welch of this place, Mrs. Eliza Figg of Illinois, and Mrs. Virgil Hibbs of Pitts Point, and Messrs Leonard Howlett, Charles Howlett and Lawrence Howlett of Logan County, KY. His wife passed away several years ago. Since that time, he has made his home with his daughter, Mrs. Hibbs. Mr. Howlett owned one of the best farms in Bullitt County, and was, in his time, one of the leading farmers of the county. He was a hard working man, and during all the

years of his long life, when able to work, his daily bread was earned by the sweat of his brow.

His landed estate consisted of about 555 acres, all of it on Salt River, and all rich and productive. He was a good neighbor and a kind and indulgent father. He numbered his friends by hundreds among the older people. His death is genuinely regretted. His remains were laid to rest beside his wife in the Daw .... Sunday. (A hole in the paper)

M. B. Osburn

Is Vice-President of Pullman Co. Samuels man make rapid rise in railroad circles.

Starting life as a barefooted county boy at Samuels Depot, and later delivering papers on the streets of Louisville while he worked his way through High School, Mason B. Osburn, son of Mr. and Mrs. Everett Osburn of Samuels, has been elected Vice-President of the Pullman Company when 31 years old.

Mr. Osburn has written his parents telling them of his promotion.

The rise of Mr. Osburn in the business world has been like a dream, but largely due to his strict attention to every detail of his work. As a newsboy on the streets of Louisville, he was crying the news of the day to sleepy patrons at 4 o'clock in the morning. Afternoons found him at the same job and at nights, he was studying electricity as a side line.

When he entered the Louisville & Nashville Railroad shops as an electrical apprentice after finishing High School, he completed a two-year course of instruction in one year. After a few years service with the Rock Island Railroad he went to

the Pullman Company, in whose employ he has been for ten years.

Jack Brehme and Coley Ridge

The above photos are a good likeness of the proprietors of the Ridge-Brehme Clothing Company, 124 W. Market Street, Louisville. Both are good businessmen and perfectly reliable.

Mr. Ridge is a son of the late Major Pat Ridge and knows many people in this county. Mr. Brehme is well known here, as he always made this town while on the road.

It is the policy of this paper to carry only reliable business houses, and it is with pleasure that we recommend them to the people of this county. We ask you to go and see them. Get acquainted whether you want to buy or not. We know when you pay them a dollar, you get a dollar's worth. Read their advertisement in this issue and don't fail to go to see them. We will appreciate it as much as they will.

#### Club News

#### Up to the People

The State Highway Commission has made this offer to Bullitt County. If the county will raise \$20,000, the State will take over and construct the Preston Street Pike from Louisville out this way as far as it will go, with \$70,000 added by the Highway Commission. That will mean the pike will be built as far as

**The Pioneer News, 1924 J. W. Barrall, Editor**  
**Transcribed from Microfilm by Edith Blissett in the year 2005**

Shepherdsville this year, and possibly a few miles south of Salt River toward Bardstown Junction. The county can raise \$11,000 and \$9,000 can be raised by popular subscription. Will it be done? We cannot afford to fail. It means that when the pike between here and the Jefferson County line is taken over by the State, that the State will perpetually keep it in repair. It will never cost the county any more money. The county can then turn its attention and what money it can raise to other roads. It is the logical thing to do. As important as our other roads, the Preston Street Pike is more important because it is the Truck Line to Louisville. It is the road over which the farmers ship all their stock. It is the road over which the farmers and merchants bring their supplies from Louisville to their homes and stores. For the past ten years, it has taken practically all the road money to keep the Preston Street Pike in such condition that it could be traveled, and it has not always been in good condition at that. The wise and logical thing to do is to raise the \$9,000 and forever get rid of the expense of keeping up the Preston Street Pike. When this has been accomplished, there will be some money for the other roads in the county.

**Kills Hubby**

Mrs. John Eckers shot and killed her husband at their home near Belmont, Wednesday night, June 18<sup>th</sup>. We failed to find out the cause of the shooting, but suppose it was caused from white mule, as Sheriff Monroe brought in two stills, said to belong to Mr. Eckers.

**Hard Rains**

Last Sunday evening this county was visited by one of the hardest rains

that ever fell here; it rained hard and fast and came from all directions. Much damage was done, several silos were blown down and roofs of several houses were blown off.

**Notice**

The WMU of Shepherdsville Baptist Church will meet with Mrs. C. P. Bradbury Monday. The subject for Lesson Study is Europe. Mrs. T. C. Carroll.

**Road Working**

The big road working put on by the good people in the south end of the county was a decided success. Every public building in Lebanon Junction was closed except the post office. The road from Lebanon Junction to Belmont was improved wonder fully. At the gravel pit, a wagon could have been loaded every minute if there had been enough wagons. Everybody was there and everybody worked, including father. The good women prepared food and the day passed off splendidly. Now why not everybody get together and work the section from Belmont to Salt River? It can be done in two days, anyway. We have some pale faces and white hands here that we'd love to see out in the hot sunshine, so lets get up a monster road working in the near future and finish the job so well started by the good people in and around Lebanon Junction.

**Mammoth Rattlesnake Murdered**

Hanging in the studio of Mr. John R. Buckman is a rattlesnake almost five feet in length, which Mr. Buckman killed on his hill farm, "Rattlesnake Heaven", one day last week. It (the snake) is or was of the diamond back variety, and was very active and venomous. He (Mr. Buckman) experienced little or no trouble in murdering the monster, as one hard,

accurate blow with a large pole did the work. If any game, sporty farmer wants to trade a good milch cow for a pair of well developed, healthy, belligerently inclined rattlesnakes, he can get such a trade from Mr. Buckman, as his farm is pretty thickly populated by the beautifully marked poison slingers.

**Home Coming Edition**

The Home Coming Edition of the Courier Journal was a beauty and reflects great credit on the publishers of that great paper. It contained just about all that such an edition should contain, including cuts of all the main buildings of the city. It was a work of art, and "Home Comers" will be sending thousands of copies back to their new homes.

Gabe Bealmear, once a farmer and stockman, later an insurance man, is now a full fledged "Pap" and is receiving all sorts of congratulations from his many friends. A little son was brought into his home by the Stork Tuesday morning. Mother and child are doing well, but we are very uneasy about Gabe. When a crusty old bachelor does marry and finally gets into the "Father" division, he is simply hard to manage. Among the things which Gabe has taken home to son (so Little Bill told us) we remember a pair of roller skates, two pocket knives, an air rifle and fishing outfit.

#### Monster Road Meeting

Big advertisement. Saturday, June 21<sup>st</sup> at the Court House.

Every patriotic Bullitt Countian, who places the welfare of the county above his own sordid aims, is cordially invited to be present, as this is a matter which vitally affects the material welfare of the whole county, and naturally, the welfare of every man, woman and child in the county, now and for all times to come. Every man and woman in the

county is cordially and sincerely invited to be present. Object of meeting will be fully explained by competent speakers. The Opportunity Which Bullitt County now has to obtain some real turnpike at nominal cost, is one which we cannot afford to throw away, for once cast aside, it is gone forever. If you love Bullitt County, Come: If you love your home and your family, Come: and if you love yourself, Come – be sure and Come. Come for the sake of your State, your county, your home, your wife, your children and yourself – Come, Keep on coming. Good Road Committee.

Preston Street Pike Assured

Last Saturday afternoon, a large determined and enthusiastic throng of loyal Bullitt Countians filled the court house, and when that crowd got through with the business it assembled there to transact, the \$20,000 which Bullitt County had to raise in order to meet the offer made by the Highway Commission had been raised and the rehabilitation and future conservation of the preservation of the Preston Street Pike had been assured. Bullitt County put up \$11,000 and the citizens along and near to the pike put up \$9,000. When we say near to, we mean near the Pike or roads leading into Preston Street Pike. Everybody did handsomely. The good people in the Hebron and Zoneton country put up almost \$5,000. This included the Cedar Creek contingent headed by such wheel horses as Will Jenkins and Dave Crumbacker. On the pike, Ed C. Tyler, S. N. Brooks, J. W. Pope, Herman Williams and everybody else took off their coats and waded in and there was just no way to defeat the project. The State will

now take this pike over and reconstruct it, and perpetually maintain it. This will mean that about \$10,000 a year will be released for keeping up other roads. It means more than this. It means that next year, the road will be completed through to the Hardin County line and that much more money will be available for road repair, and it also means that there will be a first class pike running through the very center of the county north and south, for the transportation of all who want to travel or ship grain or stock or milk. And the State will maintain this road. It is the beginning of a road building era in Bullitt County which will go on and on until the county has a large mileage of first class roads. The work done in the court house last Saturday and the week before was the best and greatest work ever done in Bullitt County. It means a lot to Bullitt County. We are glad it succeeded and we congratulate the people who pushed it and made it a success.

Everybody for Good Roads

It seems that everybody wants good roads, and we are willing and want to help build them. All the business houses in Lebanon Junction closed one day and went out and worked all day on the road and did good work.

**The Pioneer News, 1924 J. W. Barrall, Editor**  
**Transcribed from Microfilm by Edith Blissett in the year 2005**

Every business house here will close Friday, August 1, and every one is going out and work all day on the road between here and Belmont. A nice lunch will be served on the grounds by the ladies. Later on, they will work on the other road in the county. We are glad to see some interest taken in the roads, as that is the only way we will ever get any good roads.

**Work on Road**

Work on Bullitt's Lick Road was begun Wednesday. They will try to build about one mile of good pike this year. They also intend to repair the rest of the road and then next year build another mile.

erroneous impression that this was a BYPU outing. It was not tho' some BYPU members went.

Road Making

Now is the time to make roads. A few loads of gravel and stone put on the roads now, will do more good than hundreds of loads put on by the gang around the store stove this winter. Now is the time to work roads. They will be good next winter, but if graded after the fall rains set it, they will be muddy all next winter. The plan of working roads when it was too bad to do anything else will not do.

Rattle Snake

Mr. Jesse Mann killed a rattle snake Monday afternoon being eight feet long and four inches around, while Boss Hagan and Walter Mann stood gazing on until you could have clipped their eyes off with a board.

The success of the play at the Masonic Temple last Friday evening was due in no small measure to the able work of Mr. Minnic, known as "Harry the Tailor". Mr. Minnic is an able actor himself, and knows all about the art of "making up". He helped the male members of the troupe to make up and in addition did all the prompting. You could see his fine work all along the line. You cannot beat him in the show game. He knows it through and through.

County Gets New Fee as Truck Law goes into effect

The road fund of Bullitt County will be increased \$2,500 a year according to the provisions of the new licensing law enacted by the 1924 legislature, which provides that half of the money received from the licensing of motor trucks shall be distributed among the counties. The law became effective June 20.

The law provides that all the money received in truck license fee shall be paid to the State as heretofore, but that the State then retains half and divides the other equally among the 120 counties. Each county will receive more than \$2,500.

Prices of licenses for motor trucks was also raised from \$5 to \$20. The

Uncle George has had experience in cooperative buying and selling and can direct us in the right way. As we can see and have already been convinced that by cooperating together in buying and selling, much can be saved and the present conditions the farmer needs all that he can make and save honest. This Union is wide awake always ready to help in all good work. The farmer has always been compelled to stand on low ground, but we thank God he is climbing to "higher ground." This local is buying all they can though the Union and much has already been saved. Farmers stand together and the victory will be yours.

New Colonels

Last week, acting Governor William Perry appointed H. H. Glenn and Lee Hamilton aids on the staff of Governor Fields with the rank of Colonel. This is quite an honor, and we congratulate Cols. Glenn and Hamilton upon their good fortune. It would have taken the boys quite a while up to the rank of Colonel in the Army, and then they might have been shot or gassed before getting up there. In this case, the honor does not carry with it any real danger of fighting, but on state occasions costly uniforms are in order, with imposing shakoes (sic) and other dressy accoutrements (sic) and high priced paraphernalia (sic). Hereafter, it is Colonel Glenn and Colonel Hamilton. In case of war, we are not sure that the Governor would have the right to call his colonels to the colors. There would be an army without a single private soldier in it, all officers. Of course, every one of them would be valiant and ready to give his life for his country, but most of them are over the age limit. It is useless to speculate on something which we trust will never happen and in the meantime, we thank Mr. Perry for making Colonels of Herbert and Lee.

Governor Perry

While Governor W. J. Fields was at the Democratic National Convention, Hon. William A. Perry, of Louisville, President Pro-Tem of the Senate, acted as Governor and acted the part well. Mr. Perry is well

known to a great many people in Bullitt County. His wife was Miss Mary Jo Hagan, of Chapeze, who was one of Bullitt's prettiest and most popular young ladies. Mr. Perry is a well known and able lawyer of Louisville, State Senator, and one of the able young men of Kentucky. Gov. Perry also appointed Mr. Richard Wathen Sr a colonel on the Staff of Gov. Fields.

School News

The regular meeting of the County School Board was held Saturday with the following members present: Tom Mattingly, E. Z. Wiggington, Henry Trunnell, Joe Harris and Pat Daugherty.

The contract for hauling school children to the Nichols Consolidated School have been let to H. E. Stivers on the East side and Henry Stivers on the West side of that section of the county. The average cost for pupil for teaching in this school is less than half the cost of most rural schools with one teacher.

At the big picnic given here last Saturday by the Red Men, Mrs. Leonard Daugherty won the Ford. Mrs. Daugherty is the daughter-in-

law of Col. Pat Daugherty, member of the County School Board from the Belmont-Lebanon Junction section.

Miss Bertha Engle and sister, of Belmont, have accepted schools in Washington County.

Miss Lillie Monroe, a well known teacher at Lebanon Junction was recently married to Mr. William Beeler, a prominent young druggist of that town.

Miss Elizabeth Hatfield, daughter of Charley Hatfield of Lebanon Junction, was married here Monday by Rev. Brandon to Mr. John Bremer, a well known young railroad man of that town.

The teachers meeting here Saturday was well attended, look over the list and see if the teacher who is to teach your child was here. She was notified and she needed the help and inspiration (all young teachers now in the State Normal School were excused)

general reports, it was a success in every way and the players deserve credit for giving their time to this worthy cause. C. F. Troutman, who is one of the best amateur actors in the State, played the leading part and was ably assisted by several of our best people, while Mrs. J. H. Sanders acted as coach and general director and as a leader in all kinds of church, school and social activities, she has few equals any where.

**Death**

Last Monday evening, June 30<sup>th</sup>, the Death Angel came at 6:40 o'clock to claim the wife of Mr. James A. Tatum. She had suffered for years, but bore suffering patiently until God called her home. She became a member of the Baptist Church at the age of 15 years, having lived a Christian life to the end. She was 69 years, 3 months and 25 days old. Mrs. Tatum was a good wife, mother and neighbor. Had Mrs. Tatum lived until October, they would have been married 50 years, their home being blessed with five children, four girls and one boy, Mrs. Dora Shane, Mrs. Bettie Thurman, Mrs. Ella Duvall, Mrs. Laura Duvall and William A. Tatum, one sister, Mrs. Nan Salmon, four brothers, nineteen grandchildren and four great-grandchildren. Everything was done for her during her illness that heart and hand could do, but God doeth all things for the best. Funeral services were conducted at her home by Rev. Patts, (sic), of Lebanon Junction. It was a touching sermon the relatives and friends were in tears. She was laid to rest in the Lebanon Junction Cemetery on Tuesday. We extend our deepest sympathy, their burdens are heavy but God will help them and will heal their wounded hearts and dry their tears. Tis sad to part

with our loved ones, but God knows and doeth all things all. By a friend.

