BULLITT COUNTY PUBLIC LIBRARY

## ARTfest 2017 Celebrates Libraries & Artistic Expression

Join us for our fourth annual ARTfest! Our 2017 celebration is all about the love of libraries and how the library inspires you. This year, we are challenging you to create a small piece of mini-art—approximately 4"x6"—with this in mind.

To keep things as easy as possible, ARTfest stations will be set

up at all four branches to provide the materials you need to get started on your design. You may also choose to create a digital design on your own and submit it on a flash drive. BCPL staff will select their favorite submissions, and the winners will be adapted and distributed as official library bookmarks! Submissions will also be displayed in the ArtFest Showcase,

which will be up at Ridgway Memorial from April 3rd through the 30th.

BCPL cardholders of all ages are invited to participate. For more information, visit [www.bcplib.org/artfest](http://www.bcplib.org/artfest), call 543-7675 ext. 5, or speak with a library staff member.

Submit an original work of mini-art celebrating libraries, and we may adapt your work for an official BCPL bookmark!

Visit ARTfest Stations at each location beginning March 1st. Art must be submitted no later than 5:00 PM on Friday, March 31st.

## Recent BCPL Partnerships Bring New Opportunities to the Community

The Library strives to bring you the resources and opportunities you need to be the best version of you possible. This means providing the services you need to grow and enjoy life, within our walls and without. To this end, we explore partnership options to bring much-needed assistance in our community. Now we have exciting news regarding two partnerships beginning in March!

Due to the closure of the Bullitt County Kentucky Career Center, BCPL is partnering with KentuckianaWorks to offer career assistance to our patrons, regardless of where you are on your career path. Every week in March, April, and May, facilitators will hold outreach hours at all four library locations. They will offer one-on-one

services like customized career advice; resume optimization; suggestions to ramp up your interview skills; reading and math tutoring; and assistance navigating unemployment insurance. These services will complement and may be used in tandem with the resume and computer skills services already offered by BCPL's reference department.

KentuckianaWorks will also conduct a variety of workshops, covering topics like marketing, networking, and communicating professionally. Specialized resources for veterans and disabled applicants are also provided. Whether you're brand new to the work force, seeking a career change, or in need of specialized training for the job you desire,

KentuckianaWorks and BCPL want to help. Further information on KentuckianaWorks services and workshops will be available during BCPL outreach hours or on their website at [kcc.KentuckianaWorks.org](http://kcc.KentuckianaWorks.org).

Our second new partnership is with JCTC–Bullitt County Adult Education services for GED Prep. An experienced instructor will be at Lebanon Junction on Tuesdays and Thursdays to offer assessment testing and personalized instruction plans to help patrons work toward their GED. Our new reference librarian, Brandy Ferriell, will be providing additional support services for the program. To make an appointment with the Adult Education instructor, please call 502-213-7908.

# From the Director

Bullitt County Public Library (BCPL) has a long history, with an origin dating back to 1924 when the Bullitt County Woman's Club established the county's first public library. The Library's current structure dates back to 1967, when it was established as a taxing district with a petition signed by Bullitt County voters. This act set the Library up to operate under section 173.710 of the Kentucky Revised Statutes (KRS).

second year, and the fifth term expires the third year; every fourth year, no terms expire. Members may serve two consecutive full terms, after which they cannot succeed themselves. Any terms vacated before their end are considered unexpired terms, and the end date of the term remains the same. Any person filling an unexpired term may still serve two full terms after the unexpired term ends.

“Trustees [work to] improve the quality of life and general welfare in the communities they serve.”

Libraries were created to serve the entire community with free and open access to ideas and expressions, and the current appointment process keeps the focus on service above politics and has done so for fifty years. In addition to the oversight of KDLA and the Fiscal Court, there are dozens of statutes and regulations governing every aspect of library function. Library trustees are dedicated to upholding the law and have a demonstrated commitment to the highest level of transparency. Library board meetings are subject to Kentucky's Open Meetings laws and financial reports are submitted to the Kentucky Department for Local Government.

Along with all their other duties, library trustees work hardest to represent their fellow taxpayers. Trustees reflect the community, mirroring the make-up of the local population. As taxpayers themselves, they strive to provide the highest service possible in the most cost-effective manner possible. If serving your community as a library trustee interests you, please get in touch with me. It's a great chance to make a brighter future for Bullitt County!

### The process for filling a board vacancy is as follows:

1. For each vacancy, the board selects two individuals committed to the provision of library service.
2. Names are submitted to the Kentucky Department for Libraries and Archives (KDLA) for approval.
3. The state librarian and commissioner approves the names and sends recommendations to the local county judge/executive.
4. The county judge/executive, with the approval of the Fiscal Court, appoints one of the two provided names to either a full term of four years or the remainder of an unexpired term.
5. The newly appointed trustee takes the Oath of Office before the county judge/executive or other judicial officer.

Under KRS 173.710, BCPL operates under a five-member, apolitical Board of Trustees, commonly called the library board. Trustees are not paid for their service; essentially, they are volunteers working to improve the quality of life and general welfare in the communities they serve.