27<sup>th</sup> was a complete success, financial and otherwise. It is generally conceded that is the best play ever given here by amateurs. Mrs. Margaret Sanders coached the players from start to finish and is entitled to all the credit for the big success they scored. Former Bullitt County Boy  
Mocksville, N.C. - Dear Mr. Editor:

Fifty years ago my father, Daniel V. Davis, began growing tobacco. A few years later, he decided that there are better days than others for harvesting tobacco in order for it to cure up nicely and have a rich waxy and heavy body. To find the way to tell these days ahead was a hard job, but he was finally successful.

For some reason, my father kept this information a secret from every body, even his own family, until a short time before his sudden death last November two years ago. In August of that year, he called a visiting sister and myself to the table where he was writing and explained to all to us.

I desire to pass this information to as many tobacco growers as possible. In explanation, let me say that tobacco has an oily substance which is its natural possession, it has a sap (water) like other vegetation.

When the sap rises, it runs the oil out through the pores of the leaves on the principal that oil and water don't mix, and oil being the lighter, it is pushed out by the sap.

Tobacco harvested in this State will be light and chaffey when cured, there being only (water) in tobacco, this evaporates in curing and leaves the tobacco light and worthless. But tobacco harvested when the sap is down and oil in the leaves renders it easily cured and makes it rich, oily and "waxy". This is because the tobacco is full of oil instead of sap (water) and oil being unable to evaporate remains to give the tobacco weight.

I shall be pleased to answer any correspondence from tobacco growers who may desire to write me provided postage is sent for reply. Yours truly, W. H. Davis.

This is the first class of teachers we have ever had in which the entire class had four full years of High School plus a term or two of Professional training in a Normal School.

Miss Helen Harris, daughter of Col. Joe Harris, is attending the summer extension school at Nazareth.

Trustee Chester Hill is having some repairs made at his school near Chapeza

Miss Margaret Combs recently returned to school at Lexington, KY where she will take the summer course at the Kentucky University having been a pupil in the past year or so.

Mrs. Zora Raymond, a well known teacher of Bullitt and Jefferson Counties, who still lives at this place, is spending several weeks with her sister, Mrs. Nusz, at Bardstown Junction.

The young men of this town have organized a base ball team for this year and have arranged games with several city teams in the near future.

The Lebanon Junction boys have no team this year, but the Mt. Washington lads have been playing for several weeks. Frank Parrish and Hubert McGee are pitching for Mt. Washington team.

The officers and directors of the Bullitt County Fair are making unusual preparation to make the 30<sup>th</sup> annual exhibition to the best in its history. Col. Ike Mudd is President, C. F. Troutman is Vice President, J. W. Barrall, Secty and H. H. Combs, treasurer with the following well known men as directors: Roy Stallings, Henry Trunnell, O. H. Masden, J. E. Smith, J. W. Pope, Geo. Bailey, Joe Harris, W. F. Clark, Sam Bealmear, E. R. Ash, Earl Deacon, Fred Kulmer, Nath Cundiff, Levy Roby, J. H. Shelton, and H. D. Shafer, while Will Joyce and Mrs. Cora B. Roby will have charge of all exhibits in Floral Hall. In the case of C. F. Troutman, Vice President, who

will no doubt be president next year, we are reminded that father, son and grand son have been officers in this, the best County Fair in Kentucky. The elder Dr. Bates was the first President, the late Phil Troutman held most every office in the association and now his son is helping to promote the enterprise, that has done much for the agricultural industry of Bullitt County. On Wednesday, August 20<sup>th</sup> will be Childrens Day and no admission will be charged under 14 years of age.

We regret the passing of Bud Combs, one of the best young man in Bullitt County and every inch a man, too. The history of Mr. Combs and his brave fight against that dreaded disease is well known, but you had to know the man well to be able to fully appreciate the many splendid qualities he possessed.

Myron Combs

Mr. Myron Combs, son of Mr. and Mrs. J. F. Combs, died at the home of his parents in this city Sunday morning, July 13<sup>th</sup>, after an illness of more than a year. Mr. Combs was about thirty-six years of age. He spent his entire life in Shepherdsville, with the exception of the time he spent away in school. For many years, he worked in Troutman Bros. Store, but for several years had been with the Bullitt County Bank. In the later part of May, 1923, it was discovered that he had tuberculosis in advanced stages. Acting on the advice of specialists, he was taken to Asheville, N. C. and given treatment for several months. Finding that he was not improving here, he was brought to Louisville and placed in Hazelwood Sanitorium under the care of Dr. S. W. Bates, but the

change did him no good. The sands of life were running low and a few weeks ago, he was brought home to die. His remains were laid to rest in Hebron Cemetery on Tuesday morning after brief services at the home conducted by Rev. Phil H. Ryan, former pastor of the M. E. Church at this place. The services at the grave were in charge of Bullitt Lodge No. 155, F & AM, conducted by Mr. Fonmiller, of Louisville. Shepherdsville has never lost a more popular young man than Myron Combs. Everybody who knew him was his friend. He had no enemies. The large concourse of sorrowing friends who attended his burial and the many beautiful floral tributes bore mute testimony of the high esteem in which he was held. He has been missed, will be missed; in the Bullitt County Bank, on our streets everywhere; but he will be missed much more in the home by the affectionate parents who reared him; who loved him more than mere words can tell, and who did so much for him in his brave fight against death, and his absence will be sorely felt by his sister who idolized him as only a sister can. We sympathize with the bereaved ones, but no words which we might offer can lift the load of sorrow no assuage the grief which his death has brought. God alone can do that, and He alone can reunite in those eternal mansions beyond the mystic river the loved ones who are parted here.

He reunited with the Pleasant Grove Baptist Church Sept. 8, 1923 after which he lived a consecrated life. Always ready to do what he could in the work of the Lord. **On Wrong Track**

“Many correspondents and critics of the Klan fight in the New York Democratic National Convention made the error of referring to the question of a fight between Catholics and Protestants. This is misleading and a grievous injustice to Catholics and Protestants who might be influenced by wild reports. The Ku Klux Klan is not fighting Catholics, but fighting the constitution of the United States of America, and if the Klan succeeds, the United States of America

becomes a subject of the Klan. When the Klan fights to break down the constitution, it is fighting not only Catholics, but Protestants, Jews and everyone else who is a true American citizen. The statement that the Klan is only fighting Catholics is entirely wrong. The Klan is fighting Protestants as well.” Kentucky Irish American

**School News**

The Bullitt County Memorial Hall and The S. H. S. Auditorium is going up fast and when completed will be a credit to any community. The hall has a stage large than (sic) McCauley’s Theatre and the playing space of the basketball court is larger than any hall in Louisville.

Miss Mary Dawson, teacher at Brooks, is clerking at Horton’s store this summer.

Joe Harris, R. L. Wade, Jonc Clark, Alvin Viers, Herbert Cundiff, O. H. Masden and other ex-trustees are serving on the jury this week.

Pleasant Hill School and Green Briar School are having such large attendance that it has been necessary to order more seats. Mrs. Lillie Monroe Beeler is teacher at Pleasant Hill, while Miss Beard is at Green Briar.

The State Per-Capita has just been announced for the present school year at \$7.00 against \$8.10 last year and \$6.00 two years ago. The Bingham Inheritance Tax caused the big increase last week, but the decrease in State revenue for this year will not cause any decrease in teachers salaries in Bullitt County, at least for the present term.

Miss Jennie Carpenter spent Sunday at her home here. Miss Carpenter has charge of the Cane Run School this year near Lebanon Junction.

What promises to be the longest session ever held by any grand jury in the history of Bullitt County is now in session in the Grand Jury room at the Court House. Some 30 or 40 true bills have already been returned and the body may hold in session until the Bullitt County Fair. The following well known men are members: James Cundiff, Frank Mathis, Nick Miller, Charles Duvall, Will Burns, Claud Barrall, N. H. Braithwaite, O. H. Masden, Ott Saddler, W. T. Stephenson, Terry Cundiff, Hugh Drake, Wathen Viers, Lee Masden, Bage Shelbourne, Herman Mothershead, E. F. Henderson, Walter Coakley, Ben Hardy, Pink Roby, Foreman.

**Big Road Working Rally**

There will be a big rally of road workers on the road between Belmont and Bardstown Junction on the morning of August 1<sup>st</sup>. It will be Friday, the first day of August. Do not forget it. Be sure and come by 7 o’clock in the morning prepared to do a day’s work. Let everyone bring his pick and shovel along anyway. The men who have this in charge want one hundred teams to haul gravel and slag and rocks on the road and men are needed to load and unload those teams and place the material on the roads. Before the day set to work on the road, the grading will be finished. Judge Shelton has promised that this shall be done and Bullitt County has one of the best road graders in use today and Harve Milam knows just exactly what to do with it. Every business house in Shepherdsville and Lebanon Junction will be closed except the

post offices and railroad stations. The ladies of Lebanon Junction, Belmont, Bardstown Junction and Shepherdsville and between the above named towns will prepare ample food for the workers. Dick Clark will have all necessary tables on his big lawn, near the Masden farm. There will be plenty to eat and plenty of ice water for everybody. So set this day aside and bring your teams, picks, shovels and sledge hammers and get out on the road between Belmont and Bardstown Junction and help repair the worst road between Fort Pierce, Florida and the North Pole. Help us remove this disgraceful blot from the name of our good county and make this road fit for travel. You will be proud of it. Let everybody go to the mouth of Belmont Avenue where instructions will be given. Be sure and get there by seven o'clock in the morning, August 1<sup>st</sup>.

Something like 1,400 liquor joints and indicted 2,000 booze sellers in fifteen months and twenty-five car loads of convicted criminals have been shipped from Chicago to Leavenworth prison. If Bullitt County had a clean up, it might be possible to have a few more car loads to be shipped to some prison for that is the place for every moonshiner and every smuggler of whiskey and they should go there for four or five years and pay a heavy fine, too.

Rowan Snellen

Mr. Rowan Snellen, one of our oldest and most respected citizens died at the home of Mr. A. L. Roby last Sunday morning after a long illness. He was buried at Hebron on Monday after services at the Methodist Church conducted by Rev. Randolph. The services at the grave were in charge of the Mason lodge of this place, conducted by R. M. Hocker of Lebanon Junction. He was a member of McNeil Lodge of Lebanon Junction. Mr. Snellen was seventy-eight years, five months and four days old when he passed away.

His had been a peaceful, harmonious life. He loved to be at peace with everybody. In his early youth, he assisted W. H. Holsclaw (Uncle Hardin) in taking flat boats to New Orleans. Later on, he associated himself with the L & N RR and stayed with that company until a few years ago when he was compelled to retire because of his age. Since then,

he has lived in this place, first with his sister, Mrs. John Froman and after death he lived with Mr. A. L. Roby. During his long illness, Mr. and Mrs. Roby did all for him that friendship could prompt willing hands to do. Mr. Roby set up with him for months, and looked after him as though he was his brother. Mr. Snellen is survived by three sisters and many nieces and nephews. All these, we tender our sympathy. Another quiet, inoffensive, well meaning man has passed from our midst. One by one, they are going, as the leaves of the forest fall earthward in the fall, and to be ready when that time comes should be the common purpose of each and all. Mr. Snellen was a member of the M. E. Church and was ready when the final summons came.

#### To our Correspondents

Send in your letters as early as possible next week as we want to get the paper out early Thursday so we can go to work on the road from Belmont. This way, while we don't know just how much we can do, but will try to do our bit in making it better, if possible.

#### In loving remembrance of:

our dear boy, Joseph H. Sipes, who died July 15, 1921. (A poem) Sadly missed by the family.

#### Not Guilty, Says Jury

The Jury who tried Jess Peacock the second time for the murder of Dallas Foster returned a verdict of not guilty. The jury was made up Tuesday evening and the case went to the jury Thursday evening about 4:30 and the verdict was reached in about one hour.

Bullitt County is noted for its weakness in murder cases and we would not be surprised to see the time when every murder case that can, will be transferred to this county for trial.

Until a few years ago, our good citizens did not know anything about murder; about three years ago, Lee Middleton, one of our best men, while out attending to his business on his own farm, was shot down like a dog; his guilty murderer is at large. Tom Goldsmith, one Sunday evening was called to his front gate and shot down and the man who did it got only five years in the pen. Bud Snellen, who killed his wife, plead crazy and is now at Lakeland. Mrs. Ackers, who killed her husband, was cleared at the examining trial. Dallas Foster, a good citizen, who did not have an enemy that any one knew of, while going home, was shot down and today the man who fired the shot is at liberty.

The moonshiner who breaks the law gets 100 days in jail and \$300 while the murderers go free.

The Jury follows: E. L. Linderman; Arthur Smith; William Elligood; I. C. Highbough; R. C. Horine, E. C. Coakley, Hugh Samuels, Lee Elligood; John Pounds; Paul Brashear; Dewey Smith, Frank Stearman.

#### Thieves Break into Store

Thieves broke into Troutman Bros. store Monday night by opening the front door. Over \$1,000.00 worth of goods of all kinds, consisting of watches, fountain pens, suits of cloths, silk shirts, the very best brand of shoes, and over \$56 in cash; they also helped themselves to guns, pistols, etc. Last week, someone broke into Maraman's

Store and stole several dollars worth of goods, such as cigars and tobacco. Finger prints have been taken and everything will be done to try to catch them. We do not know whether it were a home crowd but they were someone who knew the lay of the store.

#### The Big Fair

The Bullitt County Fair this year will be a real Big County Fair. We have contracted for an old Time Georgia Plantation Show with several other good shows. Mr. Himelburger will be here with his fine Merry-Go-Round and many new attractions; all in all, we are trying to make this the best Fair ever held.

#### Special Notice to Tobacco Growers

Moody Tharp and Wm. Swearingen have just been appointed salesmen for Climax Tobacco Saver in Bullitt County. A chemical to be burned is put under your tobacco when cut and put in the barn to prevent house burning. No tobacco grower can afford to house a crop of tobacco without using Climax Tobacco Saver. It will cost \$1.00 per pound and 1 pound will cure 1 acre of tobacco. Better cured tobacco means better grades, which will mean hundreds of dollars saved for the tobacco growers of Bullitt County.

It is shocking to know that so many of our citizens, and citizens among the very best in Bullitt County, were

so viciously contradicted in their testimonies in the Peacock trial. These were citizens who had lived an honest, honorable and upright life. They were always known as law abiding citizens. It is a shame and a disgrace to Shepherdsville and Bullitt County that such a thing did occur, that our best citizens did testify and were not considered any more than a blank.

If good, truthful, honest upright people testify and are not considered, how can justice be done? It cannot. If Bullitt County does not take a turn, it will soon be as bad as where they are not civilized. It is almost at this point right now. There never was a time when repentance and trying to live right were needed more than they are today, but it might be to some as it was to "Esau" when he sold his "birthright". The Bible tells us: "For he found no place of repentance though he sought it carefully with tears." There will be in the future, a day of just recompense for everything good or bad. It pays to honor God and do everything in an honest, upright way. Our life is not very long in this world and we can leave a good record to follow as easily as a bad one.

K. S. Grant and wife were Sunday guests of Ambrose Ridgway and wife.

James Ridgway and Jess Ridgway spent Saturday with a sick uncle in Zoneton neighborhood.

Since the unprecedented activities of the two last Grand Juries, those who are sticklers for form will, upon meeting an acquaintance, use the following form of salutation: "Howdy, I do not want to be too inquisitive, but what are you indicted for?" About 82 indictments were returned. The jury remained in session just thirteen days, which made it unlucky for the fellows they indicted on the 13<sup>th</sup> day. Everything was investigated but the Chicago fire and the disappearance of Charlie Ross. If these sweeping investigations and this multiplicity of "True Bills" will clean up the county, then we should be grateful. If the last two Grand Juries indicted all who should have been indicted, after a full investigation, then they are entitled to much praise. They were sworn to do their whole duty, to play no favorites, and the presumption is that they did.

Mr. Wesley Gilpin

Mr. Wesley Gilpin, distantly related to Mr. Gilpin, the famous Linen Draper of London, is spending his vacation with Mr. Ephraim Quick. Mr. Gilpin is the genius who tried to "swear" Mr. Sam West out, but failed and swore himself in. Mr. West was on trial for possessing a moonshine still. Mr. Gilpin came in and solemnly asserverated, affirmed, swore, deposed and made oath and said that the still did not belong to Mr. West, but to himself. While the trial as progressing to its conclusion, the Grand Jury indicted Mr. Gilpin and he was placed on trial as soon as the West trial was over. He plead guilty. The Jury fined West \$250 and gave him forty days in jail, while the other jury fined Gilpin \$250 and gave him 120 days in jail. He remarked to some of the court attaches that it looked as if he had gotten himself into a "jam". As Hambone says, It do look dat way. We cannot see how Mr. Gilpin could have made such a mistake. The jury did not believe him; but "shot" it to him for prevaricating. The spectators did not believe him, and there was

no one in the court house who did believe him. His illustrious name will be found on the Register at the Hotel "DeQuick" for just about 370 days. He will likely help work some of our roads while his engagement with Bullitt County lasts.

Hard Rains

Last Monday evening, this community was visited by one of the hardest rains and hail storms ever seen here. Several tobacco crops were almost ruined by the hail. Many trees were blown down and considerable damage done to property. So far, we have heard of no lives being lost.

Longest Grand Jury

The present Grand Jury, which convened here August 14, was in session until August 29, which was the longest session ever held by any Grand Jury here. We have been informed that several indictments have been returned and the county well combed for all law breakers.

We believe that every good citizen would be glad to see the laws enforced and that they should all be treated alike, not prosecute the poor maker and bootlegger and let the ring leaders and the one at the head of the business go unpunished, treat all alike.

Peacock Acquitted

Jess Peacock, who was tried for murder of Dallas Foster, at the last term of the circuit court, was acquitted. The evidence against him, while purely circumstantial, was very strong; so strong, in fact, that his counsels were willing to enter a plea of guilty and take five years in the pen. Somebody killed Foster. No one disputes that fact. Who had any motive for killing him? He had but

one enemy in that section. It was for the jury to decide if Peacock killed him, and they decided that he did not. In two years, our county has been the scene of five horrible murders and in only one case – the Goldsmith case – were the murders punished. It just means that people who desire to murder may do so without much danger. Juries are too lenient. They get away from the main facts and are led by side issues. At present, public sentiment is directed against moonshining, and murder is not considered at all. Until there is a change, human blood will continue to flow; homes will be made desolate and our county disgraced.

Mr. Thomas Brown, of Browningtown, became obstreperous and belligerent in the Grand Jury room last Friday. He was escorted into the Circuit court room and introduced to Judge Richardson, who tried to impress him with the fact that he must answer the questions asked him by the Grand Jurors. He could not see it that way, and almost "sassed" the court. Whereupon and whereat, he was fined \$30 and placed in "UNCLE EPH'S" re-drying plant for thirty hours. However, by morning he had come in "case" and was once more taken into the Grand Jury room, where he answered all the questions propounded, with alacrity, haste and speed. That re-drying plant just behind the court house is not a thing of beauty, but it works on a fellow's constitution for no one likes to stay in it.

Remarkable Intelligence

In a mad dog outwits Deputy Monroe.

Frothing at the mouth, howling and running madly about, a dog terrorized the residents of north Shepherdsville last Sunday afternoon. When last seen, it was entering the driveway to the Bullitt County Dog Hospital, where it apparently vanished. Sheriff Monroe secured a search warrant and after making a diligent search of the hospital premises as well as those of Col. Arthur Ice, reported nothing found.

Tuesday morning, when making his regular rounds, Dr. Smith discovered the dog in a comfortable cage in the parasitic ward, where it had been overlooked by Mr. Monroe. He was given a vermifuge and found to be infested with three different species of worms (the dog, not the sheriff).

This dog is now in perfect health and expresses profound gratitude for its miraculous escape from the deadly aim of Franklin. It is a cross between an Airedale and a Red Bone hound and Col. Noah Jackson, the veteran varmint hunter, who viewed it, says that it is the best coon dawg prospect he has seen in many years.

Mrs. Troutman is a young woman of many charms of person and mind, and is an artist of no mean ability. She is a graduate nurse, having completed the course at Bellevue, where Dr. Troutman was stationed for two years as an interne. She has made many friends while in our midst by her quiet, likeable ways. Everybody knows "Butch", and everyone likes him. Since his early childhood, he has been a favorite here, and everyone

congratulates him upon winning such a splendid young woman for his life partner. Surely, if good wishes presage a happy married life, then Dr. and Mrs. Troutman need not fear for the future. Along with the wishes of practically everybody in this community, we add ours.

While gone, they spent a few days with Mr. and Mrs. Harry Kulmer at Newport, Ky. The wedding of Miss Melton and Mr. Henderson is the culmination of a long courtship which began when they were schoolmates at Shepherdsville High and which never abated. Miss Melton (Mrs. Henderson) was one of our best teachers. For years, she taught at Bardstown Junction, but the past year she taught at Fairdale in Jefferson County. She is a splendid young lady and has a host of friends. Everybody knows Ralph. For years he has been a popular young man around here. He has been one of our leading baseball and basketball players and withal one of our best

young men. At present, he holds a good position with the Bullitt County Bank. At present, Mr. and Mrs. Henderson will make their home with Mrs. Annie Henderson, in the E. A. Cochran residence on Second Street. We wish Mr. and Mrs. Henderson a long life of unalloyed happiness.

Kentucky Hogs Top Nashville  
Market

Three cars of hogs shipped by S. P. Smith, of Bullitt County, KY, sold on the Nashville market Wednesday at \$11.20 per hundred pounds, which was 10 cents over the extreme top of the day in Nashville and higher than any hogs have sold on the Chicago, St. Louis, Louisville or Nashville markets since 1922.

These hogs were strictly prime finished hogs, 209 tons out of 224 head shipped averaging 226 pounds, and were as good as any hogs that have been on the market in a long time.

Mr. Smith operates a 200 acres river bottom farm, his principal crops being corn and clover. He bought these hogs early in the year at 5-1/2 cents per pound, carried them until August on a light corn ration, then turned them on clover continuing a light corn ration and since the middle of May has full fed them on corn and while his corn cost 92 cents per bushel, he made a splendid profit

on his hogs. The quality and weight of these hogs indicated the value of intensive feeding.

The shipment was handled by a local commission firm, and bought by the Neuhoff Packing Company of Nashville.

The three cars of hogs netted Mr. Smith \$5,246.34, after paying freight and expense of marketing. The fact that these hogs were shipped from a point within 30 miles of Louisville indicate the fact that Nashville, as a hog market is maintaining a very strong position.

The above was taken from the Nashville Banner of August 1<sup>st</sup>. Mr. Smith, who raised this lot of hogs, is one of Bullitt County's best farmers as well as one of our best citizens.

We believe that S. P. Smith would make just as good a county judge as he is a farmer and we are for him against the world.

Big Road Working

On Friday, August 1<sup>st</sup>, a large crowd of willing workers assembled about the residence of Mrs. Sallie Duncan, near Belmont, for the purpose of doing some free work on the county road between Belmont and Bardstown Junction. They seemed to be there from almost all sections. Large numbers were on hand from Lebanon Junction, Belmont, Bardstown Junction, Chapeze and Shepherdsville and from the country around those towns. There were about seventy-five teams and trucks and some two hundred men who worked and almost as many ladies who were on hand to furnish food for the workers. Everybody worked. Farmers, doctors, lawyers, insurance agents, merchants, everybody. And there was no foolishness about it; everybody worked. 650 loads of

material were placed on the road. It consisted of slag and gravel and it will cost the count about \$65.00. The GOOD WOMEN of Bullitt than whom there are no better this side of the Pearly Gates, were there with all the good food that was needed and more. There are no better cooks in the world than these same ladies and on this occasion they did themselves proud. It was an inspiring sight. There were no selfishness in this monster road working. It was done for the public good. The good people of Lebanon Junction had previously worked on the road between Belmont and Lebanon Junction and it will take just about two days more to finish the job to the south end of the Salt River Bridge. It will be done, too; do not fret about that. Who deserves the credit? Everybody, including several colored men who were on hand and worked like real soldiers. It was the beginning of what promises to be a wide spread campaign of road workings in Bullitt County. "Why stay in the mud?" is the big question asked on all sides and there is no reason why we should and a little good work will put us out.

Unless they misinformed the writer, they enjoyed a most pleasant afternoon and evening. Come again, Willie Frank.

On Sunday afternoon last, who should come into town but Bernie Dawson, with his voice preserved in powdered sugar and his words reeking with pure honey. Like Willie Frank, it did not take him long to find a pretty girl to take out motoring, and a great deal of the afternoon was whiled away in that sweet way which is unknown to all save young lovers.

Mr. Gustavus Adolphus Von Swearingen, the elongated insurance agent, was burning up some gasoline his own self. And those who are foolish enough to even faintly imagine that he was alone certainly have another guess coming for be it known here and now that Gus can parade 'em when he tries, and we want to tell the world that he is always trying. When the sultry Summer sun has sunk behind the purple hills, and the busy bee deserts

the rose and hurries homeward, when twilight falls about us, and the music of song birds has been silenced for the day, it is then that Gus leaps lightly into his car and fares forth into the dusk of the dying day, to seek his fair immortals.

School News

Mrs. Gladys Stackhouse, principal of the Nichols School, was in town Saturday and reports a nice attendance at the school at her place. A large truck and a large covered wagon haul children daily to this school from Corinth and Weaver's Run and last year the average annual attendance in this school was larger than the combined attendance of all the rural schools from the L & NRR west to the Ohio River, omitting the large schools at Shepherdsville and Brooks. This certainly is an example of rural school consolidation which is bound to come as the various families on our farms grow smaller and smaller.

The good people at Sunny Side and at Mt. Olive should come to this school of their own free will, for here is a chance to give a city graded school with a small county tax rate and at present, Mt. Olive has no teacher at all. Truck drivers are more

plentiful than good, high grade, well trained teachers.

The County School Board met Saturday and in addition to the regular business, made some transfers and appointments in the teaching force to begin this week as follows:

Nichols - Bertha Trunnell (Asst)  
Sharp - Beatrice Moore  
Brooks - Jennie Carpenter  
Zoneton - Prof. Brown  
Edgewood - Ethel Farris  
Whitefield - Lula Farris  
Pleasant Hill - Mildred Hagan  
Cedar Grove - Rossellee McKinney  
Cane Run - Mary Stallings

Mrs. Bridwell, widow of the late Taylor Bridwell, and one of the county's brightest ladies, has been the recent guest of her son here, Prof. Chas. G. Bridwell.

The following salary schedule has been approved by the State School Department for Bullitt County for the present school year:

To teachers holding provisional license - \$50.00  
To all other elementary teachers - \$70.00  
To all high school teachers - \$90.00  
For each year of high school - \$1.00  
For each year of college work, - \$4.00  
For attending a 1924 summer school - \$1.00

For experience, per year - \$1.00

Another Road Working

The people will turn out on Wednesday, August 13 and endeavor to finish the road between Bardstown Junction and Shepherdsville. All the stores and business houses in Shepherdsville will close except the post office, telephone exchange and jail. Every one who can work will go out from

this town and all the country between here and Belmont. The people have made up their minds to finish the road working between this place and Belmont. There is a little work yet to be done between Belmont and Bardstown Junction and much to be done between Bardstown Junction and Salt River bridge. The ladies will furnish lunch as usual. The men have bought sheep and will have barbecued mutton for the occasion, but the good women are hereby requested to bring on their dinner just the same. The tables will be set up in the Wells Grove, near the home of Mrs. Harry Wells, about one mile north of Bardstown Junction. Everybody is earnestly requested to come help work this road. Listen! At the last working, 650 loads of material were put on the road at a cost of \$65.00 to the county. We can do this well next week if the men and teams will only come out, and it will not only help the road, but save county funds. Figure on 650 loads of gravel and slag at \$1.50 per load and you have \$972.00 and that is a fair value to place upon the material which was put on the road August 1. Take ten cents a load off - \$65.00, and you have \$910.00 left and if we can do that well next week, we will have saved the county \$1830.00, besides making the worst road between Fort Pierce, Florida and the North Pole fit for travel. Be sure and come, bring your team and your pick and shovel and your appetite and willingness to work and let us have a good, friendly day together.

Pleasant Grove

Miss Ruth Owen entertained several young friends recently.

Ollie Hardin was thrown by a mule last week and was found to be

seriously hurt about the head, neck and shoulders. A neighbor heard him calling and went to his aid. More neighbors soon came and he was taken to Norton's Hospital, where he underwent an operation. His neck was out of place and one bone broken. When last heard from, he was doing as well as could be expected.

Misses Henrietta and Eunice Montgomery recently entertained the following guests: Misses Annie Stallings, Viola Cox, Edna Hurst and Gladys Alcorn and Messrs Eddie Newton, Ellis Stallings, Floyd and Raymond Stallings, Thaddeus Owen, Lowell Lloyd, Charlie Maddox, Raymond Hardin and Franklin Foster.

Misses Genevieve Stallings and Ruthie Owen spent Saturday night and Sunday in Shepherdsville as the guest of Mrs. Roy Stallings.

Little Misses Dorothy and Mildred Hall were recent guests of Mrs. Montgomery.

Mrs. Nettie Cassell spent an afternoon last week with Mrs. T. H. Wise.

Mrs. Georgie Gentry and daughter, Miss Ina Fern, were guests Friday of Mrs. Dorsey Hall.

Several machines motored to Frankfort Thursday. Robert Bridwell, W. S. Gentry, Albert Armstrong, J. W. Lloyd, J. Bridwell, Mike Brumley and T. H. Wise all took their machines and every one was full, some carrying as many as six passengers, about 38 in all. We first visited the Capitol and there we viewed the statues of Lincoln and Goebel. From there, went to the Legislative hall and viewed the reception room, where we walked on carpets which cost eighteen hundred

**The Pioneer News, 1924 J. W. Barrall, Editor**  
**Transcribed from Microfilm by Edith Blissett in the year 2005**

dollars. We also visited other rooms in the Capitol. Everything was grand. We spread our dinner in front of the Capitol; we were given a big bucket of ice water, which we all enjoyed. A group picture was taken of our party. After this, we visited the State Penitentiary. This is a place which is not inviting, but every boy and girl and grown up should visit it and see what an awful place it is. I think this would be a lesson to the ones who are inclined to do bad deeds. They must all work. Some were making shirts and many other things, and they worked, too. We were told that there were over fourteen hundred convicts, most of whom were white and not over 25 or 30. Most of them raised their eyes as we passed by, but some few did not. We saw the dark cells where the convicts were locked up at night; each cell had the name of some criminal on it.