### The library board assumes legal responsibility for the Library as a whole, and also serves in these five primary roles:

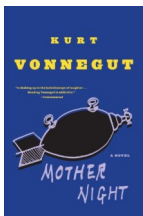

1. Hire and evaluate the library director.
2. Monitor and evaluate the overall effectiveness of the library.
3. Plan for the future of the library in terms of finances, facilities, and services.
4. Set library policies.
5. Advocate for the library.

Board members serve four-year terms. Terms are staggered such that two member terms expire one year, two more expire the

## Mt. Washington Construction Update

Insulation is in and the drywall is up! Tiling in the bathrooms began on February 14th and grout work is expected to start shortly. Interior doorways and windows are framed, and work will begin on

flooring and painting before we know it.

We expect progress to move quickly from this point on and can't wait until we're ready to open the doors later this spring!

## Please Welcome Brandy to Our Reference Team

**Brandy will now be at the Lebanon Junction Reference Desk three days a week:**

**Mondays** 12:00–8:00 PM

**Thursdays** 12:00–8:00 PM

**Alternating Fridays & Saturdays** 1:00–5:00 PM

**Contact Brandy at 543-7675 ext. 2202 or e-mail [bferriell@bcplib.org](mailto:bferriell@bcplib.org).**

We are excited to welcome Brandy Ferriell to BCPL's reference team! Brandy will be the new face of reference services at our Lebanon Junction location—offering computer training, reader advisory, genealogy assistance, and more.

After her first week in her new role, we asked Brandy a few questions. Here's what she had to say:

#### Why did you apply for this position?

I enjoy a challenge. I feel the reference team has to be ready for anything, and I like the unpredictability of not knowing what the day may bring.

I especially enjoy problem solving and also interacting with the local community. It's

rewarding to see the light bulb go off when the patron gets what you're attempting to teach them.

#### What surprised you most in your first week? What are you most looking forward to?

The biggest surprise about my new position so far is the diversity of the reference staff. They have a wide range of knowledge and I look forward to working with each one of them and soaking up as much of that knowledge as I can! I'm also super excited to work with my managers as we kick off the GED Prep program and help the people in Bullitt County improve their lives through education!

# Technology

## Celebrate #TTW17: March 5th–11th

Teen Tech Week is here! The Young Adult Library Services Association (YALSA) began this initiative in 2007 to help teenagers learn to use technology competently and ethically for their education and enjoyment. This year, the national theme is “Be the Source of Change” and encourages teens to utilize libraries to make positive changes in their lives and communities.

Libraries offer a way for teens to access computers and online resources, to explore new technology, and to learn digital skills. Technology is an important aspect in the lives of our young adults, and strong skills aid

them in obtaining scholarships, finding jobs, and ethically and safely managing their online identities. Join us March 5th–11th in celebrating all the great digital resources BCPL has to offer teens and tweens for success in school, in preparation for college, and beyond.

And for fun, be sure to visit our mobile Makerspace Madness! For one evening only at each of our branches, you can explore, experiment, and play with a variety of cool science, technology, engineering, art, and design stations. For further details, visit our website at [www.bcplib.org/makerspace](http://www.bcplib.org/makerspace).

## Digital LIFE BASICS

Digital life skills are becoming more and more necessary in today's fast-paced, modern world, and BCPL wants to help you traverse these skills so that you can reap all the benefits technology can offer.

To aid in that mission, we've created Digital Life Basics, our new series of bi-monthly classes on a variety of tech topics. Each course is designed to introduce common digital resources that can make your life better while helping you to increase your confidence level. We have developed three courses so far, with more likely to

come in the future.

**Intro to Windows 10** is just the thing for patrons with average computer and keyboarding skills who wish to become more comfortable with the core features of the newest Windows operating system, from the Start Menu and built-in security options to features like Cortana (the Windows personal assistant) and OneDrive (the Windows cloud-storage option). Offered Monday, March 6th & Saturday, April 15th.

**Finding Your Roots Online** is all about your heritage! Our

staff will introduce you to BCPL's online genealogy tools as well as print resources, including a lesson in using our microfilm/microfiche reader. This course is meant for those just starting out on their family tree research or anyone looking to better understand how Ancestry, HeritageQuest, and NewsBank can aid their research. Offered Saturday, March 18th & Monday, May 1st.

**Overdrive, Hoopla, Flipster—Oh My!** will help you explore three popular platforms for accessing free e-books, downloadable audiobooks, digital

magazines, streaming video, and more. Topics will include a variety of useful features and tips—including TV mirroring options! If you have a smartphone or tablet, be sure to bring it with you. Offered Monday, April 3rd & Saturday, May 20th.

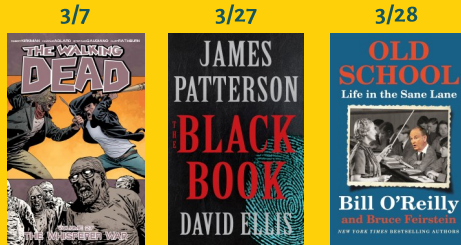

Each session will be intimate at only six students each, affording you opportunities for one-on-one assistance as needed. Because space is limited, be sure to register and claim your spot for each topic of interest before the classes fill up!

Visit the Programs page of our website to register now for Digital Life Basics!