Mrs. Elbert Bass spent last week in the city having one eye treated.

R. F. Owen and wife were after church guests Sunday of Oscar Owen and wife of Bethel.

Lewis Stallings and family were after supper guests of Robert Bridwell and family last week.

Little Misses Birdie and Elizabeth Bass and Master Earl Bass spent last week with their grandmother, Mrs. John Stallings, of Bethel.

Lyman Hall, wife and children were Sunday guests of Mrs. Kate Hall.

Sam Cassell and wife, from the city, spent the week with Mrs. Nettie Cassell.

K. S. Grant and wife entertained several guests Saturday with ice cream.

Victory, Ky

There will be box supper at Victory Saturday night, August 9, each and everyone is invited.

Mrs. Kate Greenwell spent one afternoon last week with Mrs. O. P. Basham.

Born to the wife of J. V. Jones, a fine boy, August 1.

Mrs. Edgar Porter and two sons, of Central City, are visiting Mrs. J. V. Jones and her parents, Mr. and Mrs. J. A. Roby.

Miss Thelma and Zelma Carter and Henry Basham spent a few days last week with Mr. and Mrs. O. P. Basham.

Tom Adams, wife and daughter, Mr. and Mrs. Paul B. Roby and son and Mr. and Mrs. Tom Close spent Sunday afternoon with Mr. and Mrs. J. V. Jones.

Mr. and Mrs. I. L. Jones spent Sunday with her sister, Mrs. Will Magruder and family.

School News

Mr. S. G. Thornsberry, a former member of the County School Board, has just been offered a position as cashier of the Bank of Okolona, Ky. Mr. Thornsberry, who lives near Zoneton, is one of the best known men in the county and if he decides to enter the banking business, will in our judgment, make a most excellent conscientious official.

Miss Mary Dawson, after having served this county very efficiently for several years as a teacher, has accepted a clerical position with the firm of Horton & Co., successor to G. S. Patterson and others.

Misses Beatrice Moore, Mildred Hagan, Louise Stallings, Kathryn Nusz, Mary Jane Garr, Iva Elliott, Bessie Elliott, Mattie E. Magruder, Carolyn Hackney and others returned home last week after having attended school the past session at Bowling Green, Ky.

Announcements have just been made of the recent marriage of Miss Fannie Belle Melton to Mr. Ralph Henderson and Miss Lillian Thompson to Mr. Gus Swearingen. The grooms are both fine young men while the brides are two of the finest school teachers Bullitt County has ever had.

Mr. Emerson Welch, a former member of the County School Board, has moved his family to Bardstown, where they will make their home.

Mr. Lynton Weller, teacher at Victory school, had an ice cream supper and an entertainment at his school on the evening of August 9<sup>th</sup>, which was quite a success in every way. The gross receipts were something like \$75.00 which will be used to improve school conditions in this splendid little community.

Mrs. Ida Mae Wise, teacher at Pitts Point, gave her patrons and pupils an evening's entertainment at the old college building at that place last week. We have been unable to get the facts, but are safe in saying that it was a success in every way, for Mrs. Wise is one of our best teachers and never does thing by halves.

Prof. W. B. Gwynn, former Principal of the old Pitts Point College, and one of the best loved men that ever lived in Bullitt County, will deliver a special sermon at the Baptist Church here next Sunday, August 17<sup>th</sup>, the occasion being the ordination of two deacons, one of whom was a pupil of Prof. Gwynn's for over 5 years.

#### Birthday Dinner

Realizing that he never would celebrate his 67<sup>th</sup> birthday but once, Col. Elvin Beghtol, of Paulley's Gap, decided that he would do the thing up right so he invited all would to come on Sunday, August 10<sup>th</sup> and partake of his hospitality. Two hogs and two sheep were slaughtered for the occasion, and there was an abundance of roast pig and barbecued sheep for the more than 180 guests who were there for dinner. His two daughters were present, one of them having come from Denver, Colorado. He received many nice presents. A pleasant day was spent by all who were fortunate to be present and in departing, his guests bade Mr. Beghtol adieu, with the wish that he might live to celebrate his 167<sup>th</sup> anniversary.

#### Thompson - Swearingen

Last Friday, Mr. Gus Swearingen, one of our most popular young men, went to the county clerk's office, and finally persuaded "Junebug" to issue a marriage license and taking this license and Miss Lillian Thompson, he went to Louisville and was married. The happy couple then proceeded over to French Lick, where they spent their honeymoon and on Monday they were back in Shepherdsville, ready for housekeeping. They have been sweethearts for many years, and those who were in a position to

know contended that was just a question of time. Having previously rented and fitted up a part of Mrs. Welch's home, they were ready to begin keeping house as soon as they reached town. Miss Thompson (Mrs. Swearingen, if you please) is one of Shepherdsville's prettiest and best young girls. She was born here and has spent all her life here and everybody is her friend. As for your friend, Gus, there is no use in using up much paper to tell about him. He is one of the best and cleverest fellows in the world. With Gabe Bealmear, he is in the insurance business, and is making good. In their cruise on the sea of matrimony, we wish them all sorts of happiness and success. They deserve it. The bride is the daughter of Mr. and Mrs. E. H. Thompson and has a host of relatives in Bullitt County. Gus hails from Leaches and is related to some of the best people in our county.

#### No paper next week

We will not publish a paper next week as everybody will want to go to the fair and meet all their friends, etc.

#### The Auditorium

Work on the large auditorium, which is being erected near the High School building, is progressing nicely, and will be finished by the time the boys and girls finish their vacations and face Prof. Jack and his teachers on Monday, September 1<sup>st</sup>. It will be a splendid building, large and airy. It will have a seating capacity of about 1,000 which will be two and half times as large as any other hall or auditorium in Bullitt County. The roof is of fire proof material; the ceiling will be ceiled with nice pine. The floor will be doubled. The outside walls will be stucco on wire lathing. The

**The Pioneer News, 1924 J. W. Barrall, Editor**  
**Transcribed from Microfilm by Edith Blissett in the year 2005**

foundation is of concrete. It will be a splendid building and one of which Bullitt County may well feel proud. Next year, the closing exercises of the High School will be held there, and parents and other relatives of the graduates, and friends as well, will be able to obtain seats which has not been the case heretofore. It is purposed to hold all big meetings in the Auditorium. Messes Jenkins and Essex, of Elizabethtown, who are building the Auditorium, are enterprising and reliable contractors, who have built up a fine business by their good work and great energy. They built the Bullitt County Bank building, the John Boes store building, and in addition to the Auditorium, are building a nice residence for Gabe Bealmear.

**Farmers Union Meeting**

Saturday, August 9, 1924 at 2 p.m., the meeting was called to order by Vice President, J. R. Cornell. Officers were elected for the coming year; President J. R. Cornell; Vice president, Wm. His faculty is a new one out and out, but we know it is a good one, for it was selected by Jack Sanders, and he never has failed to surround himself with fine teachers. He knows how to pick 'em. Our school will be bigger and better than ever. There will be thirty-five graduates next May, just twice as many as graduated last May. Our school is our biggest asset and best industry. It manufactures educations and characters. With the exception of the church, it is our most indispensable institution.

Bullitt Circuit Court

July term, 1924. Hon. Basil Richardson, Circuit Court Judge:

My dear sir:

The Grand Jury desires to report that they have been in session 12 days

and during said time have made diligent inquiry into all violations of the law of which they had knowledge, or to which any complaints have been made.

That they have examined about 200 witnesses and have in every instance found True Bills, when in their opinion the testimony of witnesses unexplained would support a conviction.

We wish to further report that the testimony of witnesses leads us to believe that there are at this time a large number of illicit moonshine stills in this county and a large number in actual operation; we have found it almost impossible to obtain sufficient proof to identify the owners or the persons manufacturing liquor.

We are, after careful investigation, of the opinion that moonshiners have an agreement with each other to cover up such violations of the law, and are so well organized that they succeed in a measure in obstructing public justice. We have, however, succeeded in finding 46 True Bills for the violation of the Rash-Gullian Prohibition Act.

There are, though, quite a number of complaints from all parts of the county of stills being operated for which we are unable to find indictments, and we desire to refer these complaints to the next Grand Jury.

We wish further to report that the county officials and officers of this court have rendered us great aid in our investigations, and we desire to thank them for same, and thanking your Honor for the detailed and forceful instructions to us, and your constant assistance, we now desire to adjourn.

Mrs. Snellen, who lives on the Editor's farm on the hills above Brooks, had an exciting adventure last week. For some time, she had been missing eggs, but she was unable to catch the thief. Finally, she placed a big white door knob in the nest. Hearing an awful racket in her henhouse, she hurried out to see what the trouble was, and found that a monster cow snake had swallowed the door knob and was fastened in a crack in the boards of which the nest was made. Her husband was called and dispatched the reptile, which was about six feet in length. Since killing the snake, no eggs have been missed.

Wingfoot Franklin Monroe  
Captures Kussed Kontraption at  
Knob Kreek, Kentucky

Last Monday a week ago, while Deputy Sheriff Monroe was slowly convalescing from the shock received in his recent encounter with a mad dog and the nerve strain due to keeping the late grand jury supplied with witnesses, he received a tip that an institution was in operation in Rattle Snake Hollow and also in violation of the Eighteenth Amendment, the Volstead Act and various acts the enforcement of which depended upon the nomination of one J. Junior Howe.

It was in this hollow that Mr. Monroe, in early boyhood, had a experience that left him with a settle aversion to all creeping things, and which is responsible for the fact that even the sight of a worm (fishing) will almost throw him into convulsions.

It was a case of "hate to" and "duty" and duty won. Overcoming his revulsion to snakes and worms, Franklin summoned a posse composed of Capt. John Burris, a veteran who had seen service under both Pershing and ex-sheriff Croan, and who has extensive experience in moonshine raids and things both in this and adjoining counties, and proceeded to a point near the mouth of Knob Creek, where he and Burris surrounded and captured the largest and most complete outfit ever found outside of the metropolis. The still, which was of several hundred gallon capacity, was located close to the

Jefferson line and was being tended by a Mr. Smith, of Jeffers on County.

Many thousand gallons of corn sugar mash were poured out and a quantity of liquid seized. After making a test of the liquid, Mr. Monroe made an additional charge of "obtaining money under false pretenses" against the operator.

Mr. Monroe says this was one of the most completely hidden stills he ever raided and that the condition of the buildings showed that it had been in operation for a long time. Over the entrance was the slogan "Keep Kool with Koolidge".

Words of praise for the Bullitt County fair (not transcribed)

The special county examination for teachers was held here last week with the following teachers and students in attendance: Mary Ping, Iva Elliott, Lula Belle Monroe, Frances McAllister, Nora Fultz, Beatrice Moore and Elizabeth Gardner.

Miss Mary Jane Garr, of this county, who was a member of 1924 class of the local high school, has accepted a school in Hardin County, near Elizabethtown.

Prof. Murray, of Bowling Green, has just been elected as principal of the school at Lebanon Junction. We have been unable to get the list of teachers from that school, but hear that the following teachers will be part of the 1924 faculty; Mary B. Hill, Ruth Murray, Ada Monroe and Mrs. Cherry.

Prof. W. C. Roberts, of West Point, has been appointed teacher for the Zoneton school and will take charge about September 1<sup>st</sup>.

Rev. Coakley, of Mt. Washington, and Prof. Gwynn of Crestwood, assisted a local church here recently

in ordaining two deacons. Rev. Coakley, in presenting the charge, made a most excellent speech, while Prof. Gwynn, who says he is 68 years young, made one of his splendid talks that always makes folks listen.

Mr. J. A. Ash, who is teaching this year at Samuels, Ky, spent last week here attending the Fair where he served daily at Ring Master. Johnson is a first class young teacher and we are glad he is making good in our sister county, Nelson.

Mrs. Katie Barbee Hays, of Salt River, one of the county's most intelligent women, has given up her home because of ill health and has decided to spend the winter with her daughter, Mrs. Robert Simmons. Mrs. Hays has been practically an invalid and has walked but little in the past few years, but aside from that, her general health is good and few women south of "The Mason and Dixie Line" are brighter or better informed than Mrs. Hays.

Prof. J. H. Sanders, who has been traveling all summer for a large educational concern in Cincinnati, spent this week in the following counties: Barren, Cumberland, Metcalf, Marion and Warren, returning here Friday night, when after two days rest, he will open his big school Labor Day with something like 350 pupils from this and adjoining counties.

Mrs. Willie Quick will give a box social at her school at Bullitts Lick on the evening of August 30, 1924. The public is invited to attend and help a worthy teacher and a good cause.

We regret to learn of the very sudden death of Mr. J. L. Laswell, prominent merchant and trustee at

Belmont. Mr. Laswell was a popular, well liked man and always interested in better schools and roads. Just a few weeks ago, he had closed his store for two days and helped repair the pike from his town to Shepherdsville.

#### Road Woking at Bullitts Lick

Considerable work (volunteer) has been done in the Bullitts Lick's section. Judge Shelton has sent several prisoners down to help. Squire Rayman and Ott Sadler are the leaders in the movement, but nearly everybody down that way has rendered much assistance. The Pearl brothers, Pat Troutman, Elligoods, Stillwells, Fred Quick and many other have sent their teams out or gone in person and sometimes have done both. The road fever is high all over the county, and it means better roads.

#### Picnic

The Modern Woodmen will have their annual picnic Saturday, September 6<sup>th</sup>, at Ferguson's Grove on Knob Creek, 1 mile east from Stite's Station, L H & St. RR. Good Brass Band will furnish music, nice clean refreshments and a good dinner.

Barbecued meats will be served. Prizes, and all kinds of amusements. No dancing. Come, everybody, especially the old folks and meet your friends. Cupio Camp No. 12288 M.W. Edw. Applegate, J. M. Corum, J. E. Muss, Committee.

#### Bullitt County Fair

The Bullitt County Fair was held last week and was unusually successful, everything considered. The crowds compared favorably with those of last year and the year before, while the fancy work and agricultural exhibits were up to the usual high standard.

The illness of Mr. Thompson, of New Haven, almost caused a shortage in the horse department, but "Buck" Dawson got busy and Messrs A. B. Ransdell and S. N. Chambers, of Harrodsburg, KY came down with their fine string and the display of horse flesh was good after all. In the speed ring, Hardy Cruise with Bruno Munson, swept the platter as usual and this does not mean that there were no good horses out there, for there were, but old Bruno was just a little better than the best of those sent against him.

Miller's Orchestra, of Louisville, furnished the music. Syncopated music is all the go how, and it makes one curious to know if the music is all that is syncopated, or whether syncopated music brings about syncopation in musical taste.

As usual, the point of interest to the young was up on the promenade in the upper reaches of the capacious grandstand. Up there, the din and roar which prevailed about the merry-go-round and the tents in which side shows were held were forgotten or disregarded and sometimes, arm in arm, and sometimes inches about, the girls and boys marched up and down crowded promenades together.

Many of who were at the fair last year were gone this year - gone to eternal rest beyond the river. And in the nature of human affairs, many

who were here this year, will be gone next year.

The fair is a great asset socially, agriculturally and horticulturally. It means much to all who will be profited by it. It has done splendid work in improving the stock of all kinds in Bullitt County. It has brought about improvement along all lines. With the building of the Preston Street Pike, and it's maintenance by the state, we believe our fair will continue to improve, with increased numbers of Louisville people coming out by automobiles.

#### Notice to Contractors

#### Base Ball

At Griffin's Park last Sunday, the team from Lenore (not Poe's "Lost Lenore"), ballywhacked, slugged, thumped, slammed, belted, busted, beat and otherwise trimmed and trounced our boys to the tune of 20 to 9. It was one of the sluggiest

**The Pioneer News, 1924 J. W. Barrall, Editor**  
**Transcribed from Microfilm by Edith Blissett in the year 2005**

games we have failed to enjoy for some time. Errors on the part of "our" boys were as thick as fleas on a hound pup, and it seemed to us that all the boys were stars when it came to errors. We are not going to tell just all we think of the game as we have stopped "cussing" but we shall go far enough to remark that it was all that we did not want. Mr. Fitzner, an aspiring young Rube Waddell from the densely settled sections of Louisville, was on the mound for Shepherdsville and the boys from Lenore certainly gave him what Patty gave the drum - "a devil of a beating". They simply knocked the cover off the ball. Mr. Fitzner had a straight curve which failed to crook any, and his fast ball was as slow as Charlie Atcher in a marrying contest. Our boys lacked team work and were off on fielding, batting and base running. In all other departments, they were very good. As baseball players, some of them are fine at basketball. Elmer Bean did the twirling for Lenore and his assortment of twisters and benders kept our boys from getting to first base most of the time. Behind him, the infielders and outer gardeners did good work. Johnson Ash, of Leaches, one of our high school graduates, was the heavy hitter for the Lenore team. He crashed three mighty drives to left center which were good for three cushions in each instance, and besides, he caught a good game and kept our boys from purloining second by his good right arm. The game would have been more enjoyable to us if we had stayed at home. Mr. Harry Mimic, the tailor, umpired the game. He was fine. No better umpiring has been seen here. If our boys will put in some time in practice, they can play good ball, but no team can be

expected to play a good game without lots of practice.

**Hog Cholera Warning**

**Mr. Wes Gilpin**

Mr. Wesley Gilpin, the polished swearer who was polished off in the circuit court at it's last term and who had been spending much of his time on the inside of the Bullitt County Jail, was sent out to work on the county road last week under guard. While the guard was busy for a moment, Mr. Gilpin got his feet into action and so rapidly did they work and so long was his wind, that he made his escape. Good luck go with him, and may he forever stay out of Bullitt, as his leaving is good riddance of very badrubbish. We are lucky to have lost him.

**Big Road Working**

On Wednesday, August 13<sup>th</sup>, about two hundred men and boys with about one hundred teams, turned out on the road between Shepherdsville and Belmont, and put in a fine day of work. Hundreds of loads of gravel, stone and slag were hauled on the road and much good was done. Etc, etc.

**Preston Street Pike Contract Let**

Last week, Mr. Eady, of Louisville, secured the contract to reconstruct the Preston Street Pike from the Jefferson County line to the north limits of Shepherdsville, at something over \$82,000. Work will begin at once, and Eady hopes to have all the coarse rock placed on the road by December, so it may be finished early in the spring. He wants to finish it at the earliest

possible moment. This is very gratifying news to our people, as it means a good road to Louisville all the time, and the building of the southern end of the road to the Hardin County line next year. Now that a permanent highway is assured us, watch us grow. It was the one thing which we needed above all others.

School News

The Rotary Club of Louisville, composed largely of the best businessmen of that town, are making an extensive effort this year to get boys and youngmen to at least finish high school. As far as we can learn, we estimate between 75 and 100 Bullitt County boys enrolled in some high school this week.

Prof. Chas. Hardesty left last week to take charge of his school near Winchester, where he has been principal the past two years.

Misses Elizabeth Weller and Margaret Combs have been elected as teachers in the graded school at Bradfordsville, Ky. Miss Combs will have charge of the 8<sup>th</sup> grade, while Miss Weller has the Latin classes in the high school department. Both are fine young ladies and splendid teachers.

Mr. and Mrs. Chas. Daniels have returned to their home in Florida after an extended visit with relatives in this county.

Prof. Fallen Campbell, former Supt. of the schools of Breathitt County spent Wednesday here in the interest of the Eastern State Normal School.

Mr. and Mrs. Jess Buky left last week for their home at Fort Pierce, after spending a few weeks with their many friends and relatives in this county.

Miss Louise Shelton gave an ice cream supper at her school at Beech Grove Saturday evening. Miss Shelton will use the proceeds to purchase books for a few poor families in her district who are not able to buy them. We congratulate this little resourceful teacher on her efforts and we most heartily endorse the plan.

**The New Teachers**

Well, folks, the new teachers have come. They have been seen, they have conquered. The most casual observer would have to pronounce them au fait, and closer scrutiny would merely amount to absolute confirmation. Not in looks alone do they pass muster. They are right there when it comes to possessing knowledge and the ability to impart that knowledge to their pupils. A splendid faculty is the consensus of public opinion. As usual, Floyd Weller and Thomas Hackney were on hand to assist in welcoming the young ladies to our town, and if past performances count, they will come in every Saturday and Sunday to amplify the welcome. There were other gallants on hand to make the welcome just as impressive as possible and from time to time, the young ladies will be re-informed and re-re-informed and re-re-re-re-informed again and again that they are doubly and trebly welcome and welcomed to and in our town. It would be unfair in this article to pick out and name the strong character or characters in the faculty. In fact, it is entirely too early for that, but it seems to us from our viewpoint, that Prof. Sanders has brought to his good school a strong cabinet. Many of the young ladies are pretty, and some of them are fine musicians, and highly talented in many other ways. Certain it is our school has started under most favorable auspices. The attendance was greater than ever. There were about 130 pupils in High School, and an increased attendance in the grades. We believe our faculty is as sound as a gold dollar, thoroughly efficient and anxious to teach the boys and girls all they are able to learn. Our best wishes are with Prof. Jack

Sanders and his fine corps of teacher, and we have no doubt that the present session will be our best.

**Gasoline Tax Increase**

The taxes collected were on a rate of 1 cent a gallon up to June 17, and 3 cents a gallon thereafter.

**Money to Lend on Farms**

As agents for "The Land Bank" which is financed by the United States Government, we are now in a position to get loans for farmers at 5-1/2 per cent for long terms in amounts from \$500.00 to \$25,000.00

Only those who have reasonably good farms of 50 acres or more need to apply.

The plan is attractive, with 5 to 34 years, while the expense is very reasonable.

More than a quarter million dollars have already been loaned to Bullitt County farmers. Write for booklet. C. A. Masden, President; Ora L. Roby, Secretary; T. C. Carroll, Treasurer.

**Sale**

Wednesday, September 24, 1924. As executors of J. C. Holsclaw, deceased, we will sell at his late residence, on Mountain Top, on the Shepherdsville and Pitts Point Road, seven miles south of Shepherdsville, Ky, the following personal property: Four mules, one black mare, 13

Balance of land in timber.

This farm is the highest point in Bullitt County, overlooking Salt River, and would make an ideal location for club house or summer resort. One of the prettiest places in this part of the State.

This farm will be offered first in two tracts, and then as a whole. The Greenwell tract of about 200 acres, on which are two tenant houses, and a new barn, will be offered first; and then the Beard tract of about 300 acres, with dwelling and other buildings will be sold. First on the program was Sunday School followed by an address by Rev. E. S. Boswell, Supt. and Agent of the Methodist Orphans Home in Louisville. He was accompanied by his wife and daughter, little Miss Virginia Boswell, also three girls from the home, Misses Frances Godby, Evelyn Gaul and Gladys Tyler.

**Rebecca Summers**

Miss Rebecca Summers, second daughter of Mr. and Mrs. Wilson Summers of Brooks, departed this life at St. Anthony's Hospital in Louisville on Friday morning, September 12<sup>th</sup>, 1924 after an illness which lasted by a few days. The immediate cause of her death of peritonitis, superinduced by grave intestinal troubles. She was brought to the home of her parents Friday afternoon and there in the dear of Louisville home where her spotless and useful life had been spent, in a

beautiful casket moistened by the tears of her loved ones, and covered with beautiful, fragrant flowers, in a room which floral tributes from loved ones had transformed into a wilderness of roses, her mortal remains, silent and cold, but beautiful and majestic even in death, rested until the sweetness and calm of the Holy Sabbath, when they were laid to rest in Hebron Cemetery, after beautiful services at the home conducted by her pastor, Rev. Wuthrick. The service at the home was listened to by a large concourse of sorrowing relatives and friends who had come to pay a last tribute of respect and love to one whom all loved, and to offer their condolences to the parents and sisters and brother in their great sorrow. The floral tributes were numerous and beautiful. Of the life and character of our departed friend, much, very much, could be said in praise. She lived for others. She loved her home, and it was there, away from the eyes of the world, that she was known, loved and appreciated. Her spotless life, her pure heart, her love of God, her self abnegation, her generosity and broad Christian charity - these are some of the noble characteristics which endeared her to all who knew her. Left to mourn her irreparable loss are her parents: Mr. and Mrs. Wilson Summers; two sister, Mrs. Hunter Vaughn of Montgomery, Ala. and Mrs. Archie Priest, of Vadersburgh, Indiana, and one brother, Wilson Summers Jr of Louisville. Those who have been in the Summers home and seen the genuine affection between parents and children can realize the grief which came with the death of this splendid girl, who was the dependence of her aged mother and father as they journey on toward the sunset of life. There is a vacant chair

in the home which shall always remain vacant and a sweet voice, stilled and silenced by death, will be heard no more until her loved ones join her in that land beyond Death's River.

#### Moved to Louisville

Mr. G. S. Patterson and family went to Louisville this week to make that city their future home. Our people were sorry to see them go. During the time Mr. Patterson has lived here, he has erected about thirty houses, some of them storehouses. He has erected more houses than any other man who ever lived in our town. He has been a real asset instead of a liability. If other men of money who live here and who have lived here, had possessed the vision and grit of Selby Patterson, our town would now be four times its present size. Next to Mr. Patterson, J. W. Croan, C. L. Croan and W. N. Griffin have been our best builders. You cannot have a town without some houses and Mr. Patterson loved to build houses. His air castles were all made of brick and lumber and are here today. We shall miss Mr. Patterson and miss him greatly. He had his faults, but for every fault, he had ten virtues. And our people will miss Mrs. Patterson very much. Her entire life has been spent in this county and it has been a well spent life. In the home and in the church, she will be missed. And where and when shall we find another "Lena Pat?" Reared here and graduated from our high school, she was one of our brightest, most sociable girls and one of our very best girls. She is a college girl now, but none of her sociability has been lost or rubbed off. Let us repeat: We shall miss the Pattersons.

#### Another New Building in Shepherdsville

Among the many new buildings now going up in Shepherdsville is a new brick building by the Kerr Drug Company on Main Street opposite the Bullitt County Bank. This building will have a frontage of more than 40 feet and will be occupied about Jan. 1<sup>st</sup> by the Drugstore and Dr. Kerr's office.

Mr. Oscar W. Pearl, who has bought an interest in the store, states that the drugstore will be furnished with all new fixtures, and a fountain, and as up-to-date, when complete, as the average Louisville drugstore. That they plan to strictly confine their stock to goods ordinarily handled in such store, but as sanitarily handled as possible. The plan of cash, cut-rate will continue as it has been the policy of this store heretofore.

The four rooms occupied by Dr. Kerr will be furnished up-to-date also, and equipped with a number of modern electric treatment outfits. The Doctor will devote himself almost entirely to his practice and the management of the store will be with Mr. Pearl and Mrs. Kerr. Miss Zollie Swearingen will remain with them.

Recently four Italians from Louisville, who claimed to be druggists, tried to purchase the drugstore here, but all their offers were declined because they were not deemed desirable citizens. They announced to several persons on the streets that they had come to buy it, and became angry when Dr. Kerr refused their price.

#### Baptist Church

Rev. L. L. Burkhalter, who is conducting a revival at Victory, will fill his pulpit here on Sunday morning. Rev. Hilary Burns, pastor at Victory, will preach here Sunday night.

#### Road Working

It seems that the citizens in all parts of the county are interested in good roads. Both the farmers and the town people have been working them.

The most important road just now is the one to Louisville. The Preston Street Pike will be closed in a few days and will be tied up for nearly a year. The only way we have to get out is by way of Hubers Station. Most of the road has a good bed and if the people and the county will go to work together, in a short while the county will have a good road and then the public will have a good way out this winter.

#### Sale

Saturday, September 27. I will sell at my residence, known as the home of the late Wm. Griffin, North of Shepherdsville, near High School, my household and kitchen furniture (list). Mrs. Gabe Bealmear.

A neighbor ran over to see if we had any camphor. We had not thought of camphor for years, but it set us to wondering what had become of all the camphor bottles, ornate and otherwise, that formerly occupied the place of honor on the mantle along side the clock and so often consulted. Our own special one was square with a hand painted scene of a brook, moon, etc and a rich red ribbon tied around the neck, or ground glass stopper, and we went to it when we felt weak, tired or nauseated, had headache, a bee sting, stiff joints, in fact, camphor was a panacea for all ills, or so we thought – well, we can't recall the fate of the bottle, we haven't missed it for years. We gave the neighbor a little box of mentholatum which she afterward told us cured the ill, "sic transit gloria" camphor bottle.

The congregation of Little Flock were given a sad shock Sunday morning when their pastor, Rev. W. C. Harrison, announced his plan to

leave for New York the 23<sup>rd</sup>, expecting to sail the 27<sup>th</sup> for Rio De Janeiro, Brazil. He had told the church when assuming charge that he belonged to the Student Volunteer Band and was subject to call or assignment at any time. We regret to see him go but ask God to bless his labors in the Baptist College there. The church at Shelbyville, Ky, his home county, are defraying his expenses.

We see in the Indiana news the death of Dr. M. V. McKinney, aged 84. Wonder how many remember when the Dr. and his interesting family were here, and had a drug store where the colored church now stands.

We attended the annual convention or reunion of the Jeffersonian staff, and it goes without saying, we enjoyed it. Mr. J. C. Alcock, former editor, is now editor of the Danville Messenger, was guest of honor and made us a fine address on "Unity in Community", in which he extolled the service of the correspondent to the community in which she lives. "The Readers" helped to entertain with music and reading, while a unique contest added "spice of variety" and in which ye scribe won, while the brick ice cream and

delicious cakes were not the least of the features. The social hour was delightful. Long live Mr. Hummel.

**Woman's Club**

The Woman's Club met with Mrs. Pearl Lee on Saturday the 29<sup>th</sup> in spite of the heavy downpour just at meeting time, quite a number of members responded to the roll call. After a short business session, the club was entertained by a splendid talk on Federation, given by Mrs. G. W. Webb, of Louisville, president of the 5<sup>th</sup> district of the Federation Club of our State. #### School News

The teachers and pupils of the Bullitt Lick School are planning to spend nearly \$40, which they have raised, for playground equipment. This

**The Pioneer News, 1924 J. W. Barrall, Editor**  
**Transcribed from Microfilm by Edith Blissett in the year 2005**

school, of the past 4 or 5 years, has been in charge of Mrs. Willie C. Quick.

Miss Minnie Mae Combs spent last week end here with her parents, Mr. and Mrs. Will Combs. Miss Combs is primary teacher of the Independence School in the southern part of Jefferson County.

Mr. J. L. Ash, of Leaches, who recently had to undergo an operation in Louisville is doing nice and will soon to be able to come home.

Miss Julie Ash, the popular young teacher at Glenn Ella, gave her pupils a box supper last week and cleared some \$35.00 to be used for a library at her school.

The Bullitt County Memorial and S. H. S. Auditorium will soon be completed at a cost of about \$12,000.00, all of which will be raised by free will offerings. This is indeed very commendable and shows a most excellent school spirit and hearty cooperation on the part of the good people here and in Bullitt County. The building is decidedly the largest hall in Bullitt County and as large as the largest hall in Louisville.

Miss Evelyn Adams and Pat Cruise have entered school at The University of Louisville. Both are bright, popular pupils and graduates of the local high school.

A lot has been said through the daily newspapers about the new school books, but here in Bullitt County, we are glad to say that while the complete change has been a burden on some of our people, yet all schools have already made the change and most every pupil has his new books. Judge Shelton and his Fiscal Court have had fewer calls for free text books this year than any

previous year, while Dr. Kerr, Nat Maraman, Nick Miller and other progressive merchants and other school book dealers have had the book weeks before, even the Louisville dealers received them, and at the present time, schools in the southern part of Jefferson County are buying their school books at Mt. Washington. The change is made in compliance with a law passed some 12 years ago, and right or wrong, nothing is gained by all this newspaper political talk, which is bound to do harm to our public schools. The new books, as a whole, are quite an improvement over the old set of books and as the law now stands, will be used from 1924 to 1929, while the old adopted in 1919 to 1924 were cheaper than the books used in most states during that period and generally considered inferior.

It is said that more money is spent annually in the United States for chewing gum than is spent for school books. Here in Bullitt County, let us try to first get the books and then the chewing gum and if any teacher has extreme cases, please let us hear from you at once.

The contractor has already arrived and is unloading machinery to build the State Highway from the Jefferson County line near Zoneton across Bullitt County to Elizabethtown. With the completion of this pike, the people of this county will have access to three good pikes leading to Louisville, first the Dixie Highway, which accommodates lower Bullitt, the new pike here, and the Jackson Highway through Smithville and Mt. Washington.

We have one pupil in high school now for every 12 that we have enrolled in the grades, while 15 years ago, we ran about 1 to 100.

Harris, Mr. and Mrs. T. H. Parrish, Mr. and Mrs. P. A. Parrish and baby, Misses Beulah Lee and Susie Mae Parrish.

We hear that some folks have complained to the teacher that the children are too noisy on their way from school. We wonder if people can live so long that they forget childhood days and how they felt when released from the school room at evening. If there was illness in a home, the school children would go quietly by with no thought of disturbance, but we can't conceive of trying to quell the joy of school children unless in case of illness or some similar cause.

**School News**

The Dedication of the new hall here Saturday, known as "The Bullitt County Memorial Hall and S. H. S. Auditorium" was well attended by some 3,000 citizens and school children of Shepherdsville and Bullitt County.

Promptly at 2 p.m., the big brass band started down Main Street from the Masonic Hall, preceded by three large automobiles driven by C. P. Bradbury, O. W. Pearl and H. H. Combs carrying the members of the Shepherdsville School Board; the County School Board; H. H. Cherry, J. R. Zimmerman and a few others who were on the program.

Then following the brass band came some 800 or 1000 marching school children, which was indeed a most imposing sight. Following these fine marches, a line of machines drove quickly to the new hall where more people were seated than had ever come together in any building in Bullitt County before. The building was filled and at least 500 were unable to obtain seats at all and some standing on the outside and fully 250 young folks using the floor for seats.

**The Pioneer News, 1924 J. W. Barrall, Editor**  
**Transcribed from Microfilm by Edith Blissett in the year 2005**

Prof. J. H. Sanders, whose energy and dynamic force has made the building possible, made the opening address in which he stated that about \$10,000 had already been subscribed on this new memorial that could cost approximately \$13,000.00

Mr. Sanders then introduced H. H. Cherry, of Bowling Green, as one of the greatest living Kentuckians and for more than an hour, Mr. Cherry held his large audience by his splendid address, by which he stressed character, honesty and citizenship above everything.

Senator J. R. Zimmerman was then presented and took charge of the unveiling ceremony, beginning his address with that matchless poem of Theodore O'Hare's, "Bivouac of the Dead".

Mr. Zimmerman paid tribute to the memory of the 18 fine young men whose names are inscribed on a beautiful bronze slab that hangs on the wall south of the rostrum. He also spoke feelingly to the mothers and relatives of our dead heroes who were honored with a special pew near the memorial slab.

Both the city and county school boards were seated on the rostrum while the chair of the late Billy Griffin was draped in his memory as he had not served for many years as trustee, but was one of the largest contributors to the fund that made the memorial possible and with such men as are now on each board and such men as the late William Foster, good feeling, cooperation and harmony have given this town and county a most excellent high school.

At the close of the exercises, the beautiful Miss Martha Alexander, teacher in the local high school, lifted the flag which unveiled the

memorial slab and revealed the following names of Bullitt County's Dead Heroes:

Charles Milam, D. M. Troutman, Edward L. Sanders, Herman Evans, Roy V. Ogle, Oscar Shaffer, Horrie C. Thompson, Elmer Monroe, James E. Wyatt, Lou Pearl Hibbs, Basil Glasgow, Wallace Smith, Vernon Holsclaw, Bruce Bridwell, Hubert Dragoo, Curtis Wise, Davis Boston and Julian Bell.

#### Burley Local Speaking

The speaking for the Burley Tobacco Local work at Pleasant Hill last Thursday night was a fine meeting. Billie Swearingen acted as chairman of the meeting, Miss Ellsinger of Lexington, Mr. C. E. Curtis, Mr. Stucy and Mr. Wheeler, of Camp Taylor, and Mr. Brookshire of Mt. Washington were all present and gave us some fine talks on the work of the association. Miss Ellsinger confined her talks to the work and intention of the Burley Locals. After these fine and interesting talks, Miss Ellsinger organized a local at Pleasant Hill with the following officers: Chairman - Wm. Swearingen; Vice Chairman - Hite Rouse; Sect. & Treas - Mrs. Roy Shaw; Executive Committee - Mrs. Lela Carl, Mrs. Henry Jones and Roy Shaw. There was a very fine meeting and our next regular meeting night will be Nov. 5. Be sure to come to these meetings, they are for the benefit of the entire neighborhood.

#### Auditorium Dedicated

The big Auditorium was dedicated on last Saturday in the presence of about twelve hundred people, who filled all the large building. It was much of a surprise to some people who did not believe enough people

would come in to half fill the building. Speeches were made by Prof. H. H. Cherry of Bowling Green and J. R. Zimmerman of Shepherdsville. Prof. Cherry, who is President of the Southern Normal at Bowling Green, and one of the best known educators in the South, made an educational speech, which was rich in wisdom as his speeches always are, and was very eloquent and scholarly. J. R. Zimmerman spoke along patriotic lines. He eulogized the boys who lost their lives in the great war, and during his speech, the tablet on which is the name of each boy who died in the defense of their country was unveiled by Miss Martha Anderson, of the High School Faculty. It was a great day for Bullitt County and for all others who want to use it for good purposes. It was dedicated to the memory of our dead heroes, and to the present and future students of our Graded and High School. It will seat twelve hundred people and it can be used for church and educational purposes. The following names are engraved on the bronze tablet:

Charles Milam, D. M. Troutman, Edward L. Sanders, Roy V. Ogle, Oscar Paul Schaefer, Horrie C. Thompson, Herman Evans, Elmer Monroe, James Wyatt, Lou P. Hibbs, Wallace Smith, Basil Glasgow, Everett V. Holsclaw, Curtis Wise, David Boston, Julian Bell, Bruce Bridwell and Hubert Dragoo. The names of those boys shall ever remain in their country's Hall of Fame and in the minds and hearts of their grateful countrymen. They gave their all for Freedom. In the early morning of their young lives, their silent tents shall be guarded by Glory on Fame's Eternal Camping Ground, and that long shall their

memory live in the hearts of their countrymen.

#### School News

Mr. Will Shelton, trustee at Beech Grove, has just had some improvements made at his school. Mr. Shelton is a good trustee and almost every week makes a visit to his school to look after the deeds of his teacher and while we don't like to be critical, yet we have a few trustees who have been legally elected by their patrons, who actually fail to see the inside of their school building once per year.

Miss Katherine Wallace, a freshman in the local high school, was taken to Louisville last week for an operation for appendicitis. Miss Wallace is the daughter of Col. and Mrs. Jas. Wallace, of this place, and is one of the brightest young ladies of the 30 Bullitt County freshmen who entered high school here last September.

Mr. and Mrs. Thomas Melton, of Zoneton, will move to Salt River in the Hays property about November 1<sup>st</sup>. The Melton family are good people, very much interested in schools and we are glad to welcome them into our community.

Mrs. Agnes Railey, of Lebanon Junction, a former teacher of this county, spent Saturday here and

attended school rally and hall dedication. Mrs. Railey was the guest of her parents, Sheriff Lawrence Roby and wife.

Prof. Richards, representing the Kentucky Children's Home Society, was here last week and placed several fine boys in good homes. Any worthy farmer can secure one of these boys by applying to any member of the advisory committee for Bullitt County or writing directly to the home at Lyndon, Ky.

Trustee C. E. Alford is having his school house at Mt. Elmira overhauled and painted, both inside and out, besides his teacher has bought a new bell which can be easily heard over the entire district. This school, for the past two years has been in charge of Miss Mable Snellen.

Miss Aldena Barrall is planning to have a Halloween party at her school at Sunny Side on the night of October 30<sup>th</sup>.

The leading citizens of the Brooks Station community had a big road working out there last Friday. A lot of repairs were made on their road and a fine dinner was served in the yard of Col. Bert Sanders.

A general road working was also held last week in the Mt. Washington section and as far as we can (tell) the road sentiment is certainly growing in Bullitt County.

These big road workings started early last spring at Lebanon Junction and have spread to Belmont, Bardstown Junction, Hubers, Brooks, Leaches, Shepherdsville, Bullitts Lick, Clermont and Mt. Washington. The plan is a good one and has a real value, not only for the amount repairs made, but for the social side as well. With the

**The Pioneer News, 1924 J. W. Barrall, Editor**  
**Transcribed from Microfilm by Edith Blissett in the year 2005**

completion of the State Road through here and at Mt. Washington, we see better roads in sight for Bullitt County.

The High School boys and girls of Lebanon Junction, assisted by Mrs. Cherry, entertained Supt. R. L. Murray recently with a birthday party. All the High School and faculty and many parents went to Johnson's Pond where a delightful lunch was served.

The ladies of Lebanon Junction met Thursday afternoon and organized a Woman's Club at the school building for the purpose of aiding in school and civic affairs. A large number of ladies came in as charter members and many good deeds are expected to result from the organization. Refreshments were served by the school faculty.

Reports from the school at Lebanon Junction this year are splendid. The high school department is in charge of Prof. Murray and Mrs. Cherry, both graduates of the Western Normal and Teachers College and both possess that kind of leadership so essential and necessary to a successful school.

Prof. Otis Brown, principal of the school at Mt. Washington, has been elected as chairman for the Parent Teachers Association of this, the 4<sup>th</sup> Congressional District.

The state organizer, Miss Elizabeth P. Stouffer, delivered an excellent address to a large audience in the P. T. A. Room of the school building at Mt. Washington Monday night, Oct. 13. The neighboring districts were invited. After the address, an ideal lunch was served to every one present. We had the minister and businessmen with us also; everyone enjoyed the evening together.

The stockholders of the Bullitt County Fair Association met here last Saturday and elected the following well known men as director for 1925.

O. H. Masden, Robert E. Lee, H. M. Trunnell, A. E. Funk, (Shepherdsville District); Jas. W. Pope, W. F. Clark, G. Bailey, Burks Williams (Mt. Washington District), H. J. Crenshaw, Sam Bealmear, Ed Ash, Fred Kulmer (Leaches District), Ike Mudd, H. D. Shafer, J. R. Clark, Henry Shelton (Pine Tavern District), C. F. Troutman, Pres., Earl Deacon, Vice Pres.; J. W. Barrall, Sec.; H. H. Combs, Treasurer.

**Vernon Laswell**

The death of Mr. D. Vernon Laswell, which was recorded in our paper last week, was a distinct loss to our community and county, as well as a great blow to his family and friends. He was just twenty four years of age, strong and robust, ambitious and industrious, and a young man of fine intellect. He was a very versatile young man. There was little he could not do and do well. He was a fine mechanic, a splendid barber and a most promising young man in the business field. Among the young men with whom he was acquainted and associated, he was very popular. Everybody was his friend. God knows best, but when we think of his infant child and broken hearted young wife, his sorrow-stricken mother, sister and brother, we cannot regard his untimely death other than a tragedy. We can ill afford to lose such young men. To those who sorrowfully mourn his passing from this vale of tears to that better land which lies beyond the sun-set of life, we tender our deepest sympathy. A friend.

Unified Budget

Some weeks ago, the Baptist Church at Shepherdsville adopted a unified financial budget covering both local expenses and Denominational work. This budget amounts to \$4,200.00. The Church gave to all purposes last Associational Year \$5,790.93. This is a reasonable task for the next twelve months, but its beauty consists in keeping up the fine spirit of generosity and liberality attained the Baptist 75 Million Campaign. During this five year period, nearly one million persons were baptized by the Baptist Churches of the South and all phases of their work correspondingly advanced both at home and abroad. The Church on last Sunday elected Brother J. E. Smith as chairman of the Committee which will make the budget canvass.

School News

The young folks at Mt. Washington gave a play at their hall on the evening of Nov. 1<sup>st</sup>, which was well attended by the PTA of that school and patrons who live in that section. Prof. Brown acted as coach, while Misses Lee and Parrish assisted in getting the "stars" ready with their "make-up".

Col. and Mrs. Duke Burch, of Mt. Washington, spent Friday night here the guests of Prof. and Mrs. Chas. Bridwell and with their little daughter, attended the Halloween party at the local "Gym" which for the present will be used as a community house.

We have just learned of the death of Dr. B. A. Murray which recently occurred at his home at Belmont. Dr. Murray was one of the trustees of the graded school at that place, was well known in that section of the county and the father of Miss Ruth Murray, a splendid young teacher at Lebanon Junction.

Mr. Joe Harris, of Mt. Washington, Chairman of the County School Board, spent Friday night here and attended the young folk's Halloween party at the local community house.

The large gymnasium and community house at the Glendale school has just been completed and is one of the largest of its kind in the state. This building was made possibly by Congressman Ben Johnson securing the material from the government when a part of the

barracks was sold at Camp Knox. A similar building was also secured for Vine Grove and West Point.

The Bible must be read daily in all public schools of Kentucky and not quotations, Bible stories and etc. This is the ruling of Frank Daugherty, Attorney General of Kentucky, who was recently called upon for an opinion in a case from one of the mountain cities of this state. Trustees and school principals will see to it that this law is carried out and report any teacher who neglects or overlooks the plain provisions of this new law.

The County School Board made an inspection tour last Saturday afternoon of the schools in the Mt. Washington section of this county and took lunch with Col. and Mrs. Joe Harris, returning to Nazareth where a few minutes was spent with Bullitt County pupils who are attending school at that institution. This school now has the distinction of being the only private school in Kentucky whose course of study has been approved by the State School Department to extent that Teachers Normal certificates are now issued at the completion of certain courses. The following students are attending there from Bullitt County: Helen Harris, Hazel Funk, Sue Rouse, Mary Harris and Alleen Langley.

Leonard Owen has been ill with pneumonia but glad to say is better at this time.

Mrs. Gibson was laid to rest in Pleasant Grove cemetery Sunday afternoon. Funeral services were conducted by Rev. C. K. Hoagland from the city in the absence of the pastor. A deep warning and a powerful discourse was preached to the living, from 2 Cor. 5:10 "For we must appear before the judgment seat of Christ; that every one may receive the thing done in his body; according to that he hath done, whether it be good or bad".

Deceased was 75 years old and was a member of the Baptist Church, having united in another county when quite young. She leaves several children and grandchildren to mourn her loss.

Hebron

Little Flock Church met in business session Saturday evening and called Rev. Richard Cundiff, of Bardstown Junction, to the pastorate for the present year.

This is election day and the fine weather surely presages a victory for Davis and the Pay-as-you-go policy.

The many friends of Mr. and Mrs. Chas. McKenzie, of Shelbyville, were glad to have them at Little Flock Sunday. They were dinner guests of Mr. and Mrs. W. J. Bell, other guests were: Miss Irene Brooks, City, Mr. and Mrs. Ralph Henderson, Shepherdsville and Mrs. Thos. Melton.

Mr. Herman Crenshaw has rented the residence of Thos. Melton and moved to it.

Thos. Melton has moved his family to Shepherdsville for the winter. We regret exceedingly to lose these good friends and neighbors. But trust it will be only temporary.

Several of our little folks have whooping cough, including Master Oliver Bruce Miller and Wallace Smith.

We came across a copy of the Salt River Tiger of vintage of 1898. We had preserved it presumably for the sake of an article on Alaska and the Klondike, written by Warren Sample. We naturally wondered what had become of this interesting writer and staunch friend of Bullitt.

Dr. and Mrs. Holsclaw entertained these good friends to dinner after service at Little Flock: Mr. and Mrs. A. L. Prather, Mr. and Mrs. J. W. Holsclaw, Mr. and Mrs. Oscar Prather, Rev. H. H. Smith, of S.B.T.S., Miss Mary Holsclaw, Paul Holsclaw and Boone Cooper. All remained to supper and attended the evening service.

We experienced quite a thrill Sunday morning by seeing the big dirigible floating through the air. What wonders will we yet see?

The spiritually minded enjoyed a treat at L. F. Sunday by the sermons of Mr. H. H. Smith. Subjects: "Faith" and "Sowing". Both services were especially uplifting as Mr. Smith is quite a forceful speaker.

Did you go to the city to hear S. D. Gordon? He is surely a spirit filled man.

Mr. Monroe has sold his place here to a Mr. Hazelwood.

The Halloween jokers were abroad and as usual did things neither funny nor "smart" – but decidedly proclaiming the rowdyism that

results from activities by darkness or masquerade.

#### Birth Statistics

Figures that in a measure substantiate the ancient superstition that a majority of male births always follow a war to make up for the men who were lost in battle were found in the bulletin of vital statistics for the state of Kentucky for 1923 issued from the State Board of Health at Louisville recently.

The total number of male births in the state last week exceeded female births by 2,696, according to the figures in the bulletin. Births, both male and female, numbered 65,062, of which 33, 879 were male and 31,183 were female. Thus, in a single year, the majority of male births more than equaled the men Kentucky lost during the World War.

White births are increasing and Negro births are decreasing, the Board of Health states. The death rate among Negroes at the present time greater than the birth rate. The birth rate for the total population of Kentucky, white and Negro, is 275 (or maybe 27.5, can't see a decimal - Edith) a thousand inhabitants. The excess of male births over female for 1923 was about 10 per cent.

**The Pioneer News, 1924 J. W. Barrall, Editor**  
**Transcribed from Microfilm by Edith Blissett in the year 2005**

Facts of interest in the report are that there were 1,097 sets of twins and 18 cases of triplets in Kentucky in the year 1923. The number of births was 500 more than the record year up to 1923, which was 1913.

**School News**

Mr. Clay Porter has returned to his school work at the University of Kentucky Law School, after several weeks spent out in the state speaking for the proposed bond issue. This is the second time this popular Bullitt County boy has been sent out by the University to speak for and assist in programs advocated by that school and in each case, he has done the task well. Mr. Porter's friends here are proud of him and altho this

county did not favor the bonds, and many of his followers voted not, yet all admit that Mr. Porter acted his part well and in the dozen speeches he made in this county, he caused a lot of good men to change their minds and only time can really prove which was right and which was wrong.

Several well known and prominent citizens of this county have recently passed to that "Great Beyond", and sine our last notice in this column, we hear of the following who have passed on: Col. Hardin Hall, of Mt. Washington, one of the wealthiest men in Bullitt County; Mrs. Clifford Martin and Mrs. Preston Samuels, members of old and honored families of Lebanon Junction and Mrs. Cundiff, of Beech Grove, widow of the late Wesley Cundiff, and probably the oldest woman in Bullitt County.

Mrs. Mattie R. Snellen has just been sworn in as trustee of the school at Belmont to fill the vacancy caused by the death of Mr. J. L. Laswell.

Miss Virginia Gardner, teacher at Cane Run, near Lebanon Junction, spent the week end with her parents, at Hebron.

The boys basketball team of the local high school looked good in the initial game which was played here last Friday night with the town team. The school boys won the game by the score of 17 to 12 with the following school boys playing: Shaw, Simmons, Stansbery, Patterson and Rodgers.

The town boys have also organized for the season and several of the leading business houses have contributed one or more sweaters. The following stars will make up the town team which will be one of the

best in the State a little later: Ridgway, Monroe, Wiggington, Ashby, Buckman, Roby, Stansbury, Henderson, Rennison, Tyler and one or two others.

**"And There Stood" Ben Johnson**

Eighteen years ago, when D. H. Smith announced his retirement from Congress, Ben Johnson from Bardstown, the home of the Hardins, Rowans, Wickliffes, Beckhams and other distinguished families, announced his candidacy for the office. Himself, the son of Governor William Johnson, a distinguished lawyer and statesman; learned in the law and splendidly schooled in politics, he was little less distinguished than his brilliant fellow countians, whose success in statesmanship and law had been his chief inspiration. After a close and thorough canvass, Mr. Johnson was elected to Congress. It was - It is a Johnsonian characteristic being elected. Previous to his election to Congress, he had served in the Kentucky Legislature as Speaker of the Lower House. He had been Collector in this district, and at the time of his election to Congress, was State Senator. To every office to which he has been elected or appointed, he brought great ability, honesty and unsurpassed industry. For eighteen years, he has served his district in Congress with single ability. As chairman of the District of Columbia Committee, he performed distinguished service for his country. A forceful and eloquent, but not persistent speaker; and indefatigable worker in his office and in the committee room, and a courageous fighter in the halls of Congress; he has been during his

**The Pioneer News, 1924 J. W. Barrall, Editor**  
**Transcribed from Microfilm by Edith Blissett in the year 2005**

entire eighteen years in Congress, one of our state's ablest and more efficient member of that body. This year, when he announced his candidacy for the Democratic nomination, he announced that it would be his last race. He was given the nomination without opposition, and the Republican friends thought so much of him, that they nominated a man who was less than opposition to him in the November election. He was given a magnificent vote of confidence. When the 4<sup>th</sup> day of March, 1927 comes and the tall, erect and manly figure of Ben Johnson shall have passed forever from the halls of Congress, where he has toiled so ably and so honestly and so fearlessly, the people of his district, irrespective of political or religious creed, or race or color, should rise up as one man and say: "Well done, thou good and faithful servant"

#### House Burns

**Kentucky Falls From Grace**

The State of Kentucky has been boasting of furnishing more Governors, Senators and Representatives for other states than any state in the union, but it now has two United States Senators who are not Kentuckians by birth, also a member of Congress who has been sentenced to the Federal Prison.

**George Porter Haley**

Mr. George Porter Haley was born in Alabama about 63 years ago. After he reached mature manhood, he moved to Kentucky. For 22 years, he was a faithful employee of the Louisville Street Railroad Company. He gave up his employment with this company on account of failing health and purchased a little farm in Bullitt County, Kentucky. Shortly thereafter, he suffered a complete nervous breakdown and was taken to one of the State's elymosedary (sic) institutions where he died November 1, 1924.

His trustee, Mr. C. R. Smith, had the remains brought to Shepherdsville and funeral services were conducted at Mr. Smith's residence Sunday afternoon, November 3, Rev. L. L. Burkhalter officiating. Only one of the surviving relatives, Mrs. Sallie Groth, of Memphis, Tennessee could attend these services. Interment was made in the Hebron Cemetery.

Mr. Haley professed faith in Christ early in life and united with the Baptist Church. His Christian life was faithful and consistent. Billows

of sorrow such as come to few, all but overwhelmed him; but it is a comfort to the surviving brothers and sisters that his Lord was with him in it all and in his own good time took his suffering child to be with Him in Paradise. What a comfort are the words: "I will come again and receive you unto myself; that where I am there ye may be also."

His sister, Mrs. Groth, and Mr. Smith, the administrator of his estate, extend sincerest thanks to all those who assisted in the funeral services.

**Automobile Toll of Lives**

Fourteen hundred killed on one disaster would shock the nation, yet approximately that number 1,398 to be exact, met death during the first eight months of this year in New York State alone through automobile accidents, without exciting any particular attention.

**The Pioneer News, 1924 J. W. Barrall, Editor**  
**Transcribed from Microfilm by Edith Blissett in the year 2005**

While medicine and surgery are working wonders in the saving of human life, the grim toll of the automobile mounts higher and higher each year.

Most of this terrible sacrifice is entirely necessary, being caused by reckless or incompetent drivers. The pity of it is that so many of the victims are merely passengers in the wrecked cars, killed and maimed through no fault of their own.

If irresponsible speed maniacs destroyed only themselves, there would be less cause for grief, but unhappily they often escape, while helpless victims pay their lives for the folly of these criminally careless drivers.

**School News**

Mr. Cris Shaffer, one of the best known men in the upper section of this county and a trustee of his home school for many years, died at his family residence near Chapeze Saturday morning.

Miss Fay Magruder, teacher at Belmont School, was on the sick list a few days last week, but was able to take up her school duties Monday.

A young man who visited one of our rural schools a few days ago and created a disturbance by striking and beating one of the school boys, was fined in Judge Shelton's court here Monday. The young man was not a pupil of the above school and should have been at home. For some time, youths of 16 to 21 who are too large to go to school and too ignorant to stay away, have had a habit of "visiting" the schools and in more than one instance, confusion and disturbance of the schools have resulted.

A real feature of the faculty play here last week was the music by the school band. No better music was ever heard by amateurs in Shepherdsville and we congratulate the following players: Violins - Margaret Sanders and Eleanor Glenn; Saxophones - Clarence Stansbery and Lois Sanders; Drums - O. H. Masden Jr; Piano - Hazeldell Trunnell.

Three cheers for the school band, keep it going.

**Christian Church**

Rev. W. B. Atherton, of Louisville, will preach at the Christian Church Sunday, November 23. Rev. Atherton is a fine minister and everyone is cordially invited to come and hear him.

Maraman - Browning - Warfield

No, the above was not intended for a wedding announcement, at all, at all. It is the recording of how Prather Browning and a Mr. Warfield undertook to escape from the local bastille, and how Frank Maraman stuck the boys full of bird shot. It was last Sunday morning, too early for church bells, and while many of our citizens were partaking of the morning repast that shots were heard down on the river front. Investigation showed that Prather Browning, confined in the local "jug" and his "buddy", Albert Warfield, had sawed away several bars in their cell doors and slipped by Mr. Eph Quick, landlord at the Rockhouse, when he brought them their breakfast in. Reaching the open air, the boys inhaled a lot of ozone, also they scented liberty, and laughing at locksmiths and jailers, they sped down "Doctor's" Alley on their way to the boundless woods of Leaches. But Frank Maraman, who had heard Jailer Quick's revolver, grabbed his gun and rushed out calling to the flying fugitives to halt. Failing to stop them with his voice, he fired at them, and brought them to a dead stop but not until he had peppered the backs of their "heads" with birdshot. Dr. Ridgway patiently picked the shots out of their head and they are now safely housed in jail, awaiting circuit court which convenes next week. They are a little sore, of course, and (line missing) discovered one thing which everyone about here already knew,

**The Pioneer News, 1924 J. W. Barrall, Editor**  
**Transcribed from Microfilm by Edith Blissett in the year 2005**

and that is that Frank Maraman will shoot when the right time comes.

Death

Monday morning, November 3, 1924, just as the sun was coming up, death visited the home of Preston Samuels and took the loving wife and mother, Mrs. Susie Samuels, age

**The Pioneer News, 1924 J. W. Barrall, Editor**  
**Transcribed from Microfilm by Edith Blissett in the year 2005**

63 years. She was a devoted and zealous member of the Baptist Church. At the age of 21, she was converted and united with that body at Mount Moriah. She was a lovely Christian character and bore her suffering with great patience. There was never a night too dark nor cold for her to visit the sick and administer to the poor and needy. She was born September 21, 1861, and married to Preston Samuels December 15, 1881. To this union was born two daughters, Mesdames Nannie Newman and Bessie Stark and three sons, Marsh, John and William. Besides her husband and children, she is survived by her father, the venerable Johnathan Masden, seventeen grandchildren, one sister, three half sisters, and two half brothers. The immense concourse of friends who assembled here to pay their last tribute was the largest ever seen here on an occasion of that kind and bore witness to the high respect in which she was held. Her remains were laid to rest in a bed of flowers in the cemetery here, after the funeral services had been conducted by her pastor, Bro. Potts.

School News

The teacher and pupils of the Edgewood School had a splendid entertainment at their school on Thanksgiving night. This school is in charge of Mrs. Mary Weller Collings with Col. T. L. Gentry as trustee.

The pike leading from Mt. Washington toward Shepherdsville is being repaired and resurfaced, and those in charge are certainly doing a good job.

The school at Mt. Washington is one of the best, if not the best, that we have ever seen at that place. The daily attendance is ranging from 80 to 95 per cent of the entire census. The house has just been painted, varnished etc from cellar to roof, inside and outside, the large four acre campus is in splendid condition. The PTA have bought a lot of play ground equipment. This school is one that the patrons in that end of

the county should feel proud of. The school is in charge of Prof. Brown, Misses Beulah Lee and Susie Mae Parrish.

Mrs. J. E. Chappell, one of the best known women in this section, has about recovered from a recent attack of what seemed to be gall stones. Mrs. Chappell is one of the most cheerful ladies to be found any where and her many friends are glad to see her out.

The winter term of the Bullitt Circuit Court began Monday with Hon. Basil Richardson on the bench and J. Lewis Williams and T. C. Carroll looking after the Commonwealth. A number of cases are on the docket.

The play given here last Friday night by Miss Gibson's class was a success in every way, the leading part was taken by Miss Anna Lee Hill and she was ably supported by the following students: Lois Sanders, Christine Kerr, Janice Pulliam, Samuel Deacon, Quimmore Pearl, Allene Maraman, Tom Wilson, John Wallace, Grace Hagan and several others.

The following well known men are on the Grand Jury: Tom Hall, Ack Hill Harned, Oscar Owen, S. G. Thornberry, W. G. Jenkins, A. F. Gregory, Del Porter, Ott Saddler, Rufus Balee, Albert Fisher, P. H. Croan, W. A. Cook (Foreman)

Rev. Herin, of the SBTS peached two good sermons at Little Flock Sunday. Mr. Harris' father was pastor at Mt. Washington many years ago and is still remembered lovingly by those who knew him then. He has been a missionary in China for 40 years and this son was born in China and lived there till 13 years of age, coming here to be educated. He will preach for us again the first Sunday in December (Note - Herin and Harris)

Church and vast congregation assembled astonished us. Who said city people had ceased going to church?

We felt thankful to escape death by auto - crossing the main thoroughfares, say Fourth and Walnut, reminds us of the passage of the Red Sea by the Israelites. We wait on either side until the Moses stretches forth his hand and then go over en masse, and lucky if the current sweeping around the corner doesn't overwhelm you.

We saw an organ grinder with the money and the car marked "Newly Weds" but we missed the blind fiddler who used to play his plaintive melodies as the unheeding throng passed by.

### School News

Elizabeth Weller and (hole in paper) Combs spent Thanksgiving with relatives in this county. Both are employed in the school at Bradfordsville near Lebanon, Ky and we have no doubt but that they are doing splendid work as Bullitt County has few finer young ladies and better educational leaders than Misses Weller and Combs.

Mr. and Mrs. Leon Lloyd have just moved to High Grove in Nelson County where Mr. Lloyd has purchased a store. Mr. and Mrs. Lloyd are splendid young people and our best wishes go with them in their new business. Mrs. Lloyd, better known as Miss Neva Magruder, has been one of our best young teachers.

Mrs. Nadine Melton Kulmer, of Newport, Ky, spent several days last week with her parents at Salt River. Mrs. Kulmer taught school here for some 4 or 5 years and is one of Bullitt's successful teachers. She has taught one or two schools in Ohio since leaving this county.

We have just received a copy of a new Waltz from our old friend, W. B. Hill, who now runs a store out in California. The song was composed by Mr. Hill and is a real sweet little song of the popular romantic type, entitled "Sweetheart Days". Mr. Hill is a fine big man, with a big mind

and a big heart and we have always been proud of the success he has been making on the Pacific Coast. He is the son of W. T. Hill, of Belmont, and for several years, played in the Brass Band at the old Lynnland College.

Miss Mary Ping, of Lebanon Junction, has accepted a position as primary teacher at the Nichols School near Cupio.

The family of Prof. and Mrs. J. H. Sanders gave a musical program recently at a banquet given by the Masonic Order of that community. This is the second time they have been called out there, the other occasion being a chicken supper given by the Parents Teachers Association at the new Okolona Graded School building.

The Grand Chapter of the Eastern Star Lodge of Kentucky, which met at the Brown Hotel in Louisville this fall, had among their state officials two well known Bullitt County ladies, "Grand Esther" Mrs. Ethel McMillen of the Lebanon Junction chapter and as "Grand Organist", Mrs. J. H. Sanders of the Shepherdsville Lodge.

The first basketball game of the season was played in the new hall here last Wednesday night between our teams and the Elizabethtown girls and the strong boy's team from Horse Cave.

Our girls won 16 to 11 and played in their usual high class style and really gave us plenty for our money, but that boy's game was a humdinger and by that never-give-up spirit did we win by the score of 20 to 15.

Our boys were, as it seemed at first, clearly out-classed, as the Horse Cave boys were not only large but well trained and at the close of every

quarter, were our boys by speed, style and endurance became master of the situation, and then there was some "shouting" "cheering" "hand-clapping" and just plain "rooting" and even the pious, dignified folks of our town got "boisterous". Dr. Kerr got on the piano, Rev. Burkhalter beat a drum, Tot Carroll and Judge Bradbury sang a duet, Senator Zimmerman sang one of his best jazz songs and June McCormick danced a "jig". Yes, we were all happy for we had just seen the best game ever played in Shepherdsville. The following students played:

Girls - Johnnie Summers, Martha Hill, Bertha Feather, Elizabeth Pittman, Christine Stansbery, Reba Dever.

Boys - Robert Hays Simmons, Paul Patterson, Wassell Rodgers, Edgar Stansbery, Charles Shaw and J. ? (Smudge) Chappell.

In the passing of Mr. S. B. Williams, whose death recently occurred at the home of his son, Burk Williams, Bullitt County has lost one of its best and most substantial citizens. No matter what might be said of Mr. Williams, the one great monument that stands as a splendid memorial to his memory is the four fine sons he has reared, educated, and left behind and in this, his work has been well done.

28 Snows for winter

Twenty-eight snows mantles will fall during the coming winter season, if an old superstition holds good.

The reason for this statement is that the first snow of the season fell on the 28<sup>th</sup> day of the month. The initial snow storm of the season presages 28 snows, according to the weather superstitions of the old timers.

The first snow came in the form of quite a heavy flurry. It did not remain on the ground for more than a few seconds, although it whitened automobile tops slightly.

### School News

The county school board met Saturday with the following members present: T. L. Mattingly, E. Z. Wiggington, H. M. Trunnell and J. T. Harris.

Mr. W. P. Daugherty, a member of the County School Board, is ill at his home on the Rolling Fork River and is threatened with pneumonia. Mr. Daugherty has had pneumonia two or three times and his friends are hoping that he can escape this winter.

The winner from Hardin County in the Courier Journal Spelling Bee Contest held last week was a young girl from the Kentucky Baptist Orphans Home near Glendale, Kentucky. This home now owns the old Lynnland College property and is doing a great work for the 200 orphans that are enrolled there.

The County School Board will again hold two diploma examinations for the present school year, one in February and the other in May. Successful applicants will be given free tuition in accredited high schools for four years.

Mrs. Charles Wise, of the Wooldridge Ferry neighborhood, died at her home Saturday and was buried Monday at Hebron. Service at the local Catholic Church were conducted by Rev. Father Smith, of Nelson County. Mrs. Wise is the step-mother of Miss Jessie Wise, a senior in Lebanon Junction High School and out of respect for her, her class and Prof. R. L. Murray attended the funeral.

Through the efforts of T. C. Carroll, County Attorney, back taxes for the schools of this county have just been

collected, amounting to nearly \$4,000.00. Mr. Carroll also succeeded in collecting considerable more than this amount for the County. The school board was so grateful to Mr. Carroll for this piece of legal work that they voted thanks to him and had same spread upon their minutes.

The town boys had a fine game of basketball here last Saturday night, winning by the score of 33 to 21. The following fine young men play on our team: Henderson, Wiggington, Ridgway, Buckman, Monroe, Roby, Ashby, Troutman, Boyd and one or two others.

#### Samuel B. Williams

Mr. Samuel B. Williams, one of the best known men of the Zoneton neighborhood, died at the home of his son, Burks Williams, on the Blue Lick Pike, December 2<sup>nd</sup>, 1924, aged seventy-five years, eleven months and twelve days. His death was due to the infirmities of old age. His remains were conveyed to Hebron Church on the afternoon of December 3<sup>rd</sup> and after brief and appropriate religious services conducted by his pastor, Reverend Wuthrich, the burial took place in the cemetery. The pall bearers were: Frank Robards, Frank Williams, Henry McClaskey, Sam Eskew, Jodie Howerton, and Vernon Bell. His funeral service and burial brought out a large concourse of his sorrowing relations and friends; every seat in the large church was filled while the Sunday School room was used to seat many. Numerous beautiful floral designs paid silent tribute to the high esteem in which the departed husband, father, neighbor and friends was held and conveyed to the loved ones their tender messages of sympathy. In the

historic old church which in which the services were held, Mr. Williams had been an Elder for many years, and until greatly impaired health forced him to resign, had been Superintendent of the Sunday School. In his long and useful life, Mr. Williams had been actively engaged in farming and stock raising. At the time of his death, and for many years, he had been Vice-President of the Peoples Bank of Shepherdsville. He was one of the charter members of the Bullitt County Fair and was always interested in its progress. He was one of the organizers of the Hebron Cemetery Company, and the lot in which his remains were interred, was the last of the original lots to be broken. He is survived by his widow and four sons, Mason Williams, Burks Williams, Herman Williams and James Lee Williams, all of this county; and all grown to honorable, useful manhood, due in a large measure to the golden words of wise advice given them by their honorable, God fearing parents. The one trait which was so noticeable in Mr. Williams was is honesty, his lack of duplicity. He was not a great talker, but when he spoke, it was from his heart. He lived a long, honorable and useful life, and died in the faith. He lived his whole life in one house, the substantial brick home in which he was born. He made a splendid impression on all who knew him, and his influence will live long in the community. The icy winds of December will bear away the fragrance of the flowers which lie withering upon the narrow mound in he lies wrapped in the dreamless slumber of death, but the influence of his Christian Life will live on and on and the lessons he taught the young in the Sunday School there in dear old Hebron

church will bear fruits long after his mortal remains have gone back to the dust from whence they came. To his widow, who had been his companion for forty-eight years and his affectionate sons and grandchildren, we tender our deepest sympathy.

The farmers haven't any wheat; consequently it is going sky high; soaring with it is flour. Coffee is "Out of Sight" - not from scarcity, but it has been cornered. Republican Administration!

Democrats are between "the Devil and the deep blue sea" when it comes to having a reliable newspaper. The Courier betrayed them in the Governor's race and the Herald is still chuckling over Davis' defeat.

Republicans took up the sword of the K. K. K. and shattered their opponent's stronghold. They were willing to form alliances, for they needed help very badly, even if it didn't bring strength to their cause. And they are so silent about it! If you casually mention it to one, he looks quickly over his shoulder and holds his breath, as if the hooded one is at his shoulder.

This country has gone through attacks of Know Nothingism, A. P. ism, 16 to 1 ism, and many such diseases, and it will survive K.K.K. ism. This country has many weaknesses and does many foolish

things, but common sense prevails in the end.

Mr. Coolidge says to better our condition, we must Economize. He saves 1,700 dollars by riding with the common people; we could save fifty cents by walking to the city with the hobos.

I am old enough to vote, and am much interested in farming and live stock; will some old farmer answer this question? How can I feed sugar to my cattle?

We are having a glorious rain, for which we all should be thankful.

What a "grand and glorious feeling" Kentuckians should have that the Bond issue was defeated! Would we have known of that little shortage? Lieutenant Irving Aspol

Lieutenant Irving Aspol, of the United States Army Flying Squad, was killed at Fort Riley, Kansas, November 25<sup>th</sup>, 1924, when the plane in which he was riding in company with Captain Bedinger, fell and was consumed by flame. He was born in Sweden about twenty-eight years ago; came to this county when eighteen years of age and joined the army in about three years after coming over. He was in the air service during the World War and made an enviable record. After the signing of the Armistice, he was married to Miss Emma Mumford, of this county. For two years, he has lived in Nebraska and Kansas, with headquarters at Fort Riley. His term of enlistment would have expired in three days after he was killed. His remains were accompanied to Bullitt County by an officer from Fort Riley.

He was buried in the Troutman burial ground on the Levi Troutman place about three miles south of town, on November 30. Rev. Thomas Mattingly conducted the religious services. At the request of Union Lodge No. 7, of Junction City, Kansas, Bullitt Lodge of Masons conducted the service at the grave, W. F. Joyce officiating. It began to rain about 9:30 Saturday night and from that time until Monday morning, it just poured. Most of the cisterns were filled and the creeks got out of their banks; the river also got up into the edge of town. The rain was worth thousands of dollars to the farmers.

School News

Prof. R. Murray, principal of the Lebanon Junction High School, and a party of young folks were recent guests of Mrs. W. D. Lee at Belmont. Prof. Murray and his seven young lady teachers seem to have most excellent school this year and have the most pupils in high school that they have ever had at that place.

Mr. and Mrs. J. W. Hardaway are receiving many congratulations from their friends here. The bride, who formerly taught in the local high school, is one of the most popular young teachers we have ever had and is the daughter of Col. Henry

Clay Anderson, one of the best known and wealthiest farmers in Lincoln County. The groom is a well known business man and for many years has been cashier of the Peoples Bank.

Miss Beulah Lee, who teaches in the Mt. Washington school, spent last week end with her parents, Mr. and Mrs. C. C. Lee, near Belmont.

Several from here attended the funeral last ?? of Mr. John James. Mr. James was one of the best known men in Bullitt County and all through his life had enjoyed a wide circle of friends. He had long been considered one of the jolliest and most cheerful man in the Leaches section. Some 12 or 15 years months past, he was married to Miss Estelle Troll, one of the best and most brilliant women in the county.

The basketball teams from West Point, both boys and girls, were defeated in games played here on Friday evening against the local school teams. With a little more training, the local teams will have a good chance playing in the state finals. They are unquestionably the best teams we have ever had, both teams considered.

Last Saturday night, the Independent Boys team defeated the Schuster Bros. team of Louisville by the score of 23 to 13. On next Saturday night, Dec. 20, the Goldberg tailors are coming: Look Out!

Lebanon Junction students are also showing up this year in athletics. Last Saturday evening, both boys and girls played Glendale at Elizabethtown, the boys losing 26 to 21 and the girls winning by 19 to 11.

The pupils of the senior class here will give a play this week entitled "The Hoodoo".

Several from here attended the school entertainment given the past week at the school near Coral Ridge. This school is in charge of Mrs. Susie Bridwell and Mrs. Fanny Belle Henderson.

Personal

Mr. R. L. Harrison, of Bay St. Louis, Miss., will arrive Sunday to spend the holidays with his family.

J. M. Swann and sons spent Sunday on Knob Creek.

Mr. and Mrs. James Hardaway have returned from their honeymoon and are "keeping house" in the Roy Maraman residence at Salt River. They will make one of the most popular pair of "Newly Weds" our town has seen in years, for everyone likes Jim, and his bride is just as well liked. Because they are well liked, they will be gayed and teased quite a good deal, but this is all on the surface.. At heart, everybody wishes them a long and happy life which they so richly deserve.

Geo. Bowman, of Jeffersontown, spent Sunday here.

John Glenn has arrived to spend the holidays here.

H. W. Lee has moved here to reside until he gets his new residence done.

Owen Roby and daughter, of Leaches, spent Monday here.

J. F. Combs and wife have returned home from Tenn.

W. T. Hill, of Belmont, spent Monday here.

Emerson Welch, of Bardstown, wishes to see his friends and neighbors at his sale on Dec. 61 (sic) at his farm five miles west of Belmont on the Wooldridge Ferry Road.

J. R. Clark was over Saturday wearing his usual smile.

H. D. Shafer, of Belmont, stopped here Tuesday after spending a few days in the city.

Dr. R. I. Kerr

Dr. R. I. Kerr is seriously ill at the Baptist Hospital in Louisville of blood poisoning. Sometime ago, in going over a wire fence, he lacerated one of his lower limbs. Under treatment, the laceration seemed to heal up and was regarded as cured, but last week the trouble returned and in a few days, a dangerous case of blood poisoning had developed. The Dr. was taken to Louisville and placed in the above mentioned hospital where everything possible is being done that medical science and good attention can do. While his condition is most precarious, his physicians have strong hopes of his recovery. Dr. Kerr is a splendid physician and since he has been in our town, has been a leader in church activities and all that had for its object the uplift and improvement of our town and county. We hope that he will entirely recover and will soon be among us once more.
